Section 1.01 Explanations

COOK COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

TRUCK DRIVERS (WEST) - That part of the county West of Barrington Road.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is union or non-union.

Union Identifiers

An identifier enclosed in dotted lines beginning with characters other than "SU" denotes that the union classification and rate have found to be prevailing for that classification. Example: PLUM0198-005 07/01/2011. The first four letters , PLUM, indicate the international union and the four-digit number, 0198, that follows indicates the local union number or district council number where applicable , i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2011, following these characters is the effective date of the most current negotiated rate/collective bargaining agreement which would be July 1, 2011 in the above example.

Union prevailing wage rates will be updated to reflect any changes in the collective bargaining agreements governing the rate.

0000/9999: weighted union wage rates will be published annually

each January.

Non-Union Identifiers

Classifications listed under an "SU" identifier were derived from survey data by computing average rates and are not union rates; however, the data used in computing these rates may include both union and non-union data. Example: SULA2004-007 5/13/2010. SU indicates the rates are not union rates, LA indicates the State of Louisiana; 2004 is the year of the survey; and 007 is an internal number used in producing the wage determination. A 1993 or later date, 5/13/2010, indicates the classifications and rates under that identifier were issued as a General Wage Determination on that date.

Survey wage rates will remain in effect and will not change until a new survey is conducted.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

County of Cook Countywide Fire & Life Safety System Upgrade Package #4

Scope of Services

Electrical Construction Services were provided for life safety improvements at various locations (4) four Cook County Buildings. Work included fire alarm retrofit, fire door replacements, generator system re-work and lighting upgrades.

Project Description

The project involved (4) four different facilities all owned and operated by the Cook County. Each building was scheduled for a new fire alarm system to be installed with current NFPA standards in conjunction with all local codes. The work was to be conducted without any interruption of the facilities while the existing fire alarm was fully operational. The new fire alarm system had to be tested and placed into service before the existing system was to be removed.

In addition to this scheduling task, the Juvenile Center required the replacement of the emergency generator along with the ATS (Automatic Transfer Switches) under which no shut downs were allowed. New emergency lighting and exit signage was also included with the scope of the work at all facilities.

As the prime contractor our field and office staff worked along with our subcontractors to install new walls, doors, modifications to the existing sprinkler riser systems as well as the installation of a complete new fire pump controller and fire pump.

The Hektoen and Durand buildings were adjacent to each other and the A/E designed a completely new 750KW emergency generator to feed both life safety systems to both facilities. This work was also completed while the building conducted its normal operational responsibilities.

