Contractor shall be in default hereunder in the event of a material breach by Contractor of any term or condition of this Contract including, but not limited to, a representation or warranty, where Contractor has failed to cure such breach within ten (10) days after written notice of breach is given to Contractor by the County, setting forth the nature of such breach.

In the event Contractor shall breach any material terms or conditions of this Contract on more than one occasion during any twelve month period during the term hereof, or in the event Contractor expresses an unwillingness or inability to continue performing the Contract in accordance with its terms, the County may, at its option, declare the Contractor to be in default and the County shall be entitled to exercise all available remedies including, but not limited to, termination of the Contract, without affording the Contractor further opportunity to cure such breach. Failure of County to give written notice of breach to the Contractor shall not be deemed to be a waiver of the County's right to assert such breach at a later time, should the Contractor commit a subsequent breach of this Contract.

A material breach of the contract by the Contractor includes but is not limited to the following:

1. Failure to begin performance under this Contract within the specified time;

GC-13 COUNTY'S REMEDIES

Following notice of material breach to Contractor, the County reserves the right to withhold payments otherwise owed to Contractor until such time as Contractor has cured the breach.

If the Contractor fails to remedy a material breach during the ten (10) day cure period pursuant to General Condition GC-12, Default, or if Contractor commits a subsequent material breach within a twelve month period or expresses an unwillingness or inability to continue performing the Contract in accordance with its terms, the County shall have the right to terminate this Contract upon written notice to the Contractor which shall set forth the effective date of such termination.

In addition, the County shall have the right to pursue all remedies in law or equity.

GC-14 CONTRACTOR'S REMEDIES

If the County has been notified of breach and fails to remedy the breach during the ninety (90) day cure period pursuant to General Condition GC-12; Default, the Contractor shall have the right to terminate this Contract upon not less than thirty (30) days prior written notice to the County, which notice shall set forth the effective date of termination.

Contractor shall have the right to pursue all remedies available in law or equity. In all cases the Contractor's damages shall be those actual provable damages not to exceed the amount of the Contract as awarded by the Cook County Board of Commissioners less all amounts paid to Contractor. In no event shall Contractor be entitled to any consequential damages. Irrespective of the exercise of remedies hereunder, Contractor shall not disrupt the County's operations or repossess any component thereof.

GC-15 DELAYS

Contractor agrees that no charges or claims for damages shall be made by Contractor for any delays or hindrances from any cause whatsoever during the progress of any portion of this Contract.

GC-16 MODIFICATIONS AND AMENDMENTS

The parties may during the term of the Contract make modifications and amendments to the Contract but only as provided in this section. Such modifications and amendments shall only be made by mutual agreement in writing.

In the case of Contracts not approved by the Board, the Chief Procurement Officer may amend a contract provided that any such amendment does not extend the Contract by more than one (1) year, and further provided that the total cost of all such amendments does not increase the total amount of the Contract beyond \$150,000. Such action may only be made with the advance written approval of the Chief Procurement Officer. If the amendment extends the Contract beyond one (1) year or increases the total award amount beyond \$150,000, then Board approval will be required.

In the case of Contracts approved by the Board, the total cost of all such amendments shall not increase the Contract by more than 10% of the original contract award and the term may only be extended for up to one (1) year. Such action may only be made with the advance written approval of the Chief Procurement Officer.

In the case of Contracts approved by the Board, modifications and amendments which individually or cumulatively result in additional costs of greater than 10% of the original awarded amount or which extend the term of the Contract by more than one (1) year shall be deemed as authorized with the advance approval of the Cook County Board of Commissioners.

No County department or employee thereof has authority to make any modifications or amendments to this Contract. Any modifications or amendments to this Contract made without the express written approval of the Chief Procurement Officer is void and unenforceable.

GC-17 PATENTS, COPYRIGHTS AND LICENSES

Contractor shall furnish the Director of the Using Department with all licenses required for the County to utilize any software, including firmware or middleware, provided by Contractor as part of the Deliverables. Such licenses shall be clearly marked with a reference to the number of this County Contract. Contractor shall also furnish a copy of such licenses to the Chief Procurement Officer. Unless otherwise stated in these Contract documents, such licenses shall be perpetual and shall not limit the number of persons who may utilize the software on behalf of the County.

Contractor agrees to hold harmless and indemnify the County, its officers, agents, employees and affiliates from and defend, at its own expense (including reasonable attorneys', accountants' and consultants' fees), any suit or proceeding brought against County based upon a claim that the ownership and/or use of equipment, hardware and software or any part thereof provided to the County or utilized in performing Contractor's services constitutes an infringement of any patent, copyright or license or any other property right.

In the event the use of any equipment, hardware or software or any part thereof is enjoined, Contractor with all reasonable speed and due diligence shall provide or otherwise secure for County, at the Contractor's election, one of the following: the right to continue use of the equipment, hardware or software; an equivalent system having the Specifications as provided in this Contract; or Contractor shall modify the system or its component parts so that they become non-infringing while performing in a substantially similar manner to the original system, meeting the requirements of this Contract.

GC-18 COMPLIANCE WITH THE LAWS

The Contractor shall observe and comply with the laws, ordinances, regulations and codes of the Federal, State, County and other local government agencies which may in any manner affect the performance of the Contract including, but not limited to, those County Ordinances set forth in the Certifications attached hereto and incorporated herein. Assurance of compliance with this requirement by the Contractor's employees, agents or subcontractors shall be the responsibility of the Contractor.

The Contractor shall secure and pay for all federal, state and local licenses, permits and fees required hereunder.

GC-19 MINORITY AND WOMEN BUSINESS ENTERPRISES
COOK COUNTY ORDINANCE CHAPTER 10-43.7 PROFESSIONAL AND
CONSULTING SERVICE AND SOLE SOURCE

I. POLICY AND GOALS

- A. It is the policy of the County of Cook to prevent discrimination in the award of or participation in the County contracts and to eliminate arbitrary barriers for participation, as both prime and subcontractors, in such contracts by local businesses certified as Minority Business Enterprises (MBE) and Women- Owned Business Enterprises (WBE). In furtherance of this policy, the Cook County Board of Commissioners has adopted a Minority-and-Women-Owned Business Enterprise Ordinance (the "Ordinance") which establishes a "best efforts" goal of awarding not less than thirty-five percent (35%) of the annual total dollar amount of professional, consulting service and sole source contracts and agreements to certified MBEs and WBEs.
- B. A Proposer may achieve the MBE/WBE participation goals by its status as a MBE or WBE; by entering into a joint venture with one or more MBEs and/or WBEs; by subcontracting a portion of the work to one or more MBEs or WBEs; by entering into a Mentor-Protégé Agreement with a MBE or WBE; by the indirect participation of MBEs or WBEs in other aspects of the Proposer's business; or by a combination of the foregoing.

