Contractor shall have the right to pursue all remedies available in law or equity. In all cases the Contractor's damages shall be those actual provable damages not to exceed the amount of the Contract as awarded by the Cook County Board of Commissioners less all amounts paid to Contractor. GC-19 MINORITY AND WOMEN BUSINESS ENTERPRISES COOK COUNTY ORDINANCE CHAPTER 10-43.7 PROFESSIONAL AND CONSULTING SERVICE AND SOLE SOURCE

I. POLICY AND GOALS

A. It is the policy of the County of Cook to prevent discrimination in the award of or participation in the County contracts and to eliminate arbitrary barriers for participation, as both prime and subcontractors, in such contracts by local businesses certified as Minority Business Enterprises (MBE) and Women- Owned Business Enterprises (WBE). In furtherance of this policy, the Cook County Board of Commissioners has adopted a Minority-and-Women-Owned Business Enterprise Ordinance (the "Ordinance") which establishes a "best efforts" goal of awarding not less than thirty-five percent (35%) of the annual total dollar amount of professional, consulting service and sole source contracts and agreements to certified MBEs and WBEs.

B. A Proposer may achieve the MBE/WBE participation goals by its status as a MBE or WBE; by entering into a joint venture with one or more MBEs and/or WBEs; by subcontracting a portion of the work to one or more MBEs or WBEs; by entering into a Mentor-Protégé Agreement with a MBE or WBE; by the indirect participation of MBEs or WBEs in other aspects of the Proposer's business; or by a combination of the foregoing.

C. A Waiver Request must be submitted with the Proposal, documenting the inability of the Proposer to meet the goals, and providing written evidence of "Good Faith Efforts," to obtain goals.

D. A Proposer's failure to carry out its MBE/WBE commitments in the course of performance on a contract shall constitute a material breach of the contract, and if such breach is not appropriately cured, may result in the termination of the contract or such other remedies authorized by the Ordinance as the County deems appropriate.

II. REQUIRED SUBMITTALS

To be considered responsive to the requirements of the Ordinance, a Proposer shall submit Items A, B and C listed below. All documentation submitted shall be reviewed by the Contract Compliance Administrator. Failure to submit one of the items required shall be cause to consider a contract non-responsive to the Ordinance goals and may be rejected.

A. MBE/WBE Participation Documentation

Each Proposer shall submit supporting documentation which evidences efforts taken to achieve the County's "best efforts" MBE/WBE participation goals. Such documentation shall include:

1. A **Utilization Plan** identifying all firms intended to be utilized to fulfill the goals; the MBE/WBE status of each firm; the name, address, e-mail address and telephone number of the contact person for each MBE/WBE firm; the dollar value of the goods and services to be provided by the MBE/WBE firm; and the dollar value expressed as a percentage (%) of the total value of the purposed contract. (See Section I)

2. A **Letter of Intent** for each MBE/WBE containing specific information regarding goods to be provided or services to be performed by the MBE/WBE; the dollar value of the goods or services, the percentage (%) of the dollar value; and the original signatures of the appropriate officer for both the Proposer and the MBE/WBE. (See Exhibit II)

3. Current **Letter of Certification** for each MBE/WBE firm. Acceptable certifying agencies are: Cook County, Illinois Unified Certification Program (IUCP) and U. S. Small Business Administration. (SBA) (8A) or any other governmental body or agency approved by the Contract Compliance Administrator as applying certification standards substantially similar to those applied by the County of Cook may also be accepted.

4. **Waiver/Goal Reduction Petition** must be included at the time of the submission of the Proposal document. Where the Proposer does not include all documentation in support of the Petition at the time of submission, such documentation must be submitted to the Office of Contract Compliance not less than three (3) business days after the submission date.

The Contract Compliance Administrator retains the right to reject the certification of any MBE or WBE on the ground that it does not meet the County's definition of a MBE or WBE.

B. Use of MBE/WBE Professionals

Each Proposer shall submit with its proposal, a statement which discloses how it intends to maximize the use of minority and women professionals in the course of performing the contract.

C. Affirmative Action Plan

Each Proposer shall submit a copy of its current EEO-1 Report and a copy of its current Letter of Compliance from the United States Department of Labor, Office of Federal Contract Compliance Programs. Absent a Letter from OFCCP, the Proposer shall submit a written report of the inclusion of minority and women professional in the workforce of their company.

III. NON-COMPLIANCE

Where the County of Cook determines that the Proposer has failed to comply with its contractual commitments or any portion of the Ordinance, it will notify the contractor of such non-compliance and may take any and all appropriate actions as set forth within the Ordinance.

