The Consultant will prepare, for review and approval by the County, a Program Analysis Report containing the recommended Project criteria supplemented by all other information deemed necessary by the Consultant and the County to form a complete basis for the Project design logistics. The Consultant

will upon notice from the County correct any weaknesses and inconsistencies in the Program Analysis Report as it relates to the Project and submit a revised report.

- 2.2.8 Conditional Approval of the Program Analysis Report.** The Consultant will obtain the County's conditional approval for the Program Analysis Report prior to proceeding to the Schematic Design Phase. Failure to do so will not relieve the Consultant from any responsibility or revision required for this service. The Program Analysis Report will not constitute or be construed to be a system design of any type and the acceptance and approval of a Program Analysis Report by the County will not constitute an approval of such.

2.3 SCHEMATIC DESIGN PHASE

Schematic Design Documents. The Schematic Design Phase will explore the most reasonable alternative design solutions. The Schematic Design will establish the general scope, conceptual design, scale and relationships of the Project components. Based on the approved Program, Schedule and Budget, the Consultant will prepare rough plans showing the general arrangement of rooms systems components, other spaces identified in the approved Program Analysis Report and of the building on the site (the "*Schematic Design Documents*") for review and approval by the County at 50% completion and 100% completion. As part of Basic Services and at no additional charge to the County, the Consultant will prepare such revisions to the Schematic Design Documents as the County may request. The Schematic Design Documents will also specifically address any phasing requirements of the Project, and the planning will be directed to minimizing both construction and operating costs.

Such requests may be made for any purpose including, but not limited to, design considerations, constructability, value engineering and scheduling considerations. The Consultant will provide additional alternative approaches without additional remuneration where the selected concept does not meet the Program needs. The final concept which will include preliminary circulation will comprise the 50% Schematic Design Documents.
- 2.3.4 100% Schematic Design.** Upon the County's conditional approval of the 50% Schematic Design documents the Consultant will prepare the 100% Schematic Design Documents which will further refine the general arrangements and other components to assure functionality and compliance with the Program needs.
- 2.3.5 Detailed Cost Estimates.** The Consultant will update its Statement of Probable Cost at the completion of 100% Schematic Design Phase, in accordance with Section 2.1.4.3.
- 2.3.6 Continuation of Schematic Design Services.** The Consultant's responsibilities under this Schematic Design Phase will continue through the end of the Bidding/Negotiation Phase. Should it become apparent during a later phase, up to and including the Bidding/Negotiation Phase that an error or omission was made by

the Consultant during this phase, the Consultant will provide all corrections required to all documents without further remuneration from the County.

- 2.3.7 Conditional Approval of Schematic Design Phases.** The Consultant will obtain the County's conditional approval for the 50% Schematic Design submittal prior to proceeding to the 100% Schematic Design phase and approval for the 100% Schematic Design submittal prior to proceeding to the Design Development. The Schematic Design Phase is intended to establish the general layout, scales, components and their relationships as enumerated in Section 2.3 and generally established industry practice. The County's review and conditional approval of Schematic Design concepts will not constitute or be construed to be an acceptance or approval of any specific system design.

2.4 DESIGN DEVELOPMENT PHASE

Design Development Documents. During the Design Development Phase, the Consultant will expand upon and develop the approved Schematic Design concept. The Consultant will develop detailed drawings (the "**Design Development Documents**") illustrating the components and other aspects of the proposed design including phasing, site circulation plans and other logistics affecting the Project. The Consultant will prepare design development documents for approval by the County at 50% completion and 95% completion and 100% completion.

- 2.4.1 Development: Minimum Requirements.** The Design Documents will minimally consist of drawings and other documents to fix and describe the size and character of the Project as to architectural, civil, structural, mechanical, electrical, fire protection and life safety engineering components, security features, materials and such other elements as may be appropriate. The design documents will include cross referenced sections, details and plans, column lines, equipment clearances and dimensions for finished rooms, corridors, building and other components, elevations, design details, sections and plans and all other information required to adequately convey the scope of work. The Consultant will make any adjustments authorized by the County in the Program, Schedule or the Budget,
- 2.4.2 Revisions to Conform to County Approvals.** As part of Basic Services and at no additional charge to the County, the Consultant will prepare such revisions to the Design Development Documents as the County may request if the documents deviate from approvals given by the County. The Consultant will be compensated if the County requests changes that are contrary to previous approvals and substantially increase the scope of the Project. The Consultant will prepare the Design Development Documents so that such are in conformance with the Budget.
- 2.4.3 Phasing.** The Design Development Documents will specifically address any phasing requirements of the Project, and the design will be directed to minimizing both construction and operating costs.
- 2.4.4 Continuation of Information Gathering.** The Consultant will continue to meet and consult with the County for purposes of developing and obtaining information deemed necessary for preparation of the Design Development Documents and to inform the County of the status and progress of such Design Development Documents.
- 2.4.5 Information and Product Sheets.** The Consultant will provide the County, for review and approval information and product sheets for components and building systems the Consultant proposes to use in the design of the Project. The County reserves the right to request specific products or components where the County wishes to standardize systems or for special use areas such as hospitals, detention facilities, courthouses and other building types.
- 2.4.6 Choice of Materials.** The Consultant will design the Project with materials and equipment it determines from its knowledge and experience to be in the best economic interest of the Project; provided, however that the County will have the authority to direct the Consultant to utilize specific materials or equipment

