INSTRUCTIONS TO BIDDERS

IB-01 DEFINITIONS

A. **BIDDER** shall mean any Person who submits a Bid.

B. **BID COVER PAGE** shall mean the general description of the required services, goods, equipment, or supplies, the contact information of the assigned Contract Negotiator or Specification Engineer in the Office of the Chief Procurement Officer, and shall include the date and time for the submission of Bid Proposals.

C. **BID or BID PROPOSAL** shall mean a response to the Bid Notice containing all Bid Documents and any other documents or information the Bidder is required to provide.

D. **BID DOCUMENTS** means the documents, specifications, forms and other information necessary and required for a Bid.

E. **BID NOTICE** means the notice from the CPO regarding a Procurement which shall include: a general description of the Procurement; information necessary to obtain the Bid Documents; and the date, time and process for the submission of Bids.

F. **CONTRACT** shall mean any written document to make Procurements by or on behalf of Cook County.

G. **CONTRACT DOCUMENTS** shall mean collectively the Bid Cover Page, legal advertisement, Bid Notice, Bid Documents, Bid, Economic Disclosure Statement, MBE/WBE Utilization Plan and any other document required by the Chief Procurement Officer. The above documents shall be considered as one integrated document setting forth the obligations of the parties.

H. **CONTRACTOR** shall mean the Person that enters into a Contract with the County.

I. **COUNTY** shall mean the County of Cook, a body politic and corporate of the State of Illinois.

J. **DIRECTOR** shall mean the person or persons authorized by the County to act in connection with this Contract. Such authorization shall not include any power to change the scope of the Contract or to obligate the County to pay additional sums beyond the amount of the Contract awarded by the Cook County Board of Commissioners or the Chief Procurement Officer.

K. **CHIEF PROCUREMENT OFFICER or CPO** shall mean the Chief Procurement Officer of the County of Cook whose duties and responsibilities are more particularly described in the Cook County Procurement Code, Chapter 34, Article IV, Division I.

L. **OCPO** shall mean the Office of the Chief Procurement Officer of Cook County.

M. **PERSON** shall mean any individual, corporation, partnership, Joint Venture, trust association, Limited Liability Company, sole proprietorship or legal entity.

N. **PROCUREMENT** shall mean obtaining supplies, equipment, goods or services of any kind.

O. **SPECIFICATIONS** shall mean the description of the services, work, goods, equipment, personnel, volume and use statistics and all requirements for the scope of work set forth in the Contract Documents.

P. **USING AGENCY** shall mean the departments or agencies within Cook County government including elected officials.

IB-02 PREPARATION OF EDS AND EXECUTION DOCUMENT

A. The Bidder shall prepare one (1) copy of its Bid Proposal on the proposal forms within the Contract Documents and three (3) Economic Disclosure Statement and Execution Documents ("EDS"), all with original signatures. Unless otherwise stated, all blank spaces on the proposal forms shall be fully completed. Bidder bears all responsibility for error or omissions in the submission of the Bid Proposal. Bid Proposals and EDS which are not properly signed may be rejected.

B. If the Bidder is a corporation, the President and Secretary must execute the EDS. In the event that this Bid Proposal is executed by someone other than the President, attach hereto a certified copy of that section of the Corporate By-Laws, resolution or other authorization by the Corporation, satisfactory to the County that permits the person to execute Bid Proposal for said corporation. If the corporation is not incorporated in the State of Illinois, a copy of the Certificate of Good Standing from the state of incorporation must be submitted with the EDS.

C. If the Bidder is a partnership or joint venture, all partners or joint venturers must execute the EDS, unless one partner or joint venture has been authorized to sign for the partnership or joint venture, in which case, the partnership agreement, resolution or evidence of such authority, satisfactory to the County, must be submitted. If the Bidder is a joint venture, attach a copy of the joint venture agreement.

D. If the Bidder is a member-managed LLC all members must execute the EDS, unless otherwise provided in the operating agreement, resolution or other corporate documents. If the Bidder is a manager-managed LLC, the manager(s) must execute the Bid Proposal. The Bidder must attach either a certified copy of the operating agreement, resolution or other authorization, satisfactory to the County, demonstrating such person has the authority to execute the EDS on behalf of the LLC. If the LLC is not registered in the State of Illinois, a copy of a current Certificate of Good Standing from the state of incorporation must be submitted with the EDS.

E. If the Bidder is a Sole Proprietorship, the sole proprietor must execute the EDS.

F. A "Partnership" "Joint Venture" or "Sole Proprietorship" operating under an Assumed Name must be registered with the Illinois county in which it is located, as provided in 805 ILCS 405 (2012) and documentation evidencing registration must be submitted with the EDS.

IB-03 SITE INSPECTION CERTIFICATE

The Bidder shall inspect the job-site to become familiar with the conditions related to the work or services and the requirements set forth in the Bid Documents. Failure of the Bidder to visit the Site shall not relieve or alter the Bidder's responsibility for completing the work or services as required by the Contract Documents.

When required as mandatory in the Contract Documents, the Bidder shall visit the job-site and shall carefully examine and become familiar with all conditions which may in any way affect the performance of the Contract and shall submit certification of such inspection along with the Bid Proposal. The dates and conditions of the site inspection are determined by the County. If the Contract Documents provide that inspection of the site is mandatory, a Bidder's failure to attend all of the required site inspections shall render the Bid Proposal non-responsive.

IB-04 BID DEPOSIT

When required in the Contract Documents, the Bid Proposal shall be accompanied by, cashier's check, certified check, bank draft or surety bond in the amount shown in the legal advertisement or as may be prescribed in these Contract Documents. A certified or cashier's check shall be drawn on a responsible bank doing business in the United States and shall be made payable to the order of the County of Cook. The surety issuing the bond must have a general rating of "A", and shall be a Class VII or higher in the financial size category as defined by Best Company Inc., Moody's Investor Services, Standard & Poor's Corporation or similar rating agency. The surety must be licensed by the State of Illinois Department of Insurance and be listed in the current U.S. Treasury Circular 570 when federal funds are being used. Failure to submit the bid deposit shall constitute a non-responsive Bid Proposal and such Bid Proposal shall be rejected.

IB-04 BID DEPOSIT (con't.)

The Bidder hereby agrees that the bid deposit shall be forfeited to the County as liquidated damages and not as penalty in the event Bidder fails to comply with IB-15 and IB-17, or otherwise fails or refuses to honor the Bid Proposal upon award of the Contract by the County.

The bid deposit of all bidders will be returned, with the exception of the apparent lowest responsive and responsible Bidder, after the County has awarded the Contract. The bid deposit of the lowest responsive and responsible Bidder will be returned after the Contract has been awarded and the Bidder has submitted all insurance documentation and the Performance and Payment Bond, as required by the Contract Documents.

IB-05 EXCEPTIONS AND ADDENDUM

The County will not provide oral answers to questions concerning Bid Documents before or subsequent to the award of a Contract. If an interpretation or clarification of the Bid Document is desired by the Bidder or if the Bidder intends to request a deviation to the Specifications, the Bidder shall submit questions or request for the deviation to the Specifications to the Chief Procurement Officer prior to the date for inquiries set forth in the Special Conditions. The Chief Procurement Officer will answer questions or requests for deviations to the Specifications by issuing an Addendum which shall be available to all Bidders submitting a Bid Proposal. If no Addendum is issued by the Chief Procurement Officer, then such deviation or exception to the Specification shall be deemed rejected. The Chief Procurement Officer shall reject any Bid containing deviations or exceptions to the Specifications not previously accepted through a written Addendum. Bidder shall acknowledge receipt of each Addendum issued in the space provided on the proposal form. The Bidder's failure to acknowledge in writing any issued addenda may result in the CPO finding the Bid non-responsive and rejecting the Bid. The OCPO shall not allow any Bidder to acknowledge any such addenda, in writing or orally, after the bidding period has closed.

All written requests for clarifications, deviations or exceptions shall be addressed to the Specification Engineer or Contract Negotiator listed on the Bid Cover Page:

If the apparent lowest Bidder takes exceptions or deviations to the General Conditions, which are submitted with the Bid, the CPO shall reject the Bid as non-responsive in the event that the Chief Procurement Officer, in his or her sole opinion, determines such exceptions or deviations to be material.

IB-06 BIDDER REPRESENTATIONS AND WARRANTIES

The submission of a Bid shall constitute a representation and warranty that: (i) Bidder has carefully and thoroughly reviewed the Contract Documents and has found them complete and free from ambiguities and sufficient to describe the required goods, equipment, supplies or services; (ii) Bidder and all laborers, employees or subconbtractors it intends to use in the performance of this Contract are skilled and experienced in the type of work or services called for by the Contract Documents; and (iii) neither the Bidder nor any of its employees, agents, suppliers or subcontractors have relied on any verbal representations from the County, or any of the County's employees, agents, or consultants, in preparing the Bid.

IB-07 SUBMISSION OF BID PROPOSALS

All Bidders shall submit Bids to the OCPO electronically as per the instructions in Exhibit I for Instructions for Submitting an Electronic Bid. OCPO will not accept hardcopy Bids. Bidders are instructed not to send Bids via US Mail or any other carrier service.

IB-08 BID PROPOSALS TO CONFORM TO BID DOCUMENTS

The County will not entertain or consider any Bids: (i) received after the exact time specified in the Bid; (ii) not accompanied by the required bid deposit; or (iii) in any other way failing to comply fully with the conditions stated in the Bid.

INSTRUCTIONS TO BIDDERS

IB-09 COMPETENCY OF BIDDER

No Contract shall be awarded to a Bidder that is in arrears or is in default to the County upon any debt or Contract, or that is a defaulter, as surety or otherwise upon any obligation to said County, or has failed to perform faithfully any previous contract with the County.

IB-10 LOCAL BUSINESS PREFERENCE

The Chief Procurement Officer shall, for all Procurements funded solely with County dollars by competitive sealed bidding, accept the lowest bid price or lowest evaluated bid price from a responsive or responsible local business, provided that the Bid does not exceed the lowest bid price or lowest evaluated bid price from a responsive and responsible non-local business by more than five percent (5%).
“Local business” shall mean a Person, including a foreign corporation authorized to transact business in Illinois, having a bona fide establishment located within the County at which it is transacting business on the date when a Bid is submitted to the County, and which employs the majority of its regular, full-time work force within the County. A Joint Venture shall constitute a Local Business if one or more Persons that qualify as a "Local Business" hold interests totaling over 50 percent in the Joint Venture, even if the Joint Venture does not, at the time of the Bid submittal, have such a bona fide establishment within the County.

IB-11 RE-ENTRY EMPLOYMENT EARNED CREDITS

In accordance with Section 34-231 through Section 34-235 of the Cook County Procurement Code, for all Public Works Contracts, with an estimated Bid Price of $100,000 or more, the Bidder shall be permitted but is not required, to submit an employment plan of Former Offenders with its Bid Proposal in order to receive an earned credit for future Public Works Contracts. The Employment Plan shall be approved by the CPO and, if required, the Cook County Re-entry Employment Committee. Upon the completion of a qualifying contract and the Bidder presenting satisfactory information and documentation to the CPO, the CPO shall provide the Bidder with an Earned Credit Certificate, which shall be valid for three years from the date of issuance. The Bidder shall receive an earned credit of ½% of the Bid Price for future Public Works Contracts, if 5-10% of the percentage of Total Labor Hours are performed by Former Offenders, and an earned credit of 1% of the Bid Price for future Public Works Contracts, if the more than 10% of the percentage of Total Labor Hours are performed by Former Offenders. For purposes of this provision, “Former Offenders” shall mean adults who are residents of the County and who have been convicted of a crime. “Labor hours” shall mean the total hours of workers receiving an hourly Wage who are directly employed at the work site. It shall include hours performed by workers employed by the contractor and all subcontractors working at the site. “Labor hours” shall not include hours worked by nonworking former, superintendents, owners and workers who are not subject to prevailing wage requirements.

IB-12 ELIGIBLE VETERANS BID PREFERENCE FOR PUBLIC WORKS CONTRACT

In accordance with Section 34-236 (a) of the Cook County Procurement Code, for all Public Works Contracts, the CPO shall give a preference of one percent of the amount of the Contract to a Responsible and Responsive Bidder for a Public Works Contract when such Bidder has committed by affidavit to utilize Eligible Veterans for at least five percent of the hours worked under such Contract. Failure to utilize Eligible Veterans in accordance with the affidavit will result in breach of Contract.

IB-13 ELIGIBLE BID PREFERENCE FOR VBEs and SDVBEs

In accordance with Section 34-236 (b) of the Cook County Procurement Code, the CPO shall give a preference of five percent of the amount of the Contract to a Responsible and Responsive Veteran owned Business Enterprises (“VBEs”) or Service Disabled Veteran owned Business Enterprises (“SDVBE”) certified by the Contract Compliance Director (“CCD”), or by any other entity approved by the CCD.

IB-14 ELIGIBLE BID PREFERENCE FOR BUSINESSES OWNED BY PEOPLE WITH DISABILITIES

In accordance with Section 34-242 (a) of the Cook County Procurement Code, the CPO shall recommend award to the lowest Responsible and Responsive Bidder who is a PDBE, provided that the Bid of such bidder does not exceed the Bid of the lowest Responsible and Responsive Bidder by more than five percent (5%).

IB-15 PUBLIC WORKS

For all Public Works Projects, the Bidder shall comply with Section 34-190 of the Cook County Procurement Code, which requires that Public Works Contracts having an estimated contract price of $100,000 or more, where not otherwise prohibited by Federal or State law, shall have at least 50 percent of the total hours worked on the site by employees of the Contractor and subcontractors shall be performed by residents of the County.

All Bid Proposals for Public Works Construction shall be evaluated to determine, whether the Bidder is responsible, in accordance with Section 34-145 of the Cook County Procurement Code. In accordance with Section 34-145 the CPO shall determine whether the Bidder: (i) is authorized to do business in Illinois and the County; (ii) has, as applicable, a Federal Employer Identification Number or Social Security; (iii) meets any applicable insurance requirements in the Bid Document; (iv) has certified that it is in compliance with all provisions of the Illinois Prevailing Wage Act, and State and Federal equal employment opportunity laws; (v) has certified that it participates in active apprenticeship and training programs approved and registered with the United States Department of Labor Bureau of Apprenticeship and Training for each of the trades of work contemplated under the awarded Contract; (vi) contractually requires any subcontractor to participate in active apprenticeship and training programs approved and registered with the United States Department of Labor Bureau of Apprenticeship and Training for each of the trades of work contemplated under the awarded Contract; and (vii) has agreed to provide Certified payrolls as specified in the Illinois Prevailing Wage Act.

IB-16 CONSIDERATION OF BID PROPOSALS

The County reserves the right to reject or accept any or all Bid Proposals, to extend the bidding period, to waive technicalities in the Bid and/or to withdraw or cancel the Bid or to issue a new Bid, i.e., “rebid” prior to award of the Contract.

No physical public bid opening shall be held. A preliminary record of all bids received will be posted to the OCPO website and shall be made available immediately after the bids are opened.

After the bidding period has closed, the Bid Proposals will be evaluated based on the price, conformance with Specifications, the responsibility of the various Bidders taking into consideration factors including, but not limited to, those noted in IB-09, IB-10 and responsiveness to the County's Minority and Women Owned Business Ordinance.
The Chief Procurement Officer reserves the right to make corrections, after receiving the Bids, to any clerical error apparent on the face of the Bid, including but not limited to obviously incorrect units or misplaced decimal points, or arithmetic errors. In the event that comparison of the Bidder’s “Unit Price” and “Total Price” submitted for any line items reveals a calculation error, the Unit Price will prevail.

The Chief Procurement Officer reserves the right to reject any Bid that, in his or her discretion and authority is deemed materially unbalanced.

IB-17 WITHDRAWAL OF BID PROPOSALS

Bidders may withdraw their Bid Proposals at any time prior to the time specified in the Bid as the date and hour set for the Bid Due Date. However, no Bidder shall withdraw, cancel or modify its Bid Proposal for a period of ninety (90) calendar days after the Bid Due Date.

IB-18 NOTICE OF AWARD

The Chief Procurement Officer shall notify the successful Bidder, in writing, of award of the Contract by the County within ninety (90) days from the Bid Opening date. Upon receipt of the Notice of Award, the Contractor shall promptly secure, execute and deliver to the Chief Procurement Officer any documents required herein.

IB-19 BID DISPUTES

Section 34-136 of the Cook County Procurement Code permits Bidders to file protests. Any Bidder who reasonably believes that the recommended Bidder is not the lowest Responsive and Responsible Bidder, or has a complaint about the bid process, may submit a bid protest, in writing, and directed to the CPO, within three business days after the date upon which the CPO posts the recommended Bid for award or execution on the County's website. The bid protest must specify why the protester believes the recommended Bidder is not the lowest Responsive and Responsible Bidder, or why the protestor believes the bid procedure was unfair, including a statement of how the alleged unfairness prejudiced the protesting Bidder and the action requested of the CPO. A bid protest based on an issue which could have been clarified through a request for clarification or information pursuant to Section 34-136(d), and IB-05, Communications with the County regarding competitive bidding process, will not be considered if the protesting Bidder failed to make such request. When a bid protest has been submitted, no further action shall be taken on the Procurement until the CPO makes a decision concerning the bid protest, unless the Using Agency responds in writing and sufficiently demonstrates that (i) the item to be procured is urgently required and (ii) failure to make the award promptly will unduly delay delivery or performance or cause other undue harm.

The CPO shall issue a written decision on the bid protest to the protesting Bidder and to any other Bidder affected by such decision as soon as reasonably practicable. If the bid protest is upheld based on a lack of fairness in the bid procedure, the CPO shall re-bid the procurement. If the CPO determines that the recommended Bidder was not Responsive and Responsible, that Bidder shall be disqualified and the CPO may either recommend the lowest Responsive and Responsible Bidder or re-bid. Any CPO decision concerning bid protests shall be final.

IB-20 PERFORMANCE AND PAYMENT BOND

When required in Bid Documents, the successful Bidder shall furnish a Performance and Payment Bond in the full amount of the Contract on the County Form, a specimen of which shall be provided. The Surety issuing the Performance and Payment Bond must have a general rating of "A" and shall be a Class VII or higher in the financial size category as defined by Best's Key Rating Guide-Property and Casualty, or have such ratings as specified in the Contract Documents.

In the event that the Bidder fails to furnish the Performance and Payment Bond within fourteen (14) calendar days after service of the Notice of Award, the County may elect to retain Bidder's bid deposit as liquidated damages and not as a penalty and reject the Bid. The parties agree that the sum of the bid deposit is a fair estimate of the amount of damages that the County will sustain due to the Bidder's failure to furnish the Performance and Payment Bond and the termination of the Contract.

IB-21 PRICES FIRM

All prices quoted in the Bid Proposal shall be firm and will not be subject to increase during the term of the Contract, except as otherwise provided in these Contract Documents.

IB-22 CASH BILLING DISCOUNTS

Cash billing or percentage discounts for payment will not be considered in evaluating Bid Proposals.

IB-23 CATALOGS

Each Bidder shall submit, where necessary or when requested catalogs, descriptive literature, and detailed drawings, fully detailing features, designs, construction, appointment and finishes not covered in the Specifications but necessary to fully describe the goods, equipment, supplies or services.

IB-24 AUTHORIZED DEALER/DISTRIBUTOR

For goods, equipment and supplies, the Bidder must be one of the following: (i) the manufacturer; (ii) an authorized dealer/distributor; or (iii) able to promptly secure the necessary genuine parts, assemblies and/or accessories as supplied by the original equipment manufacturer (O.E.M.), along with any necessary schematics or drawings to fulfill the contractual obligations. With respect to the purchase of vehicles, or services related to vehicles, the Specifications or Special Conditions may require that the Bidder be an authorized dealership of the manufacturer. The Bidder must be able to furnish original product warranty and manufacturer's related services such as product information, product re-call notices, etc. Proof of ability to transfer product warranty to the County is to be submitted with the Bid Proposal.

IB-25 TRADE NAMES

In cases where an item is identified by a manufacturer's name, brand name, trade name, catalog number, or reference, it is understood that the Bidder proposes to furnish the item identified and does not propose to furnish an alternate but equivalent item, unless the Bidder has proposed and the County has accepted the alternate but equivalent item.

Unless the Bid states that no substitute shall be allowed, the reference to a manufacturer's name, brand name, trade name, catalog number, or reference is intended to be descriptive and not restrictive and to indicate to prospective Bidders articles that shall be satisfactory. Bid Proposals for other manufacturer names, brand names, trade names, catalog numbers or references shall be considered, provided each Bidder states on the face of the Bid Proposal what alternate, but equivalent items are being proposed.

If the Bidder proposes alternate, but equivalent, items, the Bidder must provide the following: (i) product identification, including manufacturer's name and address; (ii) manufacturer's literature identifying the product description, reference standards and performance and test data; (iii) samples, as applicable; and (iv) itemized comparisons of the proposed alternate items listing significant variations. If a Bidder proposes alternate items, it warrants and represents that in making a formal request for substitution that: (i) the proposed alternate item is equivalent to or superior in all respects to the item specified in the Bid; and (ii) that the same warranties and guarantees will be provided for the proposed alternate items as those specified in the Bid. The CPO may, in his or her sole discretion accept an alternate item for a specified item, provided the alternate items so bid is, in the CPO's sole opinion the equivalent of the item specified in the Bid. An alternate item that the CPO determines not to be equivalent to the specified item shall render the bid non-responsive and the CPO shall reject the Bid.

IB-26 SAMPLES

Bidders may be asked upon request of the Chief Procurement Officer, including subsequent to the Bid Due Date, to furnish and deliver a representative sample sufficient to effectively evaluate each item listed in the Bid Proposal. All samples must be delivered F.O.B. DESTINATION, FREIGHT PREPAID to an identified delivery location within five (5) business days of the request. Samples submitted must be identical to those specified in the Bid Proposal. Submission of other than the samples reflected in the Bid Proposal or failure to furnish samples within the required time period shall be cause for rejection of the Bid Proposal. All samples are subject to mutilation and will not be returned. Bidders shall bear the cost of any samples and shipping or delivery costs related thereto.

IB-27 NOTICES

All communications and notices between the County and Bidders regarding the Bid Documents shall be in writing, sent to the contact person listed on the cover of this bid solicitation via e-mail. Notices to the Bidders shall be addressed to the name and email address provided by the Bidders; notices to the Chief Procurement Officer shall be addressed to the Chief Procurement Officer and the contact person listed on the cover of this bid solicitation.

IB-28 COMPLIANCE WITH LAWS - PUBLIC CONTRACTS

This is a competitive Bid of Cook County government subject to laws and ordinances governing public bids and contracts. The Bidder shall at all times observe and comply with all laws, ordinances, regulations and codes of the Federal, State, County and other local government agencies which may in any manner effect the preparation of the Bid Proposal or the performance of the Contract. If the Bidder observes that any of the Bid Documents are at variance with any laws, ordinances, regulations or codes, it shall promptly notify the Chief Procurement Officer in writing and if necessary an addendum shall be issued by the Chief Procurement Officer.

IB-29 COOPERATION WITH INSPECTOR GENERAL

Persons or businesses seeking County contracts are required to abide by all of the applicable provisions of the Office of the Independent Inspector General Ordinance (Section 2-281 et. seq. of the Cook County Code of Ordinances). Failure to cooperate as required may result in monetary and/or other penalties.

IB- 30 CREDIT CARD PAYMENTS

The County has implemented a Prompt Payment Program (the "E-Payables Program"). Bidders who voluntarily participate in the Program will receive prompt payments via the County's Visa Purchasing Card. In order to participate in the Program, Bidders must submit the E=Payables Enrollment Form to the Cook County Comptroller's Office. A description of the Program is attached for informational purposes. Notwithstanding the foregoing, the County has no duty or obligation to process prompt payments to Bidders. The County reserves its right to discontinue the Program at any time. The County will not provide a bid incentive or preference to Bidders who participate in the Program.

IB-31 MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE ORDINANCE

Cook County has adopted the Minority and Women Owned Business Enterprise Ordinance (the "Ordinance"). The Ordinance establishes annual participation goals for Minority and Women Owned Business Enterprises. The requirements of the Ordinance, as well as the documents the Bidder must submit are set forth in GC-19. The Bidder's failure to submit the MBE/WBE Utilization Plan, as more fully described in GC-19 shall render the Bid non-responsive.

IB-32 COOK COUNTY RECYCLED PRODUCT PROCUREMENT POLICY

Cook County has adopted the Cook County Recycled Product Procurement Policy. In accordance with the Policy, Cook County encourages the use of recycled paper and paper products, whenever practicable. The Bidder shall use recycled paper, except where the specialized nature of certain materials (such as photographs) requires otherwise, and all documents shall be printed two-sided unless two-sided printing is not practicable.

IB-33 ESTIMATED QUANTITIES

Unless expressly stated in the Specifications, Special Conditions, or Proposal page(s) any quantities stated in this Bid represent estimated usage and as such are for bid canvassing purposes only. The County reserves the right to increase or decrease quantities ordered. Nothing herein will be construed as an intent or obligation on the part of the County to purchase any goods, equipment, supplies or services beyond those determined by the County to be necessary to meet its needs.

IB-34 COALITION OF UNIONIZED PUBLIC EMPLOYEES

The Cook County Board of Commissioners has entered into an Agreement with the Coalition of Unionized Public Employees ("COUPE"). To the extent permitted by law, in the event the County either directly or indirectly through a contractor or construction manager, undertakes construction work within the trade jurisdiction of a member of COUPE, each affected coalition union shall receive fourteen (14) days written notice prior to the County's undertaking, except in the case of emergency, the County shall perform or require the performance of such work by a person, firm, or company signatory or willing to become signatory for purposes of that County project to an existing labor agreement with the coalition union or a union with the appropriate trade jurisdiction located in County of Cook.

GENERAL CONDITIONS

GC-01 SUBCONTRACTING OR ASSIGNMENT OF CONTRACT OR CONTRACT FUNDS

Once awarded, this Contract shall not be subcontracted or any part thereof assigned without the express written approval of the County Chief Procurement Officer ("Chief Procurement Officer"). In no case, however, shall such approval relieve the Contractor from his obligations or change the terms of the Contract. The Contractor shall not transfer or assign any Contract funds or claims due or to become due without the advance written approval of the Chief Procurement Officer. The unauthorized subcontracting or assignment of the Contract, in whole or in part, or the unauthorized transfer or assignment of any Contract funds, either in whole or in part, or any interest therein, which shall be due or are to become due the Contractor shall have no effect on the County and are null and void.

The Contractor shall identify any and all contractors and subcontractors it intends to use in the performance of the Contract by completing the Identification of Subcontractor/Supplier/Subconsultant Form ("ISF"). All such persons shall be subject to the prior approval of the County. The Contractor will only subcontract with competent and responsible Subcontractors. The Chief Procurement Officer may require in his or her sole discretion, that the Contractor provide copies of all contracts with subcontractors.

The Contractor and its employees, contractors, subcontractors, agents and representatives are, for all purposes arising out of this Contract, independent contractors and are not employees of the County. It is expressly understood and agreed that the Contractor and its employees, contractors, subcontractors, agents and representatives shall in no event as a result of a contract be entitled to any benefit to which County employees are entitled, including, but not limited to, overtime, retirement benefits, worker's compensation benefits and injury leave or other leave benefits.