GC-19 MINORITY AND WOMEN BUSINESS ENTERPRISES COOK COUNTY ORDINANCE CHAPTER 10-43.7 PROFESSIONAL AND CONSULTING SERVICE AND SOLE SOURCE (CON'T.)

IV. REPORTING/RECORD KEEPING REQUIREMENTS

The Proposer is required to comply with the reporting and record-keeping requirements as set forth in the Ordinance and as established by the Contract Compliance Administrator. Upon award of a contract, The Proposer is responsible for acquiring all necessary Office of Contract Compliance reporting and record-keeping forms as made available in the Office of Contract Compliance

The Office of Contract Compliance will notify each Contractor and Sub-Contractor upon award of a contract of their reporting obligations (Vendor Notification Letter)

The Office of Contract Compliance will notify each MBE/WBE Sub-Contractor of the award of a contract to a Prime Contractor, the MBE/WBE dollar amount of participation and the percentage (%) amount of participation. The Sub- Contractors will be required to submit on a timely basis, Sub-Contractors Payment Affidavits (see forms section) with proof of payment or money paid to them by the Prime Contractor.

The Office of Contract Compliance requests payment affidavits and proof of payment to MBE/WBE Sub-Contractors as follows:

1. **Annual Contracts**: monthly reporting from both Prime and Sub-Contractors.

2. **Multi Year Contracts**: quarterly reporting from both Prime and Sub-Contractors including proof of payments.

3. **One time** purchases require verification of proof of payment **immediately.**

Failure to comply with this section will be reviewed as non-compliance as stated under Section III. Non-Compliance.

V. EQUAL EMPLOYMENT OPPORTUNITY

Compliance with MBE and WBE requirements will not diminish or supplant Equal Employment Opportunity and Civil Rights provisions as otherwise required by law as they relate to contractor and subcontractor obligations.

END OF SECTION

REQUIREMENTS AND SPECIAL CONDITIONS

SERVICES REQUIRED FROM THE VENDOR

This section will include Cook County's needs, goals and requirements as well as any other specifications. This information should be used by the Vendor to prepare its Proposal and will also constitute the terms of the contract.

Need For Services

The purpose of this RFP is to solicit proposals from qualified proposers to provide a method of furnishing an indefinite quantity of office supplies for a countywide contract for the use of the Cook County of Illinois agencies. Agencies under the authority of other elected officials and local governmental units may choose to use this RFP; however, they are not required to do so. Cook County intends that the Vendor selected will act in an alliance with Cook County to furnish quality office supply products at the lowest prices available in a timely and efficient manner. Cook County intends that delivery time for orders shall be by the next business day or earlier. Delivery locations will be countywide. Cook County requires a choice of ordering methods, to include the internet, telephone, facsimile, and mail-in orders. Cook County will encourage departments to use the internet ordering system and Cook County will discourage departments from sending in requisitions.

The term of this RFP is for two years. All costs associated with any services required by the RFP must be included in the item prices.

It is proposed that if a contract is entered into as a result of the RFP, it will be a fixed price contract on the items listed on the proposal pages, and a percentage discount from catalog list price for non-proposal items covered by this contract.

Goals and Objectives

It is the goal of this procurement to establish an indefinite quantity countywide contract with a responsible vendor to provide low cost, efficient and effective ordering and distribution of product.

Specifications and Catalog Requirements

For purposes of this RFP, office supplies means what is commonly considered office supplies in either the private or public sector.

The vendor's full catalog that is used in the general course of business shall be used for proposal evaluation purposes. **Vendor shall provide three current catalogs with their proposal. This current catalog shall be used during the 24 month contract period and prices shall not be increased during the 24 month contract period.** This "full catalog" shall be defined as the proposer's in-stock published catalog of a least 10,000 lines that is Proposed to the general public and be made available for view and ordering from the Vendor's internet website.

Cook County, however, reserves the right to block and reject any items from the catalog or items listed on the proposal pages which are deemed inappropriate which must be purchased by Cook County agencies through a "directed source." Directed sources include, but are not limited to, existing contracts that are established because volume purchases have resulted in best prices. Cook County also reserves the right to block all non-office supply items. Examples of directed source items and non-office supply items are listed below. This list, however, does not limit the right of Cook County to add or delete from the list:

- Computer Equipment and Software
- Custom Envelopes and Stationery
- White Copier Paper (8-1/2" x 11", 8-1/2" x 14", 8 ½" x 11" 3 hole punched and 11" x 17")
- Color Copier Paper (8-1/2" x 11")
- Furniture
- Kitchen Equipment

No orders should occur for items that are included in other contracts or "Directed Source" contracts.