for the Project design, as long as such equipment or materials conform to the Budget. The County may request changes in texture, finish or materials affecting the appearance, decoration or utility of the Project. If during the course of design or construction, the Consultant becomes aware of conditions which make material, equipment or labor unavailable or which will materially affect the supplies thereof; the Consultant will so advise the County so that appropriate planning may be considered.

- 2.4.7 Coordination with Information Technology.** The Consultant will coordinate its design for the Project with the County's selections of telephone, data communications, audiovisual, security and computer systems.

The County's review and conditional approval of Design Development Documents will not constitute or be construed to be an acceptance or approval of any specific system design where the County is required to rely upon the Consultant's knowledge for such design.

2.5 CONSTRUCTION DOCUMENTS PHASE

Based on the approved Schematic Design Documents, the Consultant will prepare Construction Documents for approval by the County at 50% completion, 95% completion and 100% completion.

- 2.5.1 Construction Documents.** The Construction Documents will include drawings and specifications setting forth in detail the requirements for the construction of the Project, as well as cost estimates updated for the appropriate stage of completion. During the Construction Documents Phase, the Consultant will periodically, as necessary to keep the County fully advised of the status of the Consultant's work, issue to the County progress drawings and individual specification sections for the Project.
- 2.5.2 County's Option to Contract Early.** In order to minimize construction problems and change orders, Consultant's standard practice requires the completion of detailed working drawings prior to bidding and entering into firm construction contracts. However, the County may choose to accelerate the completion of the Work so that it is completed in a shorter time period than would normally be required, and therefore, may choose to issue Bid Documents prior to completion of final Contract Documents. The County understands that if construction or furnishings contracts are let prior to the completion of final Contract Documents, there may be increases in costs and change orders caused by the difficulty of coordinating Construction Documents and the inability to make various decisions until after early bids are received and some construction undertaken.
- 2.5.3 Preparation of Special Conditions.** The Consultant will also prepare for the County's review and approval, special conditions for inclusion in the Contract Documents. If the site will continue to be occupied during the Work, the special conditions will include requirements for the phasing of the Project to accommodate the performance of work while the site continues to be occupied and operated. If this is the case, the occupancy requirements are more fully described in Appendix B.
- 2.5.4 Construction Phase Weekly Progress Meetings.** The Consultant will continue to meet every two (2) weeks and consult with the County for purposes of developing and obtaining information deemed necessary for the preparation of the Construction Documents and to inform the County of the status and progress of

such Construction Documents.

- 2.5.8 Conditional Approval of Construction Documents.** The Consultant will obtain the County's conditional approval for the 50% Construction Documents submittal prior to proceeding to the 95% Construction Documents and approval for the 95% Design Construction Documents prior to proceeding to the 100% Construction Documents. The County's review and conditional approval of the Construction Documents will not constitute or be construed to be an acceptance or approval of any specific system design, details or specifications where the County is required to rely upon the Consultant's knowledge for such design.

2.6 BIDDING/NEGOTIATION PHASE

In preparation for the project to be advertised and bid out, the Consultant will provide the approved and completed bid documents to the County and during the Bidding/Negotiation phase assist the County in bidding out the project, preparing and transmitting addenda and other duties as described in this Section 2.6.

