## DEPARTMENT OVERVIEW

## 205 JUSTICE ADVISORY COUNCIL

## Mission

The mission of the Cook County Justice Advisory Council is to work collaboratively with key stakeholders in the County's criminal and juvenile justice system to safely reduce the populations of the Cook County Jail and Juvenile Temporary Detention Center, while ensuring systematic and community supports to reduce recidivism and increase public safety. The Justice Advisory Council also formulates suggestions and recommendations concerning legislation, policy, and programming to meet these goals.

## Mandates and Key Activities

- The Justice Advisory Council follows state and County mandates to effect improvement of the administration of justice (55 ILCS 5-18, State Statutory Mandate; Sec. 2-473, County Ordinance Mandate), studies the County Justice system, devises means to effect improvement of the administration of justice and formulates suggestions and recommendations concerning legislation and other measures designed to bring about improvements
- Improves the efficiency and fairness of the criminal justice system by fostering collaboration

## Budget and Cost Analysis

The JAC operating budget is primarily driven by its personnel cost with $98 \%$ being allocated to salary and fringe benefits with very little overhead and administrative costs. Its budget for personnel allows the staff to carry out its goals and program activities throughout the year.

Key goals of the JAC are to work to advance the President's public safety reform agenda by:

Reducing the utilization and costs of the jail and detention center while ensuring public safety

Reducing the disproportionate minority contact and impact of the system through policy and systems reform;
Promoting an effective and fair criminal justice system for Cook County residents; Ensuring a transparent and fair grant making process that includes the management and monitoring of county and state grant dollars.

Key program activities that work to accomplish these goals include convening and collaborating with stakeholders, active participation in state, city and county leadership and advisory councils on behalf of the president, advising the administration on policy matters, and being the President's primary spokesperson for public-safety related matters in conjunction with the Press office.

## DEPARTMENT OVERVIEW

## 011 OFFICE OF THE CHIEF ADMINISTRATIVE OFFICER

## Mission

The Bureau of Administration is committed to developing, coordinating and managing programs to enable County departments to better serve the citizens of Cook County in a transparent, efficient, and cost-effective manner.

## Mandates and Key Activities

- Fulfills the duties of the Chief Administrative Officer authorized by state statute (55 ILCS 5/3-14006-14008)
- Coordinates the activities of a broad array of Cook County departments and functions including:
Adoption \& Child Custody Advocacy, Animal \& Rabies Control, Environmental Control, Department of Transportation and Highways, Law Library, Medical Examiner, Printing and Graphic Services, Industrial Engineering, Veterans' Affairs, and Child Support Compliance Enforcement

## Budget and Cost Analysis

The Office of the Chief Administrative Officer (CAO) assists and supports Bureau of Administration (BOA) departments with issues related to policy, personnel, procurement, budget, and technology.

The Office of the CAO also administers Countywide activities including Printing and Graphic Services, Fleet Management, Records Management, Child Support Enforcement, and Veterans' Affairs.

Printing and Graphic Services, Fleet Management, and Records Management provide significant support services to all County departments and elected officials.

The Countywide fleet costs for FY2014 was approximately $\$ 14.7$ million. BOA Fleet Management is coordinating with the Sheriff's Office to consolidate vehicle services Countywide. This consolidation will allow fleet cost and utilization data to be captured and analyzed Countywide and by department to determine areas in which the County's fleet costs can be reduced.

Printing and Graphic Services (PGS) print orders have been increasing due to changing needs of County agencies. PGS changed its chargeback procedures to receive payment for print orders in a timely basis. PGS is continuing to work toward becoming a self sustained operation.

Records Management continues to work with all County departments and elected officials to ensure each agency is properly disposing records in accordance with the Local Records Commission requirements. Ensuring departments dispose records as soon as they are eligible will reduce the amount of storage space needed. Reducing records space will eventually allow the County to reduce one of its records warehouses.

## STAR Goals/Key Performance Indicators

* Decrease the average number of days to complete print orders: A change in the acquisition of printing supplies and submission of orders has increased FY 2015 efficiency. By using the recently developed order tracking database and working with the city through an IGA, the goal in FY 2016 is to complete print orders, on average, in seven days.
* Increase percentage utilization of Shared Fleet vehicles: The industry standard for car sharing utilization is $80 \%$, however, the County is currently operating at an average level of $47 \%$. The goal is to raise the percentage to $50 \%$ in FY 2016, which will be more likely to be reached as more departments register for the Shared Fleet Program and more enrollees begin making reservations.
$\star$ Decrease the percentage of Shared Fleet unused reservation time (hours): The current monthly average unused time is $20.5 \%$. The goal is to reduce the percentage of unused time to $15 \%$. This can be accomplished by monitoring employees who make reservations and do not utilize the time for which they are reserved.

## DEPARTMENT OVERVIEW

## 161 DEPARTMENT OF ENVIRONMENTAL CONTROL

## Mission

The Department of Environmental Control works to improve the quality of the environment for all residents of Cook County.

## Mandates and Key Activities

- Enforces Cook County Environmental Control Ordinance
- Implements Illinois EPA cooperative agreements on pollution control, inspection
- Administers U.S. EPA, DOE and other grant agreements
- Permits and inspects industrial and commercial fuel-burning equipment, asbestos abatement, demolition, solid waste facilities, open burning and gas stations for environmental compliance
- Investigates citizen complaints and ordinance violations
- Reduces waste in energy, materials and water
- Prepares solid waste plan for suburban Cook County
- Monitors air quality for the EPA

## Budget and Cost Analysis

The Department's main activities and cost drivers are permitting/inspections activities and implementation of environmental regulations, air monitoring and sustainability programming.

There were 12,122 inspections in 2014 and the Department is on track for a similar or slightly higher number of inspections in 2015. FY2015 is the first year of the Solid Waste and Recycling Ordinance's full implementation and the unit is ahead of schedule to reach their 2015 target of 720 inspections. Environmental inspections are critical to protect county residents from dangerous asbestos and dust emissions; toxic emissions from commercial and industrial processes, dry cleaners and gas stations; and impacts to the land by transfer facilities, landfills and recycling centers.

In 2016, the department is setting priorities for inspections, reallocating resources and streamlining operations to capture additional environmental benefits from inspection activities.

In 2015, the department received more grants, allowing new programming that would otherwise not be available through County funding alone. The following were added to the Department's grant portfolio: a $\$ 600,000$ Brownfield Assessment Grant from the U.S. EPA for a coalition of seven western suburbs; a $\$ 1.2$ Million grant for spurring Community Solar projects through the U.S. Department of Energy's Solar Market Pathways program; and a \$95,000 grant for smart grid and energy efficiency outreach from the Illinois Science and Energy Innovation Fund. These grants help county residents and communities become more sustainable. There is no dedicated staff for sustainability of County operations; the Department coordinates intensively with Bureaus and Departments across the County to leverage collective resources to integrate sustainability into everything the County does.

## STAR Goals/Key Performance Indicators

* Demolition Debris Diversion Rate: This goal was added in 2013 to track the effectiveness of the Demolition Debris Diversion Ordinance. During 2014 to date, $94 \%$ by weight of demolition debris has been diverted from landfills by being recycled or reused.
* Number of outreach events: Added in 2013 to track effort at reaching out to the public to provide services or education or to gather input.
* Average number of business days from when complaint is received until onsite inspection: This goal is part of the department's continued focus on improved services. Response time has improved from 2.79 days in 2012 to less than 1 day in 2014.

## DEPARTMENT OVERVIEW

## 259 MEDICAL EXAMINER

## Mission

The Medical Examiner ensures public health and safety by performing postmortem examinations to determine cause and manner of death for individuals who die in Cook County and to ensure the dignified final disposition of indigent decedents.

## Mandates and Key Activities

- Provides death investigation, autopsies, trial testimony and indigent disposition
- Investigates any human death that falls within any or all of the following categories: criminal violence, suicide, accident, suddenly when in apparent good health, unattended by a licensed physician, suspicious or unusual circumstances, criminal abortion, poisoning or attributable to an adverse reaction to drugs and/or alcohol, diseases constituting a threat to public health, disease or injury or toxic agent resulting from employment, during medical diagnostic or therapeutic procedures, in any prison or penal institution, when involuntarily confined or in police custody, when any human body is to be cremated, and unidentified bodies.

## Budget and Cost Analysis

The Cook County Medical Examiner is the only Medical Examiner in the State of Illinois and serves over 5.2 million population in determining manner and cause of death.

The Medical Examiner's budget request represents the minimal operating budget that is required to not lose Provisional Accreditation and possibly attain Full Accreditation with the National Association of Medical Examiners (NAME). Further reductions would jeopardize the Medical Examiner's Office status with NAME and would lead to regression from recent successes.

The Medical Examiner's Office is committed to providing excellent service while maintaining fiscal responsibility for the residents of Cook County.

## STAR Goals/Key Performance Indicators

* Timely autopsy reports: In FY 2013, the Medical Examiner set a goal of $40 \%$ of autopsy reports completed in 90 days due to an extreme short staffing of pathologists. In FY 2014, the office set a goal of $90 \%$ completion in 90 days and by June 2014 completed $93 \%$ of autopsy reports in a timely fashion. For FY 2015, the ME aims to produce $85 \%$ of its autopsy reports within 60 days of the autopsy, en route to $90 \%$ in 60 days by FY 2016 (thus eliminating a Phase I NAME deficiency).
Key Performance Indicators currently tracked by the Medical Examiner's Office include workload metrics such as number of cases received, number of autopsies performed, number of external examinations conducted, number of toxicology tests performed, and number of cremation permits issued.

Spearhead staffing improvements: NAME accreditation guidelines state that it is a Phase I deficiency for a pathologist to perform more than 250 autopsies in a year and it is a Phase II deficiency for any physician to perform more than 325 autopsies per year. Any Phase II deficiencies precludes full NAME accreditation (failing to meet these national standards can prove problematic in court). We are projecting an average of 278 autopsies per pathologist for FY15 dropping to 265 in FY16 as we continue to improve staffing.
Timely and respectful burial and cremation: The M.E. Ordinance allows us 90 days to dispose of identified decedents held in our cooler. For FY16, we have set a target of zero bodies in the facility over 90 days since we have transitioned from burial to cremation of indigent remains. This should keep our census low year round and keep us in compliance with the Ordinance.

## DEPARTMENT OVERVIEW

## 451 OFFICE OF ADOPTION AND CHILD CUSTODY ADVOCACY

## Mission

The Office of Adoption and Child Custody Advocacy seeks to serve the welfare and best interests of families involved in independent adoptions, probate and child custody hearings through the submission of social study reports that include family history, medical well-being, family observations, and recommendations to the Court.

## Mandates and Key Activities

- Under Illinois Law (750 ILCS ), the office is ordered to conduct social study investigations in contested custody proceedings pursuant to a request by the Court, parents and/or other relevant parties
- In accordance with Illinois Adoption Statute (750 ILCS 50/6), within 10 days after the filing of a petition for adoption or standby adoption of a child (other than a related child) the court may appoint the Office of Adoption and Child Custody Advocacy to investigate the allegation in the petition; the character, reputation, health and general standing of petitioners; identify the religious faith of petitioners and if possible of the adoptee, and to ascertain whether the petitioners and child are proper for adoption

## Budget and Cost Analysis

The Office of Adoptions and Child Custody seeks to serve the best interests and welfare of children and families involved in independent adoptions, guardianship and child custody matters (parentage/dissolution of marriage) as directed by order of the Cook County Circuit Courts.

The office conducts home based social investigations regarding child custody and independent adoptions authorized by court order issued by Judges of the State of Illinois Circuit Court of Cook County. The home study report produced by the office includes a social assessment of families involved in child custody disputes and includes home environment descriptions and recommendations for co-parenting, sole-custody and/ or extended or restricted parenting time. When appropriate, recommendations may also suggest the need for family or individual counseling; psychiatric assessments; and or 0 to 3 assessments for children. The office receives home study requests from the six districts of the Circuit Court which include: Chicago, Skokie (Northern Suburbs); Rolling Meadows (North West Suburbs) ; Maywood (Western Suburbs); Bridgeview (Southwestern Suburbs) and Markham (Southern Suburbs).

More than $90 \%$ of operating costs relate to funding employees that conduct home based social investigations for families residing throughout the County. Within the past three years, the office has submitted between 300 and 500 home study reports per year to the Courts.

The home study reports integrate information collected via interviews, home based observations, document collection and review. The information contained in the report addresses the home environment, parental visitation issues, mental and physical health history as well as economic stability.

The employees travel throughout the County to complete the home study social investigations and approximately more than $2 \%$ of funding is used for costs related to transportation.

Because the employees address complex and serious issues related to child custody as well as serve as mandated reporters regarding issues of child physical and sexual abuse, maintaining as well as enhancing skill sets is essential.

Consequently, less than $1 \%$ of funds are used to support professional development from leading experts regarding family conflict, child development, child custody and evaluation. The remaining funds equal less than $1 \%$ of overall expenditures to cover postage, communications, office equipment, and communication services.

## STAR Goals/Key Performance Indicators

* Improve communication and efficiency of services: The Office aims to provide increased access and communications with judges and better coordination of services in support of the best interest of children and their families.
* Increased professional development: The Office strives to improve service through investment in case worker skills-building, institutional professional memberships and conferences focused on family resolution of conflict, efficiency in report writing and comprehensive family assessment informed by family law best practices.
* Increased collaborations with universities: The office is seeking collaborations with universities regarding internships nd grant opportunties.

## DEPARTMENT OVERVIEW

## 500 DEPARTMENT OF TRANSPORTATION AND HIGHWAYS

## Mission

The Department of Transportation and Highways supports the development of a world class transportation system that spurs economic growth and enhances quality of life. Cook County will achieve this vision through policies and projects that connect and support commerce and communities. Because no single unit of government acting alone can achieve complex outcomes like these, the means for accomplishing them must include more strategic and innovative use of collaboration and capital.

## Mandates and Key Activities

- Maintains jurisdictional authority over 565 center line miles of highways, 135 bridges, 360 traffic signals, 7 pumping stations, and 4 maintenance facilities
- Performs snow and ice removal for 1,470 lane miles of pavement
- Inspects County Highway and various Township bridges as defined by the National Bridge Inspection Standards
- Develop a 5 Year Highway Transportation Plan, in a transparent and accessible process. This includes a summary of proposed highway system projects and their impact on improving the County's transportation network and increasing economic development opportunities in the County.
- The Long Range Transportation Plan (LRTP) is being drafted and will be nearing completion at the start of FY2016. Among Cook County's key transportation challenges is the decline in transportation revenues. Priority recommendations provide a road map for ensuring that transportation improvements lead to improved economic and quality of life outcomes.
- Plans, designs, acquires needed right of way and constructs county highways and/or aid in the design and construction of township and local municipal roads in the County
- Responds to emergencies, in conjunction with Homeland Security and other local municipal partners, such as flooding, storms, tree damage to ensure safety for the public as well as providing clear and accessible roads
- Reviews and processes permits for construction, oversize-overweight haul permits, utility work to ensure county right of way and infrastructure are protected. Additionally, provides technical assistance and review of Building \& Zoning permits.
- Legislative Authorization: The Illinois Motor Fuel Tax "MFT" Law (35 ILCS 505) dedicates $16.74 \%$ of the MFT funds to "counties with over 1 million in population." The purposes are broadly defined "to cover the interest of the public in the use of highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code".

## Budget and Cost Analysis

The road and bridge assets that the County has jurisdictional responsibility over spur economic growth and enhance the community's quality of life.

The Department is required to be staffed with licensed professional engineers in management and at the staff level positions in order to receive Motor Fuel Tax funds from the State of Illinois. These licensed engineers are responsible for the safe design and the construction management of the roads and bridges. The staff are assigned to specific disciplines, where institutional knowledge of design and construction needs to be combined with a new generation of talent that can continue to provide innovative solutions in today's transportation industry. The
right size staffing of engineers to the specific discipline continues to be an ongoing process improvement by management to ensure fiscal responsibility.

Maintaining the condition and safe travel of these assets require County labor trades to perform maintenance activities that are year round. Staffing of the labor trades is built around the winter operations that are performed from October through April. The makeup of the trades is mostly motor vehicle drivers with other trades making up the balance as support. These trades have four supervisors in each of the four maintenance districts which is a minimal number but is expected to manage a snowstorm where two shifts of two supervisors will work up to 16 hours a day.

The bulk of our funding is programmed on construction projects through our MultiYear Program that is published annually as required by the State. These projects mainly bring our infrastructure to a state of good repair. However the Department will continue to ensure proper funding is programmed to do routine maintenance through our investment in asset management technology. The cost to reconstruct our infrastructure assets is driven by the level of our routine maintenance efforts. Routine maintenance can extend the useful life of roads and bridges by decades with today's maintenance programs.

The cost to maintain and replace capital equipment needs to include a preventative maintenance program that is accountable and transparent. The lack of accountability has caused the Department to make large financial investments in our fleet and equipment. The inability to retire older unreliable equipment makes down time and repairs a legacy cost that will continue in the near future. However, with new accountability in preventative maintenance for all countywide fleet, the useful life of our current investments will be extended.

## STAR Goals/Key Performance Indicators

* Reduce congestion and improve safety on County roadways: Safe and efficient movement on the County system remains a priority. Traffic surveys are conducted to identify locations where improvements for vehicular, pedestrian and bicycle traffic can be implemented. These studies include intersection traffic counts and analyses, signing and pavement marking investigation, traffic impact studies, traffic signal timing optimizations and crash mitigation. In 2015, the Department acquired new software to analyze crash data which assists in the identification of locations for detailed studies. As a result, an increase in the target number of detailed traffic studies to be performed in FY2015 was proposed. The target for FY2016 remains unchanged.
* Foster permitting improvements: Permit requests and reviews are critical in ensuring safe passage across our roadways for Oversize/Overweight Trucks. Efficient processing of construction permits allows contractors to be better

serviced to complete projects on time with minimal delay to the public. The Department has a 30 -day target for review/approval of application/plan submission and has achieved its performance target for permit reviews in FY2014 and is on target to meet the FY2015 goals.
$\star$ Pursue Alternate Funding Sources: Grant funding allows the Department to expand its financial reach and take a leadership role in advancing projects which promote economic development opportunities. The Department has been successful in many of the grant applications submitted, allowing targets to be exceeded in both the grant applications and grant awards metrics for FY2014 and FY2015. For FY2016, a target of one grant application per quarter is proposed as many grants already obtained in previous fiscal years account for projects to be constructed in FY2016-2018. Grant opportunities are competitively based on project scope and are limited to grant application periods/funding availability.
ᄎZero Based Budgeting Indicators: Cost per lane mile of snow removal Improved technology and increased accountability will allow the Department to more accurately collect cost data related to labor, equipment, and materials, along with a more accurate count of snow removal lane miles.

## DEPARTMENT OVERVIEW

501 MFT ILLINOIS FIRST (1ST)

## Mission

To support the development of a world class transportation system that spurs economic growth and enhances quality of life. Cook County will achieve this vision through policies and projects that connect and support commerce and communities. Because no single unit of government acting alone can achieve complex outcomes like these, the means for accomplishing them must include more strategic and innovative use of collaboration and capital.

## Mandates and Key Activities

- Maintains jurisdictional authority over 565 center line miles of highway, 135 bridges, 360 traffic signals, 7 pumping stations, and 4 maintenance facilities
- Performs snow and ice removal for 1,470 lane miles of pavement
- Inspects County Highway and various Township bridges as defined by the National Bridge Inspection Standards
- Develop a 5-Year Highway Transportation Plan, in a transparent and accessible process. This includes a summary of proposed highway system projects and their impact on improving the County's transportation network and increasing economic development opportunities in the County.
- The Long Range Transportation Plan (LRTP) is being drafted and will be nearing completion at the start of FY2016. Among Cook County's key transportation challenges is the decline in transportation revenues. Priority recommendations provide a road map for ensuring that transportation improvements lead to improved economic and quality of life outcomes.
- Plans, designs, acquires needed right of way and constructs county highways and/or aid in the design and construction of township and local municipal roads in the County
- Responds to emergencies, in conjunction with Homeland Security and other local municipal partners, such as flooding, storms, tree damage to ensure safety for the public as well as providing clear and accessible roads
- Reviews and processes permits for construction, oversize-overweight haul permits, utility work to ensure county right of way and infrastructure are protected. Additionally, provides technical assistance and review of Building \& Zoning permits.
- Legislative Authorization: The Illinois Motor Fuel Tax "MFT" Law (35 ILCS 505) dedicates $16.74 \%$ of the MFT funds to "counties with over 1 million in population." The purposes are broadly defined "to cover the interest of the public in the use of highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code".

## Budget and Cost Analysis

The road and bridge assets that the County has jurisdictional responsibility over spur economic growth and enhances the community's quality of life.

The Department is required to be staffed with licensed professional engineers in management and at the staff level positions in order to receive Motor Fuel Tax funds from the State of Illinois. These licensed engineers are responsible for the safe design, and the construction management of the roads and bridges. The staff are assigned to specific disciplines, where institutional knowledge of design and construction needs to be combined with a new generation of talent that can continue to provide innovative solutions in today's transportation industry. The right size staffing of engineers to the specific discipline continues to be an ongoing
process improvement by management to ensure fiscal responsibility.

Maintaining the condition and safe travel of these assets require County labor trades to perform maintenance activities that are year round. Staffing of the labor trades is built around the winter operations that are performed from October through April. The makeup of the trades is mostly motor vehicle drivers with other trades making up the balance as support. These trades have four supervisors in each of the four maintenance districts which is a minimal number but is expected to manage a snowstorm where two shifts of two supervisors will work up to 16 hours a day.

The bulk of our funding is programmed on construction projects through our MultiYear Program that is published annually as required by the State. These projects mainly bring our infrastructure to a state of good repair. However the Department will continue to ensure proper funding is programmed to do routine maintenance through our investment in asset management technology. The cost to reconstruct our infrastructure assets is driven by the level of our routine maintenance efforts. Routine maintenance can extend the useful life of roads and bridges by decades with today's maintenance programs.

The cost to maintain and replace capital equipment needs to include a preventative maintenance program that is accountable and transparent. The lack of accountability has caused the Department to make large financial investments in our fleet and equipment. The inability to retire older unreliable equipment makes down time and repairs a legacy cost that will continue in the near future. However, with new accountability in preventative maintenance for all countywide fleet, the useful life of our current investments will be extended.

## STAR Goals/Key Performance Indicators

* Reduce congestion and improve safety on County roadways: Safe and efficient movement on the County system remains a priority. Traffic surveys are conducted to identify locations where improvements for vehicular, pedestrian and bicycle traffic can be implemented. These studies include intersection traffic counts and analyses, signing and pavement marking investigation, traffic impact studies, traffic signal timing optimizations and crash mitigation. In 2015, the Department acquired new software to analyze crash data which assists in the identification of locations for detailed studies. As a result, an increase in the target number of detailed traffic studies to be performed in FY2015 was proposed. The target for FY2016 remains unchanged.
* Foster permitting improvements: Permit requests and reviews are critical in ensuring safe passage across our roadways for Oversize/Overweight Trucks. Efficient processing of construction permits allows contractors to be better serviced to complete projects on time with minimal delay to the public. The

## DEPARTMENT OVERVIEW

## 501 MFT ILLINOIS FIRST (1ST)

Department has a 30-day target for review/approval of application/plan submission and has achieved its performance target for permit reviews in FY2014 and is on target to meet the FY2015 goals.
Pursue Alternate Funding Sources: Grant funding allows the Department to expand its financial reach and take a leadership role in advancing projects which promote economic development opportunities. The Department has been successful in many of the grant applications submitted, allowing targets to be exceeded in both the grant applications and grant awards metrics for FY2014 and FY2015. For FY2016, a target of one grant application per quarter is proposed as many grants already obtained in previous fiscal years account for projects to be constructed in FY2016-2018. Grant opportunities are competitively based on project scope and are limited to grant application periods/funding availability.

## DEPARTMENT OVERVIEW

## 510 ANIMAL CONTROL DEPARTMENT

## Mission

The mission of Animal and Rabies Control is to prevent rabies in humans and companion animals through vaccination, registration, education, legislation, and surveillance. It also enforces post bite quarantine procedures and promotes responsible pet ownership and to encourage spay/neuter to prevent overpopulation.

## Mandates and Key Activities

- Enforces State Animal Control Act (510 ILCS 5) and the Animal Welfare Act (510 ILCS 70) as well as Cook County Animal Control Ordinance (Section 10)
- Provides all veterinarians with County tags, registers all rabies certificates, runs ow cost rabies vaccine clinics, processes all bite occurrences, assists veterinarians in problem vaccine or bite protocol and prosecutes for noncompliance post-bite occurrence

## Budget and Cost Analysis

FY 2016 budget represents increases in education. Animal Control will increase the amount of nationally certified courses available to municipalities to increase the preparedness of municipal law enforcement to handle minor animal issues.

Animal Control will host the Regional Catastrophic Planning Team (FEMA Area V): Animal Planning Summit in December to prepare the area to respond to a disaster.

Animal Control will initiate the public information multi-media campaign to increase public awareness as to responsible pet ownership and pertinent animal laws.

The mission of Animal and Rabies Control is to prevent rabies in humans and companion animals through education, vaccination, registration, legislation and surveillance. Maintaining an accurate registration of all pertinent information regarding an animal's vaccination status including dates, manufacturer and serial numbers of vaccines is an important factor in making public health decisions especially regarding post-bite quarantine or treatment protocols.

## STAR Goals/Key Performance Indicators

* Multi-media public education as to pet owner responsibility and animal related laws should improve the STAR goal of increasing percent compliance before violations are issued for post-bite quarantine protocol.
* Education of municipalities regarding County and State laws should show some improvement on STAR goal of decreasing the amount of time between when a bite occurs and when police reports are received by our office.
* Increase the number of veterinarians filing electronically with the migration of certificates from Passport to new system (FY 2015).

## DEPARTMENT OVERVIEW

## 530 COOK COUNTY LAW LIBRARY

## Mission

The Cook County Law Library is a leader in promoting justice by providing access to premier electronic and print legal resources for a diverse community that includes attorneys, judges, self-represented litigants, government, and the public. Cook County Law Library supports innovative approaches using technology and collaboration with other legal organizations and Cook County departments to deliver access to the highest standard of legal information and services.

## Mandates and Key Activities

- Establishes and maintains a public County Law Library (55 ILCS 5/5-39001)
- Establishes and maintains a County Law Library, including branches, freely available to all licensed Illinois attorneys, judges and other public officers of the County, and all members of the public (County Code, Chapter 50, Article II)

## Budget and Cost Analysis

The Cook County Law Library is a public law library serving the legal information needs of attorneys, judges, self-represented litigants, government and the public in Cook County. The main Law Library is located on the 29th floor of the Richard J. Daley Center with branch locations in the following courthouses: Criminal Court, Skokie, Markham, Maywood, and Bridgeview. Access to information is a critical component of access to justice. In FY2015, patron traffic increased nearly 8\% over FY2014.

As the only public law library in Cook County, attorneys, judges, self-represented litigants, government officials, and the public use the Law Library to access critical information to address their legal issues. The Law Library selects and acquires the most relevant and cost-effective resources in the most usable format (print or electronic) to meet the wide-ranging information needs of our diverse patron base. In FY2016, the Law Library will continue to ensure access to reliable legal information for our diverse patron community. Staff continues to develop reference services and technology training to enable patrons to achieve a more satisfactory and productive research experience.

In FY2015, the Law Library worked with the Bureau of Administration, Bureau of Asset Management, Public Building Commission, and architectural and construction teams to create a new Education Center, additional computer space, self-help area, conference rooms, and a reconfigured Public Services space. In FY2016, the new Education Center will be available for the Department to offer education and training programs for attorneys, self-represented litigants, and the public. In FY2016, Library staff will also focus on greater outreach to the community through a new countywide web environment.

## STAR Goals/Key Performance Indicators

* Expand access to reliable legal information: CCLL will continue to expand access to reliable legal resources by increasing available electronic content and providing research training for patrons and staff.
* Track revenue from copy/print/scan services: CCLL will monitor the success of the library's initiative to improve copy and print services by monitoring the revenue generated from copiers with high quality copy and scan capabilities and implementation of wireless printing from patrons' personal devices.
* Improving access and services: CCLL will continue to increase the number of patron visits by improving and expanding services, programming, and legal resources.
* Zero Based Budget Indicator: Budgeted staff cost per patron visit - Expanding and enhancing services and improved technology will allow the Department to deliver services to more Library Users in a cost-efficient manner.

## DEPARTMENT OVERVIEW

## 585 ENVIRONMENTAL CONTROL SOLID WASTE FEE

## Mission

Improve the quality of the environment for the residents of Cook County.

## Mandates and Key Activities

- Cook County Environmental Control Ordinance
- IL Solid Waste Planning and Recycling Act

## Budget and Cost Analysis

|  | Appropriations (\$ thousands) |  |  |
| :--- | ---: | ---: | ---: |

## STAR Goals/Key Performance Indicators

$\star$ Tons of waste diverted from landfills through recycling events. With implementation of the solid waste program, Cook County will increase the number of recycling events and partner with more local communities on waste reduction.

* \% of municipalities for which recycling data is reported. IL EPA no longer collects this data from municipalities, and even when they did, it did not include commercial and other waste. We anticipate collecting data from waste haulers, which will be more complete, and making it available to communities.

## DEPARTMENT OVERVIEW

## 021 OFFICE OF THE CHIEF FINANCIAL OFFICER

## Mission

The Chief Financial Officer ensures the fiscal affairs of the County are managed using best in class public finance practices with an eye toward long term fiscal stability. The Office of the Chief Financial Officer will use quantitative expertise and principles of project management to support all departments under the Bureau of Finance.

## Mandates and Key Activities

- Leads debt management
- Manages investor relations
- Provides cash flow forecasting
- Implements long-term fiscal forecasting model
- Maintains Sales Tax forecast model
- Directs investment of eligible funds
- Delivers Bureau of Finance performance evaluation and metrics
- Creates quarterly financial management reports
- Administers the Countywide Asset Marketing Program

## Budget and Cost Analysis

The Chief Financial Officer (CFO) is responsible for setting financial strategy that addresses the long term fiscal health of the County. The Deputy Chief Financial Officer supports the CFO by executing strategic initiatives across the Bureau of Finance and managing a team of analysts that carry out the mandates and key activities of the Office of the Chief Financial Officer.

By instituting financial best practices in the areas of Debt Management, Capital Budgeting, Financial Forecasting \& Analysis and Investment Management, the OCFO ensures principals of data driven decision making are incorporated in these key areas of the County's financial management.

Approximately, 98\% of the costs for the Office of Chief Financial Officer (OCFO) are related to human resource costs, which include payroll and Medicare (FICA taxes) costs, with the remaining $2 \%$ predominately consisting of office supplies, training, travel, subscription services and related costs. The OCFO's budget allows it to maintain essential resources that help deliver on the mission and key mandates of the Office.

- Leads revenue enhancement, strategic initiatives and administration through budget and purchasing process, internal audits, asset management, IT support, management reporting, record retention, staff development, procurement activities, project management and ordinance review

## Budget and Cost Analysis

The Department of Revenue, (DOR), is responsible for the collection of more than \$450M in revenue and enforcing the compliance of thousands of taxpayers to the Home Rule Tax Ordinances. With a Department of Revenue staff of 75 individuals, personnel costs comprise 66\% of the department's budget. The Department's budget is increasing by $25 \%$ over FY2015, primarily due to a $\$ 1.2 \mathrm{M}$ reimbursement to the Sheriff's Police for assistance with compliance and enforcement activities.

Compliance - In order to drive taxpayer compliance and increase revenues, the department has undertaken the task of building a fully functioning field audit and
tax discovery program. Staffing of this initiative is a key cost driver and has transformed the department from a voluntary payment acceptance organization to one actively pursuing unregistered and under-remitting taxpayers. In fiscal year 2015 alone, the department has completed in excess of 100 audits and collected over $\$ 5.5 \mathrm{M}$ in assessments. In addition to these direct collections, the County continues to receive additional revenue on a monthly basis for the newly discovered and registered taxpayers.

Investigations - Tobacco Tax is the single largest Home Rule revenue source administered by Revenue. To properly enforce this tax, the department has expanded our field investigations unit over the past few years to create an effective tool in combatting the sale of illegal and unstamped cigarettes. Our investigators conduct thousands of site visits each year and issue millions of dollars in fines related to possession and sale of unstamped packs each year. Through these efforts, we have been able to maintain revenue levels in a traditionally decreasing revenue stream.

Collections - Our cashiering and collections area processes and reconciles over \$400M in transactions through a combination of a lockbox operation, our on-line payment center and our walk-up window. These payments are all processed through our modern electronic cashiering system and reconciled back to a number of departmental receivables and ledger systems in addition to the County administrative Hearings database. The cost of both personnel and software support are key drivers in the department which support the efficient and timely processing of these payments and the accurate posting to the appropriate accounts and departments.

Taxpayer Communications - One essential part of the revenue collection process is the proper billing and notification of tax liabilities. The department is required to print and send tax returns and various payment invoices and collection follow-up notices for our Home Rule Taxes. While the costs of paper, envelopes, printing and postage are a major expense for the department, they are a necessary part of revenue generation and collection. The department will continue to push toward innovations such as electronic filing and automated payment processing and implement systems to support these more cost effective methods of revenue generating.

## STAR Goals/Key Performance Indicators

* Maximize compliance with all Home Rule Taxes and Licensing Ordinances: Track compliance rates and ensure DOR is successfully working toward ensuring all taxpayers are in compliance with each of the County's tax ordinances.
* Improve revenue collections for Home Rule Taxes: A high compliance rate

## DEPARTMENT OVERVIEW

## 007 REVENUE

eventually leads to higher revenue. Every year through various initiatives and process improvements, DOR aims to meet and exceed revenue projections.

* Reduce Home Rule tax delinquency rate: DOR collection efforts have improved delinquent and deficient account rates over the past two years.

## DEPARTMENT OVERVIEW

## 008 RISK MANAGEMENT

## Mission

The Department of Risk Management is responsible for the administration of employee benefits, general liability, safety/loss prevention and workers' compensation programs.

## Mandates and Key Activities

- Administer benefits including health, pharmacy, dental, vision, life and flexible spending for active Cook County employees and their dependents
- Manage administration and payment of workers compensation benefits for injuries or illness sustained in the course and scope of employment with Cook County in accordance with the Illinois Workers' Compensation Act
- Oversee claims reporting and recovery related to property and Municipal and Healthcare Professional Liability claims
- Enforce compliance with federal and state regulations regarding benefits including the Affordable Care Act
- Coordinate with Human Resources for health benefits administration portion of labor negotiations process
- Ensure Patient Arrestee Bill Payments as the County Jail Act obligates the County to provide for the medical needs of detainees remanded to the Sheriff of Cook County
- Report claim settlements for Medicare eligible claimants
- Administer Unemployment Insurance, issue Certificates of Insurance and review contract insurance requirements
- Review workplace safety and develop training programs around OSHA compliance and other safety issues
- Address concerns from the County-wide vehicle hotline

## Budget and Cost Analysis

Risk Management's twenty two staff members provide administrative support functions for all County offices. The three main divisions of this department are Workers' Compensation, General Liability, and Employee Benefits.