The vendor must furnish catalogs to all Cook County agencies and local governmental units (upon request) at no cost. New catalogs shall be provided as the existing ones become outdated. **Vendor is not allowed to increase prices with the new catalogs during the 24 month contract period.** The vendor is required to propose an on-line catalog that proposes the following features:

1) Items listed with both graphic and written descriptions and pricing of the items listed on the proposal pages only which is in addition to the view of the entire catalog.

2). Suggested substitutions based on criteria set by Cook County. Often this type of substitution is referred to as a "soft substitution". These substitutions are subject to periodic review and change.

3) Substitutions approved by the Office of the Purchasing Agent in advance and required for countywide use by agencies under the jurisdiction of Cook County and by other County or local entities which may adopt these so-called "firm substitutions". These substitutions are subject to periodic review and change.

The catalog furnished by the vendor shall identify those items having recycled content and the percentage of post consumer content or the percentage of recycled content. Vendors may be required to submit samples of the products being offered to the Office of the Purchasing Agent for testing and evaluation. Submissions of such samples shall be at no cost to Cook County.

When filling in the unit price on the proposal pages, Vendor shall indicate the manufacture and manufacturer part number for all items bid including all substitutions. Samples must be provided on all substituted items when requested by the Office of the Purchasing Agent. Samples shall be shipped within 5 business days of request at no cost to the County.

The proposal submitted by the vendor shall describe in detail how the above requirements will be accomplished.

Order and Delivery Requirements

It is the goal of this solicitation to establish a contract that provides next business day delivery of office supplies to all Cook county agency offices. Next business day delivery is required for orders placed by 2:00 p.m. and requires delivery to the person's office/desk that placed the order or to the office/desk of the person designated as the recipient by the person placing the order. An exception to this requirement is "secure" Cook County facilities that prohibit desk delivery (i.e., a correctional facility).

The supplier will be required to maintain an inventory of catalogued items. As a minimum requirement, Cook County agencies must be able to obtain office supplies the next day at a fill rate that meets or exceeds 98%.

No Minimum order size or value shall be required.

Upon receipt of an order, the vendor shall notify the ordering agency if an item is out of stock. The ordering agency shall have the option of requesting a backorder, requesting the Office of the Purchasing Agent to approve a substitution of an available product, or canceling the item from the order.

Unfilled orders and partial shipments shall be so identified on the packing list. Vendor will inform ordering agency of availability date for unfilled and partial shipments.

If a substitution of an available product is approved, the cost of the item substituted shall be the same or less than the out of stock item originally ordered. All substitutions must be of equal or greater quality than that of the out of stock item. All substitutions must be approved by the Office of the Purchasing Agent before the agencies will be allowed to order them.

The vendor shall be responsible for replacing any item of equal or greater than listed on the proposal page that is discontinued. If an item listed on the proposal page is discontinued during the contract period, the vendor shall propose a substitute for that item that is of equal or greater quality as the discontinued item and shall be provided at the contract price of the discontinued item. All replacement items due to discontinued items must be approved by the Office of the Purchasing Agent before agencies will be allowed to order them.

Vendor shall under no circumstances make unauthorized substitutions.

All prices proposed shall be F.O.B. destination, freight prepaid by the supplies, to the ordering agency's receiving point. Responsibility and liability for loss or damage for all orders shall remain with the supplier until final inspection and acceptance, when all responsibility shall pass to the ordering organization, except the responsibility for latent defects, fraud, and the supplier's warranty obligations.

All shipped orders shall include a packing slip with the ordering agency's name, section or unit name, location, name of ordering person, order number and number of cartons.

Vendor shall provide credit and/or replacement for freight-damaged and defective items, as well as for items ordered in error or shipped in error.

Vendor shall agree to accept all products and supplies for return at no cost to Cook County within 30 days of delivery and credit the customer in full. Products returned for credit should be in the packaging as delivered and include all documentation. If an agency return products and supplies at a rate that is in excess of what is an average of all county agencies, then such an agency may be liable for a reasonable restocking charge.

Vendor shall be responsible for the credit and/or replacement of all products, including those covered by manufactures warranties. The vendor cannot require the ordering agency to deal directly with the manufacturer. In all cases, the ordering agency shall have the option of taking an exchanged or receiving a credit. Please describe the return and exchange policy that your company would apply to this contract.