GC-02 INDEMNIFICATION

The Contractor shall indemnify the County and its commissioners, officials, employees, agents and representatives, and their respective heirs, successors and assigns, from and against any and all costs, expenses, attorney's fees, losses, damages and liabilities incurred or suffered directly from or attributable to any third party claims alleging negligent acts and negligent omissions of the Contractor, its agents, employees, contractors, subcontractors of the Contractor. The Contractor expressly understands and agrees that any insurance protection required of the Contractor, or otherwise provided by the Contractor, shall in no way limit the responsibility to indemnify the County as hereinabove provided. This indemnity shall not apply to the acts and omissions (negligent or otherwise) of the County or other parties. Except in case of personal injury or death, Contractor will not be responsible for "indirect" damages.

GC-03 INSPECTION AND RESPONSIBILITY

The County shall have a right to inspect and approve any Contract goods, equipment, supplies or services used in carrying out this Contract and shall approve the quality and standards of all materials or completed work furnished under this Contract. Contract goods, equipment, supplies or services not complying herewith may be rejected by the Chief Procurement Officer and/or the Director and shall be replaced and/or re-performed by the Contractor at no cost to the County. Any Contract goods, equipment or supplies rejected shall be removed within a reasonable time from the premises of the County at the entire expense of the Contractor, after notice has been given by the County to the Contractor that such Contract goods, equipment or supplies have been rejected.

GC-04 PAYMENT TO CONTRACTORS AND SUBCONTRACTORS

All invoices submitted by the Contractor shall be in accordance with the cost provisions contained in the Contract Documents and shall contain a detailed description of the Deliverables (i.e., the goods, equipment, supplies or services) including the quantity of the Deliverables, for which payment is requested. All invoices for services shall include itemized entries indicating the date or time period in which the services were provided, the amount of time spent performing the services, and a detailed description of the services provided during the period of the invoice. All Contracts for services that are procured as Sole Source must also contain a provision requiring the Contractor to submit itemized records indicating the dates that services were provided, a detailed description of the work performed on each such date, and the amount of time spent performing work on each such date. All invoices shall reflect the amounts invoiced by and the amounts paid to the Contractor as of the date of the invoice. Invoices for new charges shall not include "past due" amounts, if any, which amounts must be set forth on a separate invoice. Contractor shall not be entitled to invoice the County for any late fees or other penalties.

In accordance with Section 34-177 of the Cook County Procurement Code, the County shall have a right to set off and subtract from any invoice(s) or Contract price, a sum equal to any fines and penalties, including interest, for any tax or fee delinquency and any debt or obligation owed by the Contractor to the County.

GENERAL CONDITIONS

GC-04 PAYMENT TO CONTRACTORS AND SUBCONTRACTORS (con't.)

The Contractor acknowledges its duty to ensure the accuracy of all invoices submitted to the County for payment. By submitting the invoices, the Contractor certifies that all itemized entries set forth in the invoices are true and correct. The Contractor acknowledges that by submitting the invoices, it certifies that it has delivered the Deliverables, i.e., the goods, supplies or equipment set forth in the Contract to the Using Agency, or that it has properly performed the services set forth in the Contract. The invoice must also reflect the dates and amount of time expended in the provision of services under the Contract. The Contractor acknowledges that any inaccurate statements or negligent or intentional misrepresentations in the invoices shall result in the County exercising all remedies available to it in law and equity including, but not limited to, a delay in payment or non-payment to the Contractor, and reporting the matter to the Cook County Office of the Independent Inspector General.

When a Contractor receives any payment from the County for any supplies, equipment, goods, or services, it has provided to the County pursuant to its Contract, the Contractor must make payment to its subcontractors within 15 days after receipt of payment from the County, provided that such subcontractor has satisfactorily provided the supplies, equipment, goods or services in accordance with the Contract and provided the Contractor with all of the documents and information required of the Contractor. The Contractor may delay or postpone payment to a subcontractor when the subcontractor's supplies, equipment, goods, or services do not comply with the requirements of the Contract, the Contractor is acting in good faith, and not in retaliation for a subcontractor exercising legal or contractual rights.

GC-05 PREPAID FEES

In the event this Contract is terminated by either party, for cause or otherwise, and the County has prepaid for any goods, equipment, supplies or services to be provided pursuant to this Contract, Contractor shall refund to the County, on a prorated basis to the effective date of termination, all amounts prepaid for such goods, equipment, supplies or services not actually provided as a result of the termination. The refund shall be made within fourteen (14) days of the effective date of termination.

GC-06 TAXES

Federal Excise Tax does not apply to materials purchased by the County by virtue of Exemption Certificate No. 36-75-0038K. Illinois Retailers' Occupation Tax, Use Tax and Municipal Retailers' Occupation Tax do not apply to materials or services purchased by the County by virtue of statute. The price or prices quoted herein shall include any and all other federal and/or state, direct and/or indirect taxes which apply to this Contract. The County's State of Illinois Sales Tax Exemption Identification No. is E-9998-2013-07.

GC-07 PRICE REDUCTION

Intentionally omitted.

GC-08 CONTRACTOR CREDITS

To the extent the Contractor gives credits toward future purchases from its financial incentives, discounts, value points or other benefits based on the purchase of the goods, equipment, supplies or services provided for under this Contract, such credits belong to the County and not any specific Using Agency. Contractor shall report any such credits to the Chief Procurement Officer.

GC-09 DISPUTES

Any dispute arising under the Contract between the County and Contractor shall be decided by the Chief Procurement Officer. The complaining party shall submit a written statement detailing the dispute and specifying the specific relevant Contract provision(s) to the Chief Procurement Officer. Upon request of the Chief Procurement Officer, the party complained against shall respond to the complaint in writing within five days of such request. The Chief Procurement Officer will reduce his decision to writing and mail or otherwise furnish a copy thereof to the Contractor and Director. Dispute resolution as provided herein shall be a condition precedent to any other action at law or in equity. Notwithstanding a dispute, Contractor shall continue to discharge all its obligations, duties and responsibilities set forth in the Contract during any dispute resolution proceeding unless otherwise agreed to by the County in writing.

GENERAL CONDITIONS

GC-10 CONTRACT AMENDMENTS

The parties may during the term of the Contract make amendments to the Contract but only as provided in this section. Such amendments shall only be made by mutual agreement in writing.

In the case of Contracts not approved by the Board, the Chief Procurement Officer may amend a contract provided that any such amendment does not extend the Contract by more than one (1) year, and further provided that the total cost of all such amendments does not increase the total amount of the Contract beyond $150,000. Such action may only be made with the advance written approval of the Chief Procurement Officer. If the amendment extends the Contract beyond one (1) year or increases the total award amount beyond $150,000, then Board approval will be required.

No Using Agency or employee thereof has authority to make any amendments to the Contract. Any modifications or amendments to the Contract made without the express written approval of the Chief Procurement Officer is void and unenforceable.

Contractor is hereby notified that, except for amendments which are made in accordance with this GC-10 Modifications and Amendments, no Using Agency or employee thereof has authority to make any modification or amendment to the Contract.

GC-11 DEFAULT

Contractor shall be in default hereunder in the event of a material breach by Contractor of any term or condition of this Contract, including but not limited to a representation or warranty, where Contractor has failed to cure such breach within fifteen (15) days after written notice of breach is given to Contractor by the County, setting forth the nature of such breach. In the event Contractor shall breach any material term or condition of this Contract on more than one occasion during any twelve month period during the term hereof, or in the event Contractor expresses an unwillingness or inability to continue performing the Contract in accordance with its terms, the County may, at its option, declare the Contractor to be in default and the County shall be entitled to exercise all available remedies including, but not limited to, termination of the Contract, without affording the Contractor further opportunity to cure such breach. Failure of the County to give written notice of the breach to the Contractor shall not be deemed to be a waiver of the County's right to assert such a breach at a later time, should the Contractor commit a subsequent breach of this Contract.

A material breach of the contract by the Contractor includes but is not limited to the following:

1. Failure to begin performance under the Contract within the specified time;
2. Failure to perform under the Contract with sufficient personnel, equipment, or materials to ensure completion of said performance within the specified time or failure to assign qualified personnel to ensure completion within the specified time;
3. Performance of the Contract in an unsatisfactory manner;
4. Refusal to perform services deemed to be defective or unsuitable;
5. Discontinuance of performance of Contractor's obligations under the Contract or the impairment or the reasonable progress of performance;
6. Becoming insolvent, being declared bankrupt or committing any act of bankruptcy or insolvency;
7. Any assignment of the Contract for the benefit of creditors;
8. Any cause whatsoever which impairs performance in an acceptable manner; or
9. Any other material breach of any term or condition of the Contract.

County shall be in default hereunder if any material breach of the Contract by the County occurs which is not cured by the County within forty-five (45) days after written notice of breach has been given by Contractor to the County, setting forth the nature of such breach.

GC-12 COUNTY'S REMEDIES

If the Contractor fails to remedy a material breach during the fifteen (15) day cure period pursuant to General Condition GC-11, Default, the County shall have the right to terminate the Contract provided, however, that the County shall give Contractor prior written notice of its intent to terminate, stating the effective date of termination. Following notice of

breach to Contractor, the County reserves the right to withhold payments owed to Contractor until such time as Contractor has cured the breach which is the subject matter of the notice. In addition, the County shall have the right to pursue all remedies in law or equity.

GC-13 CONTRACTOR'S REMEDIES

If the County has been notified of breach and fails to remedy the breach during the forty-five (45) day cure period pursuant to General Condition GC-11, Default, the Contractor shall have the right to terminate this Contract providing, however, that Contractor shall give the County thirty (30) days prior written notice of termination.
Contractor shall have the right to pursue all remedies available in law or equity. In all cases the Contractor's damages shall be those provable damages not to exceed the value of the Contract as awarded by the Cook County Board of Commissioners or the Chief Procurement Officer.

GC-14 DELAYS

Contractor agrees that no charges or claims for damages shall be made by Contractor for any delays or hindrances from any cause whatsoever related to the performance of the Contract.

GC-15 INSURANCE REQUIREMENTS

No later than the effective date of this Contract, the Contractor, at its cost, shall secure and maintain at all times, until completion of the term of this Contract the insurance specified below. Nothing contained in these insurance requirements is to be construed as limiting the extent of the Contractor's responsibility for payment of damages resulting from its performance of this Contract. The insurance purchased and maintained by the Contractor shall be primary and not excess or pro rata to any other insurance issued to the County.

Contractor shall require all subcontractors to provide the insurance required in this Contract. All subcontractors have similar insurance requirements as Contractor except paragraph (e) professional liability insurance, unless their work performance requires this insurance as determined by Contractor. The Cook County Department of Risk Management maintains the right to modify, delete, alter or change these requirements with written agreement.

1. **Coverages**

(a) **Workers Compensation Insurance**
Workers' Compensation shall be in accordance with the laws of the State of Illinois or any other applicable jurisdiction. The Workers Compensation policy shall also include the following provisions:

Employers' Liability coverage with a limit of
(1) $1,000,000 each Accident
(2) $1,000,000 each Employee
(3) $1,000,000 Policy Limit for Disease

(b) **Commercial General Liability Insurance**
The Commercial General Liability shall be on an occurrence form basis to cover bodily injury and property damage including loss of use. The General Liability limits shall be $2,000,000 per occurrence and $3,000,000 aggregate combined single limit for bodily injury and property damage. The General Liability policy shall include the following coverages:
(1) All premises and operations;
(2) Contractual Liability;
(3) Products/Completed Operations;
(4) Severability of interest/separation of insureds clause.

(c) **Automobile Liability Insurance**
When any vehicles are used in the performance of the Contract, Contractor shall secure Automobile Liability Insurance to cover all owned, non-owned and hired automobiles, trucks and trailers. The limits of liability shall be the following:
(1) Liability - All Autos: Bodily Injury & Property Damage - $2,000,000 per Occurrence
(2) Uninsured/Motorists: Per Illinois Requirements

(d) **Intentionally omitted.**

(e) **Professional Liability**

Insurance appropriate to the Contractor's profession, with limits of $2,000,000 per occurrence or claim, $2,000,000 aggregate. Coverage shall be sufficiently broad to respond to theduties and obligations as is undertaken by the Contractor in this agreement.

This professional liability insurance shall remain in force for 2 years after the life of the completion of the term this contract. The retroactive coverage date shall be no later than the effective date of this contract. A claims-made policy which is not renewed or replaced must have an extended reporting period of 2 years.

Subcontractors performing professional services for the Contractor shall maintain limits of $1,000,000 with the same terms in this section.

2. **Additional requirements**

(a) **Additional Insured**
Cook County, its officials, employees and agents shall be included as additional insureds under the Commercial General Liability policy and Automobile Liability policy and shall be primary and non-contributory with any insurance maintained by Cook County. Any insurance or self-insurance maintained by Cook County shall be excess of the Contractor's insurance and shall not contribute with it.

(b) **Qualification of Insurers**
All insurance companies providing coverage shall be licensed or approved by the Department of Insurance, State of Illinois, and shall have a financial rating no lower than (A-) VII as listed in A.M. Best's Key Rating Guide, current edition or interim report. Companies with ratings lower than (A-) VII will be acceptable only upon written consent of the Cook County Department of Risk Management.

(c) **Insurance Notices**
Contractor shall notify the Cook County Office of the Chief Procurement Officer, 118 North Clark Street, Room 1018, Chicago, Illinois 60602 30 days upon notice of any cancellation of such policies required under this Contract. Prior to the date on which Contractor commences performance of its part of the work, Contractor shall furnish to the County certificates of insurance maintained by Contractor. In no event shall any failure of the County to receive Certificates of Insurance required hereof or to demand receipt of such Certificates of Insurance be construed as a waiver of Contractor's obligations to obtain insurance pursuant to these insurance requirements.

(d) **Waiver of Subrogation**
All insurance policies except the Professional Liability shall contain a Waiver of Subrogation Endorsement provision.

GC-16 PATENTS, COPYRIGHTS AND LICENSES

All software provided by Motorola pursuant to this Contract shall be subject to Motorola's Software License Agreement entered into between parties, Motorola will defend at its expense any suit brought against the County to the extent that it is based on an Infringement Claim, and Motorola will indemnify the County for those cost and damages finally awarded against the County for an Infringement Claim. Motorola's duties to defend and indemnify are conditioned upon: (i) the County promptly notifying Motorola in writing of such Infringement Claim; (ii) Motorola having sole control of the defense of such suit and all negotiations for its settlement and compromise; (iii) the County providing to Motorola cooperation and, if requested by Motorola, reasonable assistance in the defense of the Infringement Claim.

If an Infringement Claim occurs, or in Motorola's opinion is likely to occur, Motorola may at its option and expense procure for the County the right to continue using the Equipment or Motorola Software, replace or modify it so that it becomes non-infringing while providing functional equivalent performance, or grant the County a credit for such Equipment or Motorola Software as depreciated and accept its return. The depreciation amount will be calculated based upon generally accepted accounting standards for such Equipment and Motorola Software.

Motorola will have no duty to defend or indemnify for any Infringement Claim that is based upon (i) the combination of the Equipment or Motorola Software with any software, apparatus or device not furnished by Motorola; (ii) the use of ancillary equipment or software not furnished by Motorola that is attached to or used in connection with the Equipment or Motorola Software; (iii) any Equipment that is not Motorola's design or formula; (iv) a modification of the Equipment

or Motorola Software by a party other than Motorola; or (v) the failure by County to install an enhancement release to the Motorola Software that is intended to correct the claimed infringement. The foregoing states the entire liability of Motorola with respect to infringement of patents and copyrights by the Equipment and Motorola Software or any parts thereof.

GC-17 COMPLIANCE WITH LAWS

The Contractor shall observe and comply with the laws, ordinances, regulations and codes of the Federal, State, County and other local government agencies which may in any manner affect the performance of the Contract, including but not limited to those County Ordinances set forth in the Certifications, Affidavits or EDS attached hereto and incorporated herein. Assurance of compliance with this requirement by the Contractor's employees, agents or subcontractors shall be the responsibility of the Contractor.

The Contractor shall secure and pay for all federal, state and local licenses, permits and fees required in order to perform this Contract.

GC-18 DELIVERY

All Contract goods, equipment or supplies shipped to the County shall be shipped F.O.B., DESTINATION, FREIGHT PREPAID. Arrangements shall be made in advance by the Contractor in order that the County may arrange for receipt of the materials.

Truck deliveries will be accepted before 3:00 P.M. on weekdays only. No deliveries will be accepted on Saturdays, Sundays or County Holidays. The County is not responsible for delivery delays due to waiting times for loading and unloading at delivery locations.

The quantity of Contract goods, equipment or supplies based on weight that are delivered by truck will be ascertained from a weight certificate issued by a duly licensed Public Weight-Master. In the case of delivery by rail, weight will be ascertained from bill of lading from originating line, but the County reserves the right to re-weigh at the nearest available railroad scale.

The County reserves the right to add new delivery locations or delete previously listed delivery locations as required during the Contract period. The only restriction regarding the County's right to add new delivery locations shall be that any new or additional location shall be within the geographical boundaries of the County of Cook.

GC-19 MINORITY AND WOMEN BUSINESS ENTERPRISES COOK COUNTY ORDINANCE CHAPTER 34, DIVISION 8 SECTION 34-260 to SECTION 34-300

I. POLICY AND GOALS

A. It is the policy of the County of Cook to prevent discrimination in the award of or participation in County Contracts and to eliminate arbitrary barriers for participation in such Contracts by local businesses certified as a Minority Business Enterprise (MBE) and Women-owned Business Enterprise (WBE) as both prime and sub-contractors. In furtherance of this policy, the Cook County Board of Commissioners has adopted a Minority- and Women-owned Business Enterprise Ordinance (the "Ordinance") which establishes annual goals for MBE and WBE participation as outlined below:

Contract Type	**Goals**	
	MBE	WBE
Goods and Services	25%	10%
Construction	24%	10%
Professional Services	35% Overall	

B. **The County shall set contract-specific goals, based on the availability of MBEs and WBEs that are certified to provide commodities or services specified in this solicitation document. The MBE/WBE participation goals for each Contract are stated in the Special Conditions.** A Bid, Quotation, or Proposal shall be rejected if the County determines that it fails to comply with this General Condition in any way, including but not limited to: (i) failing to state an enforceable commitment to achieve for this contract the identified MBE/WBE Contract goals; or (ii) failing to include a Petition for Reduction/Waiver, which states that the goals for MBE/WBE participation are not attainable despite the Bidder or Proposer Good Faith Efforts, and explains why. If a Bid, Quotation, or Proposal is rejected, then a new Bid, Quotation, or Proposal may be solicited if the public interest is served thereby.

GC-19 MINORITY AND WOMEN BUSINESS ENTERPRISES
COOK COUNTY ORDINANCE CHAPTER 34, DIVISION 8 SECTION 34-260 to SECTION 34-300 (con't.)

C. To the extent that a Bid, Quotation, or Proposal includes a Petition for Reduction/Waiver that is approved by the Office of Contract Compliance, the Contract specific MBE and WBE participation goals may be achieved by the proposed Bidder or Proposer's status as an MBE or WBE; by the Bidder or Proposer's enforceable joint-venture agreement with one or more MBEs and/or WBEs; by the Bidder or Proposer entering into one or more enforceable subcontracting agreements with one or more MBE and WBE; by the Bidder or Proposer establishing and carrying out an enforceable mentor/protégé agreement with one or more MBE and WBE; by the Bidder or Proposer actively engaging the Indirect Participation of one or more MBE and WBE in other aspects of its business; or by any combination of the foregoing, so long as the Utilization Plan evidences a commitment to meet the MBE and WBE Contract goals set forth in (B) above, as approved by the Office of Contract Compliance.

D. A single Person, as defined in the Procurement Code, may not be utilized as both an MBE and a WBE on the same Contract, whether as a contractor, subcontractor or supplier.

E. Unless specifically waived in the Bid or Proposal Documents, this General Condition, GC-19; the Ordinance; and the policies and procedures promulgated thereunder shall govern. If there is a conflict between this GC-19 and the Ordinance or the policies and procedures, the Ordinance shall control.

F. A Contractor's failure to carry out its commitment regarding MBE and WBE participation in the course of the Contract's performance may constitute a material breach of the Contract. If such breach is not appropriately cured, it may result in withholding of payments under the Contract, contractual penalties, disqualification and any other remedy provided for in Division 4 of the Procurement Code at law or in equity.

II. REQUIRED BID OR PROPOSAL SUBMITTALS

A Bidder or Proposer shall document its commitment to meeting the Contract specific MBE and WBE participation goals by submitting a Utilization Plan with the Bid or Proposal. The Utilization Plan shall include (1) one or more Letter(s) of Intent from the relevant MBE and WBE firms; and (2) current Letters of Certification as an MBE or WBE. Alternatively, the Bidder or Proposer shall submit (1) a written Petition for Reduction/Waiver with the Bid, Quotation or Proposal, which documents its preceding Good Faith Efforts and an explanation of its inability to meet the goals for MBE and WBE participation. The Utilization Plan shall be submitted at the time that the bid or proposal is due**. Failure to include a Utilization Plan will render the submission not Responsive and shall be cause for the CPO to reject the Bid or Proposal**.

A. MBE/WBE Utilization Plan

Each Bid or Proposal shall include a complete Utilization Plan, as set forth on Form 1 of the M/WBE Compliance Forms. The Utilization Plan shall include the name(s), mailing address, email address, and telephone number of the principal contact person of the relevant MBE and WBE firms. If the Bidder or Proposer submits a Bid or Proposal, and any of their subcontractors, suppliers or consultants, are certified MBE or WBE firms, they shall be identified as an MBE or WBE within the Utilization Plan.

1. Letter(s) of Intent

Except as set forth below, a Bid or Proposal shall include, as part of the Utilization Plan, one or more Letter(s) of Intent, as set forth on Form 2 of the M/WBE Compliance Forms, executed by each MBE and WBE and the Bidder or Proposer. The Letter(s) of Intent will be used to confirm that each MBE and WBE shall perform work as a subcontractor, supplier, joint venture, or consultant on the Contract. Each Letter of Intent shall indicate whether and the degree to which the MBE or WBE will provide goods or services directly or indirectly during the term of the Contract. The box for direct participation shall be marked if the proposed MBE or WBE will provide goods or services directly related to the scope of the Contract. The box for Indirect participation shall be marked if the proposed MBE or WBE will not be directly involved in the Contract but will be utilized by the Bidder or Proposer for other services not related to the Contract. Indirect Participation shall not be counted toward the participation goal. Each Letter of Intent shall accurately detail the work to be performed by the relevant MBE or WBE firm, the agreed dollar amount, the percentage of work, and the terms of payment.

GC-19 MINORITY AND WOMEN BUSINESS ENTERPRISES
COOK COUNTY ORDINANCE CHAPTER 34, DIVISION 8 SECTION 34-260 to SECTION 34-300 (con't.)

Failure to include Letter(s) of Intent will render the submission not Responsive and shall be cause for the CPO to reject the Bid or Proposal.

.

All Bids and Proposals must conform to the commitments made in the corresponding Letter(s) of Intent, as may be amended through change orders.

The Contract Compliance Director may at any time request supplemental information regarding Letter(s) of Intent, and such information shall be furnished if the corresponding Bid or Proposal is to be deemed responsive.

2. Letter(s) of Certification

Only current Letter(s) of Certification from one of the following entities may be accepted as proof of certification for MBE/WBE status, provided that Cook County's requirements for certification are met:

- County of Cook
- City of Chicago

Persons that are currently certified by the City of Chicago in any area other than Construction/Public Works shall also complete and submit a MBE/WBE Reciprocal Certification Affidavit along with a current letter of certification from the City of Chicago. This Affidavit form can be downloaded from www.cookcountyil.gov/contractcompliance.

The Contract Compliance Director may reject the certification of any MBE or WBE on the ground that it does not meet the requirements of the Ordinance, or the policies and rules promulgated thereunder.

3. Joint Venture Affidavit

In the event a Bid or Proposal achieves MBE and/or WBE participation through a Joint Venture, the Bid or Proposal shall include the required Joint Venture Affidavit, which can be downloaded from www.cookcountyil.gov/contractcompliance. The Joint Venture Affidavit shall be submitted with the Bid or Proposal, along with current Letter(s) of Certification.

B. Petition for Reduction/Waiver

In the event a Bid or Proposal does not meet the Contract specific goals for MBE and WBE participation, the Bid or Proposal shall include a Petition for Reduction/Waiver, as set forth on Form 3. The Petition for Reduction/Waiver shall be supported by sufficient evidence and documentation to demonstrate the Bidder or Proposer's Good Faith Efforts in attempting to achieve the applicable MBE and WBE goals, and its inability to do so despite its Good Faith Efforts.

Failure to include Petition for Reduction/Waiver will render the submission not Responsive and shall be cause for the CPO to reject the Bid or Proposal.

III. REDUCTION/WAIVER OF MBE/WBE GOALS

A. Granting or Denying a Reduction/Waiver Request.

1. The adequacy of the Good Faith Efforts to utilize MBE and WBE firms in a Bid or Proposal will be evaluated by the CCD under such conditions as are set forth in the Ordinance, the policies and rules promulgated thereunder, and in the "Petition for Reduction/Waiver of MBE/WBE Participation Goals" – Form 3 of the M/WBE Compliance Forms.

2. With respect to a Petition for Reduction/Waiver, the sufficiency or insufficiency of a Bidder or Proposer's Good Faith Efforts shall be evaluated by the CCD as of the date upon which the corresponding Bid or Proposal was due.

COOK COUNTY ORDINANCE CHAPTER 34, DIVISION 8 SECTION 34-260 to SECTION 34-300 (con't.)

3. The Contract Compliance Director or his or her duly authorized Waiver Committee may grant or deny the

4. Petition for Reduction/Waiver based upon factors including but not limited to: (a) whether sufficient qualified MBE and WBE firms are unavailable despite good faith efforts on the part of the Bidder or Proposer; (b) the degree to which specifications and the reasonable and necessary requirements for performing the Contract make it impossible or economically infeasible to divide the Contract into sufficiently small tasks or quantities so as to enable the Bidder or Proposer to utilize MBE and WBE firms in accordance with the applicable goals; (c) the degree to which the prices or prices required by any potential MBE or WBE are more that 10% above competitive levels; and (d) such other factors as are determined relevant by the Contract Compliance Director or the duly authorized Waiver Committee.

5. If the Contract Compliance Director or the duly authorized Waiver Committee determines that the Bidder or Proposer has not demonstrated sufficient Good Faith Efforts to meet the applicable MBE and WBE goals, the Contract Compliance Director or the duly authorized Waiver Committee may deny a Petition for Reduction/Waiver, declare the Bid or Proposal non-responsive, and recommend rejection of the Bid, Quotation, or Proposal.

IV. CHANGES IN CONTRACTOR'S UTILIZATION PLAN

A. A Contractor, during its performance of the Contract, may not change the original MBE or WBE commitments specified in the relevant Utilization Plan, including but not limited to, terminating a MBE or WBE Contract, reducing the scope of the work to be performed by a MBE/WBE, or decreasing the price to a MBE/WBE, except as otherwise provided by the Ordinance and according to the policies and procedures promulgated thereunder.

B. Where a Person listed under the Contract was previously considered to be a MBE or WBE but is later found not to be, or work is found not to be creditable toward the MBE or WBE goals as stated in the Utilization Plan, the Contractor shall seek to discharge the disqualified enterprise, upon proper written notification to the Contract Compliance Director, and make every effort to identify and engage a qualified MBE or WBE as its replacement. Failure to obtain an MBE or WBE replacement within 30 business days of the Contract Compliance Director's written approval of the removal of a purported MBE or WBE may result in the termination of the Contract or the imposition of such remedy authorized by the Ordinance, unless a written Petition for Reduction/Waiver is granted allowing the Contractor to award the work to a Person that is not certified as an MBE or WBE.