MINORITY AND WOMEN BUSINESS ENTERPRISES
COOK COUNTY ORDINANCE CHAPTER 10-43.7 PROFESSIONAL AND
CONSULTING SERVICE AND SOLE SOURCE (CON'T.)

- C. A Waiver Request must be submitted with the Proposal, documenting the inability of the Proposer to meet the goals, and providing written evidence of "Good Faith Efforts," to obtain goals.
- D. A Proposer's failure to carry out its MBE/WBE commitments in the course of performance on a contract shall constitute a material breach of the contract, and if such breach is not appropriately cured, may result in the termination of the contract or such other remedies authorized by the Ordinance as the County deems appropriate.

II. **REQUIRED SUBMITTALS**

To be considered responsive to the requirements of the Ordinance, a Proposer shall submit Items A, B and C listed below. All documentation submitted shall be reviewed by the Contract Compliance Administrator. Failure to submit one of the items required shall be cause to consider a contract non-responsive to the Ordinance goals and may be rejected.

A. **MBE/WBE Participation Documentation**

Each Proposer shall submit supporting documentation which evidences efforts taken to achieve the County's "best efforts" MBE/WBE participation goals. Such documentation shall include:

1. A **Utilization Plan** identifying all firms intended to be utilized to fulfill the goals; the MBE/WBE status of each firm; the name, address, e-mail address and telephone number of the contact person for each MBE/WBE firm; the dollar value of the goods and services to be provided by the MBE/WBE firm; and the dollar value expressed as a percentage (%) of the total value of the purposed contract. (See Section I)
2. A **Letter of Intent** for each MBE/WBE containing specific information regarding goods to be provided or services to be performed by the MBE/WBE; the dollar value of the goods or services, the percentage (%) of the dollar value; and the original signatures of the appropriate officer for both the Proposer and the MBE/WBE. (See Exhibit II)
3. Current **Letter of Certification** for each MBE/WBE firm. Acceptable certifying agencies are: Cook County, Illinois Unified Certification Program (IUCP) and U. S. Small Business Administration. (SBA) (8A) or any other governmental body or agency approved by the Contract Compliance Administrator as applying certification standards substantially similar to those applied by the County of Cook may also be accepted.
4. **Waiver/Goal Reduction Petition** must be included at the time of the submission of the Proposal document. Where the Proposer does not include all documentation in support of the Petition at the time of submission, such documentation must be submitted to the Office of Contract Compliance not less than three (3) business days after the submission date.

MINORITY AND WOMEN BUSINESS ENTERPRISES
COOK COUNTY ORDINANCE CHAPTER 10-43.7 PROFESSIONAL AND
CONSULTING SERVICE AND SOLE SOURCE (CON'T.)

The Contract Compliance Administrator retains the right to reject the certification of any MBE or WBE on the ground that it does not meet the County's definition of a MBE or WBE.

B. Use of MBE/WBE Professionals

In accordance with 41 U.S.C. § 22, the Contractor agrees that it will not admit any member of or delegate to the United States Congress to any share or part of the Contract or any benefit derived therefrom.

2. False or Fraudulent Statements and Claims

(a) The Contractor recognizes that the requirements of the Program Fraud Civil Remedies Act of 1986, as amended, 49 U.S.C. §§ 3081 et seq and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to the Contract. Accordingly, by signing the Contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, or it may make pertaining to the Contract, including without limitation any invoice for its services. In addition to other penalties that may be applicable, the Contractor also acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986, as amended, on the Contractor to the extent the Federal Government deems appropriate.

(b) The Contractor also acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification to the County or Federal Government in connection with an urbanized area formula project financed with Federal assistance authorized by 49 U.S.C. § 5307, the Government reserves the right to impose on the Contractor the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1), to the extent the Federal Government deems appropriate.

3. Federal Interest in Patents

(a) **General.** If any invention, improvement, or discovery of the Contractor is conceived or first actually reduced to practice in the course of or under the Contract, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the Contractor agrees to notify County immediately and provide a detailed report.

(b) **Federal Rights.** Unless the Federal Government later makes a contrary determination in writing, the rights and responsibilities of the County, Contractor, and the Federal Government pertaining to that invention, improvement, or discovery will be determined in accordance with applicable Federal laws and regulations, including any waiver thereof. Unless the Federal Government later makes a contrary determination in writing, the Contractor agrees that, irrespective of its status or the status of any subcontractor at any tier (e.g., a large business, small business, non-profit organization, institution of higher education, individual), the Contractor agrees it will transmit to the Federal Government those rights due the Federal Government in any invention resulting from the contract.

4. Federal Interest in Data and Copyrights

- (a) **Definition.** The term "subject data" used in this section means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under the Contract. Examples include, but are not limited, to: computer software, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information. The term "subject data" does not include financial reports, cost analyses, and similar information incidental to Contract administration.
- (b) **Federal Restrictions.** The following restrictions apply to all subject data first produced in the performance of the Contract. Except as provided in the Contract and except for its own internal use, the Contractor may not publish or publicly reproduce subject data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the written consent of the County and the Federal Government, until such time as the Federal Government may have either released or approved the release of such data to the public.
- (c) **Federal Rights in Data and Copyrights.** In accordance with subparts 34 and 36 of the Common Rule, the County and the Federal Government reserve a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for County or Federal Government purposes, the types of subject data described below. Without the copyright owner's consent, the County and Federal Government may not extend their license to other parties.
- (1) Any subject data developed under the contract or subagreement financed by a federal Grant Agreement or Cooperative Agreement, whether or not a copyright has been obtained; and
- (2) Any rights of copyright which the Contractor purchases ownership with Federal assistance.
- (d) **Special Federal Rights for Planning Research and Development Projects.** When the Federal Government provides financial assistance for a planning, research, development, or demonstration project, its general intention is to increase public knowledge, rather than limit the benefits of the project to participants in the project. Therefore, unless the Federal Government determines otherwise, the Contractor on a planning, research, development, or demonstration project agrees that, in addition to the rights in data and copyrights set forth above, the County or Federal Government may make available to any third party either a license in the copyright to the subject data or a copy of the subject data. If the project is not completed for any reason whatsoever, all data developed under the project will become subject data and will be delivered as the County or Federal Government may direct. This subsection, however, does not apply to adaptations of automatic data processing equipment or previously existing software programs for the County's use whose costs are financed with Federal transportation funds for capital projects.