Vendor shall have the ability to receive orders via internet, fax, mail, and phone. The vendor must have a toll-free number. Users cannot be charged for software.

Vendor must work with the County on developing an online "e-catalog" specific to Cook County of Illinois contract.

If the vendor maintains retail outlets, the county would like to have the ability to make purchase at the retail outlet and have such purchases be processed under the terms and conditions of this RFP and the resulting contract.

Vendor shall have customer service team dedicated to Cook County of Illinois account and have established customer service contacts. Vendor shall have problem resolution and escalation procedures.

Vendor shall have disaster recovery capabilities.

The proposal submitted by the Vendor shall describe how the above requirements will be accomplished.

Billing and Invoicing Requirements

Vendor shall describe its billing system, the frequency of billings (weekly, monthly etc.) as well as provide examples of invoices currently in use.

Vendor shall state whether flexibility of billing frequency is permitted among ordering users and describe the options available.

Vendor shall indicate whether electronic billing is available and shall state the format in which it is available.

The County requires that e-catalogs and online ordering interface show "net pricing" which includes the application of the category discount proposed by Vendor so that the user knows the bottom line prices that will be charged.

The proposal submitted by the Vendor shall describe how the above requirements will be accomplished.

Reporting Capabilities

The Vendor shall have the ability to provide regular management reports to the Office of the Purchasing Agent. Reports shall be made available on line via the Internet and should also be available on other media such as diskette, CD Rom or hard copy.

The reporting requirements shall include:

1.) Quarterly reports with year-to-date totals that include number of orders, number of lines filled, average days to ship backorders, number of returns, damaged and defective products, outstanding payments by account number, etc.
2.) Countywide sales reports, which provide transaction details by agency by line by name of the person placing the orders with descriptions and pricing clearly stated. Reports should be available on both a monthly or quarterly basis and should also state year-to-date totals that include: description, product number, proposal items and year-to-date quantity shipped, etc.
3.) Recycled products.
4.) Details of purchases shall be further segregated by whether the purchase is made by Cook County of Illinois users or local government units.
5.) Vendor shall provide a semi-annual analysis of actual patterns of purchases in order to identify items that should become proposal items or items that should be removed from the proposal. This analysis should also provide a view of proposal items purchased versus similar catalog items that were purchased in lieu of proposal items.

Vendor shall outline the format of reports along with its proposal. Sample reports shall be submitted with the proposal. The Office of the Purchasing Agent will approve the final format of the reports. Vendor shall describe additional management reports available. Vendor shall indicate the flexibility of the reporting system and the case of changing both format and components tracked.

The proposal submitted by the Vendor shall describe how the above requirements will be accomplished.

Training

Please explain how your company can assist the County in training its users in compliance to this contract. A training plan shall be included with your proposal to describe the nature and scheduled of training the proposed. The use of techniques such as tutorials, videotapes, and automated help systems are encouraged. Training materials used in other contracts of similar size and scope can be submitted with your proposal.

Vendor shall fully describe a proposal for training.

Special Pricing Requirements

Proposal Pricing. The office supply items are contained within the Proposal pages. The items and quantities on the Proposal pages came from the prior countywide office supply contract usage history. The Vendor is to complete the proposal pages. Samples must be provided on all substitutions when requested. Failure to submit the sample may be cause for rejection of the offer. Samples will not be returned. If the sample item does not meet the quality level of the name brand, it will not be considered. All substitutions must meet or exceed the specifications. The packaging of the substituted items must be the same packaging as the item being substituted.

The proposal pricing will remain firm for the two years of the contract. The County will not allow price increases.

Catalog Pricing. Percentage discounts off various categories in the catalog may not decrease for the entire contract period. The catalog used for evaluation purposes will be the current catalog in print at the time the RPF opens. The catalogs distributed to the user agencies will be the current catalog in print at the time the order is placed. The Vendor is required to propose percentage discounts from catalog on all categories shown on Category Pricing Spreadsheet. If the Vendor has items to be exempted from the catalog discounts, the list must be submitted with the proposal.

It is also the County's desire for net pricing to be reflected in any online ordering system or e-catalog so that users know the actual price that they will be charged for each item ordered.

The proposal submitted by the Vendor shall describe how the above requirements will be accomplished and at what level.

Reporting, Status and Monitoring Specifications

After the award of the contract, the vendor is only permitted to make a substitution after it has received documented approval from the Office of the Purchasing Agent.

Contract Monitoring

Vendors are responsible for the faithful performance of the contract and shall have internal monitoring procedures and processes to ensure compliance.