While the departmental budget of $\$ 1.62$ million is $99 \%$ personnel costs, the department administers multiple County-wide contracts including $\$ 309.5$ million for employee benefits, $\$ 19.8$ million for workers compensation claims, and $\$ 9$ million in excess liability and medical malpractice insurance. The Department continues to monitor and contain the County's liability and insurance costs by implementing cost saving programs around health benefits eligibility and benefits administration, proactively negotiating contracts, and improvements to the County's claims management system.

## DEPARTMENT OVERVIEW

## 014 BUDGET AND MANAGEMENT SERVICES

## Mission

The Department of Budget and Management Services prepares, manages and executes the County budget. To increase efficiency and budget savings, it also evaluates and analyzes performance data to recommend potential improvements. Additionally, the department prepares budgets for federal, state, and private grants.

## Mandates and Key Activities

- Adheres to state statutes governing the budget process (55 ILCS 5/6-2400124007)
- Prepares and issue a Preliminary Budget forecast on or before June 30 of each year (Cook County Code of Ordinances Section 2-930-937)
- Submits the Executive Budget Recommendation to the Cook County Board of Commissioners by October 31 each year (Cook County Code of Ordinances Section 2-930-937)
- Creates a Budget Quarterly Performance Report (Cook County Code of Ordinances Section 2-930-937)

## Budget and Cost Analysis

The Department of Budget and Management Services (DBMS) prepares and manages the Cook County budget pursuant to state statutes and Cook County ordinance that govern the budget and budget processes, including the reliance on zero-based and performance-based metrics to inform budgetary decision making.

In recognition of its efforts, the County received the Government Finance Officers Award of Distinguished Budget Presentation for the FY2015 budget and was awarded special recognition for use and discussion of performance measures. This award represents the highest form of recognition in governmental budgeting aimed at honoring recipients that have pioneered efforts to improve the quality of budgeting and set high standards for other governments throughout the country.

The County is committed to streamlining grant processes while improving fiscal controls in order to remain current with Federal and State reforms. The FY16 budget includes a 3 percent increase from FY15 and the County is dedicated to increasing grant revenue necessary to continue providing quality of service to the residents of Cook County. As granting agencies continue to reform processes emphasizing the importance of performance outcomes, the County will also continue incorporating improvements, specifically in the areas of grant reporting and accountability and sub-recipient and grantee contracting.

To improve services to taxpayers and increase accountability, the Performance Management Office works with all County agencies to create a culture of datadriven decision-making through the Set Targets, Achieve Results (STAR) program. In FY15, Zero-Based budgeting concepts were also introduced as a way to measure performance and contain costs.

Through an open-data web portal, Performance Management publishes quarterly performance reports, allowing the public to access current performance data in a downloadable format. The Performance Management office will continue to work with agencies to refine their measures and train mid-level managers on how to integrate data into their day-to-day decision-making. It is also conducting data audits to ensure the validity and soundness of the information reported. The Performance Management portal is available at performance.cookcountyil.gov.

With a staff of 20 , DBMS has a $\$ 1.64$ million budget, of which $99 \%$ is personnel costs and 1 percent is dedicated to non-personnel items, primarily the lease of multi-function copiers and office supplies.

## STAR Goals/Key Performance Indicators

* Secure New Grant Funding: The FY2014 budget included a goal of increasing grant revenue by $\$ 50$ million over five years. Moving towards that goal, the FY2015 budget included an increase of $\$ 58$ million and the FY16 budget includes an increase of $\$ 6.5$ million. In 2016, DBMS has a goal of increasing grant revenue by $\$ 6$ million through competitively applying for grants primarily in the area of public safety and health, in addition to the recovery of indirect cost, as allowed by the granting agencies.
* Complete Budget in a Timely Manner: The FY2015 recommendation was submitted on October 9, or 52 days before the end of the fiscal year. The FY2016 recommendation was submitted on October 14, or 47 days before the end of the fiscal year.

## DEPARTMENT OVERVIEW

## 020 COUNTY COMPTROLLER

## Mission

The Cook County Comptroller supervises the fiscal affairs of the County by maintaining the general ledger, accounting records, financial reporting, accounts payable, payroll and garnishments. The Comptroller is also responsible for the independent audit function and timely completion of the Comprehensive Annual Financial Report (CAFR) and Single Audit Report.

## Mandates and Key Activities

- Creates monthly Analysis of Revenue and Expenses (Resolution)
- Approves or disapproves a vendor bill within 30 days after receipt and pay within 30 days of approval (Local Government Prompt Payment Act - 50 ILCS 505)
- Reports Grade 17-24 changes in conjunction with Director of Human Resources at end of every pay period (Ordinance 10-0-32)
- Reviews records of the State of Illinois Child Support Enforcement Program to determine if any delinquency issues (Ordinance)
- Issues the CAFR and A-133 Single Audit Report within six months of year end
- Key Activities include managing the general ledger (including Financial Reporting), accounts payable, and payroll/garnishments

## Budget and Cost Analysis

The Comptroller's Office FY 2016 budget request of $\$ 3,270,026$ is an increase of $\$ 149,380$ from the FY 2015 approved budget of $\$ 3,120,646$. This increase is necessary to help ensure the Comptroller's Office is able to accomplish its mission, mandates, activities, STAR goals and performance indicators as described throughout the budget submission process plus continue to support the implementation and maintenance of a new countywide time and attendance and ERP systems. Approximately $97 \%$ of budgeted funds are applied to human resource costs to support the functions noted below.

The Comptroller's Office is broken into three main divisions. Cook County's financial accounting and grants management are completed by the General Accounting and Financial Reporting team. The Payroll staff processes payroll, and any necessary garnishments, for approximately 23,000 employees of Cook County Government, the Health and Hospital System, and the Forest Preserves of Cook County. The Accounts Payable (AP) division ensures that vendors are paid in a timely manner. As of the third quarter of FY15, AP had saved the County approximately $\$ 295,472$ via e-payables and another $\$ 128,925$ in prompt payment discounts.

The department also produces various important financial reports. On a monthly basis it submits an Analysis of Revenue and Expenses to the Board of Commissioners of Cook County, as mandated by ordinance. In compliance with the Governmental Accounting Standards Board, the department prepares the Comprehensive Annual Financial Report (CAFR), which is reviewed by the various firms of independent auditors. The annual Single Audit is also produced to report on a schedule of expenditures of federal awards, and is also reviewed by the various firms of independent auditors. Both the CAFR and Single Audit necessitate input and assistance from a variety of County Departments.

## STAR Goals/Key Performance Indicators

* Process Financial/General Ledger Services more timely and accurately: The Comptroller's Office issued the FY14 CAFR and A-133 Single Audit Report within six months of year-end and received the GFOA Certificate of Achievement for Excellence in Financial Reporting for the FY 2013 CAFR. Additionally, it is striveing to complete the monthly Analysis of Revenues and Expenses report within 30 days of the month end.
* Process Payroll more timely and accurately: An annual timekeeper training was conducted as part of the payroll upgrade project. Payroll supervisors and analysts actively participated in the payroll upgrade implementation to help sustain process efficiencies and offer additional self service options to employees.
* Process Vendor Payments more timely and accurately: The Accounts Payable Section is enforcing procedures to process payments within 10 working days of receipt and enhanced its payment capabilities through the processing of ACH payments and the implementation of an epayables process. These offer quick payment methods to vendors as well as realize cost savings to the County.
* The Comptroller will continue to support the implementation of a countywide Time and Attendance and ERP systems.

## DEPARTMENT OVERVIEW

## 022 CONTRACT COMPLIANCE

## Mission

The mission of the Office of Contract Compliance is to certify Minority-, Women-, Veteran-, and Service-Disabled Veteran-owned Business Enterprises (MBE/WBE/VBE/SDVBEs), to ensure that all County purchases comply with the Cook County Minority- and Women-owned Business Enterprise Ordinance, to educate County User Departments and Vendors on the importance and the process of complying with the Ordinance, encourage greater inclusion of MBE/WBE and VBEs on County procurements, and to work together as a team to monitor the success of the process.

## Mandates and Key Activities

- Track procurement spend in lieu of merely recording contract dollar figures
- Ensure the full and equitable participation of MBE/WBEs in the County's procurement process as both prime and sub-contractors
- Certify and promote the utilization of MBE/WBE/VBE firms
- Play an active role in helping Cook County's M/WBEs build capacity and create local jobs

## Budget and Cost Analysis

The Office of Contract Compliance serves two primary functions. The first is an administrative role in the County's procurement process to ensure vendors adhere to the County's Minority and Women Owned Business (MBE/WBE) ordinance prior to contract award. The Compliance Enforcement team subsequently tracks procurement spending to ensure contract dollars are not only awarded to MBE and WBE firms, but that payments are made as committed. This year the office published its second annual Diversity Report to increase transparency and allow public review of progress being made. Additionally, the office was recently given the ability to financially penalize firms that do not follow through on their stated commitment.

The second function is the processing of applications for MBE, WBE, Veteranowned Business Enterprises (VBE), and Service Disabled Veteran Business Enterprises (SDVBE) certification. These certifications are reciprocal with the City of Chicago, and help strengthen the local economy by creating local jobs.

Although there's a $\$ 250$ fee for new and recertification applications; that fee, however, is not reflected in OCC's budget instead it can be found in the general fund.

## STAR Goals/Key Performance Indicators

* Increase access for MBE/WBE firms to participate in CCHHS procurement opportunities: Continuing efforts to work jointly with CCHHS Supply Chain Management to identify contracting opportunities for MBE/WBEs.

Report actual MBE/WBE participation: In FY 2014, the County awarded 25\% of contracts to MBE/WBEs and during the same fiscal year, 25\% of contract payments were made to MBE/WBEs. Meanwhile, CCHHS awarded 7\% of contracts to MBE/WBEs and 7\% of contract payments were made to MBE/WBEs during the same fiscal year.

* Provide transparency regarding the MBE/WBE Program: Maintaining a webbased system to capture payment data on County and CCHHS contracts, which allows for a more efficient process; track and monitor actual MBE/WBE payments.

## DEPARTMENT OVERVIEW

## 029 OFFICE OF ENTERPRISE RESOURCE PLANNING (ERP)

## Mission

Enterprise Resource Planning (ERP) is charged with implementing and supporting Countywide financial system projects to improve business operations. ERP serves as a County resource for the development and maintenance of new efficiency and accountability technologies.

## Mandates and Key Activities

- Manage and enhance the Human Resource, Payroll and Benefits Systems
- Implementation of Time and Attendance System for all County agencies
- Implement a new Countywide ERP system to support financial, supply chain and human capital management functions

## Budget and Cost Analysis

The Office of Enterprise Resource Planning (ERP) is a program management office that focuses on planning, implementing, and supervising key technology projects across Cook County Government. To replace antiquated technologies, streamline services and reduce costs by millions, Cook County has invested $\$ 22.8$ million in FY16 for various projects being run by the ERP team.

FY16 projects will focus on Time and Attendance, Payroll, and the roll-out of the new Oracle E-Business Suite ERP software. Successful implementation of the ERP suite is expected to retire up to eight outmoded systems and save the County millions of dollars annually through centralizing supply chain data to reduce inventory expenses, and increase use of automation. The Time and Attendance project is expected to cut payroll-related costs by moving to biometric time clocks which should minimize payroll errors and reduce administrative staff time spent manually processing paper paystubs. This initiative will allow for the automation and integrated time tracking for the County's approximately 23,000 employees at more than 100 locations. This is an important aspect of the Countywide goal of decreasing overtime costs.

To ensure the successful implementation of these complex processes the department is budgeted to have a staff of approximately 16 staff members who will account for approximately $6.5 \%$ of the departmental budget.

## STAR Goals/Key Performance Indicators

* Time and Attendance Implementation: As part of implementation, ERP will strive to collect time and attendance requirements from all County agencies, install biometric timekeeping devices at County sites and complete configuration of time and attendance software. The Cook County Time (CCT) Time and Attendance project proceeded on schedule throughut FY 2015. The Pilot production was released in the third quarter as anticipated. The Enterprise
production deployment is planned to begin in the second quarter of FY2016.
$\star$ ERP Implementation: ERP is initiating Software Integration Services for Oracle E-Business Suite ERP Software and managing services for Oracle E-Business Suite ERP Software.
*ERP supported the County's new Human Resources, Payroll and Benefits production system throughout FY 2015. ERP added Employee Self-Service (ESS) functionality to the system during the third quarter. Ongoing production support for the system, will migrate to the Bureau of Technology for FY 2016.
$\star$ ERP recommended contract awards for ERP software in the first quarter of FY2015, IV\&V services in the second quarter, and for implementation and managed services in the third quarter. The Countywide ERP project initiated in the third quarter and is anticipated to be ongoing throughout FY2016.
* Create new Enterprise Chart of Accounts.
* Configure new cloud-hosted technical environment.

## DEPARTMENT OVERVIEW

## 030 OFFICE OF THE CHIEF PROCUREMENT OFFICER

## Mission

The Office of the Chief Procurement Officer (OCPO) adds value through the implementation of quality and cost-effective contracts. It creates partnerships with County departments to foster a team environment while implementing best practices in public procurement; and improves efficiency through the timely execution of the procurement process in accordance with County ordinances.

## Mandates and Key Activities

- Procure goods and services in compliance with Cook County Procurement Code and other applicable public procurement laws
- Reduce the cost of goods and services through strategic sourcing
- Improve transparency in the procurement process
- Provide leadership in the procurement and contracting process for using agencies.
- Foster a fair and open procurement environment, free of improprieties and conflicts of interest, whether real or perceived

## Budget and Cost Analysis

In the operating budget, the OCPO 2016 Budget Request is $\$ 2,945,923$, of which $93 \% ~(\$ 2,731,625)$ accounts for personnel salaries and Medicare cost. Personnel expenses encompass the largest percentage of the total operating budget. This budget is comprised of thirty-seven (37) full-time positions that assists and manages procurement needs of approximately thirty-seven (37) County departments and Cook County elected offices. OCPO works toward delivering efficient, quality, and transparent procurement process for the business/vendor community, with strict adherence to the Cook County Procurement Code. On a daily basis, OCPO staff work effectively toward supporting the following five key program activities.

1. Procure Goods and Services: In 2014, OCPO completed 536 new contracts; 240 contract amendments and 1,677 purchase orders.
2. Provide Vendor Training: OCPO offers workshops to assist business owners in learning more about doing business with Cook County. In these workshop sessions, our staff provides valuable information on various procurement processes and requirements to foster a fair and open procurement environment. In 2014, there were 26 workshops; and through July 2015, OCPO held 18 vendor workshop sessions.
3. Achieve Efficiency: In 2014, OCPO completed 536 new contracts, of which 29\% were on target. The 2015 year-to-date performance measures show improvement in new contract process time to $41 \%$ of contracts meeting target/goal. Additionally, OCPO data indicates the number of active procurement over 200 days has decreased from 30 contracts in 2014 to 21 contracts through the month of June 2015.
4. Cost Reduction and Revenue Increase: OCPO tracks contracts savings resulting from negotiated contracts, utilizing GPO or Joint Procurement contracts and product rebates. In 2014, OCPO achieved $\$ 584,895$ in contracts savings. The 2015 year-to-date savings is at $\$ 1,049,683$, and collected approximately $\$ 120,000$ in product rebates. In August 2014, OCPO implemented online auction of surplus goods. During the first year of full implementation, the County had closed 257 auctions that resulted in over $\$ 250,000$ revenue.
5. Provide Leadership to User Agencies: OCPO holds Procurement Liaison meetings where we inform our using agency partners regarding procurement code
and ethics requirements, procedural changes and best practices in procurement and contracting. In 2014, OCPO held eleven (11) informational meetings, and in 2015, we have completed seven (7) informational meetings.

Only seven percent (7\%) of OCPO's 2016 operating budget is for overhead and administrative expenses, of which four percent (4\%) is for licensing and maintenance support for Marketplace electronic procurement solution and Prodagio contract management system, which enables the County to manage and track the full lifecycle of a contract. This leaves only three percent (3\%), approximately $\$ 80,000$, for other non-personnel expenses.

In addition to upholding the County Procurement Codes and procurement best practice principles, OCPO measures a variety of procurement methods and activities to track our performance toward meeting various targets/goals established with the Performance Management Office.

## STAR Goals/Key Performance Indicators

* Improve operating efficiency: The OCPO strives to meet its internal and external customer's expectation on the quality and timeliness of procurement activities. In 2014, OCPO completed 536 new contracts, of which $29 \%$ were on target. The 2015 year-to-date performance measures show improvement in new contract process time; it has improved to $41 \%$ of contracts meeting target/goal. Additionally, OCPO data indicates the number of active procurement over 200 days has decreased from 30 contracts in 2014 to 21 contracts through the month of June 2015.
* Improve accountability, partnership and teamwork with client departments: Every new contract or amendment begins with a client department's request. It is critical that our client departments are equally committed to follow and are informed of the County Procurement Codes and procurement best practice principles. In partnership with procurement liaisons, OCPO has established an improved platform for sharing procurement knowledge. In 2014, OCPO conducted eleven (11) information meetings, and OCPO expects to complete the same number of Procurement Liaison meetings in 2015.
* Deliver cost savings on County contracts without sacrificing quality: In 2014, OCPO achieved $\$ 584,895$ in contracts savings resulting from negotiated contracts, utilizing GPO or Joint Procurement contracts and product rebates. The 2015 year-to-date identified savings is at $\$ 1,049,683$, and collected approximately $\$ 120,000$ in product rebates.

## DEPARTMENT OVERVIEW

## 032 DEPARTMENT OF HUMAN RESOURCES

## Mission

The Bureau of Human Resources (BHR) directs and coordinates all human resources activities for departments under the jurisdiction of the President of the Cook County Board. These activities include maintaining an applicant tracking system which monitors the status of job applications submitted to the Bureau. Human Resources is also responsible for classification and compensation, collective bargaining, labor-management relations, training and employee development.

## Mandates and Key Activities

- Shakman Compliance: The County continues to make progress towards substantial compliance. For FY 2016, BHR intends to focus on monitoring and auditing supplemental policies, comprehensive revisions to the Employment Plan training materials and expansion of the Cook County intern/extern program by collaborating with more colleges and universities.
- Collective Bargaining: The negotiations to replace the 2008-2012 collective bargaining agreements are underway and should be completed before the end of FY15. Throughout 2014 and 2015, BHR completed negotiations for approximately 77 of the 95 open collective bargaining agreements from the 2012-2017 bargaining cycle.
- Classification and Compensation: BHR is in the process of implementing Cost of Living Adjustments (COLAs) for union employees for FY 2013-2017. BHR continues to work with departments under the President to update and create new job descriptions as required to attract and recruit qualified candidates.
- Equal Employment Opportunity: BHR is finalizing its new Equal Employment Opportunity (EEO) and Reasonable Accommodation policies and will be undertaking an initiative to train all employees in Offices under the President in FY16. This will increase the visibility of BHR's EEO division and help ensure the County complies with its legal obligations to prevent workplace discrimination and harassment. BHR is also working towards developing and disseminating its new Anti-Bullying and Workplace Violence Policy. The EEO Office will coordinate a training initiative once that policy is finalized in FY16.
- Grievances and Arbitrations: During FY15, BHR has represented the County in more than 25 labor arbitrations involving issues respective to discharge, denial of promotions, subcontracting, layoff, reorganization, job classification, and management rights. BHR has also presided over more than 50 third step hearings in the grievance process. With the additional hiring of a Senior Labor Counsel and one additional Labor Counsel expected by the end of the year, we expect to litigate a higher number of cases, specifically focusing on reducing the significant backlog.
- Responses to Charges of Discrimination: BHR has represented the County in defense of charges of discrimination filed by individuals and employees with the Illinois Department of Human Rights and the U.S. Equal Employment Opportunity Commission. It is BHR's goal to maintain the current practice of submitting timely responses, avoidance of a backlog of cases, and to keep costs at a minimum by avoiding the use of outside counsel.

## Budget and Cost Analysis

Due to the fact the BHR is responsible for directing and coordinating all human resource related activities for those departments under the jurisdiction of the President of the County Board, BHR's personnel and operating expenses may fluctuate based on the various needs of these departments. In order for BHR to
adequately service these departments, it must maintain well qualified staff and systems that are capable of providing the services necessary to accommodate these personnel related changes and/or issues that occur frequently amongst these departments.

The budget request for FY 2016 reflects an increase in personnel costs, as well as operating expenses. The increase in personnel costs can be attributed to the cost of living increases and addition of two new positions: one in Training and one in Labor Relations. Both of these positions will assist in fulfilling BHR's mission and providing services to the County workforce. The primary reason for the increase in the operating expenses can be attributed to an increase in professional services pertaining to the driver's license verification process and expenses associated with procuring employee IDs for the implementation of the new Time and Attendance system.

## STAR Goals/Key Performance Indicators

* Recruit and Hire the Best Qualified Employees: An important part of the hiring process is to attract talent that is interested in working for Cook County. We want to achieve as high an offer acceptance rate as possible so that departments are getting their first choice and the best qualified candidates. Our FY14 offer acceptance rate was 93\%. Our target for FY15 was $90 \%$ and as of June 2015, we were at 98\%.
* Complete the Hiring Process in an Efficient \& Timely Manner: The Bureau of Human Resources set a goal of 90 days to fill vacancies from Request to Hire to effective start date. To obtain this data we reviewed the hiring cycle of the positions that went through the "full cycle" (from the approval of the Request to Hire through the actual hire of the candidate) and positions in which a pool of candidates (previously ranked candidates) already existed for the position. Our recent years' statistics are as follows:

2012-88 days
2013-88 days
2014-85 days

Through June of 2015, the average number of days to fill vacancies was 80 . For FY 2016, our data will focus only on those positions that have gone through the "full cycle" hiring process, which will be a true measure of time to hire and increase our target to 98 days.

* Improve Collective Bargaining and Grievance Processes: Negotiations for 81\% percent of the 2012-2017 collective bargaining agreements were completed as of July 30, 2015. The goal is to have all 2012-2017 collective bargaining agreement negotiations, including interest arbitrations, completed by the end of FY 2015 or early FY 2016. Furthermore, BHR intends to plan and coordinate a collective bargaining round up with all stakeholders. Its focus will be on how to improve the process for the next bargaining period.

## DEPARTMENT OVERVIEW

## 019 EMPLOYEE APPEALS BOARD

## Mission

The Employee Appeals Board is charged with hearing all appeals of any career service employee, not represented by a union, for disciplinary action relating to discharge, demotion or suspension for a period of more than ten days, upon the request of the employee, to assure fair and equitable treatment.

## Mandates and Key Activities

- The Employee Appeals Board consists of members appointed by the President of the County Board for a term of six years or until their respective successors are appointed. The Employee Appeals Board conducts a hearing for all appeals by any career service employee not represented by a union, pertaining to discharge, demotion, or suspension for a period of more than 10 days or as assigned by the Bureau Chief of Human Resources for suspension of 10 days or less upon request of the employee.

## Budget and Cost Analysis

The Bureau of Human Resource's Labor Relations unit is committed to ensuring Cook County's mission and commitment to integrity and fiscal responsibility are incorporated into the objectives of the Employee Appeals Board. In particular, the Employee Appeals Board exists to hear career service employees' appeals of termination for cause, demotion, and suspensions of 11 days or more. During the past fiscal year, hearings were neither conducted by a hearing officer nor were findings and decisions rendered by a hearing officer. Rather, the Labor Relations Department prepared findings and decisions for the Employee Appeals Board. To avoid potential conflicts of interest, the Labor Relations Department anticipates it will either retain a law firm or hire a hearing officer to preside over hearings and issue findings and decisions for all hearings in FY2016.

## DEPARTMENT OVERVIEW

## 009 ENTERPRISE TECHNOLOGY

## Mission

Enterprise Technology plans and manages enterprise technology services in conjunction with Cook County agencies. It works to provide County government services that are cost-effective and easy to use for residents and employees. It also identifies opportunities for cross-agency collaboration that seek efficiency and a greater return on technology investments.

## Mandates and Key Activities

- Deliver and manage Countywide shared technology resources
- Direct Countywide technology policy and the establishment of Countywide technology standards, including guidance under the County's Open Government Plan (Ordinance 14-0076)
- Review all technology procurements to discourage duplicative spending, encourage efficient returns on investment and ensure compliance with County technology standards and policies (Ordinance 14-1232)
- Collaborate with the Information Security Working Group to establish and report on the Information Security Framework, as well as take appropriate actions to protect the County's network against security threats (Ordinance 14-1481)
- Facilitate the integration of an automated Cook County Criminal Justice System and update the Board on progress toward such goal (Resolution 13-2002)

## Budget and Cost Analysis

In 2015, the Bureau of Technology delivered value by:
(1) awarding contracts for mission-critical modernization initiatives such as Integrated Justice and Integrated Property; (2) implementing an IT Concurrence Policy to ensure all County IT purchases are non-duplicative, good investments;(3) implementing a Master Services Agreement to insure minority and women owned businesses can more easily receive county contracts; (4) moving over 16,000 users to cloud-based email for improved security and availability; and (5) improving business continuity by completing a new enterprise Data Center.

In FY2016, the Bureau of Technology's strategic focus will be:

Business Technology: Continue to strengthen BOT as an enterprise-wide partner in project execution and software solution delivery.

Fiscal Responsibility: Manage BOT in a corporate manner with improved portfolio and operations management that includes cost controls commensurate with business value.

Business Continuity: Improve reliability, security, and recoverability by expanding the hybrid computing environment of on-premise, third-party colocation, and cloud computing.

Key IT principles include: reuse before we buy, buy before we build, and to share County resources among agencies wherever possible. Fiscal responsibility also requires that we retire legacy assets based on lifecycle and cost/benefit analysis.

## STAR Goals/Key Performance Indicators

* Improve Incident Handling and service requests: In 2016, the Bureau will meet the target of resolving incidents and services requests within $90 \%$ of the established service level agreements.
* Improve Project Performance: Our FY2016 Target is to complete $90 \%$ of projects on time. The FY2015 goal of $90 \%$ was not met due an increase in projects. Implementing a new project schedule baselining process in FY2016 will improve performance.
* Improve Customer Satisfaction: In 2016, the department will set a goal of a 90\% customer satisfaction rating for each IT Service Desk ticket and 90\% target for overall IT satisfaction based on customer surveys.

## DEPARTMENT OVERVIEW

## 545 GEOGRAPHIC INFORMATION SYSTEMS

## Mission

The Geographic Information Systems (GIS) aims to optimize Cook County's geospatial investment in information technology through collaboration, policy, strategic planning and services.

## Mandates and Key Activities

- Ensures maps and GIS data are available to County agencies
- Ensures maps and GIS data are available at no cost for public access via a web application
- Plans, organizes, and manages the resources and execution of successful GIS project goals and objectives
- Maintains, acquires, develops and designs GIS data and applications. Implements quality control measures

## Budget and Cost Analysis

In FY16, GIS will support the Countywide Integrated Property System, which is the largest new cost driver in the FY16 GIS budget. By directly funding this project in GIS, the County avoids debt-funding this major, transformative system. GIS is also providing project managers for four separate agencies to ensure the success of this project. By modernizing the property agencies' business process workflow from a single agency focus to a shared integrated process, the County will move from a 40 year old environment to a solution with a single data source, more efficient workflow, and an updated application hardware platform.

## STAR Goals/Key Performance Indicators

* Improve Customer Service: GIS will ensure that $99 \%$ of service requests for access to GIS maps, data and systems are responded to within the service levels established by the Bureau.

## DEPARTMENT OVERVIEW

## 070 COUNTY AUDITOR

## Mission

The mission of the Office of County Auditor (OCA) is to provide independent and objective assurance and consulting services designed to add value and improve the County's operations while promoting transparency and accountability in government. The OCA assists the County in accomplishing its objectives by bringing a systematic, disciplined approach to evaluating and improving the effectiveness of Countywide risk management, control, and governance processes.

## Mandates and Key Activities

- Follows County Ordinance, Chapter 2, Article IV, Division 6, Auditor, Sec. 2-311
- Conducts financial, management and performance audits of all Cook County departments, offices, boards, activities, agencies and programs and in any government entity that is funded in whole or in part by the County pursuant to the County's annual appropriation bill

## Budget and Cost Analysis

In accordance with the Institute of Internal Auditors (IIA) Standards the OCA has implemented a Countywide Risk Assessment Program, which includes an IT Risk Assessment.

The OCA strives to be responsive to management requests and provide extensive audit coverage. During FY 2015, the OCA will have issued 15 audit reports that provided audit coverage to 21 departments within the Offices under the President and nine Elected Offices.

The OCA aims to initiate audits that add value to County operations through the recommendations and the continued follow up on implementation of the recommendations. Since FY 2013, the audit reports have provided 80 recommendations from which 49 have been implemented.

The OCA provides assistance in the Comprehensive Annual Financial Report (CAFR) Audit to help ensure that the CAFR is issued six months after the end of the fiscal year.

In accordance with IIA and GAGAS Standards, the OCA underwent the required Quality Assessment Review (QAR) and received the highest standard with no audit findings.

In FY 2015, the OCA met the Generally Accepted Government Auditing Standards requirement for Continuing Professional Education and has a goal to meet the FY 2016 requirement.

The OCA maintains a portal to promote transparency, and accountability and information sharing. The OCA also publishes its audit reports on the external website.

## DEPARTMENT OVERVIEW

## 026 DEPARTMENT OF ADMINISTRATIVE HEARINGS

## Mission

The Department of Administrative Hearings was created to allow fair, efficient and impartial hearings of ordinance violations issued by County departments, Forest Preserves of Cook County, Office of the Recorder of Deeds and Office of the Sheriff.

## Mandates and Key Activities

- Provides an independent panel of adjudicators authorized to conduct administrative adjudication proceedings for departments, agencies, boards and commissions of the County
- Operates in a fair and impartial manner, provides transparency with respect to its proceedings and decisions, enter findings and orders which are consistent with due process laws and County ordinances
- Conducts training for all departments who issue violation notices, conducts hearings in suburban locations to provide better access for citizens, and identifies new organizations whose citations may be heard by the administrative hearings program

## Budget and Cost Analysis

For Fiscal Year 2016 the Department of Administrative Hearings is anticipating to adjudicate anywhere from 70,000-100,000 cases. These cases we project will bring in potentially $20,000,000$ in fines and costs. The Administrative Law Judges in conjunction with the staff drive the work of the department. Administrative Hearings projects and average cost per case to be around $\$ 15.00$, average cases per judge hour to be 7 , and the average judgment per ALJ hour at $\$ 2,200$. Our office has consistently increased the number of cases adjudicated and revenue generated since 2010 and we are confident that trend will continue.

## DEPARTMENT OVERVIEW

## 002 DEPARTMENT OF HUMAN RIGHTS AND ETHICS

## Mission

The Department of Human Rights and Ethics supports the Cook County Commission on Human Rights and the Cook County Board of Ethics.

## Mandates and Key Activities

- Enforces civil rights protections set forth in the Cook County Human Rights Ordinance through investigation, mediation and adjudication
- Enforces the Code of Conduct set forth in the Cook County Ethics Ordinance through investigation and adjudication
- Enforces minimum wage provisions of the Cook County Living Wage Ordinance through investigation and adjudication
- Audits D2 campaign contribution disclosures, lobbyist expenditure reports and County vendors for ethics compliance in accordance with the Cook County Ethics Ordinance
- Audits use of contingency funds by Cook County Board Commissioners in accordance with the Cook County Contingency Fund Guidelines Ordinance
- Provides formal and informal advice to County officials, employees, former employees, contractors and campaign donors on interpretation of the Ethics Ordinance
- Provides annual County ethics training and develops additional educational materials to promote knowledge and awareness of the Ethics Ordinance
- Conducts training and outreach programs for County departments and outside organizations to prevent discrimination before it occurs
- Engages in advocacy and research related to enhancement of civil rights protections, prevention of sexual harassment and promotion of better relations among the County's diverse racial, ethnic, religious, cultural and social groups

## Budget and Cost Analysis

The primary cost driver for the Department is personnel. Salaries and related costs have represented more than 90 percent of the Department's budget in the last three fiscal years and this will remain the primary cost driver in 2016.

## STAR Goals/Key Performance Indicators

* Improve human rights processes: The goal in 2016 is to eliminate the inventory of active cases pending of more than one year before the Commission on Human Rights and increase the speed of completing investigations.
* Increase awareness of the Cook County Ethics Ordinance: The Board of Ethics revamped its online ethics curriculum. By shortening the curriculum, the Board's goal is to increase the number of individuals trained. Additionally, the Commission has increased the number of advisory opinions it issues, increased the number of prophylactic audits it undertakes and responses to inquiries. The goal in FY2016 is to see a 25 percent increase in all of these metrics, achievable through the dedicated staffing of an attorney to the Board of Ethics
and an increase in the number of ethics investigators via cross-training of existing human rights investigators.
* Increase case closure rates per investigator per month: Case closure rates have risen by 162 percent in the last two years (i.e. from 2 in 2012 to 5.25 in 2014). By working to sustain this case closure rate, the Commission will reduce its standing inventory of cases aged less than one year at any given time in FY 2016 to 30 or less. This will help reduce the per investigator docket to a manageable size where cases can be investigated completely on average in 180 days or less.

## DEPARTMENT OVERVIEW

## 525 BOARD OF ELECTION COMMISSIONERS - ELECTION FUND

## Mission

The Board of Elections mission is to administer transparent, impartial, accurate election systems; manage voter registrations; safeguard rights of voters to cast ballots independently in a safe, quiet atmosphere, free of interference or intimidation; and inform voters of options to cast ballots through Absentee Voting, Early Voting and Election Day Voting.

## Mandates and Key Activities

- Administers all elections in the City of Chicago in keeping with the Illinois Election Code, Federal statutes and court rulings
- Maintains voter-registration records
- Processes candidate nominating petitions and hearing objections
- Prepares equipment and supplies for elections
- Communicates with voters on registration and voting options
- Identifies and secures polling places, equipment, judges of election and temporary staff during peak periods
- Under a newer law, the Board hears objections to petitions not only for districts in Chicago, but also for state and federal legislative offices that span portions of both Chicago and Suburban Cook.
- Performs quality-assurance reviews and investigations

## Budget and Cost Analysis

In 2015, the Board:
-Conducted the Municipal Election and Supplementary (Run-Off) Elections with turnout rates that surpassed those of any other major or mid-sized city;
-Worked to refine the new Electronic Poll Books and the new Election Management/Voter Registration System and new Web-Hosting Solution; -Continued to return unused funds to Cook County. Since 2010, the Board has returned \$4 million.
-Cut full-time and extra-hire headcounts to lowest levels ever.
-Experienced significant growth in the use of Vote By Mail in the Nov. 2014 General Election and the February/April 2015 Municipal Elections.
-Crafted a plan to combine the canvass mailing with an Election Notice and a Vote-By-Mail application to save upward of $\$ 400,000$ in postage; and, -Will hear candidate objections for the 2016 Primary Election.

