AGREEMENT

This Agreement is made and entered into by and between the County of Cook, a public body corporate of the State of Illinois, on behalf of Office of the Chief Procurement Officer hereinafter referred to as "County" and WestCare Illinois, Inc., doing business as a Corporation of the State of Illinois, hereinafter referred to as "Contractor".

BACKGROUND

The County of Cook issued a Request for Proposals "RFP" for Recidivism Reduction Demonstration Grants. Proposals were evaluated in accordance with the evaluation criteria published in the RFP. The Contractor was selected based on the proposal submitted and evaluated by the County representatives.

Contractor represents that it has the professional experience and expertise to provide the necessary services and further warrants that it is ready, willing and able to perform in accordance with the terms and conditions as set forth in this Agreement.

NOW, THEREFORE, the County and Contractor agree as follows:

TERMS AND CONDITIONS

ARTICLE 1: INCORPORATION OF BACKGROUND

The Background information set forth above is incorporated by reference as if fully set forth here.

ARTICLE 2: DEFINITIONS

a) Definitions

The following words and phrases have the following meanings for purposes of this Agreement:

"Additional Services" means those services which are within the general scope of Services of this Agreement, but beyond the description of services required under Article 3, and all services reasonably necessary to complete the Additional Services to the standards of performance required by this Agreement. Any Additional Services requested by the Department require the approval of the Chief Procurement Officer in a written modification to this Agreement before Contractor is obligated to perform those Additional Services and before the County becomes obligated to pay for those Additional Services.

"**Agreement**" means this Professional Services Agreement, including all exhibits attached to it and incorporated in it by reference, and all amendments, modifications or revisions made in accordance with its terms.

"**Chief Procurement Officer**" means the Chief Procurement Officer for the County of Cook and any representative duly authorized in writing to act on his behalf.

"**Department**" means the Cook County Using Department.

"**Services**" means, collectively, the services, duties and responsibilities described in Article 3 of this Agreement and any and all work necessary to complete them or carry them out fully and to the standard of performance required in this Agreement.

"**Subcontractor**" means any person or entity with whom Contractor contracts to provide any part of the Services, including subcontractors and subcontractors of any tier, suppliers and materials providers, whether or not in privity with Contractor.

b) Interpretation

- i) The term "**include**" (in all its forms) means "include, without limitation" unless the context clearly states otherwise.
- ii) All references in this Agreement to Articles, Sections or Exhibits, unless otherwise expressed or indicated are to the Articles, Sections or Exhibits of this Agreement.
- iii) Words importing persons include firms, associations, partnerships, trusts, corporations and other legal entities, including public bodies, as well as natural persons.
- iv) Any headings preceding the text of the Articles and Sections of this Agreement, and any table of contents or marginal notes appended to it, are solely for convenience or reference and do not constitute a part of this Agreement, nor do they affect the meaning, construction or effect of this Agreement.
- v) Words importing the singular include the plural and vice versa. Words of the masculine gender include the correlative words of the feminine and neuter genders.
- vi) All references to a number of days mean calendar days, unless expressly indicated otherwise.

c) Incorporation of Exhibits

The following attached Exhibits are made a part of this Agreement:

Exhibit 1	Scope of Services
Exhibit 2	Schedule of Compensation
Exhibit 3	Evidence of Insurance
Exhibit 4	Economic Disclosure Statement Forms

ARTICLE 3: DUTIES AND RESPONSIBILITIES OF CONTRACTOR

a) Scope of Services

This description of Services is intended to be general in nature and is neither a complete description of Contractor's Services nor a limitation on the Services that Contractor is to provide under this Agreement. Contractor must provide the Services in accordance with the standards of performance set forth in Section 3c. The Services that Contractor must provide include, but are not limited to, those described in Exhibit 1, Scope of Services and Time Limits for Performance, which is attached to this Agreement and incorporated by reference as if fully set forth here.

b) Deliverables

In carrying out its Services, Contractor must prepare or provide to the County various Deliverables. "Deliverables" include work product, such as written reviews, recommendations, reports and analyses, produced by Contractor for the County.

The County may reject Deliverables that do not include relevant information or data, or do not include all documents or other materials specified in this Agreement or reasonably necessary for the purpose for which the County made this Agreement or for which the County intends to use the Deliverables. If the County determines that Contractor has failed to comply with the foregoing standards, it has 30 days from the discovery to notify Contractor of its failure. If Contractor does not correct the failure, if it is possible to do so, within 30 days after receipt of notice from the County specifying the failure, then the County, by written notice, may treat the failure as a default of this Agreement under Article 9.

Partial or incomplete Deliverables may be accepted for review only when required for a specific and well-defined purpose and when consented to in advance by the County. Such Deliverables will not be considered as satisfying the requirements of this Agreement and partial or incomplete Deliverables in no way relieve Contractor of its commitments under this Agreement.

c) **Standard of Performance**

Contractor must perform all Services required of it under this Agreement with that degree of skill, care and diligence normally shown by a Contractor performing services of a scope and purpose and magnitude comparable with the nature of the Services to be provided under this Agreement. Contractor acknowledges that it is entrusted with or has access to valuable and confidential information and records of the County and with respect to that information, Contractor agrees to be held to the standard of care of a fiduciary.