Scope of Services

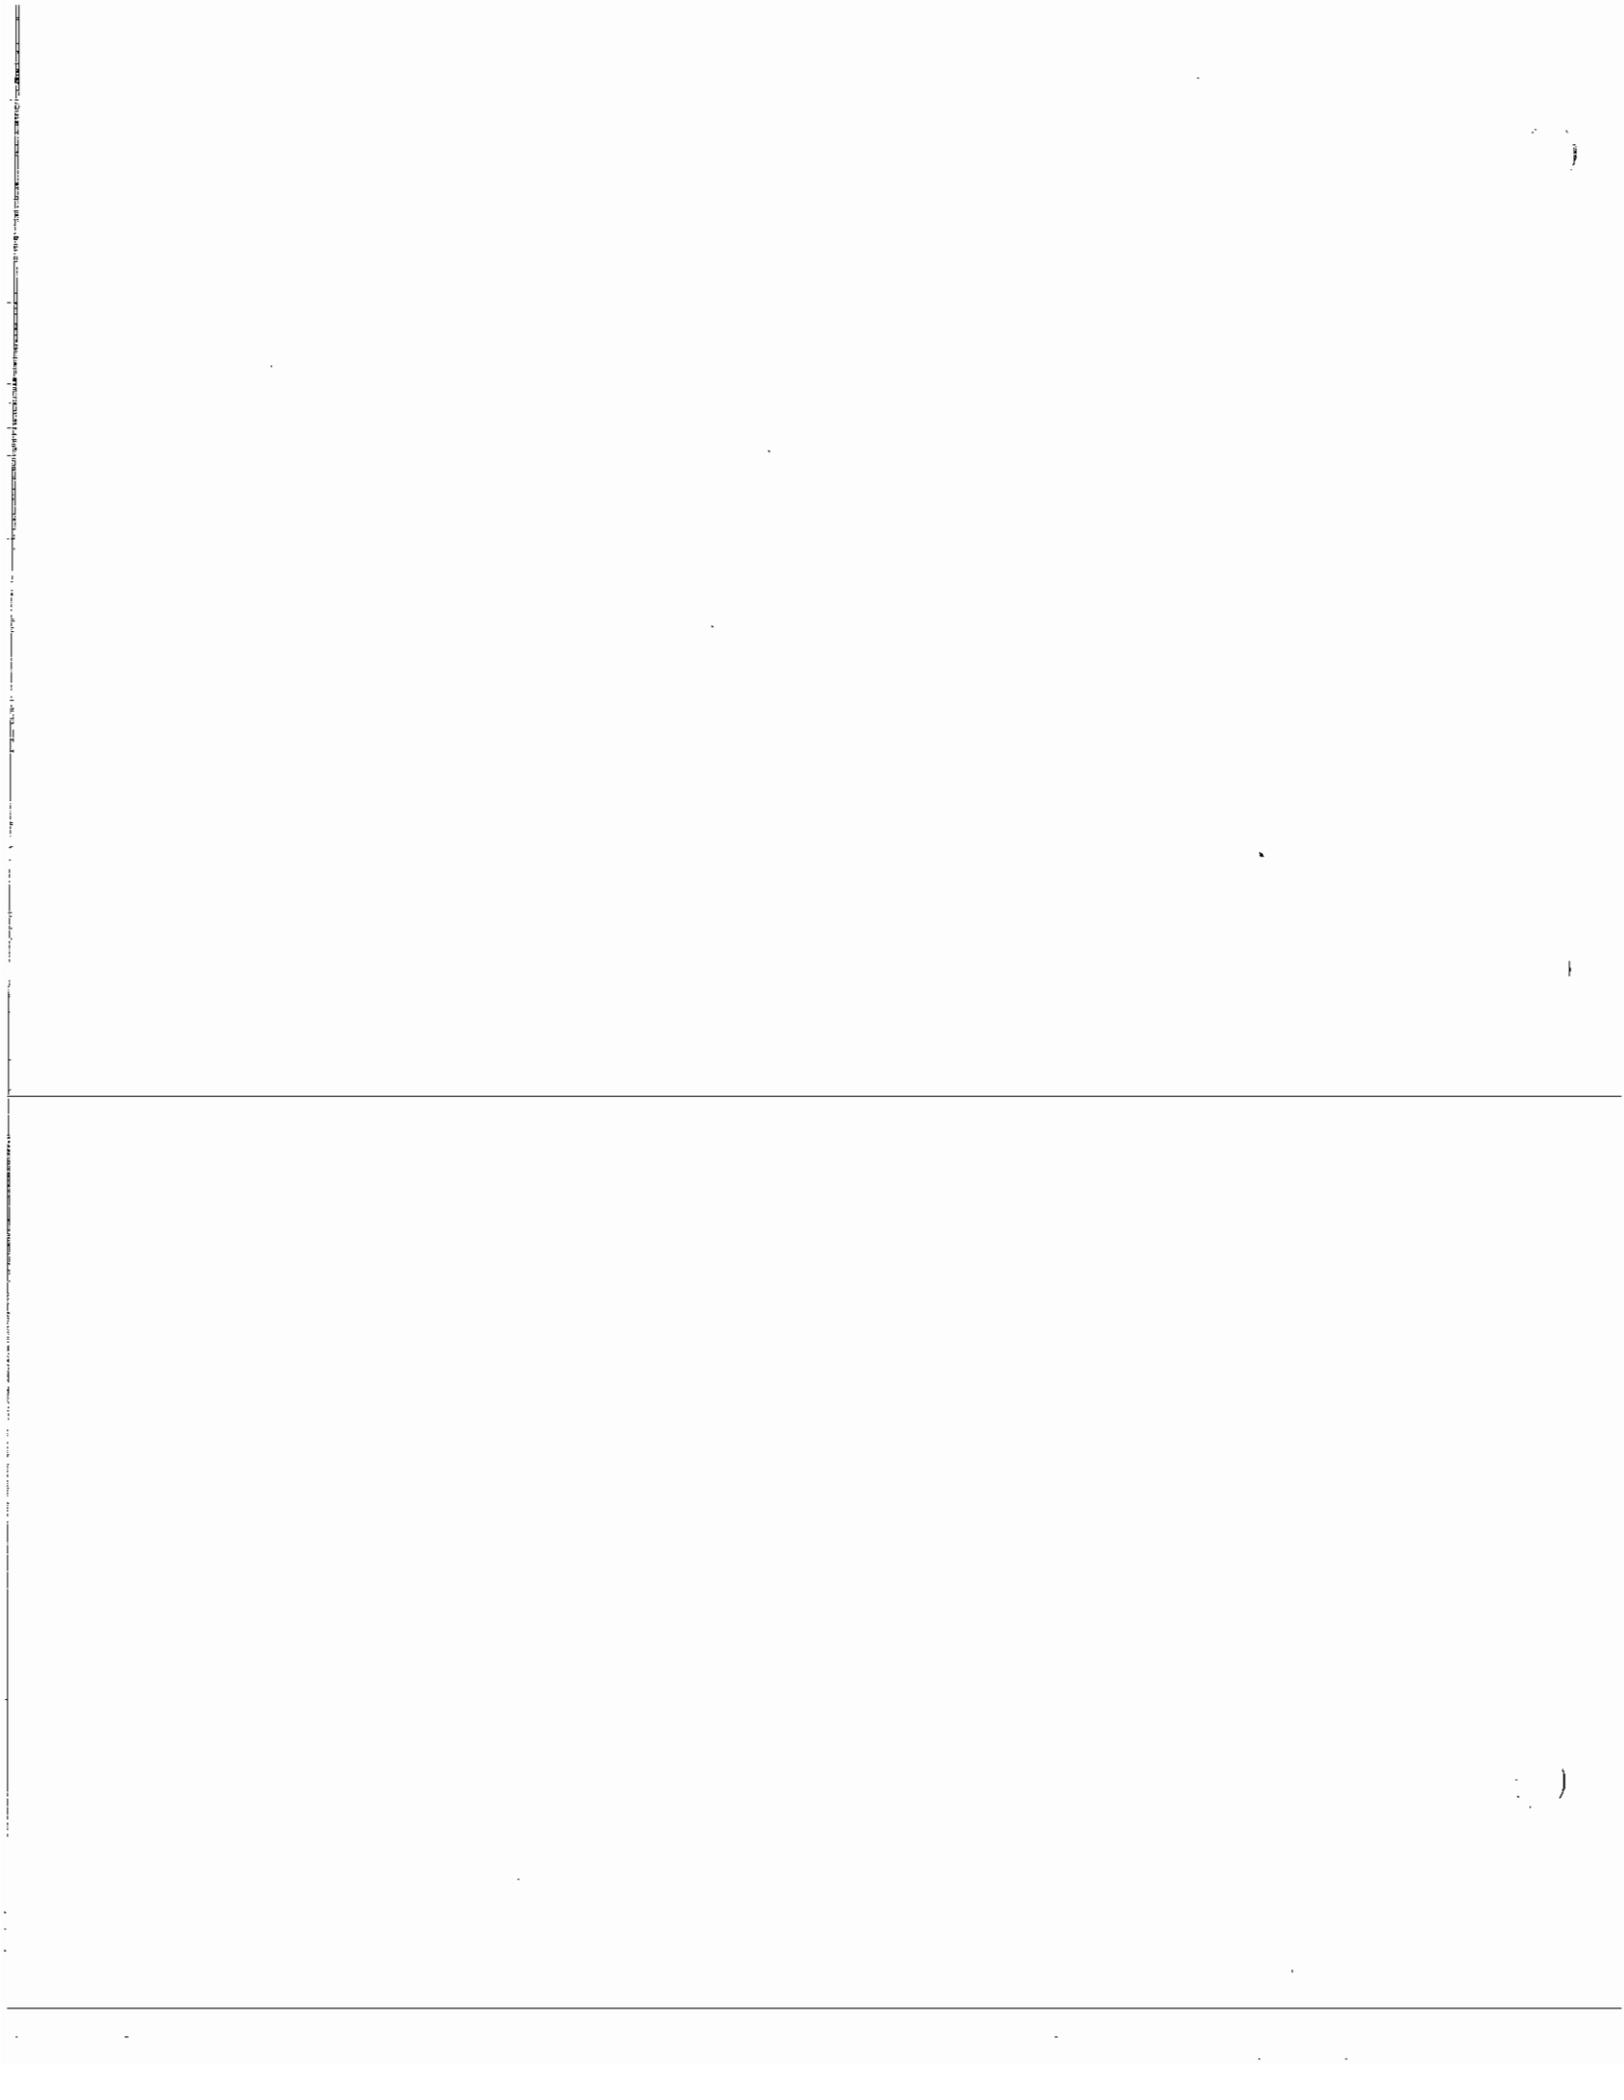

Electrical Construction Services were provided to install a new voice evacuation fire alarm system. The system included detection, notification, one-way and two-way voice systems.

Divane Bros. Electric Co. teamed with Windy City Electric and Ace Mechanical for the installation on this project. Due to the large amount of work in occupied spaces, approximately half of this project was completed during "off-hours". Our crews were able to complete this project with a minimum of disruption to the tenants of the building.

Upon completion and acceptance of the new fire alarm system the old fire alarm system was removed from the building.

Scope of Services

Electrical Construction Services were provided for the installation of a new fire alarm system in Provident Hospital and Sengstacke Clinic along with the removal and replacement of the security doors for the maternity area.

Project Description

This project consisted of installing a voice evacuation fire alarm system at Provident Hospital and the adjoining Sengstacke Clinic. This included notification, detection, one-way and two-way voice communication. Since this is an occupied facility, a fully operational fire alarm system had to be maintained during the course of this project.

Divane Bros. Electric Co. worked closely with the hospital staff to coordinate the installation. Patients were moved to provide work areas for our crews. Divane Bros. also worked in conjunction with the infection control department to ensure there was no transfer of dust or construction debris to patient care areas. This type of communication with the customer allowed Divane Bros. to complete the installation with a minimum of disruption to the operation of the hospital.