In 2016, the Board plans to refine its electronic poll books and introduce an Election Coordinator program that will be geared to ensure a successful launch of Election Day Registration. The Board also will be the first jurisdiction (or among the first) to send Vote-By-Mail applications to each voter.

|  | Adopted | Adopted | Adopted |
| FTE Positions | 4.0 | 4.0 | 4.0 |

Online Registration - Last year, the state launched the online voter-registration system, and Chicago has accounted for the largest share of participants (29,000 of the state's 60,000 participants), roughly three times more than the next closest election authority in the state.

* Upgrade Electronic Poll Books \& Work to Replace Aging Ballot Scanners - EPoll Books gave Judges of Election a simple and comprehensive tool to assist all voters but the program must be upgraded to accommodate Election Day Registration. Current ballot scanners are the weakest links in balloting system. New scanners offer more security, reliability and lower ballot-printing costs.

## DEPARTMENT OVERVIEW

## 080 OFFICE OF THE INDEPENDENT INSPECTOR GENERAL

## Mission

The Office of the Independent Inspector General detects, deters and prevents corruption, fraud, waste, mismanagement, unlawful political discrimination and other forms of misconduct in the operation of Cook County government with integrity, independence, professionalism and respect for both the rule of law and the residents of Cook County.

## Mandates and Key Activities

- Continues to meet the goals set forth in the OIIG enabling ordinance and the Supplemental Relief Order entered in the matter of Michael Shakman, et al. v. Cook County, et al. (N.D. III.)
- Reviews and considers approximately 500 complaints annually for possible investigative action
- Investigates all complaints filed pursuant to the Supplemental Relief Order in the Shakman litigation
- Provides training to Cook County employees on the functions and mission of the OIIG and unlawful political discrimination and other unlawful practices
- In 2014, the OIIG considered a total of 511 complaints for investigative action. Of this number, 69 complaints originated from the Cook County Health and Hospitals System (CCHHS). As of July 14, 2015, the OIIG has considered 209 complaints for investigative action. Of this number, 35 complaints have originated from CCHHS. The OlIG's outreach and liaison efforts within the CCHHS community continues to be a priority and has been a factor in the number of complaints filed and operational reviews initiated. The OIIG has assigned full time investigative staff to Stroger Hospital which has has enabled this office to develop an insider's knowledge of issues specific to the hospital system. CCHHS employee access to the OIIG has been facilitated by their close proximity. Additionally, the investigative staff have developed advantageous working relationships due to their close proximity.
- In 2015, the OIIG will begin the implementation of a new Case Management System (CMS). The CMS will increase the proficiency of the OIIG by enabling the office to create, maintain and manage investigative files. Additionally, the CMS's search and index functions will provide the investigators with the added tools to more efficiently complete their cases. These systems have become the standard for the investigative community. By the end of 2015, the OIIG will possess the capabilities that these systems offer.
- In 2014,the OIIG initiated the practice of consensually recording subject interviews. This practice is considered to be a "best practice" in the IG Community and serves to support the integrity of the interview process. Since the inception of this practice in May 2014, the OIIG has recorded and transcribed a total of 27 subject interviews.
- In 2016, the OIIG will continue to focus its resources toward identifying fraud, waste, mismanagement, misconduct and unlawful political discrimination in Cook County Government and those doing business with Cook County. A significant OIIG investigative effort will be made to identify fraud in the contract and procurement areas, which can encourage cost savings and ensure compliance with the minority business participation requirements.
- In 2016, the OIIG will continue to initiate surveys and reviews to determine Cook County Government's compliance with policies and procedures as well as performance levels. These surveys and reviews will continue to be targeted to areas considered ineffective and inefficient as well as areas identified as having a strong potential for fraudulent activity. These efforts will ultimately result in
cost savings and better efficiencies for Cook County.
- In 2016, the OIIG will continue to focus a dedicated investigative staff in furtherance of the goals set forth in the Supplemental Relief Order entered in the Shakman v. Cook County litigation. These investigators will be solely focused on compliance monitoring and enforcement of the prohibitions of unlawful political discrimination. They will support the on-going efforts in these areas, which in the short term will include the increased work load resulting from the gradual transition of responsibility from the Compliance Administrator's Office to the OIIG.
- Initiates compliance audits, surveys and reviews to determine the efficiency and effectiveness of Cook County government agencies and departments.

## DEPARTMENT OVERVIEW

## 013 PLANNING AND DEVELOPMENT

## Mission

The Cook County Department of Planning and Development is committed to cultivating sustainable communities by fostering economic opportunities and business development; preserving and expanding the supply of safe, decent, and affordable housing; facilitating infrastructure improvements; promoting fair housing; and supporting social services and programs that address the problems of homelessness.

## Mandates and Key Activities

- Supports the expansion of economic opportunities
- Supports sustainable community investment
- Implements affordable housing strategies
- Supports social service and homelessness programs
- Improves performance and capacity of grants management personnel

## Budget and Cost Analysis

The Department of Planning and Development is the division of Cook County government identified to receive federal entitlement dollars from the U.S. Department of Housing and Urban Development (HUD). These funds are used to operate affordable housing, community development and economic development programs to improve the quality of life for low to moderate income people and/or communities within suburban Cook County.

Leveraged with our other economic tools and incentives these funds enable the Department of Planning and Development to promote and enhance economic stability in some of the county's most vulnerable areas.

Key programs supported by our grant programs include funding for public infrastructure (roads, sewer and water) projects; funding assistance to not-for-profit social service, planning and economic development agencies; funding for programs to prevent homelessness and to shelter and service the homeless; funding to invest in and create more affordable housing units in suburban Cook County and funding to assist in repairing and mitigating the effects of flooding caused by massive rainfall in the Spring of 2013.

The Department's budget is largely funded from the administrative allowance provided by the federal grants which fund the program activities enumerated above. As such the primary cost drivers for the department's budget include staff time and expenses directly related to delivering key program services. HUD establishes basic performance measurements connected to the County's program design and delivery which recognize efficiency in distributing funds; job creation for low income individuals, elimination of slum and blight, creation of affordable housing units and others as mandated by Congress. In addition, the department is establishing output measures which recognize our successes utilizing these funds to further the Bureau of Economic Development's goals and mission.

## STAR Goals/Key Performance Indicators

* Better leverage federal entitlement resources to support community and economic development investments: The decline in federal funds makes it imperative to leverage federal funds by engaging with other public and private partners to develop affordable housing, jobs and business growth in communities primed for opportunity. Federal funds will be targeted to catalytic developments in areas where partnerships bring the critical mass for substantive improvements. Leverage has significantly increased compared to the prior year.
* Expand the resources available to complete community development projects throughout Cook County: The Department will broaden the tools and resources available for development in suburban Cook County by aggressively pursuing new resources individually or with partner organizations and supporting efforts to create new revenue streams. In addition to the substantial new grant resources via CDBG-DR, the Department won a new competitive grant in 2014 and continues to pursue new opportunities and work toward attracting additional resources to the suburbs.
* Track the impact of investments across Cook County: In a time of declining resources, demonstrating success becomes increasingly important. The Department is developing mapping and reporting mechanisms to help articulate the success of efforts to effectively manage resources and coordinate investments across its own funding programs and with municipal, non-profit and private partners. In tandem with Planning for Progress, the Department is engaging a consultant to assist with the implementation and evaluation of the resulting plans.

## DEPARTMENT OVERVIEW

## 027 OFFICE OF ECONOMIC DEVELOPMENT

## Mission

The mission of the Cook County Bureau of Economic Development is to foster economic growth and community development within Cook County. The Bureau of Economic Development provides overall strategic management of all programs and ensures cooperation and collaboration across departments.

## Mandates and Key Activities

- Foster business growth, attraction and retention
- Support job creation and sustainable employment
- Encourage sustainable community investment connecting housing, employment, development and transportation
- Promote affordable housing
- Advance regional planning focused on the integration of economic, physical and social infrastructure
- Support the development of a long range capital improvement program
- Direct enforcement of Building and Zoning regulations

## Budget and Cost Analysis

The Office of Economic Development's work is guided by Partnering for Prosperity, An Economic Action Agenda produced by the President's Council of Economic Advisors (CEA) which outlines nine strategies to further the economic growth of the County and Planning for Progress which builds upon the nine strategies and outlines a five year roadmap for the Bureau's economic development, affordable housing and community development efforts.

The department's budget for FY 2016 reflects an expanded role for promotion of economic development in Cook County through multiple channels. By redeploying existing staff resources and leveraging additional grant, foundation and corporate support, the new Regional and Strategic Initiatives oversees these critical activities.

## DEPARTMENT OVERVIEW

## 160 BUILDING AND ZONING

## Mission

The Building and Zoning Department promotes the health, safety and welfare of unincorporated Cook County residents by performing responsible and timely inspections of buildings and properties and enforcing all applicable building codes and zoning ordinances.

## Mandates and Key Activities

- The Department must inspect annually, semi-annually or otherwise such buildings, structures, equipment, sites or parts thereof relating to all: theatres, churches, schools, daycare centers, restaurants, other assembly buildings and multiple dwellings of four or more units.
- Develops and administers rules and regulations governing the erection, construction, alteration, demolition, or relocation of all buildings and structures within designated single family, general residence, commercial, industrial, and publicly zoned districts of unincorporated Cook County and the Forest Preserve District of Cook County.

## Budget and Cost Analysis

The Department conducts 2,150 annual plumbing and electrical inspections by two teams of four inspectors per year throughout the 65 square miles of unincorporated Cook County, generating approximately $\$ 542,000$ annually in revenue.

The Department averages 4,130 building inspections per month. The Department currently has 18 inspectors and each inspector performs approximately 2,753 inspections per year.

The Department continues to improve current processes and procedures by working closely with Bureau of Technology (BOT) to finalize a web-based permitting system that will be completed at the end of calendar year 2015. In FY 2016 the Department will continue working with BOT to implement and expand the electronic, web-based, building permit and inspection process. This system will continue to improve the efficiency of staff and will result in a higher level of customer service.

## STAR Goals/Key Performance Indicators

* Issue building permits in a timely fashion to support private improvements and investments: The target metric in 2015 for the number of building permits issued is 200 per month and to date the Department issued 167 permits on average per month. The volume of permits varies due to intangibles such as the weather and the economy.
* Continue regular building inspections: The target metric in 2015 for inspections is 4,000 per month; the Department currently averages 4,130 per month putting
the Department very close to its target. The Department does not completely control the number of inspection requests that it receives. Inspection requests vary with the economy, season and other factors.
* Improve departmental efficiency and effectiveness: The Department's efforts to educate customers regarding what constitutes a complete building permit application have been effective. The number of incomplete application submittals for 2015 was targeted at 0 and to date there have not been any incomplete applications submitted.

## DEPARTMENT OVERVIEW

## 170 ZONING BOARD OF APPEALS

## Mission

The Zoning Board of Appeals (ZBA) is a governmental agency made up of a Chairman and six Board Members, a Secretary, and four supporting staff. Its primary duty is to aid the public in considering all rezoning appeals pertaining to land uses in unincorporated areas.

In addition to the activities of the Zoning Board hearings, the Secretary to the Board and staff process hundreds of requests for information regarding the zoning status of unincorporated land in Cook County. The Secretary is also responsible for the dissemination of information regarding requests for changes in zoning.

## Mandates and Key Activities

- Provides excellent service to the public and hearing participants
- Provides public notice in accordance with the Zoning Ordinance
- Submits final findings to the Cook County Board no more than 120 days following a public hearing date
- Completes hearing process in a timely manner by scheduling hearings no more than 45 days following referral

## Budget and Cost Analysis

The Zoning Board of Appeals plans to continue transitioning to a more centralized and computer based system and process that will lead to greater access, effectiveness, efficiency and transparency. As a cost effective measure, the ZBA is currently holding hearings at the Cook County Administration Building. Due to this change, there has been a savings in court reporting fees of $\$ 223$. Using a 10 year average number of applications the discontinuation of township hearings has saved over $\$ 6,000$ on travel. As of June FY15, ZBA had saved $\$ 730$ by holding hearings at the downtown County campus.

The Zoning Board is also currently working to amend the Zoning Ordinance to allow for more efficient and effective operation of the Department of the Zoning Board of Appeals.

## DEPARTMENT OVERVIEW

## 586 COOK COUNTY LAND BANK AUTHORITY

## Mission

The Cook County Land Bank will work throughout Cook County to reduce and return vacant and abandoned properties back into productive and sustainable community assets.

## Mandates and Key Activities

- In order to accomplish the mission of reducing and returning vacant and abandoned properties back into productive and sustainable community assets, the Cook County Land Bank Authority (CCLBA) will acquire, hold, and transfer interest in real property to promote redevelopment; support targeted efforts to stabilize neighborhoods; stimulate residential, commercial and industrial development; all in ways that are consistent with goals and priorities of local government partners. CCLBA anticipates that a portion of the properties it acquires will require demolition of structures and preparation of land for reuse, while others may have structures that can be stabilized and rehabbed for sale or rent.

## Budget and Cost Analysis

The Land Bank Authority was created to provide a single purpose entity to work with local governments, community stakeholders, private developers, and others to repurpose vacant property, promote economic development, and encourage neighborhood stabilization. Through its powers, CCLBA will acquire and hold property, clear taxes and liens, create conveyance agreements for future redevelopment, and encourage community planning for repurposing of land for new uses.

Recently the recipient of $\$ 4,500,000$; the largest grant awarded to date from Illinois Attorney General Madigan's share of the National Foreclosure Settlement, CCLBA is equipped to independently carry forward its mission. CCLBA will also generate revenues to support its work from donations, transaction fees, and proceeds from the sale of properties it acquires. In FY16, the CCLBA anticipates selling 150 homes at $\$ 15,000$ and 150 properties at $\$ 2,500$.

## DEPARTMENT OVERVIEW

## 890 HEALTH SYSTEM ADMINISTRATION

## Mission

To deliver integrated health services with dignity and respect regardless of a patient's ability to pay; foster partnerships with other health providers and communities to enhance the health of the public; and advocate for policies that promote the physical, mental and social well being of the people of Cook County.

## Mandates and Key Activities

- Maintains compliance with Centers for Medicare and Medicaid across the system
- Maintains compliance with the Illinois Department of Public Health and the Illinois Health Facilities and Services Review Board across the system
- Complies with the Shakman Decrees across the system
- Complies with Cook County Human Rights Ordinance across the system
- Maintains Laboratory accreditation by College of American Pathologists (CAP) and The Joint Commission
- Complies with the privacy management provisions of the Health Insurance Portability and Accountability Act (HIPAA), the Health Information Technology for Economic and Clinical Health Act (HITECH) and other state and federal laws protecting the confidentiality of health information across the system

## Budget and Cost Analysis

CCHHS launched its patient portal in 2014 providing patients and providers with new avenues for communication and meeting federal Meaningful Use requirements. Today, 15,000 patients are using portal.

A key focus of 2015 was the continued financial stability of the Health System while stabilizing and growing a new managed care plan and continuing to meet our mission of caring for anyone without regard for their ability to pay.

The 2014 fiscal year external audit conducted in 2015 further revealed financial stability of the Health System in showing a growth in our net position of $\$ 22$ million.

The 2016 budget further reduces the Cook County Health Fund Allocation by \$39M; representing a reduction since 2009 of more than $\$ 350$ million in the health fund allocation.

The growth of CountyCare is largely responsible for the decreased reliance on the health fund allocation. The number of patients enrolled in the County's managed care network, CountyCare, has increased to 169,034 through September 2015, and is projected to grow to an average of 178,457 in 2016.

Key initiatives for 2016 focus on improving the patient experience and access, and building additional capacity within CCHHS. In 2015, CCHHS developed a call center, central scheduling operation and optimize staffing levels across the system to meet service needs in the new competitive market. Call center is taking 2,000 calls per day.

Additional efforts aimed at improving financial performance are centered around maximizing CCHHS' mail order pharmacy, improving care coordination for patients and leveraging technology in supply chain and business intelligence.

The 2016 budget identifies opportunities to bring services in-house and maximize
effectiveness of existing contracts.

## DEPARTMENT OVERVIEW

## 240 CERMAK HEALTH SERVICES OF COOK COUNTY

## Mission

To provide constitutionally required health care to residents in the Cook County Department of Corrections in accordance with acceptable correctional standards of care, accreditation and state and local regulatory requirements, and nationally recognized minimum standards of practice.

## Mandates and Key Activities

- Oversees the healthcare needs of approximately 100,000 inmates annually
- Complies with the Department of Justice (DOJ) Agreed Order related to medical, dental and mental health care
- Maintain accreditation with National Commission on Correctional Healthcare (NCCHC) for opiate treatment program
- Initiates NCCHC Accreditation process in FY 2016

## Budget and Cost Analysis

In preparation to meet the standards for NCCHC accreditation and to comply with the DOJ requirements, Cermak has continued a number of service and process improvement projects. The Recruitment and Hiring initiative has resulted in the addition of a number of new employees particularly in nursing personnel during 2015; this effort is ongoing and will continue into 2016. Access to Care activities has added onsite specialty clinics in 2015 and the Health Service Requests Initiative continues to streamline detainees' requests and will continue to be modified in 2016.

A number of medication administration activities, including electronic documentation for medication administration, utilization of FastPak technology and increased activation of Pyxis in units housing high risk patient populations, have resulted in improved accountability and streamlined processes for the delivery of medications in 2015. Barcode Medication Administration in Special Care Units and Detox will be piloted in 2015 and if successful, implemented in areas in 2016. Cermak will continue expanding its multidisciplinary chronic disease program and will also continue to expand discharge planning initiatives with CCHHS and community partners.

In 2016, Cermak will continue improving response time to care, a metric which was introduced in 2015. The percent of Health Service requests triaged within 24 hours was $96.5 \%$ in 2015, and Cermak is targeting $99 \%$ for the 2016. In order to reach this target, a process of daily form collection, data entry, response and internal auditing has been implemented. Another measure of Cermak's responsiveness to patients is response time to grievances. In 2016 Cermak's goal is to respond to $99 \%$ of all grievances within seven days of filing.

## DEPARTMENT OVERVIEW

## 241 HEALTH SERVICES - JTDC

## Mission

To provide constitutionally required medical and mental health care to the residents at the Cook County Juvenile Temporary Detention Center (JTDC) in accordance with acceptable community standards of care, accreditation and state and local regulatory requirements, and nationally recognized minimum standards of practice.

## Mandates and Key Activities

- Substantial compliance with The Annie E. Casey Foundation Juvenile Detention Alternatives Initiative (JDAI) standards
- Maintain accreditation status with the National Commission on Correctional Health Care (NCCHC)
- Consultation room on every pod
- Transition to the utilization an Electronic Medical Records (EMR) system
- Implement on-site clinic scheduling system in Cerner

## Budget and Cost Analysis

On February 9, 2015, the Office of the Chief Judge introduced a new superintendent for the JTDC. The Federal Transitional Administrator's appointment terminated effective September 30, 2015. The MOA/MIP/ASO under the Federal Court ended and the Annie E. Casey Foundation Juvenile Detention Alternatives Initiative (JDAI) standards became the benchmark of standards to meet. Compliance to the JDAI standards are monitored by a Special Assistant to the Chief Judge

The NCCHC is scheduled to perform a three-year re-accreditation survey in November 2015. The new JTDC Superintendent is fully engaged in the process.

The Cerner Electronic Medical Record contract was approved by the Board in December 2014. Capital Planning is placing the necessary wireless infrastructure and fire wall by year end 2015. Medical process flow studies will occur, Cerner software will be customized, and interface with JTDC's new Resident Management Information System (RMIS) in 2016. Training and rollout will be complete by the end of 2016.

JTDC operations will move towards providing dedicated medical space for patient care and mental health services on each residential pod. This is intended to reduce movement of residents within JTDC and to allow space for delivery of services in a more confidential manner.

Cermak Health Services at JTDC will need to continue to adapt and expand operations as necessary to provide services to the changing population of residents at the facility. A third of the JTDC population are now 17 years old with longer stays requiring more medical and dental services.

## STAR Goals/Key Performance Indicators

* Substantial Compliance with The Annie E. Casey Foundation Juvenile Detention Alternatives Initiative (JDAI) - Cermak at JTDC must demonstrate substantial compliance with the JDAI standards as the facility transitioned to a new Superintendent hired by the Office of the Chief Judge. Compliance is monitored through updates submitted to the Juvenile Health Committee monitored by the Special Assistant to the Chief Judge.
* Maintain NCCHC Full Re-Accreditation - Continue to operate within NCCHC standards for health services in juvenile detention. Adapt to the new 2015 NCCHC standards.
* Electronic Medical Records - Project is on schedule to be completed by target date of December 2016.
* Electronic on-site clinic scheduling at the facility - Transition to electronic scheduling of on-site clinic appointments in Cerner.
* Consultation Room on each residential pod - Medical and mental health staff will utilize the consultation room while providing health services which include nursing triage, health service request assessment, medication administration, mental health interview, and other health services as appropriate.

## DEPARTMENT OVERVIEW

## 891 PROVIDENT HOSPITAL OF COOK COUNTY

## Mission

To deliver health services with dignity regardless of a patient's ability to pay, partner with communities and providers to enhance public health, and advocate for policies that promote the physical and mental well-being of Cook County citizens.

## Mandates and Key Activities

- Maintains hospital accreditation from the nationally recognized The Joint Commission
- Maintains accreditation for clinical services, including the College of American Pathologists (CAP)
- Enhances diagnostic imaging and radiologic clinical capabilities
- Improves the patient experience
- Improves capacity management in the ED and inpatient units

## Budget and Cost Analysis

The main objective in 2015, and going forward into FY 2016, is improved services and patient experience. Same day surgical procedure volume continues to rise positively impacting the system backlog for elective surgical procedures.

In 2015, a leadership rounding program was implemented to provide ongoing communication and relationship building with employees and patients. Rounding demonstrates to employees and to the patients the organization's commitment to provide safe, quality care. By interacting with employees and patients on a consistent basis, leaders are able to proactively understand employee needs and manage the patient experience to ensure expectations are met.

The hospital upgraded to digital mammography in 2015, and will be building additional capacity with this new technology. Additionally, an ophthalmology center opened this year with the ability to perform eye surgeries.

In 2016, the Capital Improvement Plan will begin the process for adding a new health and diagnostic center in the Provident community area.

## STAR Goals/Key Performance Indicators

*Venous Thromboembolism (VTE) Prevention: Blood clots (VTE) are an avoidable public safety issue commonly associated with hospital stays which we are proactively minimizing. In FY 2014 prevention was at $89 \%$. This increased to a projected 95\% prevention rate in FY 2015. For 2016 we are targeting a rate of $99 \%$ VTE prevention.
Surgery Begins at Schedule Time: To assess operating room efficiency, we convened a work group which has identified both patient and systematic barriers to beginning surgeries on time. Some of the "low hanging fruit" identified by the work group include better signage and patient education,
developing seamless transitions between areas of the Operating Room, access to on-site interpreter services and improved registration efficiency. Thus far in FY 2015, it is projected that $68 \%$ of surgeries began at the scheduled time, and we have set a target of 85\% for FY 2016.
*Willingness to Recommend Hospital: A key indicator of the quality of care and patient experience is our patients' willingness to recommend our services and hospitals to others. This is also indicative of our ability to attract and retain patients. Our goal is to increase patients' willingness to recommend our services to 85\% in FY 2016.

## DEPARTMENT OVERVIEW

## 893 AMBULATORY AND COMMUNITY HEALTH NETWORK OF COOK COUNTY

## Mission

To deliver quality health services with dignity and respect regardless of a patient's ability to pay, partner with communities and providers to enhance the health of the public, and advocate for policies that promote the physical, mental and social wellbeing of Cook County's citizens.

## Mandates and Key Activities

- Ambulatory and Community Health Network, Ambulatory Care Certification, The Joint Commission.
- Ambulatory and Community Health Network, Primary Care Medical Home Certification, The Joint Commission.
- Comply with regulations as required by Illinois Department of Public Health, and Illinois Health Facilities Services and Review Board, Illinois HFS for managed care providers.

## Budget and Cost Analysis

During FY2015, the total number of patients treated and visits generated in all ACHN centers was approximately 232,000 and 694,000 respectively. CCHHS is transforming the approach to primary care for patients at the system's 16 primary care clinics. This new focus includes working with patients to assign them to a health care site that serves as their "medical home" to improve care continuity, the patient provider relationship and patients' health status. The system's efforts were recognized in 2015 when we received Primary Care Medical Home certification from The Joint Commission.

Comprehensive ophthalmology services were established at Provident Hospital, with clinics five days a week that offer various subspecialties. Ophthalmology services are also being expanded at Oak Forest Health Center. Clinical services were consolidated into the E-Building on the Oak Forest Health Center campus to improve patient's access to services at this location. ACHN also held an education day for over 400 staff to present and review medical home concepts and principles.

The Ruth M. Rothstein CORE Center had more than 44,400 visits, caring for individuals with HIVIAIDS and other infectious diseases, providing a wide array of primary and specialty care, education and social support services

The services provided by courthouse-based public health clinics were transferred to ambulatory clinics within the CCHHS system to better connect individuals who have or are at-risk for chronic or infectious diseases with a primary medical home.

During FY2016, a strong emphasis will be placed on the patient experience, accessibility and amenities-key elements that will draw patients to choose ACHN. Relocating/improving community based services based on patients' needs, facility location and condition will be examined. ACHN will also identify options for efficient, cost effective regional ambulatory centers.

ACHN will work closely with the Cook County Department of Capital Planning and Policy to develop CCHHS plans for new buildings that will include new outpatient clinical space replacing the Fantus clinic.

ACHN will also be exapnding Oral Health services and WIC in community centers, behavioral health services to reduce unnecessary detention and emergency room
visits. CCHHS expects to pilot a Community Triage Center in 2016 to provide community based mental health resources.

## DEPARTMENT OVERVIEW

## 894 RUTH M. ROTHSTEIN CORE CENTER

## Mission

The mission of the Ruth M. Rothstein Core Center is to provide the highest quality care for persons affected by infectious diseases with respect, dignity and compassion without regard to their ability to pay; to ensure a patient-centered and consumer-guided environment; and to seek to better understand and to prevent these diseases through education and research.

## Mandates and Key Activities

- Improve alignment with US National HIVIAIDS Strategy by increasing HIV testing across CCHHS, linking those diagnosed with HIV to care, retaining them in care and treating them to achieve virologic suppression.
- Improve consistency in delivering a positive experience to all patients in alignment with CCHHS "Patient Experience Initiative".
- Achieve certification as a patient centered medical home (PCMH) to solidify HIV Primary Care practice as a part of CCHHS and ACHN ACO evolution.
- Continue progress toward use of all clinical data from electronic sources (EMR) for Quality Assurance and Grant Reporting. Complete work with CCHHS HIV partner clinics toward alignment and comparability on QA and Patient Satisfaction measures. Improve use of business intelligence for grants, quality, management, and public health/prevention efforts.
- Increase efforts at prevention of HIV through Pre-Exposure Prophylaxis (PrEP).
- Expand capacity to test, treat, and cure Hepatitis C in support of CCHHS and CountyCare.

## Budget and Cost Analysis

The CORE Center revamped their Quality plan in early 2015 to ensure alignment with the US National HIVIAIDS Strategy (NHAS), focusing on HIV testing, linkage to care, retention in care, and virologic suppression in HIV+ patients.

CORE largely completed implementation of measures needed to meet Patient Centered Medical Home standards in 2015. This is key to serving as a primary care provider for our HIV+ patients under ACO standard of the Affordable Care Act.

As part of the expansion of options for fighting the HIV epidemic CORE opened a HIV Pre-Exposure Prophylaxis (PrEP) clinic in April 2015 to provide medications to prevent HIV acquisition in high-risk individuals.

In support of our broader mission to combat all infectious diseases CORE began providing ultrasound based liver elastography (Fibroscan) to patients with Chronic Hepatitis B and C. We were the first provider in Chicago to offer this safe noninvasive alternative to liver biopsy for staging liver fibrosis.

## STAR Goals/Key Performance Indicators

* HIV testing in CCHHS stabilized in 2015 and with Business Intelligence and Dept of Labs we analyzed testing in key CCHHS venues.
$\star 94 \%$ of all patients newly diagnosed with HIV in CCHHS are seen in a CCHHS HIV clinic within 90 days of diagnosis.
$\star 77 \%$ of CORE patients are engaged and retained in care compared to $66 \%$ across Illinois
$\star 88 \%$ of CORE patients have good virologic suppression compared to $76 \%$ in other Illinois clinics.
* $88 \%$ of CORE patients report that they would Definitely Recommend us to a friend or relative with HIV.
$\star 74 \%$ of CORE HIV+ patients have health insurance.

## DEPARTMENT OVERVIEW

## 895 DEPARTMENT OF PUBLIC HEALTH

## Mission

The Cook County Department of Public Health (CCDPH) works to achieve health equity for all Suburban Cook County residents through its leadership and partnerships promoting healthy lifestyles, while advocating for the environmental and social conditions necessary for physical, mental, and social well-being.

## Mandates and Key Activities

- Monitors health status to identify community health problems
- Diagnoses and investigates health problems and hazards in the community
- Informs, educates, and empowers people about health issues
- Develops policies and plans that support individual and community health efforts
- Enforces laws and regulations that protect health and ensure safety
- Evaluates effectiveness, accessibility, and quality of personal and populationbased health services

## Budget and Cost Analysis

Mandated functions as an Illinois state certified local health department including communicable disease control, public health nursing case management of high risk infants, emergency preparedness, and environmental health inspections will continue in 2015.

Leading health outcomes, including chronic diseases, sexually transmitted infections, and injuries including violence, related causes including direct risk factors and social and community determinants of health, such as the role food, physical activity and community infrastructure and policies will be incorporated into both community health improvement planning in WePLAN2020 and in the revision of the CCDPH Strategic Plan.

The need for technology to aid in the surveillance and activity of current and new disease outbreaks in Cook County will be articulated in our planning efforts for 2016. An evaluation of technology to identify locations of field staff in the event of an emergency in order to best redeploy will be evaluated.

## STAR Goals/Key Performance Indicators

* Number of school districts with school wellness councils and action plans - To comply with Federal Law 103-265 and Public Act 94-1099, schools districts are required to have a wellness policy consistent incorporating recommendations from the Centers for Disease Control and Prevention to reduce the incidence and impact of chronic diseases resulting from obesity, inactivity, and poor nutrition choices. CCDPH provided technical assistance to support school districts through suburban Cook County (SCC). The target for FY2013 was five and the target was met during 2 nd quarter with seven school districts with
school wellness councils and action plans.
* Percent of food establishments with isolated illness complaints inspected within two business days of receipt of complaint. Isolated illness complaints are prioritized lower than outbreaks but have the potential of becoming larger scale if not adequately assessed for breakdown of sanitation standards. The target of $90 \%$ has been consistently met.
* Average contact index per case of primary and secondary syphilis. The goal of case investigation is to identify as many contacts to the case as possible so that they can be notified and receive education, screening, and treatment to prevent further spread of syphilis. The target was set to 1 .
A team of 11 CCDPH staff along with an expert trainer recently conducted a 5day Kaizen quality improvement event. The goal of the Kaizen event was to reduce the mean time for case investigation for field-initiated gonorrhea and Chlamydia cases under the age of 35 by $10 \%$ (baseline: 81 days) within 3 months.

The STI Program unit will track three quantitative time measures to monitor project progress on reaching our goal of closing a field initiated case in under 73 days:

1. The number of days from receipt of a GC or CT case by CCDPH to when it is verified as untreated by surveillance personnel and assigned to the field will be examined. The target time the agency would like to achieve for this measure is less than 40 days in order to attain the goal of $10 \%$ reduction in overall processing time.
2. The number of business days from when a case is assigned to DIS to when a field investigation is initiated (target less than 3 business days).
3. The number of days from when a field investigation is initiated by DIS to case closure. (Target: within 30 days)

## DEPARTMENT OVERVIEW

## 896 MANAGED CARE

## Mission

To adminster comprehensive Medicaid benefits for Cook County residents through a Primary Care Medical Home (PCMH) model contracted by CountyCare Health Plan. Efficiently administer the infrastructure to implement all aspects of the health plan as required by federal and state authorities.

## Mandates and Key Activities

- Implement all Medicaid health plan requirements as defined by the County Managed Care Community Network (County MCCN) agreement with the Illinois Department of Healthcare and Family Services
- Maintain and enhance a provider network, centered upon CCHHS facilities and services that expand capacity to provide Medicaid-covered ambulatory and inpatient health care
- Establish improved transitions of care and effective, efficient utilization of specialized care for patients enrolled in the managed care network
- Provide access to services for enrolled patients that complies with terms of the waiver, a Managed Care Community Network (MCCN), and current definitions of quality health care

## Budget and Cost Analysis

In FY 2015, CountyCare expanded populations served beyond Affordable Care Act (ACA) Adults to all Medicaid-covered populations including Family Health Plans (FHP) and Seniors and Persons with Disabilities (SPDs). During FY 2015, CountyCare's monthly enrollment exceeded projected budget.

In FY 2016 CountyCare will be further implementing cost-savings and cost-control measures focused on delivery of care and management of covered services, and developing comprehensive reports including financial, clinical and compliance measures, in addition to its standard metrics reporting. CountyCare plans to expand its provider-level care coordination model across the health plan, and develop an integrated approach to behavioral health care. Additional initiatives aim to assist members with the re-determination process so members are able to retain Medicaid eligibility.

## DEPARTMENT OVERVIEW

## 897 JOHN H. STROGER, JR. HOSPITAL OF COOK COUNTY

## Mission

To deliver health services with dignity and respect regardless of a patient's ability to pay, partner with communities and providers to enhance public health, and advocate for policies that promote the physical and mental well-being of the people of Cook County.

## Mandates and Key Activities

- Maintains accreditation from the nationally recognized The Joint Commission
- Enhances Imaging and Radiological clinical capabilities
- Improve the patient experience
- Improve capacity management in the Operating Room
- Improve capacity management in the ED and inpatient units

## Budget and Cost Analysis

The overarching goal of Cook County Health and Hospitals System is to improve the patient experience by increasing access to and the quality of care. To that end, a number of initiatives were completed in 2015 at Stroger hospital, and several new initiatives are underway leading into the next fiscal year.

In FY 2015, Stroger continued to show improvement in publicly reported core measures of clinical quality. The Stroger Burn Unit received the National Burn Center Verification from the American Burn Association.