The County reserves the right to monitor and track Vendor's performance over the course of the contract including any warranty term. The information gathered may be used in administration of the contract including payment.

In appropriate circumstances, the County and the Vendor will work together to develop a performance scorecard with conditions, milestones, requirements, or timetables that must be met before additional steps may be taken, or payment is due. The scorecard may additionally record matters related to price, service, quality, and other factors deemed important.

The Vendor shall cooperate with the County in this monitoring and tracking activity, which may require that Vendor report progress and problems (with proposed resolution), provide records of its performance, allow random inspections of its facilities, participate in scheduled meetings and provide management reports as requested by the County.

The County expects to have quality Vendors who are willing to work with us during the term of the contract to provide us with better quality at the same price, or to provide the same quality at a lower price.

The Vendor shall be responsible for developing and administering a questionnaire to all departments every six months to ensure the department requirements are being met by the Vendor. The questionnaire shall determine if quality issues are being met, if delivery is made in a timely manner, if invoices are being sent to the proper locations and so on. The results of the questionnaire shall be reviewed by the Purchasing Agent and if any corrective action is required, the Vendor will be responsible for correcting the situation in a timely manner.

INSTRUCTIONS FOR COMPLETION OF ECONOMIC DISCLOSURE STATEMENT AND EXECUTION DOCUMENT

This Economic Disclosure Statement and Execution Document ("EDS") is to be completed and executed by every Bidder on a County contract, every party responding to a Request for Proposals or Request for Qualifications "(Proposer"), and others as required by the Purchasing Agent. If the Undersigned is awarded a contract pursuant to the procurement process for which this EDS was submitted (the "Contract"), this Economic Disclosure Statement and Execution Document shall stand as the Undersigned's execution of the Contract.

Definitions. Capitalized terms used in this EDS and not otherwise defined herein shall have the meanings given to such terms in the Instructions to Bidders, General Conditions, Request for Proposals, Request for Qualifications, or other documents, as applicable.

"Affiliated Entity" means a person or entity that, directly or indirectly: controls the Bidder, is controlled by the Bidder, or is, with the Bidder, under common control of another person or entity. Indicia of control include, without limitation, interlocking management or ownership; identity of interests among family members; shared facilities and equipment; common use of employees; and organization of a business entity following the ineligibility of a business entity to do business with the County under the standards set forth in the Certifications included in this EDS, using substantially the same management, ownership or principals as the ineligible entity.

"Bidder," "Proposer," "Undersigned," or ***"Applicant,"*** is the person or entity executing this EDS. Upon award and execution of a Contract by the County, the Bidder, Proposer, Undersigned or Applicant, as the case may be, shall become the Contractor or Contracting Party.

"Proposal," for purposes of this EDS, is the Undersigned's complete response to an RFP/RFQ, or if no RFQ/RFP was issued by the County, the "Proposal" is such other proposal, quote or offer submitted by the Undersigned, and in any event a "Proposal" includes this EDS .

"Code" means the Code of Ordinances, Cook County, Illinois available through the Cook County Clerk's Office website (http://www.cookctyclerk.com/sub/ordinances.asp). This page can also be accessed by going to www.cookctyclerk.com, clicking on the tab labeled "County Board Proceedings," and then clicking on the link to "Cook County Ordinances."

"Contractor" or ***"Contracting Party"*** means the Bidder, Proposer or Applicant with whom the County has entered into a Contract.

"EDS" means this complete Economic Disclosure Statement and Execution Document, including all sections listed in the Index and any attachments.

"Lobby" or "lobbying" means to, for compensation, attempt to influence a County official or County employee with respect to any County matter.

"Lobbyist" means any person or entity who lobbies.

"Prohibited Acts" means any of the actions or occurrences which form the basis for disqualification under the Code, or under the Certifications hereinafter set forth.

Sections 1 through 3: MBE/WBE Documentation. Sections 1 and 2 must be completed in order to satisfy the requirements of the County's MBE/WBE Ordinance, as set forth in the Contract Documents, if applicable. If the Undersigned believes a waiver is appropriate and necessary, Section 3, the Petition for Waiver of MBE/WBE Participation must be completed.

Section 4: Certifications. Section 4 sets forth certifications that are required for contracting parties under the Code. Execution of this EDS constitutes a warranty that all the statements and certifications contained, and all the facts stated, in the Certifications are true, correct and complete as of the date of execution.

Section 5: Economic and Other Disclosures Statement. Section 5 is the County's required Economic and Other Disclosures Statement form.