Contractor must assure that all Services that require the exercise of professional skills or judgment are accomplished by professionals qualified and competent in the applicable discipline and appropriately licensed, if required by law. Contractor must provide copies of any such licenses. Contractor remains responsible for the professional and technical accuracy of all Services or Deliverables furnished, whether by Contractor or its Subcontractors or others on its behalf. All Deliverables must be prepared in a form and content satisfactory to the Department and delivered in a timely manner consistent with the requirements of this Agreement.

If Contractor fails to comply with the foregoing standards, Contractor must perform again, at its own expense, all Services required to be re-performed as a direct or indirect result of that failure. Any review, approval, acceptance or payment for any of the Services by the County does not relieve Contractor of its responsibility for the professional skill and care and technical accuracy of its Services and Deliverables. This provision in no way limits the County's rights against Contractor either under this Agreement, at law or in equity.

d) **Personnel**

i) **Adequate Staffing**

Contractor must, upon receiving a fully executed copy of this Agreement, assign and maintain during the term of this Agreement and any extension of it an adequate staff of competent personnel that is fully equipped, licensed as appropriate, available as needed, qualified and assigned exclusively to perform the Services. Contractor must include among its staff the Key Personnel and positions as identified below. The level of staffing may be revised from time to time by notice in writing from Contractor to the County and with written consent of the County, which consent the County will not withhold unreasonably. If the County fails to object to the revision within 14 days after receiving the notice, then the revision will be considered accepted by the County.

ii) **Key Personnel**

Contractor must not reassign or replace Key Personnel without the written consent of the County, which consent the County will not unreasonably withhold. "Key Personnel" means those job titles and the persons assigned to those positions in accordance with the provisions of this Section 3.d(ii). The Department may at any time in writing notify Contractor that the County will no longer accept performance of Services under this Agreement by one or more Key Personnel listed. Upon that notice Contractor must immediately suspend the services of the key person or persons and must replace him or them in accordance with the terms of this Agreement. A list of Key Personnel is found in Exhibit 1, Scope of Services.

iii) **Salaries and Wages**

Contractor and Subcontractors must pay all salaries and wages due all employees performing Services under this Agreement unconditionally and at least once a month without deduction or rebate on any account, except only for those payroll deductions that are mandatory by law or are permitted under applicable law and regulations. If in the performance of this Agreement Contractor underpays any such salaries or wages, the Comptroller for the County may withhold, out of payments due to Contractor, an amount sufficient to pay to employees underpaid the difference between the salaries or wages required to be paid under this Agreement and the salaries or wages actually paid these employees for the total number of hours worked. The amounts withheld may be disbursed by the Comptroller for and on account of Contractor to the respective employees to whom they are due. The parties acknowledge that this Section 3.d(iii) is solely for the benefit of the County and that it does not grant any third party beneficiary rights.

e) **Minority and Women's Business Enterprises Commitment**

In the performance of this Agreement, including the procurement and lease of materials or equipment, Contractor must abide by the minority and women's business enterprise commitment requirements of the Cook County Ordinance, (Article IV, Section 34-267 through 272) except to the extent waived by the Compliance Director. Contractor's completed MBE/WBE Utilization Plan evidencing its compliance with this requirement are a part of this Agreement, in Section 1 of the Economic Disclosure Statement, upon acceptance by the Compliance Director. Contractor must utilize minority and women's business enterprises at the greater of the amounts committed to by the Contractor for this Agreement in accordance with Section 1 of the Economic Disclosure Statement.

f) Insurance

Prior to the effective date of this Contract, the Contractor, at its cost, shall secure and maintain at all times, unless specified otherwise, until completion of the term of this Contract the insurance specified below.

Nothing contained in these insurance requirements is to be construed as limiting the extent of the Contractor's responsibility for payment of damages resulting from its operations under this Contract.

Contractor shall require all Subcontractors to provide the insurance required in this Agreement, or Contractor may provide the coverages for Subcontractors. All Subcontractors are subject to the same insurance requirements as Contractor or as specified otherwise. Contractor is responsible for any deductibles or self-insured retentions.

The Cook County Department of Risk Management maintains the right to modify, delete, alter or change these requirements.

In no event shall any failure of the County to receive certificates of insurance required hereof or to demand receipt of such Certificates of Insurance be construed as a waiver of Contractor's obligations to obtain insurance pursuant to these insurance requirements.

iv) **Waiver of Subrogation Endorsements**

All insurance policies must contain a Waiver of Subrogation Endorsement in favor of Cook County.

g) **Indemnification**

The Contractor covenants and agrees to indemnify and save harmless the County and its commissioners, officials, employees, agents and representatives, and their respective heirs, successors and assigns, from and against any and all costs, expenses, attorney's fees, losses, damages and liabilities incurred or suffered directly or indirectly from or attributable to any claims arising out of or incident to the performance or nonperformance of the Contract by the Contractor, or the acts or omissions of the officers, agents, employees, contractors, subcontractors, licensees or invitees of the Contractor. The Contractor expressly understands and agrees that any Performance Bond or insurance protection required of the Contractor, or otherwise provided by the Contractor, shall in no way limit the responsibility to indemnify the County as hereinabove provided.