A major effort was undertaken to improve patient flow and increase bed capacity in the Emergency Department (ED) and the inpatient units. A work group established targets, improved processes, and has exceeded all targets for the past fiscal year. In 2015, the Stroger ED decreased arrival to discharge time by 35\% and decreased the percent who "left without being seen" by $75 \%$.

In 2015, Stroger hospital installed two new linear accelerators to replace obsolete machines in the Radiation Therapy Services department, which had reached the end of their functional capacity. In addition, CCHHS installed a new MRI to provide over 7,000 MRIs annually. To reduce overtime and increase efficiency, CCHHS added a second shift for the mail order pharmacy.

The main objective for FY 2016 is to continue standardizing processes through targeted initiatives which will improve patient experience and the quality of care provided. In 2016, facility updates will enhance the Stroger hospital operating rooms, and new processes for supply inventory management and sterilization will be implemented. In addition, Stroger hospital will utilize more efficient staffing models by staffing to patient volumes. Several clinics will be relocated into Stroger facilities, to improve patient and family experience. The hospital will continue increasing access to our primary care and specialty clinics through initiatives such as central scheduling. Stroger will continue to work toward operating at maximum efficiency by improving its processes and support the needs of the CCHHS medical home model of the Ambulatory and Community Health Network.

## STAR Goals/Key Performance Indicators

* Venous Thromboembolism (VTE) Prevention: Blood clots (VTE) are an avoidable public safety issue commonly associated with hospital stays which we are proactively minimizing. In FY 2014 prevention was at 85\%. This remained relatively flat in FY 2015, with a projected $86 \%$ prevention rate. For 2016 we are targeting a rate of 99\% VTE prevention.
$\star$ Surgery Begins at Schedule Time: To assess operating room efficiency, we convened a work group which has identified both patient and systematic barriers to beginning surgeries on time. Some of the "low hanging fruit" identified by the work group include better signage and patient education, developing seamless transitions between areas of the Operating Room, access to on-site interpreter services and improved registration efficiency. Thus far in FY 2015, it is projected that $66 \%$ of surgeries began at the scheduled time at Stroger hospital, and we have set a target of 85\% for FY 2016.
*Willingness to Recommend Hospital: A key indicator of the quality of care and patient experience is our patients' willingness to recommend our services and hospitals to others. This is also indicative of our ability to attract and retain patients. Our goal is to increase patients' willingness to recommend our services to 85\% in FY 2016.

## DEPARTMENT OVERVIEW

## 898 OAK FOREST HEALTH CENTER OF COOK COUNTY

## Mission

The mission of the Oak Forest Health Center (OFHC) is to provide high caliber medical care for adults and a wide range of specialty and diagnostic outpatient services. OFHC also provides access to immediate care (non-emergency) services and on-site primary care - matching the health services with the greatest need, which today, are outpatient services. OFHC is dedicated to improving the patient experience of care in the outpatient setting.

The budget related to the clinical care and clinical support functions of the Oak Forest Health Center have been transitioned into the Ambulatory and Community Health network (Dept. 893), and the STAR metrics listed below reflect overall operations of ACHN. The 898 budget reflects the buildings and grounds, maintenance, security and food service staff and related expenses to properly maintain, secure and service the entire campus.

## Mandates and Key Activities

- Secures the campus, patients, employees and visitors
- Maintains and repairs the buildings and grounds

## Budget and Cost Analysis

The Oak Forest Health Center is a 340 acre campus consisting of more than 1.2 million square feet of building space. Full time buildings and ground trades people, security, and food service workers provide around the clock support to clinical operations.

## DEPARTMENT OVERVIEW

## 544 LEAD POISONING PREVENTION FUND

## Mission

To reduce the presence of lead-based hazards and environmental toxins in Cook County dwellings.

## Mandates and Key Activities

- Provide funding and coordination of remediation activities to correct lead-based paint hazards in low-income residential buildings through the Lead Poisoning Prevention Grant Program.
- Conduct primary prevention, surveillance, and education initiatives.
- Work for policy, systems, and environmental change that support healthy homes practices.

## Budget and Cost Analysis

Lead-based paint continues to be a source of lead exposure in private residences that can lead to learning disabilities, mental retardation, behavioral problems, lowered IQ, stunted growth and hearing impairment in children and requires abatement and mitigation to reduce the negative impact on children's cognitive, physical and social-emotional development.

The Lead Poisoning Prevention Fund helps to prevent childhood lead poisoning and advance healthy homes initiatives among the population of Cook County. Since 2002, when a grant program was implemented to support the elimination of lead-based paint hazards in low-income homes, the Cook County Department of Public Health (CCDPH) has funded lead-based paint hazard remediation in 1,064 property units. In 2015, CCDPH coordinated remediation work in its suburban jurisdiction, and granted funds to the City of Chicago and the City of Evanston for the removal of lead-based paint hazards in those municipalities.

In addition to lead-based paint hazard remediation, the Lead Poisoning Prevention Fund also supports education and outreach activities and initiatives that support policy, systems and environmental changes to support lead poisoning prevention and healthy homes best practices in the region. In 2015, the program continued to educate healthcare providers to ensure that children receive recommended screening and referral to services. New education materials were developed to provide parents with information on how to reduce the risk of lead poisoning in their children. New outreach activities included education to several municipalities regarding lead poisoning risks, as well as the provision of technical assistance to communities as they completed the lead poisoning prevention element of their Community Development Block Grant Consolidated Plan. Additionally, CCDPH continued its collaboration with Loyola University and the Chicago Department of Public Health to develop and execute a regional healthy homes agenda. Finally, a client satisfaction survey was implemented to assess the quality and effectiveness of the CCDPH lead program. The program will use quality improvement principles to address and correct any issues identified through the surveys.

In 2016, the program plans to expand its work with the healthy homes collaborative by leading a work group to identify priority activities and action steps for achieving healthier homes in the region. CCDPH will continue to provide high-quality home visits and environmental lead risk assessments for children with elevated blood lead levels, and provide surveillance data and technical assistance to community stakeholders. CCDPH will continue to fund lead-based paint hazard remediation for low-income home owners in Cook County, both through its own program and
through the provision of grant funds to municipalities. Additionally, CCDPH will identify opportunities to provide lead remediation and education activities in highrisk communities by supporting innovative local programs that address the longstanding need for lead-based paint hazard elimination, as well as activities that address emerging issues, such as reducing the use of lead-glazed pottery and lead contaminated make-up, candy and spices.

## STAR Goals/Key Performance Indicators

*Increase the number of lead-safe dwellings in Chicago, Evanston and other suburban Cook County communities through abatement and mitigation activities in at least 50 private residences.

* Provide education on prevention of lead poisoning to at least 50 health care providers.
* The proportion of children with blood-lead levels above $20 \mathrm{mg} / \mathrm{dL}$ who receive timely joint visits from public health nurses and environmental lead inspectors to above $90 \%$.

## DEPARTMENT OVERVIEW

## 564 TB SANITARIUM DISTRICT

## Mission

To prevent, diagnose, treat, and care for residents of suburban Cook County with TB infection.

## Mandates and Key Activities

- Educate about tuberculosis disease and its transmission.
- Provide treatment (including directly observed therapy, i.e., DOT) and case management services to residents diagnosed with tuberculosis.
- Conduct surveillance to control and prevent the spread of tuberculosis.
- Initiate contact investigations to identify those with tuberculosis infection and to provide treatment in order to minimize the chance of developing contagious TB.

## Budget and Cost Analysis

The Cook County Department of Public Health (CCDPH) is the state-certified public health agency for suburban Cook County for tuberculosis (TB) prevention, care, control, and treatment. CCPDH serves the people of its jurisdiction from three locations (North - Des Plaines, West - Forest Park, and South - Oak Forest).

The TB Prevention and Control Unit provides education, clinical management, case management surveillance, contact investigations and other services aimed at the prevention, detection and treatment of TB. CCDPH also provides directly observed therapy (DOT) to clients in community sites (homes, schools, and places of employment, etc.) diagnosed with active TB to ensure compliance with treatment regimens and to reduce the transmission of the disease to others. Supportive care, including housing and transportation, may also be provided to support completion of treatment in certain instances.

For FY 2016, the TB Unit is planning on instituting a Video DOT program to allow remote monitoring of select patients. Also, the Illinois Department of Public Health has a courier service with UPS that the TB Unit can use free of charge to transport sputum specimens to their Chicago lab. This service will go live in September 2015. Performance indicators will be developed to monitor the effectiveness of both these changes going forward.

## STAR Goals/Key Performance Indicators

* Increase proportion of TB patients who complete recommended treatment in 12 months.
* Increase HIV testing levels among TB cases.
* Increase the percentage of TB patients with positive sputum culture results who have documented conversion to sputum culture-negative within 60 days of treatment initiation.
* Increase the proportion of TB cases with positive AFB sputum smears who have a contact investigation to $100 \%$

Increase the proportion of contacts to sputum AFB smear positive TB patients who are evaluated for infection and disease.

## DEPARTMENT OVERVIEW

## 040 COUNTY ASSESSOR

## Mission

The mission of the Cook County Assessor's Office is to serve the public both professionally and responsibly by establishing uniform and accurate property assessments. Assessed values are set on real estate as a basis for levying taxes and determining the distribution of property tax levies among taxpayers.

## Mandates and Key Activities

- As part of the Valuation and Appeal Process, the County Assessor follows and enforces state and county laws and ordinances:
Classification of Property 35 ILCS 200/9-150
Classification Ordinance Cook County Code of Ordinances, Chap. 74, Art. II, Div. 1, Sec.74-31 et seq. and Div. 2, Sec.74-60 et seq.

Assessment by Districts 35 ILCS 200/9-220
Omitted Property 35 ILCS 200/9-260, 9-270
Publication of Assessments 35 ILCS 200/12-20
Assessment Notices of Increases 35 ILCS 200/12-55
Certificates of Correction 35 ILCS 200/14-10
Certificates of Error 35 ILCS 200/14-15
Revision of Assessments 35 ILCS 200/14-35
Valuation of Particular Types of Property 35 ILCS 200/10-5 thru 10-620

- The County Assessor provides taxpayer assistance via the review, processing, and administration of Exemptions through the following ordinances and laws*: Disabled Veterans 35 ILCS 200/15-165
Returning Veterans Homestead 35 ILCS 200/15-167
Disabled Persons Homestead 35 ILCS 200/15-168
Disabled Veterans Standard Homestead 35 ILCS 200/15-169
Senior Citizens Homestead 35 ILCS 200/15-170
Senior Citizens Assessment Freeze 35 ILCS 200/15-172
General Homestead 35 ILCS 200/15-175
Alternate General Homestead 35 ILCS 200/15-176
Long-time Occupant Homestead 35 ILCS 200/15-177
*(This role includes significant outreach, communications, and religious exemption programs as well as responding to thousands of taxpayer inquiries and certificates of error.)
- The County Assessor enforces the Erroneous Exemptions legislation (35 ILCS 200/9-275), designed to target property owners who erroneously received property tax exemptions.

## Budget and Cost Analysis

Assessor Joseph Berrios is committed to completing the yearly assessment cycle as soon a possible in order to provide taxpayers the opportunity to receive their tax bills by the statutorily mandated dates. Prior to 2011, this had not been done in 34 years. Since 2011 tax bills have been on time. The CCAO has successfully issued second installment tax bills in each year since 2012 and are on target to continue to meet the August 1st deadline again in 2015. This consistent effort has resulted in saving millions of dollars for taxing bodies and has restored consistency, continuity, and predictability to the annual tax assessment cycle.

Since 2014 the CCAO has been fully implementing enforcement of the Erroneous Exemption legislation. Through September 22, 2015, about $\$ 13.6$ million has been recovered from erroneous exemptions and another $\$ 9.6$ million has been billed (of
which liens amounting in \$1,200,000 have been levied, drawing interest at 1.5\% per month). This legislation ends abuse of existing erroneous Homestead exemptions; stops future abuse of homestead exemptions; and recoups lost tax district revenue for schools and municipalities.

The CCAO's appeals process has been reinvigorated resulting in a dramatic increase in filings.
-The 397,778 parcels appealed during the 2012 City Triennial reassessment was the highest number in 12 years. For 2015 the projected number of appeals is approximately 436,000 . The 332,274 parcels appealed in the North Triennial assessment was a $29 \%$ increase over 2010. The 253,985 parcels appealed in the 2014 South Triennial was a 17\% increase over 2011.
-30-35\% of residential filings were on-line in the 2012 and 2013 reassessments. On-line filing rose to $35 \%$ for the 2014 and 2015 cycles and should continue for 2016.
-There has been a marked increase in the appeals success rate for both residential and commercial property

The CCAO's current administration understands the importance of collaboration with different branches and municipalities in government, educational institutions, civic groups, and non-governmental organizations (NGO's). Since 2011 the CCAO has developed valuation research partnerships with DePaul University, Columbia College, IIT, and the MacArthur Foundation. The CCAO is currently working with IIT in order to provide fellowship experience to participants in the Chinese Student Exchange Program. Policy and information exchange programs with the Pew Charitable Trusts, the cities of New York and Vancouver (Washington), Broward County, Miami-Dade County, and Osceola County Florida and Berrien County, Michigan, and both the Russian Federation and Ontario Provincial Government have been at the forefront of the CCAO's expanded cooperation and partnership initiative. The Assessor believes helping to prepare Cook County's youth for future employment is extremely important. The CCAO has partnered with the Chicago Public Schools (CPS), and its Summer Debate League and Summer Career Readiness Programs, Youth Outreach Services, Chicago Summer Business Institute, and various local high schools to create a summer internship program within the office. The CCAO has also entered into a collaborative working relationship with BOMA, Chicago Real Estate Investment Association, Commercial Forum of Chicago, Illinois Realtors Association, ISBA, CBA, and IICLE. The office has also launched a new interactive website.

Securing and expanding the affordable housing stock and promoting a logical and functional green building and renovation program in Cook County are of the utmost importance to the CCAO. Working alongside the Community Investment Corporation (CIC), the Center for Neighborhood Technology (CNT), the City of Chicago, DePaul University, Institute of Housing Studies, Mercy Homes, The Community Rehab Network, The Martin Luther King Legacy Apartments, and the Illinois Housing Development Authority (IHDA), the CCAO seeks to aid in developing wide reaching green and affordable housing programs. The aforementioned partnerships have allowed the CCAO to tap into varied pools of knowledge and extract data, build new valuation tools and models, and trade input on important policy matters. In 2014-2015, CCAO implemented permanent improvements to the residential valuation process with the assistance of a Mac Arthur Foundation grant.

## DEPARTMENT OVERVIEW

## 040 COUNTY ASSESSOR

The CCAO understands that the need for affordable housing options are also increasing throughout Cook County. Thus the CCAO is proactively working to create new tools and policies that will aid in the development of more affordable housing countywide. The CCAO is also actively involved in legislative efforts designed to stabilize the value of the Class 9 program (a current CCAO affordable housing incentive) and increase the number of affordable housing units in Cook County. In 2015 CCAO released its corresponding "White Paper".

The Office has partnered with the Illinois Department of Revenue and the Illinois Department of Veterans Affairs to improve the disabled veteran's exemption program. New legislation was advanced in the 2014 veto session and again in 2015, resulting in the eventual passage of SB 107 on June 25, 2015 which is awaiting the Governor's signature. Implementation of this legislation will take place in 2016.

## STAR Goals/Key Performance Indicators

* Providing timely assessment: Under the current administration, the CCAO has seen a reduction in the number of days needed to complete the North Triennial assessment cycle, the assessment cycle for 2016. In 2010, the reassessment cycle required 390 days and in 2013, 306 days. The goal for 2016 is 304 days.
* Improve Quality, Service Excellence, and Cultural Competence. By the conclusion of the 2014 and 2015 cycles $35 \%$ of residential appeals were filed online, that trend should continue during 2016.
* For 2016 the assessment cycle will target deadlines to achieve the ultimate goal of issuing 2nd Installment tax bills on time for the fifth consecutive year.
* Senior/Freeze Exemptions: The CCAO sends out nearly 600,000 applications annually to seniors informing them of exemptions they may qualify for.

## DEPARTMENT OVERVIEW

## 579 ASSESSOR SPECIAL REVENUE FUND

## Mission

The intent of this ordinance is to create a special revenue fund from revenues derived by the efforts of the County Assessor to generate revenue from marketing previously underutilized commercial opportunities related to, but not limited to, the Assessor's Website, Assessor Database and Assessment Notices.

## Mandates and Key Activities

- Sec. 2-317. - Assessor special revenue fund

Beginning on or before March 1, 2010, the Comptroller shall create a special revenue fund to be entitled the "Assessor Special Revenue Fund." The revenue collected by the Assessor from marketing previously unutilized commercial opportunities related to, but not limited to, the Assessor's Website, Assessor Database, and Assessment Notices shall be placed in such special fund for the Assessor to be held by the Treasurer of the County.

Such revenues collected and placed in such special fund shall only be disbursed by appropriation of the County Board for use by the Assessor.

## DEPARTMENT OVERVIEW

## 050 BOARD OF REVIEW

## Mission

The Cook County Board of Review fairly and impartially reviews the assessments of all property within Cook County to the extent authorized by the Property Tax Code, corrects all assessments which should be corrected, raises, lowers, and/or directs the Cook County Assessor to change, correct, alter, or modify assessments as justice may require. It also uses the authority provided by the Property Tax Code to ensure a full, fair and impartial assessment of property.

## Mandates and Key Activities

- Upon complaint of any taxpayer or interested taxing district, review the assessment and confirm, revise, correct, alter or modify as it appears to be just
- Provides citizens a forum to appeal assessed value of their real estate
- Reviews evidence submitted to determine a fair and just assessed value
- Reviews evidence submitted from Cook County Assessor's Office to correct prior assessed values through the Certificate of Error process
- Defends its decisions at the Illinois Property Tax Appeal Board
- Makes recommendations to Illinois Department of Revenue regarding applications for property tax exemptions
- Gives every party that files a complaint the opportunity to be heard, notifies the Cook County Assessor of any change in the assessment, and maintains all records for five years
- The Property Tax Appeal Board may require the production of records [from the $B O R$ ] that may be material evidence

## Budget and Cost Analysis

The BOR completed its prior session on April 21, 2015, positioning the Cook County Property Tax system to issue second installment bills payable by August 3rd, repeating its success for the fourth consecutive year, after over three decades of late bills. This accomplishment benefits local taxing jurisdictions, which avoids spending interest bearing reserves or issuing tax anticipation warrants. The cost to taxing jurisdictions of late bills is estimated to be a minimum of three million dollars per month.

The BOR must complete its current session by April 15,2016 for bills to be due on the statutory deadline. This is a challenge because year to year the number of parcels appealed continues to grow and this year the City is reassessed. The BOR anticipates the City reassessment triennial to yield in excess of 425,000 parcels for review.

Over the past 4 years, the Board has engaged in a capital project to reengineer the business process of the BOR and implement a new appeals system using the latest technology. The result is our Digital Appeals Processing System (DAPS) which debuted at the 2015 session. This system transforms the paper based Board appeals process into a digital workflow that makes filing appeals easier for taxpayers, and create a more transparent, efficient and thorough process, which will save Cook County residents thousands of dollars. The new system will improve efficiency at the Board and allow analysts to take advantage of the latest technological tools, dedicate more time and resources reviewing appeals, and use less time and resources moving files and carts. It will eliminate thousands of pounds of paper, the need for storage space and hours of physically sorting, indexing and transporting millions of pieces of paper each year.

Other advancements for the BOR during the 2015 appeal session include:
> Online pre-registrations of appeals enhancements
> Digital docket system enhancements
> BOR Commissioners published an Annual Report outlining activities for the 2014 session
> BOR Commissioners worked with the Illinois Department of Revenue and Illinois Property Assessment Institute, and other groups, to provide educational oportunities to staff and employees

The BOR opened the first group of townships for its current session on August 3, 2015. These adjustments, along with the continued hard work and dedication of all the BOR staff, should increase the likelihood of finishing the session on time.

## STAR Goals/Key Performance Indicators

* Timely completion of complaint session: Completed the 2014 complaint session by April 21, 2015 allowing timely issuance of tax bills.
* Improve access to online appeals process: Last session, $87 \%$ of complaints were filed online compared to $28 \%$ when onling filing capabilities were first launched.
* Increase awareness of the property tax appeal process: During the prior session the Commissioners hosted a combined 160 Outreaches to all 38 townships in Cook County. The Outreach program also focuses on underserved communities, including senior citizens and those without access to the internet to ensure those citizens have access to the appeals process.
* Encourage technological innovation: Implemented the DAPS program to reengineer and digitize the appeals process, increase the accuracy and efficiency of the review process, and provide increased transparency for taxpayers. Also, improved accessibility and ease of file management by allowing taxpayers and attorneys to submit evidence in support of complaints, and view their files, file status, and decisions online.

## DEPARTMENT OVERVIEW

## 110 COUNTY CLERK

## Mission

The Cook County Clerk is the chief election officer for Cook County. The Clerk is also responsible for maintaining and providing vital records, various aspects of the real estate tax process, receiving and making available to the public statements of economic interests and lobbyist registration, and serving as Clerk to the County Board of Commissioners.

## Mandates and Key Activities

- Maintains and provides vital records including birth, marriage, civil union and death certificates dating to 1872 . The Vital Records division also administers business registrations, assumed names, notary commissions and an awardwinning genealogy website
- Issues property tax rates, permanent real estate numbers and new tax codes, maintains real estate maps and processes redemptions of delinquent property taxes
- Receives, processes and makes available to the public more than 22,000 Statements of Economic Interests filed annually, as well as lobbyist registrations and semi-annual reports
- Prepares agendas, communicates actions taken by the Board through postboard meeting documents, and maintains the Board's legislative records and code of Ordinances
- Administers elections for suburban Cook County's 1.4 million registered voters, which entails voter registration, judge recruitment and training, and polling place identification, mapping and management

## Budget and Cost Analysis

The Clerk's Bureau of Vital Records continues to facilitate marriage equality for same-sex couples. The Clerk's office began issuing marriage licenses to same-sex couples on February 21, 2014, nearly four months before the June 12014 implementation of marriage equality throughout Illinois. In that first year, through February 2015, the Clerk's office issued more than 6,500 marriage licenses to same-sex couples.

Before the U.S. Supreme Court marriage equality ruling, nearly 30 percent of the marriage licenses issued to same-sex couples in Cook County were to those living outside of Illinois, most from Midwestern and Southern states where marriage equality was not law. While we expect this proportion to drop as same-sex couples can now get married in their home states, we still expect to issue a significant number of marriage licenses to same-sex couples in Cook County.

The Assumed Business Name Unit has since added an online portal where business names can be registered at the convenience of the customer. The online registration requires each customer to create a username and password. This login gives customers access to view updates on their application at any time. Customers can fill the application on their own and complete the entire registration process without traveling to our site.

All offices are now equipped with individual credit card machines. This function allows Vital Records clerks to efficiently and securely service customers, while adding another level of convenience.

A video produced with the Clerk's Communications department documenting "How
to Get a Birth Certificate" and posted on the Clerk's YouTube channel, has garnered hundreds of views and increased traffic to the Clerk's website. Traffic is sure to go higher when the Communications department announces the video's release to media, to coincide with back-to-school season. A Spanish language version of the video will also be released.

Future developments for the Bureau of Vital Records include re-indexing genealogical vital records in the Cook County Genealogy Database by the end of 2015. This will facilitate a more accurate and proficient search of records. With the help from The Church of Jesus Christ Latter Day Saints, the Clerk's office will soon have access to 2.2 million genealogy vital records. This will also add to the Bureau's profile as a resource for genealogy research.

The Bureau of Vital Records will also team with the Clerk's Communications department to hold outreach events with constituents to help meet the demand of vital records. Sharing literature of services with schools, through back to school events, health seminars, other elected offices, etc.

In 2015, the Clerk's Real Estate and Tax Services division was again successful in assisting the county in sending out second installment tax bills with an August 1st due date. Our online 20-year tax search, which allows individuals and businesses to search overdue tax records on any PIN, continues to be heavily used to review payment status of properties. In the last year, total page views climbed to 770,317 - a 5.5 \% increase over last year. This $24 / 7$ online self-service tool continues to save staff resources that would otherwise answer in-person requests.

Launched in 2014, our self-service computer application for frequent customers continues to facilitate about $30 \%$ of daily orders (derived from these terminals) freeing up customer service to assist taxpayers who are unfamiliar with the property tax redemption process.

We are in the final stages of completing the GIS system upgrade as part of a county-wide project; the final GIS workflow will reduce annual map production time by $5 \%$. This division will also continue to work with the Treasurer's Office on the further implementation of the electronic warrant book as well as a project to scan older warrant book images.

In 2016, we will begin the upgrade of the Clerk's existing accounting system software to ensure timely processing of all Clerk's services and fee collection. Finally, we will continue to be an invested stake-holder in IPTS, the integrated property tax system upgrade, a 5-year inter-governmental cooperative initiative to modernize the county's legacy systems for property tax administration.

The Ethics division successfully launched two online filing systems for lobbyist registrations and statements of economic interests filers. Due to the change in the lobbyist ordinance, the lobbyist online system is being enhanced to incorporate the changes, improve the flow of the program as well increase the ability to obtain more useful reports.

The Ethics team will continue its trend toward emailing users rather than sending instructions through USPS, to further reduce postage and printing costs as well as improve compliance.

## DEPARTMENT OVERVIEW

## 110 COUNTY CLERK

The Clerk of the Board serves as the official record keeper of county board proceedings and ensures all meetings comply with the Illinois Open Meetings Act. The Clerk of the Board prepares agendas, publishes notices, compiles all Board actions in the Journal of Proceedings, and properly executes each agenda item as necessary. The Clerk of the Board is also tasked with maintaining the Board's historical legislative records and Code of Ordinances. The Clerk of the Board strives to continue an efficient meeting process and open access to its records.

## STAR Goals/Key Performance Indicators

* Initiate IPTS System Upgrade: Phase 1 Discovery- In 2015, we completed RFP development, vendor review and selection for the Integrated Property Tax System upgrade. In 2016, this project will begin with initial discovery and will continue through 5 annual phases to implementation in 2020. In 2016, 4 quarters, $25 \%$ each quarter for Phase 1 Discovery.
* Expand GIS system upgrade utilization- Train and expand the use of the GIS upgraded system including the newly create PIN Lineage module from 8 staff members to 20 . This provides staff instant access to property identification and verification to better assist taxpayer inquires. 4 quarters: 3 staff members trained per quarter in 2016 to increase system usage 250\%.
* Accounting department system and software upgrade- This system upgrade is targeted for completion within two years. Upgrade includes data conversion, testing, implementation and intensive accounting training. 50\% of implementation will be completed in 2016.

## 524 COUNTY CLERK - ELECTIONS DIVISION FUND

## Mission

The Cook County Clerk's office is committed to providing quality service to the public in a timely and efficient manner. The Elections Division strives to ensure that all eligible suburban residents are able to exercise their rights in the electoral process; that all candidates have fair, open, and equal access to all stages of the process; and that the public is fully and promptly informed of all vital and necessary election-related information.

## Mandates and Key Activities

- Administers elections for suburban Cook County's 1.4 million registered voters, which entails voter registration, judge recruitment and training, and polling place identification, mapping and management
- Directs activities related to preparation, programming, layout, testing and deployment of ballots, memory packs/result cartridges and equipment for Early Voting and Election Day voting, as well as Election Night vote tabulation
- Recruits, assigns, trains and manages nearly 12,000 election judges and equipment managers
- Heads pre-Election Day voting programs, including Early Voting, grace period registration and voting, mail absentee voting military/overseas absentee voting and nursing home voting
- Operates, maintains, stores, repairs, and pre-LAT(pre-election logic accuracy tests) all election equipment, including touch screen machines, optical scanners, HAATs (Hybird Activator, Accumulator and Transmitters) voting supply carriers, voting booths, and ancillary parts
- Spearheads public policy initiatives at the state and local levels to improve elections administration

## Budget and Cost Analysis

In April 2015 we completed our electronic poll book (epollbook) roll-out, enhanced our election judge training activities, undertook new candidate filing responsibilities for school board candidates and continued to improve the voter registration database by validating and correcting inconsistencies between our records and other government records.

The 2016 elections bring new challenges and therefore new efforts and innovations. In 2015 the legislature passed and Governor Quinn signed a major registration overhaul package, much of it based upon a package we put forth. The first effects of that will be felt this fall as hundreds of thousands of Illinois voters will have their registrations automatically updated when they move. It's a highly innovative approach to making registration portable, and we are leading the nation in the effort.

In 2016 we will also see major reforms to the way registration is conducted by the Secretary of State's office and other state government agencies. In the short run this will require rigorous analysis of the process to make sure the legislation being enacted in a way that provides the most value. Over the medium term we should see our normal voter registration costs decrease, which should help offset some of the costs of implementing Election Day registration in a presidential year. Also this year we will join ERIC, a collaborative effort of many states that share some data in government databases to help identify voters who have moved away, and register voters who are not registered. Here in Cook County we will for the first time in 2016 be required to conduct voter registration on Election Day in every precinct. This
brings logistical and financial challenges as we struggle to balance efficiency while ensuring we maintain our history of providing voters with a speedy Election Day check-in process. We also want to make sure the registration data captured on Election Day is accurate, so our data-sharing efforts are successful.

The Cook County Clerk's Office consistently strives to improve its election management by quickly and effectively resolving issues on Election Day, but also by engaging in extensive post-election analysis and debriefing. The Clerk's Office developed a comprehensive, data-driven system to scrutinize every area of election management and implements performance metrics to improve with each election. This is a continual process, by which the Clerk's Office is seeing significant, positive results.

## DEPARTMENT OVERVIEW

## 130 RECORDER OF DEEDS

## Mission

The Office of the Cook County Recorder of Deeds (CCRD) accurately records, stores and maintains land records and other official documents in perpetuity for public and private use, facilitating home ownership and mortgage lending. The Recorder's staff works to provide access to this information in an accurate, efficient and courteous manner, both in our physical offices and online.

The Cook County Recorder's Office also maintains a Property Fraud Unit to help homeowners investigate fraudulent filings against their property and coordinate law enforcement efforts on behalf of victims. We also safeguard vital military discharge records and operate a Veterans Service Office to provide veterans and their families with dignified and attentive service.

## Mandates and Key Activities

- Operates pursuant to Illinois State Statue 55ILCS 5/3-5001
- Records documents, collects fees, creates a property index database with a historical perspective, and implements new legislation
- Images every document and maintains it in an electronic format and makes them available, at an authorized cost, to public and private entities
- Works with law enforcement and victims of property fraud pursuant to Public Act 98-99
- Mails postcard notifications to property owners when a "Quitclaim Deed" affecting ownership of property is recorded.
- Safeguards DD-214 military discharge records and protects them from public view
- Operates four full service satellite offices across Cook County for customer convenience
- Collects Transfer Stamp fees and remits to the County and State accordingly
- Extracts relevant data from recorded documents for a computer-searchable property index database that makes public records easy to find and use
- Converts older records from unstable microfilm to digitized images for preservation
- Ensures network access to the Recorder's database for county departments requesting private access
- Maintains an online records database that allows remote access and purchasing
- Offers a free Property Fraud Alert program to allow property owners to register their property to receive a phone call or email alert whenever a document is recorded reflecting property activity. This will help prevent property fraud and identity theft.
- Maintains a Veterans Service Office (VSO) as a statutorily sanctioned repository for DD-214 discharge records. Veterans can record this document for free and receive a free certified copy.
- Veterans Discount card program which can be utilized at various Cook County merchants and retailers for goods and services, or other appropriate savings promotions at their discretion.

## Budget and Cost Analysis

On July 23,2015 we officially e-Recorded deeds for Cook County. This is a new initiative started in 2014 with legislation being placed before the General Assembly to increase the number of documents that can be e-Recorded resulting in greater efficiency and economies of scale. With a robust e-Recording system in place, title
companies can now add additional conveyance documents to their e-Recording submissions. The system is in its final testing phase with plans to roll out to title companies by 4th quarter 2015.

One of the Recorder's Office missions is to maintain a Property Fraud Unit to help homeowners investigate fraudulent filings against their property and coordinate law enforcement efforts on behalf of victims. The team has worked diligently to enroll almost 40,000 County residents in the program.

The Recorder's Office also works to support Veterans. In November 2014, we implemented and rolled out our Veterans Discount Card. The team has worked arduously to obtain over 200+ merchants and retailers and enrolled over 3,100 Veterans. Our goal is to have 3,500 enrollees by November, 2015.

The Recorder's Office also safeguards vital military discharge records and operates a Veterans Service Office to provide veterans and their families with dignified and attentive service. This is a free service in which the Recorders office absorbs all cost.

The Recorder's Office has enhanced the 2015 strategic awareness campaign to promote the various services of the Recorder's Office by collaborating with the various state and local community agencies to inform and educate property owners of their property rights and how to prevent becoming victims.

## STAR Goals/Key Performance Indicators

* Ensure all recordation is efficient and accurate: The goal for indexing lag from recordation to public availability in 2014 and 2015 was to reduce it from two days to 1.5. In 2014, we averaged a 1.5 day turnaround. However, in 2015 we are averaging a 2 day turnaround due to additional project initiatives in preparation for a new core application. Our goal for 2016 is for 1 day turnaround.
* Increase the availability of electronically recorded data. In 2014, e-Recordings averaged approximately $23 \%$ of overall recordings. By EOY 2015, we expect to average $25 \%$. The growth is minimal but steady. With the onset of additional conveyance documents, we anticipate averaging 30\% in 2016.
* Expand reach of informing homeowners of Property Fraud and our alert system: CCCRD issued 2,273 Alert Notifications and prepared 9 cases for the Administrative Legal Judge (ALJ). As a result of our efforts, 3 arrest have been made during FY 2015.

## DEPARTMENT OVERVIEW

## 527 COUNTY RECORDER DOCUMENT STORAGE SYSTEM FUND

## Mission

The Document Storage Fund was created to assist the Recorder of Deeds Office in its efforts to establish, promote, and maintain various technology initiatives that allow the Office to gather data and make it available for public review and corporate consumption.

## Mandates and Key Activities

- Sec.2-213. Filing Fee:

The County Recorder shall in addition to the fees provided therein charge an additional fee as set out in Section 32-1 for the filing of every instrument, paper or notice for record

Each such fee collected shall be placed in a special fund to be held by the Treasurer of the County.

Such monies collected and placed in such special fund shall be used by the Recorder to defray the cost of converting the document storage system of the Recorder to computer digitized images and such monies shall be used solely for a document storage system to provide the equipment, material and necessary expense and costs incurred in the implementing and maintaining of such a document records system.

## DEPARTMENT OVERVIEW

## 570 GIS FEE FUND

## Mission

The Office of the Cook County Recorder of Deeds (CCRD) maintains a Geographic Information System (GIS) fund created solely to be used for the equipment, materials, and necessary expenses incurred in implementing and maintaining geographic information accessible by the public for land record information.