V. NON-COMPLIANCE

If the CCD determines that the Contractor has failed to comply with its contractual commitments or any portion of the Ordinance, the policies and procedures promulgated thereunder, or this GC-19, the Contract Compliance Director shall notify the Contractor of such determination and may take any and all appropriate actions as set forth in the Ordinance or the policies and procedures promulgated thereunder which includes but is not limited to disqualification, penalties, withholding of payments or other remedies in law or equity.

VI. REPORTING/RECORD-KEEPING REQUIREMENTS

The Contractor shall comply with the reporting and record-keeping requirements in the manner and time established by the Ordinance, the policies and procedure promulgated thereunder, and the Contract Compliance Director. Failure to comply with such reporting and record-keeping requirements may result in a declaration of Contract default. Upon award of a Contract, a Contractor shall acquire and utilize all Cook County reporting and record-keeping forms and methods which are made available by the Office of Contract Compliance. MBE and WBE firms shall be required to verify payments made by and received from the prime contractor.

COOK COUNTY ORDINANCE CHAPTER 34, DIVISION 8 SECTION 34-260 to SECTION 34-300 (con't.)

VII. EQUAL EMPLOYMENT OPPORTUNITY

Compliance with MBE and WBE requirements will not diminish or supplant other legal Equal Employment Opportunity and Civil Rights requirements that relate to contractor and subcontractor obligations.

GC-20 MATERIAL DATA SAFETY SHEET

Where required under the Illinois "Toxic Substance Disclosure to Employees Act", Illinois Compiled Statutes, 820 ILCS 255/1, Contractor shall submit with each delivery of Contract goods, equipment or supplies a Material Data Safety Sheet.

GC-21 CONDUCT OF THE CONTRACTOR

The Contractor agrees to inform the County on a timely basis of all of the Contractor's interests, if any, which are or which the Contractor reasonably believes may be incompatible with any interest of the County. The Contractor shall take notice of and comply with the Cook County Lobbyist Registration Ordinance, Section 2-621 et al., Cook County Code. The Contractor shall not use for personal gain or make other improper use of privileged information which is acquired in connection with the Contract.

GC-22 ACCIDENT REPORTS

The Chief Procurement Officer and Director shall be given written notification within twenty-four (24) hours of any occurrence, on the site or otherwise, which pertains in any way to the performance of this Contract and involves the Contractor's personnel, or those of any of his subcontractors or others whether said occurrence be in the nature of bodily injury to employees or third parties or property damage.

The report shall include the name of person(s) injured, name of his employer, date, time and location of occurrence, extent of injury and/or damage, name(s) of eyewitnesses, and who treated the person(s) for injuries sustained, and such other information as may be relevant. The Contractor shall notify the local police of any occurrence requiring an official police record. The accident report should indicate whether the police were notified and, if so, the number of the police report.

GC-23 USE OF PREMISES

Contractor shall confer with the Director to ascertain full knowledge of all rules and regulations of the County facilities relative to this Contract and shall comply therewith. The Contractor shall confine the operations of its employees to the limits indicated by laws, ordinances, permits and/or direction of the Director and shall not encumber the premises with materials or debris. The Contractor shall not load or permit any part of the structure to be loaded with a weight that will endanger its structural integrity.

The County reserves the right to prohibit any person from entering any County facility for any reason. All subcontractors, agents and employees of the Contractor shall be accountable to the Director while on any County property and shall abide by all security regulations imposed by the County.

GENERAL CONDITIONS

GC-24 GENERAL NOTICE

All notices required pursuant to this Contract shall be in writing and addressed to the parties at their respective addresses set forth below. All such notices shall be deemed duly given if hand delivered or if deposited in the United States mail, registered or certified, return receipt requested. Notice as provided herein does not waive service of summons or process.

TO THE COUNTY:

Chief Procurement Officer
County of Cook
Room 1018 County Building
118 North Clark Street
Chicago, Illinois 60602
(Reference County Contract Number)

TO THE CONTRACTOR:

Motorola Solutions, Inc.
500 W. Monroe Street
Chicago, IL 60661
Attn: Chris Chisnell, Senior Account Manager

At address provided in its bid document or as otherwise indicated in writing to County.

GC-25 TERMINATION FOR CONVENIENCE

The County may terminate this Contract, or any portion, at any time by notice in writing from the County to the Contractor. Unless otherwise stated in the notice, the effective date of such termination shall be three business days after the date the notice of termination is mailed by the County. If the County elects to terminate the Contract in full, unless otherwise specified in the notice of termination, the Contractor shall immediately cease performance and shall promptly tender to the County all work products, reviews, recommendations, reports, documents and analyses, whether completed or in process. If the County elects to terminate the Contract in part, unless otherwise specified in the notice of partial termination, the Contractor shall immediately cease performance of those portions of the Contract and shall promptly tender to the County all work products, reviews, recommendations, reports, documentsand analyses relating to said portions of the Contract, whether completed or in process. Contractor shall refrain from incurring any further costs with respect to portions of the Contract which are terminated except as specifically approved by the Chief Procurement Officer. The Contractor shall not invoice the County for any goods, equipment, supplies or services provided after the effective date of termination but shall be entitled to payment for any goods, equipment, supplies or services provided and accepted prior to the effective date of termination.

GC-26 GUARANTEES AND WARRANTIES

Unless otherwise stated herein, all guarantees and warranties required shall be furnished by the Contractor and shall be delivered to the Director before final payment on the Contract is issued. The Contractor agrees that the Contract goods, equipment, supplies or services to be furnished shall be covered by the most favorable commercial warranties the Contractor gives to any customer for the same or substantially similar Contract goods, equipment, supplies or services and that the rights and remedies so provided are in addition to and do not limit any rights afforded to County.

SYSTEM FUNCTIONALITY. Motorola represents that the System will perform in accordance with the Specifications in all material respects. Upon System Acceptance or Beneficial Use, whichever occurs first, this System functionality representation is fulfilled. Motorola is not responsible for System performance deficiencies that are caused by ancillary equipment not furnished by Motorola which is attached to or used in connection with the System or for reasons or parties beyond Motorola's control, such as natural causes; the construction of a building that adversely affects the microwave path reliability or radio frequency (RF) coverage; the addition of frequencies at System sites that cause RF interference or intermodulation; or Customer changes to load usage or configuration outside the Specifications.

EQUIPMENT WARRANTY. During the Warranty Period, Motorola warrants that the Equipment under normal use and service will be free from material defects in materials and workmanship. If System Acceptance is delayed beyond six

GC-26 GUARANTEES AND WARRANTIES (con't.)

(6) months after shipment of the Equipment by events or causes beyond Motorola's control, this warranty expires eighteen (18) months after the shipment of the Equipment.

SOFTWARE WARRANTY. Except as described in the SwSP and unless otherwise stated in the Software License Agreement, during the Warranty Period, Motorola warrants the Software in accordance with the warranty terms set forth in the Software License Agreement and the provisions of this Section that are applicable to the Software. If System Acceptance is delayed

beyond six (6) months after shipment of the Motorola Software by events or causes beyond Motorola's control, this warranty expires eighteen (18) months after the shipment of the Motorola Software. Nothing in this Warranty provision is intended to conflict or modify the Software Support Policy. In the event of an ambiguity or conflict between the Software Warranty and Software Support Policy, the Software Support Policy governs.

EXCLUSIONS TO EQUIPMENT AND SOFTWARE WARRANTIES. These warranties do not apply to: (i) defects or damage resulting from: use of the Equipment or Software in other than its normal, customary, and authorized manner; accident, liquids, neglect, or acts of God; testing, maintenance, disassembly, repair, installation, alteration, modification, or adjustment not provided or authorized in writing by Motorola; Customer's failure to comply with all applicable industry and OSHA standards; (ii) breakage of or damage to antennas unless caused directly by defects in material or workmanship; (iii) Equipment that has had the serial number removed or made illegible; (iv) batteries (because they carry their own separate limited warranty) or consumables; (v) freight costs to ship Equipment to the repair depot; (vi) scratches or other cosmetic damage to Equipment surfaces that does not affect the operation of the Equipment; and (vii) normal or customary wear and tear.

SERVICE WARRANTY. During the Warranty Period, Motorola warrants that the Services will be provided in a good and workmanlike manner and will conform in all material respects to the applicable Statement of Work. Services will be free of defects in materials and workmanship for a period of ninety (90) days from the date the performance of the Services are completed. Customer acknowledges that the Deliverables may contain recommendations, suggestions or advice from Motorola to Customer (collectively, "recommendations"). Motorola makes no warranties concerning those recommendations, and Customer alone accepts responsibility for choosing whether and how to implement the recommendations and the results to be realized from implementing them.

WARRANTY CLAIMS. To assert a warranty claim, Customer must notify Motorola in writing of the claim before the expiration of the Warranty Period. Upon receipt of this notice, Motorola will investigate the warranty claim. If this investigation confirms a valid Equipment or Software warranty claim, Motorola will (at its option and at no additional charge to Customer) repair the

defective Equipment or Motorola Software, replace it with the same or equivalent product, or refund the price of the defective Equipment or Motorola Software. These actions will be the full extent of Motorola's liability for the warranty claim. In the event of a valid Services warranty claim, Customer's sole remedy is to require Motorola to re-perform the non-conforming Service or to

refund, on a pro-rata basis, the fees paid for the non-conforming Service. If this investigation indicates the warranty claim is not valid, then Motorola may invoice Customer for responding to the claim on a time and materials basis using Motorola's then current labor rates. Repaired or replaced product is warranted for the balance of the original applicable warranty period. All

replaced products or parts will become the property of Motorola.

ORIGINAL END USER IS COVERED. These express limited warranties are extended by Motorola to the original user purchasing the System or Services for commercial, industrial, or governmental use only, and are not assignable or transferable.

DISCLAIMER OF OTHER WARRANTIES. THESE WARRANTIES ARE THE COMPLETE WARRANTIES FOR THE EQUIPMENT AND MOTOROLA SOFTWARE PROVIDED UNDER THIS AGREEMENT AND ARE GIVEN IN LIEU OF ALL OTHER WARRANTIES. MOTOROLA DISCLAIMS ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, AND FITNESS FOR A PARTICULAR PURPOSE.

To the extent Contractor provides a subscription-based services solution, THE SOLUTION AND SUBSCRIPTION SERVICES ARE PROVIDED "AS IS". MOTOROLA DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED.

GC-26 GUARANTEES AND WARRANTIES (con't.)
Customer acknowledges that the Deliverables may contain recommendations, suggestions or advice from Motorola to Customer (collectively, "Recommendations"). Motorola makes no warranties concerning those Recommendations, and Customer alone accepts responsibility for choosing whether and how to implement the Recommendations and the results to be realized from implementing them.

To the extent Contractor provides Deliverables manufactured by another entity, Contractor shall transfer the original product warranty and any rights to manufacturer's related services to the County and shall submit all appropriate documentation of said transfer to the Director of the Using Department prior to or at the time the Contractor tenders the Deliverables.

GC-27 STANDARD OF CONTRACT GOODS, EQUIPMENT OR SUPPLIES

Consistent with Contractor's commercial practices, some parts, modules, and components used in the manufacturing process may be used or contain used or reconditioned materials. Contractor warrants that any end products, and any parts, modules, and components contained in these products will perform as if new, and the Contractor will replace any defective materials or parts, whether new or used, within the applicable stated warranty period. No parts, modules or components shall be of age or condition as to impair their performance, usefulness and safety.

GC-28 CONFIDENTIALITY AND OWNERSHIP OF DOCUMENTS

Contractor acknowledges and agrees that information regarding this Contract is confidential and shall not be disclosed, directly, indirectly or by implication, or be used by Contractor in any way, whether during the term of this Contract or at any time thereafter, except solely as required in the course of Contractor's performance of the Contract. Contractor shall comply with the applicable privacy laws and regulations affecting the County and will not disclose any of County's records, materials, or other data to any third party. Contractor shall not have the right to compile and distribute statistical analyses and reports utilizing data derived from information or data obtained from County without the prior written approval of County. In the event such approval is given, any such reports published and distributed by Contractor shall be furnished to County without charge.

Any information or data in the form of specifications, drawings, reprints, technical information or otherwise furnished to the County marked as "Confidential' under this Contract will remain Contractor's property, will be deemed proprietary, will be kept confidential and will promptly be returned at Contractor's request. Notwithstanding anything to the contrary herein and except as required by applicable law, including but not limited to the Illinois Freedom of Information Act, Contractor shall not be obligated to create or maintain records not created or maintained in the ordinary course of its business, nor shall Contractor be obligated to disclose any information it deems, in good faith after due inquiry, to be confidential or proprietary, including but not limited to Contractor cost data or employee records. The terms of this Contract or any pricing data therein shall not be considered Confidential.

This Contract does not grant directly or by implication, estoppels, or otherwise, any ownership right or license under Motorola patent, copyright, trade secret, or other intellectual property created as a result of or related to the Equipment sold or Services performed under this Contract. Each party owns and retains all its Proprietary Rights that exist at the time of Contract execution. Unless otherwise provided in this Contract, all Deliverables shall be the property of the County. It shall be a breach of this Contract for the Contractor to use the Deliverables other than for purposes of providing services and support to the County.

GC-29 QUANTITIES

The quantities of materials required for the performance of the Contract are estimates for the purpose of determining an approximate total Contract amount and may not be the actual quantities required during the term of the Contract. The County reserves the right to increase or decrease the quantities at the Contract price, to correspond to the actual needs of the County. The County will be obligated to order and pay for only such quantities as are from time to time ordered, delivered, and accepted on purchase orders issued by the County.

GC-30 AUDIT; EXAMINATION OF RECORDS

The Contractor agrees that the Cook County Auditor or any of its duly authorized representatives shall, until expiration of three (3) years after the final payment under the Contract, have access and the right to examine any books,

GC-30 AUDIT; EXAMINATION OF RECORDS (Cont.)
documents, papers, canceled checks, bank statements, purveyor's and other invoices, and records of the Contractor related to the Contract, or to Contractor's compliance with any term, condition or provision thereof. The Contractor shall be responsible for establishing and maintaining records sufficient to document the costs associated with performance under the terms of this Contract.

The Contractor further agrees that it shall include in all of its subcontracts hereunder a provision to the effect that the subcontractor agrees that the Cook County Auditor or any of its duly authorized representatives shall, until expiration of three (3) years after final payment under the subcontract, have access and the right to examine any books, documents, papers, canceled checks, bank statements, purveyor's and other invoices and records of such subcontractor involving transactions relating to the subcontract, or to such subcontractor's compliance with any term, condition or provision thereunder or under the Contract.

In the event the Contractor receives payment under the Contract, reimbursement for which is later disallowed by the County, the Contractor shall promptly refund the disallowed amount to the County on request, or at the County's option, the County may credit the amount disallowed from the next payment due or to become due to the Contractor under any contract with the County.

The County shall have the right to inspect Contractor's books and records that are pertinent for the purpose of verifying performance in accordance with the terms of the Contract. The County's inspection may include the verification of shipment to invoice quantities, and shipment receipts, and service invoices and receipts. After the County provides thirty (30) days written notice, the County may send a representative to a Motorola facility during normal business hours to conduct such review, or at the County's request, the Contractor shall provide copies of the specific documents to the County's location for review. The Contractor's books and records provided to the County pursuant to this provision shall not be used, duplicated or disclosed to any other third party without the expressed written consent of the Contractor. In no circumstances will Motorola be required to create or maintain documents not kept in the ordinary course of Motorola business operations, nor will Motorola be required to disclose any information, including, but not limited to product cost data, which Motorola considers confidential or proprietary to Motorola.

GC-31 GOVERNING LAW

This Contract shall be governed by and construed under the laws of the State of Illinois. The Contractor irrevocably agrees that, subject to the County's sole and absolute election, any action or proceeding in any way, manner or respect arising out of the Contract, or arising from any dispute or controversy in connection with or related to the Contract, shall be litigated only in courts within the Circuit Court of Cook County, State of Illinois, and the Contractor consents and submits to the jurisdiction thereof. In accordance with these provisions, Contractor waives any right it may have to transfer or change the venue of any litigation brought against it by the County pursuant to this Contract.

GC-32 COOPERATION WITH INSPECTOR GENERAL

Contractors, subcontractors, licensees, grantees or persons or businesses who have a County contract, grant, license, or certification of eligibility for County contracts shall abide by all of the applicable provisions of the Office of the Independent Inspector General Ordinance (Section 2-281 et. seq. of the Cook County Code of Ordinances). Failure to cooperate as required may result in monetary and/or other penalties.

GC-33 WAIVER

No term or provision of this Contract shall be deemed waived and no breach consented to unless such waiver or consent shall be in writing and signed by the party claimed to have waived or consented. The waiver of any such provision shall be strictly limited to the identified term or provision.

GC-34 ENTIRE CONTRACT

It is expressly agreed that the provisions set forth in this Contract constitute all the understandings and agreements between the parties. Any prior agreements, promises, negotiations, or representations not expressly set forth in this Contract are of no force and effect.

GC-35 FORCE MAJEURE

Neither Contractor nor County shall be liable for failing to fulfill any obligation under this Contract if such failure is caused by an event beyond such party's reasonable control and which is not caused by such party's fault or negligence. Such events shall be limited to acts of God, acts of war, fires, lightning, floods, epidemics, or riots.

GC-36 GOVERNMENTAL JOINT PURCHASING AGREEMENT

Pursuant to Section 4 of the Illinois Governmental Joint Purchasing Act (30 ILCS 525) and the Joint Purchase Agreement approved by the Cook County Board of Commissioners (April 9, 1965), other units of government may purchase goods, supplies, equipment or services under this Contract.
In the event that other agencies participate in a joint procurement, the County reserves the right to renegotiate the price to accommodate the larger volume.

GC-37 COMPARABLE GOVERNMENT PROCUREMENT

As permitted by the County of Cook, other government entities, if authorized by law, may wish to also purchase the goods, supplies, services or equipment under the same terms and conditions contained in this Contract (i.e., comparable government procurement). Each entity wishing to reference this Contract must have prior authorization from the County of Cook and the Contractor. If such participation is authorized, all purchase orders will be issued directly from and shipped directly to the entity requiring the goods, supplies, equipment or services. The County shall not be held responsible for any orders placed, deliveries made or payment for the goods, supplies, equipment or services ordered by these entities. Each entity reserves the right to determine the amount of goods, supplies, equipment or services it wishes to purchase under this Contract.

GC-38 FEDERAL CLAUSES

The following provisions apply to all Contracts which are funded in whole or in part with federal funds.
1. Interest of Members of or Delegates to the United States Congress
In accordance with 41 U.S.C. § 22, the Contractor agrees that it will not admit any member of or delegate to the United States Congress to any share or part of the Contract or any benefit derived therefrom.

The following provisions apply to all Contracts which are funded in whole or in part with federal funds.

1. Interest of Members of or Delegates to the United States Congress

   In accordance with 41 U.S.C. § 22, the Contractor agrees that it will not admit any member of or delegate to the United States Congress to any share or part of the Contract or any benefit derived therefrom.

2. False or Fraudulent Statements and Claims

   (a) The Contractor recognizes that the requirements of the Program Fraud Civil Remedies Act of 1986, as amended, 49 U.S.C. §§ 3081 et seq and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to the Contract. Accordingly, by signing the Contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, or it may make pertaining to the Contract, including without limitation any invoice for its services. In addition to other penalties that may be applicable, the Contractor also acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986, as amended, on the Contractor to the extent the Federal Government deems appropriate.

   (b) The Contractor also acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification to the County or Federal Government in connection with an urbanized area formula project financed with Federal assistance authorized by 49 U.S.C. § 5307, the Government reserves the right to impose on the Contractor the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1), to the extent the Federal Government deems appropriate.

3. Federal Interest in Patents

   (a) General. If any invention, improvement, or discovery of the Contractor is conceived or first actually reduced to practice in the course of or under the Contract, and that invention, improvement, or discovery is patentable under the laws of the Unites States of America or any foreign country, the Contractor agrees to notify County immediately and provide a detailed report.

   (b) Federal Rights. Unless the Federal Government later makes a contrary determination in writing, the rights and responsibilities of the County, Contractor, and the Federal Government pertaining to that

GC-38 FEDERAL CLAUSES (con't.)

invention, improvement, or discovery will be determined in accordance with applicable Federal laws and regulations, including any waiver thereof. Unless the Federal Government later makes a contrary determination in writing, the Contractor agrees that, irrespective of its status or the status of any subcontractor at any tier (e.g., a large business, small business, non-profit organization, institution of higher education, individual), the Contractor agrees it will transmit to the Federal Government those rights due the Federal Government in any invention resulting from the contract. Patent and rights in data requirements only apply to research projects in which the purpose of the grant is to finance the development of a product or information. These patent and data rights requirements do not apply to capital projects or operating projects, even though a small portion of the sales price may cover the cost of product development or writing the user's manual. Motorola software is developed at private expense for use in the commercial marketplace. Motorola software is considered confidential/propriety and is protected by the software license agreement. Any and all intellectual property rights are expressly limited by the provisions set forth in the software license agreement.

4. Federal Interest in Data and Copyrights

(a) Definition. The term "subject data" used in this section means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under the Contract. Examples include, but are not limited, to: computer software, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information. The term "subject data" does not include financial reports, cost analyses, and similar information incidental to Contract administration.

(b) Federal Restrictions. The following restrictions apply to all subject data first produced in the performance of the Contract. Except as provided in the Contract and except for its own internal use, the Contractor may not publish or publicly reproduce subject data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the written consent of the County and the Federal Government, until such time as the Federal Government may have either released or approved the release of such data to the public.

(c) Federal Rights in Data and Copyrights. In accordance with subparts 34 and 36 of the Common Rule, the County and the Federal Government reserve a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for County or Federal Government purposes, the types of subject data described below. Without the copyright owner's consent, the County and Federal Government may not extend their license to other parties.

(1) Any subject data developed under the contract or subagreement financed by a federal Grant Agreement or Cooperative Agreement, whether or not a copyright has been obtained; and

(2) Any rights of copyright which the Contractor purchases ownership with Federal assistance.

(d) Special Federal Rights for Planning Research and Development Projects. When the Federal Government provides financial assistance for a planning, research, development, or demonstration project, its general intention is to increase public knowledge, rather than limit the benefits of the project to participants in the project. Therefore, unless the Federal Government determines otherwise, the Contractor on a planning, research, development, or demonstration project agrees that, in addition to the rights in data and copyrights set forth above, the County or Federal Government may make available to any third party either a license in the copyright to the subject data or a copy of the subject data. If the project is not completed for any reason whatsoever, all data developed under the project will become subject data and will be delivered as the County or Federal Government may direct. This subsection, however, does not apply to adaptions of automatic data processing equipment or previously existing software programs for the County's use whose costs are financed with Federal transportation funds for capital projects.

(e) Hold Harmless. Unless prohibited by state law, upon request by the County or the Federal Government, the Contractor agrees to indemnify, save, and hold harmless the County and the Federal Government and their officers, agents, and employees acting within the scope of their official

GC-38 FEDERAL CLAUSES (con't.)

duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under the Contract. The Contractor will not be required to indemnify the County or Federal Government for any such liability arising out of the wrongful acts of employees or agents of the County or Federal Government.

(f) Restrictions on Access to Patent Rights. Nothing contained in this section on rights in data will imply a license to the County or Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the County or Federal Government under any patent.

(g) Application on Materials Incorporated into Project. The requirements of Subsections 2, 3, and 4 of this Section do not apply to material furnished by the County and incorporated into the work.

(h) Patent and rights in data requirements only apply to research projects in which the purpose of the grant is to finance the development of a product or information. These patent and data rights requirements do not apply to capital projects or operating projects, even though a small portion of the sales price may cover the cost of product development or writing the user's manual. Motorola software is developed at private expense for use in the commercial marketplace. Motorola software is considered confidential/propriety and is protected by the software license agreement. Any and all intellectual property rights are expressly limited by the provisions set forth in the software license agreement.

5. Records and Audits

Contractor will deliver or cause to be delivered all documents (including but not limited to all Deliverables and supporting data, records, graphs, charts and notes) prepared by or for the County under the terms of this Agreement to the County promptly in accordance with the time limits prescribed in this Contract, and if no time limit is specified, then upon reasonable demand therefor or upon termination or completion of the Services hereunder. In the event of the failure by the Contractor to make such delivery, then and in that event, the Contractor will pay to County reasonable damages the County may sustain by reason thereof.

The County and the Federal Government will have the right to audit all payments made to the Contractor under this Agreement. Any payments to the Contractor which exceed the amount to which the Contractor is entitled under the terms of this Agreement will be subject to set-off.

The Contractor will keep and retain records relating to this Agreement and will make such records available to representatives of the County and the Federal Government, including without limitation the sponsoring federal agency, other participating agencies, and the Comptroller General of the United States, at reasonable times during the performance of this Agreement and for at least five years after termination of this Agreement for purposes of audit, inspection, copying, transcribing and abstracting.

No provision in this Agreement granting the County or the Federal Government a right of access to records is intended to impair, limit or affect any right of access to such records which the County or the Federal Government would have had in the absence of such provisions.

In no event shall Contractor be obligated to create or maintain documents not kept in the ordinary course of business nor shall Contractor be obligated to disclose any documents or information it deems, upon good faith and after due inquiry, to be confidential or proprietary.

GC-38 FEDERAL CLAUSES (con't.)

6. Environmental Requirements

The Contractor recognizes that many Federal and state laws imposing environmental and resource conservation requirements may apply to the Contract. Some, but not all, of the major Federal Laws that may affect the Contract include: the National Environmental Policy Act of 1969, as amended, 42 U.S.C. §§ 4321 et seq.; the Clean Air Act, as amended, 42 U.S.C. §§ 7401 et seq. and scattered sections of 29 U.S.C.; the Clean Water Act, as amended, scattered sections of 33 U.S.C. and 12 U.S.C.; the Resource Conservation and Recovery Act, as amended, 42 U.S.C. §§ 6901 et seq.; and the Comprehensive Environmental Response, Compensation, and Liability Act, as amended, 42 U.S.C. §§ 9601 et seq. The Contractor also recognizes that U.S. EPA, U.S. DOT and other agencies of the Federal Government have issued and are expected in the future to issue regulations, guidelines, standards, orders, directives, or other requirements that may affect the Contract. Thus, the Contractor agrees to adhere to, and impose on its subcontractors, any such Federal requirements as the Federal Government may now or in the future promulgate. Listed below are requirements of particular concern.

The Contractor acknowledges that this list does not constitute the Contractor's entire obligation to meet all Federal environmental and resource conservation requirements. The Contractor will include these provisions in all subcontracts.

(a) Environmental Protection. The Contractor agrees to comply with the applicable requirements of the National Environmental Policy Act of 1969, as amended, 42 U.S.C. §§ 4321 et seq. in accordance with Executive Order No. 12898, "Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations," 59 Fed. Reg. 7629, Feb. 16, 1994; U.S. DOT statutory requirements on environmental matters at 49 U.S.C. § 5324(b); Council on Environmental Quality regulations on compliance with the National Environmental Policy Act of 1969, as amended, 40 C.F.R. Part 1500 et seq.; and U.S. DOT regulations, "Environmental Impact and Related Procedures," 23 C.F.R. Part 771 and 49 C.F.R. Part 622.

(b) Air Quality. The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. §§ 7401 et seq. Specifically, the Contractor agrees to comply with applicable requirements of U.S. EPA regulations, "Conformity to State of Federal Implementation Plans of Transportation Plans, Programs, and Projects Developed, Funded or Approved Under Title 23 U.S.C. or the Federal Transit Act," 40 C.F.R. Part 51, Subpart T; and "Determining Conformity of Federal Actions to State or Federal Implementation Plans," 40 C.F.R. Part 93. The Contractor further agrees to report and require each subcontractor at any tier to report any violation of these requirements resulting from any Contract implementation activity to the County and the appropriate U.S. EPA Regional Office.