Contractor shall comply with the applicable privacy laws and regulations affecting County and will not disclose any of County's records, materials, or other data to any third party. Contractor shall not have the right to compile and distribute statistical analyses and reports utilizing data derived from information or data obtained from County without the prior written approval of County. In the event such approval is given, any such reports published and distributed by Contractor shall be furnished to County without charge.

All documents, data, studies, reports, work product or product created as a result of the performance of the Contract (the "Documents") shall be included in the Deliverables and shall be the property of the County of Cook. It shall be a breach of this Contract for the Contractor to reproduce or use any documents, data, studies, reports, work product or product obtained from the County of Cook or any Documents created hereby, whether such reproduction or use is for Contractor's own purposes or for those of any third party. During the performance of the Contract Contractor shall be responsible of any loss or damage to the Documents while they are in Contractor's possession, and any such loss or damage shall be restored at the expense of the Contractor. The County and its designees shall be afforded full access to the Documents and the work at all times.

i) Patents, Copyrights and Licenses

If applicable, Contractor shall furnish the Chief Procurement Officer with all licenses required for the County to utilize any software, including firmware or middleware, provided by Contractor as part of the Deliverables. Such licenses shall be clearly marked with a reference to the number of this County Contract. Contractor shall also furnish a copy of such licenses to the Chief Procurement Officer. Unless otherwise stated in these Contract documents, such licenses shall be perpetual and shall not limit the number of persons who may utilize the software on behalf of the County.

Contractor agrees to hold harmless and indemnify the County, its officers, agents, employees and affiliates from and defend, at its own expense (including reasonable attorneys', accountants' and Contractors' fees), any suit or proceeding brought against County based upon a claim that the ownership and/or use of equipment, hardware and software or any part thereof provided to the County or utilized in performing Contractor's services constitutes an infringement of any patent, copyright or license or any other property right.

In the event the use of any equipment, hardware or software or any part thereof is enjoined, Contractor with all reasonable speed and due diligence shall provide or otherwise secure for County, at the Contractor's election, one of the following: the right to continue use of the equipment, hardware or software; an equivalent system having the Specifications as provided in this Contract; or Contractor shall modify the system or its component parts so that they become non-infringing while performing in a substantially similar manner to the original system, meeting the requirements of this Contract.

j) Examination of Records and Audits

The Contractor agrees that the Cook County Auditor or any of its duly authorized representatives shall, until expiration of three (3) years after the final payment under the Contract, have access and the right to examine any books, documents, papers, canceled checks, bank statements, purveyor's and other invoices, and records of the Contractor related to the Contract, or to Contractor's compliance with any term, condition or provision thereof. The Contractor shall be responsible for establishing and maintaining records sufficient to document the costs associated with performance under the terms of this Contract.

In no case, however, shall such approval relieve the Contractor from its obligations or change the terms of the Contract. The Contractor shall not transfer or assign any Contract funds or any interest therein due or to become due without the advance written approval of the Chief Procurement Officer. The unauthorized subcontracting or assignment of the Contract, in whole or in part, or the unauthorized transfer or assignment of any Contract funds, either in whole or in part, or any interest therein, which shall be due or are to become due the Contractor shall have no effect on the County and are null and void.

Identification of subcontractors to the Chief Procurement Officer shall be in addition to any communications with County offices other than the Chief Procurement Officer. All subcontractors shall be subject to the terms of this Contract. Contractor shall incorporate into all subcontracts all of the provisions of the Contract which affect such subcontract. Copies of subcontracts shall be provided to the Chief Procurement Officer upon request.

- vii) acknowledges that any certification, affidavit or acknowledgment made under oath in connection with this Agreement is made under penalty of perjury and, if false, is also cause for termination under Sections 9.a and 9.c.

b) Ethics

- iii) Upon the request of the County, Contractor must disclose to the County its past client list and the names of any clients with whom it has an ongoing relationship. Contractor is not permitted to perform any Services for the County on applications or other documents submitted to the County by any of Contractor's past or present clients. If Contractor becomes aware of a conflict, it must immediately stop work on the assignment causing the conflict and notify the County.
- iv) Without limiting the foregoing, if the Consulting Parties assist the County in determining the advisability or feasibility of a project or in recommending, researching, preparing, drafting or issuing a request for proposals or bid specifications for a project, the Consulting Parties must not participate, directly or indirectly, as a prime, subcontractor or joint venturer in that project or in the preparation of a proposal or bid for that project during the term of this Agreement or afterwards. The Consulting Parties may, however, assist the County in reviewing the proposals or bids for the project if none of the Consulting Parties have a relationship with the persons or entities that submitted the proposals or bids for that project.
- v) The Contractor further covenants that, in the performance of this Agreement, no person having any conflicting interest will be assigned to perform any Services or have access to any confidential information, as defined in Section 3.h of this Agreement. If the County, by the Chief Procurement Officer in his reasonable judgment, determines that any of Contractor's Services for others conflict with the Services Contractor is to render for the County under this Agreement, Contractor must terminate such other services immediately upon request of the County.

- vi) Furthermore, if any federal funds are to be used to compensate or reimburse Contractor under this Agreement, Contractor represents that it is and will remain in compliance with federal restrictions on lobbying set forth in Section 319 of the Department of the Interior and Related Agencies Appropriations Act for Fiscal year 1990, 31 U.S.C. § 1352, and related rules and regulations set forth at 54 Fed. ARTICLE 9: EVENTS OF DEFAULT, REMEDIES, TERMINATION, SUSPENSION AND RIGHT TO OFFSET

a) Events of Default Defined

The following constitute events of default:

- i) Any material misrepresentation, whether negligent or willful and whether in the inducement or in the performance, made by Contractor to the County.
- ii) Contractor's material failure to perform any of its obligations under this Agreement including the following:
 - (a) Failure due to a reason or circumstances within Contractor's reasonable control to perform the Services with sufficient personnel and equipment or with sufficient material to ensure the performance of the Services;
 - (b) Failure to perform the Services in a manner reasonably satisfactory to the Chief Procurement Officer or inability to perform the Services satisfactorily as a result of insolvency, filing for bankruptcy or assignment for the benefit of creditors;
 - (c) Failure to promptly re-perform within a reasonable time Services that were rejected as erroneous or unsatisfactory;

- (d) Discontinuance of the Services for reasons within Contractor's reasonable control; and
 - (e) Failure to comply with any other material term of this Agreement, including the provisions concerning insurance and nondiscrimination.
- iii) Any change in ownership or control of Contractor without the prior written approval of the Chief Procurement Officer, which approval the Chief Procurement Officer will not unreasonably withhold.
 - iv) Contractor's default under any other agreement it may presently have or may enter into with the County during the life of this Agreement. Contractor acknowledges and agrees that in the event of a default under this Agreement the County may also declare a default under any such other Agreements.
 - v) Failure to comply with Article 7 in the performance of the Agreement.
 - vi) Contractor's repeated or continued violations of County ordinances unrelated to performance under the Agreement that in the opinion of the Chief Procurement Officer indicate a willful or reckless disregard for County laws and regulations.

b) Remedies

The occurrence of any event of default permits the County, at the County's sole option, to declare Contractor in default. The Chief Procurement Officer may in his sole discretion give Contractor an opportunity to cure the default within a certain period of time, which period of time must not exceed 30 days, unless extended by the Chief Procurement Officer. Whether to declare Contractor in default is within the sole discretion of the Chief Procurement Officer and neither that decision nor the factual basis for it is subject to review or challenge under the Disputes provision of this Agreement.

The Chief Procurement Officer will give Contractor written notice of the default, either in the form of a cure notice ("**Cure Notice**"), or, if no opportunity to cure will be granted, a default notice ("**Default Notice**"). If the Chief Procurement Officer gives a Default Notice, he will also indicate any present intent he may have to terminate this Agreement, and the decision to terminate (but not the decision not to terminate) is final and effective upon giving the notice. The Chief Procurement Officer may give a Default Notice if Contractor fails to effect a cure within the cure period given in a Cure Notice. When a Default Notice with intent to terminate is given as provided in this Section 9.b and Article 11, Contractor must discontinue any Services, unless otherwise directed in the notice, and deliver all materials accumulated in the performance of this Agreement, whether completed or in the process, to the County. After giving a Default Notice, the County may invoke any or all of the following remedies:

- i) The right to take over and complete the Services, or any part of them, at Contractor's expense and as agent for Contractor, either directly or through others, and bill Contractor for the cost of the Services, and Contractor must pay the difference between the total amount of this bill and the amount the County would have paid Contractor under the terms and conditions of this Agreement for the Services that were assumed by the County as agent for the Contractor under this Section 9.b;
- ii) The right to terminate this Agreement as to any or all of the Services yet to be performed effective at a time specified by the County;
- iii) The right of specific performance, an injunction or any other appropriate equitable remedy;
- iv) The right to money damages;
- v) The right to withhold all or any part of Contractor's compensation under this Agreement;
- vi) The right to consider Contractor non-responsible in future contracts to be awarded by the County.

If the Chief Procurement Officer considers it to be in the County's best interests, he may elect not to declare default or to terminate this Agreement. The parties acknowledge that this provision is solely for the benefit of the County and that if the County permits Contractor to continue to provide the Services despite one or more events of default, Contractor is in no way relieved of any of its responsibilities, duties or obligations under this Agreement, nor does the County waive or relinquish any of its rights.

The remedies under the terms of this Agreement are not intended to be exclusive of any other remedies provided, but each and every such remedy is cumulative and is in addition to any other remedies, existing now or later, at law, in equity or by statute. No delay or omission to exercise any right or power accruing upon any event of default impairs any such right or power, nor is it a waiver of any event of default nor acquiescence in it, and every such right and power may be exercised from time to time and as often as the County considers expedient.

c) **Early Termination**

In addition to termination under Sections 9.a and 9.b of this Agreement, the County may terminate this Agreement, or all or any portion of the Services to be performed under it, at any time by a notice in writing from the County to Contractor. The County will give notice to Contractor in accordance with the provisions of Article 11. The effective date of termination will be the date the notice is received by Contractor or the date stated in the notice, whichever is later. If the County elects to terminate this Agreement in full, all Services to be provided under it must cease and all materials that may have been accumulated in performing this Agreement, whether completed or in the process, must be delivered to the County effective 10 days after the date the notice is considered received as provided under Article 11 of this Agreement (if no date is given) or upon the effective date stated in the notice.