THIS TRUST AGREEMENT is made and entered into by and between the County of Cook, by and through the Department of Transportation and Highways, whose address is 69 West Washington, Suite 2300, Chicago, Illinois, 60602, hereinafter called the COUNTY, and _____ whose address is _____, hereinafter called the CONTRACTOR, and _____, a FINANCIAL INSTITUTION or trust company located in Cook County, whose deposits are insured by an agency or instrumentality of the federal government and whose address is _____ hereinafter called the FINANCIAL INSTITUTION.

WITNESSETH:

WHEREAS the COUNTY has awarded to the CONTRACTOR Job Number _____, Section Number _____ providing for the construction of a COUNTY highway improvement for a total price of \$ _____ dollars; and

WHEREAS under Section 5-409 of the Illinois Highway Code, as amended, the COUNTY is authorized to make progress payments as the CONTRACTOR performs the work under the contract and may retain a percentage of progress payments; and

WHEREAS the COUNTY may, at the request of CONTRACTOR, deposit the retainage under a Trust Agreement with a FINANCIAL INSTITUTION of the CONTRACTOR'S choice which is located in Cook County and has been approved for the deposit of such funds by the Superintendent of the Cook County Department of Transportation and Highways pursuant to Cook County Code Section 34-36; and

WHEREAS by execution of this Agreement, the CONTRACTOR and said FINANCIAL INSTITUTION request that the retainage be deposited with said FINANCIAL INSTITUTION as provided by law.

NOW THEREFORE, the parties do hereby agree that:

1. This Agreement shall not change any of the rights, duties, privileges or responsibilities of the parties to the above-referenced construction contract, except as may be provided herein.
2. Notwithstanding the provisions of this Agreement, the COUNTY may withhold progress payments or any portion thereof on account of lien claims, liquidated damages, or as may otherwise be provided by the above contract or by law.
3. All progress payments, including final payment under the above contract, shall be made by COUNTY warrants payable to the CONTRACTOR and FINANCIAL INSTITUTION, as trustee, jointly, and such payments shall be sent to the FINANCIAL INSTITUTION at the above address.

4. The progress payments shall specify on a copy of the COUNTY'S invoice to be mailed with the warrant the amount thereof to be paid to the CONTRACTOR and the amount to be held by the FINANCIAL INSTITUTION as retainage under this Agreement.
5. The money so held by the FINANCIAL INSTITUTION shall be described as "retainage" and shall be held in trust according to the terms of this Agreement. Interest earned on the retainage may be paid to the CONTRACTOR as it accrues or as the FINANCIAL INSTITUTION'S policy permits.
6. The principal balance of the retainage, or any part thereof, shall not be paid over to the CONTRACTOR except upon written directive to the FINANCIAL INSTITUTION by the COUNTY.
7. The FINANCIAL INSTITUTION may invest or reinvest said retainage in:
 - a. Certificates of Deposit issued by a financial institution whose principal office is located in Cook County, including this FINANCIAL INSTITUTION;
 - b. United States Government Bonds;
 - c. United States Treasury Notes;
 - d. United States Treasury Bills;
 - e. Time Deposit on Open Account.

Provided, however, that the investment of said retainage shall not relieve the FINANCIAL INSTITUTION from the return or repayment of such funds within ninety (90) days as provided in this Agreement.

8. Retainage is the property of the COUNTY until notice of final payment, and the principal amount, or any part thereof, shall not be pledged or used as security for any purpose.
9. The COUNTY shall be the sole judge of return or repayment of the funds to the Cook County Treasurer. Upon ~~written demand made by the COUNTY to the FINANCIAL INSTITUTION for the return or repayment of the~~ retainage, the FINANCIAL INSTITUTION shall make such return or repayment regardless of whether the COUNTY shall state any reason therefor and without imposition of any other requirements or conditions.
10. The repayment or return of retainage to the COUNTY shall be by check from the FINANCIAL INSTITUTION payable to the Treasurer of Cook County and shall be mailed to the COUNTY within ninety (90) days after the COUNTY'S demand.
11. The CONTRACTOR does not waive or release any rights he has against the COUNTY for breach of contract, including this Agreement, by reason of the repayment by the FINANCIAL INSTITUTION to the COUNTY on account of demand made by the COUNTY.
12. In the event demand for the retainage is made under this Agreement by the COUNTY, the COUNTY may specify, in its sole judgment, the amount to be repaid or returned as all or part of the principal balance of the retainage. This Agreement shall continue as to any retainage not returned to the COUNTY and any future payments by the COUNTY to the CONTRACTOR.
13. Upon return or repayment of the full principal balance of the retainage to the COUNTY, this Agreement shall terminate and have no further force or effect.

14. The COUNTY shall request confirmation of account balances as of June 30 of each year, and the FINANCIAL INSTITUTION shall comply with this request. The FINANCIAL INSTITUTION'S failure to comply with this provision shall be reason to demand return of the retainage pursuant to this Agreement.

