Section 1.01 Explanations

COOK COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

TRUCK DRIVERS (WEST) - That part of the county West of Barrington Road.

=====
Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is union or non-union.

Union Identifiers

An identifier enclosed in dotted lines beginning with characters other than "SU" denotes that the union classification and rate have found to be prevailing for that classification. Example: PLUM0198-005 07/01/2011. The first four letters , PLUM, indicate the international union and the four-digit number, 0198, that follows indicates the local union number or district council number where applicable , i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2011, following these characters is the effective date of the most current negotiated rate/collective bargaining agreement which would be July 1, 2011 in the above example.

Union prevailing wage rates will be updated to reflect any changes in the collective bargaining agreements governing the rate.

0000/9999: weighted union wage rates will be published annually

each January.

Non-Union Identifiers

Classifications listed under an "SU" identifier were derived from survey data by computing average rates and are not union rates; however, the data used in computing these rates may include both union and non-union data. Example: SULA2004-007 5/13/2010. SU indicates the rates are not union rates, LA indicates the State of Louisiana; 2004 is the year of the survey; and 007 is an internal number used in producing the wage determination. A 1993 or later date, 5/13/2010, indicates the classifications and rates under that identifier were issued as a General Wage Determination on that date.

Survey wage rates will remain in effect and will not change until a new survey is conducted.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

12.6 The Managing Party shall maintain adequate and complete records and books of account maintained on a calendar-year basis. The Managing Party shall prepare and submit monthly statements, cost reports, summaries and other financial data, in forms and at times specified by the management Committee. Such shall include, but not be limited to, the preparation and submission of monthly consolidated cost reports which shall contain the total Project costs incurred to date, with an itemized breakdown of such costs in comparison with amounts budgeted for same and specifying the percentage-of-completion for same.

12.7 All financial, technical and other records of the Joint Venture shall be kept and preserved as required by law and the Contract with the Owner, and for such longer periods and at such place or places as the Management Committee may designate. To the extent that the records of the Joint Venture must be kept subsequent to the completion of the Contract pursuant to the provisions of the law or as required by the owner's Contract, they shall be kept at such place or places as the Management Committee may from time to time determine and the cost shall be borne equally by the Parties.

13. Project Manager and Key Project Personnel:

13.1 Project Manager: Subject to Paragraphs 11 and 12, the general supervision and management for the work required by the Contract shall be under the general charge and control of the Project Manager. The Project Manager shall be appointed and may be removed by the Managing Party with the consent of the Management Committee and shall be given such powers, duties and responsibilities as may be required to enable him to properly perform the duties entrusted to him to the end that work may be performed properly and expeditiously. Each Party will use its best efforts to replace personnel so withdrawn with personnel having like or greater experience and qualifications as the personnel so withdrawn.

14. Construction Costs; Subcontractors, Payments:

14.1 Subject to the provisions of the Contract as fully executed by the Joint Venture with the Owner, the Parties anticipate that the costs and expenses of the Joint Venture, including the costs of construction, shall consist of the costs to the Joint Venture of all salaries, craft wages, fringe benefits, subcontracts, labor, material, plant and equipment purchased or rented, bonds, insurance, taxes on labor and material, imports, charges, legal fees, audit costs, liabilities not secured by insurance and all other expenses and obligations incurred or suffered in and about the

performance of the Project of a nature which generally accepted accounting practices would be properly charged as a cost of the performance of the Contract.

14.2 Except as otherwise provided herein, including Paragraphs 12.2 and 12.4, costs and expenses of each Party chargeable to the Joint Venture shall be subject to prior determination, review and approval by the Management Committee.

14.3 Except as otherwise provided in this Agreement or as otherwise approved by the Parties, including without limitation paragraphs 12.2 and 12.4, such costs shall not include any charges against the Joint Venture for any overhead expenses or charges of the main or branch offices of the respective Parties or for the time which may be expended in connection with the work by any of the Parties or their officers or employees including charges for time travel or other expenses in connection with routine visits by any party's officers or home office or division-level executives.