- (e) **Hold Harmless.** Unless prohibited by state law, upon request by the County or the Federal Government, the Contractor agrees to indemnify, save, and hold harmless the County and the Federal Government and their officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under the Contract. The Contractor will not be required to indemnify the County or Federal Government for any such liability arising out of the wrongful acts of employees or agents of the County or Federal Government.
- (f) **Restrictions on Access to Patent Rights.** Nothing contained in this section on rights in data will imply a license to the County or Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the County or Federal Government under any patent.
- (g) **Application on Materials Incorporated into Project.** The requirements of Subsections 2, 3, and 4 of this Section do not apply to material furnished by the County and incorporated into the work.

5. **Records and Audits**

Contractor will deliver or cause to be delivered all documents (including but not limited to all Deliverables and supporting data, records, graphs, charts and notes) prepared by or for the County under the terms of this Agreement to the County promptly in accordance with the time limits prescribed in this Contract, and if no time limit is specified, then upon reasonable demand therefor or upon termination or completion of the Services hereunder. In the event of the failure by the Contractor to make such delivery, then and in that event, the Contractor will pay to County reasonable damages the County may sustain by reason thereof.

The County and the Federal Government will have the right to audit all payments made to the Contractor under this Agreement. Any payments to the Contractor which exceed the amount to which the Contractor is entitled under the terms of this Agreement will be subject to set-off.

The Contractor will keep and retain records relating to this Agreement and will make such records available to representatives of the County and the Federal Government, including without limitation the sponsoring federal agency, other participating agencies, and the Comptroller General of the United States, at reasonable times during the performance of this Agreement and for at least five years after termination of this Agreement for purposes of audit, inspection, copying, transcribing and abstracting.

No provision in this Agreement granting the County or the Federal Government a right of access to records is intended to impair, limit or affect any right of access to such records which the County or the Federal Government would have had in the absence of such provisions.

6. Environmental Requirements

The Contractor recognizes that many Federal and state laws imposing environmental and resource conservation requirements may apply to the Contract. Some, but not all, of the major Federal Laws that may affect the Contract include: the National Environmental Policy Act of 1969, as amended, 42 U.S.C. §§ 4321 et seq.; the Clean Air Act, as amended, 42 U.S.C. §§ 7401 et seq. and scattered sections of 29 U.S.C.; the Clean Water Act, as amended, scattered sections of 33 U.S.C. and 12 U.S.C.; the Resource Conservation and Recovery Act, as amended, 42 U.S.C. §§ 6901 et seq.; and the Comprehensive Environmental Response, Compensation, and Liability Act, as amended, 42 U.S.C. §§ 9601 et seq. The Contractor also recognizes that U.S. EPA, U.S. DOT and other agencies of the Federal Government have issued and are expected in the future to issue regulations, guidelines, standards, orders, directives, or other requirements that may affect the Contract. Thus, the Contractor agrees to adhere to, and impose on its subcontractors, any such Federal requirements as the Federal Government may now or in the future promulgate. Listed below are requirements of particular concern. The Contractor acknowledges that this list does not constitute the Contractor's entire obligation to meet all Federal environmental and resource conservation requirements. The Contractor will include these provisions in all subcontracts.

- (a) **Environmental Protection.** The Contractor agrees to comply with the applicable requirements of the National Environmental Policy Act of 1969, as amended, 42 U.S.C. §§ 4321 et seq. in accordance with Executive Order No. 12898, "Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations," 59 Fed. - (b) **Air Quality.** The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. §§ 7401 et seq. Specifically, the Contractor agrees to comply with applicable requirements of U.S. EPA regulations, "Conformity to State of Federal Implementation Plans of Transportation Plans, Programs, and Projects Developed, Funded or Approved Under Title 23 U.S.C. or the Federal Transit Act," 40 C.F.R. Part 51, Subpart T; and "Determining Conformity of Federal Actions to State or Federal Implementation Plans," 40 C.F.R. Part 93. The Contractor further agrees to report and require each subcontractor at any tier to report any violation of these requirements resulting from any Contract implementation activity to the County and the appropriate U.S. EPA Regional Office.
- (c) **Clean Water.** The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. §§ 1251 et seq. The Contractor further agrees to report and require each subcontractor at any tier to report any violation of these requirements resulting from any Contract implementation activity to the County and the appropriate U.S. EPA Regional Office.
- (d) **List of Violating Facilities.** The Contractor agrees that any facility to be used in the performance of the Contract or to benefit from the Contract will not be listed on the U.S. EPA List of Violating Facilities ("List"), and the Contractor will promptly notify the County if the Contractor receives any communication from the U.S. EPA that such a facility is under consideration for inclusion on the List.

