1. INTRODUCTION

1.1 Overview of Documents. This Master Agreement and the following additional documents (collectively, the "Agreement") shall apply to all products and services AT&T provides Customer pursuant to this Agreement ("Services") :

(a) **Master Agreement.**

"Master Agreement" means this document referring to itself as a "Master Agreement" composed of its Sections 1 through 11 herein, and all addenda and exhibits attached hereto, including Exhibit A "OTHER TAXES, FEES AND SURCHARGES", Exhibit B "PERSONNEL", Exhibit C "ORDERING SERVICE LEVELS", Exhibit D Office of the Cook County Comptroller Electronic Payables Program ("E-Payables"), Exhibit E "Minority and Women Owned Business Enterprise Commitment", Exhibit F "Evidence of Insurance", Exhibit G "Board Authorization", Exhibit H "Data Security Addendum", Exhibit I "Identification of Subcontractor/Supplier/Subconsultant Form", Exhibit J "Economic Disclosure Statement and Execution Document Forms"; Exhibit J, "AT&T Acceptable Use Policy"

(b) **Pricing Schedules.** A "Pricing Schedule" means a pricing schedule (including related attachments) or other document that is attached to or is later executed by the parties and references this Master Agreement. A Pricing Schedule includes the Services, the pricing (including discounts and commitments, if applicable) and the pricing schedule term ("Pricing Schedule Term").

(c) **Tariffs and Guidebooks.** "Tariffs" are documents containing the descriptions, pricing and other terms and conditions for a Service that AT&T or its Affiliates file with regulatory authorities. "Guidebooks" are documents (designated as Guidebooks or Price Lists) containing the descriptions, pricing and other terms and conditions for a Service that were but no longer are filed with regulatory authorities. Tariffs and Guidebooks can be found at att.com/servicepublications or other locations AT&T may designate.

(d) **Acceptable Use Policy.** AT&T's Acceptable Use Policy ("AUP") applies to (i) Services provided over or accessing the Internet and (ii) wireless (i.e., cellular) data and messaging Services. A copy of the current AUP in effect as of the date of this Agreement is attached hereto as Exhibit J.

(e) **Service Guides.** The descriptions, pricing and other terms and conditions for a Service not covered by a Tariff or Guidebook may be contained in a Service Guide, which can be found at att.com/servicepublications or other locations AT&T may designate.

1.2 Priority of Documents. The order of priority of the documents that form this Agreement is: this Master Agreement; the applicable Pricing Schedule or Order; the AUP; and Tariffs, Guidebooks and Service Guides; provided that Tariffs will be first in priority in any jurisdiction where applicable law or regulation does not permit contract terms to take precedence over inconsistent Tariff terms.

1.3 Revisions to Documents. Subject to Section 8.2(b) (Significantly Adverse Impact), AT&T may revise Service Publications at any time to the extent that such revisions do not materially alter the rights and obligations of the parties or otherwise materially alter the Agreement. Customer may subscribe to the subscription service available under "Tools" at the following URL: <http://serviceguidenew.att.com/> This service will automatically notify the Customer's designated point of contact monthly of modifications to the applicable Service Guide(s) to this Agreement. Customer must select the applicable Service Guide(s) as part of the subscription process.

1.4 Execution by Affiliates. An AT&T Affiliate or Customer Affiliate may sign a Pricing Schedule in its own name, and such Affiliate contract will be a separate but associated contract incorporating the terms of this Agreement. Customer and AT&T will cause their respective Affiliates to comply with any such separate and associated contract.

2. AT&T DELIVERABLES

2.1 Services. AT&T will either provide or arrange to have an AT&T Affiliate provide Services to Customer and its Users, subject to the availability and operational limitations of systems, facilities and equipment. Where required, an AT&T Affiliate authorized by the appropriate regulatory authority will be the service provider. If an applicable Service Publication expressly permits placement of an order for a Service under this Master Agreement without the execution of a Pricing Schedule, Customer may place such an order using AT&T's standard ordering processes (an "Order"), and upon acceptance by AT&T, the Order shall otherwise be deemed a Pricing Schedule under this Master Agreement for the Service ordered. Only individuals designated in writing by Customer may place orders for Services hereunder. (As of the Effective Date, designees listed in Exhibit B "PERSONNEL" may place orders hereunder; said exhibit may be revised in writing according to section X1 Personnel from time to time by Customer without formal amendment of the Agreement.) Orders shall specify, as applicable, description of Services, prices and/or rates, and location at which the Services are to be provided or to which Equipment is to be shipped. Additionally, Orders must clearly state that the purchase is made pursuant to the Agreement and not subject to any preprinted terms of that Order form (other than those expressly listed above). Notwithstanding the foregoing and anything to the contrary in

this Agreement, the Customer acknowledges that it has full administrator rights to authorize or restrict users in placing Orders through either the AT&T BusinessDirect or the AT&T Business Center platform. Accordingly, Customer shall be responsible for any Orders placed through either such platform regardless of whether the individual placing the Order was formally designated by the Customer in accordance with the preceding paragraph

2.2 AT&T Equipment. Services may be provided using equipment owned by AT&T that is located at the Site ("AT&T Equipment"), but title to the AT&T Equipment will remain with AT&T. Customer must provide adequate space and electric power for the AT&T Equipment and keep the AT&T Equipment physically secure and free from liens and encumbrances. Customer will bear the risk of loss or damage to the AT&T Equipment (other than ordinary wear and tear), except to the extent caused by AT&T or its agents.

2.3 Purchased Equipment. Except as specified in a Service Publication, title and any available warranties to, and risk of loss of Purchased Equipment shall pass to Customer on delivery of Purchased Equipment at Customer's designated location. AT&T will purchase transit insurance to cover risk of loss of the hardware to delivery to the Customer's designated location. AT&T will bill such transit insurance as part of the shipping costs, unless otherwise agreed in the Customer Order.

2.4 License and Other Terms. Software, Purchased Equipment and Third-Party Services may be provided subject to the terms of a separate license or other agreement between Customer and either the licensor, the third-party service provider or the manufacturer. Customer's execution of the Pricing Schedule for or placement of an Order for Software, Purchased Equipment or Third-Party Services is Customer's agreement to comply with such separate agreement. Unless a Service Publication specifies otherwise, AT&T's sole responsibility with respect to Third-Party Services is to place Customer's orders for Third-Party Services, except that AT&T may invoice and collect payment from Customer for the Third-Party Services.

2.5 Ordering and Billing Service Levels. All orders placed by Customer under this Agreement are subject to the Order and Billing service levels set forth in Exhibit C "ORDERING SERVICE LEVELS."

2.6 Disconnects. Customer will adhere to established disconnect intervals for each service as defined in the specific Service Guides. Once a disconnect order has been issued by the Customer and accepted by AT&T, AT&T shall not hold Customer responsible for any service charges after the requested disconnected due date, regardless of whether AT&T has actually worked the disconnect.

3. CUSTOMER'S COOPERATION

3.1 Access Right. Customer will in a timely manner allow AT&T access as reasonably required for the Services to property and equipment that Customer controls and will obtain at Customer's expense timely access for AT&T as reasonably required for the Services to property controlled by third parties such as Customer's landlord. AT&T will coordinate with and, except in an emergency, obtain Customer's consent to enter upon Customer's property and premises, which consent shall not be unreasonably withheld. Access rights mean the right to construct, install, repair, maintain, replace and remove access lines and network facilities and the right to use ancillary equipment space within a building for Customer's connection to AT&T's network. Customer must provide AT&T timely information and access to Customer's facilities and equipment as AT&T reasonably requires for the Services, subject to Customer's reasonable security policies. Customer will furnish any conduit, holes, wireways, wiring, plans, equipment, space, power/utilities and other items as AT&T reasonably requires for the Services and will make commercially reasonable efforts to obtain any necessary licenses, permits and consents (including easements and rights-of-way). Customer will have the Site ready for AT&T to perform its work according to a mutually agreed schedule.

3.2 Safe Working Environment. Customer will ensure that the location at which AT&T installs, maintains or provides Services is a safe working environment, free of Hazardous Materials and reasonably suitable for the Services. "Hazardous Materials" mean any substance or material capable of posing an unreasonable risk to health, safety or property or whose use, transport, storage, handling, disposal or release is regulated by any law related to pollution, to protection of air, water or soil or to health and safety. AT&T shall have no obligation to perform work at a location that is not a suitable and safe working environment or to handle, remove or dispose of Hazardous Materials.

3.3 Users. "User" means anyone who uses or accesses any Service provided to Customer. Customer will make commercially reasonable efforts to cause Users to comply with this Agreement and is responsible for Users' use of any Service unless expressly provided to the contrary in an applicable Service Publication.

3.4 Resale of Services. Customer may not resell the Services or rebrand the Services for resale to third parties without AT&T's prior written consent.

4. PRICING AND BILLING

4.1 Pricing and Pricing Schedule Term; Terms Applicable After End of Pricing Schedule Term. The prices listed in a Pricing Schedule are stabilized until the end of the Pricing Schedule Term and will apply in lieu of the corresponding prices set forth in the applicable Service Publication. No promotion, credit, discount or waiver set forth in a Service Publication will apply. Unless the Pricing Schedule states otherwise, at the end of the Pricing Schedule

Term, Customer may continue Service (subject to any applicable notice or other requirements in a Service Publication for Customer to terminate a Service Component) under a month- to-month service arrangement at the prices, terms and conditions in effect on the last day of the Pricing Schedule Term. AT&T may change such prices, terms or conditions on 30 days' prior notice to Customer.

4.2 Additional Charges and Taxes To the extent required by law, Customer may withhold or deduct any applicable taxes from payments due to AT&T, provided that Customer will use reasonable commercial efforts to minimize any such taxes to the extent allowed by law or treaty and will furnish AT&T with such evidence as may be required by relevant taxing authorities to establish that such tax has been paid so that AT&T may claim any applicable credit.

- i. Rates set forth in the Addenda and Tariff or Guidebook are exclusive of, and County will pay, all Mandatory Taxes. As Used herein, Mandatory Taxes means all current and future taxes (excluding those on AT&T's net income), surcharges, recovery fees, end user access charges, and all other taxes, fees and charges mandated to be passed through by the FCC, the Illinois Public Utilities Commission or any other federal, state or local government agency, applicable to the sale, transfer of ownership, installation, license, use or provision of the Services, except to the extent County provides satisfactory proof of a valid tax exemption prior to the delivery of Services.
- ii. As used herein Other Taxes shall mean those taxes, fees and surcharges applicable to the Services provided hereunder that AT&T is permitted but not required by the FCC, Illinois Public Utility Commission, or any federal, state or local government agency, to levy on its customers, but that are not Mandatory Taxes. After execution of this Agreement, County shall be responsible for payment of all Other Taxes as listed on the attached Exhibit A (provided that AT&T continues to assess such Other Taxes on similarly situated customers for the services, equipment and other items subject to such Other Taxes)

However, in the event AT&T adds any new Other Taxes (beyond those listed under Exhibit A) or increases the tax, fee or surcharge rates of those Other Taxes listed in Exhibit A, after the effective date of this Agreement, County may dispute in writing the new or increased Other Tax. If County so disputes a new or increased Other Tax, AT&T will issue a credit within 90 days to County's account for the new Other Tax, Fee or Surcharge or the difference between the increased Other Tax, Fee or Surcharge rate effective prior to the increase for the shorter of 180 days or until the County's next budgeting process where they can approve the budget for the new or increased Other Tax. County will be responsible for payment of the new or increased Other Tax following that 180 day period, so long as the new or increased Other Tax is imposed on similarly situated customers for the services, equipment and other items subject to the Other Taxes in the State of Illinois and the new or increased Other Tax rate is no greater than that imposed on similarly situated customers in the State of Illinois. Nothing in this section is intended to limit the language in section 10.23 Non-Appropriations of this Agreement.

Notwithstanding the foregoing, in the event the County adds a new Pricing Schedule to the Agreement during the term of the Agreement, the parties agree that AT&T shall have the ability to update Exhibit A to identify any additional Other Taxes that relate to the Services under such new Pricing Schedule.

- iii. AT&T will clearly identify all taxes, fees or surcharges in its invoices and will explain, upon written request, the applicability of such charges.
- iv. Federal Excise Tax does not apply to materials purchased by the Customer by virtue of Exemption Certificate No. 36-75-0038K. Illinois Retailers' Occupation Tax, Use Tax and Municipal Retailers' Occupation Tax do not apply to deliverables, materials or services purchased by the Customer by virtue of statute. The Customer's State of Illinois Sales Tax Exemption Identification No. is E-9998-2013-07, a copy of which shall be provided to AT&T by the County.

4.3 Billing.

- a. Unless a Service Publication specifies otherwise, Customer's obligation to pay for a Service Component begins upon availability of the Service Component to Customer. Customer will pay AT&T without deduction, setoff or delay for any reason (except for withholding taxes as provided in Section 4.2 - Additional Charges and Taxes or in Section 4.5 - Delayed Billing; Disputed Charges). At Customer's request, but subject to AT&T's consent (which may not be unreasonably withheld or withdrawn), Customer's Affiliates may be invoiced separately, and AT&T will accept payment from such Affiliates. Customer will be responsible for payment if Customer's Affiliates do not pay charges in accordance with this Agreement. Notwithstanding the foregoing, in accordance with Section 34-177 of the Cook County Procurement Code, Customer shall have a right to set off and subtract from any invoice(s) or

price, a sum equal to any fines and penalties, including interest, for any tax or fee delinquency and any debt or obligation owed by AT&T to the County. AT&T acknowledges its receipt of the E-Payment document attached to the Agreement as Exhibit B. The Parties agree Exhibit B is attached for informational purposes only.

- b. **Convergent Billing.** AT&T shall consolidate invoices/bills for eligible Services and Service Components into a number of invoice(s) to be specified in writing by Customer. The number of invoices is subject to change by the Customer. For purposes of this Section, the term "eligible" shall mean accounts: (i) for which Customer has a zero dollar (\$0) past due balance; and (ii) correspond to Services or Service Components that can be invoiced through Convergent Bills. In the event AT&T fails to invoice for eligible services in accordance with mutually agreed-upon Convergent billing instructions, Customer shall have the ability to dispute the affected portion of charges pursuant to Section 4.5 of this Agreement.
- c. **Itemization.** AT&T shall itemize separately the following charges on each invoice/bill:
 - i. Other charges and credits (OCCs) for moves, adds, changes (MAC) and repair, Non-Recurring Charges (NRCs);
 - ii. Monthly-Recurring Charges (MRCs);
 - iii. Additional Charges and Taxes.
- d. **Monthly Billing Cycle.** AT&T agrees that the monthly billing cycle for each Service and Service Component must end on the same day of each month, and the next billing cycle must begin on the day immediately following the end of the current billing cycle. For all network changes that result in new or modified charges (e.g., ordering service, adds, modifications, disconnects, etc.) AT&T will make its best effort to reflect the billing charge in the 1st billing cycle but no later than two (2) billing periods following the completion of the order, if the actual date of installation/charge of the Service occurs prior to the billing cutoff date, but in no case shall the charges appear later than the 2nd billing period.
- e. **Invoices for Service.** All invoices for services shall include itemized entries indicating the date or time period in which the services were provided, the amount of time spent performing the services and a detailed description of the services provided during the period of the invoice. For monthly recurring charges, AT&T shall identify the month during which such services were performed which shall constitute the date or time period in which the services were provided and the amount of time spent performing the services. Invoices for non-recurring charges shall contain a description of the work performed and the date on which it was performed.

4.4 Payments. Payment for any undisputed charges is due within 75 days after the date the invoice is provided to Customer (unless another date is specified in an applicable Tariff filed with a regulatory body) and must refer to the invoice number. Charges must be paid in the currency specified in the invoice. Restrictive endorsements or other statements on checks are void. Notwithstanding the foregoing, Customer reserves the right to dispute charges and withhold payment thereof in accordance with Section 4.5.

4.5 Delayed Billing; Disputed Charges. Except as set forth in Section 10.28 ("Audit Rights"), Customer will not be required to pay charges for Services initially invoiced more than 24 months after close of the billing period in which the charges were incurred, except for calls assisted by an automated or live operator. If Customer disputes a charge, Customer will provide notice to AT&T specifically identifying the charge and the reason it is disputed within 24 months after the date of the invoice in which the disputed charge initially appears, or Customer waives the right to dispute the charge. The portion of charges in dispute may be withheld and will not be considered overdue until AT&T completes its investigation of the dispute. Following AT&T's notice of the results of its investigation to Customer, payment of all properly due charges must be made within thirty (30) business days. AT&T will reverse any late payment fees that were invoiced in error.

4.6 Credit Terms. AT&T retains a lien and purchase money security interest in each item of Purchased Equipment and Vendor Software until Customer pays all sums due for that particular item of Purchased Equipment and Vendor Software. AT&T is authorized to sign and file a financing statement to perfect such security interest.

4.7 MARC. Minimum Annual Revenue Commitment ("MARC") means an annual revenue commitment set forth in a Pricing Schedule that Customer agrees to satisfy during each 12-consecutive-month period of the Pricing Schedule Term. If Customer fails to satisfy the MARC for any such 12-month period, Customer will pay a shortfall charge in an amount equal to the difference between the MARC and the total of the applicable MARC-Eligible Charges incurred during such 12-month period, and AT&T may withhold contractual credits until Customer pays the shortfall charge.

4.8 Adjustments to MARC.

(a) In the event of a business downturn beyond Customer's control, or a corporate divestiture, merger, acquisition or significant restructuring or reorganization of Customer's business, or network optimization using other Services, or a reduction of AT&T's prices, or a force majeure event, any of which significantly impairs Customer's ability to meet a MARC, AT&T will, within a reasonable timeframe, offer to adjust the affected MARC to reflect Customer's reduced usage of Services (with a corresponding adjustment to the prices, credits or discounts available at the reduced MARC level). If the parties reach agreement on a revised MARC, AT&T and Customer will amend the affected Pricing Schedule prospectively. This Section 4.8 will not apply to a change resulting from Customer's decision to use service providers other than AT&T. Customer will provide AT&T notice of the conditions Customer believes will require the application of this provision. This provision does not constitute a waiver of any charges, including monthly recurring charges and shortfall charges, Customer incurs prior to amendment of the affected Pricing Schedule.