14.4 The Management Committee may determine that the Joint Venture may be best served by the use of employees of a Party assigned to the Project on a temporary basis. These employees may, at the discretion of the Management Committee, remain employees of the Party, as the case may be, and the Joint Venture shall be charged at cost (or as otherwise determined to be reasonable by the Management Committee) for these employees' services, including workmen's compensation costs and/or, at the discretion of the Management Committee, the Joint Venture may employ Project labor personnel on the Joint Venture's payroll. Both Parties shall maintain separate books of account for all such employees which show actual expenses of the employees while performing services for the Joint Venture, the cost rate used to compensate the Party for the services provided by such employees and any other expenses or costs relating to the use of these employees or resources of the parties necessary to the employee's services. Such books and records shall be available for audit at any reasonable time and shall be retained for a period consistent with Paragraph 12.7 contained herein.

14.5 In addition to the foregoing, FHP may, at its sole discretion, and not as mandated herein, provide assistance to ACS to fulfill its Joint Venture and Project goals, including but not limited to management and technical assistance, project accounting and project and field management assistance.

14.6 It is further agreed between the Parties hereto that certain items of the Contract work or materials may be subcontracted in compliance with the rules and regulations of the owner and the terms of this Agreement. Any request to subcontract such work shall be submitted in the name of the Joint Venture for approval of the Owner, if necessary.

14.7 Nothing herein shall be construed as prohibiting any of the Parties hereto from acting as subcontractors to the Joint Venture under a subcontract agreement or otherwise.

14.8 Payments received by the Joint Venture for work performed pursuant to the Contract shall be utilized as determined by the Management committee and as provided herein.

14.9 Payment to any subcontractor, including any of the Parties hereto, shall be made only for work actually completed at the job site and/or for materials received and accepted at the job site and upon receipt of the funds payable by the owner. In no event shall any subcontract be made, or any payment be made to a Party hereto, which permits or involves payment in excess of monies actually received from the owner for the work so performed, or materials so supplied, unless payment is required by law or unless the Parties agree otherwise in writing.

14.10 The compensation of any Party hereto shall be as outlined in this Section 14 plus pursuant to their respective shares of Joint Venture assets and profits as determined by the result of reducing total compensation received from the Owner under the Contract by total Joint Venture expenses. Such profits shall be distributed in accordance with Paragraph 15 contained herein (Division and Distribution of Profits or Losses).

14.11 Equipment rented from either of the parties shall be listed and charged as a construction cost at the rates contained in the attached Schedule C and/or at market rates as determined by the Management Committee.

15. Division and Distribution of Profits and Losses:

15.1 Upon completion of the Project, or earlier at the Management committee's discretion, Joint Venture equipment and other property shall be disposed of and the values obtained shall be included in the funds to be used to pay obligations and distributed in accordance with provisions of this Paragraph 15.3.

15.2 If both Parties hereto determine at any time that funds on hand are more than reasonably required for the needs of the Joint Venture, distributions of such sums as are mutually agreeable may be made.

15.3 As soon as reasonably practical after the completion of the Contract, the capital contributions of each of the Parties and the assets and profits of the Joint Venture, which have theretofore been retained and not distributed by the Joint Venture, shall be used to pay all outstanding obligations and other indebtedness of the Joint Venture. Sufficient reserves, as determined by the management committee, shall be established for known or reasonably anticipated contingencies not theretofore discharged. Thereafter, any funds remaining in the bank account or accounts of the Joint Venture, or which shall be received by or for the account of the Joint Venture or which shall become available in any manner for distribution, shall be distributed to each of the Parties hereto in proportion to their respective share in the Joint Venture as determined in accordance with Paragraphs 4, 10.3, 14, and this Section 15 of this Agreement. When funds set aside as reserves are no longer required for such purposes such funds shall be similarly distributed. If necessary, the Management Committee may establish a fund to be used for Project punch list and/or warranties, either regular or extended. Any funds not used at the end of said warranty period shall be distributed to the Parties hereto in the amount of the prorated share.