After the notice is received, Contractor must restrict its activities, and those of its Subcontractors, to winding down any reports, analyses, or other activities previously begun. No costs incurred after the effective date of the termination are allowed. Payment for any Services actually and satisfactorily performed before the effective date of the termination is on the same basis as set forth in Article 5, but if any compensation is described or provided for on the basis of a period longer than 10 days, then the compensation must be prorated accordingly. No amount of compensation, however, is permitted for anticipated profits on unperformed Services. The County and Contractor must attempt to agree on the amount of compensation to be paid to Contractor, but if not agreed on, the dispute must be settled in accordance with Article 6 of this Agreement. The payment so made to Contractor is in full settlement for all Services satisfactorily performed under this Agreement.

Contractor must include in its contracts with Subcontractors an early termination provision in form and substance equivalent to this early termination provision to prevent claims against the County arising from termination of subcontracts after the early termination. Contractor will not be entitled to make any early termination claims against the County resulting from any Subcontractor's claims against Contractor or the County to the extent inconsistent with this provision.

If the County's election to terminate this Agreement for default under Sections 9.a and 9.b is determined in a court of competent jurisdiction to have been wrongful, then in that case the termination is to be considered to be an early termination under this Section 9.c.

d) Suspension

The County may at any time request that Contractor suspend its Services, or any part of them, by giving 15 days prior written notice to Contractor or upon informal oral, or even no notice, in the event of emergency. No costs incurred after the effective date of such suspension are allowed. Contractor must promptly resume its performance of the Services under the same terms and conditions as stated in this Agreement upon written notice by the Chief Procurement Officer and such equitable extension of time as may be mutually agreed upon by the Chief Procurement Officer and Contractor when necessary for continuation or completion of Services. Any additional costs or expenses actually incurred by Contractor as a result of recommencing the Services must be treated in accordance with the compensation provisions under Article 5 of this Agreement.

No suspension of this Agreement is permitted in the aggregate to exceed a period of 45 days within any one year of this Agreement. If the total number of days of suspension exceeds 45 days, Contractor by written notice may treat the suspension as an early termination of this Agreement under Section 9.c.

e) Right to Offset

i) In connection with performance under this Agreement:

The County may offset any excess costs incurred:

- (i) if the County terminates this Agreement for default or any other reason resulting from Contractor's performance or non-performance;
- (ii) if the County exercises any of its remedies under Section 9.b of this Agreement; or
- (iii) if the County has any credits due or has made any overpayments under this Agreement.

The County may offset these excess costs by use of any payment due for Services completed before the County terminated this Agreement or before the County exercised any remedies. If the amount offset is insufficient to cover those excess costs, Contractor is liable for and must promptly remit to the County the balance upon written demand for it. This right to offset is in addition to and not a limitation of any other remedies available to the County. Any offset shall be noticed to Contractor in writing.

f) Delays

Contractor agrees that no charges or claims for damages shall be made by Contractor for any delays or hindrances from any cause whatsoever during the progress of any portion of this Contract.

g.) Prepaid Fees

In the event this Contract is terminated by either party, for cause or otherwise, and the County has prepaid for any Deliverables, Contractor shall refund to the County, on a prorated basis to the effective date of termination, all amounts prepaid for Deliverables not actually provided as of the effective date of the termination. The refund shall be made within fourteen (14) days of the effective date of termination.

Nothing in this Agreement authorizes the waiver of a requirement or condition contrary to law or ordinance or that would result in or promote the violation of any federal, state or local law or ordinance.

Whenever under this Agreement the County by a proper authority waives Contractor's performance in any respect or waives a requirement or condition to either the County's or Contractor's performance, the waiver so granted, whether express or implied, only applies to the particular instance and is not a waiver forever or for subsequent instances of the performance, requirement or condition. No such waiver is a modification of this Agreement regardless of the number of times the County may have waived the performance, requirement or condition. Such waivers must be provided to Contractor in writing.

i) Independent Contractor

This Agreement is not intended to and will not constitute, create, give rise to, or otherwise recognize a joint venture, partnership, corporation or other formal business association or organization of any kind between Contractor and the County. 7.2.2 Executive Summary