- (e) Preference for Recycled Products: To the extent practicable and economically feasible and to the extent that it does not reduce or impair the quality of the work, the Contractor agrees to use recycled products in performance of the Contract pursuant to U.S. Environment Protection Agency (U.S. EPA) guidelines at 40 C.F.R. Parts 247-253, which implement section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962.
7. No Exclusionary or Discriminatory Specifications
- Apart from inconsistent requirements imposed by Federal statute or regulations, the Contractor agrees that it will comply with the requirements of 49 U.S.C. § 5323(h)(2) by refraining from using any Federal assistance to support subcontracts procured using exclusionary or discriminatory specifications.
8. Cargo Preference - Use of United States Flag Vessels
- The Contractor agrees to comply with U.S. Maritime Administration regulations, "Cargo-Preference -- U.S. Flag Vessels," 49 C.F.R. Part 381, and to include the clauses required by those regulations, modified as necessary to identify the affected parties, in each subcontract or subagreement involving equipment, materials, or commodities suitable for transport by ocean vessel.
9. Fly America
- Section 14.c of the Master Agreement states that if the contract or subcontracts may involve the international transportation of goods, equipment, or personnel by air, the contract must require Contractors and subcontractors at every tier to use U.S.-flag air carriers, to the extent service by these carriers is available. 49 U.S.C. 40118 and 4 C.F.R. Part 52.
10. No Federal Government Obligations to Third Parties
- The Contractor agrees that, absent the Federal Government's express written consent, the Federal Government will not be subject to any obligations or liabilities to any contractor or any other person not a party to the Grant Agreement or Cooperative Agreement between the County and the Federal Government which is a source of funds for this Contract. Notwithstanding any concurrence provided by the Federal Government in or approval of any solicitation, agreement, or contract, the Federal Government continues to have no obligations or liabilities to any party, including the Contractor.
11. Allowable Costs
- Notwithstanding any compensation provision to the contrary, the Contractor's compensation under this Contract will be limited to those amounts which are allowable and allocable to the Contract in accordance with OMB Circular A-87 and the regulations in 49 C.F.R. Part 18. To the extent that an audit reveals that the Contractor has received payment in excess of such amounts, the County may offset such excess payments against any future payments due to the Contractor and, if no future payments are due or if future payments are less than such excess, the Contractor will promptly refund the amount of the excess payments to the County.

12. Trade Restrictions

Contractor certifies that neither it nor any Subcontractor:

- (a) is owned or controlled by one or more citizens of a foreign country included in the list of countries that discriminate against U.S. firms published by the Office of the United States Trade Representative (USTR);
- (b) has knowingly entered into any contract or subcontract with a person that is a citizen or national of a foreign country on said list, nor is owned or controlled directly or indirectly by one or more citizens or nationals of a foreign country on said list;
- (c) will procure, subcontract for, or recommend any product that is produced in a foreign country on said list.

Unless the restrictions of this clause are waived by the Secretary of Transportation in accordance with 49 CFR 30.17, no Notice-to-Proceed will be issued to an entity who is unable to certify to the above. If Contractor knowingly procures or subcontracts for the supply of any product or service of a foreign country on said list for use on the project, the USDOT may direct, through the County, cancellation of the Contract at no cost to the Government.

Further, Contractor agrees that it will incorporate this provision for certification without modification in each subcontract. Contractor may rely on the certification of a prospective Subcontractor unless it has knowledge that the certification is erroneous. Contractor will provide immediate written notice to the County if it learns that its certification or that of a Subcontractor was erroneous when submitted or has become erroneous by reason of changed circumstances. Each Subcontractor must agree to provide written notice to Contractor if at any time it learns that its certification was erroneous by reason of changed circumstances. Nothing contained in the foregoing will be construed to require establishment of a system of records in order to render, in good faith, the certification required by this provision. The knowledge and information of the Contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

This certification concerns a matter within the jurisdiction of an agency of the United States of America and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18, United States Code, Section 100

13. Contract Work Hours and Safety Standards Act

If applicable according to their terms, the Contractor agrees to comply and assures compliance with sections 102 and 107 of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. §§ 327 through 333, and implementing U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Nonconstruction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 C.F.R. Part 5; and U.S. DOL regulations, "Safety and Health Regulations for Construction," 29 C.F.R. Part 1926. In addition to other requirements that may apply:

- (a) In accordance with section of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. §§ 327 through 332, the Contractor agrees and assures that, for the Contract, the wages of every mechanic and laborer will be computed on the basis of a standard work week of 40 hours, and that each worker will be compensated for work exceeding the standard work week at a rate of not less than 1.5 times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The Contractor agrees that determinations pertaining to these requirements will be made in accordance with applicable U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Nonconstruction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 C.F.R. Part 5.
- (b) In accordance with section 107 of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. § 333, the contractor agrees and assures that no laborer or mechanic working on a construction contract will be required to work in surroundings or under working conditions that are unsanitary, hazardous, or dangerous to his or her health and safety, as determined in accordance with U.S. DOL regulations, "Safety and Health Regulations for Construction," 29 C.F.R. Part 1926.

14. Veteran's Preference

In the employment of labor (except in executive, administrative, and supervisory positions), preference will be given to Vietnam-era veterans and disabled veterans. However, this preference may be given only where individuals are available and qualified to perform the work to which employment relates.

15. Copyright Ownership

Consultant and the County intend that, to the extent permitted by law, the Deliverables to be produced by Consultant at the County's instance and expense pursuant to this Agreement are conclusively deemed "works made for hire" within the meaning and purview of Section 101 of the United States Copyright Act, 17 U.S.C. §101 et seq. (the "Copyright Act"), and that the County will be the copyright owner of the Deliverables and of all aspects, elements and components of them in which copyright can subsist.

To the extent that any Deliverable does not qualify as a "work made for hire," Consultant irrevocably grants, conveys, bargains, sells, assigns, transfers and delivers to the County, its successors and assigns, all right, title and interest in and to the copyrights and all U.S. and foreign copyright registrations, copyright applications and copyright renewals for them, and other intangible, intellectual property embodied in or pertaining to the Deliverables prepared for the County under this Agreement, free and clear of any liens, claims or other encumbrances, to the fullest extent permitted by law. Consultant will execute all documents and perform all acts that the County may reasonably request in order to assist the County in perfecting its rights in and to the copyrights relating to the Deliverables, at the sole expense of the County. Consultant warrants to County, its successors and assigns, that on the date of transfer Consultant is the lawful owner of good and marketable title in and to the copyrights for the Deliverables and has the legal rights to fully assign them. Consultant further warrants that it has not assigned any copyrights nor granted any licenses, exclusive or nonexclusive, to any other party, and that it is not a party to any other agreements or subject to any other restrictions with respect to the Deliverables. Consultant warrants and represents that the Deliverables are complete and comprehensive, and the Deliverables are a work of original authorship.