15. The COUNTY shall provide notice of final payment to the FINANCIAL INSTITUTION and the CONTRACTOR. When said final payment is made, this Agreement shall be terminated and the retainage or interest thereon shall be paid to the CONTRACTOR by the FINANCIAL INSTITUTION. The COUNTY and the CONTRACTOR agree that the date of mailing such notice of final payment to the FINANCIAL INSTITUTION shall constitute the date of final payment to the CONTRACTOR under the contract. Any provisions of the contract regarding final payment shall be deemed to have been complied with regardless of any delay in the CONTRACTOR'S receiving said final payment or any retainage and interest thereon from the FINANCIAL INSTITUTION.

16. The FINANCIAL INSTITUTION shall look only to the CONTRACTOR to pay any costs or fees for either its services or expenses hereunder and no deduction shall be made therefor for any retainage or interest thereon except such deduction that may be made after final payment has been made.

17. Failure of the FINANCIAL INSTITUTION to comply with any of the terms of this Agreement shall be cause for the COUNTY to refuse approval of the FINANCIAL INSTITUTION as a party to any future Trust Agreements.

IN WITNESS WHEREOF the parties to this Trust Agreement have hereunder signed and executed this Trust Agreement this _____ day of _____, 20__.

ANSWERS TO WRITTEN QUESTIONS

Below are County's answers to written questions received from potential Bidders:

- 1) Question: Should we choose to pursue the Mechanical or Electrical Construction Contracts we must prepare the required MBE/WBE/DBE Participation Plan as outlined on page 149, item B. Are we also required to complete the forms provided in Section 7 – Exhibits as part of this submittal, or are those just for reference and will be used on the resulting bid contracts?