WestCare Illinois, a human service, criminal justice, and behavioral health organization is requesting \$100,000 to implement a demonstration program that will provide essential aftercare services to 75 post-release offenders through a partnership with the Cook County Alumni Association. WestCare is an experienced provider that operates counseling, substance abuse, and mental health treatment programs for adults, youth and their families, including outpatient, residential, community-based and aftercare/re-entry modalities. WestCare criminal justice programs throughout the nation have successfully reduced rates of recidivism. The target population for this program will be offenders who reside in Cook County and who are working toward maintaining abstinence and recovery. WestCare will expand upon our existing partnership with the Alumni Association by contracting with three individuals to function as Peer Recovery Specialists and by providing business, supervisory, and clinical support services to the Association. Peer recovery services are critically needed within the Cook County offender population and WestCare, in conjunction with the Alumni Association, is uniquely positioned to deliver quality and effective peer recovery service that will assist offenders with combatting the myriad of problems they face during reentry. Individuals attempting to reintegrate into Cook County communities must deal with issues such as substance abuse, trauma, unemployment and underemployment, unstable housing, low levels of educational attainment, mental illness, and many other psycho-social issues. This program will allow those who have lived and experienced substance abuse and incarceration to play an integral role in helping others build social and recovery capital to combat these concerns and to achieve and maintain sobriety.

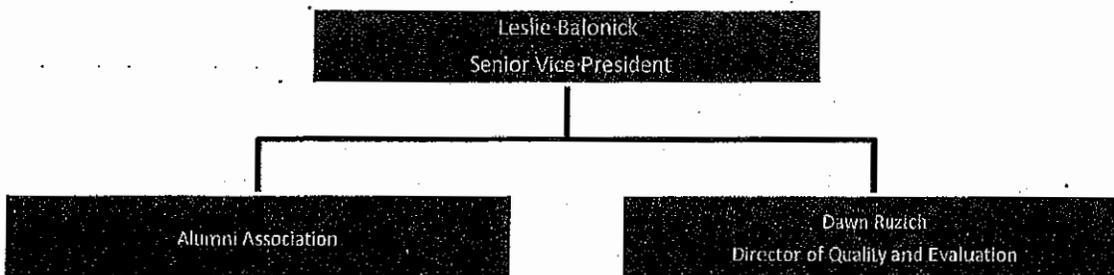

WestCare is an experienced provider using evidence-based treatment models, methods, curriculums, and assessments that determine the extent and severity of substance abuse disorder,

criminogenic thinking and mental health problems. The Cook County Alumni Association is an organization of volunteers that have designed and implemented an effective and intense peer support program that has proven successful in aiding and assisting individuals with re-integration back into society. The Association provides a positive social network of sober, supportive peers for men trying to maintain sobriety and achieve community and family reintegration and stability after release from jail. Since their founding in 2009 at the Cook County Jail Day Release Program, the Association has served as a vehicle for positive community involvement and real life change. The two complementary goals of WestCare's project are 1) to engage 75 post-release offenders, assisting them in achieving and sustaining their recovery and 2) to increase the skill levels of the Peer Recovery Specialists resulting in maximized rehabilitation benefits for the offenders.

Ms. Leslie Balonick, WestCare Senior Vice President, will have overall responsibility for the program. Mr. Patrick Covington, a founding member of the Alumni Association, will manage the day to day operations of the program. Ms. Dawn Ruzich, Director of Quality and Evaluation for the WestCare Central Region will assist with the project evaluation.

Qualifications of all personnel are described in the Key Personnel section of this proposal. An Organizational Chart for the project follows.

7.2.3 Proposed Plan of Action/Program Plan

Section A: Description of Problem (2 pages)

The Cook County Sheriff's Office operates the Cook County Jail ("Jail"), a facility that had more than **85,000 admissions and exits** during 2009, and an average daily population of 9,039 inmates. In 2008, the Jail was the 4th largest jail system in the U. S. in terms of the average daily population.¹ The Jail has a **high rate of recidivism** and **few funded reentry services**. Based on analyses of 2007 exits, 44% of the 12,380 inmates discharged after being *convicted and serving their sentence at the Jail* were returned to the Jail within 1 year. Further, 53% of the 8,712 inmates released from the Jail because they were *convicted and sentenced to probation/supervision* were returned to the Jail within 1 year. Inmates have relatively low levels of academic accomplishment, with 45% having not completed high-school or earning a GED, limited work histories, unstable housing, and often lack basic forms of identification. There are also a large volume of inmates with substance abuse problems. According to the RFP, nearly 80% of the arrestees admitted to the Jail in 2012 were positive for an illegal drug. The majority of detainees from Cook County Jail return to the poorest and most troubled neighborhoods of the city which are also associated with the highest rates of recidivism. In 2007, those released from jail who originated from the Austin, Garfield Park, and Lawndale neighborhoods experienced a 62.5% recidivism rate.² For these offenders, the communities and home lives are often unsupportive of the behavior changes they are trying to maintain, even if they have participated in substance abuse treatment while in jail. Existing family and social contacts are often struggling with substance abuse and criminal activity issues. Unemployment rates in these

communities are at above 14% and as high as 25% and poverty rates range from 26-41%. Prior incarceration can adversely affect the ability of a detainee to enter or re-enter the labor market increasing stress and economic segregation. Recovering individuals must develop new ways of coping with stress, must enter or re-enter the job market or pursue education, and must develop new social networks that can support their efforts to remain in recovery. Peer based services can allow for individuals to develop support systems that are crucial to long term recovery and minimize the risk of relapse. In a study conducted by Lyons in 2008, interviews with male prisoners who had achieved crime free recovery for 5 – 10 years showed the benefit of social capital and peer-based services. The interviewees indicated that their peers, acting as mentors, were crucial in assisting with reintegration into urban neighborhoods with high levels of drug use and crime. Peer mentoring and recovery services in effect created an alternative community which alleviated loneliness, helped with jobs and community service opportunities, and reinforced efforts to remain sober and crime free.³