(c) Clean Water. The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. §§ 1251 et seq. The Contractor further agrees to report and require each subcontractor at any tier to report any violation of these requirements resulting from any Contract implementation activity to the County and the appropriate U.S. EPA Regional Office.

(d) List of Violating Facilities. The Contractor agrees that any facility to be used in the performance of the Contract or to benefit from the Contract will not be listed on the U.S. EPA List of Violating Facilities ("List"), and the Contractor will promptly notify the County if the Contractor receives any communication from the U.S. EPA that such a facility is under consideration for inclusion on the List.

GC-38 FEDERAL CLAUSES (con't.)

(e) Preference for Recycled Products. To the extent practicable and economically feasible and to the extent that it does not reduce or impair the quality of the work, the Contractor agrees to use recycled products in performance of the Contract pursuant to U.S. Environment Protection Agency (U.S. EPA) guidelines at 40 C.F.R. Parts 247-253, which implement section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962.

7. No Exclusionary or Discriminatory Specifications

Apart from inconsistent requirements imposed by Federal statute or regulations, the Contractor agrees that it will comply with the requirements of 49 U.S.C. § 5323(h)(2) by refraining from using any Federal assistance to support subcontracts procured using exclusionary or discriminatory specifications.

8. Cargo Preference - Use of United States Flag Vessels

The Contractor agrees to comply with U.S. Maritime Administration regulations, "Cargo-Preference -- U.S. Flag Vessels," 49 C.F.R. Part 381, and to include the clauses required by those regulations, modified as necessary to identify the affected parties, in each subcontract or subagreement involving equipment, materials, or commodities suitable for transport by ocean vessel.

9. Fly America

Section 14.c of the Master Agreement states that if the contract or subcontracts may involve the international transportation of goods, equipment, or personnel by air, the contract must require Contractors and subcontractors at every tier to use U.S.-flag air carriers, to the extent service by these carriers is available. 49 U.S.C. 40118 and 4 C.F.R. Part 52.

10. No Federal Government Obligations to Third Parties

The Contractor agrees that, absent the Federal Government's express written consent, the Federal Government will not be subject to any obligations or liabilities to any contractor or any other person not a party to the Grant Agreement or Cooperative Agreement between the County and the Federal Government which is a source of funds for this Contract. Notwithstanding any concurrence provided by the Federal Government in or approval of any solicitation, agreement, or contract, the Federal Government continues to have no obligations or liabilities to any party, including the Contractor.

11. Allowable Costs

Notwithstanding any compensation provision to the contrary, the Contractor's compensation under this Contract will be limited to those amounts which are allowable and allocable to the Contract in accordance

with OMB Circular A-87 and the regulations in 49 C.F.R. Part 18. To the extent that an audit reveals that the Contractor has received payment in excess of such amounts, the County may offset such excess payments against any future payments due to the Contractor and, if no future payments are due or if future payments are less than such excess, the Contractor will promptly refund the amount of the excess payments to the County.

12. Trade Restrictions

Contractor certifies that neither it nor any Subcontractor:

GC-38 FEDERAL CLAUSES (con't.)

(a) is owned or controlled by one or more citizens of a foreign country included in the list of countries that discriminate against U.S. firms published by the Office of the United States Trade Representative (USTR);

(b) has knowingly entered into any contract or subcontract with a person that is a citizen or national of a foreign country on said list, nor is owned or controlled directly or indirectly by one or more citizens or nationals of a foreign country on said list;

(c) will procure, subcontract for, or recommend any product that is produced in a foreign country on said list.

Unless the restrictions of this clause are waived by the Secretary of Transportation in accordance with 49 CFR 30.17, no Notice-to-Proceed will be issued to an entity who is unable to certify to the above. If Contractor knowingly procures or subcontracts for the supply of any product or service of a foreign country on said list for use on the project, the USDOT may direct, through the County, cancellation of the Contract at no cost to the Government.

Further, Contractor agrees that it will incorporate this provision for certification without modification in each subcontract. Contractor may rely on the certification of a prospective Subcontractor unless it has knowledge that the certification is erroneous. Contractor will provide immediate written notice to the County if it learns that its certification or that of a Subcontractor was erroneous when submitted or has become erroneous by reason of changed circumstances. Each Subcontractor must agree to provide written notice to Contractor if at any time it learns that its certification was erroneous by reason of changed circumstances. Nothing contained in the foregoing will be construed to require establishment of a system of records in order to render, in good faith, the certification required by this provision.

The knowledge and information of the Contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

This certification concerns a matter within the jurisdiction of an agency of the United States of America and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18, United States Code, Section 100.

13. Contract Work Hours and Safety Standards Act

If applicable according to their terms, the Contractor agrees to comply and assures compliance with sections 102 and 107 of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. §§ 327 through 333, and implementing U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Nonconstruction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 C.F.R. Part 5; and U.S. DOL regulations, "Safety and Health Regulations for Construction," 29 C.F.R. Part 1926. In addition to other requirements that may apply:

(a) In accordance with section of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. §§ 327 through 332, the Contractor agrees and assures that, for the Contract, the wages of every mechanic and laborer will be computed on the basis of a standard work week of 40 hours, and that each worker will be compensated for work exceeding the standard work week at a rate of not less than 1.5 times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The Contractor agrees that determinations pertaining to these requirements will be made in accordance with applicable U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Nonconstruction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 C.F.R. Part 5.

GC-38 FEDERAL CLAUSES (con't.)

(b) In accordance with section 107 of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. § 333, the contractor agrees and assures that no laborer or mechanic working on a construction contract will be required to work in surroundings or under working conditions that are unsanitary, hazardous, or dangerous to his or her health and safety, as determined in accordance with U.S. DOL regulations, "Safety and Health Regulations for Construction," 29 C.F.R. Part 1926.

14. Veteran's Preference

In the employment of labor (except in executive, administrative, and supervisory positions), preference will be given to Vietnam-era veterans and disabled veterans. However, this preference may be given only where individuals are available and qualified to perform the work to which employment relates.

15. Copyright Ownership

None of the work under this contract is intended to be a creation of works for hire by Contractor on behalf of the County.

For purposes of this contract, "Proprietary Rights" means the patents, patent applications, inventions, copyrights, trade secrets, trademarks, trade names, mask works, know-how, and other intellectual property rights in and to the equipment and software, including those created or produced by Contractor under this contract and any corrections, bug fixes, enhancements, updates or modifications to or derivative works from the software whether made by Contractor or another party.

Contractor, the third party manufacturer of any equipment, and the copyright owner of any non-Motorola software own and retain all of their respective Proprietary Rights in the Equipment and Software, and nothing in this contract is intended to restrict their Proprietary Rights. All intellectual property developed, originated, or prepared by Contractor in connection with providing to County the Equipment, Software, or related services remain vested exclusively in Contractor, and this contract does not grant to County or any other third party, including but not limited to the government of the United States of America, any shared development rights of intellectual property. Except as explicitly provided in the Software License Agreement, Contractor does not grant to County or the government of the United States of America, either directly or by implication, estoppel, or otherwise, any right, title or interest in Contractor's Proprietary Rights.

The preceding sentence does not apply to Open Source Software which is governed by the standard license of the copyright owner.

16. Accessibility Compliance

If this Agreement involves design for construction, the Consultant warrants that all design documents produced or utilized under this Agreement and all construction or alterations undertaken under this Agreement will comply with all federal, state and local laws and regulations regarding accessibility standards for persons with disabilities or environmentally limited persons including, but not limited to, the following: the Americans with Disabilities Act of 1990, 42 U.S.C. § 12101 et seq. and the Americans with Disabilities Act Accessibility Guidelines for Buildings and Facilities ("ADAAG"); the Architectural Barriers Act, Pub. L. 90-480 (1968), and the Uniform Federal Accessibility Standards ("UFAS"); and the Illinois Environmental Barriers Act, 410 ILCS 25/1 et seq., and all regulations promulgated thereunder , see Illinois Administrative Code, Title 71, Chapter 1, Section 400.110. If the above standards are inconsistent, the Consultant must comply with the standard providing the greatest accessibility. Also, the Consultant must, prior to construction,

review the plans and specifications to insure compliance with the above referenced standards. If the Consultant fails to comply with the foregoing standards, the Consultant must perform again, at no expense, all services required to be re-performed as a direct or indirect result of such failure.

GC-38 FEDERAL CLAUSES (con't.)

17. Intentionally Omitted

18. Equal Employment Opportunity

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24,

GC-38 FEDERAL CLAUSES (con't.)

1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

19. Copeland "Anti-Kickback" Act (40 U.S.C. 3145))

All contracts and subgrants in excess of $2000 for construction or repair awarded by recipients and subrecipients shall include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The recipient shall report all suspected or reported violations to the Federal awarding agency.

20. Davis-Bacon Act, as amended ((40 U.S.C. 3141-3148)

GC-38 FEDERAL CLAUSES (con't.)

When required by Federal program legislation, all construction contracts awarded by the recipients and subrecipients of more than $2000 shall include a provision for compliance with the Davis-Bacon Act ((40 U.S.C. 3141-3148) and as supplemented by Department of Labor regulations (29 CFR part 5, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction").

Under this Act, contractors shall be required to pay wages to laborers and mechanics at a rate not less than the minimum wages specified in a wage determination made by the Secretary of Labor. In addition, contractors shall be required to pay wages not less than once a week. The recipient shall place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation and the award of a contract shall be conditioned upon the acceptance of the wage determination. The recipient shall report all suspected or reported violations to the Federal awarding agency.

21. Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708)

Where applicable, all contracts awarded by recipients in excess of $100,000 that involve the employment of mechanics or laborers shall include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR part 5). Under 40 U.S.C. 3702 of the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than 1 ½ times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

22. Intentionally Omitted

23. Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.), as amended

Contracts and subgrants of amounts in excess of $150,000 shall contain a provision that requires the recipient to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 et seq.). Violations shall be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

24. Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)

Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient.

25. Debarment and Suspension (E.O.s 12549 and 12689)

No contract shall be made to parties listed on the General Services Administration's List of Parties Excluded from Federal Procurement or Nonprocurement Programs in accordance with E.O.s 12549 and 12689, "Debarment and Suspension." This list contains the names of parties debarred, suspended, or otherwise excluded by agencies, and contractors declared ineligible under statutory or regulatory authority other than E.O. 12549. Contractors with awards that exceed the small purchase threshold shall provide the required certification regarding its exclusion status and that of its principal employees.

GC-39 CONTRACT INTERPRETATION

Whenever the singular is used herein, the masculine, feminine and neuter gender shall be deemed to include the others. The headings of articles, paragraphs and sections in this Contract are included for convenience only and shall not be considered by either party in construing the meaning of this Contract. If any provision or clause of this Contract shall be held to be invalid, such provision or clause shall be deleted from the Contract and the Contract shall be construed to give effect to the remaining portions thereof.

In the event there is an inconsistency or ambiguity between these General Conditions and the Pricing Proposal and Statement of Work, Motorola Supplemental Terms and Conditions for Services and Motorola Equipment and Parts Purchase Supplemental Terms and Conditions and Motorola Software License Agreement (collectively the "Motorola Exhibits") concerning the Services or Deliverables, the Motorola Exhibits shall govern.

END OF SECTION

SPECIAL CONDITIONS

SC-01 SCOPE

The Bidder shall furnish and provide Radio System Repair and Maintenance for the Cook County Sheriff's Office, all in accordance with the Contract Documents, Specifications and Proposal herein.

SC-02 CONTRACT PERIOD

The contract is effective from November 14, 2021 through November 13, 2026, with one, 2- year renewal options effective after award by the Board of Commissioners and after proper execution of the Contract Documents. The contract will consist of a firm price for 60 months.

The Contract may be renewed in writing by mutual agreement of the parties not less than thirty (30) days before its expiration.

SC-03 AWARD OF CONTRACT

The Contract shall be awarded to the lowest, responsible and responsive Bidder whose bid meets the requirements and criteria set forth in the Bid Documents. All items, unless otherwise stated, will be assumed to meet all specifications and requirements as set forth in the Bid Documents. Ambiguous bids which are uncertain as to terms, delivery, quantity, or compliance with specifications may be declared non-responsive and rejected. The County shall be sole determinant of the relevant and appropriate cost factors used in evaluating any Base, Options and/or Alternate bids. Bidders must quote all lines for consideration. It is the intent of the County to award this bid in whole and not in part. Only one award will result from this bid.

SC-04 MBE/WBE REQUIREMENTS FOR THIS CONTRACT

The Bidder shall have a subcontracting overall goal of not less than 17% (seventeen percent) MBE or WBE of the awarded contract price for work to be performed.

The Bidder must comply with the County's MBE/WBE participation requirements. The County has issued MBE/WBE goals for this Bid. The Bidder shall submit with its Proposal, an MBE/WBE Utilization Plan indicating how it proposes to meet these goals. If the Bidder has not met the goals or made good faith efforts to meet the goals, the Bidder's response will be deemed nonresponsive and will not be considered for award.

Certified MBE/WBE Bidders may count their own participation, however, a female firm certified as M/WBE or W/MBE may be counted towards the MBE or WBE goal, but not both. (Designations cannot be changed after submission of the compliance plan.)

Unless otherwise specified in the Bid Documents, for purposes of this contract, the contract amount is the total bid amount that has been entered on the Proposal Page of the Bid Documents.

SC-05 SERVICE LOCATION

All services shall be performed at:
Cook County Sheriff's Office (CCSO) Radio Tower Sites provided in specifications.

SPECIAL CONDITIONS

SC-06 INQUIRIES

A copy of any written request for interpretation of documents shall be provided to the Office of the Chief Procurement Officer at the address set forth below.

Inquiries about the interpretation of the Specifications must be made only in writing and shall be directed to the Chief Procurement Officer. Inquiries will be answered in writing, if deemed necessary, by means of an Addendum issued by the Office of the Chief Procurement Officer. (Reference Instructions to Bidders, Section IB-05 “Exceptions and Addendum”, Page IB-3). **Inquiries must be received no later than 2:00 p.m. on Tuesday April 06, 2021. SC-07 ENVIRONMENTAL SUSTAINABILITY LANGUAGE

The CCSO recognizes the importance of protecting the natural environment through conservation and sustainable practices, and therefore aims to reduce the volume and toxicity of waste materials produced in the course of its day-to-day operations. In keeping with this commitment, the Proposer shall be required to:

A. Perform services in such a manner as to conserve electricity, gas, water, and steam.

B. Employ its best efforts to reduce the volume and toxicity of waste materials during performance of the Contract.

C. Provide the CCSO a complete list of environmentally sustainable products that it intends to use or supply during performance of the Contract. For each product, the Proposer shall identify the product, brand/manufacturer, and environmental program or standard met.

D. Participate and integrate with the various waste diversion and recycling programs operated by the CCSO, including efforts intended to divert and reduce food waste.

E. Utilize and recycle fibrous (paper and cardboard), plastic, metal and other materials that are recyclable, including food waste, in a manner consistent with federal, state, and County standards.

SC-08 NOTIFICATION

Do not begin performance on the Contract until notified by the Using Agency

SYSTEM AND SITE SUPPORT OVERVIEW

Vendor will provide the following Radio System Service, Maintenance and Repairs to all fixed network equipment, infrastructure and subscriber units at CCSO locations listed in this document:

- **a.** Case Management
- **b.** Dispatch Services
- **c.** Network Monitoring
- **d.** Technical Support
- **e.** Onsite Support
- **f.** Annual Preventative Maintenance
- **g.** Network Hardware Repair
- **h.** Network Hardware Repair with Advanced Replacement
- **i.** Network Security Patches
- **j.** Site Management
- **k.** Dedicated System Manager
- **l.** System Upgrades for Network Infrastructure and Console Equipment
- **m.** Software Upgrades
- **n.** Site Upgrades

PORTABLE SUBSCRIBER SUPPORT OVERVIEW

Vendor will provide the following services for CCSO's fleet of radios:

- **a.** Pickup and drop off services of radios for repair
- **b.** Shipment to/from Motorola Radio Depot for radios in warranty
- **c.** Repair services for radios out of warranty
- **d.** Engraving services for radio housing

NETWORK MONITORING / CASE MANAGEMENT

Vendor will provide 24 hours per day, 7 days per week, 365 days per year (24 x 7 x 365) Network Monitoring services via Motorola's Systems Control and Data (MOSCAD) of CCSO's ASTRO P25 radio system including microwave, radio site Heating/Ventilation/Air Conditioning (HVAC), Uninterruptable Power Supply (UPS), Generators, Tower Equipment,

SPECIFICATIONS

Tower Lighting and cameras, for applicable sites/locations. Alarms resulting from Network Monitoring will go back to the Service Desk for Case management services.

Vendor will provide a single point of contact/service desk to provide CCSO with personnel dedicated to the current ASTRO P25 network that will provide Technical Support and Dispatch Services.

Service Desk will be accessible to CCSO via phone, email and/or mobile application 24 x 7 x 365 to open cases, view case notes, add notes to the case and request closure of a case.

Vendor Service Desk will provide the following for CCSO's radio network infrastructure:

a. Technical support via telephone, technical consultation and troubleshooting

b. 24 x 7 x 365 network monitoring of CCSO's system including all onsite equipment and environmental hardware

c. Single point of contact for all support issues, including communications between CCSO, third-party subcontractors and manufacturers

d. 24 x 7 x 365 Dispatching Services

e. Incident/Case creation and tracking which would include record, track, and update of all cases (Service, Change, Dispatch)

f. Notifications to CCSO designated contacts of all cases via email and text from OPEN to RESOLUTION

SERVICE LEVEL AGREEMENTS

Vendor agrees to the Response Times in the table below as they relate to Service Level Agreements as defined by CCSO:

Severity Level	Severity Definition	Response Times
Severity 1 Major Fault	This is defined as fault that causes the system to have a complete loss of functionality of any core service*. The following are examples of this kind of failure: • Total inability to access a System • Total failure of any Core Service* • More than 33% of a System's sites in Site Trunking mode • Total failure of the Authentication Server • An ongoing virus outbreak detected by an Antivirus program or an ongoing intrusion attempt detected by the **VENDOR** established Intrusion detection system	A Technical Support Engineer will make contact with the customer technical representative within one hour of the request for support being logged in the issue management system. Continual effort will be maintained to restore the system or provide a workaround resolution. Response provided 24 x 7.
Severity 2 Intermediate Fault	This is defined as a fault that causes the system to operate with a continuous reduction in capacity or functionality of core services* or the customer has extreme difficulty in maintaining communications The following are examples of this kind of failure: • Less than 33% of a System's sites in Site Trunking mode • Failure of a single Zone Controller • A continuous reduction in capacity or functionality of core services • Failure of a 50% of dispatcher positions (consoles) at one control room • Intermittent faults which occur frequently and have a major impact on core services* e.g. Loss of audio or unable to send short data.	A Technical Support Engineer will make contact with the customer technical representative within four hours of the request for support being logged at the issue management system. Response provided 24 x 7.

SPECIFICATIONS

	• Failure of any single NM Server • Loss of one Authentication Server • A suspected virus outbreak or intrusion event which hasn't been detected by the system • Repeated attempts of unauthorized access detected by the RSA authentication component of the system	
Severity 3 Minor Fault	This is defined as any fault or variation from specification, which reduces the functionality efficiency or usability of core services* The following are examples of this kind of severity: • Intermittent faults which occur infrequently which impacts core services* e.g. TSC reset or router reset • Root cause analysis on a recovered failure • Any configuration work • Failure of a single base station • License warnings from any of the network security components (Unless this was preventing the loading of the pre-tested network security updates) • Reports problems	A Technical Support Engineer will make contact with the customer technical representative within the next business day of the request for support being logged at the issue management system. Response provided 8 x 5 on standard business days, which is normally Monday through Friday 8am to 5pm US time, excluding public Holidays.
Severity 4 Minor Fault	Issues that fall into this category are: 1. Faults resulting in minor functions or features being unsupported or unreliable in ways that are not noticeable to the user. 2. Faults that have no impact in how the user perceives the system to work, cosmetic issues. The following are examples of this kind of severity: • Request for information Root cause analysis on a recovered failure • Assistance with routine or planned maintenance, upgrades to a system. • Cosmetic faults	A Technical Support Engineer will make contact with the customer technical representative within the next seven days of the request for support being logged at the issue management system. Response provided 8 x 5 on standard business days, which is normally Monday through Friday 8AM to 5PM US time, excluding public Holidays.

***Core Service is defined as Voice, Data, and Network Management.**

ONSITE SUPPORT

Vendor will provide around the clock service (24 hours per day, 7 days per week, 365 days per year) local (defined as 60 mile radius), trained and Certified technicians (Motorola-Certified where noted) who will be dispatched to CCSO's location as a result of a Motorola supervisory Control and Data Acquisition System (MOSCAD) system and/or environmental alarm, customer initiated case or request of the System manager. The technicians will need at a minimum the following certifications:

- GRSTA0002 - APX Subscriber Technical Associate
- GRCTP0001 - MCC7000 Console Maintenance
- GRETP0001 - Astro 25 Repeater Site Lifecycle Maintenance
- GRETP0007 - Astro 25 Simulcast Site Lifecycle Maintenance
- GRETP0008 - Astro 25 Master Site Lifecycle Maintenance

Services will include:

a. **Network**: Once onsite, the Motorola Certified technician will diagnose the system alarms, network issue, or other and then take the necessary action to provide an accurate diagnosis of the root cause and restore the network to normal operation. As necessary, tech will run diagnostics on the hardware or Field Replacement Unit (FRU) in order to identify defective elements and replace those elements with functioning ones.

SPECIFICATIONS

b. Microwave: Once on site, the Motorola Certified technician will diagnose the system alarms, network issue, or other and then take the necessary action to provide an accurate diagnosis of the root cause and restore the network to normal operation. As necessary, technician will run diagnostics on the hardware or FRU in order to identify defective elements and replace those elements with functioning ones.

c. Distributed Antenna System/Bi-Directional Amplifier (DAS/BDA): Once onsite, the Certified technician will respond onsite and diagnose DAS/BDA issues and take the necessary action to provide an accurate diagnosis of the root cause and restore the system to normal operation.

d. Dispatch Consoles: Once onsite, the Motorola Certified technician will diagnose the alarms associated with the MCC7500, perform the necessary repairs and/or replace with a spare and perform an "Return to Manufacturer Authorization" (RMA) of the unit and return the console to normal operation. Technician will work with technical Support, as needed, to ensure the console is operational on the radio system.

e. Cameras: Once on site, the Certified technician will diagnose the camera alarm, network issue, or other and then take the necessary action to provide an accurate diagnosis of the root cause and restore the camera to normal operation.

f. Additional Site Equipment: Once onsite tech will diagnose the hardware alarm and provide repairs necessary to return the unit to normal operation. Site Equipment (as noted in the Site Information) can include: UPS, Generator, HVAC, Tower Lighting and other Tower related equipment.

PREVENTATIVE MAINTENANCE

Vendor will provide Preventative Maintenance (PM) once per year at CCSO sites by local Certified technicians. Those technicians will require the following certifications at a minimum:

- GRSTA0002 - APX Subscriber Technical Associate
- GRCTP0001 - MCC7000 Console Maintenance
- GRETP0001 - Astro 25 Repeater Site Lifecycle Maintenance
- GRETP0007 - Astro 25 Simulcast Site Lifecycle Maintenance
- GRETP0008 - Astro 25 Master Site Lifecycle Maintenance

Preventative Maintenance will include the following for each area of CCSO's radio system and sites:

1. **Network**: Certified field technicians will perform diagnostics, operational testing and alignment of infrastructure and network components to ensure that they continually meet original manufacturer specifications. Tech will utilize a checklist similar to below to perform PM. As necessary, tech will replace non-functioning equipment with customer-provided spares. Tech will provide a Site report to System Manager with PM results. Tech will also ensure all alarms are working properly and integrated to MOSCAD and back to Service Desk as expected.

2. **Microwave**: Certified field technicians will perform diagnostics, operational testing and alignment of infrastructure and network components to ensure that they continually meet original manufacturer specifications. As necessary, tech will replace non-functioning equipment with customer-provided spares. Tech will provide a Site report to System Manager with PM results.

3. **DAS/BDA**: Motorola certified field technicians will perform diagnostics, operational testing and alignment of infrastructure and network components to ensure that they continually meet original manufacturer specifications. Tech will utilize a checklist similar to below to perform PM. As necessary, tech will replace non-functioning equipment with customer-provided spares. Tech will provide a Site report to System Manager with PM results. Ensure all alarms are working properly and integrated to MOSCAD and back to Service Desk as expected.

4. **Dispatch Consoles**: Motorola certified field technicians will perform diagnostics, operational testing and alignment of infrastructure and network components to ensure that they continually meet original manufacturer specifications. Tech will utilize a checklist similar to below to perform PM. As necessary, tech will replace non-functioning equipment with customer-provided spares. Tech will provide a Site report to System Manager with PM results. Ensure all alarms are working properly and integrated to MOSCAD and back to Service Desk as expected.

5. **Cameras and Dispatch Consoles**: Certified field technicians will perform diagnostics and operational testing to ensure that they continually meet original manufacturer specifications. Ensure all alarms are working properly and integrated to MOSCAD and back to Service Desk as expected.

SPECIFICATIONS

6. **Site Equipment**: Vendor will perform yearly preventative maintenance of additional site equipment with certified technicians. Additional details of onsite services are noted in Site Management.

FREQUENCY PROTECTION

Vendor will provide Frequency Protection Services with monthly reports for System Manager and customer.

1. Perform an annual system review to confirm the protected operating characteristics.

2. Notify all licensees and coordination companies located within the coordination contours of CCSO's communications facilities that Comsearch is the frequency protection agent. (Note: Comsearch is an independent service that provides interference analysis, reports conflicts to the FCC and the CCSO, and delivers a monthly report of all new activity such as adjacent frequency coordination, interference issues etc).

3. Enter all applications or coordinates involving communications facilities into a database as well as our Coordination Tracker Database (CTD). CTD is an automated record keeping and tracking system, which automatically updates the status of each request as it is received, analyzed and answered.

4. Analyze each coordination or application and perform a technical review to determine its potential interference impact on CCSO's facilities within 30 days of receipt.

5. Respond directly to the applicant or coordinating company on CCSO's behalf. Comsearch will provide copies of any replies sent detailing potential interference cases found.

6. Act as a technical liaison with an applicant or the coordinating company to resolve potential interference cases. Comsearch will copy CCSO and Vendor representative on any correspondence concerning resolution of potential interference cases.

7. Monitor all Public Notices containing applications accepted by the Federal Communication Commission (FCC), to ensure that all filings have been successfully coordinated with CCSO's protected system. If an application appears on Public Notice that may cause interference, Comsearch will notify you.

8. Provide a detailed monthly report outlining the results of the interference analysis performed on CCSO's behalf in the previous month.

NETWORK HARDWARE REPAIR WITH ADVANCED REPLACEMENT

1. Vendor will repair CCSO's infrastructure equipment and complete RMAs of applicable equipment.

2. Vendor will manage the logistics of all equipment and component repairs (including shipment and return of repaired equipment).

3. Vendor will provide Network Hardware Repair with Advanced Replacement to CCSO.

4. Vendor will exchange malfunctioning components and equipment with advanced replacement units or FRUs as they are available. Malfunctioning equipment will be evaluated and repaired and returned to CCSO's FRU inventory upon repair completion.