16. Accessibility Compliance

If this Agreement involves design for construction, the Consultant warrants that all design documents produced or utilized under this Agreement and all construction or alterations undertaken under this Agreement will comply with all federal, state and local laws and regulations regarding accessibility standards for persons with disabilities or environmentally limited persons including, but not limited to, the following: the Americans with Disabilities Act of 1990, 42 U.S.C. § 12101 et seq. and the Americans with Disabilities Act Accessibility Guidelines for Buildings and Facilities ("ADAAG"); the Architectural Barriers Act, Pub. L. 90-480 (1968), and the Uniform Federal Accessibility Standards ("UFAS"); and the Illinois Environmental Barriers Act, 410 ILCS 25/1 et seq., and all regulations promulgated thereunder, see Illinois Administrative Code, Title 71, Chapter 1, Section 400.110. If the above standards are inconsistent, the Consultant must comply with the standard providing the greatest accessibility. Also, the Consultant must, prior to construction, review the plans and specifications to insure compliance with the above referenced standards. If the Consultant fails to comply with the foregoing standards, the Consultant must perform again, at no expense, all services required to be re-performed as a direct or indirect result of such failure.

17. Visual Rights Act Waiver

The Consultant/Contractor waives any and all rights that may be granted or conferred under Section 106A and Section 113 of the United States Copyright Act, (17 U.S.C. § 101 et seq.) (the "Copyright Act") in any work of visual art that may be provided pursuant to this Agreement. Also, the Consultant/Contractor represents and warrants that the Consultant/Contractor has obtained a waiver of Section 106A and Section 113 of the Copyright Act as necessary from any employees and subcontractors, if any.

18. Equal Employment Opportunity

All contracts shall contain a provision requiring compliance with E.O. 11246, "Equal Employment Opportunity," as amended by E.O. 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and as supplemented by regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

19. Copeland "Anti-Kickback" Act (18 U.S.C. 874 and 40 U.S.C. 276c)

The Act provides that each contractor or subrecipient shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The recipient shall report all suspected or reported violations to the Federal awarding agency.

20. Davis-Bacon Act, as amended (40 U.S.C. 276a to a-7)

When required by Federal program legislation, all construction contracts awarded by the recipients and subrecipients of more than \$2000 shall include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 276a to a-7) and as supplemented by Department of Labor regulations (29 CFR part 5, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction"). Under this Act, contractors shall be required to pay wages to laborers and mechanics at a rate not less than the minimum wages specified in a wage determination made by the Secretary of Labor. In addition, contractors shall be required to pay wages not less than once a week. The recipient shall place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation and the award of a contract shall be conditioned upon the acceptance of the wage determination. The recipient shall report all suspected or reported violations to the Federal awarding agency.

21. Contract Work Hours and Safety Standards Act (40 U.S.C. 327-333)

Where applicable, all contracts awarded by recipients in excess of \$2000 for construction contracts and in excess of \$2500 for other contracts that involve the employment of mechanics or laborers shall include a provision for compliance with Sections 102 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-333), as supplemented by Department of Labor regulations (29 CFR part 5). Under Section 102 of the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than 1 ½ times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

22. Rights to Inventions Made Under a Contract or Agreement

Contracts or agreements for the performance of experimental, developmental, or research work shall provide for the rights of the Federal Government and the recipient in any resulting invention in accordance with 37 CFR part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

23. Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.), as amended

Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient.

25. Debarment and Suspension (E.O.s 12549 and 12689)

No contract shall be made to parties listed on the General Services Administration's List of Parties Excluded from Federal Procurement or Nonprocurement Programs in accordance with E.O.s 12549 and 12689, "Debarment and Suspension." PROGRAM NARRATIVE**

JUVENILE ACCOUNTABILITY INCENTIVE BLOCK GRANT PROGRAM

Please respond to each of the items in the following seven sections. The answers to these questions will be your proposal. You may use additional sheets if necessary.

I. Description of Organization

In this section, we are trying to gain a general sense of your agency's overall goals and activities, NOT solely the program for which you are seeking JAIBG funds.

1. Please provide a *brief* description of your agency.

The Homewood Flossmoor Peer Jury Program is a juvenile diversion program which operates under the auspices of the Homewood, Flossmoor, East Hazel Crest, Glenwood and Chicago Heights police departments. The purpose of this program is to address the Balanced and Restorative Justice approach to juvenile crime by emphasizing the issues of accountability, competency development and community safety. The goal of the Homewood Flossmoor Peer Jury program is to provide a viable alternative to court prosecution and conflict resolution for first time or early juvenile offenders in the south suburban area, and thereby reducing recidivism, and relieving the court system and sponsoring police departments of cases that could be more effectively resolved through an alternative dispute resolution process, such as peer jury.

This section will help us understand the program for which you are seeking JAIBG funds. **Do not** include a description of activities that will not be funded with JAIBG (federal and match) funds.

1. List the Goal and Objective of this program. (This section should reflect the goal and objective from your CEP).

Goal:

To sustain, expand and enhance the Homewood Flossmoor Peer Jury Program. It is our desire and intention to add another referring police department for this funding year.

Objective:

To conduct two to four restorative justice trainings of teen volunteers, juvenile officers and adult volunteers to assist in the facilitation of peer jury hearings and peacemaking circles.

To establish community service days in the south suburban community for the referred teens

To make the peer jury coordinator, juvenile officers, adult and teen volunteers more accessible, and known to the communities by way of community forums, presentations, newsletters, website formation and other similar communication.

To reach out to other south suburban police departments to inform and educate the officers on the value of restorative justice and its use in the juvenile justice system, and how it can reduce recidivism.

3. Please provide a narrative description of the program that is being proposed. This explanation should not exceed one page and should include what strategies will be used to successfully implement the program.

Funding for the restorative justice program (JABG Purpose area 14) will be designed to provide a meaningful and remedial method of dealing with selected juveniles without reference to the court. Peer jury is about youth accountability, competency development and community safety, taking into account the referred teen, community and victim. A case is diverted to the peer jury for hearing by a jury of volunteer teens and an adult moderator when (a) the referred teen admits having committed the offense; (b) the victim has input; either in person or in writing (c) the juvenile officer determines that such a diversion is appropriate; and, (d) the referred teen and his /her parent or guardian consent in writing to participate in the Peer Jury Program. The purpose of this program is to address the Balanced and Restorative Justice approach to juvenile crime by emphasizing the issues of accountability, competency development and community safety while providing a practical alternative to court.