## Mandates and Key Activities

- Sec.2-214. GIS Fee

Additional charge is a charge as set out in Section 32-1, which is added to the existing fees imposed by the Cook County Board of Commissioners for the filing of every instrument, paper, or notice of record.

Countywide map is a parcel based map of the County which includes all the supporting Geographic Information System.

Geographic Information System is an organized collection of computer hardware, software, and geographic data designed to efficiently capture, store, update, manipulate, and display all forms of geographically referenced information

## Budget and Cost Analysis

Our strategic initiative for 2014 and 2015 was to work with an external firm to help build a prototype land record website that will display images from the County's enterprise GIS which will allow users to search for land records using a familiar address and map-based interface. The phased approach consisted of first utilizing an internal prototype website to be used to train CCRD staff and subsequently result in a public rollout. A vendor was secured and work began in late 2014 and still continues. This initiative is also apart of our 2016 strategic plan as it is being completed in phases.

## DEPARTMENT OVERVIEW

## 571 RENTAL HOUSING SUPPORT FEE FUND

## Mission

The Rental Housing Support (RHS) Program Fund was established to assist in addressing the need for rental housing. The RHS fee was established in 2005, for all Illinois County Recorders to collect a surcharge for the recording of all real estate-related documents executed or signed on or after August 1, 2005. The surcharge funds the program. However, the surcharge does not apply to any documents from a state agency, unit of local government, federal government or school district.

The Recorder's Office by state statute collects an additional $\$ 10$ surcharge for each recorded real-estate document. A $\$ 1$ of the surcharge is applied to the County and $\$ 9$ is remitted to the Department of Revenue (IDOR), which is deposited into the Rental Housing Support Program Fund.

## Mandates and Key Activities

- 55 ILCS 5/4-12002 (from Ch.34, par. 4-12002)

The recorder shall collect a fee, the Rental Housing Support Program State surcharge for the recordation of any real estate-related document. Payment of the Rental Housing Support Program State surcharge shall be evidenced by a receipt that shall be marked upon or otherwise affixed to the real estate-related document by the recorder. The form of this receipt shall be prescribed by the Department of Revenue and the receipts shall be issued by the Department of Revenue to each county recorder.

The recorder shall not collect the Rental Housing Support Program State surcharge from any State agency, any unit of local government or any school district.

A portion of the fee ( $\$ 1.00$ ) is retained by the county in which it was collected to offset expenditures.

## Budget and Cost Analysis

The Cook County Recorder's Office maintains a Property Fraud Unit to help homeowners investigate fraudulent filings against their property and coordinate law enforcement efforts on behalf of victims. This is a free service to County residents. However it cost the Recorder's Office $\$ 19,000$ annually to maintain the system.

## DEPARTMENT OVERVIEW

## 060 COUNTY TREASURER

## Mission

The County Treasurer's Office is responsible for collecting, safeguarding, investing and distributing property tax funds.

## Mandates and Key Activities

- Prints and mails Property Tax Bills (Current \& Prior)
- Collects Property Tax payments (Current \& Prior)
- Distributes Property Taxes to approximately 2,200 Taxing Bodies
- Collects and safeguard court ordered deposits
- Conducts tax sale for delinquent taxes (Annual \& Scavenger)
- Collects delinquent special assessments
- Refunds overpayments on Property Taxes
- Processes court ordered refunds
- Discloses taxing district debts

## Budget and Cost Analysis

In Cook County, the County Treasurer oversees the second-largest property tax collection and distribution system in the United States. Cook County Treasurer Maria Pappas is responsible for:
-Printing and mailing bills based on the data provided by other county and state agencies on assessments, exemptions and tax rates
-Collection of $\$ 11$ billion each year in taxes from the owners of more than 1.7 million parcels of property
-Distribution of the tax funds to approximately 2,200 local government agencies that have the jurisdiction to collect taxes. The agencies include school districts, villages, cities, townships, park and forest preserve systems, libraries, public health and safety agencies, election authorities, economic-development agencies and bonds to pay for public-works projects.

In addition, the Treasurer is required by law to:
-Prepare delinquency tax lists and send notices to the last known taxpayer(s) of record

- Obtain a tax-sale judgment order in court
-Conduct an annual sale of tax liens to seek payment of delinquent taxes

Under Illinois law, the Treasurer's office also oversees the process of refunding overpayments of taxes that have occurred within the prior five years. These refunds are for overpayments that occur through:
-Duplicate payments of the same taxes
-Overpayments of the amount due
-Reductions in assessments after the original billing as authorized by various taxassessment agencies or the courts
-Reductions in tax rates after the original billings as authorized by the courts.

Without compromising any of the aforementioned duties and responsibilities, the Treasurer's office continues to automate its functions in an effort to streamline processes. Year after year, the Treasurer's office has reduced its budget by more than the requested target and the same can be said for Fiscal Year 2016. The Treasurer's office is brining a budget request that reduces its corporate budget by $10 \%$ compared to the 5.5\% target requested.

Technological improvements allow this office to reduce costs, headcount and
improve services. The Treasurer's office is committed to implementing improvements that will further reduce costs and increase services by way of technology.

|  | Adopted | Adopted | Adopted |  |
| FTE Positions | 26.0 | 17.0 | 14.0 |  |

## STAR Goals/Key Performance Indicators

* Decrease headcount: In FY 2015 the Treasurer's Office decreased the number of full time equivalent (FTE) employees from 250 in 1998 to 89, a decrease of 64.4\%. To continue cost-savings measures, the Treasurer's office will decrease its corporate budget by shifting three (3) positions and their fringe benefit costs to its special purpose fund. The Treasurer's office has taken measures to reduce its corporate budget by over 10\% in 2016.
* Increase taxpayer convenience: By providing taxpayers with the option to pay online, at nearby Chase Bank, or at participating Community Bank locations, they no longer have to mail in payments, or come to our location and make a payment.
* Continue Automation of the Office: The Treasurer's office continues its efforts to streamline processes, implement efficient measures and eliminate the need for paper. The future Treasurer's office will provide the taxpayer with more information and data electronically. Some of the future projects include: Enhancements to the Electronic Warrant Book, a Central Repository for Property Tax Identification (PIN) tax data, A Document Scanning and Imaging System that will provide an electronic version of documents and eliminate paper and the need to store it.

## DEPARTMENT OVERVIEW

## 534 COUNTY TREASURER - TAX SALES AUTOMATION FUND

## Mission

The County Treasurer's Office is responsible for collecting, safeguarding, investing and distributing property tax funds.

## Mandates and Key Activities

- Prints and mails property tax bills (Current \& Prior)
- Collects property tax payments (Current \& Prior)
- Distributes property taxes to approximately 2,200 taxing bodies
- Collects and safeguards court ordered deposits
- Conducts tax sale for delinquent taxes (Annual \& Scavenger)
- Collects delinquent special assessments
- Refunds duplicate/overpayments on property taxes
- Processes court ordered refunds
- Discloses taxing district debts

## Budget and Cost Analysis

In Cook County, the County Treasurer oversees the second largest property tax collection and distribution system in the United States. Cook County Treasurer Maria Pappas is responsible for:
-Printing and mailing bills based on the data provided by other county and state agencies on assessments, exemptions and tax rates
-Collection of $\$ 11$ billion each year in taxes from the owners of more than 1.7 million parcels of property
-Distribution of the tax funds to approximately 2,200 local government agencies that have the jurisdiction to collect taxes. The agencies include school districts, villages, cities, townships, park and forest preserve systems, libraries, public health and safety agencies, election authorities, economic-development agencies and bonds to pay for public-works projects.

In addition, the Treasurer is required by law to:
-Prepare delinquency tax lists and send notices to the last known taxpayer(s) of record
-Obtain a tax-sale judgment order in court
-Conduct an annual sale of tax liens to seek payment of delinquent taxes

Under Illinois law, the Treasurer's office also oversees the process of refunding overpayments of taxes that have occurred within the prior five years. These refunds are for overpayments that occur through:
-Duplicate payments of the same taxes

- Overpayments of the amount due
-Reductions in assessments after the original billing as authorized by various taxassessment agencies or the courts
-Reductions in tax rates after the original billings as authorized by the courts.

Without compromising any of the aforementioned duties and responsibilities, the Treasurer's office continues to automate its functions in an effort to streamline processes. Year after year, the Treasurer's office has reduced its budget by more than the requested target and the same can be said for Fiscal Year 2016. The Treasurer's office is brining a budget request that reduces its corporate budget by $10 \%$ compared to the $5.5 \%$ target requested.

Technological improvements allow this office to reduce costs, headcount and
improve services. The Treasurer's office is committed to implementing improvements that will further reduce costs and increase services by way of technology.

## STAR Goals/Key Performance Indicators

* Decrease headcount: In FY 2015 the Treasurer's Office decreased the number of full time equivalent (FTE) employees from 250 in 1998 to 89, a decrease of 64.4\%. To continue cost-savings measures, the Treasurer's office will decrease its corporate budget by shifting three (3) positions and their fringe benefit costs to its special purpose fund. The Treasurer's office has taken measures to reduce its corporate budget by over 10\% in 2016.
$\star$ Continue Automation of the Office: The Treasurer's office continues its efforts to streamline processes, implement efficient measures and eliminate the need for paper. The future Treasurer's office will provide the taxpayer with more information and data electronically. Some of the future projects include: Enhancements to the Electronic Warrant Book, a Central Repository for Property Tax Identification (PIN) tax data, A Document Scanning and Imaging System that will provide an electronic version of documents and eliminate paper and the need to store it.
* Increase taxpayer convenience: By providing taxpayers with the option to pay online, at nearby Chase Bank, or at participating Community Bank locations, they no longer have to mail in payments, or come to our location and make a payment.

## DEPARTMENT OVERVIEW

## 031 OFFICE OF ASSET MANAGEMENT

## Mission

The Office of Asset Management exists to provide clean, safe, secure, sustainable and accessible facilities through efficient preventative routine maintenance programs, capital construction projects and efficient use of real estate assets. We service all Cook County departments and elected officials, in order that they may serve the public and perform their duties in an environment that fosters efficient, convenient and cost-effective delivery of public services.

## Mandates and Key Activities

- Create and manage master campus plans at the Central Hospital, Oak Forest Campus, Maywood Courthouse, corporate campuses, including warehouse consolidation.
- Lease surplus assets and generate revenue where possible.
- Establish a countywide ADA program to bring the county into compliance.
- Instill Energy Efficiency Programs in Capital Projects towards reducing operating costs.
- Modernization of life safety systems countywide

## Budget and Cost Analysis

The Office of Asset Management (OAM) was created in 2015 as a result of the County's first Real Estate Assets Strategic Realignment Plan (REASRP). The REASRP sets forth the framework for consolidating existing staffing resources into a new structure that did not require new funding.

OAM manages countywide initiatives, campus redevelopments and oversees the Department of Facilities Management (DFM), Real Estate (DREM) and Capital Planning \& Policy (DCPP). Aligned with President Preckwinkle's commitment to fiscal responsibility and streamlined operations, the OAM optimizes capital planning, facilities management and strategic asset management. This new management structure aligns initiatives and develops a new paradigm of planning comprehensively, optimizing the facility inventory, leveraging available assets to spur economic development and preserving the value of the capital inventory paid for by the citizens of Cook County.

The redevelopment of Cook County Health and Hospital System's Central Campus was identified in the REASRP as a critical recommendation. In 2015, OAM engaged the public and stakeholders to complete a Strategic Campus Development Plan to help solve Campus core medical needs and identify potential real estate for market rate development. OAM issued a Request for Proposal and selected a developer for the Central Hospital Campus Core Medical needs. DREM issued a related RFP for a master developer for the Market Rate Lease and Redevelopment of the Campus and a developer will be selected in 2016.

## 2016 Initiatives

- OAM will implement zero-based budgeting to reduce out-sourced service contract usage.
- OAM, DREM and DCPP will oversee the programming and construction phase of the core medical need and market rate redevelopment of the Central Hospital Medical Campus.
- OAM and DCPP will begin work with the Cook County Sheriff on the redevelopment of the Department of Corrections and Maywood Police facilities.
- DCPP will move forward on demolishing inefficient and vacant County buildings at the Department of Corrections and Oak Forest Campus in turn reducing the longterm operating costs associated with County real estate.
- DREM will move forward with implementation of the downtown corporate consolidation.
- DFM will implement salvage services and management, a new inventory management system, a new work order system, and in collaboration with Sheriff's Office, increase recycling initiatives.

Real Estate Management Department

Mission: The Real Estate Management Department (DREM) is charged by ordinance with managing approximately 19 million square feet of real estate owned or leased by Cook County; making recommendations for sale, purchase or lease of real estate; and maintaining an inventory of County real estate assets, as necessary to ensure that appropriate facilities are available in which Cook County departments and elected officials may efficiently provide public services and carry out the operations of Cook County. Traditionally focused on lease, sale and acquisition transactions, with the election of Toni Preckwinkle as President of the County Board, DREM has adopted a new and more proactive approach to the County's real estate portfolio, taking steps to improve efficiency in the use of owned and leased properties.

## Real Estate Management

Mandates and Key Activities

- Reduce County Real Estate Footprint: DREM evaluates the use of real estate to develop strategies for reducing space use and disposing of excess real estate assets.
- Asset Management: DREM is working with Performance Management, Facilities Management and ERP to complete the transition to budgeting for our facilities on a building by building basis. This initiative will attribute all building-related costs to each facility, including full staffing costs with benefits, insurance costs and related administrative costs. When this transition is complete, the County will be able to compare its total cost of operating facilities to private industry and other governments, providing transparency and accountability.
- Asset Management Steering Committee (AMSC): DREM is leading the implementation of the Asset Management and Office Standards Ordinance adopted late in 2014, including establishing the Asset Management Steering Committee. This committee will facilitate collaboration with elected officials and departments to achieve consolidation goals.
- Space Allocation Committee: DREM chairs the Space Allocation Committee, meeting the space needs of users and working to improve space utilization.

## Real Estate Management

Discussion of 2015 Activities and 2016 Initiatives

- Consolidation of Downtown Corporate Campus: In collaboration with the Department of Capital Planning and Policy and a consultant team led by U. S. Equities, DREM will complete a detailed re-stacking plan for the downtown corporate campus, a key initiative identified in the Real Estate Asset Strategic

Realignment Plan (REASRP). The implementation of the REASRP is the centerpiece of the Real Estate Management Division's program to support the President's commitments to fiscal responsibility, accountability, transparency, innovative leadership and improved public service.

- Warehouse Consolidation: Planning for the consolidation of Hawthorne and Rockwell warehouses will kick off in late 2015 and continue throughout 2016. Programming and design services will be procured to advance this initiative. - Asset Management Steering Committee: In 2015, DREM held an initial meeting of the AMSC and worked with representatives of elected officials and departments to update began implementing the Asset Management and Office Standards Ordinance.
- Space Allocation Committee: In leading the activities of the Space Allocation Committee (SAC), REMD in 2015 has continued its efforts to improve efficiency in the use of leased and owned properties. Created in 2011 to develop and apply a consolidated approach to allocating space to departments, and consisting of representatives of the Departments of Budget and Management Services, Capital Planning and Policy, Facilities Management and the Bureau of Administration, SAC has received 25 space requests to date in 2015, and has processed 19 of those requests.
- REASRP Implementation: Key implementation initiatives for 2016 include: planning for re-development of the Oak Forest Health Center Campus; planning for the consolidation of the downtown corporate campus; and planning and programming the consolidation of the

Real Estate Management
Zero-Based Budgeting

The Department of Real Estate Management will work to consolidate underutilized real estate and dispose of excess space. Earlier years' consolidations provided lease revenue increases of $8 \%$ and up, reflecting the lease of vacant space. With most vacant space now leased, the anticipated $2 \%$ revenue increases for 2016 for building leases reflects the need for design and construction of County spaces needed to free up more space.

## Capital Planning \& Policy (DCPP)

Mission: The Department of Capital Planning \& Policy's (DCPP) goal is to provide safe, secure and accessible facilities through capital construction projects for all County departments and elected officials, in order that they may serve the public and perform their duties in an environment that fosters efficient, convenient and cost-effective delivery of public services.

DCPP Mandates and Key Activities

- Complete capital projects within budget
- Complete capital projects on schedule
- Pursue opportunities to generate revenue through Asset Marketing
- Continue to implement energy efficiency projects to reduce energy usage
- Continue to develop a comprehensive countywide ADA program

## Capital Planning \& Policy

Discussion of 2015 Activities and 2016 Initiatives

Cook County received a 2015 Achievement Award from the National Association of Counties (NACo) for DCPP's innovative use of a construction-procurement system to ensure prompt, efficient and cost-effective repairs, maintenance and construction of county facilities and infrastructure. DCPP completed 95\% of construction contracts and professional services within $10 \%$ of their budgets, while $95 \%$ of capital projects were completed on schedule.

DCPP implemented two Guaranteed Energy Performance Contracts (GEPC) at 11 County facilities referred to as Package 1 - Corporate Buildings and Package 2 Suburban Courthouses and Highway Facilities. Implementation of these two energy and water saving improvement projects will allow the County to reduce energy usage and greenhouse gas emissions. Package 1 , which includes the County Building and the Dunne Building, will reduce energy and greenhouse gas emissions by $30 \%$ and Package 2 which includes 4 courthouses and 5 highway facilities will result in over $50 \%$ annual reduction. These GEPC projects are part of DCPP's larger initiative to make investments that reduce long-term operating and capital costs associated with the county's assets.

DCPP has continued implementing corrective measures to address architectural barriers at the Department of Corrections, as cited by the Department of Justice in reference to the Americans with Disabilities Act guidelines. This is the first step in a proactive and comprehensive program to address the needs of the disabled community accessing County facilities, as well as taking corrective action in priority locations. Fiscal year 2016 will continue the process of assessing all of the County's facilities in an ADA compliance evaluation review, which will identify and prioritize accessible barriers and needed corrective action.

DCPP also managed construction of Cook County's first dedicated Emergency Operations Center. The Center houses a Joint Information Center for coordination of public information during an incident; functions as a back-up for various County systems; and serves as a training facility for first responders.

DCPP initiated requests for proposals for Program Manager/Construction Manager (PM/CM) teams for the Central Hospital Core Medical, Department of Corrections (DOC), and Maywood Campuses. At DOC and Maywood Campuses, the successful respondents will be charged with delivering the Capital Improvement Plan (CIP) to their respective portfolios under the guidance of DCPP. In addition to delivering construction projects, the team will also provide Program Management services to identify opportunities for redevelopment by operational expense and capital expense avoidance through financial analysis and best practices.

In 2016, DCPP will continue to complete capital projects as part of the ongoing 10 year Capital Improvement Plan (CIP) focusing on completing projects within budget and on schedule. The focus continues to be making investments that reduce or minimize long-term operating and capital expenditures associated with the county's assets. Program Manager/Construction Manager (PM/CM) teams will be selected for the Hospital Core Medical Building, as well as the Department of Corrections (DOC) and Maywood Campuses. PM/CM teams will begin a detailed ADA assessment of all county owned facilities under their respective purview and initiate a program that prioritizes and addresses all current ADA standards under the guidance of DCPP's ADA Compliance Project Director. In accordance with recommendations set forth in the County's first Real Estate Strategic Realignment

## DEPARTMENT OVERVIEW

## 031 OFFICE OF ASSET MANAGEMENT

Plan, DCPP will begin to abate, decommission and demolish obsolete, vacant and / or underutilized County facilities. This will result in savings in operating and capital expenses as the County will not need to continue investing in deteriorating facilities and operate more efficiently in the assets that are being occupied. The demolition projects will begin at the Department of Corrections and Oak Forest Hospital.

Capital Planning \& Policy
Zero-Based Budgeting

The Office of Asset Management (OAM) is planning to reduce the long term financial impact on the County through the demolition of vacant and underutilized facilities. Departments will be consolidated and relocated to facilities that will allow them to continue their core mission. OAM will investigate long term opportunities for development of new facilities that will provide modern amenities for Cook County services as well as generate revenue for the County. DCPP will be working on entering into contracts with Demolition Contractors to demolish facilities that will result in significant savings in operating expenses and captial expenses. The capital expenses avoidance over 10 years is estimated at $\$ 130 \mathrm{M}$ and the operating expense impact is estimated at $\$ 1.3 \mathrm{M}$ annual reduction in utilities and staffing appropriations.

## STAR Goals/Key Performance Indicators

* Complete Capital Projects within Budget - This goal has two components, one, professional services and two, construction contracts. The fiscal year to date target is $95 \%$ for both goals. We are currently at $99 \%$ and $98 \%$ respectively. The implementation of previous initiatives, facility assessments and Job Order Contracting program has allowed continued improvement in reaching the target.
* Complete projects within Approved Schedule - This goal has a target of $90 \%$ of the projects completed by DCPP to be on schedule. To date $96 \%$ of the projects in construction managed by DCPP are on time. This performance indicator is a priority for DCPP to continually meet and exceed our target. The previous implementation of project management software was the first step in establishing accountability and will be further improved with the addition of new cost management and forecasting software being implemented with the ERP rollout.
* Improve space utilization for 10 users. Increase the number of departments that improve their space utilization factor to move toward the goal of 190 square feet per full time employee. In some cases, this will be an increase in space, but overall, application of the standard will reduce space usage over time. In 2015, 14 departments will improve their space utilization. In 2016, a key indicator is to improve space utilization for 10 departments.
* Reduce space utilization of 5 departments in downtown corporate campus. In 2015, DREM has assisted 7 departments in reducing their space use. In 2016,
our target will be 5 departments reducing space use.
* Increase lease revenues by $2 \%$. For 2015, lease and license revenues increased over $10 \%$, due to earlier than projected leasing of the fourth floor of the Dunne Building. All vacant space has now been leased, and reconfiguration of County spaces will now be necessary to make space available for leasing. 2016 will see planning and design for consolidations which will increase lease revenues in future years. With natural increases in rent, implementation of the cell tower lease initiative, and possible leasing of a floor for occupancy late in 2016, DREM anticipates a 2\% increase in lease revenues for 2016 over 2015.

## DEPARTMENT OVERVIEW

## 200 DEPARTMENT OF FACILITIES MANAGEMENT

## Mission

The purpose of the Department of Facilities Management is to maintain and operate Cook County facilities in a cost effective manner for both the general public and various Cook County departments in order to provide a safe, reliable, and clean environment, conducive and supportive to carrying out the business and services of the County.

## Mandates and Key Activities

- Federal Department of Justice Agreed Order (Although removed from the Order, must maintain provisional standards of the Order)
- Federal Department of Junvenile Justice Memorandum of Agreement
- Operate buildings in an energy efficient manner
- Life safety requirements of authorities having jurisdiction
- Compliance: DOJ \& IDJJ Agreement, Ensuring Life Safety Code Compliance in all facilities.
- Outlying: Maintenance of all facilities outside the Department of Corrections (DOC), including Juvenile Detention Center (JTDC), the largest single site Juvenile Detention Center in the nation. Square footage 6,697,677.
- DOC: Maintenance of the Department of Corrections, the largest single site jail in the nation, for approximately 9,000 inmates and 7,000 employees, in addition, a 14 story commercial high rise and a courthouse with the second most court calls in the nation. Square footage 5,044,347.
- Custodial: Sanitizing, snow removal, and landscaping of all facilities outside the Department of Corrections. Total tenant square footage of $3,983,000$ with an additional 2,290,592 in garage space.
- Engineering: Building operations and preventative maintenance programs at all County Properties; square footage 11,481,296.
- Trades: Repairs and maintenance of all properties; total square footage of 11,742,024.
- City/County Collaboration: Water meter installation-All 28 meters complete as of January 2015 to provide actual readings versus estimates.
- Building by Building Budgets: DFM rolled out and is now managing the budget in a more accountable and efficient manner. A building by building budget allows industry standard management of facilities. Procurements are associated with the facility they will be used in for more accountability and transparency.
- New Work Order System: DFM is working along with the Bureau of Technology to procure a new work order system. This system will provide real time data analytics to enhance performance and productivity. This will include cloud based work requests (requests can be entered from any device), staff scheduling, view of KPIs and S.T.A.R data in real time, mobile platform, and robust reporting capability with a focus on labor management and utilization.
- Overtime Reduction: Absence management and quality control allowed for continued reductions.
- DFM now maintains all DOTH facilities. DFM trades are also responsible for repairs at the Cicero Warehouse and our engineers now maintain HVAC at the Adult Probation Office. DFM janitors have taken over the cleaning of administrative property on South Campus at the DOC as well as snow removal at Forensics allowing for these outside contracts to be cancelled. Approximately $\$ 600,000$ in yearly contracts have been cancelled to conserve funds.
- Work Orders: Increased work order completion by over 14,000 (167,036 in FY2013 to 182,609 in FY2014, projecting 183,000 in FY2015).
- Recycling: Launching paper recycling program in cooperation with Sheriff Support Services.

## Budget and Cost Analysis

Zero-Based Budgeting - As part of the ordinance, DFM is planning to reduce outsourced service contract usage. Staff will be revamped, supplemented with seasonal labor for large projects, and provided necessary training to reduce contracts and bring more services in-house.

Technology - With over 500 employees, DFM requires robust labor management tools, including the new work order system noted above and hand held devices. The hand helds upload the close out of work orders in real time upon completion as opposed to the staff filling out paper work daily for data entry. This means work may be completed, but not realized in real time. With digital work order close outs and monitoring, data is more accurate, providing for better information for analytics and decision making. This will free up data entry staffers to take on other Facilities enhancement initiatives. The hand helds will provide for improved services across the County.

## STAR Goals/Key Performance Indicators

* The DOJ Agreement has a four-year sunset clause which enabled the Department of Facilities Management to be removed from the Order due to achieving substantial compliance for 18 months and longer on all provisions. As of June 22, 2015, DFM has been released from the Order. Although removed from the Order, DFM intends to and must maintain the provisional standards of the Order.
* This department continues to operate the largest single site jail and juvenile center in the nation along with nearly $6,000,000$ square feet of commercial space at a cost less than the International Facility Management Association (IFMA) pricing benchmark. This price is reflective of an efficient in-house workforce that maintains an aged physical plant.

## DEPARTMENT OVERVIEW

## 310 OFFICE OF THE CHIEF JUDGE

## Mission

The Office of the Chief Judge is the administrative arm of the Circuit Court of Cook County. The Department prepares the Circuit Court's annual budget and supervises approximately 2,750 non-judicial employees who work in 14 offices that provide probation and other court-support services, such as court reporting and foreign language interpretation. Effective May 20, 2015, the Department began supervision of the operations of the Juvenile Temporary Detention Center.

## Mandates and Key Activities

- The Office of the Chief Judge is the principle administrative office serving the Circuit Court of Cook County providing support and services to the judiciary, the public and court-involved individuals. Support and services include: jury service, judicial training, legal research, court interpreters, foreclosure mediation, child care for persons having business with the court, advice desks, human resources, procurement, grants management and management information services. The Office of the Chief Judge also oversees and coordinates the non-judicial offices within the court, as well as judicial law clerks and clerical support staff.

## Budget and Cost Analysis

The Department's budget is driven by a variety of programs, as follows:

## Mortgage Foreclosure Program:

The Circuit Court of Cook County Mortgage Foreclosure Mediation Program is a court-annexed program that encourages homeowners in foreclosure to visit the court so they can obtain free housing counseling and legal services to help them resolve their foreclosure cases. The program is the most comprehensive in the nation and provides more services and resources at no cost to homeowners in foreclosure than comparable programs. Of those involved in mediation, about half reach an agreement to obtain a permanent modification of their mortgage to save their homes.

## Parentage and Child Support Court:

The Parentage and Child Support Center administers the Expedited Hearing Process. The goal of the hearing process is to ensure all children receive prompt and regular child support payments. Specially trained hearing officers make recommendations to judges on establishing, enforcing or modifying child support orders and also make recommendations on parentage and medical support orders. The Expedited Child Support Center works in coordination with the Illinois Department of Healthcare and Family Services. Overall, the Center hears about 25,000 parentage and child support enforcement cases each year.

## Office of Jury Administration

The Office of Jury Administration is responsible for providing the pool of qualified jurors for the Circuit Court. It accomplishes this goal by mailing out jury summonses to prospective jurors, with an option to reschedule for another day or pick another courthouse. In FY14, the Office mailed 885,000 summonses and it expects to mail 935,000 summonses in FY15. The Office is also mandated to increase compensation to jurors from $\$ 17.20$ a day to $\$ 25-\$ 50$ a day per 55 ILCS $5 / 4-11001$. Additionally under the Opt-Out Program, the Court allows prospective jurors age 70 or older to opt-out without limitation. In addition to scheduling juror service, the Office of Jury Administration acquaints prospective jurors with their
responsibilities through the use of a juror orientation video.

## Mandatory Arbitration:

The Cook County Mandatory Arbitration Program is an alternative dispute resolution process approved by the Illinois Supreme Court in January 1990, as a joint effort of the judiciary, attorneys and public to help resolve disputes in a more efficient way. The program resolves approximately fifty percent of cases before they reach a jury trial. The Court uses mandatory arbitration for certain types of small civil cases in which the plaintiff is seeking only money. The objective of the program is to enable the parties to quickly resolve their dispute, without resorting to a formal trial with a judge or jury, through the use of high-quality, economic hearings. The process is less formal and less time consuming than a jury trial and is conducted by a three-member panel of arbitrators. The arbitrators are licensed attorneys who have at least three years of experience and are certified by the Administrative Office of the Illinois Courts as having successfully completed a course in dispute resolution. On average, about 14,000 cases are referred to arbitration in Cook County each year, two-thirds of which are settled or dismissed.

## Family Mediation Services:

As part of the Domestic Relation Division, Family Mediation Services mediates custody and visitation disputes. The service operates under court order and offers emergency intervention and referral services when necessary.

## Parenting Education Program:

The Parenting Education Program known as Focus on Children provides half-day online and in-person parenting education class sessions for those who are mandated by court order. The class addresses parenting in divorce situations, post-decree situations and never-been-married situations where the parents do not live together. A fee ( $\$ 39.95$ for online and $\$ 25$ for in-person) is charged for attending the class. However, the fee may be reduced or waived by the judge.

## Office of Official Court Reporters

The Office of Official Court Reporters employs court reporters licensed and compensated by the State of Illinois. The duty of the Office is to record certain court proceedings verbatim either through the taking of stenographic notes or by an electronic recording system approved by the Illinois Supreme Court. The Office ensures that all transcripts prepared as the official record of court proceedings are prepared pursuant to applicable Illinois Supreme Court rules. The Office of Official Court Reporters employs more than 200 court reporters and digital recording court specialists.

## Office of Interpreter Services:

The Court provides persons having limited English proficiency or speech or hearing impairments with court interpreters to help facilitate court proceedings. Interpreters help ensure that all persons enjoy equal access to justice and that court proceedings function efficiently and effectively. The most common languages interpreted are Spanish, Polish, Korean, Arabic and Russian. Sign language interpreters are also requested frequently. In all, the office's court interpreters appear in the courts to provide services more than 100,000 times each year.

## Juvenile Court Clinic:

The Juvenile Court Clinic is responsible for providing a variety of services to judges

## DEPARTMENT OVERVIEW

and court personnel regarding clinical information in juvenile court proceedings. These services include consultation regarding requests for clinical information, forensic clinical assessments in response to court ordered requests, information regarding community based mental health resources, and education programs on issues relating to mental health information and court proceedings. Juvenile Court Clinic staff comprise lawyers and mental health professionals who use a multidisciplinary approach to provide high quality mental health assessments that are relevant, timely, culturally sensitive, and in a form that bridges the legal and mental health fields. Forensic clinical assessments can only be initiated by court order.

Elder Justice Center:
The Elder Law and Miscellaneous Remedies Division was created by Chief Judge Timothy C. Evans to serve the unique needs of older litigants and their families and to link them with community services. The center helps senior citizens to navigate the court system, and provides information, training and support to avoid abuse, neglect and financial exploitation.

## Advice Desk Services

The Office of the Chief Judge operates numerous help desks to provide free legal assistance and advice to people without lawyers. They include: the Chancery Advice Desk for mortgage foreclosure and other matters; the Collection Advice Desk for proceedings involving collections on monetary judgments; the Domestic Relations Advice Desk for family matters and judgments of marriage dissolution; the Expungement Help Desk to help prepare applications for expungement of criminal background records; the Guardianship Assistance Desk for Minors for issues concerning guardianship; the Municipal Court Advice desk for evictions, contract disputes, debt collection and claims for monetary damages under \$50,000; the Parentage and Child Support Pro Se Advice Desk for child support and paternity issues; the Pro Se Adult Guardianship Help Desk for petitions to obtain guardianship of adults with disabilities; and the Pro Se Filing Desk for small claims. The court also operates several additional help desks in the suburban municipal district court facilities.

Children's Advocacy Rooms:
The court's Children's Advocacy Room Program provides free, on-site child care for children whose parents or guardians must attend court to protect children from being exposed to potentially traumatic courtroom testimony or behavior. The rooms are welcoming environments that are cheerfully decorated and child-centered. To date, eight such rooms have been established in Cook County, four in Chicago and four in the suburbs. The rooms are staffed by experienced professionals in early childhood development, trained to respond compassionately to children whose experience with the court can involve highly charged emotional issues. Volunteers and interns assist staff in the supervision of the children. An array of books, toys, games, movies, and other activities give children of different ages the freedom of just being children as their parents or guardians attend court.

## DEPARTMENT OVERVIEW

## 280 ADULT PROBATION DEPARTMENT

## Mission

The Cook County Adult Probation Department is a leader in community corrections, working with the judiciary and the community to create a safer society. The Department is committed to providing the courts with quality information and to offering viable, cost-effective sentencing and pretrial options. Through a balance of enforcement and treatment strategies, the Department holds offenders accountable and affords them opportunities to become productive, law-abiding citizens.

## Mandates and Key Activities

- In accordance with Illinois Compiled Statutes: 730 ILCS 110, Probation and Probation Officers Act; 730 ILCS 115, Probation Community Service Act; 725 ILCS 185, Pretrial Services Act; the Cindy Bischof Law; and 725ILCS 5/110$5(\mathrm{f})$, Code of Criminal Procedure of 1963, determining the amount of bail and conditions of release, the Adult Probation Department is responsible for the following.
- Supervising adults sentenced to probation who have been convicted of felonies as well as certain misdemeanor offenses. Probation is a sentencing option in which offenders are required to comply with specific conditions of supervision while residing in the community.
- Supervising accused persons released on bond awaiting trial.
- Conducting interviews to assist the courts in making decisions about bond and conditions of release.
- Completing pre-sentence reports to assist the courts in making sentencing decisions.
- Providing GPS monitoring for individuals charged with or convicted of certain domestic violence related offenses.