5. Vendor will exclude the following equipment from repair/replacement:
   a. All manufactured infrastructure hardware more than seven (7) years from product cancellation date.
   b. Motorola equipment: MW810, ML900 Laptops.
   c. All third-party hardware equipment supplied by Motorola, more than the support period highlighted in the Original All Broadband infrastructure more than three (3) years from product cancellation date
   d. Physically damaged infrastructure.
   e. Consumable items including, but not limited to, batteries, connectors, cables, toner/ink cartridges, laptop computers, monitors, keyboards and mouse.
   f. Test equipment and Service Monitors
   g. Racks, furniture and cabinets.
   h. Equipment firmware and/or software updates

6. Vendor will maintain a spares inventory for replacement. CCSO will procure spares that will be retained at Vendor's designated location or alternate sites coordinated with CCSO primary contact.

SITE MANAGEMENT

Vendor will provide Site Management of CCSO Tower/Shelter, Dispatch, RF and sites maintaining system equipment. VENDOR will contract directly with servicers for onsite and preventative maintenance which includes: UPS, generator, HVAC and tower and shelter maintenance. Scope of services is provided for each below.

Site Management includes the management of antenna site preventative maintenance, repairs, and associated site services. Motorola will coordinate and manage antenna site preventative maintenance activities, repairs and servicers for typical antenna site elements including, but not limited to, tower structure maintenance, grounds maintenance, site equipment maintenance, and building maintenance.

Appendix II Site Maintenance Responsibility Matrix- demonstrates a matrix of responsibilities as it relates to sites, management of the sites and maintenance support.

Generator Services

Vendor will provide around the clock (24 hours per day, 7 days per week, 365 days per year) onsite and preventative maintenance at 19 generator sites. Services will include onsite labor, travel time, and materials to complete two semi-annual PMs.

Preventative generator maintenance will include the following tasks:

1. Inspect entire equipment for any oil, water and fuel leaks.
2. Inspect exhaust system, air inlet systems and turbo chargers.
3. The entire equipment to be lubricated, and oil changed if the running time is more than 50 hours, or a minimum of once per year. Used oil to be disposed of in an environmentally safe and lawful manner
4. Inspect condition and tension of all belts.
5. Inspect cooling system to include condition of coolant, hoses, radiator and inlet and outlet dampers.
6. Inspect fuel system to include above ground tank, day tank and day tank pump, all visible fuel lines and fittings.
7. Clean or replace fuel filters and sediment bowls as required.
8. Check condition of batteries and charge rate.
9. Clean and refill air cleaner or change element as required.
10. Inspect generator brushes and slip rings when necessary.
11. Inspect generator control and engine wiring.
12. Inspect AC wiring at generator and automatic transfer switch(es) using infrared probe.
13. Inspect remote annunciator.
14. Check all instruments for proper operation.
15. Instruct proper personnel, if such personnel is available and present at the time of inspection, on operation and upkeep procedures between inspections.
16. After all the above, run generator set and conduct testing (under load when practical.)
17. Check automatic transfer switch(es) for proper operation to include logic, time relays, contacts, exercise cycle, and switching of power source.
18. Ensure all alarms are working properly and integrated to MOSCAD and back to Service Desk as expected.
19. Provide an inspection report to System Manager.

HVAC Services

Vendor will provide around the clock (24 hours per day, 7 days per week, 365 days per year) onsite and preventative maintenance at the 22 of HVAC sites. Services will include onsite labor, travel time, and materials necessary to complete two semi-annual PMs.

Preventative HVAC maintenance will include the following tasks:

1. Visually check for dirty coils and restricted airflow.
2. Visually check for refrigerant leaks.
3. Use digital temperature tester to verify return and supply air delta.
4. Visually inspect condensate drains and pan for corrosion and clogging.

5. Check condition of all filters and replace every six months. Mark filters with date code and record filter size(s).
6. Check for excess wear on motor bearings, mounting and brackets
7. Lubricate evaporator fan motor and bearings, if applicable.
8. Inspect fan drive assembly. Replace belts and adjust for proper.
9. Visually inspect condenser coil. Check for dirt and airflow restrictions. Clean outside screens, if required.
10. Clean condenser coils on an (Annual) basis using portable pressure washer (and non-acidic biodegradable cleaner when required) to remove dirt and debris.
11. Check for oxidation of aluminum fins.
12. Verify that low ambient control maintains proper head pressure during winter operation. Lubricate fan motor and bearings, if applicable.
13. Electric reheat should operate under low load conditions.
14. Check amps, volts, and general condition of heaters, relays, and contactors.
15. Tighten all electrical connections and re-torque loose connections.
16. Check heating elements for proper operation.
17. Perform high voltage mega-ohm testing of compressor windings to verify compressor motor windings are within manufacturer's specifications (during spring-summer inspection only). Check refrigerant compressor for any out of tolerance conditions.
18. Check operation of compressor contactor. Check contacts for pitting and carbon deposits. Compressor replacement is not included in contract.
19. Check crankcase heaters, if applicable
20. Record run load amps.
21. Verify damper operation and enthalpy control calibration (during fall-winter inspection). Lubricate and adjust connection linkage if required.
22. Check thermostat operation and calibration by turning setting above temperature of controlled environment: electric reheat control circuit should energize. Lower set point temperature to energize compressor circuit.
23. Verify compressor time guard, if applicable.
24. Check lead-lag operation.
25. Check operating and safety controls - verify high/low temperature alarms.
26. Clean carbon deposits from all electrical contacts.
27. Check operation of all relays. Make sure all contact make /or/ break when voltage is applied to the coil. Check bypass timer and relay.
28. Verify microprocessor and solid-state control system is calibrated and functioning properly Check all electrical connection and re-torque all loose connections.
29. Verify that there is no excessive vibration at the soldered and brazed joints.
30. Record suction and discharge pressures during inspection
31. Record and note super-heat+/- readings and outside ambient temperature.
32. Check equipment for corrosion and replace missing cabinet screws if applicable.
33. Check for insects and rodent infestation.
34. Inspect for signs of weather damage.
35. Ensure all alarms are working properly and integrated to MOSCAD and back to Service Desk as expected.
36. Provide an inspection report to System Manager.

Uninterrupted Power Supply (UPS) Services

Vendor will provide around the clock (24 hours per day, 7 days per week, 365 days per year) onsite and preventative maintenance at 24 UPS sites. Services will include onsite labor, travel time, and materials to complete one annual PM.

Vendor will replace batteries once during the term of this contract. Additional battery replacements will be considered above contract and would require customer approval and be invoiced separately.

Preventative UPS maintenance will include the following tasks:

1. Check of unit wiring
2. Visual inspection of internal subassembly and major components
3. Check of mechanical connections
4. Check fan operation
5. Clean foreign material from unit interior
6. Check operation of alarm circuits
7. Verification of system software parameters
8. Calibration of unit to manufacturer's specifications
9. Verify bypass/static switch
10. Perform battery and inverter diagnostics

11. Verify charger operation
12. Return unit to normal operation with customer loads
13. A history file maintained on the system
14. Ensure all alarms are working properly and integrated to MOSCAD and back to Service Desk as expected.
15. Provide an inspection report to System Manager.

Tower Sites

Vendor will provide onsite and preventative maintenance at 24 UPS sites by Certified Tower climbers and company. Services will include onsite labor, travel time, and materials to complete one annual PM.

Tower Site maintenance includes:

1. Coordinate and schedule preventative maintenance at tower sites.
2. Coordinate access of servicers or subcontractors to antenna site.
3. Preventative maintenance will include a climb of each leg of tower, photos, repairs, as necessary, and an assessment of any findings. It will also include a sweep of the lines to ensure alignments and frequencies are to spec.
4. Ensure all alarms are working properly and integrated to MOSCAD and back to Service Desk as expected.
5. Coordinate resolution of repairs that may be required beyond regular preventative maintenance activities.
6. Ensure that the tower and all equipment installed thereon is grounded in compliance with R56 grounding standards.
7. Notify CCSO in writing, if the antenna site is not in compliance with Motorola standards or if Motorola finds any critical issues. Critical issues are those that are non-compliant to federal, state or local guidelines and/or those issues that may threaten system performance, present a danger to the property or to servicers. Notification should include a description of the problem, compliance specifications, and a recommendation for resolution. If CCSO fails to make the identified issue compliant within thirty (30) days of receipt of notice or within the time specified by local, state or federal requirements, Motorola may, but is not obligated to, make arrangements to enable CCSO to achieve compliance and will bill the cost of such services to Customer. If compliance cannot be met, VENDOR may, in its sole discretion, exclude the antenna site from Antenna Site Management services.

SYSTEM MANAGER

Vendor will provide a dedicated onsite liaison to CCSO to ensure the radio system is maintained and operates at peak performance. This System Manager will work directly with the Director of CCSO's Radio System.

The System Manager is CCSO's primary point of contact within Motorola. The System Manager will work cohesively with CCSO to ensure that their Communications system is operating at expected levels. The System Manager will serve as the primary liaison to CCSO and will work with the Service Desk, Dispatch Operations, Product Groups, Radio and Equipment Repair Facilities, Astro P25 Engineering and Field Techs. The System Manager will also serve as a liaison to third party contractors and other local servicers.

System Manager responsibilities include:

1. Ensure the terms and conditions of the warranty/maintenance contract are met. This may include but not limited to: System Administration Service, Configuration Management Service, Site Management Service, User Support Service, Operational Assessment, and System Planning Service.
2. Coordinate service activities and ensure compliance of the contract such as, compliance with response/restoration time commitment. Also coordinate the remote diagnosis of system failures and facilitate call management as applicable, as well as manage emergency service efforts and escalation procedures.
3. Provide system analysis, recommendations and fault diagnostic information to the customer to achieve optimal system performance and utilization.
4. Manage the resources available to sustain optimal up-time, system availability and maximum beneficial use of the radio system. The System Manager will regularly review service information and quality reports generated by the system service database to determine an ongoing course of action. The System Manager will be capable of preparing various reports at regular intervals from system performance metrics.
5. Escalate Incident Tickets and assist in the resolution of technical issues.
6. Participate in the bi-monthly Service/Project status meetings with CCSO and VENDOR to review system and service support performance.

SPECIFICATIONS

7. Act as CCSO's point of contact to open cases with Service Desk and technicians for scheduled site preventative maintenance tasks and third-party preventative maintenance tasks.
8. Review Motorola Technical Notes (MTN's) and report issues, engage the appropriate Service Technicians or resources, and upon validation, deploy the recommended solutions.
9. Collaborate with CCSO personnel to assist in the analysis and diagnosis of Subscriber issues and related agency complaints. Help identify if the reported issues are System or Subscriber related. Drive corrective action on the problems identified using appropriate technical personnel.
10. Work to ensure the ongoing service improvements and change management of minor and major upgrades into operation.
11. Evaluate and assist engineering resources to help plan future expansion and technology migration.
12. Oversee the implementation of all system upgrades to ensure total continuity and minimal system impact.

MOBILE COMMUNICATIONS

Vendor will provide three mobile devices along with monthly services to the CCSO which will connect directly to the Network Operation Center (NOC); and to utilize for all business purposes related to the repair service and maintenance of CCSO's radio communications system.

SERVICE MONITORS

Vendor will provide calibration of CCSO's existing service test monitors (listed below). This calibration does not include software upgrades or any necessary repairs to the equipment outside of the calibration.

- Aeroflex 3920 – S/N 299002380
- R2670 – S/N 496LGA8026
- R2670 – S/N 496LGA0027
- R2670 – S/N 496KZW0089
- Bird Analyzer – S/N 02400246
- Anritsu – S/N 1208012
- Anritsu – S/N 1207089
- Anritsu – S/N 1208016

SECURITY PATCHES

Vendor will provide pre-tested security patches for CCSO to deploy in their system.

SOFTWARE MAINTENANCE

Vendor will provide Software Maintenance Updates per recommended schedule. Vendor will help to plan the future of CCSO's network, accommodate changes in technology, operations and user demands, including the following:

1. Software updates will provide a complete package of software required to update CCSO's system.
2. Provide regular and planned software upgrades for smoother migration with minimal disruption to system operation.
3. Maintain a current state-of-the-art system with access to the latest features and enhancements.
4. Provide access to software repair fixes and performance improvements in between upgrades.
5. Ensure the system is always running on supported software.
6. Provide least technical and financial risk to keep system current.
7. Provide fixed-cost budgeting for duration of agreement - predicted costs profile and protecting against unforeseen expenditures related to system sustainment.
8. Allow the capability for feature enhancement and system expansion (RF sites, dispatch positions, data sub-systems, network management positions).
9. Provide access to the latest available standard and optional features.

SYSTEM UPGRADES

Vendor will provide the software, hardware and implementation services required to execute up to one system infrastructure upgrade in a two-year period for CCSO's ASTRO 25 system.
Vendor will:

1. Review infrastructure system audit data as needed.
2. Identify additional system equipment needed to implement a system release, if applicable.

3. Complete a proposal defining the system release, equipment requirements, installation plan, and impact to system users.
4. Advise CCSO of probable impact to system users during the actual field upgrade implementation.
5. Provide program management support required to perform the certified system upgrade.
6. Provide field installation labor required to perform the certified system upgrade.
7. Upgrade operations engineering labor required to perform the certified system upgrade.

Hardware updates include version updates and/or replacements for Motorola's FRU and third-party networking and computing hardware when required by the software release.

System releases will include commercial OS and application software updates as well as Motorola certified software to improve the system functionality and operation from previous releases as well as significant new feature enhancements that are available for purchase. Certified hardware updates and/or replacements necessary to upgrade the system with an equivalent level of functionality up to once in a two-year period. Hardware will be upgraded and/or replaced if required to maintain the existing features and functionality. Any updates to hardware versions and/or replacement hardware required to support new features or those not specifically required to maintain existing functionality are not included. Unless otherwise stated, platform migrations such as, but not limited to, stations, consoles, backhaul, civil, network changes and additions, and managed services are not included.

Vendor will provide implementation services including factory integration and testing of new hardware and software components, upgrade planning, and a Motorola certified upgrade operations engineer on-site at CCSO to execute any/all upgrades. The operations engineer will need to have the following certifications at a minimum:

- GRSTA0002 - APX Subscriber Technical Associate
- GRCTP0001 - MCC7000 Console Maintenance
- GRETP0001 - Astro 25 Repeater Site Lifecycle Maintenance
- GRETP0007 - Astro 25 Simulcast Site Lifecycle Maintenance
- GRETP0008 - Astro 25 Master Site Lifecycle Maintenance

The following ASTRO 25 certified system release software for the following products will be included:

- Servers
- Workstations
- Firewalls
- Routers
- LAN switches
- MCC 7XXX Dispatch Consoles
- GTR8000 Base Stations
- GCP8000 Site Controllers
- GCM8000 Comparators
- Motorola Solutions Logging Interface Equipment
- PBX switches for Telephone Interconnect, where applicable
- NICE and Verint Logging Solutions

In preparation for System Upgrade, Vendor will:

1. Obtain and review infrastructure system audit data as needed.
2. Identify the backlog accumulation of security patches and antivirus updates needed to implement a system release. If applicable, provide a quote for the necessary labor, security patches and antivirus updates.
3. If applicable, identify additional system hardware needed to implement a system release and if the customer has added hardware that is not covered under this agreement.
4. Complete a proposal defining the system release, equipment requirements, installation plan, and impact to system users.
5. Advise CCSO of probable impact to system users during the actual field upgrade implementation.

SPECIFICATIONS

6. Inform CCSO of high-speed internet connection requirements.
7. Assign program management support required to perform the certified system upgrade.
8. Assign field installation labor required to perform the certified system upgrade.
9. Assign upgrade operations engineering labor required to perform the certified system upgrade.
10. Deliver release impact and change management training to the primary zone core owners, outlining the changes to their system as a result of the upgrade path elected. This training needs to be completed at least 12 weeks prior to the scheduled upgrade. This training will not be provided separately for user agencies who reside on a zone core owned by another entity. Unless specifically stated in this document, Motorola will provide this training only once per system.

During implementation of System Upgrade, Vendor will:

1. Perform appropriate system backups.
2. Work with the CCSO to validate that all system maintenance is current.
3. Work with the CCSO to validate that all available security patches and antivirus updates have been updated on CCSO's system.

WARRANTY REPAIRS

Vendor will process subscribers, produce necessary paperwork or online submission to Motorola's Radio Depot, ship the subscriber to the Depot, track progress and upon receipt return the subscriber to CCSO.

Warranty Repairs include:

1. Test and restore the equipment to Motorola factory specifications, including Factory Mutual (FM), and Mine Hazard Safety Association (MHSA).
2. Reprogram equipment to original operating parameters based on CCSO's template, if retrievable, or from CCSO supplied backup. If the CCSO template or code plug is not usable, a generic template or code plug utilizing the latest Radio Service Software (RSS) or Customer Programming Software (CPS) version for that equipment will be used. The equipment will require additional programming by CCSO to restore the original template. All Firmware is upgraded to the latest release for each individual product line.
3. Clean external housing of the equipment. External components of unit will only be replaced when functionality has been diminished.
4. Perform covered services as requested by CCSO on the repair request form.

Exclusions to warranty: optional accessories; standard mobile palm microphones; non-standard mobile microphones; portable remote speaker microphones; optional or additional control heads; mobile external speakers; single unit chargers; batteries; mobile power and antenna cables; mobile antennas; portable antennas, and power supplies. This service does not cover defects, malfunctions, performance failures or damage to the unit resulting from physical, liquid, or chemical damage. An estimate for non-covered repairs will be provided for units displaying extensive damage and will be invoiced directly to CCSO.

CCSO or System Manager will be responsible for any programming required to restore equipment to desired parameters.

SPECIFICATIONS

OUT OF WARRANTY REPAIRS

Vendor will have a Motorola Certified technician/shop perform subscriber repairs. Technicians will perform the same overall diagnostics and tests performed for radios in warranty above. Radio will be repaired and returned to CCSO.

STARCOM

Vendor will provide access to the Motorola Statewide System commonly known as Starcom for Cook County users for all radios that are programmed to operate on Cook County Zone 5. This will allow access to all Illinois Terrorism Task Force (ITTF) talk groups on Starcom21 Zones BA and BB, as well as CCSO Statewide 1 and 2.

Electronic Payables Program Form

OFFICE OF THE COOK COUNTY COMPTROLLER
ELECTRONIC PAYABLES PROGRAM ("E-PAYABLES")

FOR INFORMATION PURPOSES ONLY

This document describes the Office of the Cook County Comptroller's Electronic Payables Program ("E-Payables").
If you wish to participate in E-Payables, please contact the Cook County Comptroller's Office, Accounts Payable, 118 N. Clark Street, Room 500, Chicago, IL 60602.

DESCRIPTION
To increase payment efficiency and timeliness, we have introduced E-Payables program, a new payment initiative to our accounts payable model. This new initiative utilizes a Visa purchasing card and operates through the Visa payment network. This is County's preferred method of payment and your participation in our Visa purchasing card program will provide mutual benefits both to your organization and ours.

As a vendor, you may experience the following benefits by accepting this new payment type:

- Improved cash flow and accelerated payment
- Reduced paperwork and a more streamlined accounts receivable process
- Elimination of stop payment issues
- Reduced payment delays
- Reduced costs for handling paper checks
- Payments settled directly to your merchant account

There are two options within this initiative:

1. Dedicated Credit Card – "PULL" Settlement
For this option, you will have an assigned dedicated credit card to be used for each payment. You will provide a point of contact within your organization who will keep credit card information on file. Each time a payment is made, you will receive a remittance advice via email detailing the invoices being paid. Each time you receive a remittance advice, you will process payments in the same manner you process credit card transactions today.

2. One-Time Use Credit Card – "SUGA" Settlement
For this option, you will provide a point of contact within your organization who will receive an email notification authorizing you to process payments in the same manner you process credit card transactions today. Each time payment is made, you will receive a remittance advice, via email, detailing the invoices being paid. Also, each time you receive a remittance advice, you will receive a new, unique credit card number. This option is ideal for suppliers who are unable to keep credit card account information on file.

Preference for Veteran's Business Enterprise and Service-Disabled Veteran's Business Enterprise Form

VETERAN'S PREFERENCE FOR VBE AND SDVBE

INSTRUCTIONS

In accordance with Section 34-236(b) of the Cook County Procurement Code, the Chief Procurement Officer ("CPO") shall give a preference of **five percent of the amount of the Contract** to a Responsible and Responsive Veterans Owned Business Enterprise (VBE) and Service Disabled Veterans Business Enterprise (SDVBE) requesting a preference for Bids. ***All Bidders who are requesting this preference must complete the form, and attach a copy of its certification. Prior to applying the five percent preference, the CPO must receive approval from the Contract Compliance Director (CCD) that the Bidder is a qualified VBE or SDVBE.***

DEFINITIONS

Veteran-owned Business Enterprise (VBE) means a small business (i) that is at least 51 percent owned, controlled and managed by one or more Eligible Veterans or in the case of a corporation, at least 51 percent or more of the stock of which is owned, controlled and managed by one or more Eligible Veterans; (ii) that has its home office in Illinois, as certified by the Contract Compliance Director (CCD) under policies and procedures promulgated by the CCD.

Eligible Veteran means a person who (i) has been either a member of the armed forces of the United States or, while a citizen of the United States, was a member of the armed forces of allies of the United States in time of hostilities with a foreign country and (ii) has served under one or more of the following conditions: (a) the veteran served a total of at least 6 months; (b) the veteran served for the duration of hostilities regardless of the length of the engagement; (c) the veteran was discharged on the basis of hardship; or (d) the veteran was released from active duty because of a service connected disability and was discharged under honorable conditions.

Armed forces of the United States means the United States Army, Navy, Air Force, Marine Corps, Coast Guard or service in active duty as defined under 38 U.S.C. Section 101. Service in the Merchant Marine that constitutes active duty under Section 401 of federal Public Act 95-202 shall also be considered service in the armed forces for purposes of this Division.

Service-Disabled Veteran-owned Business Enterprise (SDVBE) means a small business (i) that is at least 51 percent owned, controlled, and managed by one or more qualified service disabled veterans or in the case of a corporation, at least 51 percent or more of the stock of which is owned, controlled and managed by one or more Service Disabled Veterans; (ii) that has its home office in Illinois, as certified by the CCD under policies and procedures promulgated by the CCD.

Service-Disabled Veteran means an Eligible Veteran who has been found to have 10 percent or more service connected disability by the United States Department of Veterans Affairs or the United States Department of Defense.

Service-connected disability means a disability incurred in the line of duty in the active military, naval or air service as described in 38 U.S.C. 101(16).

Small Business means a small business as defined by the U.S. Small Business Administration, pursuant to the business size standards found in 13 CFR Part 121, as related to the nature of the work the Person seeks to perform on Contracts. A Person is not an eligible small business enterprise in any calendar fiscal year in which its gross receipts, averaged over the Person's previous five fiscal years, exceed the size standards of 13 CFR Part 121.

Public Works means all fixed works constructed or demolished by the County, or paid for wholly or in part out of public funds administered by the County. "Public Works" as defined herein includes all projects financed in whole or in part with bonds, grants, loans, or other funds made available by or through federal or State government, or the County. "Public Works" does not include projects undertaken by the owner at an owner-occupied single-family residence or at an owner-occupied unit of a multifamily residence. "Public Works" includes any maintenance, repair, assembly, or disassembly work performed on equipment whether owned, leased, or rented.

I, _____, being first duly sworn, do depose and state as follows:

1. I am the authorized representative and I have the authority to make this Affidavit for and on behalf of the Bidder.

2. The Bidder is requesting the CPO grant a preference of one percent of the amount of the Contract in accordance with Section 34-236(a) of the Cook Procurement Code, as set forth above.

3. In accordance with the Cook County Procurement Code, the Bidder shall commit to utilize Eligible Veterans for at least five percent of the hours worked under the Contract. The Eligible Veterans must be employed directly by the Bidder.

4. The Bidder shall be solely responsible for requesting all persons to provide Bidder with appropriate documentation to ensure that such person(s) is an Eligible Veteran, as defined above. Bidder certifies, that by seeking this preference, it shall maintain appropriate documentation, including payroll records, which show the number of hours worked by Eligible Veterans.

5. The Bidder certifies, affirms and acknowledges that the failure to utilize Eligible Veterans in accordance with this Affidavit will result in a breach of contract, which will allow the County to seek all rights and remedies as set forth in the Contract and any other appropriate remedies available in equity or at law.

Re: Annual Certification Expires: September 8, 2021

Dear Ms. Glashagel:

Congratulations on your continued eligibility for Certification as a **Women-owned Business Enterprise (WBE)** by Cook County Government. This certification is valid until **September 8, 2025**; however, you must re-validate your firms' certification annually.

As a condition of continued Certification during this five (5) year term, you must file a **"No Change Affidavit" within sixty (60) business days prior to the date of Annual Certification Expiration**. Failure to file this Affidavit shall result in the termination of your Certification. You must notify Cook County Government's Office of Contract Compliance of any change in ownership or control or any other matters or facts affecting your firm's eligibility for Certification within **fifteen (15) business days** of such change.

Cook County Government may commence action to remove your firm as an **WBE** vendor if you fail to notify us of any changes of facts affecting your firm's Certification, or if your firm otherwise fails to cooperate with the County in any inquiry or investigation. Removal of status may also be commenced if your firm is found to be involved in bidding or contractual irregularities.

Your firm's name will be listed in Cook County's Directory of certified firms in the following area(s) of specialty:

COMMUNICATIONS: SALES AND SERVICE, INSTALLATION AND RENTAL OF COMMUNICATION EQUIPMENT

Your firm's participation on Cook County contracts will be credited toward **WBE** goals in your area(s) of specialty. While your participation on Cook County contracts is not limited to your specialty, credit toward **WBE** goals will be given only for work performed in the specialty category.

Thank you for your continued interest in Cook County Government's Minority, Women, Veteran, and Service-Disabled Veteran Business Enterprise Programs.

Sincerely,

Edward H. Olivieri

Re: Form 3 Attachment

Motorola Solutions is requesting a reduction/waiver for Direct/Indirect WBE participation to 12%/5% utilization on this contract.

Subcontractors, such as Chicago Communications, are on engaged to perform 24x7 repairs and preventative maintenance on the Cook County Sheriff's proprietary radio equipment at secured locations throughout Cook County. The radio system is critical to all Cook County officers on the streets, in courthouses and at the jail so any unnecessary disruption to the system would affect the safety of these officers.

Motorola will continue to utilize Chicago Communications for Direct participation and where applicable, make all attempts to increase their involvement. Chicago Communications is the only WBE contractor serving Cook County that is an authorized agent to work on Motorola radio equipment.

B. REASON FOR FULL/REDUCTION WAIVER REQUEST

Bidder/Proposer shall check each item applicable to its reason for a waiver request. Additionally, supporting documentation shall be submitted with this request.