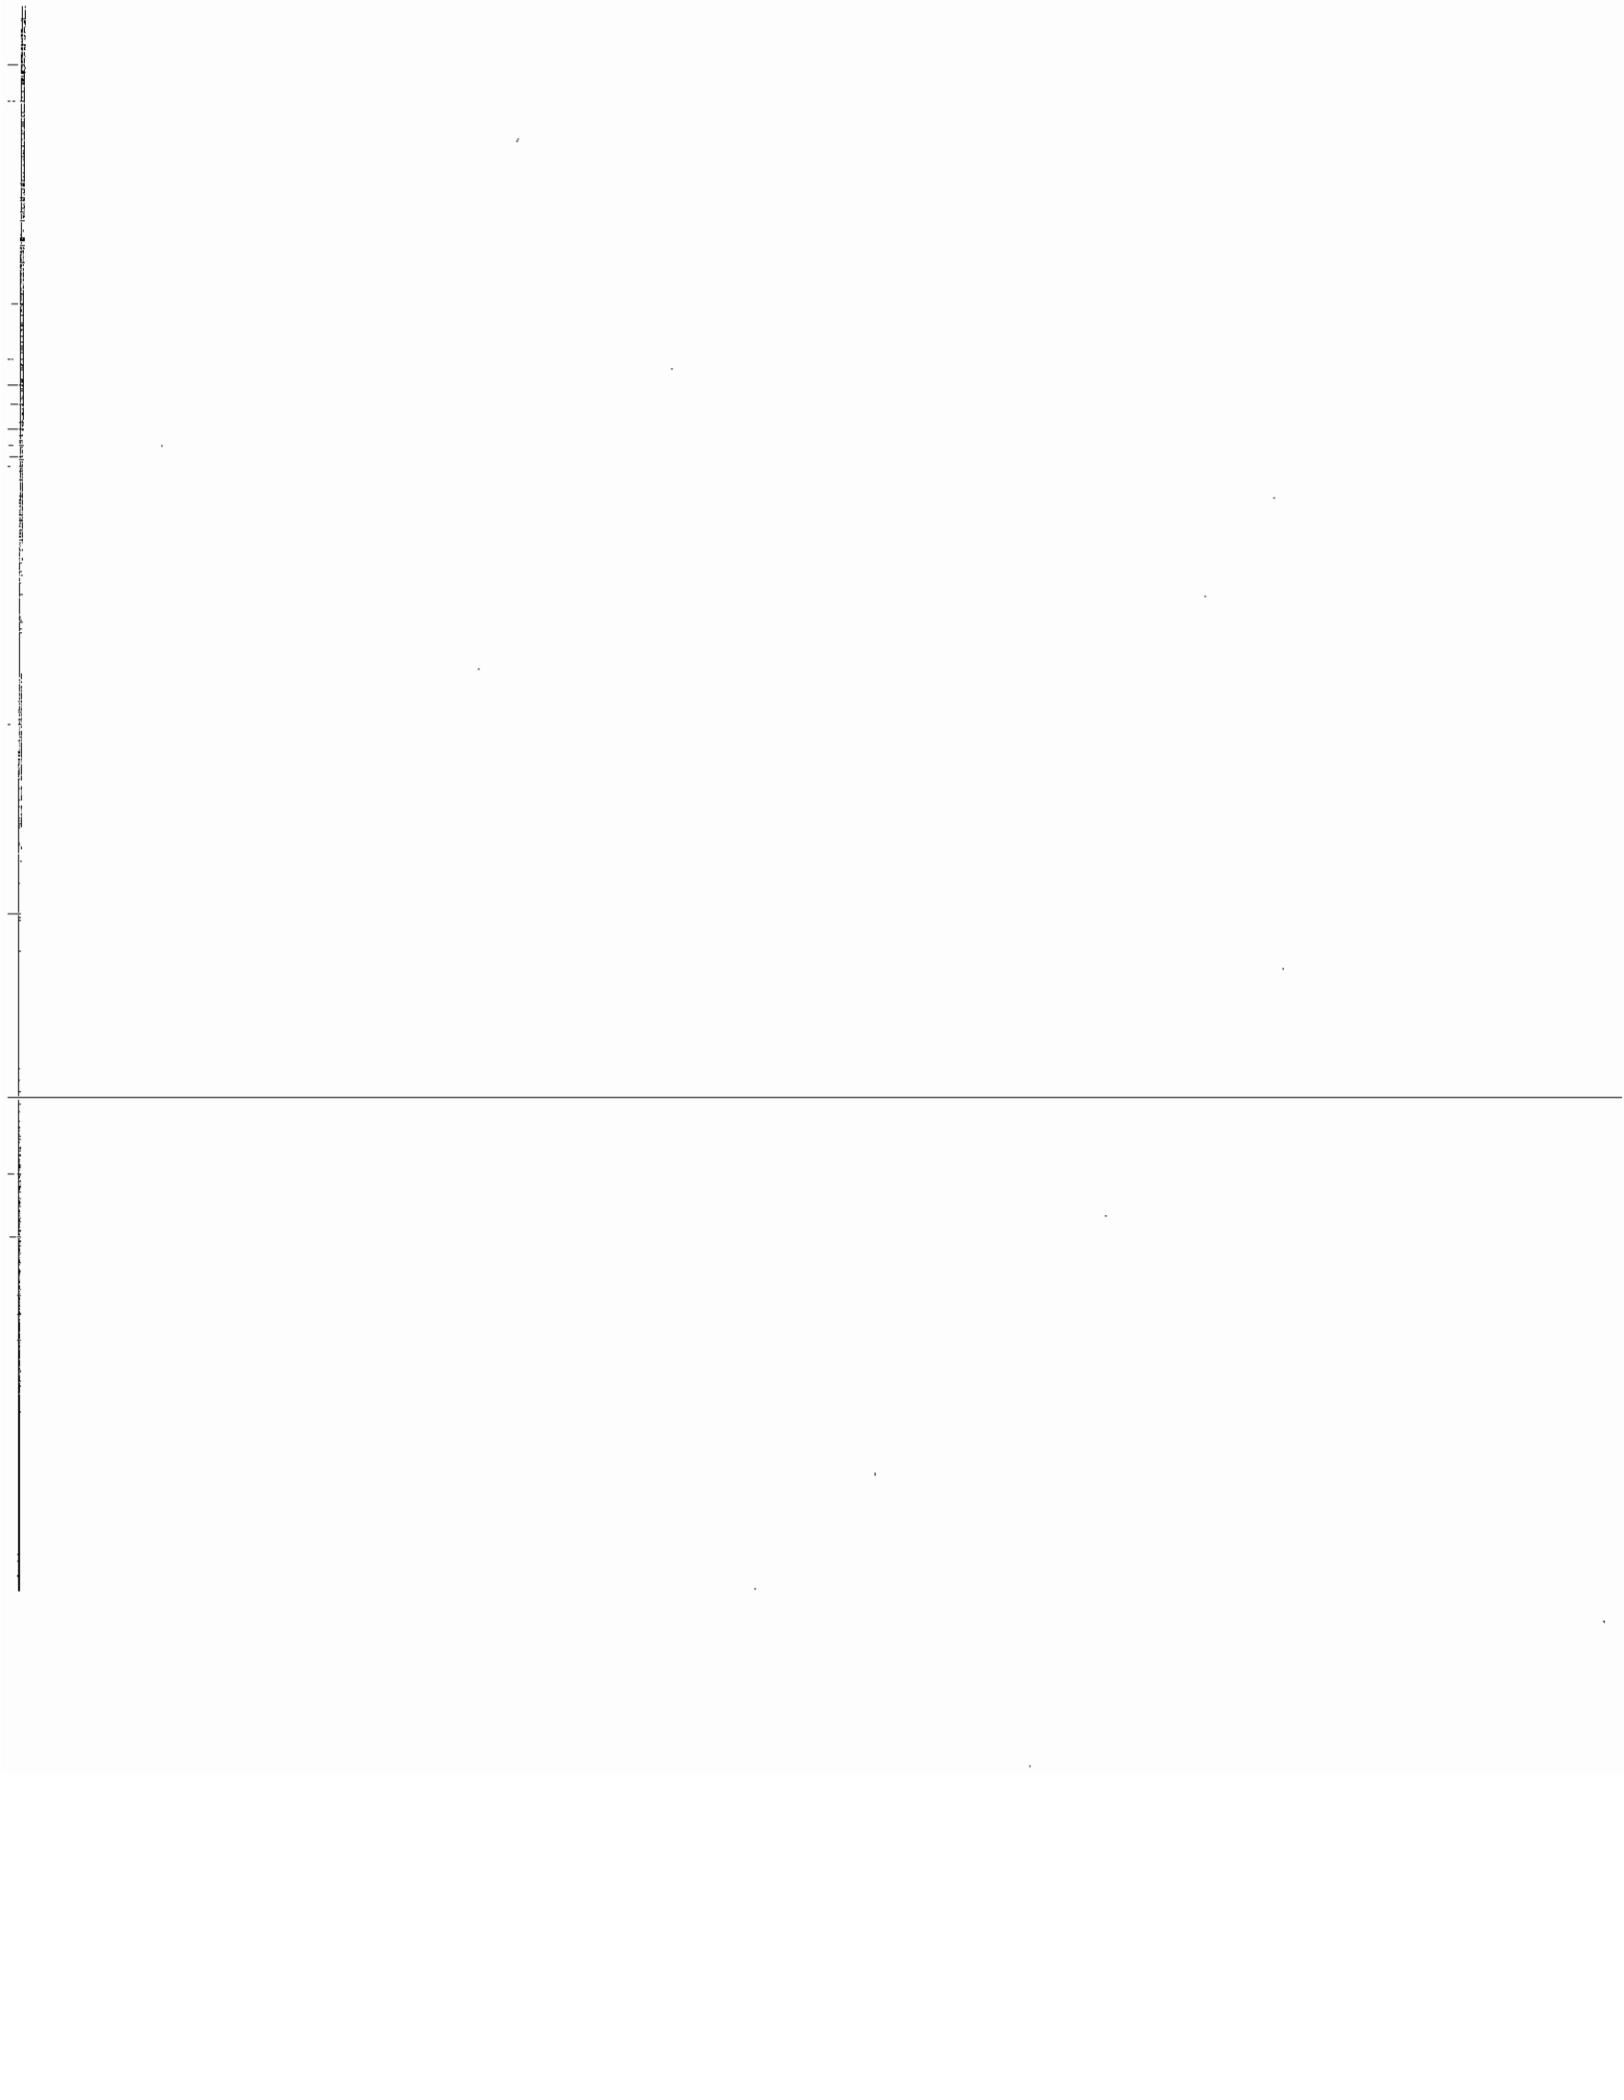

Response: No. The MBE/WBE/DBE documents included in Section 7 - Exhibits are not to be submitted with the bid. They will be used during the course of the Contract and will be submitted with the Job Order Proposal Package for individual Job Orders.

- 2) Question: What percentage of the work has to be self-performed by the General Contractor? Will this amount be required on a per job order basis or a cumulative amount of all job orders?

Response: There is no self performance requirement for the General Contractor.

- 3) Question: On Page 17, Book 1, Section IB-12 -- Performance and Payment Bond - The bid specs call for a Performance and Payment Bond equal to the amount of work estimated for each Discipline per year. Will this bond cover the initial 2-year contract term?

Response: The Performance and Payment Bond requested in the Section IB-12 is equal to the Estimated Annual Value of the Contract. If the amount of work issued approaches upper limit of the bond amount, the Contractor will be required to submit an additional bond in the amount set forth in Section IB-12.

4) Question: Will we be required to furnish a new bond for the (2) 1-Year Options?

Response: Yes, upon the execution of an Option Term, the Contractor will be required to submit a new bond in the amount set forth in IB-12.