## Budget and Cost Analysis

The Department administers a wide range of programs covering both standard and specialized probation supervision and pretrial and presentence services. The majority of Department resources are dedicated to probation supervision. Probation officers assist individuals in complying with their sentences through guidance, surveillance, and referrals to service providers for treatment, education, and employment services. Officers notify the court when probationers fail to comply with conditions of their sentence. During the first six months of FY2015, there were 6,284 new cases ordered to probation and the current active caseload is 23,938 . Of these active cases, 20,210 are assigned to standard caseload supervision, to which 157 officers are assigned for a ratio of 129 cases per officer. This is nearly 45\% higher than the Administrative Office of the Illinois Courts' recommendation of 89 cases per officer. Hence, the department is seeking additional officers. The rest of the probationers are supervised in specialized programs designed for specific offender populations, such as Adult Sex Offender Program, Domestic Violence Supervision, Mental Health Courts, and Intensive Probation Supervision. Probation supervision provides an important means for compensating victims of crime and the community as a whole. During the first six months of FY2015, the Department collected almost $\$ 1.2$ million in victim restitution and over $\$ 1.8$ million in probation fees, and probationers completed 105,272 hours of community service. A significant portion of the Probation Services Fees budget is used to subsidize treatment costs for indigent offenders who could not otherwise afford to participate in programming critical to their rehabilitation. Subsidized services include substance abuse treatment, partner abuse intervention programs, and sex
offender treatment.

The Department is also responsible for the Pretrial Services Division, which performs two primary functions for the court - 1) conducting assessments prior to defendants' bond hearings or during the trial process to gather information that will assist the court in making decisions about bond and, if applicable, about the conditions of pretrial release and 2) providing pretrial supervision, which allows defendants to be monitored in the community while awaiting trial. These services are provided to enhance the criminal justice system's ability to use the least restrictive means possible to ensure defendants' appearance in court and to protect public safety. During the first six months of FY2015, the Department completed 15,847 risk assessments ( $39 \%$ more than during the same time period in 2014), the courts ordered 5,379 defendants to supervision ( $62 \%$ more than during the same time period in 2014) and the average daily caseload of those on supervision was 3,532 ( $50 \%$ higher than during the same time period in 2014). This dramatic increase in workload is due to significant improvements made in the Pretrial Services Division and heightened confidence in the value of these services among those in the court system. Pretrial Services also provides supervision and court liaison services for those ordered to the State's Attorney's Deferred Prosecution Program, which has an active caseload of nearly 400 cases. Due to the increase in workload the department is requesting additional staff to complete assessments and provide supervision.

The Investigations Division completes presentence/pretrial reports to assist the courts in making decisions about sentencing. The division completed 1,586 during the first six months of FY2015.

The Home Confinement Unit monitors curfews on probation and pretrial cases through radio-frequency electronic monitoring (RF) and monitors certain domestic violence offenders using Global Positioning System (GPS) technology. During the first six months of FY2015, the average daily population of those on RF monitoring was 584. The number of cases on GPS monitoring has risen significantly due to a change in law that greatly expanded the types of cases required to be considered for GPS monitoring as a condition of bail (Public Act 98-1012 under 725ILCS5/110$5(f)$ ). Since the law went into effect January 1, 2015, the daily population has grown from an average of about 74 to 143 (a 93\% increase) and has been as high as 186.

## DEPARTMENT OVERVIEW

## 300 JUDICIARY

## Mission

The Judiciary Department administers and supports the operations of the Circuit Court of Cook County and its non-judicial offices. The Department budget funds a variety of court-related services to the judiciary and litigants.

## Mandates and Key Activities

- The Circuit Court of Cook County is a state trial court and is the largest of the 24 judicial circuits in Illinois and one of the largest unified court systems in the world. The Chief Judge, Honorable Timothy C. Evans, has general administrative authority over the court including authority to coordinate and supervise the administrative functions of the court. The Circuit Court of Cook County was created by a 1964 amendment to the Illinois Constitution which reorganized the courts in Illinois. The amendment effectively merged the often confusing and overlapping jurisdictions of Cook County's previous 161 courts into one uniform and cohesive court of general jurisdiction.

The Circuit Court of Cook County has more than 400 judges who serve the 5.1 million residents of Cook County including the City of Chicago and its 126 surrounding suburbs. More than 1.1 million cases are filed each year.

## Budget and Cost Analysis

Funding for the Circuit Court of Cook County is provided by two principal sources: the State of Illinois through the Illinois Supreme Court and the County of Cook through its Public Safety Fund appropriations.

The State of Illinois funds the salaries and benefits of judges and court reporters, a portion of probation and detention officer salaries and other programs such as mandatory arbitration and child support. Most of the funding for the court's infrastructure and operations is provided through Cook County, a portion of which is paid with fees collected pursuant to statute, Supreme Court rule and county ordinance. County funding for the Circuit Court is required by Illinois statute. Article VI, section 14 of the Illinois Constitution provides in part that, while judicial salaries may be paid by the state, "Circuit and Associate Judges shall receive such additional compensation from counties within their district or circuit as may be required by law." The Salaries Act (5 ILCS 290/3.2, 3.3) requires such supplemental compensation. The Counties Code ( 55 ILCS $5 / 5-1106$ ) provides that it is the duty of the county boards to provide suitable courthouse facilities and to pay for the reasonable and necessary expenses of judges and to support the offices of related court service agencies.

The Cook County budget facilitates funding for many essential court programs which overwhelmingly serve indigent, minority litigants and defendants. They include: the Mortgage Foreclosure Mediation program, Elder Justice Center, problem-solving courts, probation and pretrial services, juvenile detention alternatives and help desk services. Further, the court's budget is designed to satisfy the obligations of legislative mandates and includes appropriations for a variety of court-ordered services. Such services include: legal fees for indigent defendants and respondents, fees for court interpreters and court reporters, fees and food for jurors, delivery of juror summonses, operating costs of the court facilities and a variety of probation programs. These mandated services comprise a substantial portion of the county budget appropriations for the court.

## DEPARTMENT OVERVIEW

## 305 PUBLIC GUARDIAN

## Mission

The Office of the Cook County Public Guardian represents abused and neglected children, children in highly contested custody cases and acts as guardian for adults with disabilities and their estates.

## Mandates and Key Activities

- Public Guardians in Illinois were established by the passage of the Public Guardian Statute in 1978. 755 ILCS 5/13-1 et seq. While most counties have a Public Guardian, Cook County is the only county where the office functions as an agency. The Office of the Cook County Public Guardian is the only public law office of its kind and has been recognized both locally and nationally as one of the premier law offices in the country that represents abused and neglected children and elderly individuals as well as serves as guardians for adults with disabilities and their estates.

## Budget and Cost Analysis

The Office of the Public Guardian has a number of initiatives under its purview including the implementation of the new financial and case management software system to more effectively and efficiently manage the care of wards and their assets. Programs the Department is responsible for include:

- Maintain effective advocacy on behalf of the child clients and adults with disabilities served in legal, administrative and other proceedings.
- Support legislation that ensures the rights of child clients and adults with disabilities served through oral and written testimony before Illinois state legislators and other advocacy.
- Maintain ethical caseloads for attorneys who represent children as recommended by the National Association Counsel for Children and U.S. Department of Health and Human Services, Children's Bureau; and adults with disabilities under guardianship as recommended by the American Bar Association Commission on Law and Aging.

Revenue sources for the Department include fees collected for services provided to adults with disabilities served as well as child clients. Since 2004, the amount of fees collected annually for the office's services and paid to the Cook County Treasurer has more than doubled from $\$ 1.44$ million in 2004 to $\$ 3.1$ million in 2013 and approximately $\$ 2.86$ million in 2014.

The Adult Guardianship Division (AGD) acts when the Public Guardian is appointed guardian of the person and/or estate for adults with cognitive disabilities who have estates of $\$ 25,000$ or more. AGD is an interdisciplinary office that utilizes legal, clinical, social work, general guardianship, financial and administrative personnel to manage the guardianships of approximately 650 people, 167 real properties and $\$ 100$ million in assets. The current division caseload is 43 per guardian although the American Bar Association recommends the ethical caseload to be 20 per guardian. The average age of people under guardianship is 72 (the youngest is 21 years old and the oldest is $103 ; 72$ seniors are 90 years or older). Approximately $39 \%$ of the people under guardianship care live in the community.

Of note is the interconnection between AGD and the Juvenile and Domestic Relations Divisions of OPG. For example, the Appeals Unit works on cases for all three divisions in the Illinois Appellate and Supreme Courts, the Federal Appellate

Court and The United States Supreme Court. Another example of the interconnectivity of all three divisions includes the sharing of expertise regarding juvenile and domestic relations issues when they arise for the adults with disabilities. In a number of cases, adults under guardianship are involved in divorce or custody proceedings. In addition, juvenile clients who have estates of $\$ 25,000$ or more are referred to AGD when their cases are closed in Juvenile Court. Most of the new attorneys in the Adult Guardianship and Domestic Relations Divisions are transferred as experienced attorneys from the Juvenile Division.

Although OPG is appointed by court order, OPG receives intake referrals for people with disabilities prior to appointment from various entities including: banks, law enforcement, Illinois state officials, Cook County officials, nursing homes, adult protective services, hospitals, municipal officials, family members, churches, social service agencies, synagogues and others. This service is important to protecting Cook County citizens.

A key cost driver for the office is the number of wards served. The Department calculates that the average cost per ward in 2014 was $\$ 7,397$. It is expected that this cost will rise to $\$ 7,652$ by year end 2015 .

## DEPARTMENT OVERVIEW

## 312 FORENSIC CLINICAL SERVICES

## Mission

The Forensic Clinical Services Department (Department) provides comprehensive and diagnostic clinical services to the court and related agencies under the court's jurisdiction. The Department employs psychiatric, psychological, and social service methods in the delivery of clinical services. It also submits clinical opinions and recommendation to the court. The Department also provides expert witness testimony where mandated.

## Mandates and Key Activities

- The Forensic Clinical Services Department is a clinical agency operating under the direction of the Office of the Chief Judge of the Circuit Court of Cook County. Established in 1914, the Department has the distinction of being the nation's first adult psychiatric court clinic. The Department is staffed by psychiatrists and psychologists who perform diagnostic forensic evaluations of cases referred by the court and its related agencies. Results and recommendations based on these examinations are submitted to the court in written reports.
- The examining medical staff provides expert witness testimony on issues such as fitness to stand trial, sanity at the time of the offense, ability to understand Miranda, among others. These services enable the court to promptly and adequately deal with mental health issues pertaining to pretrial, trial, and posttrial legal issues. The Department also contributes to public safety by ensuring treatment for mentally ill defendants.

## Budget and Cost Analysis

The budget for the Department mostly funds the salaries of psychiatrists and psychologists who provide court-ordered direct services to the Criminal Division judges. In the first 6 months of FY15, the Department completed 1,052 written reports to the court and provided 131 witness expert testimonies on the mental state of defendants. The caseload per psychiatrist is 152 for this period. These inhouse services would otherwise be provided by independent expert witnesses at much greater cost of $\$ 300-\$ 400$ per hour on average, compared to $\$ 70$ per hour on average for a Department expert. Services include written reports to the court and court testimony on the mental state of court defendants.

## DEPARTMENT OVERVIEW

## 313 SOCIAL SERVICE

## Mission

The Social Service Department of the Circuit Court of Cook County is a community corrections and court services agency mandated by the court to direct adult felony and misdemeanor offenders in satisfying court-ordered conditions and penalties. As officers of the court, department staff craft and employ offender-specific strategies to achieve the sentencing objective of the court, which is defined by the Illinois Constitution as "restoring the offender to useful citizenship."

Following the principles of limited risk management, the Social Service Department uses a dynamic process of assessment to:

Provide and facilitate correctional treatment services appropriate to the offender's criminogenic needs;

Match the degree and intensity of services to the level of risk the offender poses to society; and

Gauge the offender's compliance and continued risk to the community

In partnership with the court and the community, the Social Service Department increases public safety by redirecting offenders toward non-criminal behavior in the home, school, workplace and community.

## Mandates and Key Activities

- Follows mandates by the court to direct adult felony and misdemeanor offenders in satisfying court-ordered conditions and penalties (Illinois Criminal Law and Procedure, Chapter 730 ILCS, 110/0.01-14, and Probation and Probation Officers Act; 110/15, Probation Services).

## Budget and Cost Analysis

The operations of the Social Service Department are funded by four sources: The AOIC for statutory reimbursements of salaries, $32 \%$; probation fees collected by the Department by statute, $5 \%$; other program fees collected by the Department, $5 \%$; and Cook County, 58\%.

During the first half of 2015, the Department received over 7,800 new probation cases and had an average daily active caseload of 14,000 probationers. Currently 105 casework staff are assigned to these 14,000 cases with an average caseload of 133 cases per caseworker.

The Department continues to work with the court's Domestic Violence Division to hold defendants accountable as well as ensure victim safety. The Department is in the process of training more casework staff in response to the expansion of risk assessments that must be completed daily as mandated by the expansion of Illinois Public Act 095-0773 (the Cindy Bischoff Law, enacted January 2009).

The Department's training division is working closely with the Administrative Office of the Illinois Courts (AOIC) to better equip managers and line staff with tools on the Effective Casework Model and best practice initiatives and techniques. Through these efforts, the Department will engage offenders in hopes of increasing their motivation to fulfill court obligations while keeping public safety as a top priority. The AOIC sponsored trainings for both Supervisors and Managers and the

Department is working to implement these practices.

In 2016, the Department is requesting resources to be trained to conduct parenting classes that are tailored for court-referred offenders as a targeted intervention.

Below are a list of term definitions for the Department's data table (please note OCJ is part of the Circuit Court and therefor a state agency and does not participate in the Cook County STAR program):
-New Probation Cases: A new court-order written which sentences a defendant to either Supervision or Conditional Discharge, to be supervised by the Department. -Victim restitution collected from probationers: As a condition of Supervision or Conditional Discharge the court may impose an amount due to the victim. Any portion of this amount paid by the defendant under the supervision of the Department is collected and delivered to the victim.
-Probation Fees collected from probationers: As a condition of Supervision or Conditional Discharge a defendant is mandated to pay a monthly probation fee in the amount of $\$ 50.00$, which is on a sliding scale based on a defendant's ability to pay.
-Community Service hours completed by probationers: As a condition of Supervision or Conditional Discharge the court may sentence a defendant to perform community service. The Department operates a Community Service Program which places a defendant in an appropriate site and monitors their participation and hours completed.
-Client - A defendant who has been sentenced by the Court to either Supervision or Conditional Discharge, with conditions of the Court to be completed. The defendant is supervised while completing these conditions by the Department.

## DEPARTMENT OVERVIEW

## 326 JUVENILE PROBATION AND COURT SERVICES

## Mission

The mission of the Juvenile Probation and Court Services Department is to serve the welfare of children and their families within a sound framework of public safety. The Department is committed to providing the guidance, structure, and services needed by every child under its supervision. In partnership with the community, the Department promotes the healing and recovery of neglected children and directs delinquent children toward reforming their behavior in the context of increased accountability, enhanced community restoration, and expanded personal competencies.

## Mandates and Key Activities

- The Department operates in accordance with the applicable laws and regulations governing its functions and duties including (but not necessarily limited to) the Juvenile Court Act (e.g. 705 ILCS 405/6-1), the Probation and Probation Officers Act ( 730 ILCS 110/0.01 et seq.), rules and policies as promulgated by the Administrative Office of the Illinois Courts and by the Office of the Chief Judge of the Circuit Court of Cook County. Such functions and duties involve collecting, maintaining, and reporting information to the court concerning court-involved children; providing support and supervision to delinquent children; and making recommendations to the court on the care and custody of such children.
- "Raise the Age" Legislation - With the passage of PA 98-0061, as of January 1, 2014 the jurisdiction of juvenile courts was expanded to include young people age seventeen charged with committing felony offenses. The passage of this legislation has increased the number of high-risk, high-need youth who require intensive intervention services. In 2013, 1,062 seventeen year old youth were assigned to probation. In 2014, subsequent to the Raise the Age Legislation, 2,290 seventeen year olds were assigned to probation and 1,399 of those were felony cases. From January 1, 2015 through September 30, 2015, the Department was assigned 1,137 seventeen year old youth.
- Automatic Transfer reform legislation- with the passage of PA-99-0258 as of January 1, 2016, youth who would formerly be prosecuted as adults are now under the jurisdiction of the Juvenile Justice Division. As a result, the number of older probationers with serious charges who appear in Juvenile Court is expected to expand. The anticipated intake for cases assigned to probation as a result is 10-12 minors per month.
- Illinois Department of Juvenile Justice, "Right sizing IDJJ" -PA 99-0268 - As of January 1, 2016, misdemeanants will no longer be subject to placement in the Illinois Department of Juvenile Justice. As a result, the Department is developing programming for these additional youth. Prior data for misdemeanor youth sentenced to IDJJ suggests there were 14 in 2013, 17 in 2014 and 14 in 2015.
- As part of the Juvenile Detention Alternative Initiatives (JDAI) of the Annie E. Casey Foundation, the Department operates a continuum of community-based detention alternative programs. As a national model for the JDAI for the past 20 years, the Circuit Court of Cook County has diverted approximately 200,000 minors from the Cook County Juvenile Temporary Detention Center (JTDC) without compromising public safety. The average daily population in the JTDC has been reduced from about 620 several years ago to about 300 as a result of these programs. The department's JDAI community-based alternatives include afternoon and weekend interventions and sanctions for minors at risk for being referred to detention. The goal of these services is to provide meaningful
programming to youth to maintain them safely within their communities. This initiative is targeted to communities which have the highest arrest rates and referrals to the detention center. In 2014, the interventions and sanctions programs integrated cognitive/behavioral techniques into their daily programming to challenge the attitudes and beliefs of the youth, and promote sustainable change.

## Budget and Cost Analysis

The operations of the Juvenile Probation and Court Services Department are funded by three sources: The AOIC for statutory reimbursements of salaries, 28\%; program fees collected by the Clerk of the Court and Title IV-E reimbursements, 2\%; and Cook County, 70\%.

Department supervised 6,574 children from January to September, 2015, and expects to have 8,765 children by the end of December. Majority of the Department's budget goes toward probation officers who mentor and supervise children. Department currently maintains a standard caseload of 25-30 children per probation officer.

Majority of non-personnel budget goes toward programs that help keep youth in the community, as opposed to the juvenile detention center. Earlier in FY15, the Department expanded the use of the structured risk and needs assessment to identify the children's mental health status, which helps identify the higher risk youth offenders and appropriately place them in a more intensive services such as Multi Systemic Therapy, Brief Strategic Family Therapy and trauma-informed therapy (S.P.A.R.C.S).

As a part of the JTDC Detention Reduction Project (DRP) Initiative, the Department provides community-based alternatives, in the form of afternoon and weekend interventions and sanctions, for minors at risk for being referred to detention. The goal of these programs is to provide meaningful programming to youth while maintaining them in their communities. This initiative targets communities which have the highest arrest rates and referrals to the JTDC. The interventions and sanctions programs integrated cognitive/behavioral techniques into their daily programming to challenge the attitudes and beliefs of the youth, and promote sustainable change. As we continue to target high risk areas, we are expanding into other underserved high risk areas and adding additional sanctions and mentoring programming in these areas.

The Department's Advocacy Division also broadened its array of intervention services offered to include targeted family therapy services. The following services are provided: Brief Strategic Family Therapy which targets the immediate concerns of the family; Parenting Cafes where parents are able to assemble and learn to help each other under the guidance of a licensed therapist and; Constant And Never Ending Improvement which provides a minimum of four days of services through family team meetings, individual counseling for youth, group counseling, service learning and mentoring. Other evidence-based, clinical services include: Multi-systemic Therapy (MST), Cognitive Behavioral Therapy (CBT), and Strengths for Trauma Resilience (STRONG).

## DEPARTMENT OVERVIEW

## 440 JUVENILE TEMPORARY DETENTION CENTER

## Mission

The Juvenile Temporary Detention Center Community provides a safe and secure environment that offers the highest quality of integrated services where youth are challenged to make positive changes.

## Mandates and Key Activities

- Legislation enacted in 2013 raised the age of Juvenile Court jurisdiction to include 17 year-olds charged with felonies (PA-098-0061). The JTDC continues to accommodate this new population. Since its effective date, January 1, 2014, this legislation has impacted the JTDC by increasing its resident population.
- In 2015, the United States District Court For The Northern District of Illinois transferred administrative control of the Cook County Juvenile Temporary Detention from the Transitional Administrator to the Office of the Chief Judge of the Circuit Court of Cook County effective May 20, 2015.
- Builds upon the Court's Juvenile Detention Alternative Initiative designated by the Annie E. Casey Foundation to further reduce the population without compromising public safety.
- The Prison Rape Elimination Act of 2003 (PREA; Public Law 108-79) applies to all correctional facilities, including prisons, jails, juvenile facilities, military and Indian county facilities, and Immigration and Customs Enforcement (ICE) facilities. PREA requires the Bureau of Justice Statistics (BJS) to carry out a comprehensive statistical review and analysis of the incidence and effects of prison rape for each calendar year. In order to meet the standards, agencies are required to have written policies that support the standards and guide proper implementation. Auditors must be able to review an agency's policies and determine whether the policies are appropriate to meet the goals of the standards. The initial audit period began on August 20, 2013. To date, 100\% of the JTDC's direct care staff has been PREA trained and certified. The JTDC continues to work towards the mandates of PREA.

## Budget and Cost Analysis

It is the JTDC's main concern to provide youth under its custody with a safe and security environment. As such, the majority of the JTDC budget is allocated for salaries of Youth Development Specialists, Security Specialists, Caseworkers and other staff taking care of youth daily. Youth Development Specialists are responsible for the management and administration of the pods (one "pod" has 16 to 18 beds) and centers (one center consists of three pods), and engages with the youth daily. Security Specialists are responsible for managing the movement and coordination of all youth and authorized personnel /civilians throughout the facility. The JTDC maintains a functional capacity of 382 youth (while there are 16 to 18 beds per "pod," only 12 to 14 may be filled) and a staff to youth ratio of 1 to 8 (1 to 5 during transportation).
The following 2015 activities and 2016 initiatives affect the JTDC's budget:

In 2015, the JTDC completed the installation and implementation of the facility camera system. The Resident Management Information System (RMIS), Guardian Handheld Devices and related equipment and procedures will begin to be activated in December 2015. RMIS and Guardian Handheld Devices is a state of the art technology system that efficiently enhances the management of the large volume of resident information. The system tracks, reports and archive data on resident safety, movement, medical status, nutritional concerns and educational profile.

The JTDC, in collaboration with the Cook County Department of Facilities Management, Painters' District Council \#14, International Brotherhood of Painters and Allied Trades, will implement a Pre-Apprenticeship Painters Program for a limited number of JTDC residents. This program teaches youth housed in the JTDC practical, vocational skills in a hope to help reduce recidivism. The PreApprenticeship Painters Program will consist of a 160 hour program per 12 month period and equip youth with practical, vocational skills in a hope to help reduce recidivism.

While Cook County's Department of Facilities Management is spearheading the Pre-Apprenticeship Painters Program and is providing most of the equipment and material for the participants, the JTDC provides one (1) Youth Development Specialist (avg. salary for YDS \$50K) for security, movement and control to assist the Department of Facilities Management in the administration of the program. The JTDC also provides painting clothing for residents who participate in program costing approximately $\$ 35$ per resident.

Another program the JTDC seeks to implement is a Barber Training Academy for eligible JTDC residents, most likely youth tried as adults. The Academy will be staffed by a certified and licensed instructor, providing an accredited curriculum for JTDC residents. The credits youth receive are valid for seven years and youth are able to continue learning at the Cook County Jail as well. The initial operating startup cost for material and equipment is approximately $\$ 9 \mathrm{~K}$ and a capital improvement build out of $\$ 50 \mathrm{~K}$. The annual salary cost for the barber instructor is \$30K.

The JTDC will establish in 2016 a Leadership Institute to develop and enhance current and emerging skills of JTDC staff. A comprehensive 12-month series of trainings focused on developing and enhancing skills for effective supervision and leadership. Training on issues identified by staff, supervisors, and leaders from across JTDC, best practices and emerging trends in the field of supervision, management and leadership.

In 2015, the JTDC began submitting salary reimbursement claims to the Administrative Office of the Illinois Courts (AOIC) to support JTDC operations at approximately $\$ 2$ million per month. As of May 20, the AOIC has allocated $\$ 9$ million thus far for the State of Illinois FY15. The $\$ 9 \mathrm{M}$ is a placeholder allocation pending passage of the State's FY2015 budget.

## DEPARTMENT OVERVIEW

## 531 CIRCUIT COURT - ILLINOIS DISPUTE RESOLUTION FUND

## Mission

The Illinois Dispute Resolution Fund 531 was established to account for court filing fees from litigants in civil cases for disbursement to dispute resolution centers. The centers facilitate alternative dispute resolution and divert certain pending matters from litigation and resolve them through mediation.

## Mandates and Key Activities

- The Illinois (Not-for-Profit) Dispute Resolution Fund funds non-binding mediation for cases referred by judges of the Circuit Court. These cases involve small claims, noise harassment, property claims, personal injury, housing disputes, domestic relations, quality of goods and services, mortgage foreclosures, contracts, liens, wills and trusts and juvenile delinquency. Services are provided pursuant to the Illinois Not-for-Profit Resolution Act (710 ILCS 20/1) and Circuit Court General Order No. 19.

## Budget and Cost Analysis

The budget for special fund 531 includes two components: professional services, account 260, to pay for dispute resolution services and contingency account 818, to facilitate transfers of funds to department 310

The professional services account is established to pay the Center for Conflict Resolution (the only applicant to provide such services), up to $\$ 200,000$ annually, in accordance with state statutes and General Order \#19.

In recent years, fund collections have fallen short of \$200,000 per year. By order of the court, collections of fees in excess of those paid for mediation services have been transferred to department 310 (through the 818 account) to pay for the administration of justice. Such excess collections have been exhausted and as such no additional transfers are expected in 2016.

## DEPARTMENT OVERVIEW

## 532 ADULT PROBATION/PROBATION SERVICE FEE FUND

## Mission

The mission of the special purpose Adult Probation Service Fee Fund is to account for court-ordered probation service fees collected from clients of the Adult Probation Department, pursuant to state statutes, 730 ILCS 110/15.1.

## Mandates and Key Activities

- The Adult Probation Service Fee Fund is established by the Probation and Probation Officers Act, Section 15.1, Probation and Court Services Fund (730 ILCS 110/15.1). State statutes provide that probation fees may be imposed up to a maximum of $\$ 50$ per month, based upon the defendants' ability to pay. Unlike other court fees collected by the Clerk's Office, these fees are held by the Cook County Treasurer in special accounts on behalf of the court's probation operations
- Oversees primarily felony offenders sentenced to probation, conditional discharge, or supervision
- Collects court-ordered probation service fees from the offenders
- Guidelines imposed by the Administrative Office of the Illinois Courts (AOIC), the administrative arm of the Illinois Supreme Court, restrict the use of probation fees to the purchase of services related to probation program operations, not otherwise covered by county funding. The rules require, for example, that fees may not be used to pay for probation initiatives, where funding responsibility resides with the county. The fees also cannot be used to pay for personnel costs, secure detention, or shelter care. However, in 2004, the Probation and Probation Officers Act was amended to give the AOIC latitude to permit state courts to use probation fee funds for probation salaries. (730 ILCS 110/15.1). As a result, in recent years the fees have been used to help reimburse the county for the cost of salaries of adult probation officers.

## Budget and Cost Analysis

The operations of the Adult Probation Department are funded by four sources: The AOIC for statutory reimbursements of salaries, $27 \%$; probation fees collected by the Department by statute, 4\%; other program fees collected by the Department, 4\%; and Cook County, 65\%.

Fund 532 reflects the $4 \%$ paid with statutory probation fees, which pay for $100 \%$ of program service costs for all programs, excluding Department staff. County funding is reserved for a portion of Department salaries and relatively minor administrative costs.

## DEPARTMENT OVERVIEW

## 572 CHILDREN'S WAITING ROOM REVENUE FUND

## Mission

The mission of the Children's Advocacy Room Program is to provide no-cost, onsite child care in the Circuit Court of Cook County courthouses for children whose parents or guardians must attend court. This protects children from being exposed to potentially traumatic courtroom testimony or behavior. The related Special Purpose Fund 572 was established to account for court-ordered waiting room fees to support the program.

The Children's Advocacy Clinic is a mental health assessment and referral clinic for children and parents involved in domestic violence that operates in conjunction with all Children's Advocacy Rooms. Referrals are made to the Children's Advocacy Clinic from all eight of the court's Children's Advocacy Rooms.

The Clinic offers a voluntary mental health triage system that screens children and parents for the effects of domestic violence trauma. Clinic clients are given referrals to appropriate agencies to address identified mental health needs, as well as other needs including housing, employment training and childcare. Clients also receive assistance in setting up appointments at referral agencies. The Clinic's services include an educational component to help children process the violence they have experienced in the home and understand courtroom proceedings.

The Children's Advocacy Clinic is staffed by a Master's level therapist. The therapist meets with the parent and each of the children to discuss the violence they have experienced or witnessed and how it has affected their emotional state and daily lives. Based on the needs identified, the therapist provides referrals to appropriate mental health service providers for on-going assistance. The therapist also addresses immediate clinical crisis issues.

## Mandates and Key Activities

- The Children's Advocacy Rooms are welcoming environments that are cheerfully decorated and child-centered. To date, eight such rooms have been established in Cook County, four in Chicago and four in the suburbs. The rooms are staffed by experienced professionals in early child development, trained to respond compassionately to children whose experience with the court can involve highly charged emotional issues. Volunteers and interns assist staff in the supervision of the children. An array of books, toys, games, movies, and other activities give children of different ages the freedom of just being children as their parents or guardians attend court.

Every child admitted to the Children's Advocacy Rooms is provided with routine childcare services. This includes age and developmentally appropriate activities. Snacks are provided based on the dietary needs of the child. Each Children's Advocacy Room has a Parent Resource Center with brochures and pamphlets provided by social service and other outreach agencies. For families in need of further counseling or refuge from domestic violence, staff also make referrals to community organizations.

The Children's Advocacy Rooms also benefit parents and guardians and the court system. Parents and guardians can focus on legal matters because their children are being responsibly cared for and Judges and counsel can address issues in cases that involve children without their presence in the courtroom.

- The Cook County Board of Commissioners approved an ordinance to create
special revenue funds for the collection and disbursement of fees to finance various court services. Fees of up to $\$ 10$ are collected by the Clerk of the Circuit Court from parties in all civil cases at the time of filing the first pleading, paper, or other appearance, unless waived by the court. The fees are credited to this fund to operate and administer the Children's Advocacy Room program in Cook County. The funds support program staff, program and facility costs. (Illinois Counties Code (55 ILCS 105), Clerk of Courts Act, (705 ILCS 105/27.7), and the Cook County Municipal Code (Art.
II Sec. 18-42 Children's Waiting Room Fee, Ordinance No. 09-0-11, 1-132009).

## Budget and Cost Analysis

Statutory fee collections of children's room fees pay for the direct and indirect costs of the program, including staff, supplies, space, other program costs and indirect costs. "Assessments shall be collected by the Clerk of the Circuit Court and must be deposited into an account specifically for the operation and administration of Children's Advocacy Centers within Cook County."

## DEPARTMENT OVERVIEW

## 574 MENTAL HEALTH SPECIAL REVENUE FUND

## Mission

The Felony Mental Health Treatment Court Programs of the Circuit Court of Cook County seek to address the disproportionate involvement of individuals with mental illness in the criminal justice system. Many of these criminal defendants suffer from underlying co-occurring alcohol and/or illegal drug problems that directly contributed to their involvement in the judicial system. The related Special Fund 574 was established to account for court-ordered fees to support the program, pursuant to the Illinois Counties Code (55 ILCS 105/27.2a(w)(1)(E)) and Cook County Ordinance No. 09-0-11, 1-13-2009).

## Mandates and Key Activities

- Special Fund 574 was established to account for court-ordered fees to support the Mental Health specialty courts, pursuant to the Illinois Counties Code (55 ILCS 105/27.2a(w)(1)(E)) and Cook County Ordinance No. 09-0-11, 1-132009).

## Budget and Cost Analysis

Special Fund 574 was established to pay for the Criminal Division's mental health courts, recorded in departments 300, 310 and elsewhere. Costs include court staffing and administration, contracts with TASC and Presence Behavioral Health for case management, drug tests, courtroom space and other indirect county and court costs.

The first two (gender specific) Cook County Mental Health Courts were established in 2004 at the George N. Leighton Criminal Court Building at 2600 S. California Ave., Chicago, Illinois. Since 2009, mental health courts have been established in the 2nd Municipal District (Skokie, 2010), 3rd Municipal District (Rolling Meadows, 2011), 4th Municipal District (Maywood, 2009), and 6th Municipal District (Markham, 2011). In 2010, a co-occurring substance abuse/mental health trauma related disorder Mental Health Court was established at 2600 S. California in collaboration with the Cook County Sheriff's Women's Justice Programs Division. Cook County's network of seven courts are post-adjudicatory probation mental health court programs, which target felony non-violent offenses, many of which are felonies as a result of repetitive criminal activity. Persons charged with misdemeanor offenses are considered for admission on an individual basis. All of the courts are based on the Essential Elements of a Mental Health Court, contained in the 2007 report prepared by the Council of State Governments Justice Center Criminal Justice/Mental Health Consensus Project, for the Bureau of Justice Assistance of the U.S. Department of Justice.

The mission of these courts is to address the disproportionate involvement and specialized needs of persons with mental health disorders in the criminal justice system, many of whom also have a co-occurring alcohol or substance use disorder, by facilitating compulsory medical, psychiatric and substance abuse treatment, through a sentence of Mental Health Court Probation as an alternative to incarceration in the Illinois Department of Corrections, thereby reducing criminal activity and promoting public safety.

The terms and conditions of probation in all of the courts include:

- Participate in any medical, psychological or psychiatric evaluation, assessment or testing recommended by the Mental Health Treatment Court team
- Participate in any inpatient or outpatient substance abuse, mental health, medical or other treatment program or housing placement recommended by the Mental Health Treatment Court team
- Comply with medication prescription(s) given by any treating physician or qualified practitioner
- Report to probation (weekly decreasing to monthly) as ordered throughout the period of probation (2 years)
- Appear in court (bi-weekly decreasing to monthly) as ordered throughout the period of probation (2 years)
- Submit to random urinalysis and/or breathalyzer (weekly to bi-monthly) as directed by the court, probation officer, TASC case manager, or treatment agency - Attend twelve step or alternative support group meetings as directed and obtain a sponsor
- Participate in any vocational, educational or job training program as directed
- Pay probation fees up to the amount of $\$ 50$ per month

Since the inception of these courts, through May 2015, a total of 779 defendants have been admitted and provided with comprehensive treatment services. Of the 572 cases finally disposed, 264 ( $46 \%$ ) defendants have been successfully terminated. Judgment has been vacated and charges dismissed in certain cases pursuant to the general sentencing laws of the State of Illinois. There are currently 207 active participants in Cook County's Mental Health Courts.