[X] (1) Lack of sufficient qualified MBEs and/or WBEs capable of providing the goods or services required by the contract. **(Please explain)**

[ ] (2) The specifications and necessary requirements for performing the contract make it impossible or economically infeasible to divide the contract to enable the contractor to utilize MBEs and/or WBEs in accordance with the applicable participation. **(Please explain)**

[ ] (3) Price(s) quoted by potential MBEs and/or WBEs are above competitive levels and increase cost of doing business and would make acceptance of such MBE and/or WBE bid economically impracticable, taking into consideration the percentage of total contract price represented by such MBE and/or WBE bid. **(Please explain)**

[ ] (4) There are other relevant factors making it impossible or economically infeasible to utilize MBE and/or WBE firms. **(Please explain)**

C. GOOD FAITH EFFORTS TO OBTAIN MBE/WBE PARTICIPATION

[ ] (1) Made timely written solicitation to identified MBEs and WBEs for utilization of goods and/or services; and provided MBEs and WBEs with a timely opportunity to review and obtain relevant specifications, terms and conditions of the proposal to enable MBEs and WBEs to prepare an informed response to solicitation. **(Attach of copy written solicitations made)**

[ ] (2) Used the services and assistance of the Office of Contract Compliance staff. **(Please explain)**

[ ] (3) Timely notified and used the services and assistance of community, minority and women business organizations. **(Attach of copy written solicitations made)**

[ ] (4) Followed up on initial solicitation of MBEs and WBEs to determine if firms are interested in doing business. **(Attach supporting documentation)**

[X] (5) Engaged MBEs & WBEs for direct/indirect participation. **(Please explain)**

Applicants who are exempt from registering must provide a written statement explaining why they are exempt from registering as a foreign entity with the Illinois Secretary of State's Office.

SECTION 2

CERTIFICATIONS

THE FOLLOWING CERTIFICATIONS ARE MADE PURSUANT TO STATE LAW AND THE CODE. THE APPLICANT IS CAUTIONED TO CAREFULLY READ THESE CERTIFICATIONS PRIOR TO SIGNING THE SIGNATURE PAGE. SIGNING THE SIGNATURE PAGE SHALL CONSTITUTE A WARRANTY BY THE APPLICANT THAT ALL THE STATEMENTS, CERTIFICATIONS AND INFORMATION SET FORTH WITHIN THESE CERTIFICATIONS ARE TRUE, COMPLETE AND CORRECT AS OF THE DATE THE SIGNATURE PAGE IS SIGNED. THE APPLICANT IS NOTIFIED THAT IF THE COUNTY LEARNS THAT ANY OF THE FOLLOWING CERTIFICATIONS WERE FALSELY MADE, THAT ANY CONTRACT ENTERED INTO WITH THE APPLICANT SHALL BE SUBJECT TO TERMINATION.

A. PERSONS AND ENTITIES SUBJECT TO DISQUALIFICATION

No person or business entity shall be awarded a contract or sub-contract, for a period of five (5) years from the date of conviction or entry of a plea or admission of guilt, civil or criminal, if that person or business entity:

1) Has been convicted of an act committed, within the State of Illinois, of bribery or attempting to bribe an officer or employee of a unit of state, federal or local government or school district in the State of Illinois in that officer's or employee's official capacity;

2) Has been convicted by federal, state or local government of an act of bid-rigging or attempting to rig bids as defined in the Sherman Anti-Trust Act and Clayton Act. Act. 15 U.S.C. Section 1 *et seq.;*

3) Has been convicted of bid-rigging or attempting to rig bids under the laws of federal, state or local government;

4) Has been convicted of an act committed, within the State, of price-fixing or attempting to fix prices as defined by the Sherman Anti-Trust Act and the Clayton Act. 15 U.S.C. Section 1, *et seq.;*

5) Has been convicted of price-fixing or attempting to fix prices under the laws the State;

6) Has been convicted of defrauding or attempting to defraud any unit of state or local government or school district within the State of Illinois;

7) Has made an admission of guilt of such conduct as set forth in subsections (1) through (6) above which admission is a matter of record, whether or not such person or business entity was subject to prosecution for the offense or offenses admitted to; or

8) Has entered a plea of *nolo contendere* to charge of bribery, price-fixing, bid-rigging, or fraud, as set forth in sub-paragraphs (1) through (6) above.

In the case of bribery or attempting to bribe, a business entity may not be awarded a contract if an official, agent or employee of such business entity committed the Prohibited Act on behalf of the business entity and pursuant to the direction or authorization of an officer, director or other responsible official of the business entity, and such Prohibited Act occurred within three years prior to the award of the contract. In addition, a business entity shall be disqualified if an owner, partner or shareholder controlling, directly or indirectly, 20% or more of the business entity, or an officer of the business entity has performed any Prohibited Act within five years prior to the award of the Contract.

THE APPLICANT HEREBY CERTIFIES THAT: The Applicant has read the provisions of Section A, Persons and Entities Subject to Disqualification, that the Applicant has not committed any Prohibited Act set forth in Section A, and that award of the Contract to the Applicant would not violate the provisions of such Section or of the Code.

B. BID-RIGGING OR BID ROTATING

THE APPLICANT HEREBY CERTIFIES THAT: *In accordance with 720 ILCS 5/33 E-11, neither the Applicant nor any Affiliated Entity is barred from award of this Contract as a result of a conviction for the violation of State laws prohibiting bid-rigging or bid rotating.*

FAMILIAL RELATIONSHIP DISCLOSURE PROVISION

Nepotism Disclosure Requirement:

Doing a significant amount of business with the County requires that you disclose to the Board of Ethics the existence of any familial relationships with any County employee or any person holding elective office in the State of Illinois, the County, or in any municipality within the County. The Ethics Ordinance defines a significant amount of business for the purpose of this disclosure requirement as more than $25,000 in aggregate County leases, contracts, purchases or sales in any calendar year.

If you are unsure of whether the business you do with the County or a County agency will cross this threshold, err on the side of caution by completing the attached familial disclosure form because, among other potential penalties, any person found guilty of failing to make a required disclosure or knowingly filing a false, misleading, or incomplete disclosure will be prohibited from doing any business with the County for a period of three years. The required disclosure should be filed with the Board of Ethics by January 1 of each calendar year in which you are doing business with the County and again with each bid/proposal/quotation to do business with Cook County. The Board of Ethics may assess a late filing fee of $100 per day after an initial 30-day grace period.

The person that is doing business with the County must disclose his or her familial relationships. If the person on the County lease or contract or purchasing from or selling to the County is a business entity, then the business entity must disclose the familial relationships of the individuals who are and, during the year prior to doing business with the County, were:

- its board of directors,
- its officers,
- its employees or independent contractors responsible for the general administration of the entity,
- its agents authorized to execute documents on behalf of the entity, and
- its employees who directly engage or engaged in doing work with the County on behalf of the entity.

Do not hesitate to contact the Board of Ethics at (312) 603-4304 for assistance in determining the scope of any required familial relationship disclosure.

Additional Definitions:

"*Familial relationship*" means a person who is a spouse, domestic partner or civil union partner of a County employee or State, County or municipal official, or any person who is related to such an employee or official, whether by blood, marriage or adoption, as a:

- ☐ Parent
- ☐ Child

MOTOROLA SUPPLEMENTAL TERMS AND CONDITIONS FOR SERVICES

SUPPLEMENTAL TERMS AND CONDITIONS FOR SERVICES

Section 1 DEFINITIONS AND INTERPRETATION

1.1. "Agreement" means Contract number 2106-18580 including the General Conditions and all Exhibits and the complete set of Cook County Economic Disclosure Statement (EDS) Forms, Evidence of Insurance, Evidence of Board Approval, Identification of Subcontractor/Supplier/Subconsultant Form and Minority and Women Owned Business Enterprise Utilization Plan.

1.2. "Equipment" means the equipment that is specified in the attachments or is subsequently added to this Agreement at the County's request.

1.3. "Services" means those installation, maintenance, support, training, and other services described in this Agreement.

Section 2 SCOPE OF SERVICES

2.1. Motorola will provide the Services described in this Agreement or in a more detailed statement of work or other document attached to this Agreement. At County's request, Motorola may also provide additional services at Motorola's then-applicable rates for the services.

2.2. If Motorola is providing Services for Equipment, Motorola parts or parts of equal quality will be used; the Equipment will be serviced at levels set forth in the manufacturer's product manuals; and routine service procedures that are prescribed by Motorola will be followed.

2.3. If County purchases from Motorola additional equipment that becomes part of the same system as the initial Equipment, the additional equipment may be added to this Agreement and will be billed at the applicable rates after the warranty for that additional equipment expires.

2.4. All Equipment must be in good working order on the effective date or when additional equipment is added to the Agreement. Upon reasonable request by Motorola, County will provide a complete serial and model number list of the Equipment. County must promptly notify Motorola in writing when any Equipment is lost, damaged, stolen or taken out of service.

2.5. County must specifically identify any Equipment that is labeled intrinsically safe for use in hazardous environments.

2.6. If Equipment cannot, in Motorola's reasonable opinion, be properly or economically serviced for any reason, Motorola may modify the scope of Services related to that Equipment; remove that Equipment from the Agreement; or increase the price to Service that Equipment.

2.7. County must promptly notify Motorola of any Equipment failure. Motorola will respond to County's notification in a manner consistent with the level of Service purchased as indicated in this Agreement.

Section 3 EXCLUDED SERVICES

3.1. Service excludes the repair or replacement of Equipment that has become defective or damaged from use in other than the normal, customary, intended, and authorized manner; use not in compliance with applicable industry standards; excessive wear and tear; or accident, liquids, power surges, neglect, acts of God or other force majeure events.

3.2 The County has allocated funds in this Contract to cover items that are consumed in the normal operation of the Equipment, such as batteries or magnetic tapes; upgrading or reprogramming Equipment; accessories, belt clips, battery chargers, custom or special products, modified units, or software; and repair or maintenance of any transmission line, antenna, microwave equipment, tower or tower lighting, duplexer, combiner, or

multicoupler. However, Motorola has no obligations for any transmission medium, such as telephone lines, computer networks, the internet or the worldwide web, or for Equipment malfunction caused by the transmission medium.

Section 4 TIME AND PLACE OF SERVICE

Service will be provided at the location specified in this Agreement. When Motorola performs service at County's location, County will provide Motorola, at no charge, a non-hazardous work environment with adequate shelter, heat, light, and power and with full and free access to the Equipment. Waivers of liability from Motorola or its subcontractors will not be imposed as a site access requirement. County will provide all information pertaining to the hardware and software elements of any system with which the Equipment is interfacing so that Motorola may perform its Services. Unless otherwise stated in this Agreement, the hours of Service will be 8:30 a.m. to 4:30 p.m., local time, excluding weekends and holidays. Unless otherwise stated in this Agreement, the price for the Services exclude any charges or expenses associated with helicopter or other unusual access requirements. Notwithstanding the foregoing, Motorola shall not incur such expenses on behalf of the County without prior written approval of the Chief Procurement Officer. The Parties understand and agree that if such expenses increase the total amount of the contract, reimbursement may be subject to prior approval by the Cook County Board of Commissioners.

Section 5 CUSTOMER CONTACT

County will provide Motorola with designated points of contact (list of names and phone numbers) that will be available twenty-four (24) hours per day, seven (7) days per week, and an escalation procedure to enable Customer's personnel to maintain contact, as needed, with Motorola.

Section 6 LIMITATION OF LIABILITY AND INSURANCE

6.1 Limitation of Liability. Except for personal injury or death, Motorola's total liability to the County, whether for breach of contract, warranty, negligence, strict liability in tort, or otherwise, will be limited to the direct damages recoverable under law, but not to exceed the value of this Contract as awarded by the Cook County Board of Commissioners. ALTHOUGH THE PARTIES ACKNOWLEDGE THE POSSIBILITY OF SUCH LOSSES OR DAMAGES, THEY AGREE THAT MOTOROLA WILL NOT BE LIABLE FOR ANY COMMERCIAL LOSS; INCONVENIENCE; LOSS OF USE, TIME, DATA, GOOD WILL, REVENUES, PROFITS OR SAVINGS; OR OTHER SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES IN ANY WAY RELATED TO OR ARISING FROM THIS AGREEMENT OR THE PERFORMANCE OF SERVICES BY MOTOROLA PURSUANT TO THIS AGREEMENT. This limitation of liability will survive the expiration or termination of this Agreement and applies notwithstanding any contrary provision.

Section 7 FCC LICENSES AND OTHER AUTHORIZATIONS

County is solely responsible for obtaining licenses or other authorizations required by the Federal Communications Commission or any other federal, state, or local government agency and for complying with all rules and regulations required by governmental agencies. Neither Motorola nor any of its employees is an agent or representative of County in any governmental matters.

Section 8 MATERIALS, TOOLS AND EQUIPMENT

All tools, equipment, dies, gauges, models, drawings or other materials paid for or furnished by Motorola for the purpose of this Agreement will be held by County for Motorola's use without charge and remain the sole property of Motorola, The County will reasonably safeguard all such property while it is in the County's custody and control and will be liable for any loss or damage to such property to the extent such loss or damage is caused by the County's negligence. The County shall return such property to Motorola upon request.

Section 9 CONTINUATION OF SERVICES

If Motorola provides Services after the termination or expiration of this Agreement, the County agrees to pay for those services on a time and materials basis at Motorola's then effective hourly rates.

EQUIPMENT AND PARTS PURCHASE
SUPPLEMENTAL TERMS AND CONDITIONS

Price and Payment Terms:

Title to software will not pass to County at any time.

Software:

Equipment provided pursuant to this Contract may include software embedded in it. If this transaction involves software, any software owned by Contractor ("Motorola Software") is licensed to County solely in accordance with Contractor's Software License Agreement ("SLA"), which is attached as an Exhibit to Contract 2106-18580 and incorporated herein by this reference. Any software owned by a third party ("Non-Motorola Software") is licensed to County in accordance with the standard license, terms, and restrictions of the copyright owner unless the owner has granted to Contractor the right to sublicense its software pursuant to the SLA, in which case the SLA applies and the owner will have all rights and protections under the SLA as the Licensor. Contractor makes no representations or warranties of any kind regarding Non-Motorola Software.

Express Limited Warranty for Equipment and Parts and Warranty Disclaimer:

Motorola Software is warranted in accordance with the SLA. For one year from the date of shipment, Contractor warrants that the equipment and parts under normal use and service are free from material defects in material and workmanship. These warranties do not apply to (I) defects or damage resulting from: use of the equipment, part, or Motorola Software in other than its normal, customary, and authorized manner; accident, liquids, neglect, or acts of God; testing, maintenance, disassembly, repair, installation, alteration, modification, or adjustment not provided or authorized in writing by Contractor; or County's failure to comply with all applicable industry and OSHA standards; (ii) breakage of or damage to antennas unless caused directly by defects in material or workmanship; (iii) equipment that has had the serial number removed or made illegible; (iv) batteries (because they carry their own separate limited warranty) or consumables; (v) freight costs to ship equipment or parts to the repair depot; (vi) scratches or other cosmetic damage to equipment surfaces that does not affect the operation of the equipment; and (vii) normal or customary wear and tear. These express limited warranties are extended by Contractor to the original user purchasing the products for commercial, industrial, or governmental use only, and are not assignable or transferable. If County gives notice of a valid warranty claim before the expiration of the warranty period, Contractor will (at its option and at no additional charge to County) repair the defective product, replace it with the same or equivalent product, or refund the price of the defective product. This action will be the full extent of Contractor's liability for a warranty claim. Repaired or replaced product is warranted for the balance of the original applicable Warranty Period. All replaced products or parts will become the property of Contractor. THESE WARRANTIES ARE THE COMPLETE WARRANTIES AND ARE GIVEN IN LIEU OF ALL OTHER WARRANTIES. SELLER DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Limitation of Liability:

Except for personal injury or death, Motorola's total liability to the County, whether for breach of contract, warranty, negligence, strict liability in tort, or otherwise, will be limited to the direct damages recoverable under law, but not to exceed the value of this Contract as awarded by the Cook County **Board of Commissioners. ALTHOUGH THE PARTIES ACKNOWLEDGE THE POSSIBILITY OF SUCH LOSSES OR DAMAGES, THEY AGREE THAT MOTOROLA WILL NOT BE LIABLE FOR ANY COMMERCIAL LOSS; INCONVENIENCE; LOSS OF USE, TIME, DATA, GOOD WILL, REVENUES, PROFITS OR** SAVINGS; **OR OTHER** SPECIAL, **INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES IN ANY WAY RELATED TO OR ARISING FROM THIS AGREEMENT OR THE**

PERFORMANCE OF SERVICES BY MOTOROLA PURSUANT TO THIS AGREEMENT. This limitation of liability will survive the expiration or termination of this Agreement and applies notwithstanding any contrary provision.

Miscellaneous:

Each party will comply with all applicable laws, regulations and rules concerning the performance of this Agreement or use of the products. Customer will obtain and comply with all FCC licenses and authorizations required for the installation, operation and use of the products. Any radios that Cook County buys from Motorola will be allowed to affiliate to Zone 1 SC21 on the ITTF Talk Groups (ILEAS, MABAS, IPWAN, Region 4A and 4B, etc. These in addition to the two Statewide Talk Groups that are the County's already on Zone 1 (Statewide 1 and Statewide 2).

MOTOROLA SOFTWARE LICENSE AGREEMENT

In this Exhibit to Contract 2106-18580, the term "Licensor" means Motorola Solutions, Inc., ("Motorola"); "Licensee," means the County of Cook, Illinois ("County"); "Primary Agreement" means the contract to which this Exhibit and the Equipment and Parts Purchase Supplemental Terms and Conditions are attached; and "Agreement" means this Exhibit and the applicable terms and conditions contained in the Primary Agreement. The parties agree as follows:

Section 1 SCOPE

Licensor will provide to Licensee proprietary software, radio communications, computer, or other electronic products ("Products") containing embedded or pre-loaded proprietary software, or both. "Software" means the proprietary software in object code format, and adaptations, translations, de- compilations, disassemblies, emulations, or derivative works of the software, and may contain one or more items of software owned by a third party supplier ("Third Party Software"). Product and Software documentation that specifies technical and performance features and capabilities, and the user, operation and training manuals for the Software (including all physical or electronic media upon which this information is provided) are collectively referred to as "Documentation." This Agreement contains the terms and conditions pursuant to which Licensor will license to Licensee, and Licensee may use, the Software and Documentation.

Section 2 GRANT OF LICENSE

Subject to Section 1, Licensor hereby grants to Licensee a personal, non-transferable (except as permitted in Section B below), limited, and non-exclusive license under Licensor's applicable proprietary rights to use the Software and related Documentation for the purposes for which they were designed and in accordance with the terms and conditions of this Agreement. The license does not grant any rights to source code.

If the Software is or includes Integration Framework, Customer Service Request ("CSR"), or Cityworks software, that Software is licensed pursuant to this Software License Agreement plus a separate document entitled "Software License Agreement Rider for Integration Framework, Customer Service Request, or Cityworks Software" (which document is incorporated by this reference and is either attached to this Agreement or will be provided upon Licensee's request).

Section 3 LIMITATIONS ON USE

3.1. Licensee acknowledges that Licensor has made a considerable investment of resources in the development, marketing, and distribution of its proprietary Software and Documentation and that reasonable and appropriate limitations on Licensee's use of the Software and Documentation are necessary for Licensor to protect its investment, trade secrets, and valuable intellectual property rights concerning the Software and Documentation, Therefore, Licensee may use the Software only for Licensee's internal business purposes and only in accordance with the Documentation. Any other use of the Software is strictly prohibited. Licensee may not for any reason modify, disassemble, peel components, decompile, otherwise reverse engineer or attempt to reverse engineer, derive source code, create derivative works from, adapt, translate, merge with other software, copy, reproduce, distribute, or export any Software or permit or encourage any third party to do so, except that Licensee may make one copy of Software provided by Licensor to be used solely for archival, back-up, or disaster recovery purposes. Licensee must reproduce all copyright and trademark notices on all copies of the Software and Documentation.

3.2. Licensee may not copy onto or transfer Software installed in one Product device onto another device.

Notwithstanding the preceding sentence, Licensee may temporarily transfer Software installed on one device onto another if the original device is inoperable or malfunctioning, if Licensee provides written notice to Licensor of this temporary transfer and it is discontinued when the original device is returned to operation. Upon Licensor's written request, Licensee must provide to Licensor a written list of all Product devices in which the Software is installed and being used by Licensee.

Section 4 OWNERSHIP AND TITLE

Title to all copies of Software will not pass to Licensee at any time but remains vested exclusively in the copyright owner. The copyright owner owns and retains all of its proprietary rights in any form concerning the Software and Documentation, including all rights in patents, patent applications, inventions, copyrights, trade secrets, trademarks, trade names, and other intellectual properties (including any corrections, bug fixes, enhancements, updates, or modifications to or derivative works from the Software whether made by Licensor or another party, or any improvements that result from Licensors processes or, if applicable, providing information services). Nothing in this Agreement is intended to restrict the proprietary rights of Licensor or to grant by implication or estoppel any proprietary rights. All intellectual property developed, originated, or prepared by Licensor in connection with providing to Licensee Software, Products, or related services remain vested exclusively in Licensor, and this Agreement does not grant to Licensee any shared development rights of intellectual property.

Section 5 CONFIDENTIALITY

Licensee acknowledges that the Software and Documentation contain Licensors valuable proprietary and Confidential Information and trade secrets, and that the provisions in the Agreement concerning Confidential Information apply.

Section 6 LIMITED WARRANTY

6.1. The commencement date and the term of the Software warranty will be as staled in the Primary Agreement, except that the Warranty Period for application Software that is provided on a per unit basis, the Warranty Period for subsequent units licensed is the remainder (if any) of the initial Warranty Period or, if the initial Warranty Period has expired, the remainder (if any) of the term of the applicable Software Maintenance and Support Agreement.

6.2 During the applicable Warranty Period, Licensor warrants that the unmodified Software, when used properly and in accordance with this Agreement, will be free from a reproducible defect that eliminates the functionality or successful operation of a feature critical to the primary functionality or successful operation of the Software. Whether a defect occurs will be determined solely with · reference to the Documentation. Licensor does not warrant that Licensee's use of the Software or Products will be uninterrupted or error-free or that the Software or the Products will meet Licensee's particular requirements. Warranty claims are described in the Primary Agreement.

6.3. LICENSOR DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE TRANSACTION COVERED BY THIS AGREEMENT IS A LICENSE AND NOT A SALE OF GOODS.

Section 7 LIMITATION OF LIABILITY

[Intentionally Omitted]

Section 8 TRANSFERS

Licensee will not transfer Software to any third party without Licensor's prior written consent, which consent may be withheld in Licensor's reasonable discretion and which may be conditioned upon the transferee paying all applicable license fees and agreeing to be bound by this Agreement.

Notwithstanding the preceding sentence, if Licensee transfers ownership of radio Products to a third party, Licensee may assign its rights to use the Software (other than Radio Service Software and Motorola's FLASHport® Software) embedded in or furnished for use with those radio Products if Licensee transfers **all** copies of the Software and the related Documentation to the transferee, and the transferee executes a transfer form to be provided by Licensor upon request (which form obligates the transferee to be bound by this Agreement).

Section 9 TERM AND TERMINATION

[Intentionally Omitted]

Section 10 NOTICES

Notices are described in the Primary Agreement.

Section 11 UNITED STATES GOVERNMENT LICENSING PROVISIONS

If Licensee is the United States Government or a United States Government agency, then this section applies. Licensee's use, duplication or disclosure of the Software and Documentation under Licensor's copyrights or trade secret rights is subject to the restrictions set forth in subparagraphs (c)(1) and (2) of the Commercial Computer Software-Restricted Rights clause at FAR 52.227-19 (JUNE 1987), if applicable, unless they are being provided to the Department of Defense. If the Software and Documentation are being provided to the Department of Defense, Licensee's use, duplication, or disclosure of Software and Documentation is subject to the restricted rights set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 (OCT 1988), if applicable. The Software and Documentation may or may not include a Restricted Rights notice, or other notice referring to this Agreement. The provisions of this Agreement will continue to apply, but only to the extent that they are consistent with the rights provided to the Licensee under the provisions of the FAR or DEARS mentioned above, as applicable to the particular procuring agency and procurement transaction.

Section 12 GENERAL

12.1. COPYRIGHT NOTICES. The existence of a copyright notice on the Software will not be construed as an admission or presumption that public disclosure of the Software or any trade secrets associated with the Software has occurred.

12.2. COMPLIANCE WITH LAWS. Licensee will comply with all applicable laws and regulations, including export laws and regulations of the United States. Licensee will not, without the prior authorization of Licensor and the appropriate governmental authority of the United States, in any form export or re-export, self or resell, ship or reship, or divert, through direct or indirect means, any item or technical data or direct or indirect products sold or otherwise furnished to any person within any territory for which the United States Government or any of its agencies, at the time of the action, requireg an export license or other governmental approval. Violation of this provision will be a material breach of this Agreement, permitting immediate termination by Licensor.

12.3. ASSIGNMENTS. [Intentionally Omitted]

12.4. GOVERNING LAW. [Intentionally Omitted]

MOTOROLA SUPPLEMENTAL TERMS AND CONDITIONS FOR SUA SERVICES

This Exhibit to Contract 2106-18580 ("Primary Agreement") provides additional or different terms and conditions to govern the sale of SUA services. The terms in this Exhibit are integral to and incorporated into the Primary Agreement signed by the Parties.

1. DEFINITIONS

All capitalized terms not otherwise defined herein shall have the same meaning as defined in the Agreement.

"SUA" or "SUA II" means Motorola's Software Upgrade Agreement program.

2. SCOPE

Motorola will provide SUA Services as further described in the applicable Statement of Work, or attachment to Motorola's proposal for additional services.

3. TERMS AND CONDITIONS

The terms of the Primary Agreement combined with the terms of this Exhibit will govern the products and services offered pursuant to this Exhibit. To the extent there is a conflict between the terms and conditions of the Primary Agreement and the terms and conditions of this Exhibit, this Exhibit takes precedence.

3.2 SUA SERVICES

3.2.1 PURCHASE ORDER ACCEPTANCE. Purchase orders for SUA services and software support, during the Warranty Period or after the Warranty Period, become binding only when accepted in writing by Motorola.

3.2.2 The Software License Agreement included as Exhibit A to the Agreement applies to any Motorola Software provided as part of the SUA transactions.

3.2.3 Because the SUA is a subscription service as more fully described in the applicable SUA Statement of Work, payment from the County is due in advance and will not be in accordance with any Payment Milestone Schedule.

3.2.4 The System upgrade will be scheduled during the subscription period and will be performed when Motorola's system upgrade operation resources are available. Because there might be a significant time frame between when this Amendment is executed and when a System upgrade transaction is performed, Motorola may substitute any of the promised Equipment or Software so long as the substitute is equivalent or superior to the initially promised Equipment or Software.

3.2.5 Acceptance of a SUA transaction occurs when the Equipment (if any) and Software are delivered and the SUA services are fully performed; there is no Acceptance Testing with a SUA transaction.

3.2.6 The Warranty Period for any Equipment or Motorola Software provided under a SUA transaction will commence upon shipment and not on System Acceptance or Beneficial Use and is for a period of ninety (90) days rather than one (1) year. The ninety (90) day warranty for SUA services is set forth in the SUA Statement of Work.

3.2.7 In addition to the description of the SUA services and exclusions provided in the SUA Statement of Work, the following apply:

a) Upon reasonable request by Motorola, the County will provide a complete serial and model number list of the Equipment.

b) SUA services exclude the repair or replacement of Equipment that has become defective or damaged from use in other than the normal, customary, intended, and authorized manner; use not in compliance with applicable industry standards; excessive wear and tear; or accident, liquids, power surges, neglect, acts of God or other force majeure events.

c) Unless specifically included in this Exhibit or the SUA Statement of Work, SUA services exclude items that are consumed in the normal operation of the Equipment; accessories; and repair or maintenance of any transmission line, antenna, microwave equipment, tower or tower lighting, duplexer, combiner, or multicoupler. Motorola has no obligations for any transmission medium, such as telephone lines, computer networks, the internet or the worldwide web, or for Equipment malfunction caused by the transmission medium.

d) The County will provide Motorola with designated points of contact (list of names and phone numbers) that will be available during the performance of the SUA services.