The Homewood Flossmoor Peer Jury Program currently manages cases from the Villages of Homewood, Flossmoor, East Hazel Crest, Glenwood and Chicago Heights, Illinois. Since its inception in February, 2006, over 285 cases have been heard, with an approximate recidivism rate of two (2%) to three (3%). For the purpose of this funding request we will continue to expand services in those communities. We will conduct two (2) peer jury trainings for teens, adults and juvenile officers. Each training will accommodate a maximum of 15 participants and will be two (2) days in length. Program resources will insure that the participants will understand the principles of balanced and restorative justice.

Additionally, for the purposes of this funding request, we will establish community service days that will allow referred teens to repair the harm and become accountable for their actions. The program will need the support and participation of community service sites, as well as adults to oversee the work performed. Resources will

be needed to ensure that sufficient supervision is delivered and that the necessary tools and equipment are available to complete the monthly community service work, which would consist of a four (4) to six (6) hour work day, one day per month. Once the framework for the community service days is established, subsequent activities will include the development of a resource guide for south suburban families to serve youths and their families in obtaining needed services, including, but not limited to, counseling, anger management, smoking cessation, drug and alcohol awareness (including the use of on-line education), gang awareness and mentoring programs. This resource guide would be available to various police departments, hospitals, Township Youth Committee/Departments, and community social service agencies. Our program has also implemented monthly peace circles and referred teens are given credit toward their community service if they voluntarily attend a monthly peace circle. Peace Circles are facilitated by community members who have been trained through our program in the peacemaking circle process.

Collaboration:

There is a collaborative effort of many stakeholders that allow us to use their site for hearings, community service, competency development and training. Our community service sites allows the teens to form meaningful working relationships with people outside their peer groups; develop a deeper understanding of the causes and effects of community problems and allows the teen to gain a sense of their own effectiveness. Some of our partners are: Irons Oaks Environmental Center (Olympia Fields, Illinois), Irons Oaks Adventure Center (Olympia Fields, Illinois), South Suburban Council on Alcoholism (Hazel Crest), South Cook County Girl Scouts (Homewood, Illinois), Prairie State College (Chicago Heights, Illinois), Independent Days Adult Care (Homewood, Illinois), Saturday Sanctions Program (Chicago Heights, Illinois); the Village of Matteson Victim Impact Panels, The Village of Homewood, and the Village of Flossmoor, the Village of East Hazel Crest, the Village of Glenwood, the City of Chicago Heights, Bartel Grasslands in Matteson, Greater Faith Baptist Church in Chicago Heights, PADS, and Respond Now in Chicago Heights.

Support and Assistance:

This program will provide on-going assistance and support by providing:

- Re-training or re-fresher training;
- Pre-hearing/conferencing preparation;
- Preparation of necessary paperwork to schedule and conduct a hearing;
- Coordination of all teen and adult volunteers;
- Supervision and management of hearings, deliberations and discharge hearings;
- All case management; and,
- Maintaining volunteer data base.

Steps for Sustainability:

In addition to the direct service work outlined above, this program will assist the local municipalities in seeking funds from other sources to increase the prospects for sustainability. Such efforts might include:

- Convincing law enforcement agencies to reallocate resources for accountability and restorative justice initiatives;
- Appropriating municipal operating funds;
- Applying for grants or contracts;
- Approaching foundations and philanthropic organizations for financial support; and,
- Developing fee structures for the services provided.

III. Statement of Problem

This section should document the problem(s) faced by juveniles in your area that explains why this program is needed. Describe the juvenile crime and delinquency problem in your area and how it has changed in recent years. If the problem is system-oriented (e.g. insufficient number of detention beds), provide sufficient information to describe how the problem developed. Include as much quantitative data as possible; anecdotal information should be provided only if it supports quantitative data. Be sure to include a description of current efforts to address the problem(s), along with an explanation of why these efforts are not sufficiently reducing or eliminating the problem. When applicable, provide information that demonstrates an understanding of previous effective and/or ineffective efforts to address similar problems. Please limit your problem statement to two pages.

The south suburban area has seen an increase in juvenile arrests. This trend is not only disturbing but burdens the community, local police departments, juvenile officers, and court system. The communities and families affected by this disruption experience a destabilization of their community.

Research has revealed that when juveniles commit crime there is generally an underlying reason for their behavior and the underlying issues must be explored and resolved in order to effectively reduce or eliminate future criminality. Simply releasing a juvenile to his/her parent, and paying a fine, without intervention by trained personnel, will not always resolve errant juvenile behavior. In the communities of Homewood, Flossmoor, East Hazel Crest, Glenwood, and Chicago Heights, the most common offenses for which juveniles are released to their parents are for local ordinance citations such as, battery, aggravated assault, assault, theft, retail theft, criminal damage to property, criminal trespass to land, criminal trespass to property, disorderly conduct, harassment by telephone, possession of cannabis, possession of alcohol by a minor, possession of fireworks and curfew.

Another facet of the juvenile offender problem is the impact the juvenile's behaviors have on other people and organizations within, or affiliated with, the aforesaid villages, such as the local elementary schools, Homewood Flossmoor High School, Marian Catholic High School, Bloom Township Schools, the Homewood-Flossmoor Park District and the local religious and civic organizations to name a few. These organizations and individuals often suffer monetary loss, damaged property and diminished enjoyment of community or civic events as a result of criminal behavior committed by juveniles who have never been held accountable for their actions. A common problem within the traditional juvenile court system is that the victim of the crime is traditionally a passive witness and sometimes an observer during court proceedings. The juvenile offender is not forced to personalize his/her criminal act in this venue. Nor is he or she held responsible to restore the community or victim.