## DEPARTMENT OVERVIEW

## 575 PEER COURT SPECIAL REVENUE FUND

## Mission

The Clerk of the Circuit Court administers the Peer Court Special Revenue Fund 575 which was established to account for peer jury, teen court or youth diversion fees.

## Mandates and Key Activities

- On July 21, 2009, the Cook County Board of Commissioners approved an ordinance to create special revenue funds for the collection and disbursement of fees to finance various court services. In this case, fees of up to $\$ 5$ are assessed by the court and collected by the Clerk of the Circuit Court from defendants on judgments of guilty or grant of supervision for violations of the Illinois Vehicle Code and certain ordinances, felonies and misdemeanors, unless waived by the court. The fees are credited to this fund and are used for youth diversion programs administered by the Juvenile Probation and Court Services Department. The funds support program staff and facility costs, pursuant to the Illinois Counties Code (55 ILCS 105; 55 ILCS 5/5-1101(e)), and the Cook County Municipal Code (Art. II Sec. 18-37 Fee to Finance Peer or Teen Court, Cook County Code of Ordinances, Section 05-0-15, 3-1-2005.)

## Budget and Cost Analysis

Statutory fee collections of peer court fees are transferred to the department 326 budget each year, to help pay for detention alternative programs for delinquent minors. Per statute, "Assessments collected by the Clerk of the Circuit Court of the County pursuant to this section must be deposited into an account specifically for the operation and administration of a teen court, peer court, peer jury, youth court, or other youth diversion program."

## DEPARTMENT OVERVIEW

## 576 DRUG COURT SPECIAL REVENUE FUND

## Mission

The mission of the Circuit Court of Cook County's Drug Court Treatment Program is to assist nonviolent substance abusing offenders in their recovery from drug and/or alcohol addiction. The program aims to help offenders readjust to the community through jail-based and other comprehensive substance abuse services, increased judicial contact and supervision, and the continuation of post-release treatment and counseling. The Drug Court Special Revenue Fund was established to account for drug court fees.

## Mandates and Key Activities

- On July 21, 2009, the Cook County Board of Commissioners approved an ordinance to create special revenue funds for the collection and disbursement of fees to finance various court services, including the court's adult drug treatment courts. In this case, fees of up to $\$ 5$ are collected by the Clerk of the Circuit Court from defendants on judgments of guilty or grant of supervision for violations of the Illinois Vehicle Code and certain ordinances, felonies and misdemeanors, unless waived by the court. The fees are credited to this fund to administer drug treatment courts in Cook County. The funds support program staff and facility costs, pursuant to the Illinois Counties Code (55 ILCS 105; 55 ILCS 5/5-1101(f)), and the Cook County Municipal Code (Art. II Sec. 18-38 Drug Court Fee, Cook County Code of Ordinances No. 06-0-39, 01-17-2006).

## Budget and Cost Analysis

Statutory fee collections of drug court fees are transferred to the department 280 budget each year, to help pay for the costs of the adult drug courts, including staff, case management, toxicology, treatment services, other program costs and indirect costs. Per statute, "Assessments collected by the Clerk of the Circuit Court of Cook County pursuant to this section must be deposited into an account specifically for the operation and administration of the Drug Court."

## DEPARTMENT OVERVIEW

## 335 CLERK OF THE CIRCUIT COURT - OFFICE OF THE CLERK

## Mission

The Clerk of the Circuit Court serves the citizens of Cook County and the participants in the judicial system in an efficient, effective and ethical manner. All services, information and court records are provided with courtesy and cost efficiency.

## Mandates and Key Activities

- Mandated by Illinois Fine and Fee Statutes to collect and disburse all filing fees and fines for the Circuit Court ( 705 ILCS 105/27.2A) and is governed by the Illinois Clerks of Court Act (705.ILCS 105).
- Services more than 400 judges who hear traffic, civil, criminal, juvenile, and all other types of cases originating in Chicago and Suburban Cook County.
- Deploys electronic tools such as document imaging and e-filing mechanisms to enable the Clerk's Office to elevate employee effectiveness, proficiency and improvement in customer service.
- Partners with the Chief Judge to deploy a touch screen interface allowing judges to enter court orders electronically in the implementation of the Interactive Orders System (IOS).

## Budget and Cost Analysis

Clerk of the Circuit Court annually accepts over 1.2 million new cases, staffs over 5 million court hearings, handles approximately 130 million public inquiries, processes about 17 million case activities, and manages over 70 linear miles of files.

The procurement process for the Case Management System for civil, traffic, juvenile, child protection, domestic violence, and criminal areas of law is going on in 2015 and implementation will commence in FY 2016. The project will increase efficiency, reduce cost and improve customer service.

The continued increases in registered users in e-Filing (34,718 in 2015 to over 42,700 in 2016) augurs well for the Clerk's Office in terms of reduction in redundant paper work, savings in time and transportation costs as well as a reduction in onsite demand on court clerk employees.

In 2015, User Acceptance Testing for IOS is nearing completion. The IOS Project stands to provide ease of data exchange to other judicial partners, increasing benefits and minimizing costs.

The Cicero Records Storage and Digital Imaging Center is currently consolidating all record-keeping activities into one convenient location. All the documents at the warehouse at 89th Street have been relocated. The documents at the Hawthorne Warehouse will be moved to Cicero in FY 2016 with documents at Rockwell Warehouse to follow. Consolidation of the three warehouses into one location will result in savings in document transportation cost, overhead costs as well as bringing about efficiency and effectiveness.

The IDMS solution eliminates multiple handling of court documents, thereby increasing efficiency and cost effectiveness. The imaging solution is in all court divisions, and only minor traffic tickets remain to be added to the solution and stand to be added in 2016.

## STAR Goals/Key Performance Indicators

* Electronic Filing (e-Filing) Expansion: The approval by AOIC and expansion of e-Filing to criminal and traffic areas of law and to attorneys and pro se litigants with continuous access online 24/7 will bring about minimization of redundant paper work and cost savings in time and transportation cost. It will ease congestion in the court corridors and reduce onsite demand on court clerk employees. E- Filing is expected to grow from about 34,718 registered users in 2015 to over 42,700 users in 2016.
* Imaging and Document Management System (IDMS): The Clerk of the Circuit Court staff have been able to image court records at the time of filing and to manage that record in a document repository using IDMS solution. Over 200 million documents have been imaged.
* Electronic Ticketing (e-Tickets): Electronic ticketing allows law enforcement agencies across the County to issue tickets and process data at traffic stops. The program permits tickets to be viewed online by judges, eliminates data redundancy, and enhances data integrity. E-Tickets expansion is expected to cover all the 25 currently participating County municipalities in 2016. Further expansion will depend on the availability of grant funding.
* Relocation to the Cicero Center: Relocation and consolidation of the three warehouses at 89th Street, Hawthorne and Rockwell will make proper use of horizontal and vertical increases in storage shelving space at the Cicero Center, thereby providing more efficient use of available storage capacity.
$\star$ Collection of Revenue by Collection Agencies: The Clerk of the Circuit Court continues to enhance third party collection of delinquent fines, fees and penalties by collection agencies at no cost to the County. This is a win-win program for the Clerk's Office.
* Interactive Orders System Project (IOS): The Clerk's Office is partnering with the Chief Judge in deploying a touch screen user interface to allow judges to enter court orders electronically. User Acceptance Testing is nearing completion in 2015. Currently, on parallel/pilot implementation phase, the project promises to enhance data exchange to other judicial partners when completed.
* Implementation of the Case Management System: The Clerk's Office continues to work toward the implementation of a new case management system that will increase efficiency, reduce costs and improve customer service. The procurement process for the replacement of the case management system for civil, traffic, juvenile, child protection, domestic violence, and criminal areas of law is ongoing in 2015 and implementation will commence in FY 2016.

## DEPARTMENT OVERVIEW

## 528 CLERK OF THE CIRCUIT COURT AUTOMATION FUND

## Mission

The Court Automation Fund for the Management Information Systems (MIS) is utilized to ensure that the automated systems that support the activities of the Clerk's Office are responsive to the needs of the many Court constituencies and are also maintained appropriately to provide constant access to both internal and external users.

## Mandates and Key Activities

- As provided in Clerks of the Courts Act (705 ILCS 105/27.3A) State Statute provides that the Clerk's Office charge, collect and disburse automated record keeping fees
- State law requires that payment of costs that relate to the automation of court records, including hardware, software, research and development costs as well as personnel, must be paid from the Automation Fund provided that the expenditure is approved by the Clerk of Court and the Chief Judge of the Circuit Court
- The Comptroller in the Clerk's Office is statutorily mandated to collect and disburse the Automation Fund

## Budget and Cost Analysis

The Clerk's Office, in collaboration with the Chief Judge, is working on the Interactive Orders System (IOS) Project which deploys a touchscreen interface allowing judges to enter court orders electronically. Now on parallel/pilot implementation phase, the project promises to enhance data exchange to other judicial partners when completed.

E-Filing has expanded into several other areas of law-- to attorneys and pro se litigants. The program registered 239,000 filing transactions and 39,000 spindled motions as of September 2015. E-Filing will continue to bring about time and transportation-related savings and will also continue to ease congestion in the court corridors as well as reduce onsite demand on court clerk employees.

The staff of the Clerk of the Circuit Court have been able to image court records at the time of filing and to manage that record in a document repository using IDMS solution. IDMS solution eliminates multiple handling of court documents. Over 200 million documents have been imaged. The IDMS or an imaging solution is in all court divisions, and only minor traffic tickets remain to be added to the solution. Minor traffic tickets will be added in 2016.

The procurement process for the replacement of the case management system for civil, traffic, juvenile, child protection, domestic violence, and criminal areas of law is ongoing in 2015 and implementation will commence in FY 2016. The project stands to increase efficiency, reduce costs and improve customer service.

Partnership in automation has been fostered between the Public Safety Partners through the Cook County Integrated Criminal Justice Information Systems Committee for which the Clerk of the Circuit Court is the Chairman.

## STAR Goals/Key Performance Indicators

* Ehance adoption of e-Filing to Criminal and Traffic: e-Filing is being expanded to criminal and traffic areas of law and to all attorneys and pro se litigants. It is expected to increase from 34,718 registered users in FY 2015 to over 42,700 in FY 2016. The benefits of the system lie in savings of time and transportation costs by court users. E-Filing stands to continue to bring more cost efficiencies to court users and ease congestion in court corridors.
* Imaging and Document Management System (IDMS): With the IDMS solution, the Clerk's Office court staff image court records at the time of filing and manage that record in a document repository. This effort eliminates multiple handling of court documents.
$\star \cdot \mathrm{e}$-Tickets Expansion: The Clerk's Office is partnering with County municipalities in the e-Tickets program which enables law enforcement agencies to process data at traffic stops. In 2016, e-tickets is expected to cover all the 25 currently participating County municipalities. Further expansion depends on the availability of grant funding in FY 2016. The program benefits stem from cost minimization and data integrity.
* Implementation of the Case Management System: Completion of the procurement process and implementation of the Case Management System will lead to the provision of an enduring and fully integrated justice system for the Clerk of the Circuit Court.

## DEPARTMENT OVERVIEW

## 529 CLERK OF THE CIRCUIT COURT DOCUMENT STORAGE FUND

## Mission

Document Storage Fund is used to legally compensate the Clerk of the Circuit Court for the expenses incurred in establishing and maintaining a court document storage system.

## Mandates and Key Activities

- Manages Court records throughout the Circuit Court. Collectively, the varying units are responsible for all records management services in the Circuit Court: active file storage and cataloging, retention of records, inactive file management, evidence indexing and storage, and reproduction and permanent retention of Court documents
- Under the Illinois Constitution, the Clerk of the Circuit Court is a part of the judicial branch of State government and is the official record keeper of all judicial matters in the court system.
- Collects and disburses document storage fund as provided for in Clerks of the Courts Act (705 ILCS 105/27.3C) to legally compensate the Clerk of the Circuit Court.

## Budget and Cost Analysis

The Cicero Records Storage and Digital Imaging Center in Cicero is currently consolidating all record-keeping activities into one convenient location. The Warehouse at 89th Street and Greenwood has moved into the Cicero Center with Hawthorne and Rockwell Warehouses to follow. Consolidation will maximize critical benefits and efficiencies.

Enhancing and adapting cutting-edge green technologies will continue to be a primary policy in the Clerk's Office. The Office will continue to adopt IDMS solution that stands to enhance simultaneous filming and imaging of documents and file accession process. This effort will continue to increase operating and management efficiency.

The Clerk's Office has adopted OnBase as the Standard File Room Operating Procedures (SFROP) and that has enabled the tracking of all file locations at all times, and to essentially eliminate or minimize potential file loss. Starting in the Probate Division as a pilot, the effort is expected to be implemented in all Organizational units and bring about cost effectiveness.

## STAR Goals/Key Performance Indicators

* Continue with Imaging and Document Management System (IDMS): IDMS solution has allowed court staff to image court records at the time of filing and manage that record in a document repository. The effort eliminates redundancy in document handling. Over 200 million documents have been imaged. The IDMS or an imaging solution is in all court divisions, and only minor traffic
tickets remain to be added to the solution. Minor traffic tickets will be added in 2016.
* Electronic Filing (e-Filing): e-Filing is being expanded to criminal and traffic areas of law and to all attorneys and pro se litigants. It is expected to increase from 34,718 registered users in FY 2015 to over 42,700 in FY 2016. The program registered 239,000 filing transactions and 39,000 spindled motions as of September 2015. E-Filing will continue to bring about time and transportation-related savings and will also continue to ease congestion in the court corridors as well as reduce onsite demand on court clerk employees.
Continue Warehouse Consolidation of all Record-Keeping Activities: The Clerk's Office will continue with consolidation of all record-keeping activities into one convenient location in Cicero, Illinois. Relocation and consolidation of the three warehouses at 89th Street, Hawthorne and Rockwell will make proper use of horizontal and vertical increases in storage shelving space at the Cicero Center, thereby providing more efficient use of available storage capacity.

## DEPARTMENT OVERVIEW

## 567 CLERK OF THE CIRCUIT COURT ADMINISTRATIVE FUND

## Mission

The Clerk of the Circuit Court Operation and Administrative Fund is to be used to defray the costs incurred in performing the additional duties required to collect and disburse funds to the entities of State and local governments as provided by law (705 ILCS 105/27.2D).

## Mandates and Key Activities

- Under the Illinois Constitution, the Clerk of the Circuit Court of Cook County is a part of the judicial branch of State government. The Clerk of the Circuit Court is the official keeper of records for all judicial matters in the court system.
- More than 400 judges hear traffic, civil, criminal, juvenile and all other types of cases originating in Chicago and Suburban Cook County. The Clerk's Office keeps track of information by maintaining computerized records of each court case and continuously creates and updates Court records as soon as a case or suit is filed with the Circuit Court and throughout the duration of the case.

## Budget and Cost Analysis

Payment of traffic fines, other fines, fees and costs in the Clerk's Office via the Internet continued to be paid via Electronic Debit in 2015 and will continue.

Transfer of funds to the County via ACH will continue while electronic transfer of bail bond refunds to attorneys will continue to be efficient.

The Clerk of the Circuit Court reviews all operations for opportunities for costsavings initiatives and for revenue enhancement.

The Clerk's Office will continue to strongly emphasize 21st Century information technology, operational efficiency, improved customer service, employee development and training, and financial accountability in carrying out all essential activities.

|  | Appropriations (\$ thousands) |
| :--- | ---: | ---: | ---: |

## STAR Goals/Key Performance Indicators

* Collect Administrative Fund: Integrity, efficiency and effectiveness will continue to be emphasized in the collection of the Administrative Fund.
* Collect and Defray Incurred Expenses: In 2015 The Administrative Fund was used by the Clerk of the Circuit Court to offset the expenses incurred in performing the additional duties required to collect and disburse funds to entities of State and Local Governments. The Clerk's Office will continue to do so in 2016, while emphasizing transparency, integrity and cost-effectiveness as custodian of the fund.

## DEPARTMENT OVERVIEW

## 390 PUBLIC ADMINISTRATOR

## Mission

The mission of the Public Administrator is to efficiently and securely administrate the estate of decedents as required by law.

## Mandates and Key Activities

- The Probate Act at 755 ILCS 5/13-4 sets forth the duties of the Public Administrator
- This office operates entirely from funds it generates through its statutory mandate and not from tax revenue. Funds are collected in three distinct fashions in the course of administrating the estates of decedents who leave no will, or whose named executor is incapable of serving, unavailable or disqualified.
- Pursuant to Section 5/2-1(h) of the Probate Act, if there are no known heirs of a decedent, their real estate escheats to the County in which it is located. The personal estate physically located in Illinois (Cook County), and the personal estate physically located or held outside Illinois which is the subject of ancillary or separate administration of an estate being administered in Illinois (Cook County), escheats to the County in which the decedent was a resident or, if the decedent was not an Illinois resident, to Cook County. All other personal property of the decedent, wherever situated, or the proceeds thereof, escheats to the State of Illinois and are delivered to the State Treasurer pursuant to the Uniform Disposition of Unclaimed Property Act.
- Pursuant to Section 24-20 of the Probate Act, when the receipt of a ward, distributee of an estate, or a claimant cannot be obtained for money or any other estate asset, the Public Administrator, by leave of court, may sell the asset and deposit the net proceeds together with any other money of the estate belonging to the distributee, with the Cook County Treasurer. The Public Administrator must notify the Cook County Treasurer in writing of the identity of the individuals entitled to it and, if known, their last known address. The Cook County Treasurer must then give the Public Administrator a receipt that must be filed in court. The person entitled to the money deposited may obtain it, plus interest, upon application to the court subject to satisfactory proof of right.
- Revenue is realized for the benefit of the County by the award of Administrator's fees and interest which are earned thereon by the Public Administrator as payment for our administration of the estates to which we are appointed by the Court pursuant to the Probate Act. These sums are turned over to the Cook County Comptroller directly by this office. Indeed, the revenues collected by this office are earned by the discharge of our statutory duties through these processes and turned over to the Treasurer and Comptroller as may be the case called for by law. The Public Administrator operating budget, in turn, is returned to the office from these assets and earned fees.

## DEPARTMENT OVERVIEW

## 260 PUBLIC DEFENDER

## Mission

The Public Defender protects the fundamental rights, liberties, and dignity of each person whose case has been entrusted to the Public Defender's (PD's) Office by providing the finest legal representation

## Mandates and Key Activities

- Provides counsel guaranteed by the U.S. Supreme Court to both adults and juveniles and upholds the right to effective assistance of counsel in all criminal prosecutions ('Gideon v. Wainwright'; 'In re Gault'; 'Strickland v. Washington')
- Adheres to State statutes ( 55 ILCS 5/3-4006 and 725 ILCS 5/113-3) and Court Rule (Supreme Court Rule 607) requiring the appointment of the Public Defender to represent adults and minors in criminal proceedings without fee
- State statute ( 725 ILCS $5 / 113-3.1$ ) also allows for reimbursement to the county or State for representation by appointed counsel based on financial ability
- Represents indigent adult clients in all stages of criminal proceedings, indigent juvenile clients in all stages of delinquency proceedings, and indigent parent clients in all stages of civil child protection proceedings

## Budget and Cost Analysis

On April 1, 2015, Amy P. Campanelli was sworn in as the tenth Public Defender of Cook County. Public Defender Campanelli launched her new administration with a list of priorities, including a reduction in the number of clients in custody pending trial, continued expansion of specialty and therapeutic courts, a greater presence in the community, and an increase in training for all Public Defender staff. A key point of Public Defender Campanelli is to provide a more holistic approach to defending clients, helping them with issues both in and out of the courtroom setting.

During 2015, in the interest of reducing the jail population, staffing in the Bond Court Reconsideration Unit was increased through grant funded positions. Assistant Public Defenders, investigators and case workers identify clients eligible for pre-trial release. In addition, clients who should have been released on bond but were still in custody after 24 hours, were tracked and brought back to court on motions to reconsider bond. This unit, with support from the President and the Illinois Supreme Court, achieved results in gaining the release from custody of more clients pending trial, with a corresponding reduction in the population of the Cook County Department of Corrections.

In June 2015, the Public Defender participated in the launch of Cook County's first Prostitution and Sex Trafficking Court. Those arrested as sex workers will be diverted to this court for treatment, counseling, and social service assistance to better their lives. In addition, the Public Defender is in the process of developing a new diversionary drug court in Skokie, and has taken nascent steps to develop a Homeless Court in Chicago to assist an often-ignored part of this County. Efforts continue to provide services via Drug Court, Veterans Court, Adult Redeploy Illinois, and Mental Health Court.

After a long hiatus, the Public Defender is reaching out to the community to deliver her message that all people are vested with constitutional rights. Appearing on public television, before community groups, and at neighborhood events, the Public Defender is educating the citizenry about the criminal laws and procedures of Illinois. Education at high schools is also a high priority of the new administration, informing those most at risk about the criminal justice process, the services
provided by the Public Defender, and how to avoid falling into the criminal justice cycle of arrest and incarceration.

Accepting her responsibility, the Public Defender has also risen to the task of representing scores of clients affected by the Supreme Court of the United States ruling in Miller v. Alabama, which requires that all those sentenced to life for crimes committed as juveniles be given a new sentencing hearing where their immaturity and lack of brain development is considered as mitigation.

In 2015, the office provided attorneys with professional training in compliance with Illinois Minimum Continuing Legal Education (MCLE). The Public Defender is committed to obtaing the resources to provide every member of her staff with training that would inure to the benefit of all her clients.

In addition to continuing the work started in 2015, it is the goal of the Public Defender to develop a Mental Health Social Service Unit that would facilitate and streamline representation in Bond Court, provide an early evaluation of every client's mental health status, and target those most in need of mental health services.

## STAR Goals/Key Performance Indicators

*Improve the operation of Bond Court, with the aim of achieving fair and just bonds, determined after a hearing where full information is provided to the bond court judge. This will have the effect of reducing the number of people incarcerated during the pendency of their criminal cases.

* Reach out to the community, informing the public about the operations of the Office, the criminal justice process, and how the Public Defender serves the community through its representation of indigent accused who cannot afford counsel but have the constitutional right to the best representation possible.
* Increase and enhance the efficiency of specialty and therapeutic courts: These courts would service those caught in the criminal justice system but who are suffering from mental illness, substance abuse, homelessness, victimization as sex workers, or post-traumatic stress disorder as veterans after serving our country in the armed forces. Enhancing the reach of these courts would divert those who need help away from criminal trial and sentencing.
* Increase the training of all staff: Instruction will include motivational classes on continuing legal education, professionalism, management and leadership, technology, and other relevant matters necessary for the proper representation of indigent clients. By boosting the training offered, the clients of the Office and citizens of Cook County will benefit from a more professional cadre of criminal defense attorneys.

## DEPARTMENT OVERVIEW

## 210 OFFICE OF THE SHERIFF

## Mission

The Sheriff of Cook County is the Chief Law Enforcement Officer in the County. Under the provisions of the Illinois State Constitution, the Sheriff has three primary responsibilities: Providing services and security to county and court facilities, administering the Cook County Jail, and protecting and serving the citizens of Cook County with policing throughout the county. The Sheriff's Office strives to provide direction and leadership to all departments and employees of the Sheriff in order to meet and exceed the needs of the citizens of Cook County in providing protection, rehabilitation, civil action, security, and community services.

## Mandates and Key Activities

- The Office of the Sheriff directs over 6,700 officers, deputies, and civilians who perform a number of diverse tasks within the criminal justice system that are the responsibility of the Cook County Sheriff. This department oversees policy development and provides the leadership and direction for all Sheriff's Departments.

## Budget and Cost Analysis

In FY15, the Sheriff's Office continues to maintain Shakman compliance and a review of employee policies and general orders is ongoing in order to provide a comprehensive manual of employee standards and guidelines. The Office of the Sheriff has worked with the President's Office on a number of initiatives, including collaboration efforts with other elected officials and County offices, and the STAR program, which began in June of 2011. The STAR program utilizes performance measures to achieve a high level of efficiency in carrying out the mission(s) of the Sheriff's Office.

Decriminalizing Mental Illness: In 2014, the Sheriff created the Mental Health Transition Center which is dedicated to programming and policy improvements, from intake through treatment, to address widespread mental illness within the Department of Corrections. In 2015, the Office continued to expand and to expose this issue and encouraged the Chief Judge and State's Attorney's Office to introduce reforms aimed at reducing the mentally ill population in the jail.

Neighborhood Restoration Initiative: In FY14, the Neighborhood Restoration Initiative was started as a catalyst for change in suburban Cook County by removing problem properties in distressed communities. This program lowers the cost of these services while giving the participants vocational job training that will enhance their employment opportunity upon release from custody. In FY15, the program was expanded by creating partnerships with other county entities and labor groups to maximize activities and expand the initiative to all CCDOC programs.

Pharmaceutical Take Back Program: In late 2014, the Sheriff's Office of Support Services obtained a drug terminator machine and in FY15 began collecting pharmaceuticals and controlled substance evidence on a fee-for-service or charge back basis. This program conducts drug destruction for other County agencies and municipalities in order to provide a safe, convenient, and responsible method for disposing pharmaceuticals while providing a potential revenue stream.

## STAR Goals/Key Performance Indicators

* Maintain Shakman Compliance: The Office of the Sheriff is responsible for ensuring the Sheriff's Employment Action Manual is followed and that the entire Office maintains Shakman compliance.
* Sustain accountability and transparency of all facets of the Sheriff's Office: The Office of the Sheriff ensures all employees at every level are held accountable in all aspects of their duties whether they be civilians, officers or deputies. It is expected that all employees of the Sheriff's Office will lead by example and provide the best in quality services to the citizens of Cook County.
* Develop comprehensive revenue plan for Sheriff's Office: The Sheriff's Office has put together a committee, comprised of employees from all departments, to explore and implement innovative revenue ideas in order to provide vital services at the lowest possible burden to taxpayers. This committee will also identify areas where there is an opportunity to utilize innovation in order to realize reduced costs.

## DEPARTMENT OVERVIEW

## 214 SHERIFF'S ADMINISTRATION - FISCAL, LEGAL, POLICY AND COMMUNICATIONS

## Mission

The Sheriff's Administration of Fiscal, Legal, Policy and Communications Services centralizes the following functions for the entire Sheriff's Office: Financial Management, Procurement, Payroll, Legal, Policy and Communications.

## Mandates and Key Activities

- Coordinates responsible and cost-effective resource allocation for entire Sheriff's Office
- Manages and enforces all contracts entered into on behalf of the Sheriff's Office
- Develops, coordinates and addresses all operating and capital budget related issues, including revenue
- Oversees grant management, auditing and accounting of all Sheriff's Office funds
- Administers bi-weekly payroll for approximately 6,800 employees of the Sheriff's Office
- Produces policy that advances CCSO's primary objectives and goals in order to serve the citizens of Cook County in a professional and courteous manner
- The Legal Department monitors and addresses all civil litigation involving the CCSO, responds to all public record requests, adjudicates employee grievances, presents employee matters before the Sheriff's Merit Board, adjudicates union arbitration matters, handles all charges and complaints before the EEOC, IDHR, and CCDHR, and reviews CCSO contracts for compliance and risk mitigation
- Utilizes external media and internal channels to ensure the public is informed of policies and has access to the Sheriff's Office

## Budget and Cost Analysis

Fiscal Administration is responsible for supporting the Sheriff's Office by providing access to cost-effective, innovative resources relevant to the Sheriff's Office and Cook County, at the lowest possible burden to taxpayers. In conjunction with Department of Budget and Management Services, this department develops and maintains a fiscally responsible budget for the entire Sheriff's Office. Fiscal Administration is committed to exploring new revenue ideas and working with the President's Office to achieve cost saving measures through joint purchasing agreements and timely processing of invoices.

The Sheriff's Fiscal Administration/Payroll Division is participating in the implementation of the new time and attendance system as a designated pilot agency.

## STAR Goals/Key Performance Indicators

* Achieve Customer Satisfaction in Procurement: To ensure internal customers have access to resources required to perform their duties effectively and
efficiently, Fiscal Administration has begun to survey customers to ensure satisfaction of duties. It is our goal to achieve excellence in customer service by working closely with our end users and vendors to improve the procurement support of our using departments. In FY16, we will continue to utilize advanced technology in order to maximize the efficiency, productivity, and property accountability of procurement for the Sheriff's Office.
* Achieve and Maintain Fiscal Responsibility and Accountability for the Sheriff's Office: Fiscal Administration continues to work with the County Department of Budget and Management Services to develop a responsible budget that utilizes shared services and performance based budgeting.

## DEPARTMENT OVERVIEW

## 216 OFFICE OF PROFESSIONAL REVIEW, PROFESSIONAL INTEGRITY \& SPECIAL INVESTIGATIONS

## Mission

The office audits, inspects, evaluates and investigates the activities to detect, deter and prevent corruption, fraud, waste, mismanagement, unlawful political discrimination and other forms of misconduct and unethical activities in the Sheriff's Office with integrity, independence, professionalism and respect for the laws and the citizens it serves.

## Mandates and Key Activities

- Conducts comprehensive reviews and audits of the Sheriff's Department for possible investigative action. Conducts compliance audits and inspections to determine efficiency and effectiveness pertaining to the Sheriff's Office and its respective units.
- Conducts comprehensive and competent investigations regarding alleged Sheriff's Department employee misconduct. Submits professional reports of findings in a timely manner to the proper entities for evaluation and disciplinary determination and actions, if any.
- Communicates with municipalities which have Intergovernmental Agreements with the Sheriff's Department to provide assistance in relation to various functions of the respective municipality. Refers complaints and information regarding possible misconduct to the municipalities for further action.
- Proactively reviews video and telephone data captured by the equipment in an effort to reduce liability in potential lawsuits, and identify potential staff misconduct

## Budget and Cost Analysis

In 2015, the Sheriff's Office of Professional Review, Professional Integrity \& Special Investigations continued to develop the core mission which is directed to the identification of corruption, fraud, waste, mismanagement, misconduct and unlawful political discrimination in the Sheriff's Office as well as those entities seeking to or conducting business within Sheriff's Office. Office of Professional Review Integrity and Special Investigations was reorganized to ensure the organizational structure directly supported the mission of the unit. The Sheriff's Department will continue to review all procedures pertaining to internal reviews of employee misconduct to improve the overall efficiency and effectiveness of the process.

In 2015, the Sheriff's Office of Professional Review, Professional Integrity \& Special Investigations initiated additional reviews and/or inspections to assess compliance with Sheriff's Department policies and procedures as well as performance levels within the various units. These independent reviews included areas considered ineffective and inefficient.

Inspections Unit:
In 2015, the Sheriff's Inspection Unit conducted various audits and inspections in a professional, competent and comprehensive manner to identify areas of vulnerability or "high risk areas". The continued goal and objective of the audit is to provide feasible recommendations that can be readily implemented to address areas of high risk or vulnerability, thus reducing overall liability and maximizing the department's efficiencies in other areas. In 2016, inspections and audits will continue to be developed and implemented in an attempt to reduce the potential liability of the Sheriff's Office.

Office of Professional Review:
In 2015, the department continued to reorganize to ensure that the investigations were conducted in a timely manner, prioritizing investigations with serious allegations. This revision assisted the Office of Professional Review in ensuring that pertinent information is obtained as soon as feasible in an effort to determine if the office should take proactive measures in addition to initiating an internal investigation. This measure has been employed successfully, and this information is then used to review the merit of the allegations. The revision in conjunction with the addition of a specific unit to conduct sensitive investigations, such as Excessive Force, has provided the office the ability to remain focused on allegations of employee misconduct specifically relating to Excessive Use of Force, Failure to Protect and Failure to Provide Medical Attention. These implementations have accomplished measurable goals in a short timeframe, as several investigations were impacted by the reprioritization. The Sheriff's Department reacts swiftly to serious allegations and addresses any employee misconduct as soon as feasible.

In 2015, the department benefitted from the revision of the process designed to document complaints. The revised proactive procedure streamlines the process ensuring that complaints are addressed promptly.

## Use of Force Review Unit:

The Use of Force Review Unit has continued to develop through addition of manpower, experience and training initiatives. This unit has received several compliments from outside authorities, stating that the unit is efficient and continues to evaluate Use of Force incidents reported by the various entities of the Sheriff's Department. The Use of Force Review Unit conducts comprehensive reviews to determine if the Use of Force incidents are in accordance with the Sheriff's Department's General Orders. The Use of Force Review Unit also provides handson training for both Sheriff's Department employees who have utilized Use of Force and cadets beginning employment with the Sheriff's Department. This unit of highly specialized Investigators determines if the Use of Force incidents are in accordance with Sheriff's Department General Orders. If the unit determines that the Use of Force incident is actually an Excessive Force incident, the reports are submitted to the Office of Professional Review (OPR).

## Video Monitoring Unit / Telephone Monitoring Unit:

The Video Monitoring Compliance Unit will continue to proactively and reactively review data from video surveillance and telephone data to identify any illegal activities, compliance adherence, and staff misconduct. The unit continues to develop and has provided surveillance video and telephone data to various entities including the State's Attorney's Office and the Office of Professional Review. The data provided has been crucial in limiting or eliminating departmental liability in several instances.

## Compliance Unit:

The Compliance Unit will continue to evaluate the Sheriff's Office compliance with various statutory requirements and adherence to General Orders and directives. This unit ensures that all applicable statutes and regulations are in adherence.

## DEPARTMENT OVERVIEW

## 217 SHERIFF'S BUREAU OF INFORMATION AND ADMINISTRATION

## Mission

The mission of the Bureau of Information and Administration is to provide the employees of the Cook County Sheriff's Office with friendly and efficient administrative services including Human Resources, Technology, Training, Vehicles and Support Services. The Bureau provides support for all other areas within the Sheriff's Office in their execution of the Sheriff's mission and goals.

## Mandates and Key Activities

- Bureau of Human Resources: Recruitment, Employee Risk Management, Professional \& Organizational Development, Policy Management, Peer Support, Credentialing, Visitor Information, Medical Call-in, Employee Relations and Attendance Review
- Bureau of Information Technology: Datacenter Management, Technology Infrastructure Procurement and Support, End User Support, Application Development, Business Intelligence, Technology Innovation and Strategic Planning and Information Security
- Bureau of Training and Education: Law Enforcement Training, Correctional Training
- Vehicles Department: Fleet Management for all Cook County Vehicles, fuel management and alerts, vehicle maintenance and repair, accident reporting and investigations, new vehicle preparation, pool car management, road side assistance
- Support Services: Full inventory management, recycling, document collection, archiving, retrieval and destruction

## Budget and Cost Analysis

2015 has seen a great many enhancements to BOIA services as well as efficiencies and process improvements.