3.2.8 The SUA annualized price is based on the fulfillment of the cycle as described in the applicable Statement of Work. If the County terminates this service during a cycle, except for Motorola's default, then the County will be required to pay for the balance of payments owed for the cycle if a major system release has been implemented before the point of termination.

3.2.9 If the County terminates this service and contractual commitment before the end of the term, for any reason other than Motorola's default, then the County will pay to Motorola a termination fee equal to the discount applied to the last three years of service payments related to the commitment.

3.2.10 SUA INFLATION ADJUSTMENT. For multi-year agreements, at the end of the first year of the Agreement and each year thereafter, a CPI percentage change calculation shall be performed using the U.S. Department of Labor, Consumer Price Index, all Items, Unadjusted Urban Areas (CPI-U). Should the annual inflation rate increase greater than 3% during the previous year, Motorola shall have the right to increase all future maintenance prices by the CPI increase amount exceeding 3%. All items, not seasonally adjusted shall be used as the measure of CPI for this price adjustment. Measurement will take place once the annual average for the new year has been posted by the Bureau of Labor Statistics. For purposes of illustration, if in year 5 the CPI reported an increase of 8%, Motorola may increase the Year 6 price by 5% (8%-3% base).

4. ENTIRE AGREEMENT. This Exhibit, any related attachments, and the Agreement, constitutes the entire agreement of the Parties regarding the subject matter of this Exhibit and supersedes all previous agreements, proposals, and understandings, whether written or oral, relating to this subject matter. This Exhibit may be amended or modified only by a written instrument signed by authorized representatives of both Parties. The preprinted terms and conditions found on any County purchase or purchase order, acknowledgment or other form will not be considered an amendment or modification of this Exhibit, even if a representative of each Party signs that document.

MOTOROLA STATEMENT OF WORK

SECTION 2

STATEMENT OF WORK

2.1 ADVANCED PLUS SERVICES

2.1.1 Advanced Plus Services Overview

In order to ensure that the Cook County Sheriff's Police Department "CCSP" has immediate access to Motorola's onsite and technical support teams for both unforeseen issues and ongoing maintenance, Motorola proposes our Advanced Plus Services offering to CCSP. Advanced Plus Services provide a reliable service response and restoral process remote assistance to address unforeseen network events, effect onsite repairs to network components, and deliver patches to keep CCSP's system secure. The proposed offering consists of the following specific services:

- Dispatch Services
- Remote Technical Support
- Onsite Infrastructure Response
- Annual Preventative Maintenance
- Network Hardware Repair
- Network Hardware Repair with Advanced Replacement
- Remote Security Update Service
- Network Event Monitoring

These services will be delivered to CCSP through the combination of local service personnel either dedicated to the network or engaged as needed; a centralized team within Motorola's Solutions Support Center (SSC), which operates on a 24 x 7 x 365 basis; and our Repair Depot, which will ensure that equipment is repaired to the highest quality standards. The collaboration between these service resources, all of who are experienced in the maintenance of mission-critical networks, will enable a swift analysis of any network issues, an accurate diagnosis of root causes, and a timely resolution and return to normal network operation.

Below are Cook County Shelter/Tower Locations included in these services:

2.1.2 Advanced Plus Services Description

2.1.2.1 Centralized Service Delivery

Centralized support will be provided by Motorola's support staff, located at our Service Desk and Solutions Support Center (SSC). These experienced personnel will provide direct service and technical support through a combination of Service Desk telephone support, technical consultation and troubleshooting through the SSC, and ongoing network monitoring of CCSP's system.

Motorola will provide Service Desk response as a single point of contact for all support issues, including communications between CCSP, third-party subcontractors and manufacturers, and Motorola. When CCSP's personnel call for support, the Service Desk will record, track, and update all Service Requests, Change Requests, Dispatch Requests, and Service Incidents using Motorola's Customer Relationship Management (CRM) system. The Service Desk is responsible for documenting CCSP's inquiries, requests, concerns, and related tickets; tracking and resolving issues; and ensuring timely communications with all stakeholders based on the nature of the incident.

As tickets are opened by the Service Desk, issues that require specific technical expertise and support will be routed to our Solutions Support Center (SSC) system technologists for Technical Support, who will provide telephone consultation and troubleshooting capabilities to diagnose and resolve infrastructure performance and operational issues. Motorola's recording, escalating, and reporting process applies ISO 90001 and TL 9000-certified standards to the Technical Support calls from our contracted customers, reflecting our focus on maintaining mission-critical communications for the users of our systems.

Severity Level Definitions

The service desk and CCSP will establish and assign the appropriate priority level to the support request in accordance with the following Severity Level definitions:

Severity Level	Severity Definition	Response times
Severity 1 Major Fault	This is defined as fault that causes the system to have a complete loss of functionality of any core service*. - The following are examples of this kind of failure: - Total inability to access a System - Total failure of any Core Service* - More than 33% of a System's sites in Site Trunking mode - Total failure of the Authentication Server - An ongoing virus outbreak detected by the Symantec Antivirus program or an ongoing intrusion attempt detected by the ISS Intrusion detection system	A Motorola SSC Technical Support Engineer will make contact with the customer technical representative within one hour of the request for support being logged in the issue management system. Continual effort will be maintained to restore the system or provide a workaround resolution. Response provided 24 x 7.
Severity 2 Intermediate Fault	This is defined as a fault that causes the system to operate with a continuous reduction in capacity or functionality of core services* or the customer has extreme difficulty in maintaining communications The following are examples of this kind of failure: - Less than 33% of a System's sites in Site Trunking mode - Failure of a single Zone Controller - A continuous reduction in capacity or functionality of core services - Failure of a 50% of dispatcher positions (consoles) at one control room - Intermittent faults which occur frequently and have a major impact on core services* e.g. Loss of audio or unable to send short data. - Failure of any single NM Server - Loss of one Authentication Server - A suspected virus outbreak or intrusion event which hasn't been detected by the system - Repeated attempts of unauthorised access detected by the RSA authentication component of the system	A Motorola SSC Technical Support Engineer will make contact with the customer technical representative within four hours of the request for support being logged at the issue management system. Response provided 24 x 7.

Severity Level	Severity Definition	Response times
Severity 3 Minor Fault	This is defined any fault or variation from specification, which reduces the functionality efficiency or usability of core services* The following are examples of this kind of severity: - Intermittent faults which occur infrequently which impacts core services* e.g. TSC reset or router reset - Root cause analysis on a recovered failure - Any configuration work - Failure of a single base station - License warnings from any of the network security components (Unless this was preventing the loading of the pre-tested network security updates) - Reports problems	A Motorola SSC Technical Support Engineer will make contact with the customer technical representative within the next business day of the request for support being logged at the issue management system. Response provided 8 x 5 on standard business days, which is normally Monday through Friday 8am to 5pm US time, excluding public Holidays.
Severity 4 Minor Fault	Issues that fall into this category are: Faults resulting in minor functions or features being unsupported or unreliable in ways that are not noticeable to the user. Faults that have no impact in how the user perceives the system to work, cosmetic issues. The following are examples of this kind of severity: - Request for information Root cause analysis on a recovered failure - Assistance with routine or planned maintenance, upgrades to a system. - Cosmetic faults	A Motorola SSC Technical Support Engineer will make contact with the customer technical representative within the next seven days of the request for support being logged at the issue management system. Response provided 8 x 5 on standard business days, which is normally Monday through Friday 8AM to 5PM US time, excluding public Holidays.

*Core Service is defined as, Voice, Data and Network Management.

Motorola reserves the right to amend the severity level of any case that is deemed to be set incorrectly.

2.1.2.2 Onsite Support and Preventative Maintenance

Onsite repairs and network preventative maintenance will be provided by authorized local field services delivery personnel, who will be dispatched from and managed by the Solutions Support Center.

OnSite

OnSite Support provides local, trained and qualified technicians who will arrive at CCSP's location upon a dispatch service call to diagnose and restore the communications network. This involves running diagnostics on the hardware or FRU (Field Replacement Unit) in order to identify defective elements, and replacing those elements with functioning ones. The system technician will respond to the CCSP's location in order to remedy equipment issues based on the impact of the issue to overall system function.

Preventative Maintenance

Annual Preventive Maintenance Service provides proactive, regularly scheduled operational testing and alignment of infrastructure and network components to ensure that they continually meet original manufacturer specifications. Certified field technicians perform hands-on examination and diagnostics of network equipment on a routine and prescribed basis.

The following is a list of Network Infrastructure Equipment checked during Site PMs (this does not include Tower equipment):

Site Name		HVAC Thermostat Setting (75)
Site Coordinates (If capable)		High Temp Alarm Setting (85)
Site ID		Low Temp Alarm Setting (55)
PM Date		Check and Secure Equipment Cabling
Gate Code		Check Grounding System
Door Lock Box w/key		Check AC Lightning Protection
Complete Equipment Inventory Form		Check Interior Lighting
Complete Radio PM Log Forms		Check Interior For Water Leaks
Complete UPS PM Form		Check Garbage Condition
Verify and Correct Site Drawings		Check For Pest Infestation
Backup Channel Bank		Check Eye Wash Solution
Check Channel Bank Performance		Check Fire extinguisher
Check TRAK for Alarms		Fuel Level Inside
Check TRAK Operation		Fuel Level Outside
Check Battery System Cell Voltages		Generator Run Hours
Check Battery System Float Voltage		Generator Battery Voltage
Check Battery System Load Current		Generator Oil Level
Check Battery Posts for Corrosion		Generator Coolant Level
Load Test Battery System		Generator Thermostat Setting
TTA Attenuation on Multicoupler		Generator Status Setting
Alarm Check Doors		Generator Weekly Exercise Setting
Alarm Check Rectifier		Check Exterior Walls
Alarm Check UPS's		Check Exterior Lighting

Alarm Check High Temp		Vegetation Condition
Alarm Check Low Temp		Fence,Gate,Lock Condition
Alarm Check Fuel Sensor (50)		Visual Inspection Of Tower
Alarm Check Smoke Detector		Ice Bridge Condition
Replace Smoke Detector Battery		Comments
Clean Out Smoke Detector		Service Monitor Calibration Date
HVAC Unit 1 Operation		Watt Meter Calibration Date
HVAC Unit 2 Operation		

2.1.2.3 Network Hardware Repair with Advanced Replacement

Network Hardware Repair – Motorola's authorized Repair Depot will repair the equipment provided by Motorola, as well as select third-party infrastructure equipment supplied as part of the proposed solution. The Repair Depot will manage the logistics of equipment repair (including shipment and return of repaired equipment), repair Motorola equipment, and coordinate the repair of third-party solution components.

Motorola also proposes Network Hardware Repair with Advanced Replacement to CCSP. With this additional service, Motorola will exchange malfunctioning components and equipment with advanced replacement units or Field Replacement Units (FRUs) as they are available in the Repair Depot's inventory. Malfunctioning equipment will be evaluated and repaired by the infrastructure repair depot and returned to the Repair Depot's FRU inventory upon repair completion. If CCSP prefers to maintain their existing FRU inventory, CCSP will be able to request a "loaner" FRU while their unit is being repaired.

The following are excluded from Network Hardware Repair and Advanced Replacement:

- All Motorola manufactured infrastructure hardware more than seven (7) years from product cancellation date.
- Motorola equipment: MW810, ML900 Laptops, XTL5000 Consolettes,XTL5000 Mobiles and Archidacs
- All third-party hardware equipment supplied by Motorola, more than the support period highlighted in the Original Equipment Manufacturers (OEMs) stated cancellation policy which will be announced by Motorola on product cancellation.
- All Broadband infrastructure more than three (3) years from product cancellation date
- Physically damaged infrastructure.
- Third party equipment not shipped by Motorola.
- Consumable items including, but not limited to, batteries, connectors, cables, toner/ink cartridges, tower lighting, laptop computers, monitors, keyboards and mouse.
- Infrastructure backhaul such as: Antennas, Antenna Dehydrator, Microwave, Line Boosters, Amplifier, Data Talker Wireless Transmitter, Short haul modems, UPS
- Test equipment and Service Monitors
- Racks, furniture and cabinets.
- Firmware and/or software updates.

Spares

Motorola will utilize spares that were purchased as part of the project. Upon depletion of those spares or if any additional spares are required, CCSP will be responsible for replenishment. The CSM will present CCSP with a spares list and associated pricing. Upon approval, the spares will

be ordered and delivered to a designated storage location agreed upon by CCSP and the CSM. CCSP will be invoiced separately from this SOW for spares purchased.

2.1.3 Remote Security Update Service

Commercial security software updates are often designed without consideration for specialized systems like radio communications networks. Therefore, they may at times inadvertently disrupt ASTRO 25 networks such as the one proposed to CCSP. The Remote Security Update Service will test anti-virus, operating system, and other patches for compatibility with the proposed system. Motorola Solutions will remotely install the pre-tested updates on CCSP ASTRO 25 network.

2.1.4 Network Updates (see Section 2.3.2 for additional information)

The Network Updates service provides public safety radio system release updates on a consistent, budgeted plan. These updates maintain reliable network operations and cybersecurity protection. In addition, Network Updates keeps CCSP's ASTRO 25 network compatible with expansion elements, as well as new products or features. With Network Updates, CCSP's network will remain on a release that qualifies for support services.

Motorola Solutions will deliver updates based on a predefined cadence of upgrade windows, with up to one update in each window. The Network Updates service includes the following:

- **Software Release Updates** - Motorola Solutions-certified software that improves network functions over previous releases. This also includes commercial operating system and application software updates.
- **Hardware Update** – When needed to support a software release update, Motorola Solutions provides new hardware. New hardware will both support the new software update, as well as maintain existing functions and features.
- **Professional Implementation Services** – Motorola Solutions will plan and implement updates at CCSP site. This includes factory integration, testing, and supply chain management for new software and hardware.

With these services, CCSP} will have access to the technology, support, and planning expertise needed for an effective upgrade.

2.1.5 Motorola's Service Capabilities

Our focus on the needs of our public safety partners has led us to recognize that an integrated implementation and service delivery team that takes a new system from system installation, to acceptance, to warranty, and all the way through extended maintenance, is the best way to ensure that public safety communications systems meet the needs of first responders. Motorola's team of experts, have developed refined processes and sophisticated tools through our experience in delivering mission-critical communications.

2.1.5.1 On-Call Support through the Solutions Support Center (SSC)

The cornerstone of our customer care process, Motorola's Solution Support Center (SSC) is staffed 24x7x365 by experienced system technologists. This TL 9000/ISO 9001-certified center responds to over 5000 public safety, utility, and enterprise customers. With over 100,000 phone

and email interactions with Motorola customers per month, the SSC provides our customers with a centralized contact point for service requests.

2.1.5.2 Onsite Service through a Field Service Team

Onsite maintenance and repair of CCSP's system will be provided by Motorola's local team of service personnel. Motorola will provide CCSP with a Customer Support Plan (CSP) that outlines the details of each service, provides escalation paths for special issues, and any other information specific to CCSP's service agreement. Some of these details will include items such as access to sites, response time requirements, severity level definitions, and parts department access information.

Local technicians will be dispatched for onsite service by the SSC, who will inform the technician of the reason for dispatch. This will enable the technician to determine if a certain component or field replacement unit (FRU) will be needed from inventory to restore the system. Once on site, the field technician will notify the SSC and begin to work on the issue. The technician will review the case notes to determine the status of the issue, and begin the troubleshooting and restoration process. Once the system is restored to normal operation, the field technician will notify the SSC that the system is restored. The SSC, in turn, will notify CCSP that the system is restored to normal operation and request approval to close the case.

2.1.5.3 Centralized Repair Management through Motorola's Repair Depot

Our repair management depot coordinates component repair through a central location, eliminating the need to send system equipment to multiple vendor locations for repair. Once equipment is at the depot, technicians will replicate CCSP's network configuration in our comprehensive test labs in order to reproduce and analyze the issue. Technicians will then restore the equipment to working order. After repairs are completed, equipment will be tested to its original performance specifications and, if appropriate, configured for return to use in CCSP's system. All components being repaired are tracked throughout the process, from shipment by CCSP to return through a case management system where users can view the repair status of the radio via a web portal.

2.1.5.4 Direct Access to System Information through MyView Portal

Supplementing Motorola's proposed services plan for CCSP is access to Motorola's online system information tool, MyView Portal. MyView Portal provides our customers with real-time visibility to critical system and services information, all through an easy-to-use, graphical interface. With just a few clicks, CCSP's administrators will gain instant access to system and support compliance, case reporting, ability to update and create cases, have visibility to when the system will be updated, and receive pro-active notifications regarding system updates. Available 24x7x365 from any web-enabled device, the information provided by MyView will be based on your needs and user access permissions, ensuring that the information displayed is secure and pertinent to your operations.

2.2 ADDITIONAL SUPPORT AND SERVICES

2.2.1 System Manager

Motorola has also included a System Manager to be CCSP's primary liaison to ensure the radio system is maintained per the contract and operates at peak performance. Details of the System Manager's responsibilities are detailed in Section 6.

2.2.2 Mobile Communications

Motorola will provide three mobile devices along with monthly services to CCSP.

The mobile devices will be utilized for business purposes related to repair, service and maintenance of CCSP's radio communications system.

Mobile devices are and shall remain the property of Motorola and shall be returned to Motorola upon termination, expiration or cancellation of the contract.

Neither the County, nor its elected or appointed officials, nor its employees or agents shall use the mobile devices for personal use.

Mobile devices shall not be used for the purposes of illegal transactions, harassment or obscene behavior.

No personally identifiable information, protected personal information or criminal justice information data shall be transmitted via devices.

Mobile devices shall not be loaned to, or used by, any third party who is not an official, appointee or employee of the County.

CCSP must notify Motorola immediately if a mobile device is damaged or lost. CCSP shall be responsible for reimbursing Motorola for the replacement cost of any damaged or lost mobile device during the term of the contract.

Cook County will indemnify and hold Motorola harmless from any and all liability, expense, judgement, suit, cause of action, or demand for personal injury, death, or direct damage to tangible property which may accrue against Motorola to the extent it is caused by the use of the mobile devices. Motorola will cooperate with the County in its defense or settlement of the claim or suit. Spare Parts and Equipment

CCSP will be responsible phone repairs that are outside of warranty.

2.2.3 Service Monitors

Motorola will provide standard calibration for the following CCSP's Service Test Monitors every other year during the contract period. This calibration does not include software upgrades or any necessary repairs to the equipment outside of the calibration.

- Aeroflex 3920 – S/N 299002380
- R2670 – S/N 496LGA8026
- R2670 – S/N 496LGA0027
- R2670 – S/N 496KZW0089
- Bird Analyzer – S/N 02400246

- Anritsu – S/N 1208012
- Anritsu – S/N 1207089
- Anritsu – S/N 1208016

2.3 SOFTWARE MAINTENANCE (SMA) AND SYSTEM UPGRADE AGREEMENT (SUA) (A.K.A NETWORK UPDATES)

2.3.1 SMA Overview

Software updates are a comprehensive approach to technology sustainment of your radio systems. It incorporates software updates aligned with the ASTRO25 and DIMETRA platform lifecycles so O'Hare's system is maintained at the highest level of support. The Software Updates Service provides a complete package of software required to update your system. It helps to plan the future of your network, accommodates changes in technology, operations and user demands by:

- Keeping the system software current throughout the lifetime of the system, always running on supported software
- Regular and planned software upgrades for smoother migration with minimal disruption to system operation
- Maintaining a current state-of-the-art system with access to the latest features and enhancements
- Providing access to software repair fixes and performance improvements in between upgrades
- Ensuring the system is always running on supported software
- Least technical and financial risk to keeping system current
- Fixed cost budgeting for duration of agreement - predicted costs profile and protecting against unforeseen expenditures related to system sustainment
- Allows the capability for feature enhancement and system expansion (RF sites, dispatch positions, data sub-systems, network management positions)
- Access to the latest available standard and optional features (Optional features may require an additional fee for licensing and hardware)

2.3.2 SUA Overview

In order to keep CCSP's system current, Motorola is proposing a System Upgrade Agreement II ("SUA II"). This is a complete package of hardware, software, and professional services required to update CCSP's ASTRO 25 systems per the lifecycle plan to a level consistent with the latest system release shipping from the factory.

Updates to software (and occasionally) hardware components ensure ongoing availability of repair services support, system expansion (e.g. addition of RF sites, dispatch positions, data sub-systems, or network management positions), and the latest cyber security protection. The SUA II provides a consistent, budgeted solution that delivers complete update coverage while transferring risk associated with integrating future (unknown today) technology to Motorola.

Hardware updates include version updates and/or replacements for Motorola's FRU and third-party networking and computing hardware when required by the software release. Platform migration like replacement of Gold Elite consoles and QUANTAR base radios are not included in this update.

If the system is expanded with additional hardware components and/or enhanced with additional features, the SMA and SUA cover and price must be updated to reflect this change to ensure the add-on software and hardware is covered under the SMA and SUA during the term of the contract.

System releases include commercial OS and application software updates as well as Motorola certified software to improve the system functionality and operation from previous releases as well as significant new feature enhancements that are available for purchase.

Implementation services include factory integration and testing of new HW and SW components, upgrade planning, and Motorola's personnel on-site at CCSP to execute upgrade.

2.3.3 Description of Service and Obligations

As system releases become available, Motorola agrees to provide the Customer with the software, hardware and implementation services required to execute up to one system infrastructure upgrade in a two-year period for their ASTRO 25 system.

ASTRO 25 system releases are intended to improve the system functionality and operation from previous releases and may include some minor feature enhancements. At Motorola's option, system releases may also include significant new feature enhancements that Motorola may offer for purchase. System release software and hardware shall be pre-tested and certified in Motorola's Systems Integration Test lab.

The price quoted for the SUA II requires the Customer to choose a certified system upgrade path from the system release upgrade chart referenced in Appendix A. Should the Customer elect an upgrade path other than one listed in Appendix A, the Customer agrees that additional costs will be incurred to complete the implementation of the system upgrade. In this case, Motorola agrees to provide a price quotation for any additional materials and services necessary.

ASTRO 25 SUA II entitles a Customer to past software versions for the purpose of downgrading product software to a compatible release version.

The following ASTRO 25 certified system release software for the following products are covered under this ASTRO 25 SUA II:

- Servers
- Workstations
- Firewalls
- Routers
- LAN switches
- MCC 7XXX Dispatch Consoles
- GTR8000 Base Stations
- GCP8000 Site Controllers
- GCM8000 Comparators
- Motorola Solutions Logging Interface Equipment
- PBX switches for Telephone Interconnect
- NICE and Verint Logging Solutions (if purchased)

Motorola will provide certified hardware version updates and/or replacements necessary to upgrade the system with an equivalent level of functionality up to once in a two-year period. Hardware will be upgraded and/or replaced if required to maintain the existing features and functionality. Any updates to hardware versions and/or replacement hardware required to support new features or those not specifically required to maintain existing functionality are not included. Unless otherwise stated, platform migrations such as, but not limited to, stations, consoles, backhaul, civil, network changes and additions, and managed services are not included.

The following hardware components, if originally provided by Motorola, are eligible for full product replacement when necessary per the system release upgrade:

- Servers
- Workstations
- CommandCentral AXS Hub
- Routers
- LAN Switches

The following hardware components, if originally provided by Motorola, are eligible for board-level replacement when necessary per the system release upgrade. A “board-level replacement” is defined as any Field Replaceable Unit (“FRU”) for the products listed below:

- GTR 8000 Base Stations
- GCP 8000 Site Controllers
- GCM 8000 Comparators
- MCC 7XXX Dispatch Consoles

ASTRO 25 SUA II makes available the subscriber radio software releases that are shipping from the factory during the SUA II coverage period. New subscriber radio options and features not previously purchased by the Customer are excluded from ASTRO 25 SUA II coverage. Additionally, subscriber software installation and reprogramming are excluded from the ASTRO 25 SUA II coverage.

The ASTRO 25 SUA II does not cover all products. Refer to Section 4.4.5 for exclusions and limitations.

Motorola will provide implementation services necessary to upgrade the system to a future system release with an equivalent level of functionality up to once in a two-year period. Any implementation services that are not directly required to support the certified system upgrade are not included. Unless otherwise stated, implementation services necessary for system expansions, platform migrations, and/or new features or functionality that are implemented concurrently with the certified system upgrade are not included.

As system releases become available, Motorola will provide up to once in a two-year period the following software design and technical resources necessary to complete system release upgrades:

ASTRO 25 SUA II pricing is based on the system configuration outlined in Appendix B. This configuration is to be reviewed annually from the contract effective date. Any change in system configuration may require an ASTRO 25 SUA II price adjustment.

The ASTRO 25 SUA II applies only to system release upgrades within the ASTRO 25 7.x platform.

Motorola will issue Software Maintenance Agreement ("SMA") bulletins on an annual basis and post them in soft copy on a designated extranet site for Customer access. Standard and optional features for a given ASTRO 25 system release are listed in the SMA bulletin.

2.3.4 Upgrade Elements and Corresponding Party Responsibilities

2.3.4.1 Upgrade Planning and Preparation

All items listed in this section are to be completed at least 6 months prior to a scheduled upgrade.

Motorola Responsibilities:

- Obtain and review infrastructure system audit data as needed.
- Identify the backlog accumulation of security patches and antivirus updates needed to implement a system release. If applicable, provide a quote for the necessary labor, security patches and antivirus updates.
- If applicable, identify additional system hardware needed to implement a system release and if the customer has added hardware that is not covered under this agreement.
- Complete a proposal defining the system release, equipment requirements, installation plan, and impact to system users.
- Advise Customer of probable impact to system users during the actual field upgrade implementation.
- Inform Customer of high speed internet connection requirements.
- Assign program management support required to perform the certified system upgrade.
- Assign field installation labor required to perform the certified system upgrade.
- Assign upgrade operations engineering labor required to perform the certified system upgrade.
- Deliver release impact and change management training to the primary zone core owners, outlining the changes to their system as a result of the upgrade path elected. This training needs to be completed at least 12 weeks prior to the scheduled upgrade. This training will not be provided separately for user agencies who reside on a zone core owned by another entity. Unless specifically stated in this document, Motorola will provide this training only once per system.

Customer Responsibilities

- Contact Motorola to schedule and engage the appropriate Motorola resources for a system release upgrade.
- Purchase the security patches, antivirus updates and the labor necessary to address any security updates backlog accumulation identified in Section 2.1.1, if applicable. Unless otherwise agreed in writing between Motorola and Customer, the installation and implementation of accumulated backlog security patches and network updates is the responsibility of the Customer.
- Provide high-speed internet connectivity at the zone core site(s) for use by Motorola to perform remote upgrades and diagnostics. High-speed internet connectivity must be provided at least 12 weeks prior to the scheduled upgrade. In the event access to a high-speed connection is unavailable, Customer may be billed additional costs to execute the system release upgrade.
- Assist in site walks of the system during the system audit when necessary.
- Provide a list of any FRUs and/or spare hardware to be included in the system release upgrade when applicable.
- Purchase any additional software and hardware necessary to implement optional system release features or system expansions.
- Provide or purchase labor to implement optional system release features or system expansions.
- Participate in release impact training at least 12 weeks prior to the scheduled upgrade. This applies only to primary zone core owners. It is the zone core owner's responsibility to contact

and include any user agencies that need to be trained or to act as a training agency for those users not included.

2.3.4.2 System Readiness Checkpoint

All items listed in this section must be completed at least 30 days prior to a scheduled upgrade.

