GC-12 DEFAULT

Contractor shall be in default hereunder in the event of a material breach by Contractor of any term or condition of this Contract including, but not limited to, a representation or warranty, where Contractor has failed to cure such breach within ten (10) days after written notice of breach is given to Contractor by the County, setting forth the nature of such breach.

In the event Contractor shall breach any material terms or conditions of this Contract on more than one occasion during any twelve month period during the term hereof, or in the event Contractor expresses an unwillingness or inability to continue performing the Contract in accordance with its terms, the County may, at its option, declare the Contractor to be in default and the County shall be entitled to exercise all available remedies including, but not limited to, termination of the Contract, without affording the Contractor further opportunity to cure such breach. Failure of County to give written notice of breach to the Contractor shall not be deemed to be a waiver of the County's right to assert such breach at a later time, should the Contractor commit a subsequent breach of this Contract.

A material breach of the contract by the Contractor includes but is not limited to the following:

1. Failure to begin performance under this Contract within the specified time;
2. Failure to perform under this Contract with sufficient personnel, equipment, or materials to ensure completion of said performance within the specified time or failure to assign qualified personnel to ensure completion within the specified time;

7. Any assignment of this contract for the benefit of creditors;
8. Any cause whatsoever which impairs performance in an acceptable manner; or
9. Any other material breach of any term or condition of this Contract.

County shall be in default hereunder if any material breach of the Contract by County occurs which is not cured by the County within ninety (90) days after written notice has been given by Contractor to the County, setting forth the nature of such breach.

GC-13 COUNTY'S REMEDIES

Following notice of material breach to Contractor, the County reserves the right to withhold payments otherwise owed to Contractor until such time as Contractor has cured the breach.

If the Contractor fails to remedy a material breach during the ten (10) day cure period pursuant to General Condition GC-12, Default, or if Contractor commits a subsequent material breach within a twelve month period or expresses an unwillingness or inability to continue performing the Contract in accordance with its terms, the County shall have the right to terminate this Contract upon written notice to the Contractor which shall set forth the effective date of such termination.

In addition, the County shall have the right to pursue all remedies in law or equity.

GC-14 CONTRACTOR'S REMEDIES

If the County has been notified of breach and fails to remedy the breach during the ninety(90) day cure period pursuant to General Condition GC-12, Default, the Contractor shall have the right to terminate this Contract upon not less than thirty (30) days prior written notice to the County, which notice shall set forth the effective date of termination.

Contractor shall have the right to pursue all remedies available in law or equity. In all cases the Contractor's damages shall be those actual provable damages not to exceed the amount of the Contract as awarded by the Cook County Board of Commissioners less all amounts paid to Contractor. In no event shall Contractor be entitled to any consequential damages. Irrespective of the exercise of remedies hereunder, Contractor shall not disrupt the County's operations or repossess any component thereof.

GC-15 DELAYS

Contractor agrees that no charges or claims for damages shall be made by Contractor for any delays or hindrances from any cause whatsoever during the progress of any portion of this Contract.

GC-16 MODIFICATIONS AND AMENDMENTS

The parties may during the term of the Contract make modifications and amendments to the Contract but only as provided in this section. Such modifications and amendments shall only be made by mutual agreement in writing.

In the case of Contracts not approved by the Board, the Chief Procurement Officer may amend a contract provided that any such amendment does not extend the Contract by more than one (1) year, and further provided that the total cost of all such amendments does not increase the total amount of the Contract beyond \$150,000. Such action may only be made with the advance written approval of the Chief Procurement Officer. If the amendment extends the Contract beyond one (1) year or increases the total award amount beyond \$150,000, then Board approval will be required.

In the case of Contracts approved by the Board, the total cost of all such amendments shall not increase the Contract by more than 10% of the original contract award and the term may only be extended for up to one (1) year. Such action may only be made with the advance written approval of the Chief Procurement Officer.

In the case of Contracts approved by the Board, modifications and amendments which individually or cumulatively result in additional costs of greater than 10% of the original awarded amount or which extend the term of the Contract by more than one (1) year shall be deemed as authorized with the advance approval of the Cook County Board of Commissioners.

No County department or employee thereof has authority to make any modifications or amendments to this Contract. Any modifications or amendments to this Contract made without the express written approval of the Chief Procurement Officer is void and unenforceable.

GC-17 PATENTS, COPYRIGHTS AND LICENSES

Contractor shall furnish the Director of the Using Department with all licenses required for the County to utilize any software, including firmware or middleware, provided by Contractor as part of the Deliverables. Such licenses shall be clearly marked with a reference to the number of this County Contract. Contractor shall also furnish a copy of such licenses to the Chief Procurement Officer. Unless otherwise stated in these Contract documents, such licenses shall be perpetual and shall not limit the number of persons who may utilize the software on behalf of the County.

