In the event Contractor shall breach any material terms or conditions of this Contract on more than one occasion during any twelve month period during the term hereof, or in the event Contractor expresses an unwillingness or inability to continue performing the Contract in accordance with its terms, the County may, at its option, declare the Contractor to be in default and the County shall be entitled to exercise all available remedies including, but not limited to, termination of the Contract, without affording the Contractor further opportunity to cure such breach. Failure of County to give written notice of breach to the Contractor shall not be deemed to be a waiver of the County's right to assert such breach at a later time, should the Contractor commit a subsequent breach of this Contract.

A material breach of the contract by the Contractor includes but is not limited to the following:

1. Failure to begin performance under this Contract within the specified time;

GC-13 COUNTY'S REMEDIES

Following notice of material breach to Contractor, the County reserves the right to withhold payments otherwise owed to Contractor until such time as Contractor has cured the breach.

If the Contractor fails to remedy a material breach during the ten (10) day cure period pursuant to General Condition GC-12, Default, or if Contractor commits a subsequent material breach within a twelve month period or expresses an unwillingness or inability to continue performing the Contract in accordance with its terms, the County shall have the right to terminate this Contract upon written notice to the Contractor which shall set forth the effective date of such termination.

In addition, the County shall have the right to pursue all remedies in law or equity.

GC-14 CONTRACTOR'S REMEDIES

If the County has been notified of breach and fails to remedy the breach during the ninety(90) day cure period pursuant to General Condition GC-12, Default, the Contractor shall have the right to terminate this Contract upon not less than thirty (30) days prior written notice to the County, which notice shall set forth the effective date of termination.

Contractor shall have the right to pursue all remedies available in law or equity. In all cases the Contractor's damages shall be those actual provable damages not to exceed the amount of the Contract as awarded by the Cook County Board of Commissioners less all amounts paid to Contractor. In no event shall Contractor be entitled to any consequential damages. Irrespective of the exercise of remedies hereunder, Contractor shall not disrupt the County's operations or repossess any component thereof.

GC-15 DELAYS

Contractor agrees that no charges or claims for damages shall be made by Contractor for any delays or hindrances from any cause whatsoever during the progress of any portion of this Contract.

GC-16 MODIFICATIONS AND AMENDMENTS

The parties may during the term of the Contract make modifications and amendments to the Contract but only as provided in this section. Such modifications and amendments shall only be made by mutual agreement in writing.

In the case of Contracts not approved by the Board, the Chief Procurement Officer may amend a contract provided that any such amendment does not extend the Contract by more than one (1) year, and further provided that the total cost of all such amendments does not increase the total amount of the Contract beyond \$150,000. Such action may only be made with the advance written approval of the Chief Procurement Officer. If the amendment extends the Contract beyond one (1) year or increases the total award amount beyond \$150,000, then Board approval will be required.

In the case of Contracts approved by the Board, the total cost of all such amendments shall not increase the Contract by more than 10% of the original contract award and the term may only be extended for up to one (1) year. Such action may only be made with the advance written approval of the Chief Procurement Officer.

In the case of Contracts approved by the Board, modifications and amendments which individually or cumulatively result in additional costs of greater than 10% of the original awarded amount or which extend the term of the Contract by more than one (1) year shall be deemed as authorized with the advance approval of the Cook County Board of Commissioners.

No County department or employee thereof has authority to make any modifications or amendments to this Contract. Any modifications or amendments to this Contract made without the express written approval of the Chief Procurement Officer is void and unenforceable.

Contractor shall furnish the Director of the Using Department with all licenses required for the County to utilize any software, including firmware or middleware, provided by Contractor as part of the Deliverables. Such licenses shall be clearly marked with a reference to the number of this County Contract. Contractor shall also furnish a copy of such licenses to the Chief Procurement Officer. Unless otherwise stated in these Contract documents, such licenses shall be perpetual and shall not limit the number of persons who may utilize the software on behalf of the County.

Contractor agrees to hold harmless and indemnify the County, its officers, agents, employees and affiliates from and defend, at its own expense (including reasonable attorneys', accountants' and consultants' fees), any suit or proceeding brought against County based upon a claim that the ownership and/or use of equipment, hardware and software or any part thereof provided to the County or utilized in performing Contractor's services constitutes an infringement of any patent, copyright or license or any other property right.