Motorola Responsibilities

- Perform appropriate system backups.
- Work with the Customer to validate that all system maintenance is current.
- Work with the Customer to validate that all available security patches and antivirus updates have been updated on the customer's system.
  - Motorola reserves the right to charge the Customer for the security patches, antivirus updates and the labor necessary to address any security updates backlog accumulation, in the event that these are not completed by the Customer at the System Readiness Checkpoint.

Customer Responsibilities

- Validate system maintenance is current.
- Validate that all available security patches and antivirus updates to their system have been completed or contract Motorola to complete in time for the System Readiness Checkpoint.

2.3.4.3 System Upgrade

Motorola Responsibilities

- Perform system infrastructure upgrade in accordance with the system elements outlined in this SOW.

Customer Responsibilities

- Inform system users of software upgrade plans and scheduled system downtime.
- Cooperate with Motorola and perform all acts that are reasonable or necessary to enable Motorola to provide software upgrade services.

2.3.4.4 Upgrade Completion

Motorola Responsibilities

- Validate all certified system upgrade deliverables are complete as contractually required.
- Deliver post upgrade implementation training to the customer as needed, up to once per system.
- Obtain upgrade completion sign off from the customer.

Customer Responsibilities

- Cooperate with Motorola in efforts to complete any post upgrade punch list items as needed.
- Cooperate with Motorola to provide relevant post upgrade implementation training as needed. This applies only to primary zone core owners. It is the zone core owner's responsibility to contact and include any user agencies that need to be trained or to act as a training agency for those users not included.
- Provide Motorola with upgrade completion sign off.

2.3.5 Exclusions and Limitations

The parties agree that Systems that have non-standard configurations that have not been certified by Motorola Systems Integration Testing are specifically excluded from the ASTRO 25 SUA II unless otherwise agreed in writing by Motorola and included in this SOW.

The parties acknowledge and agree that the ASTRO 25 SUA II does not cover the following products:

- MCC5500 Dispatch Consoles
- MIP5000 Dispatch Consoles
- Plant/E911 Systems
- MOTOBRIDGE Solutions
- ARC 4000 Systems
- Motorola Public Sector Applications Software (“PSA”)
- Custom SW, CAD, Records Management Software
- Data Radio Devices
- Mobile computing devices such as Laptops
- Non-Motorola two-way radio subscriber products
- Genesis Products
- Point-to-point products and microwave equipment
- BDAs and Antennas
- Site utility equipment i.e., HVAC, UPS, Generators, etc.
- Towers

ASTRO 25 SUA II does not cover any hardware or software supplied to the Customer when purchased directly from a third party, unless specifically included in this SOW.

ASTRO 25 SUA II services do not include repair or replacement of hardware or software that is necessary due to defects that are not corrected by the system release, nor does it include repair or replacement of defects resulting from any nonstandard, improper use or conditions; or from unauthorized installation of software.

ASTRO 25 SUA II does not cover or include deliverables included with the Security Update Service. This means that the SUA II does not include software support for virus attacks or other applications that are not part of the ASTRO 25 system or unauthorized modifications or other misuse of the covered software. Motorola is not responsible for management of anti-virus or other security applications, unless specifically contracted.

ASTRO 25 SUA II does not cover the labor or materials associated with the backlog accumulation of security patches or antivirus updates. Additional fees may apply as outlined in Section 2.1.1.2.

Motorola will provide the latest applicable patches and antivirus updates when and if available, as a part of the system release upgrade. The upgrade may include 3rd party SW such as Microsoft Windows and Server OS, Red Hat Linux, and any Motorola software service packs that may be available. Motorola will only provide patch releases that have been analyzed, pre-tested, and certified in a dedicated ASTRO 25 test lab to ensure that they are compatible and do not interfere with the ASTRO 25 network functionality.

Upgrades for equipment add-ons or expansions during the term of this ASTRO 25 SUA II are not included in the coverage of this SOW unless otherwise agreed to in writing by Motorola.

2.3.6 Special Provisions

Customer acknowledges that if the System has a Special Product Feature, that it may be overwritten by the software update. Upon request, Motorola will determine whether a Special Product Feature can be incorporated into a system release and whether additional engineering effort is required. If additional engineering is required Motorola will issue a change order for the change in scope and associated increase in the price for the ASTRO 25 SUA II.

Customer will only use the software (including any System Releases) in accordance with the applicable Software License Agreement.

ASTRO 25 SUA II coverage and the parties' responsibilities described in this Statement of Work will automatically terminate if Motorola no longer supports the ASTRO 25 7.x software version in the Customer's system or discontinues the ASTRO 25 SUA II program; in either case, Motorola will refund to Customer any prepaid fees for ASTRO 25 SUA II services applicable to the terminated period.

If Customer chooses to not have Motorola apply the security patches and antivirus updates as described in 2.1.1.2 and this delays or postpones the system software update, Motorola reserves the right to charge the Customer a fee equivalent to the costs incurred by the Motorola Solutions Upgrade Operations Team for the unplanned and additional time on site. Any additional fees to be provided in a quote or other writing.

If Customer cancels a scheduled upgrade within less than 12 weeks of the scheduled on site date, Motorola reserves the right to charge the Customer a cancellation fee equivalent to the cost of the pre-planning efforts completed by the Motorola Solutions Upgrade Operations Team.

The SUA II annualized price is based on the fulfillment of the two year term. If Customer terminates, except if Motorola is the defaulting party, Customer will be required to pay for the balance of payments owed if a system release upgrade has been taken prior to the point of termination.

2.4 SYSTEM MANAGER

The System Manager ("SM") is CCSP's primary point of contact within Motorola. The SM will work cohesively with CCSP to ensure that their Motorola Communications system is operating at expected levels. The SM serves as the primary liaison to CCSP and will work internally with Motorola's Systems Support Center, Dispatch Operations, Product Groups, the Depot, System Engineering, System Integration and the Field Service Organization. The SM will also serve as a liaison to third party contractors and other local servicers.

System Manager responsibilities include:

- Insuring the Terms and Conditions of the warranty/maintenance contact are met. This may include but not limited to: System Administration Service, Configuration Management Service, Site Management Service, User Support Service, Operational Assessment, and System Planning Service.
- Coordinate service activities and ensure compliance of the contract such as, compliance with response/restoration time commitment. Also coordinate the remote diagnosis of system failures and facilitate call management as applicable, as well as manage emergency service efforts and escalation procedures.
- Will be engaged to provide system analysis, recommendations and fault diagnostic information to the customer to achieve optimal system performance and utilization.
- Be proactive in managing the resources available to sustain optimal uptime, system availability and maximum beneficial use of the radio system. The SM will regularly review service information and quality reports generated by the system service database to determine an ongoing course of action. The SM will be capable of preparing various reports at regular intervals from system performance metrics.
- Escalate Incident Tickets and assist in the resolution of technical issues.
- Participate in the bi-monthly Service/Project status meetings with CCSP and Motorola to review system and service support performance.
- Acts as CCSP's point of contact to open Cases with Motorola Service entities for scheduled Site preventative maintenance tasks and 3rd Party preventative maintenance tasks.
- Provides escalation point for all Motorola RF Site Equipment and Subscriber issues.
- Review Motorola Technical Notes (MTN's) and report issues, engage the appropriate Service Technicians or MSI resources, and upon validation deploy the recommended solutions.
- Collaborate with customer personnel to assist in the analysis and diagnosis of Subscriber issues and related agency complaints. Help identify if the reported issues are System or Subscriber related. Drive corrective action on the problems identified using appropriate technical personnel.
- Works to ensure the ongoing service improvements and change management of minor and major upgrades into operation.
- Evaluate and assist other Motorola resources to help plan future expansion and technology migration.
- Oversee the implementation of all system upgrades performed by Motorola to ensure total continuity and minimal system impact.

2.5 SITE MANAGEMENT

2.5.1 Description of Services

Site Management includes the management of antenna site preventative maintenance, repairs, and associated site services. Motorola will coordinate and manage antenna site preventative maintenance activities, repairs and servicers for typical antenna site elements including, but not limited to, tower structure maintenance, grounds maintenance, site equipment maintenance, and building maintenance.

Below is a matrix of responsibilities as it relates to sites, management of the sites and maintenance support:

Motorola will contract directly with servicers for onsite and preventative maintenance for Site Management which includes: UPS, generator, HVAC and tower and shelter maintenance. Scope of services is provided for each below.

Generator Services

Motorola will provide onsite and preventative maintenance at 19 generator sites listed below. Services will include onsite labor, travel time, and materials to complete two semi-annual PMs.

Best effort will be made on units that are aged and are approaching end of life. Existing units range from 16 to 20 years old and some parts are becoming obsolete. Per ThermFlo, these units need to be replaced prior to 25 years to maintain reliability.

Preventative maintenance will include the following tasks:

- Inspect entire equipment for any oil, water and fuel leaks.
- Inspect exhaust system, air inlet systems and turbo chargers.
- The entire equipment to be lubricated, and oil changed if the running time is more than 50 hours, or a minimum of once per year. Used oil to be disposed of according to OSHA and EPA guidelines.
- Inspect condition and tension of all belts.
- Inspect cooling system to include condition of coolant, hoses, radiator and inlet and outlet dampers.
- Inspect fuel system to include above ground tank, day tank and day tank pump, all visible fuel lines and fittings.
- Clean or replace fuel filters and sediment bowls as required.
- Check condition of batteries and charge rate.
- Clean and refill air cleaner or change element as required.
- Inspect generator brushes and slip rings when necessary.
- Inspect generator control and engine wiring.
- Inspect AC wiring at generator and automatic transfer switch(es) using infrared probe.
- Inspect remote annunciator.
- Check all instruments for proper operation.
- Instruct proper personnel, if such personnel is available and present at the time of inspection, on operation and upkeep procedures between inspections.
- After all the above, run generator set and conduct testing (under load when practical.)
- Check automatic transfer switch(es) for proper operation to include logic, time relays, contacts, exercise cycle, and switching of power source.
- CSM will be provided a report of this inspection. Any above contract work required will be provided to CCSP from the CSM, upon authorization work will be completed and invoiced outside of this contract.

HVAC Services

Motorola will provide onsite and preventative maintenance at the 22 HVAC sites listed below. Services will include onsite labor, travel time, and materials to complete two semi-annual PMs.

Best effort will be made on units that are aged and are approaching end of life. Most of the existing units are ~20 years old and some parts are becoming obsolete. It is recommended that CCSP consider a systematic replacement of the units over the next several years.

Preventative maintenance will include the following tasks:

- Visually check for dirty coils and restricted airflow. Visually check for refrigerant leaks.
- Use digital temperature tester to verify return and supply air delta.
- Visually inspect condensate drains and pan for corrosion and clogging.
- Check condition of all filters and replace every six months. Mark filters with date code and record filter size(s).
- Check for excess wear on motor bearings, mounting and brackets
- Lubricate evaporator fan motor and bearings, if applicable.
- Inspect fan drive assembly. Replace belts and adjust for proper.
- Visually inspect condenser coil. Check for dirt and airflow restrictions. Clean outside screens, if required.
- Clean condenser coils on an (Annual) basis using portable pressure washer (and non-acidic biodegradable cleaner when required) to remove dirt and debris.
- Check for oxidation of aluminum fins.
- Verify that low ambient control maintains proper head pressure during winter operation. Lubricate fan motor and bearings, if applicable.
- Electric reheat should operate under low load conditions.
- Check amps, volts, and general condition of heaters, relays, and contactors.
- Tighten all electrical connections and re-torque loose connections.
- Check heating elements for proper operation.
- Perform high voltage mega-ohm testing of compressor windings to verify compressor motor windings are within manufacturer's specifications (during spring-summer inspection only). Check refrigerant compressor for any out of tolerance conditions.
- Check operation of compressor contactor. Check contacts for pitting and carbon deposits. Compressor replacement is not included in contract.
- Check crankcase heaters, if applicable
- Record run load amps.

- Verify damper operation and enthalpy control calibration (during fall-winter inspection). Lubricate and adjust connection linkage if required.
- Check thermostat operation and calibration by turning setting above temperature of controlled environment: electric reheat control circuit should energize. Lower set point temperature to energize compressor circuit.
- Verify compressor time guard, if applicable.
- Check lead-lag operation.
- Check operating and safety controls - verify high/low temperature alarms.
- Clean carbon deposits from all electrical contacts.
- Check operation of all relays. Make sure all contact make or break when voltage is applied to the coil. Check bypass timer and relay.
- Verify microprocessor and solid state control system is calibrated and functioning properly Check all electrical connection and re-torque all loose connections.
- Verify that there is no excessive vibration at the soldered and brazed joints.
- Record suction and discharge pressures during inspection
- Record and note super-heat+/- readings and outside ambient temperature.
- Check equipment for corrosion and replace missing cabinet screws if applicable.
- Check for insects and rodent infestation.
- Inspect for signs of weather damage.

UPS Services

Motorola will provide onsite and preventative maintenance at 24 UPS sites listed below. Services will include onsite labor, travel time, and materials to complete one annual PM.

The Liebert Nfinity units are a discontinued product. Best effort will be made on units that are aged and have reached or are reaching end of life. Liebert recommends replacement of the units, where possible.

Batteries will be replaced once during the term of this contract. Additional battery replacements will be considered above contract and would require customer approval and be invoiced separately.

Preventative maintenance will include the following tasks:

- Check of unit wiring
- Visual inspection of internal subassembly and major components
- Check of mechanical connections
- Check fan operation
- Clean foreign material from unit interior
- Check operation of alarm circuits
- Verification of system software parameters
- Calibration of unit to manufacturer's specifications
- Verify bypass/static switch
- Perform battery and inverter diagnostics
- Verify charger operation
- Return unit to normal operation with customer loads
- A history file maintained on the system

Microwave Services

Motorola will provide onsite and preventative maintenance at the following Microwave sites. Services will include onsite labor, travel time, and materials to complete one annual PM.

Best effort will be made on units that are aged and have reached or are reaching end of life. Replacement parts are taking longer to procure as parts are becoming obsolete .

Preventative Maintenance activities at Microwave Sites will be recorded on sheet similar to the sample below and presented to the CSM who will then share the finding with CCSP for record keeping.

Motorola will provide the following services as it relates to CCSP's microwave system:

- Provide 24x7 onsite response services for microwave equipment.
- Provide monitoring of microwave network paths.
- At Motorola's discretion customer equipment may be sent to Motorola, original equipment manufacturer or other facility for repair.
- Motorola or their Servicer will perform operational checks to determine nature of problems.
- Malfunctioning equipment will be RMA'd, where applicable, or replaced with new pulled from CCSPs spares
- Verify that repairs align with manufacturer specifications.

Microwave Spares

Motorola will utilize existing spares procured by SSPD. As spares are utilized or additional spares are needed, the CSM will provide CCPD a quote for approval. Spares will then be ordered and invoiced above contract. Spares will be stored in the agreed upon location between CCSP and the CSM.

Batteries will be replaced once during the term of this contract. Additional battery replacements will be considered above contract and would require customer approval and be invoiced separately.

Motorola will provide Comsearch Frequency Protection Service for CCSP's frequencies noted below. Services include:

- Perform an annual system review to confirm the protected operating characteristics.
- Notify all licensees and coordination companies located within the coordination contours of CCSP's communications facilities that Comsearch is the frequency protection agent.
- Enter all applications or coordinates involving communications facilities into a database as well as our Coordination Tracker Database (CTD). CTD is an automated record keeping and tracking system, which automatically updates the status of each request as it is received, analyzed and answered.
- Analyze each coordination or application and perform a technical review to determine its potential interference impact on CCSP's facilities within 30 days of receipt.
- Respond directly to the applicant or coordinating company on CCSP's behalf. Comsearch will provide copies of any replies sent detailing potential interference cases found.
- Act as a technical liaison with an applicant or the coordinating company to resolve potential interference cases. Comsearch will copy CCSP and Motorola representative on any correspondence concerning resolution of potential interference cases.
- Monitor all Public Notices containing applications accepted by the Federal Communication Commission (FCC), to ensure that all filings have been successfully coordinated with CCSP's protected system. If an application appears on Public Notice that may cause interference, Comsearch will notify you.
- Provide a detailed monthly report outlining the results of the interference analysis performed on CCSP's behalf in the previous month.

2.5.1.1 Inclusions

Examples of items included as part of Motorola's Site Management services and related costs include the following: a) antenna sites only, b) sites that can be continuously and readily accessed by a standard 4-wheel drive vehicle, c) antenna sites that have been implemented and in existence at the time Customer requests Antenna Site Management service, d) antenna site equipment such as, but not limited to, generators, UPS, and HVAC, e) radio frequency antenna site equipment to the point that it connects to the Customer's radio communication system equipment including combiners, receive multi-couplers, tower top pre-amps, antennas and lines (please refer to diagram A for clarification), and f) other equipment as determined in Motorola's discretion, such as antenna and line for the global positioning system, microwave, and, g) any maintenance-related consumable and incidental costs such as, but not limited to, filters, oil, antifreeze, freon, building light bulbs, eye wash fluid, first aid kit refills, alkaline batteries (i.e. smoke detector), garbage cans and warning signs.

2.5.1.2 Exclusions

Examples of items excluded as part of Motorola's Antenna Site Management services and related costs include the following: a) any services or costs related to compliance with applicable laws and regulations or costs including, but not limited to, FCC, environmental or worker safety and health, associated with items found by Motorola to be non-compliant, b) any parts, capital improvements, and/or repair/replacement costs such as, but not limited to, paint, shingles, fuel, batteries (with the exception of those noted), tower light bulbs, repair of leaky roof, environmental cleanups and/or waste disposal, service costs, HVAC condensers, End of Life equipment or equipment replacement, end of support equipment including third party c) management of radio communication system equipment maintenance, d) non-customer owned radio frequency equipment, e) interference analysis or issues, f) Electro Magnetic Energy (EME) Survey, and g) engineering services or g) physical damage.

The terms and conditions of this SOW are an integral part of Motorola's Service Terms and Conditions or other applicable Agreement to which it is attached and made a part thereof by this reference. In the event that the provisions in the SOW directly conflict with the provisions of Motorola's Service Terms and Conditions or other applicable Agreement to which this SOW is attached, the provisions of the SOW shall govern.

2.5.2 Responsibilities

Motorola

- Coordinate and schedule preventative maintenance at tower sites.
- Coordinate access of servicers or subcontractors to antenna site.
- Coordinate resolution of repairs that may be required beyond regular preventative maintenance activities.
- Notify Customer in writing if antenna site is not in compliance with Motorola standards or if Motorola finds any critical issues. Critical issues are those that are non-compliant to federal, state or local guidelines and/or those issues that may threaten system performance, present a danger to the property or to servicers. Notification should include a description of the problem, compliance specifications, and a recommendation for resolution. If Customer fails to make the identified issue compliant within thirty (30) days of receipt of notice or within the time specified by local, state or federal requirements, Motorola may, but is not obligated to, make arrangements to enable Customer to achieve compliance and will bill the cost of such services to Customer. If compliance cannot be met, Motorola may, in its sole discretion, exclude the antenna site from Antenna Site Management services.

Cook County Sheriff’s Police

- Communicate any additional preventative maintenance requirements for antenna sites not included in the Motorola task. Additional maintenance may be outside the scope of this Statement of Work and separately negotiated with CCSP.
- Allow continuous access of antenna site properties to Motorola and Motorola authorized personnel.
- Comply with applicable statutory and regulatory requirements. Act upon those notifications to maintain compliance as provided by Motorola as per above. Any fines, fees or costs that CCSP may incur for non-compliance will be CCSP's sole responsibility.
- Inform Motorola of any Notice of Violations received from OSHA, FAA or other local agencies.
- Obtain and maintain all required permits, leases, and registrations. Upon request from Motorola, provide confirmation that such permits, leases and registrations have been obtained and are current.
- Maintain usual and customary insurance or a program of self-insurance covering all antenna sites subject to this agreement including, but not limited to commercial general liability (third-party) insurance for claims arising from injury to persons or damage to property of others; first-party property damage insurance against loss or damage from fire, theft and such other perils in an amount sufficient to repair or replace the subject property; and workers compensation/employer's liability insurance for CCSP's employees. Any deductible and/or coinsurance applicable under any policy of insurance shall be solely the expense of CCSP and all policies described above shall include a waiver of subrogation against Motorola to the extent permitted by law.
- Maintain site structures: building, fence, tower, utilities and any additional structures on site’s footprint.
- Inform Motorola in writing of any changes or modifications made to the antenna site or antenna site equipment within 30 days following completion of changes.

- Indemnify and hold harmless Motorola and its officers, directors, employees and agents from any and all claims, damages, expenses, suits, losses, or liabilities arising from or connected with the delivery or performance the services hereunder, unless such claims arise as a result of Motorola's negligence.
- Cooperate with Motorola and perform all acts that are reasonable or necessary to enable Motorola to provide Antenna Site Management to CCSP.

2.6 LIFECYCLE REPLACEMENTS

2.6.1 Description of Services

Motorola will replace the following shelter site equipment that is considered end of life at various Cook County sites maintained in this contract.

2.7 SUBSCRIBERS

2.7.1 Description of Services – APX Series

Service from the Start-LITE (SFS) provides board level service for CCSP's APX1000s, 4000s, 6000s, 7000s & 7500s series subscribers (table below) and would include any Change Orders to this SOW. Services are performed at the Radio Support Center also known as The Depot.

In addition to equipment specifically named below, SFS includes service on single mobile control heads provided that they are required for normal operation of the equipment and are included at the point of manufacture.

SFS excludes repairs to: optional accessories; standard mobile palm microphones; non-standard mobile microphones; iDEN accessories; iDEN mobile microphones; portable remote speaker microphones; optional or additional control heads; mobile external speakers; single and multiple unit portable chargers; batteries; mobile power and antenna cables; mobile antennas; portable antennas, and power supplies. This service does not cover defects, malfunctions, performance failures or damage to the unit resulting from physical, liquid, or chemical damage. An estimate for non-covered repairs will be provided for units displaying extensive damage and will be invoiced outside of this contract.

SFS is non-cancelable and non-refundable. If equipment is added to the agreement subsequent to the Start Date, these units are also non-cancelable and non-refundable for the agreement duration. All added equipment must be in "good working order" on the Start Date or when additional equipment is added to the agreement. To ensure "good working order", added equipment will incur a time and material (T&M) repair fee if a repair is requested on that equipment within 30 days after being added to the agreement. Equipment may only be added to the agreement, via a customer signed or emailed Motorola Inventory Adjustment Form (IAF). Complete and accurate serial numbers and model descriptions must be supplied or the added unit will not be included under the agreement and will incur a T&M repair fee.

All inventory adjustment requests for add-on subscriber units received prior to the 15th of the month will be effective the 1st of the following month. Equipment add-on requests received after the 15th of the month will be effective the 1st of the next succeeding month.

Equipment deletions from the agreement may only be deleted under the following limited conditions:

- Equipment was stolen and proof of theft is provided to Motorola; or
- Motorola determines Equipment is damaged beyond repair; or
- Motorola determines Equipment is no longer supportable or is obsolete; or
- Equipment had already been under a previous contract for at least the twelve month requirement.

Equipment deletions, where applicable, will be effective at the end of the month in which the request was received.

The terms and conditions of this SOW are an integral part of the Motorola Service Agreement or other applicable agreement to which it is attached and made a part thereof by this reference. If there are any inconsistencies between the provisions of the Motorola Service Agreement or other applicable agreement and this SOW, the provisions of this SOW shall prevail.

APX SUMMARY

The following is a summary of the APXs covered in this section along with dates for end of support. *Any additional subscribers added to contract will be processed via a Change Order to this SOW.*

2.7.2 Responsibilities

Motorola

- Provide pick up/drop off service of subscribers from CCSP's Maywood facility.
- Test and restore the equipment to Motorola factory specifications, including Factory Mutual (FM), and Mine Hazard Safety Association (MHSA).
- Reprogram equipment to original operating parameters based on CCSP's template, if retrievable, or from CCSP supplied backup. If the CCSP template or code plug is not usable, a generic template or code plug utilizing the latest Radio Service Software (RSS) or Customer Programming Software (CPS) version for that equipment will be used. The equipment will require additional programming by CCSP to restore the original template. All Firmware is upgraded to the latest release for each individual product line.
- Clean external housing of the equipment. External components of unit will only be replaced when functionality has been diminished.
- Provide the Motorola repair request and Inventory Adjustment Form (IAF) via Motorola on Line (MOL).
- Process inventory adjustment requests received by email from CCSP. Motorola will email an acknowledgement to the sender.
- Perform covered services as requested by CCSP on the Motorola repair request form.
- If applicable, notify CCSP of changes in Motorola designated inventory adjustment email address.

Cook County Sheriff's Police

- Supply Motorola complete and accurate serial numbers and model description.
- Utilize the Motorola designated delivery service program for repair requests and shipping.
- If desired, supply Motorola with a software template or programming in order to assist in returning the equipment to original operating parameters. This step must be completed for equipment that will not power up. If applicable, record the current flashcode for each radio.
- If Motorola must utilize a generic template or code plug to restore equipment to operating condition,
- CCSP is responsible for any programming required to restore equipment to desired parameters.

- Provide a signed or emailed Motorola Inventory Adjustment Form (IAF) for all equipment additions.
- Local services or annual maintenance required for maintaining normal operation of the equipment, unless specified on the service agreement.

2.7.3 Description of Services – XTS5000

Motorola will continue to provide best effort local repair of CCSP's XTS5000s (Total Quantity = 4131 and are listed below) through December 31, 2021. Radios will be picked up/returned by same service as the APX subscribers above.

CERTIFICATE OF ASSISTANT SECRETARY
MOTOROLA SOLUTIONS, INC.

The undersigned certifies that he or she is a duly appointed Assistant Secretary of Motorola Solutions, Inc. (the "Company"), a corporation duly organized and existing under the laws of the State of Delaware, and that, as such, he or she is authorized to execute this Certificate on behalf of the Company, and further certifies that:

1. At a meeting of the Board of Directors of the Company held on May 11, 2020 at which a quorum was present and acting throughout, the following resolutions were duly adopted, effective May 11, 2020, have not been amended, and are in full force and effect on the date hereof:

RESOLVED, that all Senior Vice Presidents be, and each one of them is, authorized to sign and execute all agreements, contracts, bids, proposals, deeds, assignments, powers of attorney, performance guarantees, performance guarantee undertakings, instruments, documents, claims, including claims against the United States, and certifications of such claims, in the ordinary course of business of the Company and related to his or her work as a Senior Vice President of one of the Company's businesses, groups or corporate departments, all of which are collectively referred to as "Documents", provided that this authority does not extend to:

a. Documents having a value in excess of $50 million in the aggregate over the term of the arrangement; or

b. Documents related to: (i) acquisitions, divestures, joint ventures and equity investments, (ii) outsourcing arrangements, (iii) customer financing extending more than 364 days, (iv) capital expenditures, (v) lease commitments, (vi) agreements and compensatory arrangements applicable to Motorola Solutions Appointed Vice Presidents and above, (vii) litigation and legal claims, (viii) appointing agents and attorneys-in-fact to represent the Company before any customs agency, (ix) financial guarantees, financial surety agreements and financial guarantee undertakings, (x) opening bank accounts, (xi) establishing borrowing relationships on behalf of the Company, and (xii) voting or otherwise dealing with securities owned by the Company. Authority for such Documents is found in the specific resolutions below.

RESOLVED, that the Board has adopted specific resolutions authorizing the signing and execution by Senior Vice Presidents of Documents related to procurement arrangements. Authority for such Documents is found in the specific resolutions below.

The officers named above are authorized to delegate this signature authority in writing to others.

2. The following person is a duly qualified and acting officer of the Company and has been duly elected to the office set forth opposite his or her name:
