In the event Contractor shall breach any material terms or conditions of this Contract on more than one occasion during any twelve month period during the term hereof, or in the event Contractor expresses an unwillingness or inability to continue performing the Contract in accordance with its terms, the County may, at its option, declare the Contractor to be in default and the County shall be entitled to exercise all available remedies including, but not limited to, termination of the Contract, without affording the Contractor further opportunity to cure such breach. Failure of County to give written notice of breach to the Contractor shall not be deemed to be a waiver of the County's right to assert such breach at a later time, should the Contractor commit a subsequent breach of this Contract.

A material breach of the contract by the Contractor includes but is not limited to the following:

1. Failure to begin performance under this Contract within the specified time;

GC-13 COUNTY'S REMEDIES

Following notice of material breach to Contractor, the County reserves the right to withhold payments otherwise owed to Contractor until such time as Contractor has cured the breach.

If the Contractor fails to remedy a material breach during the ten (10) day cure period pursuant to General Condition GC-12, Default, or if Contractor commits a subsequent material breach within a twelve month period or expresses an unwillingness or inability to continue performing the Contract in accordance with its terms, the County shall have the right to terminate this Contract upon written notice to the Contractor which shall set forth the effective date of such termination.

In addition, the County shall have the right to pursue all remedies in law or equity.

GC-14 CONTRACTOR'S REMEDIES

If the County has been notified of breach and fails to remedy the breach during the ninety(90) day cure period pursuant to General Condition GC-12, Default, the Contractor shall have the right to terminate this Contract upon not less than thirty (30) days prior written notice to the County, which notice shall set forth the effective date of termination.

Contractor shall have the right to pursue all remedies available in law or equity. In all cases the Contractor's damages shall be those actual provable damages not to exceed the amount of the Contract as awarded by the Cook County Board of Commissioners less all amounts paid to Contractor. In no event shall Contractor be entitled to any consequential damages. Irrespective of the exercise of remedies hereunder, Contractor shall not disrupt the County's operations or repossess any component thereof.

GC-15 DELAYS

Contractor agrees that no charges or claims for damages shall be made by Contractor for any delays or hindrances from any cause whatsoever during the progress of any portion of this Contract.

GC-16 MODIFICATIONS AND AMENDMENTS

The parties may during the term of the Contract make modifications and amendments to the Contract but only as provided in this section. Such modifications and amendments shall only be made by mutual agreement in writing.

In the case of Contracts not approved by the Board, the Chief Procurement Officer may amend a contract provided that any such amendment does not extend the Contract by more than one (1) year, and further provided that the total cost of all such amendments does not increase the total amount of the Contract beyond \$150,000. Such action may only be made with the advance written approval of the Chief Procurement Officer. If the amendment extends the Contract beyond one (1) year or increases the total award amount beyond \$150,000, then Board approval will be required.

In the case of Contracts approved by the Board, the total cost of all such amendments shall not increase the Contract by more than 10% of the original contract award and the term may only be extended for up to one (1) year. Such action may only be made with the advance written approval of the Chief Procurement Officer.

In the case of Contracts approved by the Board, modifications and amendments which individually or cumulatively result in additional costs of greater than 10% of the original awarded amount or which extend the term of the Contract by more than one (1) year shall be deemed as authorized with the advance approval of the Cook County Board of Commissioners.

No County department or employee thereof has authority to make any modifications or amendments to this Contract. Any modifications or amendments to this Contract made without the express written approval of the Chief Procurement Officer is void and unenforceable.

Such licenses shall be clearly marked with a reference to the number of this County Contract. Contractor shall also furnish a copy of such licenses to the Chief Procurement Officer. Unless otherwise stated in these Contract documents, such licenses shall be perpetual and shall not limit the number of persons who may utilize the software on behalf of the County.

Contractor agrees to hold harmless and indemnify the County, its officers, agents, employees and affiliates from and defend, at its own expense (including reasonable attorneys' accountants' and consultants' fees), any suit or proceeding brought against County based upon a claim that the ownership and/or use of equipment, hardware and software or any part thereof provided to the County or utilized in performing Contractor's services constitutes an infringement of any patent, copyright or license or any other property right.

In the event the use of any equipment, hardware or software or any part thereof is enjoined, Contractor with all reasonable speed and due diligence shall provide or otherwise secure for County, at the Contractor's election, one of the following: the right to continue use of the equipment, hardware or software; an equivalent system having the Specifications as provided in this Contract; or Contractor shall modify the system or its component parts so that they become non-infringing while performing in a substantially similar manner to the original system, meeting the requirements of this Contract.

GC-18 COMPLIANCE WITH THE LAWS

The Contractor shall observe and comply with the laws, ordinances, regulations and codes of the Federal, State, County and other local government agencies which may in any manner affect the performance of the Contract including, but not limited to, those County Ordinances set forth in the Certifications attached hereto and incorporated herein. Assurance of compliance with this requirement by the Contractor's employees, agents or subcontractors shall be the responsibility of the Contractor.

The Contractor shall secure and pay for all federal, state and local licenses, permits and fees required hereunder.

GC-19 MINORITY AND WOMEN BUSINESS ENTERPRISES
COOK COUNTY ORDINANCE CHAPTER 10-43.7 PROFESSIONAL AND
CONSULTING SERVICE AND SOLE SOURCE

I. **POLICY AND GOALS**

- A. It is the policy of the County of Cook to prevent discrimination in the award of or participation in the County contracts and to eliminate arbitrary barriers for participation, as both prime and subcontractors, in such contracts by local businesses certified as Minority Business Enterprises (MBE) and Women- Owned Business Enterprises (WBE). In furtherance of this policy, the Cook County Board of Commissioners has adopted a Minority-and-Women-Owned Business Enterprise Ordinance (the "Ordinance") which establishes a "best efforts" goal of awarding not less than thirty-five percent (35%) of the annual total dollar amount of professional, consulting service and sole source contracts and agreements to certified MBEs and WBEs.
- B. A Proposer may achieve the MBE/WBE participation goals by its status as a MBE or WBE; by entering into a joint venture with one or more MBEs and/or WBEs; by subcontracting a portion of the work to one or more MBEs or WBEs; by entering into a Mentor-Protégé Agreement with a MBE or WBE; by the indirect participation of MBEs or WBEs in other aspects of the Proposer's business; or by a combination of the foregoing.

MINORITY AND WOMEN BUSINESS ENTERPRISES
COOK COUNTY ORDINANCE CHAPTER 10-43.7 PROFESSIONAL AND
CONSULTING SERVICE AND SOLE SOURCE (CON'T.)

- C. A Waiver Request must be submitted with the Proposal, documenting the inability of the Proposer to meet the goals, and providing written evidence of "Good Faith Efforts," to obtain goals.
- D. A Proposer's failure to carry out its MBE/WBE commitments in the course of performance on a contract shall constitute a material breach of the contract, and if such breach is not appropriately cured, may result in the termination of the contract or such other remedies authorized by the Ordinance as the County deems appropriate.

II. REQUIRED SUBMITTALS

To be considered responsive to the requirements of the Ordinance, a Proposer shall submit Items A, B and C listed below. All documentation submitted shall be reviewed by the Contract Compliance Administrator. Failure to submit one of the items required shall be cause to consider a contract non-responsive to the Ordinance goals and may be rejected.

A. MBE/WBE Participation Documentation

Each Proposer shall submit supporting documentation which evidences efforts taken to achieve the County's "best efforts" MBE/WBE participation goals. Such documentation shall include:

1. A **Utilization Plan** identifying all firms intended to be utilized to fulfill the goals; the MBE/WBE status of each firm; the name, address, e-mail address and telephone number of the contact person for each MBE/WBE firm; the dollar value of the goods and services to be provided by the MBE/WBE firm; and the dollar value expressed as a percentage (%) of the total value of the purposed contract. (See Section I)
2. A **Letter of Intent** for each MBE/WBE containing specific information regarding goods to be provided or services to be performed by the MBE/WBE; the dollar value of the goods or services, the percentage (%) of the dollar value; and the original signatures of the appropriate officer for both the Proposer and the MBE/WBE. (See Exhibit II)
3. Current **Letter of Certification** for each MBE/WBE firm. Acceptable certifying agencies are: Cook County, Illinois Unified Certification Program (IUCP) and U. S. Small Business Administration. (SBA) (8A) or any other governmental body or agency approved by the Contract Compliance Administrator as applying certification standards substantially similar to those applied by the County of Cook may also be accepted.
4. **Waiver/Goal Reduction Petition** must be included at the time of the submission of the Proposal document. Where the Proposer does not include all documentation in support of the Petition at the time of submission, such documentation must be submitted to the Office of Contract Compliance not less than three (3) business days after the submission date.

MINORITY AND WOMEN BUSINESS ENTERPRISES
COOK COUNTY ORDINANCE CHAPTER 10-43.7 PROFESSIONAL AND
CONSULTING SERVICE AND SOLE SOURCE (CON'T.)

The Contract Compliance Administrator retains the right to reject the certification of any MBE or WBE on the ground that it does not meet the County's definition of a MBE or WBE.

B. Use of MBE/WBE Professionals

Each Proposer shall submit with its proposal, a statement which discloses how it intends to maximize the use of minority and women professionals in the course of performing the contract.

C. Affirmative Action Plan

GC-41 FEDERAL CLAUSES

1. Interest of Members of or Delegates to the United States Congress

In accordance with 41 U.S.C. § 22, the Contractor agrees that it will not admit any member of or delegate to the United States Congress to any share or part of the Contract or any benefit derived therefrom.

2. False or Fraudulent Statements and Claims

(a) The Contractor recognizes that the requirements of the Program Fraud Civil Remedies Act of 1986, as amended, 49 U.S.C. §§ 3081 et seq and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to the Contract. Accordingly, by signing the Contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, or it may make pertaining to the Contract, including without limitation any invoice for its services. In addition to other penalties that may be applicable, the Contractor also acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986, as amended, on the Contractor to the extent the Federal Government deems appropriate.

(b) The Contractor also acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification to the County or Federal Government in connection with an urbanized area formula project financed with Federal assistance authorized by 49 U.S.C. § 5307, the Government reserves the right to impose on the Contractor the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1), to the extent the Federal Government deems appropriate.

3. Federal Interest in Patents

(a) General. If any invention, improvement, or discovery of the Contractor is conceived or first actually reduced to practice in the course of or under the Contract, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the Contractor agrees to notify County immediately and provide a detailed report.

(b) Federal Rights. Unless the Federal Government later makes a contrary determination in writing, the rights and responsibilities of the County, Contractor, and the Federal Government pertaining to that invention, improvement, or discovery will be determined in accordance with applicable Federal laws and regulations, including any waiver thereof. Unless the Federal Government later makes a contrary determination in writing, the Contractor agrees that, irrespective of its status or the status of any subcontractor at any tier (e.g., a large business, small business, non-profit organization, institution of higher education, individual), the Contractor agrees it will transmit to the Federal Government those rights due the Federal Government in any invention resulting from the contract.