5) Also, if the contractor is awarded multiple disciplines, will each discipline need a performance and payment bond or will each discipline be covered under one performance and payment bond?

Response: Each award is considered to be a separate Contract. Therefore, a separate performance and payment bond will be required for each awarded Contract. The amount of each payment and performance bond is set forth in Book 1, Section 2, Article IB-12.

6) Question: The Proposal Agreements Form, Page 87, Section 5 – Bid Forms states “the undersigned” in each of the 6 topics listed, however there is no signature space on the form. Please advise if the form shall be signed and submitted or submitted with no signature.

Response: Yes, Bidders shall sign the Proposal Agreement. A revised Proposal Agreement has been attached to this Addendum and has a signature line.

7) Question: Please confirm that Section 7 – Exhibits, Pages 151-193 are for information only and do not need to be submitted with the bid proposal

Response: Confirmed. The documents included in Section 7 - Exhibits are not to be submitted with the Bid.

Note: See Addendum item 10. The Responsible Bidder Requirement has been moved to Section 6 - Additional Documents to be Executed and Submitted with the Bid. The Responsible Bidder Requirement shall be submitted with the Bid.

8) Question: Page 193 - Responsible Bidder Requirement is not on the Document Submittal Checklist. Please confirm if it is required as part of the bid submittal.