In the event the use of any equipment, hardware or software or any part thereof is enjoined, Contractor with all reasonable speed and due diligence shall provide or otherwise secure for County, at the Contractor's election, one of the following: the right to continue use of the equipment, hardware or software; an equivalent system having the Specifications as provided in this Contract; or Contractor shall modify the system or its component parts so that they become non-infringing while performing in a substantially similar manner to the original system, meeting the requirements of this Contract.

GC-18 COMPLIANCE WITH THE LAWS

The Contractor shall observe and comply with the laws, ordinances, regulations and codes of the Federal, State, County and other local government agencies which may in any manner affect the performance of the Contract including, but not limited to, those County Ordinances set forth in the Certifications attached hereto and incorporated herein. Assurance of compliance with this requirement by the Contractor's employees, agents or subcontractors shall be the responsibility of the Contractor.

The Contractor shall secure and pay for all federal, state and local licenses, permits and fees required hereunder.

GC-19 MINORITY AND WOMEN BUSINESS ENTERPRISES
COOK COUNTY ORDINANCE CHAPTER 10-43.7 PROFESSIONAL AND
CONSULTING SERVICE AND SOLE SOURCE

I. **POLICY AND GOALS**

- A. It is the policy of the County of Cook to prevent discrimination in the award of or participation in the County contracts and to eliminate arbitrary barriers for participation, as both prime and subcontractors, in such contracts by local businesses certified as Minority Business Enterprises (MBE) and Women- Owned Business Enterprises (WBE). In furtherance of this policy, the Cook County Board of Commissioners has adopted a Minority-and-Women-Owned Business Enterprise Ordinance (the "Ordinance") which establishes a "best efforts" goal of awarding not less than thirty-five percent (35%) of the annual total dollar amount of professional, consulting service and sole source contracts and agreements to certified MBEs and WBEs.

- B. A Proposer may achieve the MBE/WBE participation goals by its status as a MBE or WBE; by entering into a joint venture with one or more MBEs and/or WBEs; by subcontracting a portion of the work to one or more MBEs or WBEs; by entering into a Mentor-Protégé Agreement with a MBE or WBE; by the indirect participation of MBEs or WBEs in other aspects of the Proposer's business; or by a combination of the foregoing.

MINORITY AND WOMEN BUSINESS ENTERPRISES
COOK COUNTY ORDINANCE CHAPTER 10-43.7 PROFESSIONAL AND
CONSULTING SERVICE AND SOLE SOURCE (CON'T.)

- C. A Waiver Request must be submitted with the Proposal, documenting the inability of the Proposer to meet the goals, and providing written evidence of "Good Faith Efforts," to obtain goals.
- D. A Proposer's failure to carry out its MBE/WBE commitments in the course of performance on a contract shall constitute a material breach of the contract, and if such breach is not appropriately cured, may result in the termination of the contract or such other remedies authorized by the Ordinance as the County deems appropriate.

II. **REQUIRED SUBMITTALS**

To be considered responsive to the requirements of the Ordinance, a Proposer shall submit Items A, B and C listed below. All documentation submitted shall be reviewed by the Contract Compliance Administrator. Failure to submit one of the items required shall be cause to consider a contract non-responsive to the Ordinance goals and may be rejected.

A. **MBE/WBE Participation Documentation**

Each Proposer shall submit supporting documentation which evidences efforts taken to achieve the County's "best efforts" MBE/WBE participation goals. Such documentation shall include:

1. A **Utilization Plan** identifying all firms intended to be utilized to fulfill the goals; the MBE/WBE status of each firm; the name, address, e-mail address and telephone number of the contact person for each MBE/WBE firm; the dollar value of the goods and services to be provided by the MBE/WBE firm; and the dollar value expressed as a percentage (%) of the total value of the purposed contract. (See Section I)
2. A **Letter of Intent** for each MBE/WBE containing specific information regarding goods to be provided or services to be performed by the MBE/WBE; the dollar value of the goods or services, the percentage (%) of the dollar value; and the original signatures of the appropriate officer for both the Proposer and the MBE/WBE. (See Exhibit II)
3. Current **Letter of Certification** for each MBE/WBE firm. Acceptable certifying agencies are: Cook County, Illinois Unified Certification Program (IUCP) and U. S. Small Business Administration. (SBA) (8A) or any other governmental body or agency approved by the Contract Compliance Administrator as applying certification standards substantially similar to those applied by the County of Cook may also be accepted.
4. **Waiver/Goal Reduction Petition** must be included at the time of the submission of the Proposal document. GC-41 FEDERAL CLAUSES

1. Interest of Members of or Delegates to the United States Congress

In accordance with 41 U.S.C. § 22, the Contractor agrees that it will not admit any member of or delegate to the United States Congress to any share or part of the Contract or any benefit derived therefrom.