- 2.6.1 Printing Bid Documents.** The Consultant will provide electronic bidding documents (on CD in PDF format) for the use of prospective bidders. The Consultant will provide **TWENTY-FIVE (25)** Sets of electronic bidding documents as part of Basic Services. If more than the foregoing twenty-five (25) Sets are requested by the County, then only such additional Sets may be reimbursed as Reimbursable Expenses, if documented in accordance with Article 6. Additionally, as part of the Basic Services, the Consultant will provide four (4) complete, printed record bid Sets to the County. Each "record bid set" will be defined as one (1) copy of Volume I, one (1) copy of Volume II, one (1) copy each of all additional volumes of technical and other specifications, and one (1) copy of the drawing Set. Additionally, the Consultant will provide one (1) electronic copy (on CD or flash drive in PDF format) of the record bid set to the County. ***All costs of printing specified in this Section are included in Basic Services and are not Reimbursable Expenses.***
- 2.6.2 Evaluation of Bids.** Following the County's approval of the Construction Documents, the Consultant will: assist the County in soliciting bids; coordinate and issue documents; evaluate and make recommendations on proposed substitutions; attend pre-bid conferences; answer all questions regarding the interpretation of documents; prepare and issue all addenda necessary to clarify documents; and assist in the review and evaluation of bids and recommend contract awards.
- 2.6.3 Application for Building Permit; City of Chicago.** The following provisions apply only if the Project site is located in the City of Chicago. Due to the extended period of time typically required to obtain a building permit in the City of Chicago, the Consultant will be responsible for initial application for the permit and for pursuing the permit process until award of the Contract for Construction. Therefore, following the County's approval of the Construction Documents, the Consultant will apply for a building permit in accordance with the following process, or any other process instituted by the City of Chicago.

- 2.6.3.3 Plan Review Meeting.** The Consultant will schedule the open plan review meeting with DCAP to ensure that the permit is issued to the Contractor without delay. The Consultant will provide revised drawings to the Contractor and notify the Contractor of the scheduled open plan review meeting with DCAP.
- 2.6.4 Changes to Meet Statement of Probable Cost.** If the lowest bona fide bid for construction of the Project exceeds the Consultant's final Statement of Probable Cost, the Consultant will perform such services as are necessary, in consultation with the County, to make changes in the Project which will allow construction of the Project in accordance with the final Statement of Probable Cost and the Budget. Such actions may include re-design, revision of Construction Documents and re-issuance of Construction Documents, if necessary. All such services are part of Basic Services and Consultant will not be entitled to additional compensation for such services.
- 2.7 PRECONSTRUCTION PHASE SERVICES**
- The responsibilities of the Consultant set forth in this Section 2.7, though commencing the Project and prior to the commencement of construction, will continue throughout the Construction Phase.

- 2.7.3 Review of Contractor’s Submittals.** The Consultant (through its specialty engineers, where appropriate) will review or take other appropriate action upon Contractor's submittals such as shop drawings, product data and samples such that the Work, when completed, will be in general conformance with the Contract Documents and Government and Other Standards. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as quantities or for substantiating instructions for installation or performance of equipment or systems designed by the Contractor, all of which remain the responsibility of the Contractor to the extent required by the Contract Documents. The Consultant will promptly notify the County of any observations regarding the quality, appropriateness or timeliness of the submittals.

- 2.7.4 Repeated Review.** The Consultant will be responsible for reviewing all of the Contractor's submittals as many times as is necessary to assure that such submittals are in accordance with the Contract Documents. The Consultant's review and action will be taken with such reasonable promptness as to cause no delay in the Work, while allowing sufficient time, in the Consultant's professional judgment, to permit adequate review. Such submittals will be approved by the Consultant only if they are in conformance with the design concept of the Project and in compliance with the Contract Documents. If such submittals are not approved, the Consultant will reject such submittals with comments as to why such submittals were not satisfactory.
- 2.7.5 Significance of Consultant's Review and Approval.** The Consultant's review will not constitute approval of safety precautions or of construction means, methods, techniques, sequences or procedures. The Consultant's approval of a specific item will not indicate approval of an assembly of which the item is a component. When professional certification of performance characteristics of materials, systems or equipment is required by the Contract Documents or Government and Other Standards, the Consultant will be entitled to rely upon such certification to establish that the materials, systems or equipment will meet the performance criteria required by the Contract Documents and Government and Other Standards.

The Consultant will cooperate and coordinate with the County's CMA for all Project related tasks and activities.

- 2.8.1 General Requirements and Provisions.** The Consultant will provide administration of the Contract Documents. The Consultant will provide administrative, management and related services as required to monitor, and report on the activities of the Contractor with regard to the progress of the Work and the completion of the Project in accordance with the County's objectives for cost, schedule and quality as provided in the Schedule, Budget, Statement of Probable Costs and Contract Documents.
- 2.8.1.1 Duration of Construction Phase Services.** The Consultant's responsibility to provide Basic Services for the Construction Phase, under this Agreement, commences with the award of the Contract for Construction and terminates upon the proper issuance to the County of a final certificate of payment for the Project and the completion of a reasonable number of post-Substantial Completion (punch list) inspections thereafter. The Consultant will be responsible for payment of all policy deductibles.

.5 WAIVER OF CLAIMS

The County and the Consultant waive all rights against each other and against the other's contractors and subcontractors, consultants, partners, agents or employees for damages caused by fire or other perils to the extent that such damages are covered by property insurance. The Consultant will include in its contract with any sub-consultant on the Project a clause in which such sub-consultant similarly waives such rights and claims against the County, its other consultants, agents and employees. The County has provided the Consultant with a copy of its General Conditions for construction contracts which sets forth waiver requirements of the Consultant and all subcontractors, and will not revise such requirements with respect to waiver of rights and claims without approval of the Consultant, which approval will not be unreasonably withheld.

.6 EVIDENCE OF INSURANCE

The Consultant will furnish to the Chief Procurement Officer and to the County's Director of Risk Management certificates of insurance, and upon the County's request, full copies of all Insurance Policies evidencing coverage as stated above issued by an insurance company authorized to do business under the laws of the State of Illinois, accepted by the County and will have a financial rating no lower than VII and a policy holder's service rating no lower than (A) as listed in A.M. Best's Key Rating Guide, current edition or interim report. Such policies will provide that no cancellation or modification of the policies will occur without at least sixty (60) calendar days prior written notice given to the County.

.7 NO WORK WITHOUT INSURANCE

The County will not allow the Consultant to commence, and the Consultant will not commence any work under this Agreement, until all insurance required under this Agreement is purchased and evidence of such is received and approved by the Chief Procurement Officer and the Cook County Director of Risk Management. Thereafter, the Consultant will, not less than 60 days prior to the expiration of each and any policy of insurance required hereunder or in the case Consultant replaces its insurance with another policy or another carrier, deliver to the Chief Procurement Officer evidence satisfactory to the Chief Procurement Officer of the renewal or replacement of such expiring policy. The renewal or replacement policy will comply with the provisions of this Article 5.

.8 ERRORS AND OMISSIONS LIABILITY INSURANCE

INTENTIONALLY OMITTED

.9 MAINTENANCE OF INSURANCE REQUIREMENTS

The Consultant will not violate or knowingly permit to be violated any condition of the policies of insurance provided by the terms of this Agreement and will at all times satisfy the requirements of the insurance companies issuing them.

ARTICLE 6**BASIS OF COMPENSATION****6 COMPENSATION FOR BASIC SERVICES**

The County will compensate the Consultant as follows and in accordance with the payment procedures set forth in Article 7:

6.1 COMPENSATION FOR BASIC SERVICES

For the faithful and complete performance of the Consultant's Basic Services under this Agreement, as described in Article 2, compensation will be based on a "Not To Exceed" amount of **(\$144,800.67)**. Progress payments for Basic Services will not exceed the actual progress of the Project and be submitted monthly pro rata to completion.

6.2 COMPENSATION FOR ADDITIONAL SERVICES:

Compensation for Additional Services as described in Article 3 will be either on the basis of a lump sum fee or an hourly rate of Key Personnel plus Reimbursable Expenses actually incurred. The scope of work of the Additional Services and the method of compensation for such Additional Services will be negotiated in advance of any such Additional Services being rendered. Progress payments for Additional Services will be submitted monthly pro rata to completion in accordance with the Cost Loaded Schedule developed for such Additional Service. The County has established a budget, which will not exceed the sum of **(\$10,000.00)** for Additional Services for this Agreement. No funds from this budgetary category will be expended or authorized without the advance written authorization of the County. Regardless of whether Additional Services are rendered, the County will have no obligation to pay for Additional Services unless the same have been specifically set forth in a writing prepared by the Consultant and approved in writing by the County.

6.3 COMPENSATION FOR REIMBURSABLE EXPENSES

The Consultant's budget for Reimbursable Expenses will not exceed **(\$4,000.00)** for previously authorized expenses falling within the following categories: (a) document printing and distribution through Pre-Construction Services and Construction Services Phases (but only to the extent such printing and distribution exceeds the copies of submissions/deliverables and printing of bidding documents included in Basic Services pursuant to Sections

2.1.1.3 and 2.6.1 or elsewhere in this Agreement); (b) out of town travel requested by the County; (c) messenger services requested by the County; (d) expense of renderings, models and mock-ups requested by the County. All other out of pocket expenses generally incurred in performing the Basic Services will not be considered reimbursable by the County, such as long distance phone calls and faxes, clerical and secretarial services, in house copying, study models, overnight deliveries to team members, local hotel stays, meals, taxi cab expenses, mileage and parking expenses.

The Consultant will submit receipts and any other documentation reasonably requested by the County to support the claim for Reimbursable Expenses. Reimbursable Expenses are subject to audit by the County at least annually and within ninety (90) days of the date of Final Completion for the Project. The County's advance written approval of all Reimbursable Expenses is required.

6.4 RECORDS OF WORK PERFORMED; COOK COUNTY CODE, CHAPTER 34, SEC. 34-310

Regardless of compensation structure, the Cook County Code requires that the Consultant to maintain and submit for review upon request by the Director, itemized records indicating the dates that services were provided, a detailed description of the work performed on each such date, and the amount of time spent performing work on each such date.

6.5 COMPENSATION FOR EXTENSION OF PROJECT DURATION

Except as provided in and subject to Section 4.2.4 regarding Project suspension, if the Project duration is extended beyond the scheduled completion date as defined by the Schedule without fault on the part of the Consultant and where the Consultant has given all required notices of Project delay as set forth in Sections 2.1.11.4 and 2.1.11.5, then the Consultant will be entitled to assert claims for additional compensation provided that, within fourteen (14) days after the Consultant has knowledge of any circumstance which may give rise to an extension of the Project duration, it will submit written notice of its claim to the County, specifying such circumstance. The timely provision of this notice in proper form is a condition precedent to the making of a valid claim. If such notice is not given for any such period of delay, the Consultant waives any claim it may have for additional compensation for such period of delay.

6.6 ERROR AND OMISSION RETAINAGE FUND

In certain circumstances described below, the County will retain a portion of the Consultant's pay application requests in accordance with the procedures set forth in this Section 6.6 to serve as a security for any claims the County may have against the Consultant due to alleged errors and omissions of the Consultant in the performance of its services pursuant to this Agreement. The retained funds (hereinafter the "**Error and Omission Retainage Fund**") will not be deemed a penalty or liquidated damages by reason of such errors and omissions of the Consultant.

- 6.6.1 "E & O Costs" Defined.** The cost of change orders made necessary by reason of alleged errors and omissions of the Consultant and determined by the County to be directly related to such alleged errors and omissions are hereinafter referred to as "E & O Costs".
- 6.6.2 "1 % Threshold" Defined.** The 1% Threshold is the point at which the aggregate E & O Costs exceed one percent (1 %) of the Contract for Construction (the "**1 % Threshold**").
- 6.6.3 Retainage Amount Defined.** The County acknowledges that the measure of damages attributable to errors and omissions may not be the full amount of the change order necessary to correct such error or omission, and that the damages may be difficult to quantify until the change is completed. Therefore, the amounts that will be withheld and allocated to the Error & Omission Retainage Fund from time to time are limited to ten percent (10%) of the E & O Costs in excess of the 1 % Threshold (the "**Retainage Amount**"), as an estimate of the actual damages, to be determined later. The Error & Omission Retainage Fund will not exceed Two hundred fifty thousand dollars (\$250,000.00) and no additional withholding for the Error and Omission Retainage Fund after such limit is reached.
- 6.6.4 Commencement of Withholding.** When the County determines that E & O Costs exceed the 1 % Threshold, the County will withhold the Retainage Amount from the next pay application request received; provided, however, that if the pay application request is less than the Retainage Amount the County will withhold the balance from succeeding pay application requests until such Retainage Amount has been fully withheld. The Retainage Amount will be adjusted as any additional change orders are processed to reflect E & O Costs included in such change orders.
- 6.6.5 Release of Fund.** If at Final Completion of the entire Project, the County's damages due to the Consultant's errors and omissions are less than the 1 % Threshold, the County will release the full Error and Omission Retainage Fund to the Consultant. If at Final Completion of the entire Project, the County's damages resulting

from errors and omissions of the Consultant exceed the 1 % Threshold, the County will retain that portion of the Error and Omission Retainage Fund necessary to satisfy the County's damages, and release the balance to the Consultant. To the extent that the Error and Omission Retainage Fund is insufficient to fully satisfy the County's damages, the County will have the right to seek compensation from the Consultant directly for that portion of the County's damages which are not satisfied.

- 6.6.6 In Effect beyond Termination.** This Section 6.6 will remain in effect, enforceable and applicable notwithstanding the termination of this Agreement for any cause.

ARTICLE 7

PAYMENTS TO THE CONSULTANT

7 PAYMENT PROCEDURES

7.1 PAYMENTS FOR BASIC SERVICES

The Consultant will submit a payment application once a month for Basic Services. Payments for Basic Services will be made monthly and will be governed by Section 6.2. Payments for Additional Services and Reimbursable Expenses will be made monthly upon presentation of the Consultant's statement of services rendered or expenses incurred. No late payment interest or penalties will accrue for any payment due (including any and all payments made on disputed claims) pursuant to the terms of this Agreement.

7.2 INVOICING

For each payment hereunder, the Consultant will compile and submit its payment application in conformance to the County's Payment Application Guidelines which includes the submittal of the following documentation to the Project Director. All documentation will be provided in the County's standard format or such format as is requested by the Project Director. The County may at any time modify invoicing requirements or request additional information. Separate invoices will be submitted for Basic Services, Additional Services and Reimbursable Expenses.

- 7.2.2 Certification of Sub-Consultants to be Paid.** Consultant will submit a list (Consultant's Sworn Statement) in the County format of the sub-consultants providing services during the period covered by such payment, and the amounts billed by and to be paid to such sub-consultants. Such list will be certified by the senior financial officer of the Consultant as true, correct and complete.
- 7.2.3 Lien Waivers.** Consultant will submit professional lien waivers in the County format, executed by each sub-consultant indicating that such sub-consultant has received payment from the Consultant for the services invoiced in the previous payment and waiving liens for the work performed in such payment period.
- 7.2.4 Cook County Code, Chapter 34, Sec. 34-31.0** Pursuant to the Cook County Code, Consultant shall be required to submit itemized records as a condition of payment, indicating the dates or time period during which the services being invoiced were provided, a detailed description of the work performed for the time period being invoiced and the amount of time spent performing work for the time period in question. In addition, Consultant shall be required to submit documentation of the types and amounts of expenses when submitting invoices for Reimbursable Expenses, as a condition of payment.

7.3 RECORDS OF EXPENSES

The Consultant will keep and maintain records of all of its Project-related expenses including, but not limited to, time sheets, payroll records, expense journals and billings from Consultant's contractors, subcontractors, agents

and consultants and others, for a period of not less than four years following the date of Final Completion of the Project. Consultant will require its sub-consultants to keep similar records. Upon ten (10) days written notice from the County, the Consultant will make these records available to the County for audit, inspection and copying.

7.4 RIGHT TO AUDIT; LIMITATION ON WAIVER OF DISPUTE

Payment by the County will not be a waiver of the County's right to audit, inspect and copy the Consultant's records, nor will the County's payment or the Consultant's acceptance of payment waive any disputes between the County and the Consultant, including, without limitation, any disputes as to the correctness of the Consultant's invoices, the amount due to the Consultant, or the services rendered by the Consultant under this Agreement. The Consultant's compensation will be subject to final audit and adjustment by the County.

7.5 COUNTY'S RIGHT TO WITHHOLD

The charges, wages and salaries of the Consultant and the subcontractors, agents and employees performing work under this Agreement hired, retained or engaged by the Consultant will be paid by the Consultant in accordance with its contract or applicable law without deduction or rebate on any account except only such payroll deductions as are mandatory by law or permitted by applicable regulations or contract. If there is any underpayment of such charges, wages or salaries by the Consultant, and if the County determines after consulting with the Consultant that such underpayment was erroneous or without good cause, the County may withhold the amount of any underpayment from funds otherwise due or owing to the Consultant under the terms of this Agreement, for direct disbursement by the County to any underpaid subcontractors, agents or employees for and on account of the Consultant, and such disbursements will be a credit against any sums due or owing to the Consultant under the terms of this Agreement. Whenever any such funds are withheld by the County, the Consultant will be entitled to have that decision reviewed pursuant to the provisions of Section 10.1.

ARTICLE 8

NON-DISCRIMINATION AND AFFIRMATIVE ACTION

8 NON-DISCRIMINATION AND AFFIRMATIVE ACTION

8.1 NON-DISCRIMINATION

The Consultant in performing under this Agreement, will not discriminate against any worker, employee or applicant, or any member of the public because of race, creed, color, religion, age, sex, marital status, handicap, national origin, or status of discharge from military nor will the Consultant otherwise commit an unfair employment practice. The Consultant further agrees that this Section will be incorporated in all contracts entered into with suppliers of labor, materials, equipment or services, contractors and subcontractors and all labor organizations furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this Agreement.

8.2 COOK COUNTY HUMAN RIGHTS ORDINANCE (adopted March 16, 1993); COOK COUNTY CODE, CHAPTER 42, SECTION 42-30, ET. SEQ.

No person who is a party to a contract with the County will engage in unlawful discrimination or sexual harassment against any individual in the terms or conditions of employment, credit, public accommodations, housing, or provision of County facilities, services or programs. The Consultant is to certify its compliance with these policies and its agreement to abide by such policies as a part of its contractual obligations.

8.3 DISADVANTAGE BUSINESS ENTERPRISES

- 8.3.1 Policy and Goals.** It is the policy of the County to prevent discrimination in the award of, or participation in, County contracts and to eliminate arbitrary barriers for participation as both prime and sub-consultants. In furtherance of this policy, the County Compliance Office has established a "best efforts" goal of awarding not less than thirty-five (35%) of the total contract amount.
- 8.3.1.1 Options for Meeting Goals.** A Consultant may achieve the contract DBE participation goals by its status as a DBE; by entering into a joint venture with one or more DBE firms; by subcontracting a portion of the work to one or more DBE firms; by the indirect participation of DBE firms in other aspects of the consultant's business; or by a combination of the foregoing.
- 8.3.1.2 Failure to Carry Out Goals a Breach.** A Consultant's failure to carry out its DBE commitments in the course of a Consultant's performance will constitute a material breach of the Agreement, and if such breach is not appropriately cured, may result in the termination of the Agreement or such other remedy authorized by Law or as deemed appropriate by the County.
- 8.3.2 Required Submittals.** To be considered responsive to the requirements, the Consultant has submitted the documentation required to be submitted with proposals as described in Sections 8.3.2.1, 8.3.2.2 and 8.3.2.3 below. All such documentation will be reviewed by the Contract Compliance Administrator of the County.

- 8.3.4 Reporting/Record-Keeping Requirements.** The Consultant will comply with the reporting and record-keeping requirements as may be established by the Contract Compliance Administrator. Upon award of a contract, Consultant is responsible for acquiring all necessary County reporting and record-keeping forms which will be made available in the Office of Contract Compliance.
- 8.3.5 Equal Employment Opportunity.** Compliance with DBE requirements will not diminish or supplant Equal Employment Opportunity and Civil Rights provisions as otherwise required by law as they relate to Consultant's and Sub-consultant's obligations.

10 DISPUTES AND DEFAULT

10.1 DISPUTES

10.1.1 Presentation of Dispute. If the Consultant disputes any decision by the County, then the Consultant will present such dispute to the Director of the Office of Capital Planning and Policy. If any disputes remain unresolved after twenty (20) days of such presentation, the Consultant may give written notice thereof to the County, requesting that the Chief Procurement Officer decide the dispute. The notice will include a description of the dispute, specify the provisions of this Agreement relating to the dispute, and state whether the dispute was previously presented to the Director of the Office of Capital Planning and Policy. Upon request of the Chief Procurement Officer, the Director of the Office of Capital Planning and Policy will submit to the Chief Procurement Officer a written response to the notice, and will send a copy of the response to the Consultant. The Chief Procurement Officer's decision on the dispute will be rendered in

writing, and will be furnished to both the Director of the Office of Capital Planning and Policy and the Consultant. Dispute resolution as provided herein will be a condition precedent to any other action by the Consultant at law or in equity.

10.1.2 Continuation of Services. Notwithstanding any dispute, the Consultant will continue to discharge all of its obligations, duties and responsibilities under this Agreement as interpreted and directed by the Director of the Office of Capital Planning and Policy during the pendency of dispute resolution proceedings pursuant to this Section.

10.2 DEFAULT

10.2.1 Default by Consultant. The Consultant will be in default hereunder in the event of a material breach by the Consultant of any term or condition of this Agreement where the Consultant has failed to cure such breach within ten (10) days after written notice is given to the Consultant by the County, setting forth the nature of such breach. Notwithstanding the foregoing, if the nature of such breach is such that it cannot be cured or corrected within said ten (10) day period, Consultant will have any additional period reasonably necessary to cure or correct such breach, as long as Consultant has commenced to cure or correct such breach within such ten (10) day period and does, in fact, cure or correct such breach as soon as reasonably practicable, provided, however, that such additional period for cure will not exceed 30 days, and further provided that the County will be entitled to reimbursement from Consultant for any costs or expenses incurred by County due to such breach, but will not be entitled to terminate this Agreement until the expiration of such extended cure period.

10.3 REMEDIES

10.3.1 County's Remedies. Following notice of a material breach, non-compliance or default to the Consultant, the County will have the following rights and remedies.

10.3.1.1 Right to Withhold Payments. Except in the case and to the extent provided in Section 10.3.1.3, when the County elects to continue using Consultant's services, County will have the right to withhold payments owed to the Consultant until such time as the Consultant has cured the breach or noncompliance which is the subject matter of the notice.

10.3.1.2 Right to Terminate. If the Consultant fails to remedy a material breach during the ten (10) day cure period pursuant to Section 10.2 or the extended cure period when applicable, the County will have the right to terminate this Agreement; provided, however, that the County will give the Consultant five (5) days prior written notice of termination. In the event of termination, the County reserves the right to elect to continue using the Consultant's services in whole or in part for the period of time necessary to allow the County to obtain and implement replacement services and therefore may specify in its notice of termination that the termination will not take effect until replacement services are obtained. The Consultant will agree to cooperate with the implementation of the replacement services should the County so request. During such transition period all terms and conditions of this Agreement will be in full force and effect.

10.3.1.3 Right to Continue Using Services. In all events of termination, the County may elect to continue using the Consultant's existing services in full until the effective date of termination, as described above; increase monitoring and oversight of the Consultant's operations; or substitute County's designees for the Consultant's personnel utilizing the Consultant's facilities pending the implementation of replacement services. Any increased monitoring or oversight of the Consultant by the County will be done in a way that does not interfere with the Consultant's ability to effectively and efficiently perform its work.