An additional factor adding to the problem in which juvenile cases are resolved is the time constraints of the detectives/juvenile officers. Because each investigator's time is limited, only the most serious or "high profile" cases involving juvenile offenders are addressed by the Police Department investigators. Approximately 87% of all juvenile offenders are not currently being adjudicated in the juvenile court system, in part, due to increased caseload. The purpose of the Homewood Flossmoor Peer Jury Program is to address those juvenile offenders, thereby allowing the police officers to handle more serious matters, not to mention the relief that the State's Attorney's office, Sixth District Juvenile Court, screening staff, public defenders and other court personnel would realize. This program is designed to develop and administer restorative justice programs, with accountability and skills-building components, for juvenile offenders in the towns of Homewood, Flossmoor, East Hazel Crest, Glenwood and Chicago Heights, and surrounding communities, who are currently not receiving counseling or other programs designed to reduce or eliminate future criminal behavior.

IV. Progress Review

This section should be filled out if this is a continuing grant only.

1. Explain program progress during the past funding cycle(s) and progress toward program performance measures.

We continue to serve 5 communities with the peer jury model; have trained youth and adult volunteers in Balanced and Restorative Justice, as well as trained youth and adults in the peace circle process and have implemented monthly peace circles for the communities.

2. Explain the impact the federal funds have had on your existing juvenile justice program.

The federal funds have allowed us to enhance and expand the program.

3. Discuss progress made toward securing other funds to continue the program upon possible expiration of federal funding.

We continue to seek other funding by networking with the Global Youth Justice, Illinois Youth Court Association and local agencies. Plans for forming a not-for-profit are in place so that additional funds can be sought.

V. Performance Measurement

In this section, the applicant should list the performance measures that will be used to measure progress throughout the grant period. Each grantee receiving JAIBG funds is responsible for collecting information on performance indicators. All of the information regarding purpose areas and performance indicators (i.e., output indicators, short-term outcomes, and intermediate-term outcomes) must be selected from the options provided. These indicators should not be altered; doing so will preclude the ability of the state and federal efforts to aggregate the data provided. Outcome indicators, short-term outcomes, and intermediate-term outcomes should be selected based upon their relevance to the program's objective(s).

1. Please provide the appropriate performance measures for each JAIBG purpose area the program will address. You are required to establish performance measures for each indicator (i.e. select at least one output indicator, one short-term outcome indicator, and one intermediate term outcome indicator for each purpose area).

VI. Implementation Schedule

The implementation schedule should be used as a planning tool for the program and should reflect a realistic projection of how the program will proceed. The Implementation Schedule should indicate: the JAIBG funded activities and services that will be provided; the month the activity/service begins; the month the activity/service is completed; the personnel responsible for each activity/service; and the frequency with which the activity/service will be provided. Please use the following implementation schedule form using examples as a guide.

Task	Month Started	Month Completed	Personnel Responsible	Frequency
EXAMPLE Recruit and train 10 mediators	Month 2	Month 3	Program Administrator	N/A
EXAMPLE Referring youth to community service	Month 1	Ongoing	Coordinator	Weekly

VII. Local Advisory Board -- Juvenile Crime Enforcement Coalition (JCEC)

In this section, list the JCEC members and meeting schedule information. If needed, include information explaining why the membership list is not complete, if the JCEC has not yet approved your program proposal, etc.

States and local units of government receiving JAIBG funds *must* develop a Coordinated Enforcement Plan (CEP) for reducing juvenile crime. The CEP indicates which purpose areas will be focused on and provides an overview of the rationale of the program(s).

JAIBG federal guidelines require local JCECs to “include, unless impracticable, individuals representing (1) police, (2) sheriff, (3) prosecutor, (4) state or local probation services, (5) juvenile court, (6) schools, (7) business, and (8) religious affiliated, fraternal, nonprofit, or social service organizations involved in crime prevention.”

Budget Narrative for Commodities. Please give a brief description for each line of the Commodities Budget.

(See Attached Budget Instructions)

A total of \$500.00 is allocated for the purchase of general supplies including, but not limited to, paper, pens, pencils, name tags, markers, and printer cartridges. The estimated monthly supply cost of \$41.66 is based on expenses from the previous funding cycle. (\$41.66 per month)(12 months) = \$500.00. Pro-rating the general supply cost is not necessary as all JABG-funded supplies will be used exclusively for the JABG-funded program.

A total of \$480.00 is allocated for the purchase of community service supplies, including gloves for community service work days and program shirts identifying teens. Community service days will be conducted whereby referred teens will help churches, community centers, senior centers and other various non-profits, increasing the competency and community safety components of the Project Reclaim grant. These days could include litter pick up, planting, weeding, painting, restoration, and any general assistance with programs or needs of the site. Pro-rating the community service supply cost is not necessary as all JABG-funded supplies will be used exclusively for the JABG-funded program.

A total of \$90.00 is allocated to support the postage costs associated with mailing out initial hearing letters, notices of reschedule hearings, and notices of discharge hearings and any other necessary correspondence to participants and/or community members. It is estimated that \$90.00 will be spent annually (.45 cents per mailing x 200 mailings). (We are attempting to make more communication electronically instead of through the US mail.) Pro-rating the postage cost is not necessary as all JABG-funded postage will be used exclusively for the JABG-funded program.

A total of \$300.00 is budgeted for the purchase of books and DVDs which will be used as resources for referred teens to read/watch as part of their peer jury agreement and consequences. We have identified several teen related novels, DVDS and periodicals to assist the referred teen in repairing the harm and understanding the harm caused by their actions. Some periodicals and audio visual resources will be used for training and professional development purposes. Pro-rating this particular cost is not necessary as all of the books will be used exclusively for the JABG-funded program.

A total of \$400.00 is allocated to support the cost of photocopying resources and materials to be distributed to youth in support of the JABG-funded program. The estimated monthly supply cost of \$33.33 is based on actual expenses incurred under the previous period of performance. ($\$33.33 \text{ per month} \times 12 \text{ months}$) = \$400.00. Pro-rating the photocopying cost is not necessary as all JABG-funded photocopies will be used exclusively for the JABG-funded program.

Teambuilding/Competency Development at Irons Oaks Adventure Center, two (2) times per year (5 hour session) at \$550.00 per session, for a total of \$1,100.00. This training will be at Irons Oaks Center in Olympia Fields, Illinois, where groups come together on a challenge course to overcome obstacles through dedicated teamwork and the facilitators process each experience to help the participants apply them to real life situations. The purpose of this training is to achieve the participant's sense of personal confidence, encourage more effective communication, and develop life skills to carry over into their daily experience. Each training would be one day, with 1 to 2 trainers for approximately 5 to 6 hours. The target audience of approximately 12 participants, are referred teens (teens who have offended and have been referred to our program) mingled with our youth and adult volunteers to allow for additional mentoring.

The Homewood-Flossmoor Peer Jury Program will identify professional local Restorative Justice Coordinators by networking with area Restorative Justice practitioners and trainers, and by using the Illinois Balanced and Restorative Justice Initiative training clearing house, to conduct the following Restorative Justice trainings for community members and youth officers in south suburban Cook County communities.

Two (2) Peer Jury training sessions will be conducted at a cost of \$600 each session to equip community members to become volunteer jurors and moderators. Our training for new peer jurors will be two days with 2 or 3 trainers per session. Each session will be approximately 6 hours with a maximum of 12 participants. The target audience is former offenders, youth volunteers and adult volunteers. This training consists of, but is not limited to, instruction in hearings, restorative justice, victim involvement, active listening, deliberation, preparation of agreements and speaking skills. The refresher training is for continuing development of skills, additional resources for the program, additional mentoring for newer members from veteran members, guest speakers in the juvenile justice field and debriefing and feedback. The \$600.00 fee for training new jurors will be used to pay the two (2) identified facilitators a training fee of \$300.00 each, and does not include materials or photocopying. The \$600.00 fee for refresher/continuing education training will be used to pay the facilitator(s), identified guest speaker(s) and does not include materials or photocopying.

Two (2) Peacemaking and Community Circles training sessions will be conducted over the course of 3 days at a cost of \$1,400 for one session. The \$2800.00 of Federal funds will be used solely to support the trainers' fee for the session. A training to build community capacity to resolve youth conflict through the circle process, in an effort to bring together people who wish to engage in conflict resolution, support, decision making or other activities where relationship development is a desired outcome. We hope to use circles to resolve conflicts; address harm without involvement in the juvenile justice system; provide a safe space for healing after an offense; and promote communication and community building to strengthen our community bonds and prevent further conflict. Each session would be three days of training (7 to 8 hours each day) with one to two trainers, with a maximum of 15 participants. The target audience is youth and adult volunteers, and juvenile officers, in the communities we serve.

Twelve (12) Victim Awareness/Apology Letter Workshops will be conducted at a cost of \$125 per workshop. The \$125.00 per workshop will be used to support the two (2) facilitators' fees for each session and does not include materials or photocopying. These workshops will be held monthly (12 total sessions) and our goal is to help referred teens understand the impact of the criminal and negative behavior and the effect it has on the victim, their family, themselves and the community. Another goal is to assist the referred teen in preparing a thoughtful, genuine, well-written apology letter which is typically a consequence from the peer jury hearing. We have seen many poorly constructed, disingenuous letters and this workshop has helped to rectify that problem. There are two trainers/facilitators for this workshop with somewhere between 5 to 10 participants. The target audience is youth who have offended in the communities we serve, and have been referred to the peer jury process to resolve those misdeeds.

Twelve (12) sessions of "Stoplifting" and Twelve (12) sessions of "Under the Influence" an alcohol and drug education course will be offered at \$60.00 per session. These sessions are online education courses offered by 3rd Millennium Classrooms. Courses are designed specifically for retail theft and drug/alcohol education. We are seeing a rise in these offenses in our communities and our goal is to offer education and prevention in these areas. Validation procedures are built in to the course to ensure honesty. The Peer Jury Coordinator and referred teen are immediately notified of course completion.

Two Peer Jury Coordinators will be paid \$25.00/hour. One will work 16 hours per week for 50 weeks, and one will work 5 hours per week for 50 weeks, both sharing overall responsibilities - to manage and direct the overall activities of the Peer Jury program; to recruit train and supervise youth and adult volunteers, and to develop and coordinate community support for the program. The Peer Jury Coordinator shall be responsible for, but not limited to, the following:

Key Areas of Responsibility:

1. Receive referrals from local law enforcement agencies and county court, if appropriate;
2. Make initial contact with referred teen and parents/guardians and to schedule peer jury hearing;
3. Interview referred teen and their parents/guardians, if necessary.
4. Maintain records and perform general administrative and clerical duties.
5. Recruit and train all volunteers.
6. Maintain volunteer records.
7. Attend all Peer Jury sessions.
8. Support, encourage and nurture volunteers. This includes awarding of certificates, social events, etc.
9. Keep volunteers abreast of any changes in the program and agreements reached, or a change in hearings scheduled.
10. Generate resources for competency building, e.g. Substance Abuse Programs, Prevention, Education, and Parenting Skills Workshop, Theft Seminars and any other workshops or seminars that would be beneficial to the Peer Jury program.
11. Arrange for Peer Jury workshops.
12. Supervise and/or coordinate community service days.
13. Perform related duties as assigned.

Involving the Community:

Speaking to, but not limited to, the following groups: Social service organizations, service organizations, school officials, school student leaders, student bodies of junior highs and high schools, parent-teacher groups, church groups, chambers of commerce, local bar association, and law enforcement personnel. *Because of an influx of cases not only with the five police departments we serve, but with the addition of another south suburban police department; the resultant increase in case management, and, the shortage of resources for youth and families due to lack of funding in our area, it would be beneficial to our program to have this additional assistance. We continue to receive requests from other police departments and agencies asking if they can refer youth to our program. The south suburban area has the most overburdened juvenile court in the State and police departments, and other agencies, are constantly seeking programs to assist with this overload.*

One Assistant Coordinator will be paid \$75.00 per month as a stipend for assisting the program with the intake process, case management and conducting hearings.

If the Undersigned believes a waiver is appropriate and necessary, Section 3, the Petition for Waiver of MBE/WBE Participation must be completed.

Section 4: Certifications. Section 4 sets forth certifications that are required for contracting parties under the Code. Execution of this EDS constitutes a warranty that all the statements and certifications contained, and all the facts stated, in the Certifications are true, correct and complete as of the date of execution.

Section 5: Economic and Other Disclosures Statement. Section 5 is the County's required Economic and Other Disclosures Statement form. Execution of this EDS constitutes a warranty that all the information provided in the EDS is true, correct and complete as of the date of execution, and binds the Undersigned to the warranties, representations, agreements and acknowledgements contained therein.