Section B: Description of Target Population (2 pages)

In 2012, Cook County Jail admissions were 87.1% male and 67% African American. Nearly 80% of arrestees admitted to Cook County Jail were positive for an illegal drug and nearly half did not have a high school diploma or GED. The target population for this project (both peer recovery specialists and recipients of peer services) will be reflective of the above cited demographics. The Cook County Alumni Association has designed an effective and intense peer support program that has proven successful in aiding and assisting individuals with re-integration back into society. The use of peer support services is grounded in the concept of building social and recovery capital in order to promote and sustain sobriety. Social and recovery capital, i.e.,

³ (Lyons 2008)

March 10, 2014

health, mental health housing, crime free status, employment, family, social relations, and life satisfaction have been shown in research studies to help promote and sustain sobriety.⁴ In our proposed program, the providers of peer services will be men who are in recovery and have been detained in the Cook County Jail and who are committed to helping others; the recipients of peer services will be individuals exiting Cook County Jail who are either in the early stages of recovery or who wish to engage in activities that will assist with recovery.

Section C: Program Implementation Plan and Implementation Schedule (3 pages)

The failure of individuals reentering their communities to maintain sobriety is a frequent cause of recidivism and often a barrier to obtaining stable employment. Individuals reentering Cook County communities are at serious risk of relapse as they attempt to reintegrate. Many are returning to impoverished and segregated neighborhoods that have an abundance of liquor stores and billboards advertising legal drugs creating a constant source of temptation.⁵ Many return to a network of family and friends who are substance abusers and who are themselves involved with the criminal justice system. The WestCare/Alumni Association proposed program will address these problems through support group meetings that provide social and recovery capital. WestCare currently has contracted with Patrick Covington and two additional members of the Alumni Association to provide pre-release and post release outreach, advocacy, mentoring, and recovery oriented services to WestCare clients in the Day Reporting Center (DRC), the Pre-Release Center (PRC) and in the IMPACT program. The DRC serves a daily average of 240 males in either a pre-trial or post-conviction status. Participants report to the center each day and receive intensive behavioral health treatment, cognitive behavioral restructuring, specialized

educational programming and job readiness classes. The PRC serves participants that are pre-trial, court-ordered, or sentenced to the program, where they receive intensive residential substance abuse/co-occurring treatment within the jail. The PRC program has 450 beds and generally lasts 120 days, and upon completion inmates are released from the jail and onto probation. IMPACT Program is a 120-day residential program using a modified Therapeutic Community (TC) approach that provides intensive substance abuse treatment, Fatherhood programming, Cognitive Behavioral Treatment, Men's Aggression, 12-step support groups and other educational services to male detainees. The program serves approximately 168 detainees daily.

Through this proposal, WestCare will contract with three additional Peer Recovery Specialists identified by the Alumni Association and also will provide the Alumni Association with the following: Professional Development, Administrative Support, Fiscal Management, Clinical & Programmatic Planning and Development, and Evaluation & Quality Services. The Alumni Association will increase outreach and enrollment services providing Peer Recovery Services that engage clients in Alumni meetings and activities to increase the availability of recovery and social capital. Peer Recovery Specialists will participate in WestCare training programs and will deliver long term mentoring and emotional support to clients.

Our proposed scope of work will include the following: **1. Increased outreach and engagement strategies to increase participation in and access to Alumni Association Services.** WestCare and the Alumni Association will work to expand awareness of the Alumni program through established relationships within the jail and in the courts. In-jail orientations and group sessions will be offered to engage individuals prior to release. The Alumni

March 10, 2014

Association will also create a web page and develop a social media presence to increase awareness of services. (WestCare Lead Recovery Specialist, Patrick Covington will spend approximately 10 hours per week on outreach and engagement and expand from the DRC/IMPACT/PRC programs to the general jail population. Peer Recovery Specialists will assist with orientations. These activities will take place weekly.) **2. Three new contractual service agreements for Peer Recovery Specialists.** WestCare currently has entered into independent contractor agreements with three members of the Alumni Association. These individuals are housed within the DRC program and provided with professional development opportunities as well as consultation with WestCare staff. Three new Peer Recovery Specialists will be added to the partnership in order to engage a minimum of 75 additional ex-offenders in programming. (The three new Recovery Specialists will work 23 hours per week each spending approximately 5% of their time within the jail and 95% of their time conducting community based services. The WestCare Senior Vice President, Leslie Balonick, or designee will spend approximately 5% of her time providing training and supervision to the Lead Recovery Specialist, Patrick Covington. Mr. Covington will spend approximately 25% of his time supervising the Recovery Specialists and the remainder of his time in peer support services. These activities will occur weekly.) **3. Professional development will be provided to all Peer Recovery Specialists.** Orientation and training will be provided utilizing the existing WestCare professional development and e-learning site. WestCare has developed a program of in-service trainings for Cook County Jail staff that covers issues that arise in criminal justice populations. Training is provided through professional presenters with expertise on special topics and through on-line training. Topics will include **motivational interviewing, cognitive-behavioral strategies** and trauma-informed care at a minimum. (Approximately 8 hours per month. Training will be