10.3.1.4 Non-Performance; Delays. The Consultant will be liable to the County for reasonable expenses incurred by the County, including court costs, as the result of the Consultant's non-performance or delay in the performance of the service required by the terms of this Agreement, to the extent that such

expenses are not caused by persons or events beyond the Consultant's control.

10.3.1.5 Compensation Due as of Termination. All compensation due the Consultant will be calculated based upon the terms of Article 6 to the effective date of termination and will be paid to the Consultant except where the County may have a claim or dispute with regard to such payment.

10.3.1.6 Taking Over of Work. If this Agreement is terminated by the County as a result of the Consultant's default and the County does not elect to continue using the Consultant's services, the termination will be effective at the expiration of the five (5) day notice period and the County may take over and complete the Consultant's work or it may contract with others for such completion. In such event, the Consultant will be liable to the County for any additional costs incurred by the County for such completion. After County has secured replacement services or taken over the work itself, the Consultant will within fourteen (14) days remove any and all of the Consultant's personnel, products and equipment, unless such items remain with the County pursuant to the terms of this Agreement.

10.3.1.7 Turnover of Project Documents. In the event of termination of this Agreement by the County, all finished and unfinished documents, data, studies and reports prepared by the Consultant, its subcontractors, agents and employees and any other County property in the Consultant's custody will be transmitted to the County within seven (7) days after the date of termination of this Agreement. The Consultant hereby assigns to the County all the right, title and interest of the Consultant in and to all subcontracts and consulting agreements and contracts to be effective without further action of the parties hereto upon the termination of this Agreement.

10.3.1.8 Compensation for Services Completed. All compensation due the Consultant will be calculated based upon the terms of Article 6 to the date of termination and will be paid to the Consultant except where the County may have a claim or dispute with regard to such payment.

10.3.1.9 Removal of Consultant's Personnel, Property. After replacement services have been secured and are operational the Consultant will within fourteen (14) days remove any and all of Consultant's personnel, products and equipment, unless such items remain with the County pursuant to the terms of this Agreement.

10.3.1.10 All Remedies Available. The Consultant will have the right to pursue all remedies available in law or equity. In all cases the Consultant's damages will be those provable damages not to exceed the value of this Agreement as awarded by the County's Board of Commissioners, less the expenses saved in not having to perform this Agreement. This notwithstanding, due to the critical nature of this Agreement, the Consultant will not unilaterally disrupt the operation or unilaterally repossess any component thereof.

JOB ORDER CONTRACT

Department: Office of Capital Planning and Policy

Summary: The Office of Capital Planning and Policy, as authorized by the Cook County Chief Procurement Officer, plans to participate in the Cook County's Job Order Contract (JOC) program to complete the (4) capital project listed below. JOC is a quantity based procurement process that allows facility owners to complete a multitude of repair/maintenance and construction projects with a single, competitively bid contract. The JOC process generally involves first selecting a pool of potential contractors through a competitive procurement process, and then identifying projects for such selected contractors.

The County has already completed a JOC competitive procurement process, and it has created the pool of generated contractors to perform certain projects generally associated with Maintenance, repairs, replacement and routine work.

The JOC program has an administrative component managed by the Gordian Group. The Gordian Group maintains an area price book, which captures the prices for specific construction work items within this region. JOC contractors bid against the prices included in the price book. The cost, therefore, of any work performed by the contractor is a contractor markup from the price book. The Gordian Group would receive 5% administrative fee from Cook County based on the total project cost of the work. The Gordian Group will manage the JOC process and will verify that all proposals and work are compliant with the terms and conditions outlined in the JOC contract within the County. The Office of Capital Planning and Policy, proposes to assign the projects listed below to the Gordian Group to share with participating JOC contractors.

Project Descriptions:

Division I/Division VII Chilled Water Coil Replacement - Division I/Division VII chilled water coils are failing and need to be replaced. There are a total of 20 chilled water coils that need to be replaced. The coils are the size of a small car and will need to be lifted onto the roof of the buildings with a crane. The penthouse wall will need to be opened to allow these water coils to be lifted onto the roof and into the building.

JTDC Digital Video Data Center - The intent of this project is to install a new data center to support the digital video and RFID rounds tracking systems. The new data center will provide adequate space for server cabinets and include installation of new mechanical, electrical and fire suppression systems. **JTDC Ceiling Replacement -** JTDC ceiling replacements will ensure the safety of the juveniles housed at the detention center. In order to comply with the federal court decree and the Illinois Department of Corrections building code, we will be installing steel panel ceilings and flush mounted light fixtures to reduce the risk of