The Bureau of Human Resources consolidated their offices in 2015 to the Jail Campus located at 31st and California Ave. The move, as well as the rebranding of HR and improvements in the return to work process, has made HR more approachable to our staff and reduced the time employees are off work. In 2016, the major focus will be the implementation of the new Countywide workforce payroll system, expanding the attendance review unit and the completion of the rollout of an electronic policy system to all CCSO staff.

The Bureau of Information and Technology (BOIT) has continued to modernize the Sheriff's Office and find ways to integrate technology into day to day processes, with the goal of improving operations and reducing costs. This past year has seen the expansion of the Business Intelligence and Research Departments, which has given the Sheriff's Office the ability to turn our wealth of data into useful and timely information on which we can base operational decisions. In our Police Department, we have outfitted our officers with new solid wireless communications equipment, upgraded computer platforms in the vehicles and improved situational awareness of software applications. We have provided tablet computers in our court services area which better match their working environments. In addition to these initiatives, we have created an Information Security Unit to address the ever increasing threat of cyber security. In 2016, we will continue to focus on our strategic plan to migrate to the Cloud where possible, as well as aggressively move to a more paperless environment. Video usage and storage will dramatically increase in 2016, with the use of body worn and in car video, as well as the increase in stationary cameras
throughout our environment implemented last year. The CCSO will be searching for a Media Management System to provide a standardized and effective way to handle the fast growing environment.

Our Vehicles Department is taking over the management and maintenance of all County vehicles in 2015. At the same time, we are relocating the center of our operations to a new facility in LaGrange Park. In order to provide best in class service to the entire county, the Vehicles department has enhanced its tracking of vehicle activities by implementing a Toll Way Alerts system which when tied to HR data can flag vehicle usage during days off and holidays. This, in conjunction with the existing fuel alerting, will provide a greater ability for area managers to monitor vehicle usage. The department has also implemented Key Performance Indicators (KPIs) which are internally available to everyone in the County. This is a major step forward in our goal of providing transparency to the operations. In the new year, we will implement a new fleet management software to enable detailed tracking of work performed and costs associated, as well as providing a portal to all County agencies to monitor their fleets.

In 2015, we named a new Executive Director for training and consolidated both the Police Training Academy and the DOC Training Institute into a single Bureau of Training and Education. This allowed us to reduce duplication of training courses and instructors and improved the cost effectiveness of training in general. With the assistance of Cook County Department of Homeland Security and Emergency Management, we have been able to procure equipment to provide best in class training for our staff, as well as providing opportunity to train other agencies' personnel. Also in 2015, we expanded the use of the electronic Learning Management System (LMS), giving us greater reach and accountability in providing training to our employees. In 2016, we will continue to improve our course content, integrate technology into the Bureau through systems like LMS, Blackboard, tablets and computer labs and expand our administrative training course options to include leadership, ethics and computer systems training.

One of the most innovative areas under the BOIA is our Support Services group. In 2015 they participated with the President's office in an inventory management audit, in preparation for the ERP implementation in 2017. The results were extremely positive and a model for other County agencies to follow. Also in the past year, Support Services has added pharmaceutical destruction to thier capabilities. We are now able to properly destroy unwanted drugs and are working with other government agencies and private sector companies in a pharmaceutical take back program to expand its use. Next year, we will be taking over more direct inventory control of areas like the DOC to further improve inventory controls. In addition, we will be expanding our community recycling programs and automating our ordering systems.

## DEPARTMENT OVERVIEW

## 230 COURT SERVICES DIVISION

## Mission

The mission of the Cook County Sheriff's Court Services Department is to provide the highest quality of public safety and law enforcement services to the people who live, work and visit Cook County. The Court Services Department consists of Deputy Sheriffs whose responsibilities range from providing a safe and protected environment for employees and visitors of Cook County Courthouses to the timely, effective service of process and effective execution of court orders issued by the Circuit Court of Cook County. The Cook County Sheriff's Court Services Department is committed to working with the community to identify and resolve issues of public safety.

## Mandates and Key Activities

- (55 ILCS 5/3 6023) (from Ch. 34, par. 3 6023)

Sec. 36023 - Attendance at courts. Each sheriff shall, in person or by deputy, county corrections officer, or court security officer, attend upon all courts held in his or her county when in session, and obey the lawful orders and directions of the court, and shall maintain the security of the courthouse. Court services customarily performed by sheriffs shall be provided by the sheriff or his or her deputies, county corrections officers, or court security officers, rather than by employees of the court, unless there are no deputies, county corrections officers, or court security officers available to perform such services.

- Sec. 36019 - Duties of sheriff; office quarters and hours. Sheriffs shall serve and execute, within their respective counties, and return all warrants, process, orders and judgments of every description that may be legally directed or delivered to them. A sheriff of a county with a population of less than 1,000,000 may employ civilian personnel to serve process in civil matters.
- Statutorily mandated responsibilities in the courts include: staffing the court rooms, transporting prisoners and protecting all residents visiting the courts.

## Budget and Cost Analysis

In accordance with the mandates of ( 55 ILCS $5 / 36023$ ) (from Ch. 34, par. 3 6023), the Court Services Department screens and protects all visitors entering the numerous court facilities, staffs the court rooms, transports detainees, serves process, and executes court orders. In order to provide these services in a more cost effective manner, the Court Services Department will continue and/or implement the following initiatives:

Throughout 2015, the Court Services Department has expanded the roll of the social services unit. The primary duties of the social services unit were to assist those that were going through the eviction process. The social services unit also assists in areas of domestic violence and orders of protection.

The Civil Process Unit has continued to expand the use of technology during 2015. The use of automation reduces the man-hours spent preforming administrative tasks. The use of automation will be expanded into the Eviction Unit during the course of 2016.

By the end of 2015, the Court Services department will have trained all sworn staff in Rapid Deployment Protocols. Through this real-life training, officers are educated on how to remove threats and provide for the safety of all civilians working in the Sheriff's Office and the public at the building in question.

Zero Based Budgeting Indicator: Cost per Processed Received for Service Increased in 2016 primarily due to the $\$ 4.6 \mathrm{M}$ increase of salary in the Providing Process Services business unit along with a decrease in processes received.

## STAR Goals/Key Performance Indicators

* During the course of 2016, the Sheriff's Court Services Division will continue to provide a high level of security for all those that enter the court facilities within Cook County. The Court Services Division will track the contraband that is collected at the entry points of these various court facilities.
$\star$ Within the course of the year, many incidents happen that require a law enforcement intervention, either in the court facilities or within the communities. During the course of 2016, the Sheriff's Court Service Division will track all of the incidents that happen within the court facilities and in the various communities we serve.
* In 2016, the Sheriff's Court Service Division will use technology to track the productivity, workloads, and other statistical data to improve performance. This dashboard system will give real time data to the Court Services Command staff so operational decisions can be made to ensure a productive workforce.
* The Court Services Division has implemented new performance measures for fiscal year 2016 in response to the Zero-Based Budgeting Ordinance. Current and historical data is not readily available due to these new measures. The Court Services Division will work with the Department of Budget and Management Services to develop targets for 2016 and beyond as the information becomes available.

## DEPARTMENT OVERVIEW

## 231 POLICE DEPARTMENT

## Mission

The Mission of the Cook County Sheriff's Office is to deliver community protection, social justice and peace of mind to the residents of Cook County. That being said, it is the goal of the Cook County Sheriff's Police Department to maintain peace and order by providing police service that is of the highest quality while being responsive to the needs of the community. We strive to develop partnerships and to collaborate with our community partners to reduce or even prevent undesirable issues or concerns that may arise and jeopardize the safety and security of the community. We aspire to do the right and just thing for the citizens of Cook County and are committed to upholding our core values in delivering on our mission with integrity, transparency and professionalism.

## Mandates and Key Activities

- 55 ILCS 5/3-7001 et seq. (from Ch. 34, par. 3-7001)

Sec. 3-7001. Maintenance of county police department. The Sheriff in each county having more than 1,000,000 inhabitants shall maintain a division to be known as the County Police Department and to consist of such deputy sheriffs charged with the duty of law enforcement in such county as may be selected as hereinafter provided.

- 55 ILCS 5/3-6021 (from Ch. 34, par. 3-6021)

Sec. 3-6021. Conservator of the peace. Each sheriff shall be conservator of the peace in his or her county, and shall prevent crime and maintain the safety and order of the citizens of that county; and may arrest offenders on view, and cause them to be brought before the proper court for trial or examination.

- 55 ILCS 5/3-6019 (from Ch. 34, par. 3-6019)

Sec. 3-6019. [Warrant] Duties of sheriff; office quarters and hours. Sheriffs shall serve and execute, within their respective counties, and return all warrants, process, orders and judgments of every description that may be legally directed or delivered to them.

- 730 ILCS 148 Arsonist Registration Act; 730 ILCS 150 Sex Offender Registration Act; and 730 ILCS 154 Murderer and Violent Offender Against Youth Registration Act.
The Sheriff must register those arsonists, sex offenders, and violent offenders who reside in unincorporated Cook County or are otherwise homeless as required by law.
- 730 ILCS 154/95(a-2) Community notification of violent offenders against youth. The Sheriff of Cook County shall disclose to ... [school boards, child care facilities, institutes of higher education, and libraries not in the City of Chicago] ... the name, address, date of birth, place of employment, school attended, and offense or adjudication of all violent offenders against youth required to register under Section 10 of this Act.
- 730 ILCS 152/120(a-2) Community notification of sex offenders.

The Sheriff of Cook County shall disclose to ... [school boards, child care facilities, institutions of higher learning, libraries, public housing agencies, social service agencies, specified victims of sex offenses] ... the name, address, date of birth, place of employment, school attended, e-mail addresses, instant messaging identities, chat room identities, other Internet communications identities, all Uniform Resource Locators (URLs) registered or used by the sex offender, all blogs and other Internet sites maintained by the sex offender or to which the sex offender has uploaded any content or posted any messages or information, and offense or adjudication of all sex offenders required to register under Section 3 of the Sex Offender Registration Act.

- Patrol Division: Provides police service to the unincorporated areas of Cook County and the Village of Ford Heights, and assists suburban law enforcement agencies when necessary. The Patrol Division comprises the Truck Enforcement Unit, DUI Initiative, School Resource Officers (Shepard and Proviso East high schools), and the Field Training Officer Program.
- General Investigations: Conducts follow-up criminal investigations throughout Cook County. Provides specialized expertise and support to the Patrol Division and suburban law enforcement agencies as needed. The General Investigations component comprises detectives, crime scene technicians/investigators, financial crimes and public corruption investigators, participation in the Public Integrity Task Force, sex offender registration and compliance, accident and crime scene reconstruction services, polygraph services, forensic sketch artist services, Case Management, and participation in five suburban major crime task forces which are tasked with the investigation of murder and kidnapping.
- Special Investigations: Conducts specialized investigations into organized gang crimes, drug trafficking, high-value theft/burglary crimes, intellectual property crimes, firearm/ammunition crimes, human trafficking, child exploitation, and cigarette/liquor tax stamp enforcement. The Special Investigations component comprises the following units: Special Operations, Vice, Child Exploitation, Child Protection Response Unit, Forensic Services Initiative, Street Crimes Suppression Unit (Street Tactical and Narcotics), Gun Initiative Team, and detached Federal Task Forces (FBI, DEA, ATF, RCFL).
- Central Warrant Unit: Serves and executes state and county warrants, and arranges for lawful extradition from other jurisdictions and states. The Central Warrant Unit comprises the Street Unit, Extradition Unit, 24-hour Warrant Certification Desk, and warrant clerks/support personnel.
- Emergency Services: Comprises the Helicopter Unit, canine services, Bomb Unit, Hostage Barricade Team (SWAT), Hostage Negotiator Team, and School and Campus Safety Initiative.
- Emergency Communications / 9-1-1 Center: Provides 9-1-1 and radio dispatch services throughout Cook County for the Sheriff's Office, Cook County State's Attorney, Cook County Forest Preserve, Northlake Police Department, Golf Police Department, Dixmoor Police Department, Village of Ford Heights, Phoenix Police Department, Robbins Police Department, and the Stone Park Police Department. The 9-1-1 Center provides contracting solutions for suburban Cook County law enforcement agencies.
- Cook County Sheriff's Police Academy: Provides Illinois law enforcement officer certification for new police recruits and conducts ongoing training to support best practices in law enforcement. Attendees come from various law enforcement agencies through the state and County.

## Budget and Cost Analysis

## Sheriff's Police Gun Suppression Initiative

The Sheriff's Police Department continues an aggressive effort to remove guns from those who possess them illegally and to confiscate revoked Firearm Owner Identification Cards (nearly 4,000 cards confiscated to date). More than 1,000 recovered firearms were traced by the Sheriff's Police through the ATF eTrace system in 2014-15. In 2016, the Sheriff's Office will continue this aggressive FOID initiative, and ensure compliance with the newly enacted State Concealed Carry requirements and Cook County firearms ordinances.

## DEPARTMENT OVERVIEW

## 231 POLICE DEPARTMENT

## Sheriff's Office Community Initiatives

During 2015, the Sheriff's Office Community Resource Response Initiative coordinated with multiple Cook County cities, villages, and municipalities by focusing on saturating high-crime targeted areas on certain days with specialized law enforcement resources. On average, an Initiative provides each area with more than 75 officers throughout each day the operation is in place. In 2016, the Sheriff's Office will continue collaborating with various law enforcement agencies and scheduling Community Resource Response Initiatives throughout Cook County.

## Suburban Gang Suppression Initiative

The Sheriff's Police Gang Task Force leads the Suburban Gang Suppression Initiative, coordinating with more than 70 Cook County suburbs that participate. In 2016, the Gang Task Force will continue to work aggressively to identify and reduce gang faction territory throughout Cook County.

Cigarette and Liquor Tax Stamp Enforcement Initiative
The Cigarette and Liquor Tax Stamp Initiative, coordinated through the Cook County Department of Revenue, has issued citations for fines totaling over \$5.7 million in 2014, and totaling more than $\$ 2.6 \mathrm{M}$ in 2015 to date. More than 7,216 inspections were conducted in 2014, and more than 3,731 in 2015 to date. Multiple felony arrests and illicit tobacco seizures were also made as a result of this initiative, and in 2016 the Initiative will continue its enforcement efforts.

## Child Protection Response Unit Initiative

The Child Protection Response Unit is responsible for the investigation and service of Child Protection Warrants that are issued when allegations of abuse, neglect, safety and/or whereabouts of a minor are a concern. To date, the Child Protection Response Unit has located over 400 at-risk minors, and ensured specific and necessary interventions were made as needed. In 2016, the Child Protection Response Unit will continue its initiative serving Child Protection Warrants and protecting at-risk minors.

## Youth Services and Truancy Initiative

Offering educational programs to students, teachers, and schools, the Youth Services and Truancy Initiative reduces risk and harm to children through education, including Summer Youth Camps. The truancy reduction program aids in fostering academic success through multi-disciplinary programs such as the Sheriff's Leadership Academy Camp. In 2016, the Youth Services and Truancy Initiative will continue its mission of serving youth in underserved communities.

Zero Based Budgeting Indicator: Revenue Collected per Dollar of Salary - The decrease in 2016 is primarily due to 3 new police officer positions added to the unit. The 3 positions will be fully reimbursed by the Cook County Department of Revenue.

## DEPARTMENT OVERVIEW

239 DEPARTMENT OF CORRECTIONS

## Mission

The mission of the Cook County Department of Corrections (CCDOC) is to ensure the safety and security of staff, inmates, and the public. CCDOC operates in accordance with the Constitution of the United States and other applicable laws and regulations. It also administers programs that offer individuals effective alternatives to incarceration and offers programming to inmates that promote selfimprovement and successful reentry into the community.

## Mandates and Key Activities

- 730 ILCS 125/0.01 (from CH. 75, par. 100): County Jail Act
- 730 ILCS 5/5-8-1-2, CC VRIC sentencing requirements
- 20 ILCS 301/40-5, Treatment Alternatives Sentencing Requirements
- 55 IICS 5/3-6017: The Sheriff is the custodian of the Courthouse and Jail. He or She shall have the custody and care of the Courthouse and Jail of His or Her County, except as otherwise provided
- Illinois Administrative Code, Title 20, Chapter I, Subchapter f, part 701, County Jail Standards: Establishes the standards by which Jails should be operated
- The "Agreed Order": Establishes provisions and sub-provisions by which the CCDOC must be in substantial compliance
- 730 ILCS 123, County Jail Act: Creates statutory mandates that Illinois Counties must follow

## Budget and Cost Analysis

In FY15, the Sheriff's Office expanded the scope of services provided by the Mental Health Transition Center (MHTC), which assists justice involved individuals diagnosed with a clinical mental health disorder and/or substance use disorder with the development of a strengthened transition into the community and long term recovery plan, ultimately reducing recidivism. The aim is to alter criminal thought patterns, provide pro-social strategies for coping with situations and increase consideration of consequences of decisions/behaviors prior to action.

In FY16, the Sheriff's Office plans to expand the MHTC and develop behavioral health programs aimed at improving inmate quality of life.

For the past five years, the CCDOC has worked with the Department of Justice and monitors appointed by the federal court to improve conditions of confinement within the CCDOC. As a result of these efforts, the CCDOC has achieved substantial compliance on all provisions related to Protection from Harm, Fire and Life Safety, Sanitation and Environmental Conditions, Health Care Services, and Medical Care. In FY16, the CCDOC will continue to monitor compliance with the DOJ Agreed Order.

As a result of over 1,500 video cameras being installed, in FY15, CCDOC increased video surveillance coverage by expanding the Video Review Unit and enabling CCDOC Management to access the video surveillance system.

In FY15, the CCDOC completed the implementation of a state of the art Jail Management Information System, Cook County Offender Management System (CCOMS). CCOMS captures pertinent information about every inmate entering the custody of the CCDOC.

In FY16, CCDOC will expand Language Line Video Remote Interpreting to all divisions and implement an In-Person Sign Language program that will enable deaf and hard of hearing inmates to participate in additional programs and services.

In FY16, the CCDOC will introduce metrics to assess staff and inmate quality of life and will subsequently implement strategies to make improvements.

Zero Based Budgeting Indicator: Cost of Electronic Monitoring per Participant - This measure increased due to an increase in participants and an increase in the Electronic Monitoring contract rate. The rate decreased from the cost study in 2013 due to an increase of 500 avearge EM participants.

## STAR Goals/Key Performance Indicators

* Increase the number of participants in the Sheriff's Mental Health Transition Center to over 200 during FY 2016.
*Ensure that a majority of detainees that are being discharged after being housed in the CCDOC receive information from the Sheriff's Reentry Network about available health care, mental health care, drug treatment, educational, religious, housing, and/or employment resources in the community.
* Maintain substantial compliance with the Protection from Harm provisions of the Agreed Order for the requisite 18 months during FY 2016. Currently, all provisions have been in substantial compliance for at least 10 months as of September 2015.

## DEPARTMENT OVERVIEW

## 249 SHERIFF'S MERIT BOARD

## Mission

The Cook County Sheriff's Merit Board is bifurcated by Law and Regulations to assure fairness in the hiring and promotional practices of the Cook County Sheriff's Office and to provide equality and justice in the statutorily founded disciplinary process. The Cook County Sheriff's Merit Board is responsible for the pre-hiring certification of Correctional Officer Applicants to become eligible for appointment to the Cook County Sheriff's Office. The Merit Board has the authority to conduct hearings on disciplinary matters involving Sheriff's Office employees with Merit Status subsequent to their one (1) year probationary period.

## Mandates and Key Activities

- Conducts hearings on disciplinary matters which are referred to the Cook County Sheriff's Merit Board by the Cook County Sheriff wherein the recommended discipline exceeds a thirty (30) day suspension, demotion in rank or separation from service
- The Cook County Sheriff's Merit Board will ensure that such hearings are conducted in conformance with all legal and regulatory mandates
- Provides accessible written examinations, physical ability tests and related applicant screening by engaging investigative staff that are trained in the Merit Board's system of auditing, reviewing, and confirming content of every applicant file
- Engages in all relevant media and recruiting avenues to announce Correctional Officer application availability in order to provide an equal Sworn, Merit Status employment opportunity for all applicants from all ethnicities and demographic areas of Cook County
- Conducts promotional examinations for the three (3) major departments of the Cook County Sheriff's Office for several Sworn, Merit Rank positions within the Sheriff's Police Department, the Cook County Department of Corrections and the Court Services Department

## Budget and Cost Analysis

In 2015, the Cook County Sheriff's Merit Board ensured that the hiring, promotion and disciplinary processes were conducted equitably and in conformance with the Cook County Sheriff's Merit Board Rules and Regulations for all Sworn, Merit Rank employees and applicants.

In 2015, the Cook County Sheriff's Merit Board was actively utilizing the on-line application process for the position of Correctional Officer in order to expedite the certification process. This new, modernized system allows the Sheriff's Merit Board to accelerate the certification process, creating a Certified Roster of eligible Correctional Officer Applicants for pre-hire in an expeditious manner. This new application process will also benefit the Cook County Sheriff's hiring process.

In 2016, the Merit Board will continue to create a certified roster of eligible applicants for pre-hire Correctional Officer positions and conduct disciplinary processes. The Cook County Sheriff's Merit Board will also conduct a fair and equitable promotional examination process for supervisory ranks in the Sheriff's Police, the Cook County Department of Corrections and Court Services Departments.

In addition, the Sheriff's Merit Board will conduct the entry-level examination for Sheriff's Police Officer candidates drawn from the various ranks of the Cook

County Sheriff's Office.

## STAR Goals/Key Performance Indicators

* Provide a fair and equitable merit process for the selection of Sheriff's Office Sworn Applicants: Establish standards, recruit, select and certify as eligible for appointment, those qualified applicants. Utilizing the above mentioned processes, the Merit Board Certified as eligible to be hired by the Sheriff's office 750 applicants for sworn positions as of July, 2015.
$\star$ Provide a fair and equitable merit process for the promotion of Sheriff's Sworn, Merit Rank employees: Establish and maintain standards and methods for promotion in order to certify those Applicants who are eligible for promotion. Employing the latest standards in the promotional examination process, the Merit Board administers several promotional exams for Sworn Merit Rank employees within the Sheriff's Office. In Fiscal Year 2013, 1,747 officers applied to take the promotional examinations, with 886 passing the examinations. In Fiscal Year 2015, promotional examinations will be administered to Sworn Merit Rank employees.
* Provide a fair and equitable merit process for the discipline of Sheriff's Sworn, Merit Rank employees: Act as a hearing board for all charges alleged against officers, when seeking their suspension for more than 30 days, demotion in rank or separation from service. During the last year, the Merit Board has 73 active Merit Board cases the Sheriff recommended for discipline or separation from employment as of July 2015.

## 577 VEHICLE PURCHASE FUND

## Mission

The Vehicle Purchase Fund was created to comply with an Act of the Illinois General Assembly ( 625 ILCS 5/16-104c) which states that any person who receives a disposition of court supervision for a violation of the Illinois Vehicle Code or a similar local ordinance shall pay an additional fee of $\$ 20$. The fee shall be disbursed to the law enforcement agency that employed the arresting officer and shall be used for the acquisition or maintenance of police vehicles.

The fines are collected by the Clerk of the Circuit Court and remitted to the County Comptroller on behalf of the Sheriff's Office. Fund balances will be accumulated and used to purchase vehicles.

## 250 STATE'S ATTORNEY

## Mission

The State's Attorney Office works to uphold public safety through the fair and efficient administration of justice. Assistant State's Attorneys and support staff vigorously prosecute crimes committed in the County and provide extensive services to victims and witnesses. The office also represents the County in civil proceedings.

## Mandates and Key Activities

- The Criminal Prosecutions Bureau is divided into several divisions including Felony Trial, Sexual Assault and Domestic Violence, Municipal, Traffic, Conviction Integrity, Community Justice as well as the nationally recognized Victim Witness Assistance Unit that provides specialized services to victims of crime and their families
- The Juvenile Justice Bureau contains two divisions: Delinquency and Child Protection. Delinquency handles cases involving juveniles age 17 and under who have been arrested for committing a crime. Child Protection files civil actions against parents and guardians who abuse or neglect their children.
- The Civil Actions Bureau defends the county and its officeholders and employees in civil suits and has sections dedicated to Child Support Enforcement, Complex Litigation, Labor and Employment, Torts and Civil Rights, Industrial Claims, Revenue Recovery, Municipal Litigation, Transactions/Health Law, and Real Estate Taxation
- The Narcotics Bureau handles tens of thousands of cases each year and focuses most of its efforts on long-term investigations that target major dealers operating often with violent street gangs. The bureau seeks treatment programs, such as a successful Drug School, for low-level users.
- The Special Prosecutions Bureau is responsible for investigating and prosecuting complex criminal and public corruption cases. It includes units for Auto Theft, Gang Crimes, Government and Financial Crimes, Organized Crime/Cold Case, and Professional Standards.
- The Administrative Services Bureau, which consists of all office support personnel, handles all administrative tasks of the State's Attorney's Office. This includes providing administrative support in the form of data entry, administrative assistants, clerks, receptionists, mailroom/supply clerks, warehouse facility clerks, law librarians, law clerks/paralegals, program assistants and court reporters.
- The Investigations Bureau consists of more than 120 sworn officers who provide investigative and logistical support to Assistant State's Attorneys in their preparation and presentation of cases. Investigators also complement and supplement local law enforcement efforts by providing them with investigative assistance, expertise and technical resources.

## Budget and Cost Analysis

The Office of the State's Attorney prosecutes approximately 285,000 felony, misdemeanor and juvenile cases each year. There are currently 663 Assistant State's Attorneys trying these cases, with total annual salaries of \$56,192,049. The average cost of a criminal prosecution is $\$ 199$.

The Office handles approximately 26,000 civil matters each year. We currently have 84 budgeted Assistant State's Attorneys in our Civil Actions Bureau, with annual salaries totaling $\$ 8,378,710$. The average cost of each civil matter is $\$ 322$.

## DISCUSSION OF 2015 ACTIVITIES AND 2016 INITIATIVES

NEW POLICY FOR LOW LEVEL DRUG CRIMES

In 2015 the State's Attorney implemented a first-of-its-kind drug policy in Cook County designed to keep nonviolent low level repeat drug offenders out of the criminal justice system and steer more individuals to treatment rather than traditional prosecution at the front end of the system.

Under the new policy, the State's Attorney's Office is no longer prosecuting most cases of misdemeanor cannabis possession and is moving to divert Class 4 felony cannabis possession and other Class 4 controlled substance offenders to alternative programs, including the newly created Drug Deferred Prosecution Program.

The Drug Deferred Prosecution Program will provide repeat felony offenders with a demonstrated substance abuse problem with linkage to social services in lieu of traditional prosecution and sentencing. The new program will be offered to defendants facing low-level Possession of a Controlled Substance or Possession of Cannabis charges and will result in case dismissal upon successful compliance with the court's recommendations.

Eligible defendants are enrolled in the program at the Bond Court stage, thereby diverting individuals at their point of entry into the court system. The program is being piloted at Central Bond Court at the Leighton Criminal Courts Building. As with all of the State's Attorney's alternative prosecution programs, the Office intends to expand the program to countywide coverage upon successful implementation and evaluation of the pilot, which will be conducted by the University of Chicago's Crime Lab.

Hundreds of low level drug cases have been diverted from the criminal justice system as a result of the new policy and the State's Attorney's Office anticipates that thousands of misdemeanor and felony drug cases will be diverted throughout 2016 as the policy is fully implemented.

## NEW COURT OPENED FOR PROSTITUTION AND HUMAN TRAFFICKING INTERVENTION

State's Attorney Alvarez and partners in the criminal justice and social justice communities implemented a specialized court diversion program in 2015 designed to transform Cook County's response to the prosecution of prostitution cases by providing trauma-based services and human trafficking-oriented alternatives for individuals charged with prostitution.

The Chicago Prostitution and Trafficking Intervention Court is a specialized deferred prosecution program that diverts offenders away from traditional prosecution and incarceration and toward treatment and services. It is designed specifically for individuals engaged in a pattern of prostitution or those caught up in sex trafficking.
The new court is the first program of its kind in Cook County designed to address this issue since the Illinois Legislature approved a new law in 2014 that eliminated felony prostitution charges under Illinois law.

## DEPARTMENT OVERVIEW

## 250 STATE'S ATTORNEY

The objectives of the new court are to reduce recidivism, jail crowding, substance abuse and addiction among women engaged in prostitution and sex work. The overarching goal is to offer those facing misdemeanor prostitution charges with the tools and resources necessary to leave the life of prostitution.

## CONTINUED GROWTH OF ALTERNATIVE PROSECUTION PROGRAMS

The State's Attorney's Office gained national recognition in 2015 for the many alternative prosecution and sentencing programs that have been implemented, including the Innovations in Criminal Justice Award presented by the Bureau of Justice Assistance, the Association of Prosecuting Attorneys and the Center for Court Innovations in recognition of the Deferred Prosecution Program.

The Cook County State's Attorney's Office was also invited to present on the topic of deferred prosecution at the National Association of Drug Court Professionals Conference in Washington DC which was attended by more than 4,000 participants from around the country.

The Office continues to develop and expand programs that allow nonviolent misdemeanor and felony offenders to avoid traditional prosecution and jail time. Over the last seven years, the number of programs have expanded from eight alternative courts to 30 , including the Misdemeanor Deferred Prosecution Program, the Chicago Prostitution and Trafficking Intervention Court as well as the Felony Deferred Prosecution Program.

Additionally, the State's Attorney has implemented a grant-funded Bond Court Initiative with the goal of more quickly identifying defendants who are eligible for inclusion in deferred prosecution courts or treatment programs. This initiative has led to a significant increase in the number of individuals referred to the alternative prosecution and sentencing programs at the bond court stage.

The programs are improving public safety by reducing recidivism, providing needed services for vulnerable populations and creating significant savings for Cook County government through both reduced detention time and lowered recidivism. The State's Attorney's Office will continue to work toward continued expansion of these programs in 2016.

## NEW EFFORTS TO ADDRESS HATE CRIMES

In an effort to raise awareness and improve response to the issue of hate crimes, the State's Attorney formed a new Hate Crimes Advisory and Prosecutions Council in 2015.

The council consists of representatives from community organizations, government and law enforcement from the state and local levels. This proactive partnership is working to develop an actionable plan that will serve to raise public awareness of hate crimes, address barriers to hate crimes and develop effective law enforcement and community responses.
A chief focus of the council is aimed at creating and maintaining proactive partnerships with communities typically targeted by hate crimes, in an effort to raise awareness and engagement.

The organizations represented on the new council include the South Side Branch of the NAACP, Arab American Family Services, the Rainbow Push Coalition, the Anti-Defamation League and the Jewish Community Relations Council.

The council also includes representatives from the U.S. Attorney's Office, the FBI and the Chicago Police Department as well as governmental representation from the Mayor's Commission on Human Relations and the Cook County Department of Homeland Security. The LGBTQ and Hate Crimes specialists from both the State's Attorney's Office and the Chicago Police Department are also designated members of the new council.

## DEPARTMENT OVERVIEW

## 561 STATE'S ATTORNEY NARCOTICS FORFEITURE

## Mission

State's Attorney Narcotics Forfeiture works with State, City and County Agencies on various drug related cases.

## Mandates and Key Activities

- The State's Attorney's Narcotics Forfeiture Fund is enabled by 720 ILCS 550/12. In accordance with this statute, the Office of the State's Attorney receives a portion of all drug monies seized and forfeited in the Circuit Court of Cook County. At the discretion of the State's Attorney, these funds are mandated by law to be spent exclusively on the investigation, prosecution, and prevention of narcotics offenses.

## DEPARTMENT OVERVIEW

## 265 DEPARTMENT OF HOMELAND SECURITY AND EMERGENCY MANAGEMENT - GENERAL FUND

## Mission

To enhance the safety and security of Cook County by working to prevent, protect against, mitigate the effects of, respond to and recover from all incidents, both man-made and natural, through a whole community, all hazards approach. The Department of Homeland Security and Emergency Management coordinates Countywide emergency and disaster preparedness planning; leads county response during emergencies and disasters; acts as an intelligence hub for first responders in Cook County; assists jurisdictions in recovery from a disaster; continues to mitigate hazards of Cook County; develops and maintains key partnerships with local, state, and federal stakeholders; and oversees management of Homeland Security and Emergency Management grants.

## Mandates and Key Activities

- Maintains an accredited Emergency Management Agency (IEM Act-2OILCS 3305/et seq:)
- Maintains an Emergency Operations Plan (IA Code-29 ILCS Chapter 1, Sect. 301)
- Establishes DHSEM as the accredited EMA of Cook County (County Ordinance 09-0-69)
- Establishes DHSEM as the primary agency for Cook County emergency planning and preparedness, as well as incident management

## Budget and Cost Analysis

Over the past several years, the Department of Homeland Security has grown at an exponential rate without a corresponding large-scale increase in general fund appropriation. Since 2011, the DHSEM has maintained an operating budget that originally supported a Department with fewer than 20 staff members that provided minimal service throughout the County. Over the last five years, the Department has grown significantly in both staff size and in the capabilities and services that are provided to both County agencies as well as our municipal partners. As the DHSEM has actively pursued grant revenue over that period, the Department's general fund appropriation has decreased during this period.

Over $93 \%$ of the Department's budget and personnel in FY 2015 is supported through grant funds. That percentage is expected to increase in FY 2016. Since 2011, the Department has been awarded over $\$ 140$ million in grant funds, in addition to the $\$ 47$ million that was outstanding when the current administration took over the Department. Since that time, the DHSEM has worked to close out roughly $\$ 130$ million in grant funds while continuing to aggressively apply for and receive additional grants.

In FY 2015, the DHSEM is projected to have an ROI of 1377\%, meaning that for every dollar that the County spent last year, it received nearly \$14 in Homeland Security and Emergency Management benefits throughout the County.

## STAR Goals/Key Performance Indicators

* Training Courses Conducted: This is a continuing goal from 2015 to further the DHESM's efforts to develop a robust training and exercise program addressing the needs and priorities of the first responders in Cook County, in accordance with federal priorities. The 2016 Target for this Performance Indicator will be to sustain the number of trainings currently provided to the County's first responders.
* Shared Grant Opportunities: In order to assist the County's municipal partners, a continuing goal for the DHSEM is to provide notifications of various grant opportunities that may benefit all the first responders throughout Cook County. The 2016 Target for this performance indicator will be to remain consistent with the 2015 Target of providing at least 10 grant notifications.
* Deployment of Assets: An ongoing goal for the DHSEM is to continue serving County agencies as well as first responders throughout the County during emergency incidents. Recognizing the large area that encompasses the County, this goal measures the time taken between a request for assistance and time of deployment of the resource. The 2016 target for this performance indicator will be to remain consistent at a time of 60 minutes.