2. False or Fraudulent Statements and Claims

(a) The Contractor recognizes that the requirements of the Program Fraud Civil Remedies Act of 1986, as amended, 49 U.S.C. §§ 3081 et seq and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to the Contract. Accordingly, by signing the Contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, or it may make pertaining to the Contract, including without limitation any invoice for its services. In addition to other penalties that may be applicable, the Contractor also acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986, as amended, on the Contractor to the extent the Federal Government deems appropriate.

(b) The Contractor also acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification to the County or Federal Government in connection with an urbanized area formula project financed with Federal assistance authorized by 49 U.S.C. § 5307, the Government reserves the right to impose on the Contractor the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1), to the extent the Federal Government deems appropriate.

3. Federal Interest in Patents

(a) General. If any invention, improvement, or discovery of the Contractor is conceived or first actually reduced to practice in the course of or under the Contract, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the Contractor agrees to notify County immediately and provide a detailed report.

(b) Federal Rights. Unless the Federal Government later makes a contrary determination in writing, the rights and responsibilities of the County, Contractor, and the Federal Government pertaining to that invention, improvement, or discovery will be determined in accordance with applicable Federal laws and regulations, including any waiver thereof. Unless the Federal Government later makes a contrary determination in writing, the Contractor agrees that, irrespective of its status or the status of any subcontractor at any tier (e.g., a large business, small business, non-profit organization, institution of higher education, individual), the Contractor agrees it will transmit to the Federal Government those rights due the Federal Government in any invention resulting from the contract.

4. Federal Interest in Data and Copyrights

- (a) **Definition.** The term "subject data" used in this section means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under the Contract. Examples include, but are not limited, to: computer software, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information. The term "subject data" does not include financial reports, cost analyses, and similar information incidental to Contract administration.

- (b) **Federal Restrictions.** The following restrictions apply to all subject data first produced in the performance of the Contract. Except as provided in the Contract and except for its own internal use, the Contractor may not publish or publicly reproduce subject data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the written consent of the County and the Federal Government, until such time as the Federal Government may have either released or approved the release of such data to the public.

- (c) **Federal Rights in Data and Copyrights.** In accordance with subparts 34 and 36 of the Common Rule, the County and the Federal Government reserve a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for County or Federal Government purposes, the types of subject data described below. Without the copyright owner's consent, the County and Federal Government may not extend their license to other parties.
 - (1) Any subject data developed under the contract or subagreement financed by a federal Grant Agreement or Cooperative Agreement, whether or not a copyright has been obtained; and

 - (2) Any rights of copyright which the Contractor purchases ownership with Federal assistance.

- (d) **Special Federal Rights for Planning Research and Development Projects.** When the Federal Government provides financial assistance for a planning, research, development, or demonstration project, its general intention is to increase public knowledge, rather than limit the benefits of the project to participants in the project. Therefore, unless the Federal Government determines otherwise, the Contractor on a planning, research, development, or demonstration project agrees that, in addition to the rights in data and copyrights set forth above, the County or Federal Government may make available to any third party either a license in the copyright to the subject data or a copy of the subject data. If the project is not completed for any reason whatsoever, all data developed under the project will become subject data and will be delivered as the County or Federal Government may direct. This subsection, however, does not apply to adaptations of automatic data processing equipment or previously existing software programs for the County's use whose costs are financed with Federal transportation funds for capital projects.

- (e) **Hold Harmless.** Unless prohibited by state law, upon request by the County or the Federal Government, the Contractor agrees to indemnify, save, and hold harmless the County and the Federal Government and their officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under the Contract. The Contractor will not be required to indemnify the County or Federal Government for any such liability arising out of the wrongful acts of employees or agents of the County or Federal Government.
- (f) **Restrictions on Access to Patent Rights.** Nothing contained in this section on rights in data will imply a license to the County or Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the County or Federal Government under any patent.
- (g) **Application on Materials Incorporated into Project.** The requirements of Subsections 2, 3, and 4 of this Section do not apply to material furnished by the County and incorporated into the work.

5. **Records and Audits**

Contractor will deliver or cause to be delivered all documents (including but not limited to all Deliverables and supporting data, records, graphs, charts and notes) prepared by or for the County under the terms of this Agreement to the County promptly in accordance with the time limits prescribed in this Contract, and if no time limit is specified, then upon reasonable demand therefor or upon termination or completion of the Services hereunder. In the event of the failure by the Contractor to make such delivery, then and in that event, the Contractor will pay to County reasonable damages the County may sustain by reason thereof.

The County and the Federal Government will have the right to audit all payments made to the Contractor under this Agreement. Any payments to the Contractor which exceed the amount to which the Contractor is entitled under the terms of this Agreement will be subject to set-off.

The Contractor will keep and retain records relating to this Agreement and will make such records available to representatives of the County and the Federal Government, including without limitation the sponsoring federal agency, other participating agencies, and the Comptroller General of the United States, at reasonable times during the performance of this Agreement and for at least five years after termination of this Agreement for purposes of audit, inspection, copying, transcribing and abstracting.

No provision in this Agreement granting the County or the Federal Government a right of access to records is intended to impair, limit or affect any right of access to such records which the County or the Federal Government would have had in the absence of such provisions.

6. Environmental Requirements

The Contractor recognizes that many Federal and state laws imposing environmental and resource conservation requirements may apply to the Contract. Some, but not all, of the major Federal Laws that may affect the Contract include: the National Environmental Policy Act of 1969, as amended, 42 U.S.C. §§ 4321 et seq.; the Clean Air Act, as amended, 42 U.S.C. §§ 7401 et seq. and scattered sections of 29 U.S.C.; the Clean Water Act, as amended, scattered sections of 33 U.S.C. and 12 U.S.C.; the Resource Conservation and Recovery Act, as amended, 42 U.S.C. §§ 6901 et seq.; and the Comprehensive Environmental Response, Compensation, and Liability Act, as amended, 42 U.S.C. §§ 9601 et seq. The Contractor also recognizes that U.S. EPA, U.S. DOT and other agencies of the Federal Government have issued and are expected in the future to issue regulations, guidelines, standards, orders, directives, or other requirements that may affect the Contract. Thus, the Contractor agrees to adhere to, and impose on its subcontractors, any such Federal requirements as the Federal Government may now or in the future promulgate. Parts 247-253, which implement section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962.

9. Fly America

12. Trade Restrictions

Contractor certifies that neither it nor any Subcontractor:

- (a) is owned or controlled by one or more citizens of a foreign country included in the list of countries that discriminate against U.S. firms published by the Office of the United States Trade Representative (USTR);
- (b) has knowingly entered into any contract or subcontract with a person that is a citizen or national of a foreign country on said list, nor is owned or controlled directly or indirectly by one or more citizens or nationals of a foreign country on said list;
- (c) will procure, subcontract for, or recommend any product that is produced in a foreign country on said list.

Unless the restrictions of this clause are waived by the Secretary of Transportation in accordance with 49 CFR 30.17, no Notice-to-Proceed will be issued to an entity who is unable to certify to the above. If Contractor knowingly procures or subcontracts for the supply of any product or service of a foreign country on said list for use on the project, the USDOT may direct, through the County, cancellation of the Contract at no cost to the Government.

Further, Contractor agrees that it will incorporate this provision for certification without modification in each subcontract. Contractor may rely on the certification of a prospective Subcontractor unless it has knowledge that the certification is erroneous. Contractor will provide immediate written notice to the County if it learns that its certification or that of a Subcontractor was erroneous when submitted or has become erroneous by reason of changed circumstances. Each Subcontractor must agree to provide written notice to Contractor if at any time it learns that its certification was erroneous by reason of changed circumstances. Nothing contained in the foregoing will be construed to require establishment of a system of records in order to render, in good faith, the certification required by this provision. The knowledge and information of the Contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

This certification concerns a matter within the jurisdiction of an agency of the United States of America and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18, United States Code, Section 100

13. Contract Work Hours and Safety Standards Act

If applicable according to their terms, the Contractor agrees to comply and assures compliance with sections 102 and 107 of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. §§ 327 through 333, and implementing U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Nonconstruction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 C.F.R. Part 5; and U.S. DOL regulations, "Safety and Health Regulations for Construction," 29 C.F.R. Part 1926. In addition to other requirements that may apply:

GC-41 **FEDERAL CLAUSES (CON'T.)**

- (a) In accordance with section of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. §§ 327 through 332, the Contractor agrees and assures that, for the Contract, the wages of every mechanic and laborer will be computed on the basis of a standard work week of 40 hours, and that each worker will be compensated for work exceeding the standard work week at a rate of not less than 1.5 times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The Contractor agrees that determinations pertaining to these requirements will be made in accordance with applicable U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Nonconstruction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 C.F.R. Part 5.
- (b) In accordance with section 107 of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. § 333, the contractor agrees and assures that no laborer or mechanic working on a construction contract will be required to work in surroundings or under working conditions that are unsanitary, hazardous, or dangerous to his or her health and safety, as determined in accordance with U.S. DOL regulations, "Safety and Health Regulations for Construction," 29 C.F.R. Part 1926.

14. Veteran's Preference

In the employment of labor (except in executive, administrative, and supervisory positions), preference will be given to Vietnam-era veterans and disabled veterans. However, this preference may be given only where individuals are available and qualified to perform the work to which employment relates.

15. Copyright Ownership

Consultant and the County intend that, to the extent permitted by law, the Deliverables to be produced by Consultant at the County's instance and expense pursuant to this Agreement are conclusively deemed "works made for hire" within the meaning and purview of Section 101 of the United States Copyright Act, 17 U.S.C. §101 et seq. (the "Copyright Act"), and that the County will be the copyright owner of the Deliverables and of all aspects, elements and components of them in which copyright can subsist.

To the extent that any Deliverable does not qualify as a "work made for hire," Consultant irrevocably grants, conveys, bargains, sells, assigns, transfers and delivers to the County, its successors and assigns, all right, title and interest in and to the copyrights and all U.S. and foreign copyright registrations, copyright applications and copyright renewals for them, and other intangible, intellectual property embodied in or pertaining to the Deliverables prepared for the County under this Agreement, free and clear of any liens, claims or other encumbrances, to the fullest extent permitted by law. Consultant will execute all documents and perform all acts that the County may reasonably request in order to assist the County in perfecting its rights in and to the copyrights relating to the Deliverables, at the sole expense of the County. Consultant warrants to County, its successors and assigns, that on the date of transfer Consultant is the lawful owner of good and marketable title in and to the copyrights for the Deliverables and has the legal rights to fully assign them. Consultant further warrants that it has not assigned any copyrights nor granted any licenses, exclusive or nonexclusive, to any other party, and that it is not a party to any other agreements or subject to any other restrictions with respect to the Deliverables. Consultant warrants and represents that the Deliverables are complete and comprehensive, and the Deliverables are a work of original authorship.

GC-41 FEDERAL CLAUSES (CON'T.)

16. Accessibility Compliance

If this Agreement involves design for construction, the Consultant warrants that all design documents produced or utilized under this Agreement and all construction or alterations undertaken under this Agreement will comply with all federal, state and local laws and regulations regarding accessibility standards for persons with disabilities or environmentally limited persons including, but not limited to, the following: the Americans with Disabilities Act of 1990, 42 U.S.C. § 12101 et seq. and the Americans with Disabilities Act Accessibility Guidelines for Buildings and Facilities ("ADAAG"); the Architectural Barriers Act, Pub. L. 90-480 (1968), and the Uniform Federal Accessibility Standards ("UFAS"); and the Illinois Environmental Barriers Act, 410 ILCS 25/1 et seq., and all regulations promulgated thereunder, see Illinois Administrative Code, Title 71, Chapter 1, Section 400.110. If the above standards are inconsistent, the Consultant must comply with the standard providing the greatest accessibility. Also, the Consultant must, prior to construction, review the plans and specifications to insure compliance with the above referenced standards. If the Consultant fails to comply with the foregoing standards, the Consultant must perform again, at no expense, all services required to be re-performed as a direct or indirect result of such failure.

17. Visual Rights Act Waiver

The Consultant/Contractor waives any and all rights that may be granted or conferred under Section 106A and Section 113 of the United States Copyright Act, (17 U.S.C. § 101 et seq.) (the "Copyright Act") in any work of visual art that may be provided pursuant to this Agreement,. Also, the Consultant/Contractor represents and warrants that the Consultant/Contractor has obtained a waiver of Section 106A and Section 113 of the Copyright Act as necessary from any employees and subcontractors, if any.

The recipient shall report all suspected or reported violations to the Federal awarding agency.

GC-41 FEDERAL CLAUSES (CON'T.)

Under Section 102 of the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than 1 ½ times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

**EXHIBIT A:
PROGRAM NARRATIVE**

JUVENILE ACCOUNTABILITY BLOCK GRANT PROGRAM

Please respond to each of the items in the following eight sections. The answers to these questions will be your proposal. You may use additional sheets if necessary.

I. Description of Organization

In this section, we are trying to gain a general sense of your agency's overall goals and activities, NOT solely the program for which you are seeking JABG funds.

1. Please provide a *brief* description of the program agency.

Holy Cross-Immaculate Heart of Mary (IHM) Parish was formed in 1981 from the merger of two parishes traditionally serving an immigrant population: Holy Cross, serving Lithuanians since 1904, and Immaculate Heart of Mary, serving Mexicans since 1945. Holy Cross-IHM targets the north New City (#61) area in providing community-building, leadership development, and social services, in addition to traditional religious activities. Because the area is young (cf. Census 2010) now and historically, a large portion of financial and personnel resources is devoted to youth programming.

Holy Cross/IHM Parish offers broad Out-of-School programming, extending opportunities for informal and active learning. The program offers the children and youth, ages 6-18, emotional and motivational supports for their development as they grow to take on new roles and responsibilities in the community. The program centers on the training of adults and parents who show interest in accompanying and guiding the youth, through programs in the areas of study skills and homework supports, recreation, arts, and growth in life skills. For the past fifteen+ years, youth workers have engaged in networking efforts with neighborhood entities to respond to the needs of area youth.

II. Summary of Program

This section will help us understand the program for which you are seeking JABG (federal and match) funds. **Do not** include a description of activities that will not be funded through JABG.

1. List the Goal and Objective of this program. (This section should reflect the goal and objective from your CEP).

Goal(s):

The goal of "*On the Radar*" is to continue to develop a structure involving schools, the park, social service agencies, and juvenile justice representatives which identifies and tracks youth ages 11-16 who repeatedly engage in antisocial and criminal behaviors in the schools, the park, and the neighborhood, enabling the community to respond with strategies that support the youth as he/she reintegrates into positive developmental

activities.

Objective(s):

The objective is to develop an information sharing process to track and share data on each targeted youth, along with strategies to respond to the youth.

2. Please provide the JABG purpose area(s) this program will address.

JABG Purpose Area: # 10

This program centers on the systemization of information sharing among concerned agencies, in order to develop the best possible response to the needs of the youth and community.

JABG Purpose Area: # _____

ABG Purpose Area: # _____

3. Please provide a narrative description of the program that is being proposed. This explanation should not exceed one page and should include what strategies will be used to successfully implement the program.

"On the Radar" (JABG purpose area #10) targets and tracks youth ages 11-16 in the very north New City area, roughly Damen Avenue to the west, Ashland Avenue to the east, 43rd Street to the north, and 47th Street to the south, who are identified previously by the juvenile justice system, or by personnel of at least one of the neighborhood institutions as exhibiting high-risk behavior. These contributing institutions are, specifically, Casa Tepeyac Short Term Residential Shelter; Davis Square Park, Seward Communication Arts Academy, Agustin Lara Academy, the Upton Sinclair campus of the Peace and Education Alternative High School, and Holy Cross-IHM Parish.

The "On the Radar" process involves:

- Regular communication with the neighborhood institutions located in the target area to gather data about the youth and their behaviors.
- The keeping of case files on each youth, including information on their positive as well as negative behaviors.
- Regular meetings (typically twice a month) to which representatives of the above-named institutions are invited, along with personnel of Juvenile Probation and youth service agencies in the area. These meetings allow for further information sharing, as well as the development of strategies to respond to the youth being tracked.
- Maintaining a team of youth workers familiar with the community who take responsibility for the gathering of the data, the individual youth files, and convening the meetings listed in the three points above.

Data gathered serves to identify the need for increased prevention, early-intervention, and intervention services to youth and their families in this target area.

III. Statement of Problem

This section should document the problem(s) faced by juveniles in your area that explains why this program is needed. Describe the juvenile crime and delinquency problem in your area and how it has changed in recent years. If the problem is system-oriented (e.g. insufficient number of detention beds), provide sufficient information to describe how the problem developed. Include as much quantitative data as possible; anecdotal information should be provided only if it supports quantitative data. Be sure to include a description of current efforts to address the problem(s), along with an explanation of why these efforts are not sufficiently reducing or eliminating the problem. When applicable, provide information that demonstrates an understanding of previous effective and/or ineffective efforts to address similar problems. Please limit your problem statement to two pages.

In examining the Census figures available for the year 2000 (tracks 6103 and 6104 – the 2010 figures have just come out and have not been tallied) covering 28 square blocks of which our site location is slightly to the south center, we note the following:

- There are some 9314 persons living in this area.
- The household size on each block averages between 4 and 5 persons (compared with 2.68 in Cook County)
- Depending on the block, between 35-50% are under the age of 18 (compared with the Cook County average at approximately 26%).
- The median age of the population is, depending on the block, between 20 and 28 years (compared with the Cook County median age of 33.6).

This means that the target area of the very northern section of (#61) New City is dense with youth. Coupled with the effects of poverty (over 95% of area students are currently considered low-income by CPS), educational issues presented by Limited English Proficiency (31% of the students) and a high drop-out rate (exact figures difficult to attain; there is also the phenomenon of youth never beginning high school, also a difficult figure to substantiate, youth face challenges from the time they enter pre-kindergarten.

Historically (since the early 1930's) this area has been dominated by one particular street gang. With it has come crime such as robberies and burglaries in the early years, to gun violence and drug sales in more recent times.

Out-of-school programming aimed at prevention, though rich in activities, serves only a small percentage of children and youth in the area, some 500 of an estimated youth population of over 3800.

The youth who are not supported by families or do not have the skills to ask for help too often fall prey to the challenges of the streets.

In an attempt to seek alternatives to the challenges faced by youth, neighborhood entities such as the elementary schools, churches, parks and business came together in 1997 to form a network now known as the Peace and Education Coalition of Back of the Yards/New City. This Coalition provides a forum for discussion of juvenile issues and possible solutions.

There is great need to maintain a system to identify and monitor youth in need of services. These youth may be those who are truant, have dropped out, are suspended from school, or who present chronic behavior problems in school. These youth typically do not readily join Out-of-School activities available in the neighborhood, and are in need of special programming and/or intervention services.

Another need identified is the development of a system to monitor youth who have been discharged from justice supervision, or from other intervention services, in order to ensure participation in follow-up services and involvement in positive activities.

Frequent sharing of information has become essential to developing appropriate responses to the youth in need of community supervision and monitoring.

IV. Progress Review

This section should be filled out if this is a continuing grant only.

1. Explain program progress during the past funding cycle(s) and progress toward program performance measures.

In the six years since this project was first put into operation, we believe we continue to reach our goals thus far.

The five partner institutions have been taking part in the networking and information sharing structure, of which four participate in all levels of the structure. The Casa Tepeyac Short Term Residential Shelter has become a regular participant in the Radar meetings, providing a superb resource for services for many youth identified by Radar; Radar also proves a great service for the After Care of youth who have been served at Casa Tepeyac. In the same way, information brought to the table has helped Juvenile Probation officers monitor the progress of their youth. Two other partners have joined the Radar experience on a regular basis. One, the Instituto del Progreso Latino, offers support services for jobs skills development and GED for youth. The other is a representative of the Peace and Education Coalition CAGI (Comprehensive Anti-Gang Initiative) program "Guiding Light."

As of September 30, 2011, 111 youth were identified and have current, open case files (are still juveniles, and still reside in the area).

Five groups continue to involve the identified youth in positive activities. Two center on mentoring and life skills, and serve 20-25 youth weekly. The other three groups involve some of the same youth but are centered on sports, along with some mentoring and life skills. These three activities involve some 45 youth weekly, and offer the opportunity to meet youth in need.

This past summer we again made a concerted effort to reach children at the younger ages of our target-age youth, to develop early relationships in an effort for real early-intervention. Many of these youth are children or extended family members of gang-involved adults, and early-intervention is critical to try to stop the cycle. Their parents/extended family members are supportive of the efforts, as most hope that their children do not repeat their life choices.

Multiple individual meetings have occurred during this grant cycle, as well as many referrals to other agencies for appropriate services. For instance, three of the youth on whom case files are held are now living in residential treatment at Girls and Boys Town in Nebraska.

During the summers of 2009 and 2010 we were partners with 8 neighborhood institutions in a Summer Work project through a CAGI grant. For us this meant 2 young adult workers supervising 8 high-at-risk youth ages 13-15 in service work projects and

personal development activities: 15 hours weekly for eight weeks. This year, the Project was privately funded, involving 2 young adult workers and 10 high-at-risk youth.

Another continuing sign of hope is the experience of neighborhood agencies growing together as 'one mind' in the strategies to diminish violence and redirect youth.

2. Explain the impact the federal funds have had on your existing juvenile justice program.

These funds enable us to reach out to more youth in need.

3. Discuss progress made toward securing other funds to continue the program upon possible expiration of federal funding.

Because this is a collaborative project by its nature, we will rely on the strengths and input of the agencies involved as to how to continue the program. This can include foundation funding as well as the involvement of universities who have shown interest in data gathering especially in reference to the reduction of violence. This may also include redefinitions of the responsibilities in such a way that varying agencies take on parts of the program.

V. Performance Measurement

In this section, the applicant should list the performance measures that will be used to measure progress throughout the grant period. Each grantee receiving JABG funds is responsible for collecting information on performance indicators. All of the information regarding purpose areas and performance indicators (i.e., output indicators, short-term outcomes, and intermediate-term outcomes) must be selected from the options provided. These indicators should not be altered; doing so will preclude the ability of the state and federal efforts to aggregate the data provided. Outcome indicators, short-term outcomes, and intermediate-term outcomes should be selected based upon their relevance to the program's objective(s).

1. Please provide the appropriate performance measures for each JABG purpose area the program will address. You are required to pick appropriate performance measures for each indicator (i.e. select at least one output indicator, one short-term outcome indicator, and one intermediate term outcome indicator for each purpose area).

| JABG PURPOSE AREA (from Box A Instructions) | PERFORMANCE MEASURE (from Appendix A) | DATA COLLECTION MEASURE (from Appendix B) |
|--|--|--|
| 10 – Information Sharing | Indicator #: Output Indicator #4 – Number and percent of youth about whom there is a complete case file. | a. Number of complete case files: 44 b. Number of case files: 111 c. Percent (a/b) 40% |
| | Indicator #: Short Term Outcome Indicator #3: Number of interagency information requests. | a. Number of interagency information requests: 157 b. c. |

| | | |
|--|---|---|
| | Indicator #: Intermediate-term Outcome Indicator #12: Number and percent of youth about whom information is shared across agencies. | a. Number of clients about whom data is shared across agencies - 91 b. Number of clients served by the grantee - 100 c. percent (a/b) – 91% |
| | Indicator #: | a. b. c. |

VI. Implementation Schedule

The implementation schedule should be used as a planning tool for the program and should reflect a realistic projection of how the program will proceed. The Implementation Schedule should indicate: the JAIBG funded activities and services that will be provided; the month the activity/service begins; the month the activity/service is completed; the personnel responsible for each activity/service; and the frequency with which the activity/service will be provided. Please use the following implementation schedule form using examples as a guide.

| Task | Month Started | Month Completed | Personnel Responsible | Frequency |
|--|---------------|-----------------|------------------------------------|-----------|
| EXAMPLE Recruit and train 10 mediators | Month 2 | Month 3 | Program Administrator | N/A |
| EXAMPLE Referring youth to community service | Month 1 | Ongoing | Coordinator | Weekly |
| Visit each partner institution for information sharing | Month one | Ongoing | Youth Specialist | Bi-weekly |
| Creating case files | Month one | Ongoing | Youth Specialist and Youth Workers | ongoing |

VII. Advisory Board -- Juvenile Crime Enforcement Coalition (JCEC)

In this section, list the JCEC members and meeting schedule information. The JCEC is responsible for developing the Coordinated Enforcement Plan (CEP). The CEP will indicate how the JABG program was selected to further the goals of the JCEC. The JCEC must approve the JABG program detailed in this proposal.