4. Federal Interest in Data and Copyrights

- (a) **Definition.** The term "subject data" used in this section means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under the Contract. Examples include, but are not limited, to: computer software, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information. The term "subject data" does not include financial reports, cost analyses, and similar information incidental to Contract administration.
- (b) **Federal Restrictions.** The following restrictions apply to all subject data first produced in the performance of the Contract. Except as provided in the Contract and except for its own internal use, the Contractor may not publish or publicly reproduce subject data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the written consent of the County and the Federal Government, until such time as the Federal Government may have either released or approved the release of such data to the public.
- (c) **Federal Rights in Data and Copyrights.** In accordance with subparts 34 and 36 of the Common Rule, the County and the Federal Government reserve a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for County or Federal Government purposes, the types of subject data described below. Without the copyright owner's consent, the County and Federal Government may not extend their license to other parties.
- (1) Any subject data developed under the contract or subagreement financed by a federal Grant Agreement or Cooperative Agreement, whether or not a copyright has been obtained; and
- (2) Any rights of copyright which the Contractor purchases ownership with Federal assistance.
- (d) **Special Federal Rights for Planning Research and Development Projects.** When the Federal Government provides financial assistance for a planning, research, development, or demonstration project, its general intention is to increase public knowledge, rather than limit the benefits of the project to participants in the project. Therefore, unless the Federal Government determines otherwise, the Contractor on a planning, research, development, or demonstration project agrees that, in addition to the rights in data and copyrights set forth above, the County or Federal Government may make available to any third party either a license in the copyright to the subject data or a copy of the subject data. If the project is not completed for any reason whatsoever, all data developed under the project will become subject data and will be delivered as the County or Federal Government may direct. This subsection, however, does not apply to adaptations of automatic data processing equipment or previously existing software programs for the County's use whose costs are financed with Federal transportation funds for capital projects.

GC-41 **FEDERAL CLAUSES (CON'T.)**

- (e) **Hold Harmless.** Unless prohibited by state law, upon request by the County or the Federal Government, the Contractor agrees to indemnify, save, and hold harmless the County and the Federal Government and their officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under the Contract. The Contractor will not be required to indemnify the County or Federal Government for any such liability arising out of the wrongful acts of employees or agents of the County or Federal Government.
- (f) **Restrictions on Access to Patent Rights.** Nothing contained in this section on rights in data will imply a license to the County or Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the County or Federal Government under any patent.
- (g) **Application on Materials Incorporated into Project.** The requirements of Subsections 2, 3, and 4 of this Section do not apply to material furnished by the County and incorporated into the work.

5. Records and Audits

Contractor will deliver or cause to be delivered all documents (including but not limited to all Deliverables and supporting data, records, graphs, charts and notes) prepared by or for the County under the terms of this Agreement to the County promptly in accordance with the time limits prescribed in this Contract, and if no time limit is specified, then upon reasonable demand therefor or upon termination or completion of the Services hereunder. In the event of the failure by the Contractor to make such delivery, then and in that event, the Contractor will pay to County reasonable damages the County may sustain by reason thereof.

The County and the Federal Government will have the right to audit all payments made to the Contractor under this Agreement. Any payments to the Contractor which exceed the amount to which the Contractor is entitled under the terms of this Agreement will be subject to set-off.

The Contractor will keep and retain records relating to this Agreement and will make such records available to representatives of the County and the Federal Government, including without limitation the sponsoring federal agency, other participating agencies, and the Comptroller General of the United States, at reasonable times during the performance of this Agreement and for at least five years after termination of this Agreement for purposes of audit, inspection, copying, transcribing and abstracting.

No provision in this Agreement granting the County or the Federal Government a right of access to records is intended to impair, limit or affect any right of access to such records which the County or the Federal Government would have had in the absence of such provisions.

6. Environmental Requirements

The Contractor recognizes that many Federal and state laws imposing environmental and resource conservation requirements may apply to the Contract. Some, but not all, of the major Federal Laws that may affect the Contract include: the National Environmental Policy Act of 1969, as amended, 42 U.S.C. §§ 4321 et seq.; the Clean Air Act, as amended, 42 U.S.C. §§ 7401 et seq. and scattered sections of 29 U.S.C.; the Clean Water Act, as amended, scattered sections of 33 U.S.C. and 12 U.S.C.; the Resource Conservation and Recovery Act, as amended, 42 U.S.C. §§ 6901 et seq.; and the Comprehensive Environmental Response, Compensation, and Liability Act, as amended, 42 U.S.C. §§ 9601 et seq. The Contractor also recognizes that U.S. EPA, U.S. DOT and other agencies of the Federal Government have issued and are expected in the future to issue regulations, guidelines, standards, orders, directives, or other requirements that may affect the Contract. Thus, the Contractor agrees to adhere to, and impose on its subcontractors, any such Federal requirements as the Federal Government may now or in the future promulgate. Listed below are requirements of particular concern. The Contractor acknowledges that this list does not constitute the Contractor's entire obligation to meet all Federal environmental and resource conservation requirements. The Contractor will include these provisions in all subcontracts.

- (a) **Environmental Protection.** The Contractor agrees to comply with the applicable requirements of the National Environmental Policy Act of 1969, as amended, 42 U.S.C. §§ 4321 et seq. in accordance with Executive Order No. 12898, "Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations," 59 Fed. Part 51, Subpart T; and "Determining Conformity of Federal Actions to State or Federal Implementation Plans," 40 C.F.R. Part 93. The Contractor further agrees to report and require each subcontractor at any tier to report any violation of these requirements resulting from any Contract implementation activity to the County and the appropriate U.S. EPA Regional Office.
- (c) **Clean Water.** The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. §§ 1251 et seq. - (d) **List of Violating Facilities.** The Contractor agrees that any facility to be used in the performance of the Contract or to benefit from the Contract will not be listed on the U.S. EPA List of Violating Facilities ("List"), and the Contractor will promptly notify the County if the Contractor receives any communication from the U.S. EPA that such a facility is under consideration for inclusion on the List.

GC-41 **FEDERAL CLAUSES (CON'T.)**

- (e) Preference for Recycled Products. To the extent practicable and economically feasible and to the extent that it does not reduce or impair the quality of the work, the Contractor agrees to use recycled products in performance of the Contract pursuant to U.S. Environment Protection Agency (U.S. EPA) guidelines at 40 C.F.R. Parts 247-253, which implement section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962.