Contractor agrees to hold harmless and indemnify the County, its officers, agents, employees and affiliates from and defend, at its own expense (including reasonable attorneys', accountants' and consultants' fees), any suit or proceeding brought against County based upon a claim that the ownership and/or use of equipment, hardware and software or any part thereof provided to the County or utilized in performing Contractor's services constitutes an infringement of any patent, copyright or license or any other property right.

In the event the use of any equipment, hardware or software or any part thereof is enjoined, Contractor with all reasonable speed and due diligence shall provide or otherwise secure for County, at the Contractor's election, one of the following: the right to continue use of the equipment, hardware or software; an equivalent system having the Specifications as provided in this Contract; or Contractor shall modify the system or its component parts so that they become non-infringing while performing in a substantially similar manner to the original system, meeting the requirements of this Contract.

GC-18 COMPLIANCE WITH THE LAWS

The Contractor shall observe and comply with the laws, ordinances, regulations and codes of the Federal, State, County and other local government agencies which may in any manner affect the performance of the Contract including, but not limited to, those County Ordinances set forth in the Certifications attached hereto and incorporated herein. Assurance of compliance with this requirement by the Contractor's employees, agents or subcontractors shall be the responsibility of the Contractor.

The Contractor shall secure and pay for all federal, state and local licenses, permits and fees required hereunder.

GC-19 MINORITY AND WOMEN BUSINESS ENTERPRISES
COOK COUNTY ORDINANCE CHAPTER 10-43.7 PROFESSIONAL AND
CONSULTING SERVICE AND SOLE SOURCE

I. **POLICY AND GOALS**

- A. It is the policy of the County of Cook to prevent discrimination in the award of or participation in the County contracts and to eliminate arbitrary barriers for participation, as both prime and subcontractors, in such contracts by local businesses certified as Minority Business Enterprises (MBE) and Women- Owned Business Enterprises (WBE). In furtherance of this policy, the Cook County Board of Commissioners has adopted a Minority-and-Women-Owned Business Enterprise Ordinance (the "Ordinance") which establishes a "best efforts" goal of awarding not less than thirty-five percent (35%) of the annual total dollar amount of professional, consulting service and sole source contracts and agreements to certified MBEs and WBEs.
- B. A Proposer may achieve the MBE/WBE participation goals by its status as a MBE or WBE; by entering into a joint venture with one or more MBEs and/or WBEs; by subcontracting a portion of the work to one or more MBEs or WBEs; by entering into a Mentor-Protégé Agreement with a MBE or WBE; by the indirect participation of MBEs or WBEs in other aspects of the Proposer's business; or by a combination of the foregoing.

MINORITY AND WOMEN BUSINESS ENTERPRISES
COOK COUNTY ORDINANCE CHAPTER 10-43.7 PROFESSIONAL AND
CONSULTING SERVICE AND SOLE SOURCE (CON'T.)

- C. A Waiver Request must be submitted with the Proposal, documenting the inability of the Proposer to meet the goals, and providing written evidence of "Good Faith Efforts," to obtain goals.
- D. A Proposer's failure to carry out its MBE/WBE commitments in the course of performance on a contract shall constitute a material breach of the contract, and if such breach is not appropriately cured, may result in the termination of the contract or such other remedies authorized by the Ordinance as the County deems appropriate.

II. **REQUIRED SUBMITTALS**

To be considered responsive to the requirements of the Ordinance, a Proposer shall submit Items A, B and C listed below. All documentation submitted shall be reviewed by the Contract Compliance Administrator. Failure to submit one of the items required shall be cause to consider a contract non-responsive to the Ordinance goals and may be rejected.

A. **MBE/WBE Participation Documentation**

Each Proposer shall submit supporting documentation which evidences efforts taken to achieve the County's "best efforts" MBE/WBE participation goals. Such documentation shall include:

1. A **Utilization Plan** identifying all firms intended to be utilized to fulfill the goals; the MBE/WBE status of each firm; the name, address, e-mail address and telephone number of the contact person for each MBE/WBE firm; the dollar value of the goods and services to be provided by the MBE/WBE firm; and the dollar value expressed as a percentage (%) of the total value of the purposed contract. (See Section I)
2. A **Letter of Intent** for each MBE/WBE containing specific information regarding goods to be provided or services to be performed by the MBE/WBE; the dollar value of the goods or services, the percentage (%) of the dollar value; and the original signatures of the appropriate officer for both the Proposer and the MBE/WBE. (See Exhibit II)
3. Current **Letter of Certification** for each MBE/WBE firm. Acceptable certifying agencies are: Cook County, Illinois Unified Certification Program (IUCP) and U. S. Small Business Administration. (SBA) (8A) or any other governmental body or agency approved by the Contract Compliance Administrator as applying certification standards substantially similar to those applied by the County of Cook may also be accepted.
4. **Waiver/Goal Reduction Petition** must be included at the time of the submission of the Proposal document. Where the Proposer does not include all documentation in support of the Petition at the time of submission, such documentation must be submitted to the Office of Contract Compliance not less than three (3) business days after the submission date.

GC-41 **FEDERAL CLAUSES**

1. Interest of Members of or Delegates to the United States Congress

In accordance with 41 U.S.C. § 22, the Contractor agrees that it will not admit any member of or delegate to the United States Congress to any share or part of the Contract or any benefit derived therefrom.

2. False or Fraudulent Statements and Claims

(a) The Contractor recognizes that the requirements of the Program Fraud Civil Remedies Act of 1986, as amended, 49 U.S.C. §§ 3081 et seq and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to the Contract. Accordingly, by signing the Contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, or it may make pertaining to the Contract, including without limitation any invoice for its services. In addition to other penalties that may be applicable, the Contractor also acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986, as amended, on the Contractor to the extent the Federal Government deems appropriate.

(b) The Contractor also acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification to the County or Federal Government in connection with an urbanized area formula project financed with Federal assistance authorized by 49 U.S.C. § 5307, the Government reserves the right to impose on the Contractor the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1), to the extent the Federal Government deems appropriate.

3. Federal Interest in Patents

(a) General. If any invention, improvement, or discovery of the Contractor is conceived or first actually reduced to practice in the course of or under the Contract, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the Contractor agrees to notify County immediately and provide a detailed report.

(b) Federal Rights. Unless the Federal Government later makes a contrary determination in writing, the rights and responsibilities of the County, Contractor, and the Federal Government pertaining to that invention, improvement, or discovery will be determined in accordance with applicable Federal laws and regulations, including any waiver thereof. Unless the Federal Government later makes a contrary determination in writing, the Contractor agrees that, irrespective of its status or the status of any subcontractor at any tier (e.g., a large business, small business, non-profit organization, institution of higher education, individual), the Contractor agrees it will transmit to the Federal Government those rights due the Federal Government in any invention resulting from the contract.

4. Federal Interest in Data and Copyrights

- (a) **Definition.** The term "subject data" used in this section means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under the Contract. Examples include, but are not limited, to: computer software, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information. The term "subject data" does not include financial reports, cost analyses, and similar information incidental to Contract administration.
- (b) **Federal Restrictions.** The following restrictions apply to all subject data first produced in the performance of the Contract. Except as provided in the Contract and except for its own internal use, the Contractor may not publish or publicly reproduce subject data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the written consent of the County and the Federal Government, until such time as the Federal Government may have either released or approved the release of such data to the public.
- (c) **Federal Rights in Data and Copyrights.** In accordance with subparts 34 and 36 of the Common Rule, the County and the Federal Government reserve a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for County or Federal Government purposes, the types of subject data described below. Without the copyright owner's consent, the County and Federal Government may not extend their license to other parties.
 - (1) Any subject data developed under the contract or subagreement financed by a federal Grant Agreement or Cooperative Agreement, whether or not a copyright has been obtained; and
 - (2) Any rights of copyright which the Contractor purchases ownership with Federal assistance.
- (d) **Special Federal Rights for Planning Research and Development Projects.** When the Federal Government provides financial assistance for a planning, research, development, or demonstration project, its general intention is to increase public knowledge, rather than limit the benefits of the project to participants in the project. Therefore, unless the Federal Government determines otherwise, the Contractor on a planning, research, development, or demonstration project agrees that, in addition to the rights in data and copyrights set forth above, the County or Federal Government may make available to any third party either a license in the copyright to the subject data or a copy of the subject data. If the project is not completed for any reason whatsoever, all data developed under the project will become subject data and will be delivered as the County or Federal Government may direct. This subsection, however, does not apply to adaptations of automatic data processing equipment or previously existing software programs for the County's use whose costs are financed with Federal transportation funds for capital projects.

- (e) **Hold Harmless.** Unless prohibited by state law, upon request by the County or the Federal Government, the Contractor agrees to indemnify, save, and hold harmless the County and the Federal Government and their officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under the Contract. The Contractor will not be required to indemnify the County or Federal Government for any such liability arising out of the wrongful acts of employees or agents of the County or Federal Government.
- (f) **Restrictions on Access to Patent Rights.** Nothing contained in this section on rights in data will imply a license to the County or Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the County or Federal Government under any patent.
- (g) **Application on Materials Incorporated into Project.** The requirements of Subsections 2, 3, and 4 of this Section do not apply to material furnished by the County and incorporated into the work.

