- B. The bid documents include a Construction Task Catalog® (CTC) containing construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material, and equipment prices and are for the direct cost of construction. The Contractor will bid a set of Adjustment Factors that are to be applied to the Unit Prices contained in the CTC.
- C. Contracts will be awarded to the lowest, responsive and responsible bidders. The County intends to award one or more contracts in each of the following construction disciplines:

<i>General Construction</i>
<i>Mechanical Construction</i>
<i>Electrical Construction</i>
<i>Highway / Site Work</i>
<i>Demolition</i>
<i>Residential Construction</i>

- D. Thereafter, as Job Orders are identified, the Contractor will jointly scope the work with the County. The County will prepare a Detailed Scope of Work and issue a Request for Price Proposal to the Contractor. The Contractor will then prepare a Job Order Proposal which includes but is not limited to a Job Order Price Proposal, work schedule, sketches and drawings, a list of subcontractors, Utilization Plan, and other requested documentation. The Job Order Price is determined by multiplying the preset Unit Prices by the appropriate quantities and by the appropriate Adjustment Factor. The Job Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. If the Job Order Proposal is found to be reasonable, a Job Order may be issued by the County. Extra work, credits, and deletions will be contained in additional Supplemental Job Orders.

Section 1.01 Explanations

COOK COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

TRUCK DRIVERS (WEST) - That part of the county West of Barrington Road.

Note: Executive Order (EO) 13658 establishes an hourly minimum wage of \$10.10 for 2015 that applies to all contracts subject to the Davis-Bacon Act for which the solicitation is issued on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.10 (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract. The EO minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

=====
Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification

and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in

the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

DESCRIPTION

To increase payment efficiency and timeliness, we have introduced E-Payables program, a new payment initiative to our accounts payable model. This new initiative utilizes a Visa purchasing card and operates through the Visa payment network. This is County's preferred method of payment and your participation in our Visa purchasing card program will provide mutual benefits both to your organization and ours.

As a vendor, you may experience the following benefits by accepting this new payment type:

- Improved cash flow and accelerated payment
- Reduced paperwork and a more streamlined accounts receivable process
- Elimination of stop payment issues
- Reduced payment delays
- Reduced costs for handling paper checks
- Payments settled directly to your merchant account

There are two options within this initiative:

1. Dedicated Credit Card – "PULL" Settlement

For this option, you will have an assigned dedicated credit card to be used for each payment. You will provide a point of contact within your organization who will keep credit card information on file. Each time a payment is made, you will receive a remittance advice via email detailing the invoices being paid. Each time you receive a remittance advice, you will process payments in the same manner you process credit card transactions today.

2. One-Time Use Credit Card – "SUGA" Settlement

For this option, you will provide a point of contact within your organization who will receive an email notification authorizing you to process payments in the same manner you process credit card transactions today. Each time payment is made, you will receive a remittance advice, via email, detailing the invoices being paid. Also, each time you receive a remittance advice, you will receive a new, unique credit card number. This option is ideal for suppliers who are unable to keep credit card account information on file.

4. **Question:** On the Responsible Bidder Requirement form it indicates "Types of work or craft work that will be subcontracted shall be included and listed as subcontract work". Since we do not know at this point in time what work will be required, does this subcontracted work on this form get listed for each work order issued, or is it required to list trades for this bid proposal?

Answer: Submit this form with your bid. Provide list of subcontractors that will be encountered.

Please clarify how a 5% preference is given using the Award Criteria identified in this Solicitation.

Answer: The 5% preference will be deducted from your aggregate factor for bid amount.

8. **Question:** Where in the Solicitation is SBE defined? We find the AFFIDAVIT OF SMALL BUSINESS STATUS, (Section 6, Page 164), but no definition or requirement to submit documentation of MBE, WBE, DBE, or SBA Certification. Please advise.

Answer: Cook County is currently exploring participating in alternative bonding programs.

10. Question: I have a couple questions regarding the JOC bid. I know that it requires a \$25,000.00 bid deposit can this be submitted in the form of a bid bond and if so in section 6 of the bid forms on the Surety Statement of Qualification for Bonding what should the bonding company put where it says "the full amount of bid/Contract" and "the total dollar amount of the contract" as it will not be a dollar amount?

Answer: For the General Construction, contract 1555-14475 GC, the SBE goals are not a requirement for this contract.

13. Question: If a prime is a local contractor along with being SDVBE will the prime contractor receive the local 5% preference and the veteran 5% preference for a total of a 10% preference?

**IB-28 LOCAL BUSINESS PREFERENCE COOK COUNTY ORDINANCE CHAPTER 34,
ARTICLE IV, DIVISION 6, SECTION 34-230.**

The Chief Procurement Officer shall, in the purchase of all supplies and services funded with County dollars by competitive sealed bidding, accept the lowest bid price or lowest evaluated bid price from a responsive or responsible local business, provided that the bid does not exceed the lowest Award Criteria Figure or lowest evaluated Award Criteria Figure from a responsive and responsible non-local business by more than five percent (5%).