8. Cargo Preference - Use of United States Flag Vessels

The Contractor agrees to comply with U.S. Maritime Administration regulations, "Cargo-Preference -- U.S. Flag Vessels," 49 C.F.R. Part 381, and to include the clauses required by those regulations, modified as necessary to identify the affected parties, in each subcontract or subagreement involving equipment, materials, or commodities suitable for transport by ocean vessel.

9. Fly America

Section 14.c of the Master Agreement states that if the contract or subcontracts may involve the international transportation of goods, equipment, or personnel by air, the contract must require Contractors and subcontractors at every tier to use U.S.-flag air carriers, to the extent service by these carriers is available. 49 U.S.C. 40118 and 4 C.F.R. The Contractor agrees that, absent the Federal Government's express written consent, the Federal Government will not be subject to any obligations or liabilities to any contractor or any other person not a party to the Grant Agreement or Cooperative Agreement between the County and the Federal Government which is a source of funds for this Contract. Notwithstanding any concurrence provided by the Federal Government in or approval of any solicitation, agreement, or contract, the Federal Government continues to have no obligations or liabilities to any party, including the Contractor.

Part 18. To the extent that an audit reveals that the Contractor has received payment in excess of such amounts, the County may offset such excess payments against any future payments due to the Contractor and, if no future payments are due or if future payments are less than such excess, the Contractor will promptly refund the amount of the excess payments to the County.

12. Trade Restrictions

- (a) is owned or controlled by one or more citizens of a foreign country included in the list of countries that discriminate against U.S. firms published by the Office of the United States Trade Representative (USTR);

Unless the restrictions of this clause are waived by the Secretary of Transportation in accordance with 49 CFR 30.17, no Notice-to-Proceed will be issued to an entity who is unable to certify to the above. If Contractor knowingly procures or subcontracts for the supply of any product or service of a foreign country on said list for use on the project, the USDOT may direct, through the County, cancellation of the Contract at no cost to the Government.

Further, Contractor agrees that it will incorporate this provision for certification without modification in each subcontract. Contractor may rely on the certification of a prospective Subcontractor unless it has knowledge that the certification is erroneous. Contractor will provide immediate written notice to the County if it learns that its certification or that of a Subcontractor was erroneous when submitted or has become erroneous by reason of changed circumstances. Each Subcontractor must agree to provide written notice to Contractor if at any time it learns that its certification was erroneous by reason of changed circumstances. Nothing contained in the foregoing will be construed to require establishment of a system of records in order to render, in good faith, the certification required by this provision. The knowledge and information of the Contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

This certification concerns a matter within the jurisdiction of an agency of the United States of America and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18, United States Code, Section 100

13. Contract Work Hours and Safety Standards Act

If applicable according to their terms, the Contractor agrees to comply and assures compliance with sections 102 and 107 of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. §§ 327 through 333, and implementing U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Nonconstruction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 C.F.R. Part 5; and U.S. DOL regulations, "Safety and Health Regulations for Construction," 29 C.F.R. Part 1926. In addition to other requirements that may apply:

- (a) In accordance with section of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. §§ 327 through 332, the Contractor agrees and assures that, for the Contract, the wages of every mechanic and laborer will be computed on the basis of a standard work week of 40 hours, and that each worker will be compensated for work exceeding the standard work week at a rate of not less than 1.5 times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The Contractor agrees that determinations pertaining to these requirements will be made in accordance with applicable U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Nonconstruction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 C.F.R. Part 5.
- (b) In accordance with section 107 of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. § 333, the contractor agrees and assures that no laborer or mechanic working on a construction contract will be required to work in surroundings or under working conditions that are unsanitary, hazardous, or dangerous to his or her health and safety, as determined in accordance with U.S. DOL regulations, "Safety and Health Regulations for Construction," 29 C.F.R. Part 1926.

14. Veteran's Preference

In the employment of labor (except in executive, administrative, and supervisory positions), preference will be given to Vietnam-era veterans and disabled veterans. However, this preference may be given only where individuals are available and qualified to perform the work to which employment relates.

15. Copyright Ownership

Consultant and the County intend that, to the extent permitted by law, the Deliverables to be produced by Consultant at the County's instance and expense pursuant to this Agreement are conclusively deemed "works made for hire" within the meaning and purview of Section 101 of the United States Copyright Act, 17 U.S.C. §101 et seq. (the "Copyright Act"), and that the County will be the copyright owner of the Deliverables and of all aspects, elements and components of them in which copyright can subsist.

To the extent that any Deliverable does not qualify as a "work made for hire," Consultant irrevocably grants, conveys, bargains, sells, assigns, transfers and delivers to the County, its successors and assigns, all right, title and interest in and to the copyrights and all U.S. and foreign copyright registrations, copyright applications and copyright renewals for them, and other intangible, intellectual property embodied in or pertaining to the Deliverables prepared for the County under this Agreement, free and clear of any liens, claims or other encumbrances, to the fullest extent permitted by law. Consultant will execute all documents and perform all acts that the County may reasonably request in order to assist the County in perfecting its rights in and to the copyrights relating to the Deliverables, at the sole expense of the County. Consultant warrants to County, its successors and assigns, that on the date of transfer Consultant is the lawful owner of good and marketable title in and to the copyrights for the Deliverables and has the legal rights to fully assign them. Consultant further warrants that it has not assigned any copyrights nor granted any licenses, exclusive or nonexclusive, to any other party, and that it is not a party to any other agreements or subject to any other restrictions with respect to the Deliverables. Consultant warrants and represents that the Deliverables are complete and comprehensive, and the Deliverables are a work of original authorship.