Response: See Addendum item 10. The Responsible Bidder Requirement has been moved to Section 6 - Additional Documents to be Executed and Submitted with the Bid. The Responsible Bidder Requirement shall be submitted with the Bid.

9) Question: If we are submitting multiple bids for multiple contracts, should we be submitting Form 1 and 2 for each bid and Section 6 – Additional documents to be executed and submitted with the bid “surety’s statement of qualification for bonding” Since this form asks for the number of the contract and the total amount of the contract? Along with the MBE/WBE/DBE Commitment Form for each contract?

Response: See Addendum item 6. If bidding multiple Contract disciplines, a separate bid package must be submitted for each Contract discipline.

- 10) Can you please clarify if a contractor is bidding on multiple disciplines for the JOC Contract, does the contractor need to submit multiple bid deposits and bid forms or (1) bid deposit and bid form 1 and 2 for each discipline being bid.

Response: See Addendum item 6. If bidding multiple Contract disciplines, a separate bid package must be submitted for each Contract discipline.

- 11) Question: Book 1, Section 3, page 21, section A 2). The statement specifies that the Commercial General Liability coverage will have no limitation endorsement. Please clarify and specify what is meant by this, as all insurance coverages have some limitations.

Response: See Addendum item 8. The insurance requirements have been revised. One of the changes is the deletion of the phrase "coverage will have no limitation."

- 12) Question: Regarding the "Local Business" definition on page 95 of Book 1. Does this definition pertain to the local office or to the parent company? Our parent company has over 30,000 employees worldwide, but we would be supporting Cook County from our local Chicago office, established for over 20 years.

Response: Depending on its location, the local Chicago office may satisfy the requirement for having a "bona fide establishment for transacting business located within Cook County." However, the definition for "Local Business" requires the firm also "employs the majority of its regular, full time work force within Cook County."

- 13) Question: As we understood it, if a task order is over 51% electrical it will go to one of the electrical contractors. If there is architectural work involved, Cook County will select one of the general contractors to do that portion of the work and we are bound by the price quoted by the electrical subcontractor. Please confirm.

Response: See Book 1, Section 1, Article CI-03.B. It is not the intent of the County to subdivide the Detail Scope of Work among the different disciplines. It is the County's intent to assign the entire Detailed Scope of Work to a Contractor within one discipline. However, if the County determines it is in the County's best interest, the County reserves the right to subdivide the Detail Scope of Work among the disciplines. If the County does decide to subdivide the Detail Scope of Work, each Contractor is responsible for their portion of the Work and a separate Job Order will be issued to each Contractor.

- 14) Question: In some (please specify which) situations, such as if the JOC is selected to complete work on a larger project, Cook County will bid the general contractors against each other. Please confirm.

Response: See Book 1, Section 1, Article CI-10.A. The County intends to assign the Detail Scope of Work to a single contractor. However, the County, if determined it to be in the best its best interest, reserves the right to compete the contractors on the same Job Order.

- 15) Question: For the general contract work Cook County anticipates about \$4.7MM over two years split between probably 3 general contractors. Please confirm.

Response: See Book 1, Section 1, Article CI-10.A. The County intends to assign work, within each discipline, as equal as possible among the awarded Contracts taking into account the Contractor's bid and performance of the Contractor. The volume of work is unknown as JOC is an indefinite quantity Contractor. Each General Construction Contractors are guaranteed at least \$25,000 worth of work.

- 16) Question: Are publicly traded corporations required to complete and submit the "Cook County Affidavit of Child Support Obligations?" The Applicant Information blanks do not lend themselves to corporate entity information.

Response: Yes. The Cook County Affidavit of Child Support Obligations must be submitted with the Bid. Bidder's shall complete the form to the best of their knowledge.

- 17) Question: The Bid Deposit Form is structured for checks or bank drafts. How should it be completed if a Bid Bond is submitted or is the Bid Deposit Form required if a Bid Bond is submitted?

Response: The Bid Deposit Form must be submitted with the Bid. If the Bid Deposit is in a form other than a Cashier's Check or Bank Draft, there is a third option for "Other." If checking the "Other" box, indicate the form of the Bid Deposit.

- 18) Question: Regarding the Relevant Experience forms – the Contract Information blanks are written for specific scope projects, not JOC contracts. Does Cook County want information on construction experience or JOC experience? If the latter, how would Cook County prefer to have the original and final contract and schedule information completed, since these do not apply to overall JOC contracts?

Response: The Relevant Experience is meant for individual construction projects, regardless of the procurement method.

- 19) Pages 125-128, Relevant Experience. Is Cook County looking for references on specific scope of work projects or on overall JOC contracts? Because JOC contracts will not have the same kind of original and final contract amounts and completion schedules as specific projects.

Response: The Relevant Experience is meant for individual construction projects, regardless of the procurement method.

- 20) Question: Is the estimated annual value of \$3MM per general contractor or for the whole general contractor JOC program?