March 10, 2014

supervised by Leslie Balonick on a weekly basis.) **4. Weekly group, socialization, and cultural activities.** Alumni members will meet weekly (for as long as needed) to help support each other and strengthen their recovery. The purpose of the group will be to share members' experiences, challenges, and successes in order to help strengthen each other. The Alumni Association will provide support groups to assist members while transitioning into their communities and opportunities for members to give back to their community. The Alumni Association will also introduce the Broaden Your Horizon (BYH) Speaker Series in 2014. BYH will engage with ex-offenders, pre-trials and post-convictions; along with community participants who are outstanding members to the community. (These activities will take place weekly.) **5. Provision of services related to health and wellness, employment and education, health care, alternative schools, GED preparation, career training and job referrals.** WestCare's existing staff will assist the Recovery Specialists with developing an understanding of community resources that will assist participants with achieving self-sufficiency and success. (WestCare will interact weekly with all Recovery Specialist sharing information on community resources.) **6. Evaluation.** WestCare will assist with tracking project outcomes. (Reporting will occur based on a mutually agreed schedule between WestCare and the Justice Advisory Council.)

Section D: Expected Outcomes (2 pages)

The WestCare/Alumni Association partnership will offer a unique program that can achieve substantial results within the ex-offender population and provide evidence that recidivism can be reduced through well-managed and innovative public/private partnerships and peer-based recovery programs. Our objectives will be to: deliver business support and training to the Alumni Associate Peer Recovery Specialists, to provide expanded peer support services to

March 10, 2014

individuals reintegrating into Cook County communities, to encourage and support the use of the peer support model, to reduce recidivism, and to reduce substance use.

WestCare's Director of Evaluation & Quality- Central Region, Dawn Ruzich, will manage the program evaluation, overseeing all data collection and analysis. Reports will be provided on program accomplishments and challenges, number of clients served, expansion of Alumni meetings, and all other data related to program metrics. All data will be maintained in WestCare's secure Electronic Data System. All information is kept confidential and in accordance with HIPPA standards. WestCare maintains a secure, password protected electronic data recording system.

The assessment of clients' perceptions will be a critical component of the evaluation. This aspect of the evaluation will determine whether the program is meeting consumers' needs and expectations and will quickly identify areas for performance improvement. Participants will complete anonymous surveys to explore their perceptions of and satisfaction with services. When feasible, focus groups will be conducted with participants to gain a more nuanced understanding of their experiences. Surveys will be anonymous and the client-level data only will be available to the Evaluator only.

Section E: Planning and Preparation Activities (1 Page)

Many of the planning and preparation activities have already occurred as this program will expand and enhance an existing partnership between WestCare and the Alumni Association.

In order to implement the program, WestCare will work with Patrick Covington to identify three new Peer Recovery Specialists. These individuals will be identified within two weeks of the

March 10, 2014

grant award. Based upon Cook County approval, WestCare will then provide independent contractor agreements that will outline the duties and compensation plans within four weeks of the grant award notice. WestCare will order computers and cell phones as soon as the independent contract agreements are signed and approved by our legal counsel. The Peer Recovery Specialist will attend orientation in mid-June and be fully functioning by July 1, 2014.

Section F: Budget (4 pages)

As directed, the price proposal is being submitted in a sealed envelope with this application.

The Alumni Association is a network of volunteers that was founded in 2009 by successful graduates of substance abuse treatment programs at the DRC and PRC. The Association was organized as a positive voluntary social network for men who are committed to their own recovery and who seek to support and assist others who are attempting to reestablish their lives as sober and productive citizens in the community. Now in the fourth year of operation, the Alumni Association has maintained weekly WestSide support group meetings with attendance ranging from 15- 23 participants and since 2012, has maintained a Southside support group with 9- 15 participants attending weekly. As the Alumni Association has developed, they have become a strong advocacy and advisory group on reentry policy. Alumni Association members

have been keynote speakers for the Justice Advisory Council, have participated in planning sessions for the Northern and Western Cook County Community Forums, and have participated in a focus group on Bond Court Procedures convened by Supreme Court Justice Anne M. Burke.

Three members of the Alumni Association entered into independent contractor agreements with WestCare Illinois in February 2014 in order to provide The role of the Association is to work as Reentry Specialists, engaging detainees to participate in Alumni meetings and activities, and provide long term mentoring and support to clients that have reentered the community. The goal of this proposal is to expand upon this partnership . Our objectives will be to: deliver business support and training to the Alumni Associate Peer Recovery Counselors and to provide expanded wrap around peer support services to individuals and families who are reintegrating into Cook County communities, and to encourage and support the use and evaluation of evidence-based practices thereby improving and verifying the effectiveness of the peer support model.