16. Accessibility Compliance

If this Agreement involves design for construction, the Consultant warrants that all design documents produced or utilized under this Agreement and all construction or alterations undertaken under this Agreement will comply with all federal, state and local laws and regulations regarding accessibility standards for persons with disabilities or environmentally limited persons including, but not limited to, the following: the Americans with Disabilities Act of 1990, 42 U.S.C. § 12101 et seq. and the Americans with Disabilities Act Accessibility Guidelines for Buildings and Facilities ("ADAAG"); the Architectural Barriers Act, Pub. L. 90-480 (1968), and the Uniform Federal Accessibility Standards ("UFAS"); and the Illinois Environmental Barriers Act, 410 ILCS 25/1 et seq., and all regulations promulgated thereunder, see Illinois Administrative Code, Title 71, Chapter 1, Section 400.110. If the above standards are inconsistent, the Consultant must comply with the standard providing the greatest accessibility. Also, the Consultant must, prior to construction, review the plans and specifications to insure compliance with the above referenced standards. If the Consultant fails to comply with the foregoing standards, the Consultant must perform again, at no expense, all services required to be re-performed as a direct or indirect result of such failure.

17. Visual Rights Act Waiver

The Consultant/Contractor waives any and all rights that may be granted or conferred under Section 106A and Section 113 of the United States Copyright Act, (17 U.S.C. § 101 et seq.) (the "Copyright Act") in any work of visual art that may be provided pursuant to this Agreement. Also, the Consultant/Contractor represents and warrants that the Consultant/Contractor has obtained a waiver of Section 106A and Section 113 of the Copyright Act as necessary from any employees and subcontractors, if any.

**EXHIBIT A:
PROGRAM NARRATIVE**

JUVENILE ACCOUNTABILITY BLOCK GRANT PROGRAM

Please respond to each of the items in the following eight sections. The answers to these questions will be your proposal. You may use additional sheets if necessary.

I. Description of Organization

In this section, we are trying to gain a general sense of your agency's overall goals and activities, NOT solely the program for which you are seeking JABG funds.

1. Please provide a *brief* description of the program agency.

New Life Centers of Chicagoland is an organization that purposes to meet the needs of people who are underprivileged and underserved. Our organization targets low-income persons, less educated adults and at risk youth. Presently, the Centers have four locations in Chicago. The main offices are at 4101 W. 51st Street. The other three campuses are at 2657 S. Lawndale in the Little Village neighborhood, 1410 N. Springfield in the Humboldt Park neighborhood of Chicago, and 5333 W. 151st St. in Oak Forest.

Founded in 2005, New Life Centers of Chicagoland, NFP, exists to provide opportunities to the youth and families that it serves by providing health awareness, educational enrichment, youth outreach programs, and life resources. This social service organization was created by the leadership of New Life Community Church to expand community services to those in need and exists in deep partnership with the church to this day. The history of New Life Centers, then, begins with the founding of New Life Community Church in 1986 with an 18-member church in "Back of the Yards" neighborhood in Chicago. Over 20 years later, New Life Church now exists as a bilingual, multi-site organization, serving 4,000 congregants weekly across 14 locations throughout Chicagoland.

At the Midway campus, a federal grant of the Healthy Marriage initiative funds the Family Bridges Program. Through this program, New Life Centers produces free workshops on dating relationships, marriage, and family at public schools and private organizations throughout Chicagoland. The Midway location also has a Health and Fitness center open to the surrounding community. This location also houses a multi-site effort for the Center's New Life Works Program that equips Chicago's hard to employ populations as well as link them to gainful employment.

The Little Village campus extends various services to its community. Their services include court advocacy, a gang intervention mentoring program, a community technology center, outreach to day-laborers, English classes, adult support groups, and after-school and summer children's programs.

The west-side Humboldt Park site has a variety of different youth and family outreach

programs including after school tutoring for children, a community technology center, an open gym, a youth enterprising program for teens, a parent-child development and education program for teen parents and an effective, nationally-proven career development course for mature teens, parents, and relatives of our youth.

The Oak Forest campus runs a "Baby Talk" program, which is an early development enhancement program for children and families.

II. Summary of Program

This section will help us understand the program for which you are seeking JABG (federal and match) funds. **Do not** include a description of activities that will not be funded through JABG.

1. List the Goal(s) and Objective(s) of this program.

Goal(s):

The Urban Life Skills Program is a gang-intervention mentoring program in the Little Village neighborhood. The goal of the program is to provide mentoring to gang involved youth involved with the court system, on probation and/or at a high risk for penetrating the system and to keep them from further penetrating the Juvenile Justice system. We will seek to reduce recidivism by providing them with a variety of wrap around services and partnering with other community agencies, we hope to give them more opportunities to succeed. These opportunities will allow them to make better choices and successfully complete their probation term.

Objective(s):

- To provide youth with a positive role model for guidance, encouragement, support and advocacy
- To come alongside the family by supporting them, encouraging them and seeking to nurture the relationship between them and their child
- To be a community-based gang intervention agency that assists youth in leaving and refraining from gang involvement
- To provide substance abuse treatment to assist our youth in living a substance free life
- To offer educational assistance that strengthens the youth's academic ability through one-on-one tutoring, educational advocacy, and communication with the schools
- To offer life skills workshop groups to equip youth with practical life skills (e.g.- computer literacy, job readiness) as well as equip with youth with healthy emotional and social coping skills (e.g.-anger management and adventure therapy).
- To create a partnership with the Cook County Juvenile Court in order to implement the balanced and restorative justice (BARJ) paradigm in our community
- To provide recreational activities which encourage positive social interaction and a fun time
- To provide practical job skills training to prepare the youth for the workplace and to

equip them with various skills that they can use in the future

- To communicate with the probation officer and assist the youth at their various court dates
- To track the youth from the time they enter the program until they leave the program and provide reports to the juvenile court

2. Please provide the JABG purpose area(s) this program will address.

JABG Purpose Area: # 11

JABG Purpose Area: # _____

ABG Purpose Area: # _____

3. Please provide a narrative description of the program that is being proposed. This explanation should not exceed one page and should include (a) how the program will further the JABG purpose areas selected above, and (b) what strategies will be used to successfully implement the program.