"Local Business" shall mean a person, including a foreign corporation authorized to transact business in this State and having a bona fide establishment for transacting business located within Cook County at which it was actually transacting business on the date when a Bid is submitted to the County and further which employs the majority of its regular, full time work force within Cook County. A Joint Venture shall constitute a Local Business if one or more Persons that qualify as a "Local Business" hold interests totaling over 50 percent in the Joint Venture, even if the Joint Venture does not, at the time of the Bid Proposal submittal, have such a bona fide establishment within the County.

IB-29 RE-ENTRY EMPLOYMENT EARNED CREDITS

In accordance with Section 34-231 through Section 34-235 of the Cook County Procurement Code, for all Public Works Contracts, with an estimated Bid Price of \$100,000 or more, the Bidder shall be permitted but is not required, to submit an employment plan of Former Offenders with its Bid Proposal in order to receive an earned credit for future Public Works Contracts. The Employment Plan shall be approved by the CPO and, if required, the Cook County Re-entry Employment Committee. Upon the completion of a qualifying contract and the Bidder presenting satisfactory information and documentation to the CPO, the CPO shall provide the Bidder with an Earned Credit Certificate, which shall be valid for three years from the date of issuance. The Bidder shall receive an earned credit of 1/2% of the Bid Price for future Public Works Contracts, if 5-10% of the percentage of Total Labor Hours are performed by Former Offenders, and an earned credit of 1% of the Bid Price for future Public Works Contracts, if the more than 10% of the percentage of Total Labor Hours are performed by Former Offenders. For purposes of this provision, "Former Offenders" shall mean adults who are residents of the County and who have been convicted of a crime. "Labor hours" shall mean the total hours of workers receiving an hourly Wage who are directly employed at the work site. It shall include hours performed by workers employed by the contractor and all subcontractors working at the site. "Labor hours" shall not include hours worked by nonworking former, superintendents, owners and workers who are not subject to prevailing wage requirements.

IB-30 ELIGIBLE VETERANS BID PREFERENCE FOR PUBLIC WORKS CONTRACT

In accordance with Section 34-236 (a) of the Cook County Procurement Code, for all Public Works Contracts, the CPO shall give a preference of one percent of the amount of the Contract to a Responsible and Responsive Bidder for a Public Works Contract when such Bidder has committed by affidavit to utilize Eligible Veterans for at least five percent of the hours worked under such Contract. Failure to utilize Eligible Veterans in accordance with the affidavit will result in breach of contract.

IB-31 ELIGIBLE BID PREFERENCE FOR VBES AND SDVBES

In accordance with Section 34-236 (b) of the Cook County Procurement Code, the CPO shall give a preference of five percent of the amount of the Contract to a Responsible and Responsive Veteran owned Business Enterprises ("VBES") or Service Disabled Veteran owned Business Enterprises ("SDVBE") certified by the Contract Compliance Director ("CCD"), or by any other entity approved by the CCD.

To the extent permitted by law, in the event the County either directly or indirectly through a contractor or construction manager, undertakes construction work within the trade jurisdiction of a member of COUPE, each affected coalition union shall receive fourteen (14) days written notice prior to the County's undertaking, except in the case of emergency, the County shall perform or require the performance of such work by a person, firm, or company, signatory or willing to become signatory for purposes of that County project to an existing labor agreement with the coalition union or a union with the appropriate trade jurisdiction located in County of Cook.

SMALL BUSINESS ENTERPRISES CONSTRUCTION INITIATIVE

A Definitions

1. "Area of Specialty" means the description of an SBE firm's business which has been determined by the Cook County, or which the SBE has affirmed, by an Affidavit of Small Business Status, to be most reflective of the SBE firm's claimed specialty or expertise. Areas of Specialty are identified by the North American Industry Classification System ("NAICS") codes which are listed in the SBA Small Business Size Standards in 13 C.F.R. Part 121. See http://ecfr.gpoaccess.gov/cgi/t/text/text-idx?c=ecfr&tpl=/ecfrbrowse/Title13/13cfr121_main_02.tpl

NOTICE: The County of Cook does not make any representation concerning the ability of any SBE to perform work within its Area of Specialty. It is the responsibility of all contractors to determine the capability and capacity of SBEs to satisfactorily perform the work proposed.

2. "Commercially Useful Function" means responsibility for the execution of a distinct element of the work of the contract, which is carried out by actually performing, managing, and supervising the work involved, evidencing the responsibilities and risks of a business owner such as negotiating the terms of (sub)contracts, taking on a financial risk commensurate with the contract or its subcontract, responsibility for acquiring the appropriate lines of credit and/or loans, or fulfilling responsibilities as a joint venture partner as described in the joint venture agreement.
3. "Local Business Enterprise" means a business entity located within the County of Cook (the "County"), which has the majority of its regular, full time work force located within the County Marketplace.
4. "Small Business Enterprise" means a small business as defined by the U.S. Small Business Administration, pursuant to the business size standards found in 13 C.F.R. Part 121, relevant to the scope(s) of work the firm seeks to perform on city contracts. A firm is not an eligible small business enterprise in any fiscal year in which its gross receipts, averaged over the firm's previous five fiscal years, or its number of employees, per pay period averaged over the past twelve months, exceed the size standards of 13 C.F.R. Part 121.
5. "Small Local Business Enterprise," or "SBE" means a business that is a Small Business Enterprise and a Local Business Enterprise. Because certified Minority-Owned Business Enterprises (MBEs) and Women-Owned Business Enterprises (WBEs), by definition in Section 34-121 of the County Code, must also be small local business enterprises in order to be certified as MBEs or WBEs, they are presumed to meet the definition. In making a determination whether a non-certified business meets that definition, the County will consider, among other factors, whether the business:
 - a. Has been in business for at least one (1) year;
 - b. Is independent, and not an affiliate or subsidiary of any other business;
 - c. Has gross receipts, averaged over the firm's previous five fiscal years, or number of employees, per pay period averaged over the past twelve months, that do not exceed the size standards set forth in 13C.F.R. Part 121;5. Has its principal place of business and the majority of its full time, regular full-time work force located in County's Marketplace, as evidenced by location of their employment as reported to federal and state taxing authorities.
6. "County Marketplace" means the six-county region, currently the Counties of Cook, DuPage, Kane, Lake, McHenry and Will.

B Policy and Goals

1. This Article GC-54 of Book 2 applies only to the County's Job Order Contract(s) for the Small Business General Construction. The language does not apply to any other County contract.
2. It is the policy of the County of Cook to prevent discrimination in the award of or participation in County contracts and subcontracts and to eliminate arbitrary barriers for participation, as both Contractors and Subcontractors or Suppliers, in such contracts by Small Local Business Enterprises (SBEs), Minority-Owned Business Enterprises (MBEs) and Women-

ADDENDUM NO. 3

Department of Capital Planning & Policy

Contract No. 1555-14475

To: Interested Vendors of Record

A. General:

This addendum revises the above-referenced solicitation. This addendum is issued prior to execution of the contract, forms a part of contract documents and modifies previously issued documents. Insofar as previously issued contract documents are inconsistent with modifications indicated by this addendum, modifications indicated by this addendum shall govern. Where any part of the contract documents are modified by this addendum, all unaltered provisions shall remain in effect.

B. Acknowledgement:

Acknowledge receipt of this addendum in the space provided on the bid form on the proposal pages. Failure to do so will subject bidder to disqualification.

C. Responses to Questions:

- Question:** With reference to Amendment 1, Attachment 4, IB-32 Coalition of Unionized Public Workers: does this mean that a GC must actually join the/a union for this project? Usually we agree to pay prevailing wage or Davis-Bacon standards. The last three lines appear to require that any firm working on the JOC must sign a labor agreement. We don't mind hiring union workers or paying the wages as prescribed if everyone must pay the same scale, but we are not interested in being forced to join a union. Please clarify

Answer: For the purposes of this project, it may be necessary for the prime contractor to be a signatory or become a signatory of either the Coalition of Unionized Public Workers (COUPE) labor agreement or the labor agreement of another trade union located within Cook County.

CONTRACTOR ADJUSTMENT FACTORS

- Importance of Adjustment Factors
 - Determines low bidder AND
 - Used to price individual Job Orders
 - Price proposal total becomes the lump sum Job Order amount

$$\text{UNIT PRICE} \times \text{QUANTITY} \times \text{ADJUSTMENT FACTOR} = \text{TOTAL FOR TASK}$$

$$\text{UNIT PRICE} \times \text{QUANTITY} \times \text{ADJUSTMENT FACTOR} = \text{TOTAL FOR TASK}$$

$$\text{UNIT PRICE} \times \text{QUANTITY} \times \text{ADJUSTMENT FACTOR} = \text{TOTAL FOR TASK}$$

TOTAL JOB ORDER PRICE

CONTRACTOR ADJUSTMENT FACTORS

- Annual Price Adjustment
 - Applied annually on the JOC's Anniversary Date
 - Based on CCI (Chicago) published by Engineering News Record
- Calculation (Based on Bid Due Date)
 - $\frac{\text{Average CCI for Current Year}}{\text{Average CCI for Base Year}} = \text{The \% Increase or Decrease in Construction Costs}$
 - Percentage x Original Adjustment Factors = New Adjustment Factors for Next Year
- Normal Working Hours
- Other Than Normal Working Hours
- **NPP Adjustment Factors are Fixed for the Duration of the Contract**

RISKS OF LOW ADJUSTMENT FACTORS

- Leads to Unrealistic Proposals
 - Unsupportable Tasks
 - Exaggerated Quantities
- Locked in for the duration of the contract except for escalations.
 - Reduced confidence in the work
 - Sustainability is jeopardized

JOC Process –Part 2