15.4. In the event that at the conclusion of the Joint Venture and/or the Contract there is only a loss to be shared, the loss shall be shared by the Parties in the same proportion as provided

in Paragraphs 4.1 and 15.5 subject, however, to the provisions of Paragraph 16 (Limitation of Liability) and Paragraph 18 (Insolvency).

15.5 If one party has made greater contributions of capital which are to be treated as advances under Paragraph 9 and/or Paragraph 10, then after each party's share of the assets and profits or losses has been determined, such distributions shall be adjusted by:

- a) Decreasing the Defaulting Party's share and increasing the Non-Defaulting Party's share of the Joint Venture's assets and profits by the amount of such contribution plus interest prior to such distribution of assets and profits; or
- b) Increasing the Defaulting Party's share and decreasing the Non-Defaulting party's share of the Joint Venture's losses by the amount of such contributions plus interest prior to final distribution of such losses.

Should the adjustments occasioned by 15.5(a) or 15.5(b) exceed the share of the Defaulting Party, then the Defaulting Party shall, on written demand of the other Party, pay such insufficient amount to the Non-Defaulting Party.

15.6 In the event that, after completion of the Project and distribution of assets and profits or losses as provided in this Section 15, any claim shall be asserted or legal action commenced by the owner or any third party against the Joint Venture or one or more of the Parties hereto in connection with any matter arising under the Contract or associated with the Project, including but not limited to latent defects or personal injury claims, the provisions of this Agreement, including but not limited to Subsection 15.3 and 15.4, shall continue to apply with respect to such claim or action. The foregoing provisions of this Subsection 15.6 shall survive expiration and termination of this Agreement. Each party shall contribute, on call of the Managing Party, their proportionate share of ongoing expenses occurring after distribution. Default shall be treated as under the provisions contained herein relating to a defaulting Party.

15.7 Upon receipt of any Incentive Payment for Interim Completion resulting from the performance of the contract shall be distributed and divided between the Parties in accordance with its proportionate interest in the Joint Venture as provided in Paragraph 4.1.

15.8 Any Liquidated Damages charged for delay or otherwise resulting from the performance of the Contract, will be borne solely by the Party responsible for the liability assessed. In the event of mutual responsibility, the Liquidated Damages will be the responsibility of each Joint Venture Party in their prorated share as contained in Paragraph 4.1.

15.9 Any other Contract specific payment or penalty shall be distributed and divided between the Parties hereto as established in Paragraph 4.1.

16. Limitation of Liability:

16.1 In connection with any matter arising under the Contract, in no event shall any party be liable to the other Party or the Joint Venture for the acts or omissions of any of its officers, employees or agents, nor shall any duly authorized representative or alternate on the

Management Committee or the Project Manager be liable to any Party or the Joint Venture, except for direct (but not consequential) damages resulting from actual fraudulent, illegal or dishonest conduct and gross negligence.

16.2 In no event shall any party be liable to the other Party of the Joint Venture, in contract, tort or otherwise (including negligence, warranty and strict liability) for any special, indirect or consequential damages including, without limitation, loss of revenues or profits, cost of capital, loss of goodwill or similar damages, except as expressly provided herein.

16.3 If the Owner or any third party shall assert any claim or commence any legal action against one or more of the Parties or against the Joint Venture in connection with any matter arising under the Contract or associated with the Project, then each Party shall share all costs thereof (not covered by insurance purchased by the Joint Venture, any party hereto or the Owner) including but not limited to all damages, judgments, fees and expenses in proportion to its respective interest and share in the joint Venture as set forth in Paragraph 4.1, as adjusted by Paragraphs 10 and 15.

16.4 To the extent not covered by insurance for the Project obtained by the Joint Venture, its subcontractors or the Owner, each Party hereby agrees to hold harmless, indemnify, protect and defend the other Party against any and all liability and expenses, including reasonable attorneys' fees, in excess of each party's share of such liability and expense as provided in paragraph 4.1 as adjusted by Paragraphs 10 and 15 hereof and including all claims, suits, actions, damages, judgments or decrees by reason of any acts or forbearance to act on the part of the Project Manager or any employee of either Party or of reason or any person or persons or property being damaged or injured by the Joint Venture or any of its employees, agents, representatives, subcontractors or vendors, whether said liability or expense derives from negligence, gross negligence, contract or otherwise, so that such liability or expense is allocated between the Parties in the proportion provided in Paragraph 4.1 as adjusted by paragraphs 10 and 15.

16.5 If possible, any agreements to indemnify a surety company or surety companies shall be limited to and allocated in accordance with the percentage of total liability assumed by the Parties hereto.

17. Subcontracting and Assignment:

17.1 The Parties hereto contemplate that, unless otherwise determined by the Management Committee, all subcontracts and other agreements with respect to the services to be performed under the Contract shall be executed in the name of the Joint Venture.

17.2 Neither this Agreement nor any interest nor obligation of any Party, including any interest in funds belonging to or which may accrue to the Joint Venture, or any interest in any bank account of the Joint Venture, or in any property of any kind employed or used in connection with the Contract, may be assigned, pledged, transferred, borrowed, subcontracted or hypothecated by any Party without the prior written consent of the other Party.

17.3 Each party has entered into this Agreement in reliance upon the unique knowledge, experience and expertise of the other Party in the planning and implementation of construction of the Project, and each party hereby acknowledges that this Agreement creates a fiduciary relationship between the Parties hereto. Accordingly, neither of the Parties shall transfer, assign or otherwise convey its interest in the Joint Venture without the written consent of the other Party and the Parties agree that neither of them shall be required to accept performance under this Agreement from any person other than the other Party, including without limitation, any trustee of any Party appointed under the Bankruptcy Code, 11 U.S.C.S. 101 et seq., any Party as debtor-in-possession under the Bankruptcy Code, and any assignee of any such trustee or debtor-in-possession.

17.4 Each Party hereby grants to the other Party a lien upon its Interest in the Joint Venture as security for the performance of the obligations imposed by this Agreement and all costs, together with interest, chargeable to it. Each party shall have the right to bring any action or proceeding to enforce the performance of such obligations and the collection of such indebtedness on behalf of the Joint Venture with or without foreclosure of such liens.

18. Insolvency:

18.1 The inability of a party to meet its obligations under the Contract or this Agreement, the filing of a voluntary petition of bankruptcy, adjudication as bankrupt or insolvent, appointing of a receiver for all or substantially all of the assets, assignments for benefit of creditors, or any other proceeding for relief under the bankruptcy laws of the United States shall be deemed a default by the Party committing such act.

18.2 If the default is not cured or other arrangements made satisfactory to the Non-Defaulting Party within ten (10) days of written notice of default given to the Defaulting Party by the Non-Defaulting Party, the interest of the Defaulting Party (the "Defaulting Party") in this Joint Venture shall terminate and be limited to the rights in and under this Joint Venture specifically set forth in this Agreement which accrued up to such termination. However, the business of this Joint Venture may continue to be conducted under the same name by the Non-Defaulting Party who shall carry on and perform the remainder of the work to be completed under the Contract (with a new Joint Venture Party if the Non-Defaulting Party so chooses). The Defaulting party shall have no interest in any profits resulting from the performance of the work under the Contract after the date of default. The Joint Venture and the Non-Defaulting Party shall have title to and the right to possession of all the remaining assets of the Joint Venture and shall also have the right to maintain possession of any equipment or property of the Defaulting Party until completion. To secure this right each Party hereby grants to the Joint Venture a security interest in all property of such party used in the performance of the work contemplated by the Contract and this Agreement.

18.3 The Defaulting Party shall remain liable for its share of any losses sustained by the Joint Venture with respect to the performance of the Contract or the Joint Venture as a whole, as determined pursuant to the terms and conditions of this Agreement. However the Defaulting Party shall be entitled to receive that proportion of any profits of the Joint Venture, to which it

would otherwise be entitled as the actual monetary value of the work completed at the time of default bears to the total actual monetary value of all work as determined at completion of the Contract; 50% shall then be deducted from the said amount payable to the Defaulting Party, such 50% to be withheld as management fee for the Non-Defaulting Party. The Defaulting party shall not in any event be entitled to payment of any profits or to withdraw any capital contributions until the work under the Contract is completed and finally accepted by the owner, and any such payments or withdrawals shall be subject to the reserve requirements referred to herein and in Paragraph 15.

18.4 If such default or insolvency, bankruptcy or other similar proceedings should cause damage or additional costs to the Non-Defaulting party, then such damages or additional costs shall be charged against the interest of the Defaulting Party and against any amounts to which the Defaulting Party would otherwise be entitled pursuant to the provisions of this Agreement.

19. Limits of Joint Venture; Credit of Other Party:

19.1 The relationship between the parties shall be limited to the performance of the Contract in accordance with the terms of this Agreement. This Agreement shall be construed and deemed to be a Joint Venture for the sole purposes of carrying out the contract. Nothing herein shall be construed to permit either Party to bid for or to undertake any other contracts for the other Party, or in any manner to limit either of the Parties in the conduct of their respective businesses or activities in the making of other contracts or the performance of other work, or impose any liability except that of performance of the terms, provisions and conditions of this Agreement.

19.2 Without the prior written consent of the other Party hereto, neither Party may unilaterally:

- a) Borrow money in the name of the Joint Venture;

Solicitation Number: 12-28-340-MC

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

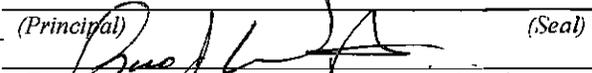

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

TRUST AGREEMENT**

THIS TRUST AGREEMENT is made and entered into by and between the County of Cook, by and through the Department of Transportation and Highways, whose address is 69 West Washington, Suite 2300, Chicago, Illinois, 60602, hereinafter called the COUNTY, and _____ whose address is _____, hereinafter called the CONTRACTOR, and _____, a FINANCIAL INSTITUTION or trust company located in Cook County, whose deposits are insured by an agency or instrumentality of the federal government and whose address is _____ hereinafter called the FINANCIAL INSTITUTION.

WITNESSETH:

WHEREAS the COUNTY has awarded to the CONTRACTOR Job Number _____, Section Number _____ providing for the construction of a COUNTY highway improvement for a total price of \$ _____ dollars; and

WHEREAS under Section S-409 of the Illinois Highway Code, as amended, the COUNTY is authorized to make progress payments as the CONTRACTOR performs the work under the contract and may retain a percentage of progress payments; and

WHEREAS the COUNTY may, at the request of CONTRACTOR, deposit the retainage under a Trust Agreement with a FINANCIAL INSTITUTION of the CONTRACTOR'S choice which is located in Cook County and has been approved for the deposit of such funds by the Superintendent of the Cook County Department of Transportation and Highways pursuant to Cook County Code Section 34-36; and

WHEREAS by execution of this Agreement, the CONTRACTOR and said FINANCIAL INSTITUTION request that the retainage be deposited with said FINANCIAL INSTITUTION as provided by law.

NOW THEREFORE, the parties do hereby agree that:

1. This Agreement shall not change any of the rights, duties, privileges or responsibilities of the parties to the above-referenced construction contract, except as may be provided herein.
2. Notwithstanding the provisions of this Agreement, the COUNTY may withhold progress payments or any portion thereof on account of lien claims, liquidated damages, or as may otherwise be provided by the above contract or by law.
3. All progress payments, including final payment under the above contract, shall be made by COUNTY warrants payable to the CONTRACTOR and FINANCIAL INSTITUTION, as trustee, jointly, and such payments shall be sent to the FINANCIAL INSTITUTION at the above address.

Cook County

4. The progress payments shall specify on a copy of the COUNTY'S invoice to be mailed with the warrant the amount thereof to be paid to the CONTRACTOR and the amount to be held by the FINANCIAL INSTITUTION as retainage under this Agreement.
5. The money so held by the FINANCIAL INSTITUTION shall be described as "retainage" and shall be held in trust according to the terms of this Agreement. Interest earned on the retainage may be paid to the CONTRACTOR as it accrues or as the FINANCIAL INSTITUTION'S policy permits.
6. The principal balance of the retainage, or any part thereof, shall not be paid over to the CONTRACTOR except upon written directive to the FINANCIAL INSTITUTION by the COUNTY.
7. The FINANCIAL INSTITUTION may invest or reinvest said retainage in:
 - a. Certificates of Deposit issued by a financial institution whose principal office is located in Cook County, including this FINANCIAL INSTITUTION;
 - b. United States Government Bonds;
 - c. United States Treasury Notes;

9. The COUNTY shall be the sole judge of return or repayment of the funds to the Cook County Treasurer. 12. In the event demand for the retainage is made under this Agreement by the COUNTY, the COUNTY may specify, in its sole judgment, the amount to be repaid or returned as all or part of the principal balance of the retainage. This Agreement shall continue as to any retainage not returned to the COUNTY and any future payments by the COUNTY to the CONTRACTOR.
13. Upon return or repayment of the full principal balance of the retainage to the COUNTY, this Agreement shall terminate and have no further force or effect.

Cook County

14. The COUNTY shall request confirmation of account balances as of June 30 of each year, and the FINANCIAL INSTITUTION shall comply with this request. The FINANCIAL INSTITUTION'S failure to comply with this provision shall be reason to demand return of the retainage pursuant to this Agreement.

15. The COUNTY shall provide notice of final payment to the FINANCIAL INSTITUTION and the CONTRACTOR. When said final payment is made, this Agreement shall be terminated and the retainage or interest thereon shall be paid to the CONTRACTOR by the FINANCIAL INSTITUTION. The COUNTY and the CONTRACTOR agree that the date of mailing such notice of final payment to the FINANCIAL INSTITUTION shall constitute the date of final payment to the CONTRACTOR under the contract. 16. The FINANCIAL INSTITUTION shall look only to the CONTRACTOR to pay any costs or fees for either its services or expenses hereunder and no deduction shall be made therefor for any retainage or interest thereon except such deduction that may be made after final payment has been made.

17. Failure of the FINANCIAL INSTITUTION to comply with any of the terms of this Agreement shall be cause for the COUNTY to refuse approval of the FINANCIAL INSTITUTION as a party to any future Trust Agreements.

ANSWERS TO WRITTEN QUESTIONS

Below are County's answers to written questions received from potential Bidders:

- 1) Question: Should we choose to pursue the Mechanical or Electrical Construction Contracts we must prepare the required MBE/WBE/DBE Participation Plan as outlined on page 149, item B. Are we also required to complete the forms provided in Section 7 – Exhibits as part of this submittal, or are those just for reference and will be used on the resulting bid contracts?

Response: No. The MBE/WBE/DBE documents included in Section 7 - Exhibits are not to be submitted with the bid. They will be used during the course of the Contract and will be submitted with the Job Order Proposal Package for individual Job Orders.

- 2) Question: What percentage of the work has to be self-performed by the General Contractor? Will this amount be required on a per job order basis or a cumulative amount of all job orders?

Response: There is no self performance requirement for the General Contractor.

- 3) Question: On Page 17, Book 1, Section IB-12 – Performance and Payment Bond - The bid specs call for a Performance and Payment Bond equal to the amount of work estimated for each Discipline per year. Will this bond cover the initial 2-year contract term?

Response: The Performance and Payment Bond requested in the Section IB-12 is equal to the Estimated Annual Value of the Contract. If the amount of work issued approaches upper limit of the bond amount, the Contractor will be required to submit an additional bond in the amount set forth in Section IB-12.

4) Question: Will we be required to furnish a new bond for the (2) 1-Year Options?

Response: Yes, upon the execution of an Option Term, the Contractor will be required to submit a new bond in the amount set forth in IB-12.

5) Also, if the contractor is awarded multiple disciplines, will each discipline need a performance and payment bond or will each discipline be covered under one performance and payment bond?

Response: Each award is considered to be a separate Contract. Therefore, a separate performance and payment bond will be required for each awarded Contract. The amount of each payment and performance bond is set forth in Book 1, Section 2, Article IB-12.

6) Question: The Proposal Agreements Form, Page 87, Section 5 – Bid Forms states “the undersigned” in each of the 6 topics listed, however there is no signature space on the form. Please advise if the form shall be signed and submitted or submitted with no signature.

Response: Yes, Bidders shall sign the Proposal Agreement. A revised Proposal Agreement has been attached to this Addendum and has a signature line.

7) Question: Please confirm that Section 7 – Exhibits, Pages 151-193 are for information only and do not need to be submitted with the bid proposal

Response: Confirmed. The documents included in Section 7 - Exhibits are not to be submitted with the Bid.

Note: See Addendum item 10. The Responsible Bidder Requirement has been moved to Section 6 - Additional Documents to be Executed and Submitted with the Bid. The Responsible Bidder Requirement shall be submitted with the Bid.

8) Question: Page 193 - Responsible Bidder Requirement is not on the Document Submittal Checklist. Please confirm if it is required as part of the bid submittal.

Response: See Addendum item 10. The Responsible Bidder Requirement has been moved to Section 6 - Additional Documents to be Executed and Submitted with the Bid. The Responsible Bidder Requirement shall be submitted with the Bid.

9) Question: If we are submitting multiple bids for multiple contracts, should we be submitting Form 1 and 2 for each bid and Section 6 – Additional documents to be executed and submitted with the bid "surety's statement of qualification for bonding" Since this form asks for the number of the contract and the total amount of the contract? Along with the MBE/WBE/DBE Commitment Form for each contract?

Response: See Addendum item 6. If bidding multiple Contract disciplines, a separate bid package must be submitted for each Contract discipline.

- 10) Can you please clarify if a contractor is bidding on multiple disciplines for the JOC Contract, does the contractor need to submit multiple bid deposits and bid forms or (1) bid deposit and bid form 1 and 2 for each discipline being bid.

Response: See Addendum item 6. If bidding multiple Contract disciplines, a separate bid package must be submitted for each Contract discipline.

- 11) Question: Book 1, Section 3, page 21, section A 2). The statement specifies that the Commercial General Liability coverage will have no limitation endorsement. Please clarify and specify what is meant by this, as all insurance coverages have some limitations.

Response: See Addendum item 8. The insurance requirements have been revised. One of the changes is the deletion of the phrase "coverage will have no limitation."

- 12) Question: Regarding the "Local Business" definition on page 95 of Book 1. Does this definition pertain to the local office or to the parent company? Our parent company has over 30,000 employees worldwide, but we would be supporting Cook County from our local Chicago office, established for over 20 years.

Response: Depending on its location, the local Chicago office may satisfy the requirement for having a "bona fide establishment for transacting business located within Cook County." However, the definition for "Local Business" requires the firm also "employs the majority of its regular, full time work force within Cook County."

- 13) Question: As we understood it, if a task order is over 51% electrical it will go to one of the electrical contractors. If there is architectural work involved, Cook County will select one of the general contractors to do that portion of the work and we are bound by the price quoted by the electrical subcontractor. Please confirm.

Response: See Book 1, Section 1, Article CI-03.B. It is not the intent of the County to subdivide the Detail Scope of Work among the different disciplines. It is the County's intent to assign the entire Detailed Scope of Work to a Contractor within one discipline. However, if the County determines it is in the County's best interest, the County reserves the right to subdivide the Detail Scope of Work among the disciplines. If the County does decide to subdivide the Detail Scope of Work, each Contractor is responsible for their portion of the Work and a separate Job Order will be issued to each Contractor.

- 14) Question: In some (please specify which) situations, such as if the JOC is selected to complete work on a larger project, Cook County will bid the general contractors against each other. Please confirm.

Response: See Book 1, Section 1, Article CI-10.A. The County intends to assign the Detail Scope of Work to a single contractor. However, the County, if determined it to be in the best its best interest, reserves the right to compete the contractors on the same Job Order.

15) Question: For the general contract work Cook County anticipates about \$4.7MM over two years split between probably 3 general contractors. Please confirm.

Response: See Book 1, Section 1, Article CI-10.A. The County intends to assign work, within each discipline, as equal as possible among the awarded Contracts taking into account the Contractor's bid and performance of the Contractor. The volume of work is unknown as JOC is an indefinite quantity Contractor. Each General Construction Contractors are guaranteed at least \$25,000 worth of work.

16) Question: Are publicly traded corporations required to complete and submit the "Cook County Affidavit of Child Support Obligations?" The Applicant Information blanks do not lend themselves to corporate entity information.

Response: Yes. The Cook County Affidavit of Child Support Obligations must be submitted with the Bid. Bidder's shall complete the form to the best of their knowledge.

17) Question: The Bid Deposit Form is structured for checks or bank drafts. How should it be completed if a Bid Bond is submitted or is the Bid Deposit Form required if a Bid Bond is submitted?

Response: The Bid Deposit Form must be submitted with the Bid. If the Bid Deposit is in a form other than a Cashier's Check or Bank Draft, there is a third option for "Other." If checking the "Other" box, indicate the form of the Bid Deposit.

18) Question: Regarding the Relevant Experience forms – the Contract Information blanks are written for specific scope projects, not JOC contracts. Does Cook County want information on construction experience or JOC experience? If the latter, how would Cook County prefer to have the original and final contract and schedule information completed, since these do not apply to overall JOC contracts?

Response: The Relevant Experience is meant for individual construction projects, regardless of the procurement method.

19) Pages 125-128, Relevant Experience. Is Cook County looking for references on specific scope of work projects or on overall JOC contracts? Because JOC contracts will not have the same kind of original and final contract amounts and completion schedules as specific projects.

Response: The Relevant Experience is meant for individual construction projects, regardless of the procurement method.

20) Question: Is the estimated annual value of \$3MM per general contractor or for the whole general contractor JOC program?

Response: The Estimated Annual Values stated in the solicitation are for each awarded Contract, not the program.

- 21) Question: I have a couple of questions about your current JOC program.
a) Who is(are) the incumbent(s) on the current JOC contract?
b) What are your current coefficients?
c) Has the current contract run the course of all four years and if not, why?

Response: Cook County does not have a current JOC program. This solicitation are the County's first JOC Contracts. Cook County is currently purchasing off the City of Chicago's JOC Contracts. For information regarding those contracts, contact the City of Chicago.

- 22) Page 189 – Trust Agreement is not on the Document Submittal Checklist. Please confirm if it is required as part of the bid submittal.

Response: The Trust Agreement is not to be submitted with the bid. The Trust Agreement may be required for individual Job Orders and will be completed at the time the Job Order is issued.