The Urban Life Skills Program is founded upon mentoring. Each one of the youth that enters the program are assigned a mentor and then brought into the full array of services provided by the program. This gang intervention model is a comprehensive model based on a variety of key components. These components include mentoring, gang intervention counseling, substance abuse classes, life skills workshop groups, service learning projects, job readiness training, tutoring, educational support, financial literacy, court advocacy, social activities, family support, and more. By offering a variety of services, the program provides a holistic approach to reach these gang-involved youth. The program also realizes that it cannot meet every need that the youth may have. Community partnership is a key component and the program is working closely with a variety of other community agencies to provide other necessary services such as job placement, medical/psychological help, in-patient drug treatment, and more.

The team of mentors consists of over 20 men and women from a large variety of walks of life. From mentors that were formerly gang involved, to accountants, union construction workers, probation officers, medical practitioners, and more! The diversity of the team is a huge asset to the program as the youth are exposed to all walks of life and can see the dedication of the mentors and the true heart that they have for the youth. Mentors meet with the youth a minimum of once a week, and as many as two to three times per week. These mentors are dedicated to walking with these youth through the good times and the bad times.

The program coordinator position will be the primary purpose of this funding. The program coordinator will ensure that youth are enrolled, actively involved, meeting with their mentor, following all of the mandates of their probation order, and meeting the minimum requirements of the program. We also desire to better train our mentors to better equip them to serve the program youth more effectively.

4. Discuss progress made toward securing other funds to continue the program upon expiration of federal funding.

The Urban Life Skills Program has already been fully functional for the last four years. The program is funded by donations of facility space by the church and hundreds of hours of time by the volunteer mentors. This funding will continue to help the program grow and expand and will also help fund the program coordinator position. Private party donations and other grants help pay for the other program expenses.

III. Statement of Problem

This section should document the problem(s) faced by juveniles in your area that explains why this program is needed. Describe the juvenile crime and delinquency problem in your area and how it has changed in recent years. If the problem is system-oriented (e.g. insufficient number of detention beds), provide sufficient information to describe how the problem developed. Include as much quantitative data as possible; anecdotal information should be provided only if it supports quantitative data. Be sure to include a description of current efforts to address the problem(s), along with an explanation of why these efforts are not sufficiently reducing or eliminating the problem. When applicable, provide information that demonstrates an understanding of previous effective and/or ineffective efforts to address similar problems. Please limit your problem statement to two pages.

The ULS program provides interventions for juvenile delinquents in the Little Village community. It is important to address delinquency in the context of community. Community contributes to forming an adolescent's sense of self, direction, and place in the world. Community extends to adolescent's primary community (i.e., family), environment (i.e., neighborhood, school, recreational settings), and culture (e.g., norms about race, gender hierarchy, conduct). Hardy and Laszloffy (2005) note that any devaluation, erosion, or disruption of the family, in the environment, and/or within the cultural norms robs the adolescent of an identity and sense of purpose; thus increasing the risk of delinquency. It is likely that disruption at any level intensifies the risk for Latino populations in marginalized neighborhoods because their ethnic identity and direction is determined in part by socio-political forces that limit their mobility through racially disparate responses to immigration, migration, education, allocation of resources, and crime. Moreover, adjudicated Latino youth may gravitate to a marginalized peer group as they find it difficult to find their place within the mainstream or traditional ethnic community due to acculturation challenges.

Violence and gang involvement are current social problems that families, schools, juvenile justice agencies, healthcare agencies, and communities are struggling to understand and address. In keeping with the conceptualization of community, research has identified risk factors in the context of community among gang involved youth. For instance, Thornberry (1998) and Thornberry, T.P., Krohn, M.D., Lizotte, A.J., Smith, C.A., & Tobin, K. (2003) research indicates that risk factors for gang involvement include an accumulation of factors that could be considered an erosion of community: school failure, low parental supervision/monitoring, parent-child discord, availability of drugs, and under-resourced/disorganized neighborhoods. Other risk factors involve an association with negative peer groups, early sexual promiscuity, substance use, and

erosion of cultural norms. Chicago's Little Village neighborhood is plagued with all of these risk factors which has caused youth to affiliate with gangs and engage in delinquent acts.

While Little Village is culturally rich in Latino traditions and customs, the community is considered marginalized with 25% of the families living under the poverty line. The median income for Little Village families is 32% lower than Chicago's median of \$38,625 and over one-fourth live in extreme poverty (with incomes below \$15,000). In addition, Little Village has one of the youngest populations in the city, with nearly 70% of the population under the age of 35. The number of youth in the community creates a need for quality schools, parks, social services, and youth programs. However, the community is under-resourced with no parks (Little Village has the least amount of green space per capita in Chicago), very few recreational outlets, and limited responses to crime aside from a law enforcement presence. As a result of limited community resources youth and children are forced to play in streets and alleys where neighborhood gangs are prevalent.

The complexity of the gangs in Little Village is a challenge that all neighborhood youth and children unfortunately must contend. Residents always have to be cognizant of their location in the neighborhood as a result of the extremely violent and deadly cycles between two rival gangs, the Latin Kings and Two-Six. It is estimated that more than 2,000 young people in the Little Village neighborhood belong to a gang and in the last five years there have been 93 homicides. The violence in the community hinders successful community development efforts and prior to November of 2007, when ULS began, there were no community-based organizations engaging the youth to provide integrated gang interventions.

Prior to November of 2007 the juvenile probation officers monitoring Little Village's delinquent youth had no community resources available for juvenile probationers who needed integrated gang interventions.

IV. Progress Review

This section should be filled out if this is a continuing grant only. If you are applying for a new grant, please mark N/A in each box and continue on to Section V.

1. Explain program progress during the past funding cycle(s) and progress toward program performance measures.

The program has increased its overall number of program participants over the past 3 funding cycles by serving 96 youth. The program youth have an average of 8-12 supervision meetings per month between the program youth and staff/volunteer mentors. The volunteer mentors and staff have had the opportunity to receive trainings to help equip them to provide more effective mentoring to program participants. We have had 1 youth receive their GED and 3 other graduated participants receive their H.S. diploma. Many of our youth have dramatically decreased their desire to participate in criminal activity. We have also been able to expose a majority of our program youth to outdoor activities and social activities that they would not otherwise have been able to participate in. The youth also completed a new mural project through the funding of this program. We were also able to hire 8 of our program youth this summer through a spring and

summer job program. We have also been successful in implementing our new monthly themed curriculum and have had great feedback from the program youth. Cook County Juvenile Court recognized our program as successful program and has asked us to assist in the training of other churches and organizations about how to implement our mentoring model in other communities.

2. Explain the impact the federal funds have had on your existing juvenile justice program.

The federal funds have allowed the program to hire a program coordinator to coordinate mentor/mentee relationships, plan and provide appropriate program services to youth, improve the relationship and communication between the youth and juvenile probation department, and to have a deeper relationship and impact with all program youth. The funds have also been used to strengthen our leadership skills and knowledge about top research on working with gang-involved youth through the gang conference. Three staff were also certified as gang specialists. The funds were also used to all the youth to refurbish furniture to be given back to the community, completing murals, and empty lot restoration projects. Also, the funding has allowed youth to participate in valuable team building exercises through a valuable program ran by Chicago Adventure Therapy. The funding for the office supplies has enabled the program to keep proper files and record keeping on each program youth as well as materials for group sessions and curriculum.

V. Performance Measurement

In this section, the applicant should list the performance measures that will be used to measure progress throughout the grant period. Each grantee receiving JABG funds is responsible for collecting information on performance indicators. All of the information regarding purpose areas and performance indicators (i.e., output indicators, short-term outcomes, and intermediate-term outcomes) must be selected from the options provided. These indicators should not be altered; doing so will preclude the ability of the state and federal efforts to aggregate the data provided. Outcome indicators, short-term outcomes, and intermediate-term outcomes should be selected based upon their relevance to the program's objective(s).

1. Please provide the appropriate performance measures for each JABG purpose area the program will address. You are required to pick appropriate performance measures for each indicator (i.e. select at least one output indicator, one short-term outcome indicator, and one intermediate term outcome indicator for each purpose area).

The Implementation Schedule should indicate: the JABG funded activities and services that will be provided; the month the activity/service begins; the month the activity/service is completed; the personnel responsible for each activity/service; and the frequency with which the activity/service will be provided. Please use the following implementation schedule form using examples as a guide.

VIII. Role of the Court and Graduated Sanctions

1. Role of the Court

One aim of JABG is to strengthen the relationship between the court system and juvenile justice agencies. Units of government need to certify that they have communicated in writing with the chief of the highest court. Please **attach the letter** to this Exhibit A.

Date Letter was Sent	Name of Addressee

Was there a response from the court to the letter? **YES** **NO**

If yes, and the response was written, please **attach the response** to this Exhibit A. If a response was given in another format, please detail what the response was in the following box.

Please provide a *brief* narrative description of how the needs of the judicial branch were taken into consideration in the development of this program.

2. Graduated Sanctions

While participation in a system of graduated sanctions by individual courts is voluntary, states and units of local government must encourage courts to participate. The unit of government must have in effect laws, or have implemented policies and programs, that provide for a system of graduated sanctions.

Please provide a *brief* description of how the system of graduated sanctions functions.

A total of \$771 is allocated for the purchase of supplies for our virtual store with the incentives that drive our holistic approach to financial literacy and constructive community involvement. The incentives in this store may include target gift cards, gift cards to other clothing and/or food stores, restaurant gift cards, household items and educational supplies. Economis (Financial Literacy System) is a web-based program for urban youth that enables us to foster a micro-economy for the purpose of learning "money management skills required to succeed in today's world." Youth are able to earn money within this simulation that they can then directly apply to a web-based store, purchasing various things that they need such as educational supplies, gift cards, and clothes. The virtual money is earned through program attendance, academics, community service learning and volunteering within the community. They are able to use this program to learn directly and actively about checking, savings, credit, taxes and giving, but within the safety of an online system that enables them to learn, rather than suffer from their mistakes.

A total of \$2700 is allocated for the purchase of office supplies that will be used exclusively for the JABG-funded program and include filing materials such as folders, fasteners, and dividers; paper and photocopying costs; and other supplies such as self-stick pads, markers, and wipe board supplies. Pro-rating is not necessary as all JABG-funded office supplies will be used exclusively for the JABG-funded program.

SOLE SOURCE CHECKLIST

Justification for non-competitive procurement

For sole source procurements over \$25,000, the Implementing Agency must submit answers to the following questions for Authority review and approval *prior* to the procurement. For sole source procurements of \$25,000 or less, the Implementing Agency must maintain the answers to the questions at their agency and make them available for review by the Authority. (Attach an addendum if additional space is needed.) The Authority reserves the right to request sole source checklist materials at any dollar threshold for prior review and approval.

1) What are the services or items that will be contracted for and how do these services or items fit into your agency's program?

The Cook County State's Attorney's Office will contract with New Life Centers of Chicagoland Urban Life Skills to improve the academic performance and positive decision-making skills of at-risk referred youth with the goal of presenting opportunities to demonstrate positive, law-abiding and meaningful skills that will develop career and vocational opportunities that offer a long-term alternative to criminal, violent and anti-social acts. The Urban Life Skills program will also provide drug and alcohol abuse prevention and gang intervention programs in addition to mentoring and academic programs. Services provided by New Life Centers of Chicagoland are focused on youth that live in Little Village and are centrally located in the heart of Little Village. The services provided by New Life Centers of Chicagoland fall under JABG Purpose Area #11 – Accountability: Establishing and maintaining accountability-based programs designed to reduce recidivism among juveniles who are referred by law enforcement personnel or agencies. These services fit into our overall program because New Life Centers of Chicagoland work with youth-at-risk and their families. They focus on youth that are involved in the court system and seek to provide opportunities for them to make better choices. As youth are mandated to refrain from gang activity, New Life Centers of Chicagoland seeks to be a place where they can go to maintain this mandate.

2) Explain the necessity to make a non-competitive, sole-source procurement by answering the following:

a) What is the expertise and experience of the contractor?

New Life Centers of Chicagoland has been working with youth in Little Village for over 12 years and has been running the Urban Life Skills Program full time for the past five years. New Life Centers of Chicagoland has a working knowledge of the hierarchy and members of the Little Village gang infrastructure. In addition, New Life Centers of Chicagoland has also built relationships with key community based agencies in the neighborhood and have a variety of different resources available to them through these relationships and connections that they have built.

b) What are the unique qualities of this contractor and why are those qualities necessary for the program?

New Life Centers of Chicagoland is a community-based agency that is fully committed to supporting the community. Many of the mentors and volunteers live in Little Village and therefore are working and serving their own community. There is also a large pool of volunteers to pull from New Life Centers of Chicagoland as they are an extension of New Life Community Church with 15 locations across the city and over 5,000 members. This allows them to have a solid staff from a variety of different backgrounds and is a quality that sets them apart from other agencies.

- c) Does the contractor have special management abilities that would benefit the program? If yes, what are these special management abilities?

New Life Centers of Chicagoland staff has experience in successfully managing hundreds of volunteers and mobilized large scale, city-wide events for many years. In addition, New Life Centers of Chicagoland has been leading support groups and focus groups for many years and has experience in facilitating these groups. The staff of New Life Centers of Chicagoland has the experience to move and mobilize people to a task very quickly and have significantly grown in their management abilities in the last 12 years.

- d) How would the contractor be responsive to the needs of the program?

New Life Centers of Chicagoland will be hosting all of the group sessions on site and will be overseeing the mentoring relationships. They will have group sessions three times a week for the guys and one time a week for the girls and will also ensure that the youth is actively involved in all program activities. New Life Centers of Chicagoland will actively track the mentor-mentee relationship and maintain case files on all youth. In addition, they will communicate with the probation officer and a New Life court advocate will be with the youth at their assigned court date.

- e) Does the contractor have knowledge of the program? If yes, how is this a benefit to the program?

New Life Centers of Chicagoland has an in-depth knowledge of the program as they have already been running this program for the past five years. This continuity in service has contributed to the effectiveness of New Life Centers of Chicagoland in serving the community and youth. New Life Centers of Chicagoland has developed a system of referrals and partnerships to maximize the potential success of the youth and their families. They know and understand the community and the youth involved in the program better than any other agency. New Life Centers of Chicagoland have built a strong relationship with the community members and with other community agencies. This helps them in better understanding the problem and possible solutions.

- f) Is this the ONLY contractor that can supply these kinds of services or items?
If YES, how did your agency determine that this is the only contractor that can supply them?

New Life Centers of Chicagoland was originally selected as a community partner under the State's Attorney's Project Reclaim Program after reviewing reports from the State's Attorney's Office, Chicago Police Department and figures from the Cook County Clerk's Office. The Little Village area whose boundaries are Cermak/22nd Street to 32nd Street, California to Cicero was deemed as an underserved population in need of specialized youth-centered programs. This area is controlled by the Latin Kings to the east and the 2 Sixers to the west. These are rival gangs who are very violent and cannot be crossed. This program works to keep neighborhood kids from joining gangs and to help other kids get out of the gangs. The State's Attorney's Juvenile Justice Bureau

- searched for community partners that were willing to implement or were currently implementing programs that were capable of being expanded to fit the needs of this community. New Life Centers of Chicagoland is the only intensive gang intervention program in the Little Village neighborhood. Based on the reports that were reviewed they are the only agency located in this community that use a Balanced and Restorative model, work directly with the Juvenile Courts, the Cook County Juvenile Probation Department and can financially sustain this program.

If NO, how did your agency find out about these other contractors? Why is your agency proposing to use a non-competitive, sole-source procurement when other contractors are available?

- 3) If applicable, explain any time constraints that would be involved in a competitive procurement by answering the following:
- a) When does your agency want to start this service or purchase these items and why is this date important?

In order to maintain continuity in relationships with neighborhood entities as well as the youth and families served, it is important that the funds provided through this non-competitive, sole source procurement are available to New Life Centers of Chicagoland on the commencement date of the FY10 JABG funds, which is November 27, 2012.

- b) Will the program be affected if the start date or purchase is delayed to allow for a competitive procurement? If yes, how will the program be affected?

Because the performance period of the current agreement will begin November 27, 2012 and competitive procurement would take approximately 4-5 months to complete, the gap in program services would seriously hamper the intent of the project.

- c) How long would it take another contractor to reach the same level of competence as this contractor?

Based on the experience of New Life Centers of Chicagoland and the large number of volunteer staff, and the intensity of the program, it would take approximately 6 months to 1 year of time for another agency to be fully functional. It would also take a large amount of resources to be able to bring the program to the level of service that we have maintained.

- d) Are there financial implications if the start date or purchase is delayed for a competitive procurement? If yes, what are the financial implications?

With the current agreement beginning November 27, 2012, a 4-5 month competitive procurement process coupled with the time it would take for a new agency to begin providing services would effectively waste a good deal of the service period and would result in a significant amount of unspent funds at the end of the funding period.

- 4) Are there any other factors that support the sole source procurement? If yes, describe these other factors.

No.

I, Jean Perreche, certify that this sole source procurement is in the best interest of the program and that the above statements, to the best of my knowledge, are true and accurate.