5. Records and Audits

Contractor will deliver or cause to be delivered all documents (including but not limited to all Deliverables and supporting data, records, graphs, charts and notes) prepared by or for the County under the terms of this Agreement to the County promptly in accordance with the time limits prescribed in this Contract, and if no time limit is specified, then upon reasonable demand therefor or upon termination or completion of the Services hereunder. In the event of the failure by the Contractor to make such delivery, then and in that event, the Contractor will pay to County reasonable damages the County may sustain by reason thereof.

The County and the Federal Government will have the right to audit all payments made to the Contractor under this Agreement. Any payments to the Contractor which exceed the amount to which the Contractor is entitled under the terms of this Agreement will be subject to set-off.

The Contractor will keep and retain records relating to this Agreement and will make such records available to representatives of the County and the Federal Government, including without limitation the sponsoring federal agency, other participating agencies, and the Comptroller General of the United States, at reasonable times during the performance of this Agreement and for at least five years after termination of this Agreement for purposes of audit, inspection, copying, transcribing and abstracting.

No provision in this Agreement granting the County or the Federal Government a right of access to records is intended to impair, limit or affect any right of access to such records which the County or the Federal Government would have had in the absence of such provisions.

6. Environmental Requirements

The Contractor recognizes that many Federal and state laws imposing environmental and resource conservation requirements may apply to the Contract. Some, but not all, of the major Federal Laws that may affect the Contract include: the National Environmental Policy Act of 1969, as amended, 42 U.S.C. §§ 4321 et seq.; the Clean Air Act, as amended, 42 U.S.C. §§ 7401 et seq. and scattered sections of 29 U.S.C.; the Clean Water Act, as amended, scattered sections of 33 U.S.C. and 12 U.S.C.; the Resource Conservation and Recovery Act, as amended, 42 U.S.C. §§ 6901 et seq.; and the Comprehensive Environmental Response, Compensation, and Liability Act, as amended, 42 U.S.C. §§ 9601 et seq. The Contractor also recognizes that U.S. EPA, U.S. DOT and other agencies of the Federal Government have issued and are expected in the future to issue regulations, guidelines, standards, orders, directives, or other requirements that may affect the Contract. Thus, the Contractor agrees to adhere to, and impose on its subcontractors, any such Federal requirements as the Federal Government may now or in the future promulgate. Parts 247-253, which implement section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962.

9. **Fly America**

- (b) has knowingly entered into any contract or subcontract with a person that is a citizen or national of a foreign country on said list, nor is owned or controlled directly or indirectly by one or more citizens or nationals of a foreign country on said list;
- (c) will procure, subcontract for, or recommend any product that is produced in a foreign country on said list.

Unless the restrictions of this clause are waived by the Secretary of Transportation in accordance with 49 CFR 30.17, no Notice-to-Proceed will be issued to an entity who is unable to certify to the above. If Contractor knowingly procures or subcontracts for the supply of any product or service of a foreign country on said list for use on the project, the USDOT may direct, through the County, cancellation of the Contract at no cost to the Government.

Further, Contractor agrees that it will incorporate this provision for certification without modification in each subcontract. Contractor may rely on the certification of a prospective Subcontractor unless it has knowledge that the certification is erroneous. Contractor will provide immediate written notice to the County if it learns that its certification or that of a Subcontractor was erroneous when submitted or has become erroneous by reason of changed circumstances. Each Subcontractor must agree to provide written notice to Contractor if at any time it learns that its certification was erroneous by reason of changed circumstances. Nothing contained in the foregoing will be construed to require establishment of a system of records in order to render, in good faith, the certification required by this provision. The knowledge and information of the Contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

This certification concerns a matter within the jurisdiction of an agency of the United States of America and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18, United States Code, Section 100

13. Contract Work Hours and Safety Standards Act

If applicable according to their terms, the Contractor agrees to comply and assures compliance with sections 102 and 107 of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. §§ 327 through 333, and implementing U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Nonconstruction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 C.F.R. Part 5; and U.S. DOL regulations, "Safety and Health Regulations for Construction," 29 C.F.R. Part 1926. In addition to other requirements that may apply:

- (a) In accordance with section of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. §§ 327 through 332, the Contractor agrees and assures that, for the Contract, the wages of every mechanic and laborer will be computed on the basis of a standard work week of 40 hours, and that each worker will be compensated for work exceeding the standard work week at a rate of not less than 1.5 times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The Contractor agrees that determinations pertaining to these requirements will be made in accordance with applicable U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Nonconstruction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 C.F.R. Part 5.
- (b) In accordance with section 107 of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. § 333, the contractor agrees and assures that no laborer or mechanic working on a construction contract will be required to work in surroundings or under working conditions that are unsanitary, hazardous, or dangerous to his or her health and safety, as determined in accordance with U.S. DOL regulations, "Safety and Health Regulations for Construction," 29 C.F.R. Part 1926.

14. Veteran's Preference

In the employment of labor (except in executive, administrative, and supervisory positions), preference will be given to Vietnam-era veterans and disabled veterans. However, this preference may be given only where individuals are available and qualified to perform the work to which employment relates.

15. Copyright Ownership

Consultant and the County intend that, to the extent permitted by law, the Deliverables to be produced by Consultant at the County's instance and expense pursuant to this Agreement are conclusively deemed "works made for hire" within the meaning and purview of Section 101 of the United States Copyright Act, 17 U.S.C. §101 et seq. (the "Copyright Act"), and that the County will be the copyright owner of the Deliverables and of all aspects, elements and components of them in which copyright can subsist.

To the extent that any Deliverable does not qualify as a "work made for hire," Consultant irrevocably grants, conveys, bargains, sells, assigns, transfers and delivers to the County, its successors and assigns, all right, title and interest in and to the copyrights and all U.S. and foreign copyright registrations, copyright applications and copyright renewals for them, and other intangible, intellectual property embodied in or pertaining to the Deliverables prepared for the County under this Agreement, free and clear of any liens, claims or other encumbrances, to the fullest extent permitted by law. Consultant will execute all documents and perform all acts that the County may reasonably request in order to assist the County in perfecting its rights in and to the copyrights relating to the Deliverables, at the sole expense of the County. Consultant warrants to County, its successors and assigns, that on the date of transfer Consultant is the lawful owner of good and marketable title in and to the copyrights for the Deliverables and has the legal rights to fully assign them. Consultant further warrants that it has not assigned any copyrights nor granted any licenses, exclusive or nonexclusive, to any other party, and that it is not a party to any other agreements or subject to any other restrictions with respect to the Deliverables. Consultant warrants and represents that the Deliverables are complete and comprehensive, and the Deliverables are a work of original authorship.

GC-41 **FEDERAL CLAUSES (CON'T.)**

16. Accessibility Compliance

If this Agreement involves design for construction, the Consultant warrants that all design documents produced or utilized under this Agreement and all construction or alterations undertaken under this Agreement will comply with all federal, state and local laws and regulations regarding accessibility standards for persons with disabilities or environmentally limited persons including, but not limited to, the following: the Americans with Disabilities Act of 1990, 42 U.S.C. § 12101 et seq. and the Americans with Disabilities Act Accessibility Guidelines for Buildings and Facilities ("ADAAG"); the Architectural Barriers Act, Pub. If the above standards are inconsistent, the Consultant must comply with the standard providing the greatest accessibility. Also, the Consultant must, prior to construction, review the plans and specifications to insure compliance with the above referenced standards. If the Consultant fails to comply with the foregoing standards, the Consultant must perform again, at no expense, all services required to be re-performed as a direct or indirect result of such failure.

17. Visual Rights Act Waiver

The Consultant/Contractor waives any and all rights that may be granted or conferred under Section 106A and Section 113 of the United States Copyright Act, (17 U.S.C. § 101 et seq.) (the "Copyright Act") in any work of visual art that may be provided pursuant to this Agreement,. Also, the Consultant/Contractor represents and warrants that the Consultant/Contractor has obtained a waiver of Section 106A and Section 113 of the Copyright Act as necessary from any employees and subcontractors, if any.

**EXHIBIT A:
PROGRAM NARRATIVE**

JUVENILE ACCOUNTABILITY INCENTIVE BLOCK GRANT PROGRAM

Please respond to each of the items in the following seven sections. The answers to these questions will be your proposal. You may use additional sheets if necessary.

I. Description of Organization

In this section, we are trying to gain a general sense of your agency's overall goals and activities, NOT solely the program for which you are seeking JAIBG funds.

1. Please provide a *brief* description of your agency.

The Center for Conflict Resolution's mission is to work with individuals, communities, courts and other institutions to manage and resolve conflict. CCR accomplishes its mission by:

- 1) Providing outstanding direct community mediation services – with a high priority given for individuals of limited means, non-profit organizations and institutions supporting the public and community interest – at no cost to participants. These institutions include the courts; local, state and federal government; law enforcement; public education; and social and legal service organizations.
- 2) Delivering nationally-recognized mediation skills and conflict management training to individuals and organizations.
- 3) Educating the public about conflict resolution, creating infrastructure throughout Illinois for community mediation programs, and increasing the use of mediation in the courts and the community.

II. Summary of Program

This section will help us understand the program for which you are seeking JAIBG funds. **Do not** include a description of activities that will not be funded with JAIBG (federal and match) funds.

1. List the Goal and Objective of this program. (This section should reflect the goal and objective from your CEP).

Goal:

Our goal is to provide a chance for court-involved youth to participate in victim-offender mediation. We seek to improve the problem-solving and communication competence of

juvenile offenders through having the opportunity to meet with their victim and reflect on the effect their actions may have had on the victim, their community, their own family, and their future.

Objectives:

- 1) To work with youth through intake, scheduling and holding mediations with juvenile offenders, their parents/guardians, and their victims.
- 2) To help juvenile offenders and victims reach restorative agreements.
- 2) To work with probation officers/departments and with the State's Attorney's office to identify all cases appropriate for mediation referral.

2. Please provide the JAIBG purpose areas the program will address with a brief explanation of each.

JAIBG Purpose Area: #_14__

Explanation:

Establishing and maintaining restorative justice programs.

3. Please provide a narrative description of the program that is being proposed. This explanation should not exceed one page and should include what strategies will be used to successfully implement the program.

With JAIBG funding, the Center for Conflict Resolution proposes to continue offering Victim-Offender mediation sessions to youth referred from the main Cook County Juvenile Courthouse at 1100 S. Hamilton Blvd., and from the Bridgeview and Markham courthouses.

CCR staff proposes to continue to work with screening/probation officers to identify referrals. Juveniles will be referred to our program as an alternative to trial in cases where the victim and juvenile have an on-going relationship or when the victim seeks restitution, community service, or wants the opportunity to speak to the juvenile and juvenile's parents/guardians. Mediation can be used in cases involving criminal damages, criminal trespass, battery, assault and theft. Juvenile mediations will be conducted by a corps of CCR staff and volunteer mediators.

CCR proposes to continue being on-site at the Juvenile courthouse 2 times per week to take referrals and do intake, and to work with the State's Attorney's office and screening/probation officers. CCR staff proposes to continue to be on-site in Markham 2 times per week (4-8 hours per visit, as needed) to take referrals and do intake with youth, work with the State's Attorney's office and screening/probation officers, and to conduct mediations.

In CCR victim-offender mediation programs, the emphasis is to create space for parties to communicate with each other and reach resolution through a process of working together with their mediator. Through participating in this process, juvenile defendants will be

able to cultivate life skills such as problem-solving and communication. Mediations may result in resolutions in which the youth agrees to participate in community service, establish a mentoring relationship with a participating adult, or seek counseling. Mediations also provide a forum for youth to explore the significance of their court case and the effect their behavior may have on other citizens.

Mediations will be held at CCR as well as the Markham courthouse. Courthouse mediations will be scheduled during normally scheduled business hours; evening and weekend hours are available at CCR's offices. Each juvenile defendant will participate in a mediation session that lasts up to four hours.

III. Statement of Problem

This section should document the problem(s) faced by juveniles in your area that explains why this program is needed. Describe the juvenile crime and delinquency problem in your area and how it has changed in recent years. If the problem is system-oriented (e.g. insufficient number of detention beds), provide sufficient information to describe how the problem developed. Include as much quantitative data as possible; anecdotal information should be provided only if it supports quantitative data. Be sure to include a description of current efforts to address the problem(s), along with an explanation of why these efforts are not sufficiently reducing or eliminating the problem. When applicable, provide information that demonstrates an understanding of previous effective and/or ineffective efforts to address similar problems. Please limit your problem statement to two pages.

Juvenile crime is an ongoing issue for Cook County, and it is a problem that is best addressed through early intervention. The Cook County Juvenile Center and the Markham courthouse are increasingly in need of meaningful program referral partners for the youth they serve. For example, between 2009 and 2010, Chicago police referrals of youth to juvenile court increased by 28%.

Recidivism is an aspect of juvenile crime that Cook County has been focused on addressing, in particular through the use of Balanced and Restorative Justice (BARJ) programming. Due to a variety of cuts to federal, state and county programs, Cook County courts continue to be under-served and would especially benefit from an additional BARJ-based program resource for juvenile offenders.

Victim-Offender mediation is a restorative justice program that can be an effective way to bring down rates of recidivism. Research has shown that programs which work to address a youth's entire set of circumstances are most beneficial in addressing the issues that brought them to court. In Victim-Offender mediations, mediators work with the youth, their families and their victims to discuss factors that may have contributed to a youth committing a crime. When we help youth and families gain a better understanding of the problem, we help them craft enduring solutions. The process of mediation allows youth to develop their communication and decision-making skills, and helps identify areas where parents can support the ongoing development of their children. Seeing the impact crime has on victims can be a powerful motive for youth to avoid making the same negative decisions throughout their life course.

IV. Progress Review

This section should be filled out if this is a continuing grant only.

1. Explain program progress during the past funding cycle(s) and progress toward program performance measures.

Since beginning the program, CCR has established referral relationships at Juvenile Court, within the State's Attorney's Office, and at the Markham courthouse. CCR has established space for mediation at the Markham courthouse. Through 11/26/12, CCR had received 72 referrals. CCR's program has additionally expanded to be available to youth referred from the Bridgeview courthouse; mediations for these cases are held in Markham. Staff at the Bridgeview courthouse have reported that they are very happy to have an additional referral resource that is conveniently located for their clients. We recently scheduled a particularly large mediation that involves seven girls and their parents/guardians. Another advantage to our program is that we have space to handle large disputes like this, which can be very disruptive to schools and communities.

CCR has trained 9 additional mediators to handle our juvenile mediations.

CCR has conducted background checks on 26 of our mediators, who are now approved to mediate Juvenile cases.

2. Explain the impact the federal funds have had on your existing juvenile justice program.

Without federal funding for this program, we would have been unable to serve the 72 youth who have been referred to us since early June. These youth would not have had a chance to meaningfully engage with the victims of their crimes or to think about the consequences of their actions.

3. Discuss progress made toward securing other funds to continue the program upon possible expiration of federal funding.

CCR's Board Approved Development Plan calls for our fundraising income to grow by 6.4% in the current fiscal year. This includes new grant funding, a new individual donor campaign and the goal of improving revenue through our annual gala. Additionally, CCR will continue growing relationships with our current private and public sector grantors.

CCR has a strong focus on increasing the diversity of our funding base through the creation of an Individual Giving Campaign in our current fiscal year and envisions that this campaign's success will contribute much towards securing the funds needed for our agency's future stability and growth.

V. Performance Measurement

In this section, the applicant should list the performance measures that will be used to measure progress throughout the grant period. Each grantee receiving JAIBG funds is responsible for collecting information on performance indicators. All of the information regarding purpose areas and performance indicators (i.e., output indicators, short-term outcomes, and intermediate-term outcomes) must be selected from the options provided. These indicators should not be altered; doing so will preclude the ability of the state and federal efforts to aggregate the data provided. Outcome indicators, short-term outcomes, and intermediate-term outcomes should be selected based upon their relevance to the program's objective(s).

1. Please provide the appropriate performance measures for each JAIBG purpose area the program will address. You are required to establish performance measures for each indicator (i.e. select at least one output indicator, one short-term outcome indicator, and one intermediate term outcome indicator for each purpose area).

VI. Implementation Schedule

The implementation schedule should be used as a planning tool for the program and should reflect a realistic projection of how the program will proceed. The Implementation Schedule should indicate: the JAIBG funded activities and services that will be provided; the month the activity/service begins; the month the activity/service is completed; the personnel responsible for each activity/service; and the frequency with which the activity/service will be provided. Please use the following implementation schedule form using examples as a guide.

VII. Local Advisory Board -- Juvenile Crime Enforcement Coalition (JCEC)

In this section, list the JCEC members and meeting schedule information. If needed, include information explaining why the membership list is not complete, if the JCEC has not yet approved your program proposal, etc.

States and local units of government receiving JAIBG funds *must* develop a Coordinated Enforcement Plan (CEP) for reducing juvenile crime. The CEP indicates which purpose areas will be focused on and provides an overview of the rationale of the program(s).

JAIBG federal guidelines require local JCECs to “include, unless impracticable, individuals representing (1) police, (2) sheriff, (3) prosecutor, (4) state or local probation services, (5) juvenile court, (6) schools, (7) business, and (8) religious affiliated, fraternal, nonprofit, or social service organizations involved in crime prevention.”

Records shall be maintained beyond the 3-year period if any litigation, claim, audit, fiscal review, negotiation, or other action involving the records has been started before the expiration of the above three-year period; in such cases, these records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular three-year period, whichever is later. SOLE SOURCE CHECKLIST
Justification for non-competitive procurement

For sole source procurements of \$25,000 or more, the Implementing Agency must submit answers to the following 4 questions for Authority review and approval *prior* to procurement. For sole source procurements less than \$25,000, the Implementing Agency must maintain the answers to the questions at their agency and make them available for review by the Authority. (Attach an addendum if additional space is needed.)

1) What are the services or items that will be contracted for and how do these services or items fit into your agency's program?

The Cook County State's Attorney's Office will contract with Center for Conflict Resolution (CCR) to implement a Victim-Offender mediation program serving court-involved youth from the Cook County Juvenile Center, Bridgeview and Markham. Referred youth will participate in victim-offender mediations with their families and victims. In CCR victim-offender mediations, the emphasis will be on creating space for parties to communicate with one another and reach resolution through a process of working together with their mediator. Through participation in this process, juvenile defendants will be able to cultivate life skills such as problem-solving and communication. Mediations may result in resolutions in which the youth agrees to participate in community service, establish a mentoring relationship with a participating adult, or seek counseling. Mediations also provide a forum for youth to explore the significance of their court case and the effect their behavior may have on other citizens. The services provided by CCR fall under JABG Purpose Area #14 – Restorative Justice: Establishing and maintaining restorative justice programs. This purpose area is a fundamental component of the State's Attorney's Project Reclaim Program and its goal to improve the safety of the community by reducing recidivism of juvenile offenders.

2) Explain the necessity to make a non-competitive, sole-source procurement by answering the following:

a) What is the expertise and experience of the contractor?

CCR has 33 years of experience in providing mediation services. During this time, CCR has mediated over 40,000 disputes. Types of cases mediated include foreclosures, small claims matters, minor guardianship disputes, parenting and other family issues. CCR also works with landlords and tenants, consumers and merchants, and families who want to try mediation before filing a court case. CCR's mediation services are offered free of charge to participants. In offering their services, CCR works with a vast array of partner organizations. These community partnerships include all divisions and circuits of the Cook County courts, the State's Attorney's Office, aldermanic offices, the Chicago Police Department, local law schools and other non-for-profit agencies.

CCR mediators participate in a 40-hour mediation skills training and a three-month post-training mentorship program. Mediators are required to keep their skills fresh by mediating at least twice per month for the first 18 months of their service, and at least once per month after that. Mediators are also evaluated through a formal peer review process and must be active in attending continuing education programs.

b) What are the unique qualities of this contractor and why are those qualities necessary for the program?

CCR is a nationally-recognized leader in providing mediation services and conflict resolution and management training. CCR has a pool of over 120 highly-trained and skilled mediators. CCR is able to provide services in all parts of Cook County. No other organization can match the quality, volume and geographic flexibility that CCR is able to provide.

c) Does the contractor have special management abilities that would benefit the program? If yes, what are these special management abilities?

Yes, CCR has very specific case management processes that have been developed over many years. CCR has software in place that helps track and manage large volumes of cases. CCR is able to adapt their mediation model to a variety of different contexts and clients.

d) How would the contractor be responsive to the needs of the program?

Mediation participants and mediators fill out evaluations after every case. CCR is able to use this data to track mediator performance and client satisfaction, and to address issues as soon as they arise.

e) Does the contractor have knowledge of the program? If yes, how is this a benefit to the program?

Yes. CCR has relationships with both the Cook County Juvenile Court system and the Cook County State's Attorney's Office. CCR staff members have been trained in balanced and restorative justice practices and are ready to implement a juvenile a victim-offender mediation program.

f) Is this the ONLY contractor that can supply these kinds of services or items?

If YES, how did your agency determine that this is the only contractor that can supply them?

When we lost our northwest suburban partner Spectrum we unsuccessfully attempted to gain another partner in this area. Based on the GEMS report CCR is the only mediation program currently running in the Juvenile Justice Center. CCR agreed to partner with us and to expand to the Markham courthouse in the 6th district where we also have a high delinquency rate. CCR works closely with the Cook County Juvenile Judges and the Cook County Juvenile Probation Department. CCR accepts referrals from all of Cook County; they run a BARJ program and can financially support this program here at the Juvenile Justice Center and at the Markham Courthouse.

If NO, how did your agency find out about these other contractors? Why is your agency proposing to use a non-competitive, sole-source procurement when other contractors are available?

CCR is uniquely situated to provide services throughout Cook County at high volume. The mediation community in Illinois is small; no other community mediation center exists in the State which would be able to meet these needs.

3) If applicable, explain any time constraints that would be involved in a competitive procurement by answering the following:

a) When does your agency want to start this service or purchase these items and why is this date important?

In order to maintain continuity in providing services to youth and families served, it is important that the funds provided through this non-competitive, sole source procurement are available to CCR on the commencement date of the FY10 JABG funds, which is November 27, 2012.

- b) Will the program be affected if the start date or purchase is delayed to allow for a competitive procurement? If yes, how will the program be affected?

Because the performance period of the current agreement will begin November 27, 2012 and competitive procurement would take approximately 4-5 months to complete, the gap in program services would seriously hamper the intent of the project.

- c) How long would it take another contractor to reach the same level of competence as this contractor?

Because the performance period of the current agreement ends on November 26, 2012, and competitive procurement would take approximately 4-5 months to complete, it would take a another agency 3-5 years to match CCR's level of expertise.

- d) Are there financial implications if the start date or purchase is delayed for a competitive procurement? If yes, what are the financial implications?

With the current agreement ending November 26, 2012, a 4-5 month competitive procurement process would effectively waste a good deal of the service period and would result in a significant amount of unspent funds at the end of the funding period.

- 4) Are there any other factors that support the sole source procurement? If yes, describe these other factors.

No.

I, Joan Permecke, certify that this sole source procurement is in the best interest of the program and that the above statements, to the best of my knowledge, are true and accurate.