(b) If Customer, through merger, consolidation, acquisition or otherwise, acquires a new business or operation, Customer and AT&T may agree in writing to include the new business or operation under this Agreement. Such agreement will specify the impact, if any, of such addition on Customer's MARC or other volume or growth discounts and on Customer's attainment thereof.

(c) If Customer discontinues a Service Component pursuant to Section 8.2 (g) below, and does not take substitute service from AT&T under this Agreement, and if as a proximate result of such discontinuance, Customer will miss the MARC specified in the affected Pricing Schedule, then AT&T will offer to adjust the MARC, as appropriate, to eliminate the anticipated shortfall, provided that the reduction and other changes shall be accomplished so as to reflect reduced traffic volumes in a fair manner, based on the effect of the reduction on AT&T's cost, the benefits enjoyed by both parties prior to the reduction, and the prices that would otherwise be available from AT&T at the revised commitment levels under applicable offerings. Customer shall remain liable for usage and shortfall charges (if any) associated with the affected Service Component and that were incurred prior to the effective date of termination of that Service Component.

4.9 Discounts. Customer reserves the right to negotiate pricing/discounts throughout the term of the Agreement, including renewal terms for Pricing Schedules, to reflect improvements in the market price-performance curve. Prices and discount rates can be revised downward, subject to the mutual agreement of the Parties, but not upward from the prices and discount rates provided in the Pricing Schedules that become effective upon the Effective Date of this Agreement. Any such discounts will require the mutual written agreement of the Parties to be reflected in an amendment to the applicable Pricing Schedule.

4.10 On an individual case basis and to the extent possible subject to AT&T policies and procedures, AT&T shall follow Customer's instructions related to application of any credit balances to various Customer accounts.

5. CONFIDENTIAL INFORMATION

5.1 Confidential Information. Confidential Information means: information the parties or their Affiliates share with each other in connection with this Agreement or in anticipation of providing Services under this Agreement (including pricing or other proposals), but only to the extent previously identified and conspicuously marked as Confidential Information in writing.

5.2 Obligations. A disclosing party's Confidential Information will, for a period of 3 years following its disclosure to the other party (except in the case of software, for which the period is indefinite): (a) not be disclosed, except to the receiving party's employees, agents and contractors having a need-to-know (but only if such agents and contractors are not direct competitors of the other party and agree in writing to use and disclosure restrictions as restrictive as this Section 5) or to the extent authorized to be revealed by law, governmental authority or legal process (but only if such disclosure is limited to that which is so authorized and prompt notice is provided to the disclosing party to the extent practicable and not prohibited by law, governmental authority or legal process); (b) be held in confidence; and (c) be used only for purposes of using the Services, evaluating proposals for new services or performing this Agreement (including in the case of AT&T to detect fraud, to check quality and to operate, maintain and enhance the network and Services).

5.3 Exceptions. The restrictions in this Section 5 will not apply to any information that: (a) is independently

developed by the receiving party without use of the disclosing party's Confidential Information; (b) is lawfully received by the receiving party free of any obligation to keep it confidential; or (c) becomes generally available to the public other than by breach of this Agreement.

5.4 Privacy. Each party is responsible for complying with the privacy laws applicable to its business. AT&T shall require its personnel, agents and contractors around the world who process Customer Personal Data to protect Customer Personal Data in accordance with the data protection laws and regulations applicable to AT&T's business. If Customer does not want AT&T to comprehend Customer data to which it may have access in performing Services, Customer must encrypt such data so that it will be unintelligible. Customer is responsible for obtaining consent from and giving notice to its Users, employees and agents regarding Customer's and AT&T's collection and use of the User, employee or agent information in connection with a Service. Customer will only make accessible or provide Customer Personal Data to AT&T when it has the legal authority to do so. Unless otherwise directed by Customer in writing, if AT&T designates a dedicated account representative as Customer's primary contact with AT&T, Customer authorizes that representative to discuss and disclose Customer's customer proprietary network information to any employee or agent of Customer without a need for further authentication or authorization.

6. LIMITATIONS OF LIABILITY AND DISCLAIMERS

6.1 Limitation of Liability.

(a) EITHER PARTY'S ENTIRE LIABILITY AND THE OTHER PARTY'S EXCLUSIVE REMEDY FOR DAMAGES ON ACCOUNT OF ANY CLAIM ARISING OUT OF AND NOT DISCLAIMED UNDER THIS AGREEMENT SHALL BE:

- i. FOR BODILY INJURY, DEATH OR DAMAGE TO REAL PROPERTY OR TO TANGIBLE PERSONAL PROPERTY PROXIMATELY CAUSED BY A PARTY'S NEGLIGENCE, PROVEN DIRECT DAMAGES;
- ii. FOR BREACH OF SECTION 10.1 (Publicity) OR SECTION 10.2 (Trademarks), PROVEN DIRECT DAMAGES;
- iii. FOR ANY THIRD-PARTY CLAIMS AS DESCRIBED UNDER SECTION 7 (Third Party Claims), THE REMEDIES AVAILABLE UNDER SECTION 7;
- iv. FOR CLAIMS ARISING FROM THE OTHER PARTY'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, PROVEN DAMAGES; OR
- v. FOR CLAIMS, ON AN AGGREGATE BASIS, ARISING FROM UNAUTHORIZED ACCESS TO CUSTOMER'S DATA RESULTING FROM AT&T'S BREACH OF ITS OBLIGATIONS IN SECTION 5.2 OF THE DATA SECURITY ADDENDUM, PROVEN DAMAGES IN AN AMOUNT NOT TO EXCEED THE TOTAL NET CHARGES INCURRED BY CUSTOMER FOR THE SERVICE THAT IS THE SUBJECT OF THE UNAUTHORIZED ACCESS DURING THE PRECEDING TWENTY-FOUR (24) MONTHS, OR IF THE CLAIM AROSE WITHIN THE FIRST TWENTY-THREE (23) MONTHS OF THE AGREEMENT, AN AMOUNT EQUAL TO THE TOTAL PROJECTED NET CHARGES FOR THE SERVICE THAT IS THE SUBJECT OF THE UNAUTHORIZED ACCESS TO BE INCURRED BY CUSTOMER UNDER THE AGREEMENT IN THE FIRST TWENTY-FOUR (24) MONTHS OF THE AGREEMENT; OR
- vi. FOR CLAIMS OTHER THAN THOSE SET FORTH IN SECTION 6.1(a)(i)-(v), PROVEN DIRECT DAMAGES NOT TO EXCEED, ON AN AGGREGATE BASIS DURING ANY TWELVE (12) MONTH PERIOD, AN AMOUNT EQUAL TO THE TOTAL NET CHARGES INCURRED BY CUSTOMER FOR THE AFFECTED SERVICE IN THE RELEVANT COUNTRY DURING THE TWELVE (12) MONTHS PRECEDING THE MONTH IN WHICH THE CLAIM AROSE, OR IF THE CLAIM AROSE WITHIN THE FIRST ELEVEN (11) MONTHS OF THE AGREEMENT, AN AMOUNT EQUAL TO THE TOTAL PROJECTED NET CHARGES TO BE INCURRED BY CUSTOMER FOR THE AFFECTED SERVICES IN THE RELEVANT COUNTRY IN THE FIRST TWELVE (12) MONTHS OF THE AGREEMENT
- vii. EXCEPT AS SET FORTH IN SECTION 7 (Third Party Claims) or 6.1(a)(iv)-(v), NEITHER PARTY WILL BE LIABLE TO THE OTHER PARTY FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, PUNITIVE, RELIANCE OR SPECIAL DAMAGES, INCLUDING WITHOUT LIMITATION DAMAGES FOR LOST PROFITS, ADVANTAGE, SAVINGS OR REVENUES OR FOR INCREASED COST OF OPERATIONS.
- viii. THE LIMITATIONS IN THIS SECTION 6 SHALL NOT LIMIT CUSTOMER'S RESPONSIBILITY FOR THE PAYMENT OF ALL PROPERLY DUE CHARGES UNDER THIS AGREEMENT.

6.2 Disclaimer of Liability. EXCEPT TO THE EXTENT CAUSED BY AT&T'S GROSS NEGLIGENCE OR WILLFUL OR INTENTIONAL MISCONDUCT, AT&T WILL NOT BE LIABLE FOR ANY DAMAGES, ARISING OUT OF OR RELATING TO: INTEROPERABILITY, ACCESS OR INTERCONNECTION OF THE SERVICES WITH APPLICATIONS, DATA, EQUIPMENT, SERVICES, CONTENT OR NETWORKS PROVIDED BY CUSTOMER OR THIRD PARTIES; SERVICE

DEFECTS, SERVICE LEVELS, DELAYS OR ANY SERVICE ERROR OR INTERRUPTION, INCLUDING INTERRUPTIONS OR ERRORS IN ROUTING OR COMPLETING ANY 911 OR OTHER EMERGENCY RESPONSE CALLS OR ANY OTHER CALLS OR TRANSMISSIONS (EXCEPT FOR CREDITS EXPLICITLY SET FORTH IN THIS AGREEMENT); LOST OR ALTERED MESSAGES OR TRANSMISSIONS; OR UNAUTHORIZED ACCESS TO OR THEFT, ALTERATION, LOSS OR DESTRUCTION OF CUSTOMER'S (OR ITS AFFILIATES', USERS' OR THIRD PARTIES') APPLICATIONS, CONTENT, DATA, PROGRAMS, INFORMATION, NETWORKS OR SYSTEMS.

6.3 Purchased Equipment and Vendor Software Warranty. AT&T shall pass through to Customer any warranties for Purchased Equipment and Vendor Software available from the manufacturer or licensor. The manufacturer or licensor, and not AT&T, is responsible for any such warranty terms and commitments. These warranties shall be in addition to all other warranties expressly set forth in this Agreement. ALL SOFTWARE AND PURCHASED EQUIPMENT IS OTHERWISE PROVIDED TO CUSTOMER ON AN "AS IS" BASIS.

6.4 Warranties and Representations.

- (a) **Disclaimer.** EXCEPT AS EXPRESSLY PROVIDED IN THIS AGREEMENT, AT&T MAKES NO REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, SPECIFICALLY DISCLAIMS ANY REPRESENTATION OR WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE OR NON-INFRINGEMENT AND SPECIFICALLY DISCLAIMS ANY WARRANTY ARISING BY USAGE OF TRADE OR BY COURSE OF DEALING. AT&T SHALL PROVIDE INDUSTRY STANDARD SECURITY PROTOCOLS AND PRACTICES THROUGHOUT ITS NETWORK, AND SHALL EMPLOY REASONABLE COMMERCIAL SECURITY MEASURES TO PROTECT CUSTOMER'S INFORMATION. HOWEVER, AT&T MAKES NO REPRESENTATION OR WARRANTY THAT TELEPHONE CALLS OR OTHER TRANSMISSIONS WILL BE ROUTED OR COMPLETED WITHOUT ERROR OR INTERRUPTION (INCLUDING CALLS TO 911 OR ANY SIMILAR EMERGENCY RESPONSE NUMBER). AND MAKES NO GUARANTEE REGARDING NETWORK SECURITY, THE ENCRYPTION EMPLOYED BY ANY SERVICE, THE INTEGRITY OF ANY DATA THAT IS SENT, BACKED UP, STORED OR SUBJECT TO LOAD BALANCING OR THAT AT&T'S SECURITY PROCEDURES WILL PREVENT THE LOSS OR ALTERATION OF OR IMPROPER ACCESS TO CUSTOMER'S DATA AND INFORMATION.
- (b) **Services.** AT&T represents that all Services (including, but not limited to, installation, implementation, and support services) will be provided in a timely, workmanlike manner, and in accordance with AT&T's documentation and specifications.
- (c) **Licensure.** AT&T represents that it is appropriately licensed under Illinois law to perform the Services required under this Agreement and will perform no Services for which a professional license is required by law and for which AT&T is not appropriately licensed.
- (d) **Financial Status.** AT&T represents that it is financially solvent; it and each of its employees, agents and subcontractors of any tier are competent to perform the Services required under this Agreement; and AT&T is legally authorized to execute and perform or cause to be performed this Agreement under the terms and conditions stated in this Agreement.
- (e) **Ineligible Third Parties.** AT&T represents that it will not knowingly use the services of any ineligible consultant or subcontractor for any purpose in the performance of its Services under this Agreement.
- (f) **Default.** AT&T represents that AT&T and its subcontractors are not in default at the time this Agreement is signed, and has not been considered by the Cook County Chief Procurement Officer to have, within 5 years immediately preceding the date of this Agreement, been found to be in default on any contract awarded by Cook County.
- (g) **Criminal Code.** AT&T represents that Consultant and, to the best of its knowledge, its Subcontractors are not in violation of the provisions of the Illinois Criminal Code, 720 ILCS 5/33E as amended.
- (h) **Oath.** AT&T acknowledges that any certification, affidavit or acknowledgment made under oath in connection with this Agreement is made under penalty of perjury and, if materially false, is also cause for termination under Section 8.2(a).
- (i) **Ethics.** AT&T represents that upon reasonable investigation to the best of its knowledge, no officer, agent or employee of Customer is employed by AT&T or has a financial interest in this Agreement or the compensation to be paid under this Agreement except as may be permitted in writing by the Board of Ethics. AT&T additionally represents and warrants that no payment, gratuity or offer of employment will be made to any officer, agent or employee of Customer in connection with this Agreement by or on behalf of any subcontractors to AT&T, higher tier subcontractors or anyone associated with them, as an inducement for the award of a subcontract or order.

6.5 Application and Survival. The disclaimer of warranties and limitations of liability set forth in this Agreement will

apply regardless of the form of action, whether in contract, equity, tort, strict liability or otherwise, of whether damages were foreseeable and of whether a party was advised of the possibility of such damages and will apply so as to limit the liability of each party and its Affiliates and their respective employees, directors, subcontractors and suppliers. The limitations of liability and disclaimers set out in this Section 6 will survive failure of any exclusive remedies provided in this Agreement.

7. THIRD PARTY CLAIMS

7.1 AT&T's Obligations.

- (a) **Infringement.** AT&T agrees at its expense to defend and either to settle any third-party claim against Customer, its Affiliates and its and their respective employees and directors or to pay all damages that a court finally awards against such parties for a claim alleging that a Service provided to Customer under this Agreement infringes any patent, trademark, copyright or trade secret, but not to the limited extent the claimed infringement arises out of or results from: (i) Customer's, its Affiliate's or a User's content; (ii) modifications to the Service by Customer, its Affiliate or a third party except where such modifications were expressly authorized by AT&T, or combinations of the Service with any non-AT&T services or products by Customer or others except where such combinations were expressly authorized by AT&T; (iii) AT&T's adherence to Customer's or its Affiliate's written requirements, but only to the extent that the AT&T personnel who received and/or authorized implementation of the written requirements reviewed the requirements and didn't have actual knowledge that the requirements infringed on a patent, trademark, copyright, or trade secret, or (iv) use of a Service in violation of this Agreement.
- (b) **General.** AT&T shall indemnify, defend and hold the Customer and its employees, agents, representatives, attorneys and assigns (collectively, "Indemnified parties") harmless from and against any and all claims of third parties, and shall pay all damages, costs and expenses, including reasonable attorneys' fees, incurred by the Indemnified parties for bodily injury, including death, and damage to tangible personal or real property, to the extent caused by the negligent acts or omissions, gross negligence, or willful misconduct of AT&T, its employees, agents, representatives, subcontractors or those for whom AT&T is legally responsible.

7.2 Intentionally omitted.

7.3 Infringing Services. Whenever AT&T is liable under Section 7.1(a), AT&T will, in a reasonably prompt manner, (a) secure the right for Customer to continue to use the affected product or Service, (b) modify the affected product or Service so as to make it non-infringing with no loss of functionality, (c) provide Customer with a functionally equivalent, non-infringing replacement, or if none of the foregoing are reasonably available, (d) permit either Party to terminate the affected Service or Service Component pursuant to Section 8.2 (e). AT&T's obligation to indemnify and defend Customer extends to and includes any modified or replacement products or services provided to Customer by AT&T to overcome any infringement claims.

7.4 Notice and Cooperation. The party seeking defense or settlement of a third-party claim under this Section 7 will provide notice to the other party promptly upon learning of any claim for which defense or settlement may be sought, but failure to do so will have no effect except to the extent the other party is prejudiced by the delay. The party seeking defense or settlement will allow the other party to control the defense and settlement of the claim and will reasonably cooperate with the defense. The defending party will use counsel reasonably experienced in the subject matter at issue and will not settle a claim without the written consent of the party being defended, which consent will not be unreasonably withheld or delayed, except that no consent will be required to settle a claim where relief against the party being defended is limited to monetary damages that are paid by the defending party under this Section 7.

7.5 AT&T's obligations under Section 7.1 shall not extend to actual or alleged infringement or misappropriation of intellectual property based on Purchased Equipment, Software, (excluding AT&T Software) or services provided by third parties under the Agreement. To the extent AT&T is afforded intellectual property infringement or misappropriation indemnification through its agreements with third party intellectual property owners and licensors, AT&T agrees to pass on to Customer the benefit and protection of such indemnification to the extent permissible under such third-party agreement.

8. SUSPENSION AND TERMINATION

8.1 Termination of Agreement. This Agreement may be terminated immediately upon notice by either party if the other party becomes insolvent, ceases operations, is the subject of a bankruptcy petition, enters receivership or any state insolvency proceeding or makes an assignment for the benefit of its creditors.

8.2 Termination or Suspension. The following additional termination provisions apply:

- (a) **Material Breach.** If either party fails to perform or observe any material warranty, representation, term or

condition of this Agreement, including non-payment of charges (subject to Section 4.5 "Delayed Billing; Disputed Charges"), and such failure continues unremedied for 90 days after receipt of notice, the aggrieved party may terminate (and AT&T may suspend and later terminate) the affected Services, Service Components and Pricing Schedules, if the breach materially and adversely affects the entire Agreement, terminate (and AT&T may suspend and later terminate) the entire Agreement.

(b) Significantly Adverse Impact. If AT&T revises a Service Publication and the revision, in Customer's reasonable discretion, has a materially adverse impact on Customer or otherwise materially alters this Agreement and AT&T does not effect revisions that remedy such significantly adverse impact within 30 days after receipt of notice from Customer, then Customer may as Customer's sole remedy elect to terminate the affected Services, Service Components, or Pricing Schedules on 30 days' notice to AT&T, given not later than 90 days after Customer employee within the Cook County Bureau of Technology or representative with responsibilities under this Agreement first learns of the revision to the Service Publication. "Significantly adverse impacts" do not include changes to non-stabilized pricing, changes required by governmental authority, or assessment of or changes to additional charges such as surcharges or taxes.

(c) Internet Services. If Customer fails to rectify a violation of the AUP within 15 days after receiving notice from AT&T, AT&T may suspend the affected Service Components. AT&T reserves the right, however, to suspend or terminate immediately when:

(i) AT&T's suspension or termination is in response to multiple or repeated AUP violations or complaints; (ii) AT&T is acting in response to a court order or governmental notice that certain conduct must be stopped; or (iii) AT&T reasonably determines that it may be exposed to sanctions, liability, prosecution or other adverse consequences under applicable law if AT&T were to allow the violation to continue;

(a) (b) such violation may harm or interfere with the integrity, normal operations or security of AT&T's network or networks with which AT&T is interconnected or may interfere with another customer's use of AT&T services or the Internet; or

(c) such violation otherwise presents an imminent risk of harm to AT&T, AT&T's customers or its or their respective employees.

(d) Fraud or Abuse. AT&T may terminate or suspend an affected Service or Service Component and, if the activity materially and adversely affects the entire Agreement, terminate or suspend the entire Agreement, immediately by providing Customer with as much advance notice as is reasonably practicable under the circumstances if Customer, in the course of breaching the Agreement:

(i) commits a fraud upon AT&T; (ii) uses the Service to commit a fraud upon another party; (iii) unlawfully uses the Service; (iv) abuses or misuses AT&T's network or Service; or (v) interferes with another customer's use of AT&T's network or services.

(e) Infringing Services. If the options described in Section 7.3 (Infringing Services) are not reasonably available, AT&T may at its option terminate the affected Services or Service Components without liability other than as stated in Section 7.1 (AT&T's Obligations). Termination by AT&T under this section shall relieve Customer of current and future MARCs/purchase obligations for affected Services or Service Components. Customer will remain responsible for any shortfall charges already incurred as of the date of termination.

(f) Hazardous Materials. If AT&T encounters any Hazardous Materials at the Site, AT&T may suspend performance until Customer removes and remediates the Hazardous Materials at Customer's expense in accordance with applicable law.

(g) Chronic Outage. Notwithstanding any of the foregoing, if AT&T fails to meet a specific Service Level Agreement (SLA) as defined in a Tariff, Guidebook or Service Guide more than four (4) times in any period of six (6) consecutive months, Customer may terminate the affected Service Component without any liability whatsoever and may elect to have its MARC obligation, if any, to which the terminated S Service Components contributed reduced by the total charges the terminated Service Components would have incurred over the remainder of the applicable Pricing Schedule term. The Parties agree any termination under this Paragraph will be treated as termination for convenience without early termination fees for the terminated Service Component(s). Under no circumstances will the Customer claim termination for default or material breach. Customer shall remain liable for Usage and Shortfall Charges (if any) associated with the affected Service Component and that were incurred prior to the effective date of termination of that Service Component.

For SLA failures to apply towards the Chronic Outage requirements listed above, the Customer must provide written notice to AT&T of each alleged failure and provide AT&T the opportunity to confirm the failure and to determine if any of the following SLA exclusions apply:

- 1) Customer's negligence or the negligence of others authorized by Customer to use the Services provided under this Agreement;
- 2) SLA Failures due to the failure of power, equipment, services or systems not provided by AT&T;
- 3) SLA Failures during any period in which AT&T or its agents are not afforded access to the premises where

access lines associated with the Services provided under this Agreement are terminated and AT&T has requested such access;

- 4) SLA Failures during any period when Customer or User has released a service(s) to AT&T for maintenance or rearrangement purposes or for the implementation of Customer's order;
- 5) SLA Failures during any period when Customer elects not to release the Service(s) for testing and/or repair and Customer continues to use Service;
- 6) SLA Failures not reported to AT&T;
- 7) Failure of AT&T CPE or Equipment due to Customer's lack of agreement to install manufacturer recommended hardware or software upgrades on AT&T CPE or Equipment;
- 8) SLA Failures that may result from planned maintenance activities by AT&T or its suppliers;
- 9) SLA Failures due to Force Majeure events;
- 10) SLA Failures due to the need for special construction.

8.3 Effect of Termination.

(a) Termination or suspension by either party of a Service or Service Component does not waive any other rights or remedies a party may have under this Agreement and will not affect the rights and obligations of the parties regarding any other Service or Service Component.

(b) If a Service or Service Component is terminated, Customer will pay all amounts incurred prior to the effective date of termination (subject to Section 4.5 "Delayed Billing; Disputed Charges").

8.4 Termination Charges.

(a) If Customer terminates this Agreement or an affected Service or Service Component for cause in accordance with the Agreement or in accordance with Sections 8.2(b) "Significantly Adverse Impact," 8.2(g), "Chronic Outage," 10.4 "Force Majeure,"

10.17 "Technology Migration," and 10.24 "Non-Appropriations," or if AT&T terminates a Service or Service Component other than for cause, Customer will not be liable for the termination charges set forth in this Section 8.4.

(b) If Customer terminates a Service or Service Component prior to Cutover other than as set forth in Section 8.4(a), Customer (i) will pay any pre-Cutover termination or cancellation charges set out in a Pricing Schedule or Service Publication, or

(ii) in the absence of such specified charges, will reimburse AT&T for documented and reasonable time and materials incurred prior to the effective date of termination, plus any documented third party charges directly resulting from the termination.

(c) If Customer terminates a Service or Service Component after Cutover other than as set forth in Section 8.4(a), Customer will pay applicable termination charges as follows: (i) 50% (unless a different amount is specified in the Pricing Schedule) of any unpaid recurring charges for the terminated Service or Service Component attributable to the unexpired portion of an applicable Minimum Payment Period; (ii) if termination occurs before the end of an applicable Minimum Retention Period, any associated contractual credits, not including credits associated with overpayment of charges waived or unpaid non-recurring charges; and (iii) any charges incurred by AT&T from a third party (i.e., not an AT&T Affiliate) directly resulting from the termination. Subject to Section 10.17 "Technology Migration", the charges set forth in Sections 8.4(c)(i) and (ii) will not apply if a terminated Service Component is replaced with an upgraded Service Component at the same Site, but only if the Minimum Payment Period or Minimum Retention Period, as applicable, (the "Minimum Period") and associated charge for the replacement Service Component are equal to or greater than the corresponding Minimum Period and associated charge for the terminated Service Component, respectively, and if the upgrade is not restricted in the applicable Service Publication.

(d) In addition, if Customer terminates a Pricing Schedule that has a MARC, Customer will pay an amount equal to 50% of the unsatisfied MARC for the balance of the Pricing Schedule Term.

9. IMPORT/EXPORT CONTROL

Neither party will use, distribute, transfer or transmit any equipment, services, software or technical information provided under this Agreement (even if incorporated into other products) except in compliance with all applicable import and export laws, conventions and regulations.

10. MISCELLANEOUS PROVISIONS

10.1 Publicity. AT&T may not issue any public statements or announcements relating to the terms of this Agreement or to the provision of Services without the prior written consent of County. Customer may notify its governing body of terms related to pricing, discounts, Services and Service Components, and termination provisions without obtaining prior written consent from AT&T. This Agreement and all related public records maintained by, provided to or required to be provided to the Customer are subject to the Illinois Freedom of Information Act.

10.2 Trademarks. Each party agrees not to display or use, in advertising or otherwise, any of the other party's trade names, logos, trademarks, service marks or other indicia of origin without the other party's prior written consent, which consent may be revoked at any time by notice.

10.3 Independent Contractor. Each party is an independent contractor. Neither party controls the other, and neither party nor its Affiliates, employees, agents or contractors are Affiliates, employees, agents or contractors of the other party.

10.4 Force Majeure. Except for payment of amounts due, neither party will be liable for any delay, failure in performance, loss or damage due to fire, explosion, cable cuts, power blackout, earthquake, flood, embargo, industry wide labor disputes, acts of civil or military authority, war, terrorism, acts of God, acts of a public enemy, acts or omissions of carriers or suppliers where such acts or omissions were not reasonably foreseeable and service is rendered not commercially feasible, acts of regulatory or governmental agencies or other causes beyond such party's reasonable control. If a Force Majeure event under this provision continues for more than ten (10) calendar days, Customer may terminate affected Pricing Schedules and corresponding purchase obligations without penalty.

10.5 Amendments and Waivers. Any supplement to or modification or waiver of any provision of this Agreement must be in writing and signed by authorized representatives of both parties. A waiver by either party of any breach of this Agreement will not operate as a waiver of any other breach of this Agreement.

In the case of Agreements not approved by the Cook County Board of Commissioners ("Board"), the Cook County Chief Procurement Officer may amend the Agreement, upon the mutual agreement of the Parties, provided that any such amendment does not extend the Agreement by more than one (1) year, and further provided that the total cost of all such amendments does not increase the total amount of the Agreement beyond \$150,000. Such action may only be made with the advance written approval of the Chief Procurement Officer. If the amendment extends the Agreement beyond one (1) year or increases the total award amount beyond \$150,000, then Board approval will be required.

No agency or employee of the Customer has authority to make any amendments to this Agreement. Any amendments to this Agreement made without the express written approval of the Chief Procurement Officer is void and unenforceable.

AT&T is hereby notified that, except for amendments which are made in accordance with this Section 10.5. Amendments and Waivers, no agency or employee of Customer has authority to make any amendment to this Agreement.

10.6 Assignment and Subcontracting.

- i. Customer may, without AT&T's consent but upon notice to AT&T, assign in whole or relevant part its rights and obligations under this Agreement to a Customer Affiliate. AT&T may, without Customer's consent, assign in whole or relevant part its rights and obligations under this Agreement to an AT&T Affiliate. In no other case may this Agreement be assigned by either party without the prior written consent of the other party (which consent will not be unreasonably withheld or delayed). In the case of any assignment, the assigning party shall remain financially responsible for the performance of the assigned obligations.
- ii. AT&T may subcontract to an Affiliate work to be performed under this Agreement but will remain financially responsible for the performance of such obligations. Prior to subcontracting to a third party under this provision, AT&T shall identify in writing to the Cook County Chief Procurement Officer the names of any and all subcontractors it intends to use by completing the Identification of Subcontractor/Supplier/Subconsultant Form ("ISF"). The Chief Procurement officer shall have the right to disapprove any subcontractor for any lawful reason.
- iii. In countries where AT&T does not have an Affiliate to provide a Service, AT&T may assign its rights and obligations related to such Service to a local service provider, but AT&T will remain responsible to Customer for such obligations. In certain countries, Customer may be required to contract directly with the local service provider.

10.7 Severability. If any portion of this Agreement is found to be invalid or unenforceable or if, notwithstanding Section 10.11 (Governing Law), applicable law mandates a different interpretation or result, the remaining provisions will remain in effect and the parties will negotiate in good faith to substitute for such invalid, illegal or unenforceable provision a mutually acceptable provision consistent with the original intention of the parties.

10.8 Injunctive Relief. Nothing in this Agreement is intended to or should be construed to prohibit a party from

seeking preliminary or permanent injunctive relief in appropriate circumstances from a court of competent jurisdiction.

10.9 Legal Action. Any legal action arising in connection with this Agreement must be filed the earlier of either a) within seven (7) years or b) the applicable statute of limitations, whichever occurs first, after the cause of action accrues, or it will be deemed time-barred and waived.

10.10 Notices. Any required notices under this Agreement shall be in writing and shall be deemed validly delivered if made by hand (in which case delivery will be deemed to have been effected immediately), or by overnight mail (in which case delivery will be deemed to have been effected one (1) business day after the date of mailing), or by first class pre-paid post (in which case delivery will be deemed to have been effected five (5) days after the date of posting), or by facsimile or electronic transmission (in which case delivery will be deemed to have been effected on the day the transmission was sent). Any such notice shall be sent to the office of the recipient set forth on the cover page of this Agreement or to such other office or recipient as designated in writing from time to time.

10.11 Governing Law. This Agreement will be governed by the law of the State of Illinois, without regard to its conflict of law principles, unless a regulatory agency with jurisdiction over the applicable Service applies a different law. AT&T agrees that any action or proceeding in any way, manner or respect arising out of the Agreement, or arising from any dispute or controversy in connection with or related to the Agreement, shall be litigated only in courts of state or federal competent jurisdiction within Cook County, State of Illinois, and AT&T consents and submits to the jurisdiction thereof. In accordance with these provisions, AT&T waives any permissive right it may have to transfer or change the venue of any litigation brought against or by the County pursuant to this Agreement, provided such venue is in accordance with this Section. The United Nations Convention on Contracts for International Sale of Goods will not apply.

10.12 Compliance with Laws. Each party will comply with all applicable laws and regulations and with all applicable orders issued by courts or other governmental bodies of competent jurisdiction.

10.13 No Third Party Beneficiaries. This Agreement is for the benefit of Customer and AT&T and does not provide any third party (including Users) the right to enforce it or to bring an action for any remedy, claim, liability, reimbursement or cause of action or any other right or privilege.

10.14 Survival. The respective obligations of Customer and AT&T that by their nature would continue beyond the termination or expiration of this Agreement, including the obligations set forth in Section 5 (Confidential Information), Section 6 (Limitations of Liability and Disclaimers) and Section 7 (Third Party Claims), will survive such termination or expiration.

10.15 Agreement Language. The language of this Agreement is English. If there is a conflict between this Agreement and any translation, the English version will take precedence.

10.16 Entire Agreement. This Agreement constitutes the entire agreement between the parties with respect to its subject matter. Except as provided in Section 2.4 (License and Other Terms), this Agreement supersedes all other agreements, proposals, representations, statements and understandings, whether written or oral, concerning the Services or the rights and obligations relating to the Services, and the parties disclaim any reliance thereon. This Agreement will not be modified or supplemented by any written or oral statements, proposals, representations, advertisements, service descriptions or purchase order forms not expressly set forth in this Agreement.

10.17 Technology Migration. Provided Customer is not in breach of any material term under this Agreement, Customer may purchase any new technology under this Agreement to replace one or more Services provided in a Pricing Schedule, no sooner than the 13th month after the Pricing Schedule's Effective Date, and no more than once during the Pricing Schedule Term as described herein, and only upon Customer's 30 days prior written request. AT&T may, at its sole discretion, adjust the term, price and revenue commitment level(s) to reflect a possible decrease spend provided that the migrated technology. Such new technology must:

- A. provide substantially different functionality and/or technology as the existing Services,
- B. is for a new term which is equal to or longer than Pricing Schedule Term described herein,

- C. has the same Customer locations as the existing Services, and
- D. carries a revenue commitment which is as much as or more than the remaining commitment as the existing Services.

AT&T will strive to propose a solution on such migrated technology within 120 days of receipt of Customer's written request.

10.18 Cooperation with Cook County Inspector General. AT&T, its subcontractors, licensees, grantees or persons or businesses who have a Cook County contract, grant, license, or certification of eligibility for Cook County contracts shall abide by all of the applicable provisions of the Office of the Independent Inspector General Ordinance (Section 2-281 et. seq. of the Cook County Code of Ordinances). Failure to cooperate as required may result in monetary and/or other penalties as specified in the applicable law.

10.19 Conflicts of Interest.

- a) No member of the governing body of the Customer or other unit of government and no other officer, employee or agent of the Customer or other unit of government who exercises any functions or responsibilities in connection with the Services to which this Agreement pertains is permitted to have any personal interest, direct or indirect, in this Agreement. No member of or delegate to the Congress of the United States or the Illinois General Assembly and no Commissioner of the Cook County Board or County employee is allowed to be admitted to any share or part of this Agreement or to any financial benefit to arise from it.
- b) AT&T covenants that it, and to the best of its knowledge, its Subcontractors if any (collectively, "Consulting Parties"), presently have no direct or indirect interest and will not acquire any interest, direct or indirect, in any project or contract that would materially conflict in any manner or degree with the performance of its Services under this Agreement.
- c) Without limiting the foregoing, if AT&T assists the County in researching, preparing, drafting or issuing a request for proposals or bid specifications for a project, AT&T must not participate, directly or indirectly, as a prime, subcontractor or joint venturer in that project or in the preparation of a proposal or bid for that project during the term of this Agreement or afterwards. AT&T may, however, assist the County in reviewing the proposals or bids for the project if AT&T does not have a relationship with the persons or entities that submitted the proposals or bids for that project.
- d) AT&T further covenants that, in the performance of this Agreement, no person having any conflicting interest will be assigned to perform any Services or have access to any confidential information, as defined in Section 5 of this Agreement.

10.20 Non-Liability of Public Officials. AT&T and any assignee or Subcontractor of Consultant must not charge any official, employee or agent of the County personally with any liability or expenses of defense or hold any official, employee or agent of the County personally liable to them under any term or provision of this Agreement or because of the County's execution, attempted execution or any breach of this Agreement.

10.21 Disputes. Any dispute arising under the Agreement between the Customer and AT&T shall be initially decided by the Cook County Chief Procurement Officer. The complaining party shall submit a written statement detailing the dispute and specifying the specific relevant Agreement provision(s) to the Chief Procurement Officer. Upon request of the Chief Procurement Officer, the party complained against shall respond to the complaint in writing within five days of such request. The Chief Procurement Officer will reduce his or her decision to writing and mail or otherwise furnish a copy thereof to AT&T. The decision of the Chief Procurement Officer will be final and binding in terms of administrative remedies. Dispute resolution as provided herein shall be a condition precedent to any other action at law or in equity. For any such action at law or in equity, the Parties agree the court or other trier of fact will review the dispute under a de novo standard of review. However, unless a notice is issued by the Chief Procurement Officer indicating that additional time is required to review a dispute, the parties may exercise their contractual remedies, if any, if no decision is made within sixty (60) days following notification to the Chief Procurement Officer of a dispute. No inference shall be drawn from the absence of a decision by the Chief Procurement Officer. Notwithstanding a dispute, AT&T shall continue to discharge all its obligations, duties and responsibilities set forth in the Agreement during any dispute resolution proceeding unless otherwise agreed to by the Customer in writing.

10.22 Term. This Agreement takes effect when approved by the Cook County Board and its term shall begin on October 1, 2024 ("Effective Date") and continue through September 30, 2029 for a base term of five years, plus two one-year renewal options upon the mutual agreement of the Parties, until this Agreement is terminated in accordance with its terms, whichever occurs first. In no event shall the expiration of any Pricing Schedule Term under this

Agreement be later than the expiration of this Agreement.

10.23 Non-Appropriation. Customer warrants that Customer has funds appropriated and available to pay all amounts due hereunder through the end of Customer's current fiscal period. Customer further agrees to request all appropriations and funding necessary to pay for the Services for each subsequent fiscal period through the end of the Agreement Term. In the event Customer is unable to obtain the necessary appropriations or funding for the Services provided under this Agreement, Customer may terminate the Services without liability for the termination charges upon the following conditions: (i) Customer has taken all actions necessary to obtain adequate appropriations or funding; (ii) despite Customer's best efforts funds have not been appropriated and are otherwise unavailable to pay for the Services; and (iii) Customer has negotiated in good faith with AT&T to develop revised terms, and an alternative payment schedule or a new agreement to accommodate Customer's budget. Customer must provide AT&T thirty (30) days' prior written notice of its intent to terminate the Services. Termination of the Services for failure to obtain necessary appropriations or funding shall be effective as of the last day for which funds were appropriated or otherwise made available. If Customer terminates the Services pursuant to the terms of this Section, Customer agrees as follows: (i) it will pay all amounts due for Services incurred through date of termination, and reimburse all unrecovered non-recurring charges.

10.24 Insurance. AT&T must provide and maintain at AT&T's own expense, during the term of this Agreement and any time period following expiration if AT&T is required to return and perform any of the Services under this Agreement, the insurance coverages and requirements specified below, insuring all operations related to this Agreement.

(a) Insurance To Be Provided

- i. Workers Compensation and Employers Liability Workers. Compensation Insurance, as prescribed by applicable law, covering all employees who are to provide a service under this Agreement and Employers Liability coverage with limits of \$1,000,000 each accident, per disease per employee and per disease policy limit.
- ii. Commercial General Liability Commercial General Liability Insurance or equivalent with limits of \$2,000,000 per occurrence and in the aggregate for bodily injury, personal injury and property damage liability. Coverages must include the following: All premises and operations, products/completed operations, separation of insureds, defense and contractual liability coverage. Cook County is to be included as an additional insured by endorsement as respects this agreement on a primary, non-contributory basis for any liability caused in whole or in part by the Services. Subconsultants performing Services hereunder for AT&T must maintain limits of \$2,000,000 per occurrence and in the aggregate with the same terms in this Section 10.25(a)(ii).
- iii. Automobile Liability. When any motor vehicles (owned, non-owned and hired) are used in connection with Services to be performed, AT&T must provide Automobile Liability Insurance with limits of \$2,000,000 per accident limit, for bodily injury and property damage. Cook County is to be included as an additional insured, by endorsement as respects this agreement, on a primary, non-contributory basis.
- iv. Professional Liability. When any professional consultants perform Services in connection with this Agreement, Professional Liability Insurance covering acts, errors or omissions must be maintained with limits of \$2,000,000 per claim or wrongful act and on the aggregate. Coverage must include contractual liability. When policies are renewed or replaced, the policy retroactive date must coincide with, or precede, start of Services on this Agreement. A claims-made policy which is not renewed or replaced must have an extended reporting period of 2 years. Subconsultants if performing professional Services for AT&T must maintain limits of \$1,000,000 per claim or wrongful act and on the aggregate with the same terms in this Section 10.25(a)(iv).
- vi. Network Security & Privacy Liability (Cyber). AT&T shall secure coverage for first and third-party claims with limits not less than \$1,000,000 per occurrence or claim, \$1,000,000 aggregate.
- vii. Umbrella/Excess. Umbrella/Excess liability insurance with limits of \$1,000,000 per occurrence and in the aggregate. AT&T may use any combination of primary and umbrella/excess insurance to meet the total limits required.

(b) Additional Requirements

- i. AT&T must furnish the County of Cook, Cook County, Office of the Chief Procurement Officer, 161 North Clark Street, Suite 2300, Chicago IL 60601, original Certificates of Insurance, or such similar evidence, to be in force on the date of this Agreement, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the term of this

Agreement. AT&T must submit evidence of insurance on an ACORD certificate or equivalent prior to the effective date of the Agreement. The receipt of any certificate does not constitute agreement by the County that the insurance requirements in this Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all Agreement requirements. The failure of the County to obtain certificates or other insurance evidence from AT&T is not a waiver by the County of any requirements for AT&T to obtain and maintain the specified coverages. AT&T must advise all insurers of the provisions in this Agreement regarding insurance. Non-conforming insurance does not relieve AT&T of the obligation to provide insurance as specified in this Agreement. Nonfulfillment of the insurance conditions may constitute a violation of this Agreement, and the County retains the right to terminate this Agreement or to suspend this Agreement until proper evidence of insurance is provided.

- ii. AT&T must provide at least 30 days prior written notice to be given to the County in the event required coverage is canceled or non-renewed and not replaced. All deductibles or self-insured retentions on referenced insurance coverages must be borne by AT&T. To the extent permitted by law, AT&T agrees that insurers waive their rights of subrogation against the County of Cook, its employees, elected officials, agents or representatives.
 - iii. The coverages and limits furnished by AT&T in no way limit AT&T's liabilities and responsibilities specified within this Agreement or by law. Any insurance or self-insurance programs maintained by the County of Cook apply in excess of and do not contribute with insurance provided by AT&T under this Agreement.
 - iv. The required insurance is not limited by any limitations expressed in the indemnification language in this Agreement or any limitation placed on the indemnity in this Agreement given as a matter of law.
 - v. AT&T must endeavor to require all subcontractors to provide the insurance required in this Agreement, or AT&T may provide the coverages for subcontractors. All subcontractors are subject to the same insurance requirements as AT&T unless otherwise specified in this Agreement. If AT&T or subcontractor desires additional coverages, the party desiring the additional coverages is responsible for its acquisition and cost.
- vi. Cook County's Risk Management Office maintains the rights to modify these requirements but only to the extent that it is required of similar operations and only once annually, with 90 days advanced written notice to AT&T. "Risk Management Office" means the Risk Management Office, which is under the direction of the Director of Risk Management and is charged with reviewing and analyzing insurance and related liability matters for the County.

10.25 Minority and Owned Women's Business Enterprises Commitment. In the performance of this Agreement, including the procurement and lease of materials or equipment, AT&T must abide by the minority and women's business enterprise commitment requirements of the Cook County Ordinance, (Article IV, Section 34-267 through 272) except to the extent waived by the Compliance Director, which are set forth in Exhibit E.

10.26 Agreement Amount. Payments made pursuant to this Agreement must not exceed \$40,000,000.00. hereinafter referred to as the "Not to Exceed Amount"), except as set forth herein. Upon becoming aware that it has exceeded the Not to Exceed amount, County may suspend, amend, or terminate the Agreement at any time without penalty by providing written notice to AT&T. Until such time as County has exercised its right to suspend, amend or terminate under this paragraph, County shall be responsible for payment of any Services provided by AT&T in accordance with the contractual specifications.

10.27 Audit Rights

(a) Subject to AT&T's reasonable security requirements and not more than once every twelve (12) months, Customer may, at its own expense, review AT&T's relevant billing records for a period not to exceed the preceding 36 months (or to the beginning of the Agreement, whichever period is shorter), for the purpose of assessing the accuracy of AT&T's invoices to Customer. Should this review uncover a material billing discrepancy or failure to comply with contractual obligations for a particular service, Customer may request to audit billing records of the affected service(s) back to the beginning of the Agreement term. Customer may employ a mutually agreed upon external auditor to review records under this provision. Customer shall cause any person retained for this purpose to execute a non-disclosure agreement imposing substantially the same obligations of confidentiality as are set forth in Section 5.0. Such reviews shall take place at a time and place agreed upon by the parties. Customer's normal internal invoice reconciliation procedures shall not be considered a review of AT&T's relevant billing records for purposes of this Section 10.27.

(b) AT&T shall promptly correct any billing error that is revealed in a billing review, including refunding any

overpayment by Customer in the form of a credit as soon as reasonably practicable under the circumstances. In the event a material billing discrepancy or failure to comply with contractual obligations led to an underbilling of Customer, AT&T shall have the right to invoice Customer for the amount of the identified underbilling, and Customer shall be responsible for payment in accordance with the terms of this Agreement.

- (c) AT&T shall cooperate in any Customer billing review, providing AT&T billing records as reasonably necessary to verify the accuracy of AT&T's invoices. AT&T may redact from the billing records provided to Customer any information that reveals the identity or non-public information of other AT&T customers or other AT&T Confidential Information that is not relevant to the purposes of the review.
- (d) AT&T shall be responsible for establishing and maintaining records sufficient to document performance under the terms of this Agreement. Subject to AT&T's reasonable security requirements, Customer may, at its own expense, request and review

records for a period not to exceed the preceding 36 months (or to the beginning of the Agreement, whichever period is shorter) sufficient to demonstrate service performance under the terms of this Agreement. Should this review uncover any material failure to comply with contractual obligations for a particular service, Customer may request records sufficient to demonstrate service performance under the terms of the Agreements for the affected service(s) back to the beginning of the Agreement term.

10.28. The County shall have no obligation to defend or indemnify AT&T or any third party or otherwise be liable for the expenses or reimbursement, including attorneys' fees, or collection costs of AT&T. Any provision to the contrary in this Agreement, including the addenda and exhibits attached hereto, is hereby superseded and null and void.

11. DEFINITIONS

"Affiliate" of a party means any entity that controls, is controlled by or is under common control with such party.

"API" means an application program interface used to make a resources request from a remote implementer program. An API may include coding, specifications for routines, data structures, object classes, and protocols used to communicate between programs. **"AT&T Software"** means software, including APIs, and all associated written and electronic documentation and data owned by AT&T and licensed by AT&T to Customer. AT&T Software does not include software that is not furnished to Customer.

"Customer Personal Data" means information that identifies an individual, that Customer directly or indirectly makes accessible to AT&T and that AT&T collects, holds or uses in the course of providing the Services.

"Cutover" means the date Customer's obligation to pay for Services begins.

**AT&T IP FLEXIBLE REACH SERVICE
PRICING ADDENDUM**

1. PURPOSE OF THE ADDENDUM

Addition of Advanced 911 Service

2. EFFECTIVE DATE OF RATES AND DISCOUNTS

Effective Date of Rates and Discounts in this Addendum	Effective Date of this Addendum
--	---------------------------------

3. ADDITIONAL TERMS AND CONDITIONS

3.1 Service Description

Advanced 911 service is available as an optional feature for AT&T IP Flexible Reach subscribers, subject to the terms and conditions set forth herein. The Advanced 911 service routes IP Flexible Reach 911 calls, including precise physical location information for the IP Flexible Reach Customer or User, to the appropriate Public Safety Answering Points ("PSAP") in those areas where the Advanced 911 Service is supported by a PSAP. The Advanced 911 Service has two 911 routing scenarios. The primary routing scenario uses a managed Emergency Routing Service (ERS) that enables an IP Flexible Reach Customer to access an Enhanced 911 ("E911") database to load, change, or update physical location information ("Endpoint Data") for AT&T IP Flexible Reach Endpoints. Using the Customer-provided Endpoint Data, the ERS routes 911 calls, with the physical location information to the appropriate Public Safety Answering Points ("PSAP"). The second routing scenario is used if the IP Flexible Reach Customer or User does not submit Endpoint Data in the E911 database. In such instances, the IP Flexible Reach Customer or User must provide its physical location to an Emergency Call Response Center at the time of the 911 call, and the center routes the call to the appropriate PSAP.

3.1.1 Definitions

- **Emergency Call Response Center (ECRC)** - means the center that handles 911 calls from IP Flexible Reach Customers or Users that have not provided Endpoint Data in the ERSDB. The ECRC is operated 24/7/365 by Association of Public-Safety Communications Officials (APCO) trained and certified staff who obtain the caller's location information and route the 911 call and location information to the appropriate PSAP.
- **Emergency Routing Service (ERS)** - means AT&T provided Emergency Routing Service which enables the routing of IP Flexible Reach 911 calls on supported Endpoints originating in the United States and its territories, to the appropriate PSAP.
- **Emergency Routing Service Database** – means the database that maintains Emergency Services Number (ESN) polygon boundaries for VoIP; Geo-codes addresses based on street-level look-up of submitted address; determines the physical PSAP for call routing based on caller's coordinates; includes street-level GIS data and information provided by the 911 authority; two commercial, industry-recognized datasets are used to geo-code street-level information.
- **Endpoint** means a hardware device or software instance that can make and receive voice calls.
- **Endpoint Data** means information on the specific location of an Endpoint, including GPS coordinates, municipal address, building name, floor number and/or suite number.
- **National ALI Database (nALI)** – means the database that contains emergency location information pertaining to an endpoint, and User records; accepts records from all 50 states; provides Real-time Master Street Address Guide (MSAG) validation; and provides instantaneous corrections and alternatives.
- **Public Safety Answering Point (PSAP)** means a public safety answering point that has been designated to receive 911 calls and route them to emergency service personnel.

3.1.2 Address Validation and Endpoint Data Registered Location updates

3.1.2.1 ERS - Customer subscribers will submit Endpoint Data updates to the ERS data base by using the Interface provided with ERS. With each address submitted, the ERS will process a master street address guide ("MSAG") validation to ensure that an IP Flexible Reach 911 call from the Customer's location can be delivered to the geographically appropriate PSAP. The ERS will geocode a valid address. If the address does not pass ERS validation, an address validation error code will be returned to the Subscriber Administrator.

AT&T IP FLEXIBLE REACH SERVICE PRICING ADDENDUM

The provisioning of Endpoint Data as described herein does not require the disclosure of personal information to AT&T or its suppliers. However, if Customer discloses personal information of its Users or any other individuals to AT&T, Customer hereby authorizes AT&T and its suppliers to have access to and to make use of such information while providing the Advanced 911 Service as is appropriate for the performance by AT&T or its suppliers of their obligations hereunder. Notwithstanding the foregoing, Customer will at all times be considered the controller of such personal information for the purposes of all applicable laws relating to data privacy, transborder data flow and data protection ("Privacy Laws"), and nothing in this Agreement will restrict or limit in any way Customer's rights or obligations as controller of personal information for such purposes. Without limiting the foregoing, Customer represents and warrants to AT&T that it has, or will have prior to any disclosure of personal information to Supplier, all necessary authorizations and consents required under Privacy Laws to permit Supplier to use personal information disclosed to it by Customer for the purpose of providing the ERS.

3.1.3 Calling Routing Scenarios

3.1.3.1 Primary

3.1.3.1.1 ERS Only: When an IP Flexible Reach Customer dials 911, the call is automatically routed to the ERS via IP Flexible Reach, which will retrieve the Customer's pre-provisioned physical location information from the ERS database. Using that Endpoint Data, the ERS will route the call to the geographically appropriate PSAP.

3.1.3.2 Secondary

3.1.3.2.1 ECRC Call: Where the ERS is not supported or available, AT&T will route emergency calls to the ECRC where APCO-trained employees are available to answer the call, collect the address information, and warm transfer the call to the geographically appropriate PSAP. The ECRC will receive calls in the following circumstances:

- Failover calls.
- Call with location, no location, or wrong location at ECRC. ECRC call taker confirms location, makes any necessary corrections, and routes call to PSAP, based on actual location of the caller.
- Dropped call with location. Call taker informs appropriate PSAP, and PSAP follows internal standard operating procedures to callback the caller and dispatch emergency responders.
- Dropped call with no location. Call taker attempts to call-back the caller. If the caller does not answer, the call taker will attempt to contact the AT&T E911 Center. If the AT&T E911 Center cannot provide location information, the call taker will contact the 911 Enable NOC to collect any location information that may be available. Call taker uses location to route call to appropriate PSAP.
- Network Connectivity failure between Customer and ERS.
- No User record in National ALI. If the User record does not exist at the ERS National ALI, the call is routed to the ECRC for manual verification.
- Call made from a non-validated address may be sent to the ECRC for validation and PSAP routing.

**AT&T IP FLEXIBLE REACH SERVICE
PRICING ADDENDUM**

3.2 Advanced 911 Customer Support And Documentation

The Advanced 911 Service includes:

- Access to an Administrative Dashboard used to administer Advanced 911 Services, and review available data, reports and call detail records (CDRs).
- Customer documentation consisting of ERS Standard Operating Procedures, ERS Support Policy, Dashboard Manual and ERS Network Interface Description.

3.3 Customer Additional Responsibilities

Customer shall be responsible for identifying Endpoint information as follows:

- In a format designated by AT&T, Customer will create their initial load file which will contain the specific telephone numbers and addresses for upload to the ERS. This file must contain address information for all telephone numbers that will be/can access the Advanced 911 Service from all IP Flexible Reach locations.
- Customer shall update the 911 database records as changes occur, including addressing changes or additions to the number of sites, telephone numbers, or any other parameters that will affect the Advanced 911 Services. Customer shall ensure that an accurate telephone number and location record exists in the Advanced 911 database for each ANI provided to the Advanced 911 service in connection with all dialed 911 calls that originate from the Customer's IP Flexible Reach Endpoints and that such ANI is provided to the Advanced 911 Service in connection with all dialed 911 calls which originate from Customer's IP Flexible Reach Endpoints.

Customer shall only use the ERS for the routing of 911 calls and for no other purpose and shall take all reasonable steps to ensure that the ERS is not used for any other purpose by its Users.

Customer shall be responsible for providing, at its cost, all facilities and networks required to operate with and interconnect to the ERS. Customer shall comply with hardware, software, and operating system requirements, including the appropriate Internet browser to access and maintain the Service.

Customer shall regularly configure, monitor and manage their network and equipment to ensure that there is no interruption in connectivity with the ERS.

In the event that either Customer or AT&T becomes aware of any security vulnerability that arises from the interconnection of the ERS with Customer's networks and equipment, the parties agree that they will provide all reasonable cooperation to promptly address such vulnerabilities.

Customer shall notify AT&T promptly of any circumstances of which Customer has knowledge relating to any unauthorized use of the Service by any person or entity. Customer shall take, at Customer's expense, any legal action necessary to prevent or stop the unauthorized access or use of the Service by any third party.

Customer will designate an authorized representative responsible for all communications between AT&T and Customer with regard to implementation of the Service ("Customer Project Manager"). Customer Project Manager shall manage and control installation of the Customer-provided hardware and software, the gathering and input of appropriate data, and coordination of all database upload and testing activities. Customer Project Manager shall have responsibility for the implementation tasks and schedule and shall have the authority to make decisions and commitments for the Customer. Customer Project Manager shall be responsible for timely transfer of information to and from AT&T, and shall ensure the accuracy and completeness of all data in the database. Customer shall mutually agree on an implementation Schedule with AT&T.

AT&T IP FLEXIBLE REACH SERVICE PRICING ADDENDUM

If required by applicable telecommunications carriers or applicable law, Customer shall provide AT&T with a letter of agency which authorizes AT&T, as a limited agent for Customer, to work with the telecommunications provider on Customer's behalf for the purpose of establishing interconnections between AT&T, Customer and/or the telecommunications carrier that are necessary to enable AT&T to provide the ERS.

3.4 AT&T Additional Responsibilities

AT&T shall manage the ERS, to the agreed upon Customer specifications to support access to the Interface for the Advanced 911 Services.

AT&T shall test the Interface provided with the ERS to confirm it allows Customer to upload Endpoint Data. AT&T shall not use Customer Endpoint Data for any purpose other than as required under this Agreement for the purpose of providing the Advanced 911 Service or as otherwise authorized by the Customer or the applicable User or as permitted by under the AT&T Privacy Policy.

3.5 General Terms and Conditions

- Advanced 911 Service is offered pursuant to the terms and conditions of the AT&T Business Voice over IP Service Guide (http://serviceguidenew.att.com/sg_flashPlayerPage/BVOIP) that are generally applicable to AT&T IP Flexible Reach Service, excluding any Service Level Agreements, and the General Provisions referenced in that Service Guide, which are available to Customer at: <http://serviceguidenew.att.com/> and are incorporated herein by reference.
- Customer understands and agrees that AT&T IP Flexible Reach Service is not a nomadic service. If Customer changes the physical street address associated with an IP Flexible Reach telephone number, then Customer must update the Registered Location following the processes set forth in the AT&T Business Voice over IP Service Guide.
- Customer understands and agrees that the Advanced 911 Service is provided at the request of and pursuant to the direction of Customer.
- Customer understands and agrees that the Monthly Recurring Charge (MRC) for Advanced 911 Service set forth in the "Rates" Section below will be assessed for each telephone number provided by AT&T in conjunction with IP Flexible Reach Service. Such MRC will be assessed for each telephone number regardless of whether Customer uses the Advanced 911 Service in conjunction with a specific telephone number.
- CUSTOMER EXPRESSLY ACKNOWLEDGES THAT IT IS SOLELY CUSTOMER'S OBLIGATION AND RESPONSIBILITY TO ENSURE THAT CORRECT, ACCURATE AND CURRENT ENDPOINT DATA IS ENTERED INTO THE INTERFACE FOR EACH ENDPOINT OR THAT ENDPOINT DATA IS PROVIDED AT THE TIME OF THE CALL.
- Customer represents and warrants to AT&T that it, and/or Users, have all necessary rights, licenses, permissions and/or consents to upload, copy, store, display, publish or otherwise use Endpoint Data on computers operated by or on behalf of AT&T or its suppliers and will comply with all applicable laws in its uploading, copying, storage, displaying, publishing and use of Endpoint Data on computers operated by, or on behalf of AT&T or its Suppliers.
- Customer shall comply with all applicable laws in relation to its use of the Advanced 911 Service to provide emergency dialing services to Users.

3.6 Termination

AT&T may immediately discontinue the Advanced 911 Service at any and all locations in response to a request from applicable regulatory or law enforcement authority or if AT&T reasonably believes such action is necessary due to applicable law or regulation. AT&T will make commercially reasonable efforts to provide Customer advanced notice of such Terminations.

3.7 Advisories, Limitations and Disclaimer of Warranty

- In addition to any limitations or restrictions on the dialing of 911 set forth in the Pricing Schedule or Service Guide, the Advanced 911 Service may not function correctly, or at all, in the following circumstances: if Customer's equipment or network fails, is not configured correctly or does not meet the system specifications for use with the ERS;
 - in the event of a network outage or extended power failure that it is outside the control of AT&T or its suppliers;
 - if Customer or a User fails to provide and maintain current and accurate Endpoint Data as required herein;
 - following the suspension or termination of the Advanced 911 Service in accordance with the terms and conditions herein;
 - if there is network congestion that is outside the control of AT&T or its suppliers; or if the PSAP emergency dispatcher does not promptly or properly answer or route the call or if errors or omissions are made by the PSAP or the local exchange carrier servicing the PSAP. Emergency calls placed from Mobile Applications on CMRS enabled devices will generally be handled over the cellular network. When cellular coverage is not available, voice over Wi-Fi calling capability (including 911 calls) generally will not be available.
 - If used with a service other than AT&T IP Flexible Reach.

- Customer acknowledges and agrees that AT&T will not be liable for any Advanced 911 Service outage, degradation or error, or any inability to, or delay in, accessing emergency service personnel due to any of the circumstances described above or otherwise caused by the general limitations of emergency dialing and which are outside the control of AT&T or its suppliers.
- AT&T DOES NOT WARRANT THE PERFORMANCE, AVAILABILITY, UNINTERRUPTED USE OF OR OPERATION OF THE ADVANCED 911 SERVICE OR THE SERVICES PROVIDED BY ITS THIRD PARTY EMERGENCY CALL RESPONSE CENTER AND DOWNSTREAM EMERGENCY RESPONSE AGENCIES (COLLECTIVELY "9-1-1 SERVICES"). AT&T OR ITS SUPPLIERS DOES NOT WARRANT THAT THE ADVANCED 911 SERVICES SUPPLIED WILL AVERT OR PREVENT OCCURRENCES OR THE CONSEQUENCES THEREFROM. THE ADVANCED 911 SERVICE IS PROVIDED BY AT&T OR ITS SUPPLIERS ON A COMMERCIALLY REASONABLE EFFORTS BASIS. EXCEPT AS EXPRESSLY SET FORTH HEREIN, TO THE MAXIMUM EXTENT PERMITTED BY LAW, AT&T OR ITS SUPPLIERS MAKES NO WARRANTIES, REPRESENTATIONS OR CONDITIONS WITH RESPECT TO THE ERS, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OR CONDITION OF FITNESS FOR A PARTICULAR PURPOSE, MERCHANTABILITY, MERCHANTABLE QUALITY OR THOSE ARISING BY STATUTE OR OTHERWISE IN LAW OR FROM A CAUSE OF DEALING OR USAGE OF TRADE.
- CUSTOMER ACKNOWLEDGES AND AGREES THAT AT&T OR ITS SUPPLIERS, ITS AFFILIATES, DIRECTORS, OFFICERS, EMPLOYEES AND AGENTS WILL NOT BE LIABLE FOR ANY INJURY, DEATH OR DAMAGE TO PERSONS OR PROPERTY, ARISING DIRECTLY OR INDIRECTLY OUT OF, OR RELATING IN ANY WAY TO THE PROVISION OF THE ADVANCED 911 SERVICE, INCLUDING WITHOUT LIMITATION ANY INABILITY ON THE PART OF A USER TO ACCESS AT&T OR ITS SUPPLIERS'S EMERGENCY CALL RESPONSE CENTRE OR PSAP OR THE SERVICES OF THE APPROPRIATE EMERGENCY RESPONSE AGENCIES OR THE FAILURE OF EMERGENCY RESPONSE AGENCY TO RESPOND TO AN INCIDENT REPORTED TO IT BY AT&T OR ITS SUPPLIERS OR ITS EMERGENCY CALL RESPONSE CENTER.

This Pricing Schedule for the service(s) identified below ("Service") is part of the Agreement referenced above. Customer requests that its identity be kept confidential and not be publicly disclosed by AT&T or by any regulatory commission, unless required by law.

Customer acknowledges and certifies that the interstate traffic (including Internet and international traffic) constitutes **ten percent (10%) or less** of the total traffic on any Service. Internet and International traffic are always considered interstate. The nature of the traffic, not merely the physical endpoints of the facility, determines whether the Port is Interstate or Intrastate.

AT&T Enterprises, LLC is the successor in interest to AT&T Corp. by merger and conversion as a result of the following activity: On May 1, 2024, AT&T Corp. merged into AT&T Enterprises, Inc., a Delaware corporation, and on May 2, 2024, AT&T Enterprises, Inc. converted to AT&T Enterprises, LLC, a Delaware limited liability company. Accordingly, the Agreement and all associated Pricing Schedules (or other documents that reference the Agreement) between Customer and AT&T Corp. are now between Customer and AT&T Enterprises, LLC.

This Pricing Schedule signed by AT&T first, is effective upon Customer signature provided that such fully signed Pricing Schedule is returned to AT&T not more than forty-five (45) days after AT&T's signature date. Any change made to this document renders the Pricing Schedule null and void.

On the Effective Date, this Pricing Schedule will supersede and replace all existing or prior agreement(s) for the Service identified in Attachment A.

This Pricing Schedule is part of the Agreement between AT&T and Customer referenced above.

AT&T Enterprises, LLC is the successor in interest to AT&T Corp. by merger and conversion as a result of the following activity: On May 1, 2024, AT&T Corp. merged into AT&T Enterprises, Inc., a Delaware corporation, and on May 2, 2024, AT&T Enterprises, Inc. converted to AT&T Enterprises, LLC, a Delaware limited liability company. Accordingly, the Agreement and all associated Pricing Schedules (or other documents that reference the Agreement) between Customer and AT&T Corp. are now between Customer and AT&T Enterprises, LLC.

This Pricing Schedule signed by AT&T first, is effective upon Customer signature provided that such fully signed Pricing Schedule is returned to AT&T not more than forty-five (45) days after AT&T's signature date. Any change made to this document renders the Pricing Schedule null and void.

This Pricing Schedule is part of the Agreement between AT&T and Customer referenced above.

AT&T Enterprises, LLC is the successor in interest to AT&T Corp. by merger and conversion as a result of the following activity: On May 1, 2024, AT&T Corp. merged into AT&T Enterprises, Inc., a Delaware corporation, and on May 2, 2024, AT&T Enterprises, Inc. converted to AT&T Enterprises, LLC, a Delaware limited liability company. Accordingly, the Agreement and all associated Pricing Schedules (or other documents that reference the Agreement) between Customer and AT&T Corp. are now between Customer and AT&T Enterprises, LLC.

This Pricing Schedule signed by AT&T first, is effective upon Customer signature provided that such fully signed Pricing Schedule is returned to AT&T not more than forty-five (45) days after AT&T's signature date. Any change made to this document renders the Pricing Schedule null and void.

The undersigned, on behalf of Customer, acknowledges that Customer has received and understands the advisories concerning (i) the circumstances under which, and (ii) the non-US countries in which, emergency calling (including but not limited to E911 service or its equivalent in other countries) is not or may not be available, as stated and identified in the AT&T Business Voice over IP Services Service Guide found in the SG Library at <http://serviceguidenew.att.com>. Such circumstances include, but are not limited to, relocation of the User's CPE, use of a non-native or virtual telephone number, failure in the broadband connection, loss of electrical power, and delays that may occur in updating the Customer's location in the automatic location information database. For additional Most of World advisories, see section "Additional Terms," sub-heading "Emergency Calling Most of World".

5.1. Emergency Calling Most of World

Emergency Calling Most of World

At or before Service activation at a Most of World Site with outbound BVoIP calling, Customer certifies it has and agrees to continuously keep individual business lines and other appropriate facilities with a local service provider or other provider capable of, and responsible for, providing Customer access to three-digit emergency dialing services, if AT&T does not provide emergency dialing service and for as long as AT&T provides outbound BVoIP service to that Site. Customer is responsible to ensure that all calls to these emergency dialing service numbers are routed over appropriate facilities to ensure completion provided by that local service provider, or other provider. Customer agrees to indemnify and defend AT&T from and against any and all third-party claims and related loss, liability, damage and expense, arising from Customer's failure to perform Customer's obligations outlined in this Section. AT&T's provisioning of outbound BVoIP service is conditioned upon Customer's full compliance with these obligations, and failure to do so is a material breach of this Agreement.

5.2. White Pages, Yellow Pages, Directory Assistance

White Pages, Yellow Pages and Directory Assistance database listings are subject to (1) rules, regulations, guidelines and requirements of Business Directory Publishers and Directory Assistance providers, including but not limited to AT&T Affiliates, relating to the information which may, may not or must be included in listings, and (2) federal, state and local laws, ordinances and regulations, including those relating to deceptive practices and deceptive advertising. Customer (not AT&T) is solely responsible for complying with (1) and (2). If Customer supplies information to AT&T that, according to the Business Directory Publisher or Directory Assistance provider or otherwise, violates (1) or does or may violate (2), Customer understands that its listing information may, without advance notice, be rejected or removed from White Pages, Yellow Pages and Directory Assistance databases, and Customer will indemnify and hold AT&T and its Affiliates harmless from any and all losses, liability, damages, fines, claims, costs or expenses (including attorneys' fees) of any kind, suffered by AT&T, by any AT&T Affiliate, by Customer or by any third party as a result of Customer's breach of its obligation.

5.3. Broadband Connectivity

This Pricing Schedule does not include transport necessary for the provision of AT&T Flexible Reach Service, Over Any Transport. Customer must obtain broadband connectivity separately under an AT&T or third-party contract.

6. RATES

Discounts are applied to the applicable Service Publication rates.

This AT&T ILEC Network Services Discount Pricing Schedule is a Pricing Schedule under the Master Agreement between AT&T and Customer, and is part of such Agreement. Customer requests that its identity be kept confidential and not be publicly disclosed by AT&T or by any regulatory commission, unless required by law. AT&T California currently provides billing and collections services to third parties, which may place charges that Customer authorizes on its bill. To the extent that AT&T California makes blocking of such charges available, Customer may block third-party charges from its bill at no cost.

This Pricing Schedule supersedes and replaces in its entirety that certain agreement dated October 30, 2017, Contract No. 1718-16625, entitled AT&T Intrastate ILEC Network Services Discount Pricing Schedule.

This Pricing Schedule signed by AT&T first, is effective upon Customer signature provided that such fully signed Pricing Schedule is returned to AT&T not more than forty-five (45) days after AT&T's signature date. Any change made to this document renders the Pricing Schedule null and void.

MARC under this Pricing Schedule	Year 1	Year 2	Year 3
	\$1,077,200.00	\$1,077,200.00	\$1,077,200.00
MARC-Eligible Charges*	MARC-Eligible Charges (before the application of this Pricing Schedule's discounts and credits) for AT&T intrastate ILEC network Services provided to Customer or a Customer-owned Affiliate identified in Attachment B for their internal use at the locations specified in Attachment C ("Contributory Services"). Customer must subscribe to Contributory Services separately.		

*MARC-Eligible Charges include non-recurring charges.

5. ADDITIONAL TERMS AND CONDITIONS AND OTHER REQUIREMENTS

5.1 Technology Upgrade

If Customer migrates to a qualifying AT&T BVoIP Service from AT&T ILEC Services, and Customer's Agreement for such AT&T ILEC services includes a Technology Upgrade provision pursuant to which AT&T waives the ILEC Early Termination Fee then, upon Customer's request to reduce the MARC and satisfaction of the conditions of the Technology Upgrade provision, AT&T will reduce Customer's MARC under this Pricing Schedule in direct proportion to a reduction in revenue associated with the migrated AT&T ILEC Services being provided to Customer under a qualifying AT&T BVoIP Service contract. Such MARC adjustment shall be reflected via an amendment to this Pricing Schedule executed by both parties.

5.2 Notice of Withdrawal

Pricing Schedule Term	60 months
Start Date of Minimum Payment Period, per Service Component	Later of the Effective Date or installation of the Service Component
Rate Stabilization per Service Component	Rates as specified in this Pricing Schedule for each Service Component are stabilized until the end of the Pricing Schedule Term.

3. MINIMUM PAYMENT PERIOD

Service Components	Percentage of Monthly Recurring Charge Applied for Calculation of Early Termination Charges	Minimum Payment Period per Service Component
All Service Components	50% plus any unpaid or waived non-recurring charges	60 months

3.1. Minimum Payment Period – Calculation of Early Termination Charges

For services purchased through Network on Demand, the "Monthly Recurring Charge" used for the purposes of computing any applicable termination liability (early termination charges) under the relevant service publication or the customer's master agreement is determined as follows: (i) the total Monthly Recurring Charges payable for the terminated service for the three months prior to the date of termination (or such shorter period as the terminated service had been installed if terminated less than three months after installation), divided by (ii) the number of days in such period, times (iii) 30 days. The Minimum Payment Period for CIR, CoS, or CIR and CoS Packages are coterminous with the Minimum Payment Period of the associated Customer Port Connection; however, early termination charges are not incurred as a result of changes to CIR, CoS, or CIR and CoS Packages while the associated Customer Port Connection is still in service.

Feature	MRC
Enhanced Multicast	\$70.00

5.1.3. Non-Recurring Charges (NRCs)

Standard Non-Recurring Charges (NRCs) for installation of new Customer Port Connections, per the applicable Service Publication, will be waived.

5.1.4. Additional Charges

Charges for additional Service options may apply per Service Publication. Charges for special construction, if needed, may also apply.

5.2. AT&T SWITCHED ETHERNET SERVICE THIRD PARTY ACCESS (3PA) - Outside 21-State AT&T ILEC Footprint

5.2.1. Monthly Recurring Charges (MRCs)

All Monthly Recurring Charges (MRCs) apply per Customer Port Connection. The total MRC for a Customer Port Connection is the sum of the Third-Party Access connection, local mileage MRC, the bandwidth MRC, and any associated feature MRC(s). Availability, Price Group and Access Mileage Group associated with Third Party Access are subject to change, based on the availability and pricing of access connections from the third-party providers. The Price Group and Access Mileage Group applicable to each Customer location are determined at the time of Customer's order.

6. SPECIAL TERMS, CONDITIONS or OTHER REQUIREMENTS

6.1. Special Conditions for 10 Gbps Customer Port Connections

With respect to 10 Gbps Ports, Customer may use the Business Center Portal to order such Ports, to request and schedule changes to the CIR (subject to the port configurations shown in Attachment A, Table 2) or CoS of such Ports, or to establish or change EVCs associated with such Ports. Real Time Class of Service is not available for EVCs exceeding 1000 Mbps. EVCs exceeding 1000 Mbps are subject to network availability.

6.2. Special Conditions for 100 Gbps Customer Port Connections

Basic Ports with transmission speeds of 100 Gbps are available only under custom/ICB contracting arrangements and may not be fully supported by the Network on Demand ordering process. Once such Port(s) have been ordered and installed, Customer may use the AT&T Business Center portal to request and schedule changes to the CIR (subject to the port configurations shown in Attachment A, Table 2) or CoS, or to establish or change EVCs.

EVC CIR can be ordered in increments, as follows:

- 1 Mbps (from 1 Mbps to 100 Mbps)
- 10 Mbps (from 100 Mbps to 1,000 Mbps)
- 25 Mbps (from 1,000 Mbps to 10,000 Mbps) or
- 250 Mbps (from 10,000 Mbps to 100,000 Mbps)

The maximum EVC CIR will be 1,000 Mbps unless otherwise approved by AT&T in its discretion, on an Individual Case Basis. Approved configurations will be made available through the Business Center portal. Customer may use the Business Center Portal to make changes to an EVC, subject to the approved maximum CIR for the affected EVC. Real Time Class of Service is not available for EVCs exceeding 1000 Mbps. Customer may not increase the CIR of any EVC above the approved maximum without AT&T's approval.

Special Conditions for 100 Gbps Customer Port Connections does not apply outside AT&T's 21 state ILEC footprint (AT&T Switched Ethernet ServiceSM Third Party (3PA)).

A-3. Initial Sites and Service Configuration

Jurisdiction: By selecting AT&T Switched Ethernet Service provided as interstate access service, Customer acknowledges and certifies that the interstate traffic (including Internet and international traffic) constitutes **more than ten percent (10%)** of the total traffic on any Service. Internet and International traffic are always considered interstate. The nature of the traffic, not merely the physical endpoints of the facility, determines whether the Port is Interstate or Intrastate.

Upon mutual execution hereof, this Pricing Schedule for AT&T Network Integration Equipment Resale ("NI Pricing Schedule") becomes part of the Master Agreement between AT&T and Customer referenced above (collectively, the "Agreement").

This Pricing Schedule signed by AT&T first, is effective upon Customer signature provided that such fully signed Pricing Schedule is returned to AT&T not more than forty-five (45) days after AT&T's signature date. Any change made to this document renders the Pricing Schedule null and void.

**Pricing Schedule
AT&T Network Integration Services
Services and Equipment Resale

1. DEFINITIONS

All other capitalized terms used but not defined in this NI Pricing Schedule have the meaning given them in the Master Agreement.

"Purchased Equipment" means equipment to which title transfers from AT&T to Customer. Purchased Equipment includes any internal code required to operate such Equipment.

2. SERVICES AND PURCHASED EQUIPMENT

This NI Pricing Schedule states the terms and conditions governing Orders for AT&T services ("Services") and Purchased Equipment. Attached to this NI Pricing Schedule is a Statement of Work ("SOW") or an Equipment Order List ("EOL") (collectively, "Attachments") which become effective and incorporated into this NI Pricing Schedule upon the execution hereof. AT&T may subcontract work to be performed hereunder but shall retain responsibility for all such work.

3. ATTACHMENTS

- A.** Unless earlier terminated as described below, an Attachment is deemed terminated when the parties' respective obligations have been fully performed or when it is otherwise terminated according to its terms.
- B.** In the event of an inconsistency among terms, the order of priority is: (i) the applicable Attachment; (ii) the NI Pricing Schedule and (iii) the Master Agreement.

4. INTELLECTUAL PROPERTY RIGHTS

- A.** All intellectual property and proprietary rights arising by virtue of AT&T's performance of the Services are and will remain the sole and exclusive property of AT&T, and neither ownership nor title to any such property will pass to Customer.
- B.** Customer shall retain those copies of any reports produced and furnished to Customer by AT&T ("Reports"), and Customer is hereby granted, under AT&T's copyrights, the perpetual, non-exclusive, personal, and non-transferable right to reproduce and modify Reports for Customer's own internal business purposes. For avoidance of doubt, "internal business purposes" exclude public distribution, resale to third parties and revenue generation purposes.
- C.** AT&T hereby grants to Customer the non-exclusive, personal, and non-transferable right to use any items other than Reports produced and furnished to Customer by AT&T under this NI Pricing Schedule, solely for Customer's own internal business purposes during the term of this NI Pricing Schedule, or for such other purposes as may be mutually agreed in writing by the parties.
- D.** Except as otherwise specified herein, no other right or license to or under any of AT&T's intellectual property rights is either granted or implied under this NI Pricing Schedule.

5. WARRANTY

The provision of Services and any deliverables hereunder shall be performed in a workmanlike manner that would meet commercial industry standards in the field to which the work pertains, as well as any standards set forth in the applicable SOW.

6. TERM AND TERMINATION

This NI Pricing Schedule shall remain in effect until terminated by either party on not less than thirty (30) days' prior written notice to the other party ("Pricing Schedule Term"); *provided that*, the terms and conditions of this NI Pricing Schedule shall continue to govern, through completion of performance (or earlier termination), all Attachments in effect on this NI Pricing Schedule's termination date. Termination charges, if any, shall be as specified in the applicable Attachment.

7. PURCHASED EQUIPMENT TERMS

- A.** Orders for Purchased Equipment shall be submitted by Customer to AT&T in written format and shall contain all information required for AT&T to fulfill such Order and shall contain a reference to this NI Pricing Schedule and the applicable AT&T quote. Any information, terms and/or conditions, or other language contained in any document(s) or purchase order(s) furnished by Customer to AT&T in excess of or outside of such information or in conflict with any terms and conditions contained in this NI Pricing Schedule and/or the applicable Attachment(s) are void. AT&T will notify Customer by email whether it has accepted the Order after validation within five (5) business days after receipt of the Order. AT&T reserves the right not to accept an Order.
- B.** Customer acknowledges and agrees that AT&T's ability to deliver Purchased Equipment is contingent upon the supply and delivery schedules of each of the manufacturers. AT&T shall have no liability for delays in any delivery schedule. Title and risk of loss to Purchased Equipment shall pass to Customer upon shipment from AT&T's Purchased Equipment supplier; Customer is responsible for all shipping-related charges, which AT&T shall invoice to Customer at two percent (2%) of the total purchase price of the Order or actual cost, whichever is greater, except that for Orders requiring expedited shipment, in which case it will be the greater of four (4%) percent of Customer's total purchase price or actual cost; and charges incurred, if any, for storage of Purchased Equipment following delivery to the agreed location are the sole responsibility of Customer and are not included in shipping charges.

**Pricing Schedule
AT&T Network Integration Services
Services and Equipment Resale

- C. AT&T shall pass through to Customer any warranties for Purchased Equipment and Vendor Software available from the manufacturer or licensor. The manufacturer or licensor, and not AT&T, is responsible for any such warranty terms and commitments. ALL VENDOR SOFTWARE AND PURCHASED EQUIPMENT IS OTHERWISE PROVIDED TO CUSTOMER ON AN "AS IS" BASIS.

8. LICENSES AND THIRD-PARTY MAINTENANCE

Purchased Equipment, Vendor Software and maintenance resold to Customer hereunder may be subject to additional license terms and/or other requirements or restrictions imposed by the manufacturer, supplier, or publisher. Customer is solely responsible for ensuring its adherence to any and all such terms, requirements, and restrictions, and is deemed to have accepted them upon receipt of the Purchased Equipment or Vendor Software, or upon commencement of the maintenance services.

9. LIMITATION OF LIABILITY

For purposes of this NI Pricing Schedule and Attachments placed hereunder, any limit or cap on liability contained in the "Limitations of Liability" article 6.1(a)(v) of the Master Agreement is superseded by the following: EACH PARTY'S LIABILITY HEREUNDER SHALL BE LIMITED TO PROVEN DIRECT DAMAGES NOT TO EXCEED THE NET CHARGES PAID BY CUSTOMER FOR THE AFFECTED SERVICE(S) AND/OR PURCHASED EQUIPMENT UNDER THE ATTACHMENT THAT GAVE RISE TO THE LIABILITY. This shall not limit Customer's responsibility for the payment of all charges properly due under the NI Pricing Schedule. AT&T shall have no duty to defend, indemnify and hold Customer harmless for claims arising from the infringement of patents or trademarks or the violation of copyrights by Purchased Equipment, Vendor Software and/or maintenance.

Federal Surcharge Definitions (Rates as of April 1, 2024)

Important Note: The fees/charges provided below are captured as portions from the AT&T Service Guide. The AT&T Service Guide is the official source and will in all cases supercede any of the detail captured below. The Service Guide can be found here: <https://serviceguidenew.att.com/>

Universal Connectivity Charge (UCC/FUSF) – The UCC is equal to the total net UCC-Applicable Charges, after application of all applicable discounts and credits, multiplied by the UCC percentage (32.8% - Rate Current as of April 1, 2024). The UCC percentage will be equal to the quarterly Universal Service Fund contribution factor established by the FCC. UCC-Applicable Charges consist of all charges for jurisdictionally interstate (including international) Basic Telecommunications Services and Interconnected VoIP Services.)

Administrative Expense Fee -A monthly charge, applied subject to billing availability. For bills dated on or after September 1, 2016, the Administrative Expense Fee is equal to total net UCC-Applicable Charges multiplied by 1.71% (Rate Current as of April 1, 2024)

Property Tax Allotment charge - The Property Tax Allotment charge is equal to the total net charges for interstate and international Basic Telecommunications Services and Interconnected VoIP Services, multiplied by 4.55%. For AT&T Dedicated Internet (ADI), the PTA is not a percentage, only a flat \$13.99 per month per port connection. (Rates Current as of April 1, 2024)

Federal Regulatory Fee - A monthly charge to recover amounts paid to the federal government for regulatory costs and telecommunications services for the hearing impaired, and costs associated with local number portability administration. For bills dated on or after September 1, 2018, the Federal Regulatory Fee is equal to Customer's total net charges for interstate and international charges for Basic Telecommunications Services and Interconnected VoIP Services after application of all applicable discounts and credits, multiplied by 9.99%. (Rates Current as of April 1, 2024)

Federal Access Recovery Fee (FARF) - A monthly charge that is intended to recover, on an aggregate basis over time, the regulatory fees that the Local Exchange Carriers (LECs) assess on AT&T in connection with obtaining the local access component. The FARF is equal to 0.7% (Current as of April 1, 2024) of the monthly price of the local access component AT&T charges its Customers when the local access component is integrated into AT&T Dedicated Internet (ADI) including with MPLS Private Network Transport (MPLS PNT), or the Internet service component of certain bundled offers (e.g., AT&T Fiber Broadband Bundle, ABN Express VPN Value Bundle, AT&T Ethernet Value Bundle, and AT&T SD-WAN - Static Over The Top). The FARF percentage is subject to change at any time.

Carrier Line Assessment (CLA) – is based on interstate, outbound switched voice lines and applies to All in One, Commercial Long Distance, Clear Advantage, CustomNet, CustomNet Option I – VI, Distributed Network Services, GICS, Option S/Model T, ProWats Plan Q, Small Business Option, Simply Better, and Simply Better Flex Services, and all ACC Business Services; \$4.95 per Single or Multi-Line and \$0.10 per Centrex.

Carrier Line Charge (CLC) – applies to interstate, outbound switched voice lines for other services and is \$0.47 per Mult-Line and \$0.04 per Centrex lines. NOTE: VTNS multi- Line rate remains at \$0.27.

Tax and other Definitions

Federal Excise Tax also known as Federal Tax- A 3% Federal Excise Tax for AT&T local service. This tax applies to local service billed separately from long distance service.

9-1-1 Emergency System or may appear as Emergency 911 Service- Provides funds for public agencies that operate and maintain emergency telephone systems. The 911 charge can appear on your bill in either the Surcharges or Taxes section and is based on the number of subscriber lines you have.

State and Local Taxes Taxes- Imposed by state, local, and municipal governments on goods and services. Charges are based on prevailing tax rates and generally applied as a percentage of the taxable telecommunications services. Depending on the location and types of services you have with AT&T, you may see other entries in this section.

The FCC Line Charge/Subscriber Line Charge/End User Common Line Charge – is subject to billing availability; charged as a separate line item for AIO, Local on ABN, ACC Business and Local ISDN PRIs on ABN. EUCL is not charged for Prime and ADL. The FCC Line Charge/Subscriber Line Charge/End User Common Line Charge is an access charge approved by the Federal Communications Commission (FCC) and billed by the incumbent local exchange carrier (ILEC), the EUCL is intended to compensate the ILEC for the costs of connecting a call to competitive local exchange carrier (CLEC) or an interexchange carrier (IXC) through local exchange facilities (the local loop, central office, and associated equipment), maintaining the equal access database, and other related costs. The EUCL applies to all ILEC local loops, but varies by type of facility (e.g., residence line, business line, and CO trunk).

Infrastructure Maintenance Fee (IMF)-All telecommunications carriers on a customer's bill must collect this fee. The funds for the state IMF help to support the costs of providing and maintaining utility rights of way. Revenue from the IMF is dedicated for Personal Property Replacement Tax (PPRT) and is disbursed to all taxing districts.

Universal Service Fee - A fee used to promote and assure the availability of universal service at rates that are reasonable and affordable between rural and urban areas.

Telecommunications Relay System -This charge funds the Telephone Relay Access Corporation for the hearing and speech impaired, a program providing telephone transmission services to people with hearing impairment or speech impairment.

End User Common Line (EUCL)

Access Recovery Cost (ARC) – Combined with the EUCL charge

ORDERING SERVICE LEVELS

EXHIBIT C
ORDERING SERVICE LEVELS

AT&T will provide one dedicated billing manager. Order Provisioning will be provided based on Product. For all ASE, ASEOD and AVPN orders, Mobility Me will provide order management support. IP Flex and misc. orders will be managed by the account team.

Category	Measurement Definition	Service Hours	Performance Objective
Order Provisioning			
Service Request Response	The length of time to respond to service request and provide target timeframes of completion	Normal Business Hours	All service requests are responded to in under 24 business hours
Work Order Completion	Number of orders fulfilled within specified timeframe for routine requests	Normal Business Hours	80% of all non-complex orders are completed within 7 business days. Non-complex orders include POTs. If there are no copper/fiber facilities that exist at a specific location, the performance objective does not apply. Complex Orders including but not limited to: ADI, ADE, ADX, ASE, ASEOD, IP Flex, will be delivered based on AT&T's standard intervals at the time of service request.
Moves, Adds, Changes (MAC's)	Number of MAC's completed within the scheduled timeframe as a percentage of the total MAC's attempted	Normal Business Hours	80% completed on or before due date
Billing			
Invoices and Billing Report Delivery	Amount of time from bill closing date to invoice & bill media delivery	Normal Business Hours	Invoice and bill media will be available within 10 business days from close of bill cycle in Business Direct/Business Center.
Bill Inquiries	The length of time to respond and resolve outstanding bill inquiries	Normal Business Hours	30 days. For complex billing inquiries that may require more than 30 days, AT&T will respond to County's inquiry within 30 days and provide the

			approximate length of time needed to resolve that particular inquiry.
Special Data requests	The length of time to respond to special request for ad-hoc data such as call detail, site directories, circuit inventories, etc.	Normal Business Hours	30 days. Most data can be obtained from Business Center. For any special requests outside of business center for manual creation by the billing manager that may take longer than 30 days, AT&T will notify County within 30 days of the approximate length of time needed to resolve that particular special request.

OFFICE OF THE COOK COUNTY COMPTROLLER
ELECTRONIC PAYABLES PROGRAM ("E-PAYABLES")

FOR INFORMATION PURPOSES ONLY

This document describes the Office of the Cook County Comptroller's Electronic Payables Program ("E-Payables"). If you wish to participate in E-Payables, please contact the Cook County Comptroller's Office, Accounts Payable, 161 N. Clark Street, Suite 1900, Chicago, IL 60601.

DESCRIPTION

To increase payment efficiency and timeliness, we have introduced E-Payables program, a new payment initiative to our accounts payable model. This new initiative utilizes a Visa purchasing card and operates through the Visa payment network. This is County's preferred method of payment and your participation in our Visa purchasing card program will provide mutual benefits both to your organization and ours.

As a vendor, you may experience the following benefits by accepting this new payment type:

- Improved cash flow and accelerated payment
- Reduced paperwork and a more streamlined accounts receivable process
- Elimination of stop payment issues
- Reduced payment delays
- Reduced costs for handling paper checks
- Payments settled directly to your merchant

account There are two options within this initiative:

1. Dedicated Credit Card – "PULL" Settlement

For this option, you will have an assigned dedicated credit card to be used for each payment. You will provide a point of contact within your organization who will keep credit card information on file. Each time a payment is made, you will receive a remittance advice via email detailing the invoices being paid. Each time you receive a remittance advice, you will process payments in the same manner you process credit card transactions today.

2. One-Time Use Credit Card – "SUGA" Settlement

For this option, you will provide a point of contact within your organization who will receive an email notification authorizing you to process payments in the same manner you process credit card transactions today. Each time payment is made, you will receive a remittance advice, via email, detailing the invoices being paid. Also, each time you receive a remittance advice, you will receive a new, unique credit card number. This option is ideal for suppliers who are unable to keep credit card account information on file.

Summary: The Bureau of Technology is requesting authorization for the Chief Procurement Officer to execute a contract with AT&T for landline telecommunication services. Telecommunications plays a crucial role in every aspect of County business across various sectors, including:

1. Public Safety: Telecommunications is essential for emergency services to effectively respond to incidents.
2. Health & Hospitals: Telecommunications assists healthcare providers in the delivery of telemedicine & telehealth services and the exchange of medical information, improving patient outcomes.
3. Property Tax: Telecommunications is crucial to the processing of property tax records and tax payments, assessments, exemptions, and appeals.
4. Elections: Telecommunications supports all aspects of the electoral process, including voter registration, automated phone lines for voter inquiries, and communication systems for election staff to coordinate polling locations, ballot counting, and reporting results.

5. Forest Preserve Communication: Telecommunication facilitates managing facilities, coordinating events, and providing information to the public including reservation systems for picnics and pavilion permits.

6. Court Systems: Telecommunication is essential for communications between judges, attorneys, court staff, and litigants, including video conferencing for remote hearings, electronic filing systems, jury notifications, and Court reminders.

7. Department of Corrections: Telecommunication is critical for communications within DoC staff as well as for video surveillance within the jail in addition to home monitoring.

This is a Sole Source Procurement pursuant to Section 34-139 of the Cook County Procurement Code.

1. Data Security - General

1.1. Neither AT&T nor Customer represents or guarantees that security procedures will prevent the loss of, alteration of, or improper access to data in its possession or under its management, but each party will comply with its obligations under this Addendum.

1.2. AT&T will maintain programs and processes by which employees, contractors, and subcontractors are screened, trained on security policies, and made aware of their responsibilities with regard to AT&T and Customer's data. AT&T will also maintain a comprehensive security program with the objective of broadly incorporating security measures into all AT&T's computing and networking environments and will maintain such security measures and requirements as required to comply with laws applicable to the Services provided ("AT&T Security Program").

- (a) Through its Security Program as more specifically described in this Addendum, AT&T shall maintain and implement commercially reasonable network and data security procedures and controls with respect to the Services provided under this Agreement and with respect to any data in systems owned or managed by AT&T, including commercially reasonable organizational, administrative, technical, physical and logical safeguards designed to protect AT&T's network, systems, databases, equipment, files, and locations against unlawful or unauthorized access or intrusion by third parties (the "AT&T Protective Measures"). Customer shall maintain and implement commercially reasonable security procedures and controls designed to protect its own network, data and sensitive information, including but not limited to the employment of adequate database-level encryption and/or camouflaging technologies with respect to any sensitive information the disclosure of which may give rise to liability to third parties (the "Customer Protective Measures"; collectively with the "AT&T Protective Measures", the "Protective Measures"). For the avoidance of doubt, neither party shall be obligated to consider threats that could not be reasonably anticipated to exist in the formulation and implementation of its Protective Measures.

1.3. AT&T will maintain a set of security standards that draw upon leading industry standards (e.g., ISO/IEC 27001:2013, etc.). In providing Services under the Agreement, AT&T will observe AT&T security standards.

1.4. AT&T will regularly re-evaluate and modify its security standards at its discretion as generally accepted industry standards evolve, as new technologies emerge or as new threats are identified. AT&T's security standards are considered sensitive information and as part of the AT&T Security Program are kept confidential and generally not disclosed to third parties.

1.5. The parties acknowledge that Services offered by AT&T have varying levels of inherent security risk. In addition, some Services may involve the transmission or storage of voice and data traffic from, to, on or over third-party networks or facilities that may not have the same protections against unauthorized access that AT&T employs.

2. AT&T Information and Network Security Customer Reference Guide/AT&T Security Program

2.1. AT&T has provided Customer with a copy of the *AT&T Information & Network Security Customer Reference Guide* (INSERT DATE/VERSION NUMBER) which provides an overview of the AT&T Security Program as of the publication date. AT&T's Security Program continuously evolves, and AT&T therefore has advised Customer that the policies and procedures described in the *AT&T Information & Network Security Customer Reference Guide* may be changed by AT&T without notice to or consultation with Customer. Upon request AT&T will provide a then-current copy of the *AT&T Information & Network Security Customer Reference Guide* to Customer.

2.2. AT&T employs a broad spectrum of security controls and methods in its AT&T Security Program. Following are some of the controls and methods used by AT&T in one or more aspects of the AT&T Security Program as of the Effective Date of this Addendum. Although the controls and methods will evolve over time, the current description provides a general indication of the depth and scope of the AT&T Security Program.

- (a) **Security Policy** – AT&T security standards are formally reviewed, approved, published, and communicated to employees and relevant parties responsible for supporting AT&T's business operations and services. AT&T establishes security standards that, in combination with other processes, procedures, and responsibilities within AT&T, are consistent with the controls documented within the generally accepted international security management standard ISO/IEC 27001:2013.
- (b) **Classification of Information** – AT&T uses a multi-tiered information classification framework for categorizing and labeling information based on sensitivity of the content and specific legal requirements.
- (c) **Information and Media Handling** – AT&T security standards specify the means and levels of protection for information in transit or in storage with regard to the type of environment and media and within each information classification. The standards also specify the requirements for information destruction and media sanitization.
- (d) **Physical Access Controls** – AT&T maintains appropriate physical security practices that include the use of physical monitoring and intrusion detection systems, implementation of locks and access barriers, and screening access to facilities and equipment.
- (e) **Logical Access Controls** – AT&T maintains appropriate logical access controls that include authentication of claimed identity (using means such as passwords, PINS or tokens), periodic review of user IDs and accounts to verify continued business need, and management of user privileges in accordance with job function and business need. Password rules follow strict requirements, including a minimum number and type of characters and uniqueness from previous user passwords, or user-name .

- (f) **Network Perimeter Protection** – AT&T employs firewalls that screen incoming and outgoing traffic, and intrusion detection tools to detect unauthorized attempts to penetrate AT&T's global network. AT&T does not monitor individual customer connections for intrusions except as part of a managed security service provided for an additional fee.
- (g) **Workstation Security Management** – AT&T uses a variety of processes, controls, and technologies including but not limited to anti-malware protection and updates, firewall(s), operating system hardening and updates, power-on passwords, password-protected keyboard or screen locks that automatically trigger through inactivity, and full disk encryption where permitted by law to protect sensitive information on portable assets.
- (h) **Security Incident Management** – AT&T uses a disciplined global process for the identification of security incidents and threats in a timely manner to minimize the loss or compromise of information belonging to both AT&T and its customers and to facilitate incident resolution. AT&T 24 x 7 global network monitoring and the AT&T threat management platform and program provide real-time situational awareness and data correlation that support active incident investigation and security event case management.
- (i) **Monitoring** – AT&T maintains security audit logs that record access attempts and other security events. AT&T security administration limits user control over system security functions to protect against tampering and unauthorized access.
- (j) **Vulnerability Management** – AT&T conducts regular tests and evaluations to verify that security controls are maintained and are functioning in accordance with its security policy. Results from these activities are reviewed and tracked to remediation and follow-up actions in accordance with security policy timeframes. AT&T continually reviews bulletins, alerts and advisories regarding security issues, patches, vulnerabilities, and exploits from vendors and organizations for all AT&T owned and managed network assets. AT&T internally distributes security advisories that originate from industry security organizations and equipment, software and systems suppliers. Each security advisory is categorized, assigned a severity rating, and published by the AT&T global security organization along with the timeframe within which AT&T will endeavor to resolve the vulnerability in accordance with AT&T security standards.
- (k) **Compliance** – AT&T conducts regular tests to determine if security controls are maintained and are functioning in accordance with policy. These initiatives include security status checking and vulnerability testing and management.
- (l) **Business Continuity** - The AT&T Business Continuity Management Program is certified to the international business continuity standard ISO 22301:2012. It is also aligned with the Disaster Recovery Institute International (DRII) Professional Practices, Business Continuity Institute Good Practice Guidelines, Department of Homeland Security National Incident Management System and ISO 31000. The Program includes management disciplines, processes, and techniques to support AT&T essential business processes in the event of a significant business disruption.
- (m) **Vendor Management** - Where applicable, AT&T Supplier Information Security Requirements (SISR) is a minimum set of security requirements which are required in contracts with Suppliers when they are performing certain services for AT&T.

3. Internal and External Reviews and Audits

3.1. For certain Services, AT&T retains external auditors for periodic reviews of AT&T's security practices against various standards, such as SSAE18/ISAE3402, ISO/IEC27001, ISO9001, and Payment Card Industry (PCI) Data Security Standard (DSS). Additional information about external audits and certifications relevant to the Services is available from Customer's AT&T account team. Upon request, AT&T will provide a copy of these audit reports or certifications to Customer for any audits of the Services that AT&T undertakes as part of its general business operations. AT&T shall provide these reports to Customer upon request. Such reports are AT&T's Confidential Information and will be provided subject to restrictions on use and disclosure.

4. Customer Inquiries and Audits

4.1 AT&T will respond to Customer's questions concerning the AT&T Security Program by making available prepared materials including documentation concerning relevant audits referenced in Section 3.1.

4.2 If the prepared materials referenced in 4.1 do not satisfy Customer's needs, once during a rolling 12-month period, Customer may request AT&T's support to respond to a formal inquiry about the AT&T Security Program, including a request to conduct Customer's own security audit of certain AT&T facilities or services. The parties shall agree in writing on the scope of the

inquiry, fees proportional to AT&T's anticipated costs for responding to the inquiry, timeframe, location (if an audit is to be conducted), and other terms and conditions before work to satisfy the inquiry is commenced. If Customer intends to use a third party to conduct an audit or tests, the third party will be required to enter into an appropriate non-disclosure agreement with AT&T prior to commencing the audit or testing. Audits and tests may not be conducted by third parties who are direct competitors of AT&T without AT&T's written consent or by third parties who have previously misused or misappropriated AT&T's confidential information. The following additional terms apply to the conduct of audits. Audits will be performed according to AT&T Security requirements during normal AT&T business hours in effect for the identified location.

- (a) AT&T will require adequate protection for AT&T's Confidential Information. AT&T will not make any disclosure which would result in the disclosure of information about other AT&T customers or services or information deemed proprietary to AT&T.
- (b) There may be a limit on the number of auditors allowed on-site.
- (c) No copies may be taken of any documents (whether electronic or in hard copy) provided during the course of the audit and no document may be removed from any area where documents are available for inspection.
- (d) Physical security audits and on-site reviews of AT&T operational facilities and locations will be subject to policies maintained by AT&T Asset Protection and AT&T Corporate Real Estate or their successor organizations.

4.3 If Customer is subject to regulation and audit by governmental or other regulatory authorities having authority to examine Customer's records, AT&T will provide reasonable assistance as requested by Customer to facilitate such examinations, subject to Customer's written agreement to pay reasonable fees that are proportional to AT&T's anticipated costs in facilitating the examination, and subject to the restrictions and conditions similar to those described above.

4.4 If Customer identifies a security issue during a discussion, response, audit or test, which Customer reasonably identifies as causing an unacceptable level of threat to Customer, AT&T will work cooperatively with Customer to determine if another service with a different type or level of security might be more suitable for Customer, or if there are commercially reasonable changes that AT&T might make without altering the cost, functionality or general characteristics of the Service in question.

5. Security Incidents

5.1. If AT&T discovers that a party has obtained unauthorized access to Customer's data during a security breach of AT&T's network and/or data storage facilities, AT&T will promptly conduct an investigation to determine when, and if possible, how the breach occurred, and will promptly notify the Customer of such breach. AT&T will reasonably assist Customer in investigating and assessing the extent and nature of the breach and will reasonably inform Customer of the progress of AT&T's investigation and its remediation and prevention efforts. Similarly, if Customer becomes aware of any security breach that affects the Services, Customer will promptly notify AT&T of such breach and will reasonably keep AT&T informed of the progress of and resolution of Customer's investigation. Customer and AT&T will each provide to the other contact information for such notifications and reporting.

5.2. It shall be a material breach of the Pricing Schedule of the affected Service or Service Component if a third party gains unauthorized access to Customer's data as a result of AT&T's failure to adhere to its security standards set forth in Section 2 (AT&T Information and Network Security Customer Reference Guide/AT&T Security Program).

6. Customer's Protective Measures

6.1. Customer is responsible for establishing and implementing policies and procedures to safeguard its data and sensitive information against unauthorized access or use. Customer's Protective Measures may include additional security responsibilities, depending on the sensitivity of their data and the nature of the AT&T Services used by Customer. Customer's Protective Measures include the following, without limitation:

- (a) Selecting and implementing appropriate security measures based on the nature of the Services Customer uses and the type of information Customer transmits or stores via the Services. Without diminishing the previous sentence, such security measures shall include adequate, database-level encryption and/or camouflaging technologies with respect to any sensitive information the disclosure of which may give rise to liability to third parties. When Customer transmits or stores any such data using the services, it shall encrypt and/or camouflage such data so that it is unintelligible.
- (b) Selecting and using appropriate services, security features and options, based on Customer's specific business practices, security requirements and the type of information Customer transmits or stores via the Services.

- (c) Developing and maintaining appropriate management and security procedures, such as physical and logical access controls and processes (e.g., application logon security, including unique user identifications and passwords/pins/tokens complying with prudent security policies) on any Customer-provisioned or managed networked devices and systems.
- (d) Maintain detailed procedures and perform regular back-ups of Customer data, including any offsite facilities for storage or operation of backups, and regularly tests such backups.
- (e) Protecting and providing physical security of devices and systems on Customer's premises, including preventing unauthorized sensors, sniffers and eavesdropping devices from being installed on devices and systems located on Customer's premises.
- (f) Ensuring no security testing or scanning is initiated by Customer or its employees, agents or contractors on: (i) AT&T's network; or (ii) application components outside the responsibility and ownership of Customer, except pursuant to the terms of a separate written agreement with AT&T.
- (g) Promptly notifying AT&T of any actual or suspected security incidents or vulnerabilities Customer discovers relating to the Services.
- (h) Customer shall employ a multi-tiered information classification framework for categorizing and labeling information based on sensitivity of the content and specific legal requirements.
- (i) Customer shall maintain appropriate physical security practices that include the use of physical monitoring and intrusion detection systems, implementation of locks and access barriers, and screening access to facilities and equipment.
- (j) Customer shall maintain appropriate logical access controls that include authentication of claimed identity (using means such as passwords, PINS or tokens), periodic review of user IDs and accounts to verify continued business need, and management of user privileges in accordance with job function and business need. Password rules follow strict requirements, including a minimum number and type of characters and uniqueness from previous user passwords, user-name or dictionary words. Customer shall not under any circumstances provide administrative level access to AT&T or any access that would include the kinds of privileges that would enable AT&T to view or access any of Customer's sensitive data.
- (k) Customer shall employ firewalls that screen incoming and outgoing traffic, and intrusion detection tools that detect unauthorized attempts to penetrate Customer's network and computing environment.
- (l) Customer shall employ processes and technologies that include anti-malware protection and updates, personal firewall, operating system hardening and updates, power-on passwords, password-protected keyboard or screen locks that automatically trigger through inactivity, and full disk encryption where permitted by law to protect sensitive information on portable assets.
- (m) Customer shall use a disciplined process for the identification of security incidents and threats in a timely manner to minimize the loss or compromise of information and to facilitate incident resolution. Customer shall monitor its network and computing environment 24 x 7 and shall support active incident investigation and security event case management.
- (n) Customer shall maintain security audit logs that record access attempts and other security events and shall limit user control over system security functions to protect against tampering and unauthorized access.
- (o) Customer shall make internal distribution of security advisories that originate from industry security organizations and equipment, software and systems suppliers. Each security advisory shall be categorized, assigned a severity rating, and published along with the timeframe within which Customer will endeavor to resolve the vulnerability in accordance with its security standards.
- (p) Customer shall conduct regular tests to determine if security controls are maintained and are functioning in accordance with its policies, which initiatives shall include security status checking and vulnerability testing and management.

7. AT&T Security Products and Services

AT&T offers managed security products and services designed to assess and protect network infrastructure. Information about managed security products and services is available from Customer's account team. From time to time AT&T may offer some customized services. Execution of this Addendum by AT&T is not intended to imply, and will not be interpreted as implying,

that any managed security service products or services, or any security-related service options offered by AT&T for a fee, will be provided to Customer free of charge.

8. Unauthorized Access to Customer Data. AT&T shall indemnify, defend and hold the Customer and its employees, agents, representatives, attorneys and assigns (collectively, "Indemnified parties") harmless from and against any and all claims of third parties arising from a third party gaining unauthorized access to Customer data to the extent that such unauthorized access was directly caused by AT&T's failure to comply with Section 2 (AT&T Information and Network Security Customer Reference Guide/AT&T Security Program) of this Data Security Addendum, and shall pay all damages, costs and expenses, including reasonable attorneys' fees, incurred by the Indemnified parties as a direct result of such third party claims.

AT&T Acceptable Use Policy ("AUP")

AT&T Acceptable Use Policy

[Print](#)

To be notified of changes to the Acceptable Use Policy, please complete the form available at <http://www.corp.att.com/aup/subscribe.html>.

Introduction

AT&T is at all times committed to complying with the laws and regulations governing use of the Internet, e-mail transmission and text messaging and preserving for all of its Customers the ability to use AT&T's network and the Internet without interference or harassment from other users. The AT&T Acceptable Use Policy ("AUP") is designed to help achieve these goals.

By using IP Service(s), as defined below, Customer(s) agrees to comply with this Acceptable Use Policy and to remain responsible for its users. AT&T reserves the right to change or modify the terms of the AUP at any time, effective when posted on AT&T's web site at www.att.com/aup. Customer's use of the IP Service(s) after changes to the AUP are posted shall constitute acceptance of any changed or additional terms.

Scope of the AUP

The AUP applies to the AT&T services that provide (or include) access to the Internet, including hosting services (software applications and hardware), or are provided over the Internet or wireless data networks (collectively "IP Services").

Prohibited Activities

General Prohibitions: AT&T prohibits use of the IP Services in any way that is unlawful, harmful to or interferes with use of AT&T's network or systems, or the network of any other provider, interferes with the use or enjoyment of services received by others, infringes intellectual property rights, results in the publication of threatening or offensive material, or constitutes Spam/E-mail/Usenet abuse, a security risk or a violation of privacy.

Failure to adhere to the rules, guidelines or agreements applicable to search engines, subscription Web services, chat areas, bulletin boards, Web pages, USENET, applications, or other services that are accessed via a link from the AT&T-branded website or from a website that contains AT&T-branded content is a violation of this AUP.

Unlawful Activities: IP Services shall not be used in connection with any criminal, civil or administrative violation of any applicable local, state, provincial, federal, national or international law, treaty, court order, ordinance, regulation or administrative rule.

Violation of Intellectual Property Rights: IP Service(s) shall not be used to publish, submit/receive, upload/download, post, use, copy or otherwise reproduce, transmit, re-transmit, distribute or store any content/material or to engage in any activity that infringes, misappropriates or otherwise violates the intellectual property rights or privacy or publicity rights of AT&T or any individual, group or entity, including but not limited to any rights protected by any copyright, patent, trademark laws, trade secret, trade dress, right of privacy, right of publicity, moral rights or other intellectual property right now known or later recognized by statute, judicial decision or regulation.

Threatening Material or Content: IP Services shall not be used to host, post, transmit, or re-transmit any content or material (or to create a domain name or operate from a domain name), that harasses, or threatens the health or safety of others. In addition, for those IP Services that utilize AT&T provided web hosting, AT&T reserves the right to decline to provide such services if the content is determined by AT&T to be obscene, indecent, hateful, malicious, racist, defamatory, fraudulent, libelous, treasonous, excessively violent or promoting the use of violence or otherwise harmful to others.

Inappropriate Interaction with Minors: AT&T complies with all applicable laws pertaining to the protection of minors, including when appropriate, reporting cases of child exploitation to the National Center for Missing and Exploited Children. For more information about online safety, visit www.ncmec.org or www.att.com/safety.

Child Pornography: IP Services shall not be used to publish, submit/receive, upload/download, post, use, copy or otherwise produce, transmit, distribute or store child pornography. Suspected violations of this prohibition may be reported to AT&T at the following e-mail address: cp@abuse-att.net. AT&T will report any discovered violation of this prohibition to the National Center for Missing and Exploited Children and take steps to remove child pornography (or otherwise block access to the content determined to contain child pornography) from its servers.

Spam/E-mail/Usenet Abuse: Violation of the CAN-SPAM Act of 2003, or any other applicable law regulating e-mail services, constitutes a violation of this AUP.

Spam/E-mail or Usenet abuse is prohibited using IP Services. Examples of Spam/E-mail or Usenet abuse include but are not limited to the following activities:

- sending multiple unsolicited electronic mail messages or "mail-bombing" – to one or more recipient;
- sending unsolicited commercial e-mail, or unsolicited electronic messages directed primarily at the advertising or promotion of products or services;
- sending unsolicited electronic messages with petitions for signatures or requests for charitable donations, or sending any chain mail related materials;
- sending bulk electronic messages without identifying, within the message, a reasonable means of opting out from receiving additional messages from the sender;
- sending electronic messages, files or other transmissions that exceed contracted for capacity or that create the potential for disruption of the AT&T network or of the networks with which AT&T interconnects, by virtue of quantity, size or otherwise;
- using another site's mail server to relay mail without the express permission of that site;
- using another computer, without authorization, to send multiple e-mail messages or to retransmit e-mail messages for the purpose of misleading recipients as to the origin or to conduct any of the activities prohibited by this AUP;

- using IP addresses that the Customer does not have a right to use;
- collecting the responses from unsolicited electronic messages;
- maintaining a site that is advertised via unsolicited electronic messages, regardless of the origin of the unsolicited electronic messages;
- sending messages that are harassing or malicious, or otherwise could reasonably be predicted to interfere with another party's quiet enjoyment of the IP Services or the Internet (e.g., through language, frequency, size or otherwise);
- using distribution lists containing addresses that include those who have opted out;
- sending electronic messages that do not accurately identify the sender, the sender's return address, the e-mail address of origin, or other information contained in the subject line or header;
- falsifying packet header, sender, or user information whether in whole or in part to mask the identity of the sender, originator or point of origin;
- using redirect links in unsolicited commercial e-mail to advertise a website or service;
- posting a message to more than ten (10) online forums or newsgroups, that could reasonably be expected to generate complaints;
- intercepting, redirecting or otherwise interfering or attempting to interfere with e-mail intended for third parties;
- knowingly deleting any author attributions, legal notices or proprietary designations or labels in a file that the user mails or sends;
- using, distributing, advertising, transmitting, or otherwise making available any software program, product, or service that is designed to violate this AUP or the AUP of any other Internet Service Provider, including, but not limited to, the facilitation of the means to spam.

Security Violations

Customers are responsible for ensuring and maintaining security of their systems and the machines that connect to and use IP Service(s), including implementation of necessary patches and operating system updates.

IP Services may not be used to interfere with, gain unauthorized access to, or otherwise violate the security of AT&T's (or another party's) server, network, network access, personal computer or control devices, software or data, or other system, or to attempt to do any of the foregoing. Examples of system or network security violations include but are not limited to:

- unauthorized monitoring, scanning or probing of network or system or any other action aimed at the unauthorized interception of data or harvesting of e-mail addresses;
- hacking, attacking, gaining access to, breaching, circumventing or testing the vulnerability of the user authentication or security of any host, network, server, personal computer, network access and control devices, software or data without express authorization of the owner of the system or network;
- impersonating others or secretly or deceptively obtaining personal information of third parties (phishing, etc.);
- using any program, file, script, command or transmission of any message or content of any kind, designed to interfere with a terminal session, the access to or use of the Internet or any other means of communication;
- distributing or using tools designed to compromise security (including but not limited to SNMP tools), including cracking tools, password guessing programs, packet sniffers or network probing tools (except in the case of authorized legitimate network security operations);
- knowingly uploading or distributing files that contain viruses, spyware, Trojan horses, worms, time bombs, cancel bots, corrupted files, root kits or any other similar software or programs that may damage the operation of another's computer, network system or other property, or be used to engage in modem or system hi-jacking;
- engaging in the transmission of pirated software;
- with respect to dial-up accounts, using any software or device designed to defeat system time-out limits or to allow Customer's account to stay logged on while Customer is not actively using the IP Services or using such account for the purpose of operating a server of any type;
- using manual or automated means to avoid any use limitations placed on the IP Services;
- providing guidance, information or assistance with respect to causing damage or security breach to AT&T's network or systems, or to the network of any other IP Service provider;
- failure to take reasonable security precautions to help prevent violation(s) of this AUP.

Customer Responsibilities

Customers remain solely and fully responsible for the content of any material posted, hosted, downloaded/uploaded, created, accessed or transmitted using the IP Services. AT&T has no responsibility for any material created on the AT&T's network or accessible using IP Services, including content provided on third-party websites linked to the AT&T network. Such third-party website links are provided as Internet navigation tools for informational purposes only, and do not constitute in any way an endorsement by AT&T of the content(s) of such sites.

Customers are responsible for taking prompt corrective action(s) to remedy a violation of AUP and to help prevent similar future violations.

AUP Enforcement and Notice

Customer's failure to observe the guidelines set forth in this AUP may result in AT&T taking actions anywhere from a warning to a suspension or termination of Customer's IP Services. When feasible, AT&T may provide Customer with a notice of an AUP violation via e-mail or otherwise allowing the Customer to promptly correct such violation.

AT&T reserves the right, however, to act immediately and without notice to suspend or terminate affected IP Services in response to a court order or government notice that certain conduct must be stopped, or when AT&T reasonably determines that the Customer's use of the affected IP Services may: (1) expose AT&T to sanctions, prosecution, civil action or any other liability; (2) cause harm to or interfere with the integrity or normal operations of AT&T's network or networks with which AT&T is interconnected; (3) interfere with another AT&T Customer's use of IP Services or the Internet; (4) violate any applicable law, rule or regulation; or (5) otherwise present an imminent risk of harm to AT&T or AT&T Customers.

Copyright Infringement & Digital Millennium Copyright Act

AT&T respects the intellectual property rights of others. The Digital Millennium Copyright Act of 1998 (the "DMCA" found at 17 U.S.C. § 512) provides that owners of copyrighted works who believe that their rights under U.S. copyright law have been infringed may report alleged infringements to service providers like AT&T. In accordance with the DMCA and other applicable laws, AT&T maintains a policy that provides for the termination of IP Services, under appropriate circumstances, if Customers are found to be a repeat infringer and/or if Customers' IP Services are used repeatedly for infringement (the "Repeat Infringer Policy"). AT&T may terminate IP Services at any time with or without notice to Customers.

AT&T has no obligation to investigate possible copyright infringements with respect to materials transmitted by Customer or any other users of the IP Services. However, AT&T will process valid notifications of claimed infringement under the DMCA, and continued receipt of infringement notifications for Customer's account will be used as a factor in determining whether Customer is a repeat infringer. In addition, AT&T may voluntarily participate, on terms acceptable to AT&T, in copyright alert and graduated response programs.

Incident Reporting

Any complaints (other than claims of copyright infringement) regarding violation of this AUP by an AT&T Customer (or its user) should be directed to abuse@att.net. Where possible, include details that would assist AT&T in investigating and resolving such complaint (e.g., expanded headers, IP address(s), a copy of the offending transmission and any log files).

DMCA Copyright Notifications:

Pursuant to 17 U.S.C. §§ 512(b)–(d), a copyright holder may send AT&T a valid notification of claimed copyright infringement under the DMCA. For further information regarding such notifications, see <https://www.att.com/legal/terms.dmca.html>. AT&T's designated agent to receive notifications of claimed infringement as described in DMCA subsection 512(c)(3) is:

Registered Copyright Agent
4825 Creekstone Drive, Suite 300
Durham, NC 27703
E-mail: copyright@att.com

Due to the substantial volume of notifications of claimed infringement that AT&T receives and processes, we are unable to accept notices of alleged copyright infringement via this designated agent or email address other than notifications of claimed infringement sent pursuant to Sections 512(b)–(d).

AT&T also provides transitory digital network communications services, pursuant to 17 U.S.C. § 512(a). In connection with such services, AT&T provides an online form that copyright holders should use to send notifications related to alleged copyright infringement by its users based on the standards of the Automated Copyright Notice System (ANCS). Copyright holders should use this online form to submit complaints related to alleged peer-to-peer file sharing (i.e. sharing media files via peer-to-peer networking technology), or other forms of copyright notice other than those sent pursuant to Sections 512(b)–(d) of the DMCA ("ISP Conduit Notices"). By submitting complaints using this online form, we are able to more efficiently manage and process ISP Conduit Notices. Due to the substantial volume of copyright notices that AT&T receives, we are unable to guarantee processing of ISP Conduit Notices that are sent by other means. Copyright holders can access AT&T's online form at att.com/p2pnotices. Please note that copyright holders must complete all fields in the online form before submitting.

Contact Information: Any notification that AT&T sends to its Customers pursuant to this AUP will be sent via e-mail to the e-mail address on file with AT&T, or may be in writing to Customer's address of record. It is Customer's responsibility to promptly notify AT&T of any change of contact information.

Section 1: Instructions. Section 1 sets forth the instructions for completing and executing this EDS.

Section 2: Certifications. Section 2 sets forth certifications that are required for contracting parties under the Code and other applicable laws. Execution of this EDS constitutes a warranty that all the statements and certifications contained, and all the facts stated, in the Certifications are true, correct and complete as of the date of execution.

Section 3: Economic and Other Disclosures Statement. Section 3 is the County's required Economic and Other Disclosures Statement form. Execution of this EDS constitutes a warranty that all the information provided in the EDS is true, correct and complete as of the date of execution, and binds the Applicant to the warranties, representations, agreements and acknowledgements contained therein.

Required Updates. The Applicant is required to keep all information provided in this EDS current and accurate. In the event of any change in the information provided, including but not limited to any change which would render inaccurate or incomplete any certification or statement made in this EDS, the Applicant shall supplement this EDS up to the time the County takes action, by filing an amended EDS or such other documentation as is required.

Additional Information. The County's Governmental Ethics and Campaign Financing Ordinances impose certain duties and obligations on persons or entities seeking County contracts, work, business, or transactions, and the Applicant is expected to comply fully with these ordinances. For further information please contact the Director of Ethics at (312) 603-4304 (69 W. Washington St. Suite 3040, Chicago, IL 60602) or visit the web-site at cookcountyil.gov/ethics-board-of.

Authorized Signers of Contract and EDS Execution Page. If the Applicant is a corporation, the President and Secretary must execute the EDS. In the event that this EDS is executed by someone other than the President, attach hereto a certified copy of that section of the Corporate By-Laws or other authorization by the Corporation, satisfactory to the County that permits the person to execute EDS for said corporation. If the corporation is not registered in the State of Illinois, a copy of the Certificate of Good Standing from the state of incorporation must be submitted with this Signature Page.

If the Applicant is a partnership or joint venture, all partners or joint venturers must execute the EDS, unless one partner or joint venture has been authorized to sign for the partnership or joint venture, in which case, the partnership agreement, resolution or evidence of such authority satisfactory to the Office of the Chief Procurement Officer must be submitted with this Signature Page.

If the Applicant is a member-managed LLC all members must execute the EDS, unless otherwise provided in the operating agreement, resolution or other corporate documents. If the Applicant is a manager-managed LLC, the manager(s) must execute the EDS. The Applicant must attach either a certified copy of the operating agreement, resolution or other authorization, satisfactory to the County, demonstrating such person has the authority to execute the EDS on behalf of the LLC. If the LLC is not registered in the State of Illinois, a copy of a current Certificate of Good Standing from the state of incorporation must be submitted with this Signature Page.

If the Applicant is a Sole Proprietorship, the sole proprietor must execute the EDS.

A "Partnership" "Joint Venture" or "Sole Proprietorship" operating under an Assumed Name must be registered with the Illinois county in which it is located, as provided in 805 ILCS 405 (2012), and documentation evidencing registration must be submitted with the EDS.

Effective October 1, 2016 all foreign corporations and LLCs must be registered with the Illinois Secretary of State's Office unless a statutory exemption applies to the applicant. Applicants who are exempt from registering must provide a written statement explaining why they are exempt from registering as a foreign entity with the Illinois Secretary of State's Office.

SECTION 2**CERTIFICATIONS**

THE FOLLOWING CERTIFICATIONS ARE MADE PURSUANT TO STATE LAW AND THE CODE. THE APPLICANT IS CAUTIONED TO CAREFULLY READ THESE CERTIFICATIONS PRIOR TO SIGNING THE SIGNATURE PAGE. SIGNING THE SIGNATURE PAGE SHALL CONSTITUTE A WARRANTY BY THE APPLICANT THAT ALL THE STATEMENTS, CERTIFICATIONS AND INFORMATION SET FORTH WITHIN THESE CERTIFICATIONS ARE TRUE, COMPLETE AND CORRECT AS OF THE DATE THE SIGNATURE PAGE IS SIGNED. THE APPLICANT IS NOTIFIED THAT IF THE COUNTY LEARNS THAT ANY OF THE FOLLOWING CERTIFICATIONS WERE FALSELY MADE, THAT ANY CONTRACT ENTERED INTO WITH THE APPLICANT SHALL BE SUBJECT TO TERMINATION.

A. PERSONS AND ENTITIES SUBJECT TO DISQUALIFICATION

No person or business entity shall be awarded a contract or sub-contract, for a period of five (5) years from the date of conviction or entry of a plea or admission of guilt, civil or criminal, if that person or business entity:

- 1) Has been convicted of an act committed, within the State of Illinois, of bribery or attempting to bribe an officer or employee of a unit of state, federal or local government or school district in the State of Illinois in that officer's or employee's official capacity;
- 2) Has been convicted by federal, state or local government of an act of bid-rigging or attempting to rig bids as defined in the Sherman Anti-Trust Act and Clayton Act. Act. 15 U.S.C. Section 1 *et seq.*;
- 3) Has been convicted of bid-rigging or attempting to rig bids under the laws of federal, state or local government;
- 4) Has been convicted of an act committed, within the State, of price-fixing or attempting to fix prices as defined by the Sherman Anti-Trust Act and the Clayton Act. 15 U.S.C. Section 1, *et seq.*;
- 5) Has been convicted of price-fixing or attempting to fix prices under the laws the State;
- 6) Has been convicted of defrauding or attempting to defraud any unit of state or local government or school district within the State of Illinois;
- 7) Has made an admission of guilt of such conduct as set forth in subsections (1) through (6) above which admission is a matter of record, whether or not such person or business entity was subject to prosecution for the offense or offenses admitted to; or
- 8) Has entered a plea of *nolo contendere* to charge of bribery, price-fixing, bid-rigging, or fraud, as set forth in subparagraphs (1) through (6) above.

In the case of bribery or attempting to bribe, a business entity may not be awarded a contract if an official, agent or employee of such business entity committed the Prohibited Act on behalf of the business entity and pursuant to the direction or authorization of an officer, director or other responsible official of the business entity, and such Prohibited Act occurred within three years prior to the award of the contract. In addition, a business entity shall be disqualified if an owner, partner or shareholder controlling, directly or indirectly, 20% or more of the business entity, or an officer of the business entity has performed any Prohibited Act within five years prior to the award of the Contract.

THE APPLICANT HEREBY CERTIFIES THAT: The Applicant has read the provisions of Section A, Persons and Entities Subject to Disqualification, that the Applicant has not committed any Prohibited Act set forth in Section A, and that award of the Contract to the Applicant would not violate the provisions of such Section or of the Code.

B. BID-RIGGING OR BID ROTATING

THE APPLICANT HEREBY CERTIFIES THAT: In accordance with 720 ILCS 5/33 E-11, neither the Applicant nor any Affiliated Entity is barred from award of this Contract as a result of a conviction for the violation of State laws prohibiting bid-rigging or bid rotating.

FAMILIAL RELATIONSHIP DISCLOSURE PROVISION

Nepotism Disclosure Requirement:

Doing a significant amount of business with the County requires that you disclose to the Board of Ethics the existence of any familial relationships with any County employee or any person holding elective office in the State of Illinois, the County, or in any municipality within the County. The Ethics Ordinance defines a significant amount of business for the purpose of this disclosure requirement as more than \$25,000 in aggregate County leases, contracts, purchases or sales in any calendar year.

If you are unsure of whether the business you do with the County or a County agency will cross this threshold, err on the side of caution by completing the attached familial disclosure form because, among other potential penalties, any person found guilty of failing to make a required disclosure or knowingly filing a false, misleading, or incomplete disclosure will be prohibited from doing any business with the County for a period of three years. The required disclosure should be filed with the Board of Ethics by January 1 of each calendar year in which you are doing business with the County and again with each bid/proposal/quotation to do business with Cook County. The Board of Ethics may assess a late filing fee of \$100 per day after an initial 30-day grace period.

The person that is doing business with the County must disclose his or her familial relationships. If the person on the County lease or contract or purchasing from or selling to the County is a business entity, then the business entity must disclose the familial relationships of the individuals who are and, during the year prior to doing business with the County, were:

- its board of directors,
- its officers,
- its employees or independent contractors responsible for the general administration of the entity,
- its agents authorized to execute documents on behalf of the entity, and
- its employees who directly engage or engaged in doing work with the County on behalf of the entity.

Do not hesitate to contact the Board of Ethics at (312) 603-4304 for assistance in determining the scope of any required familial relationship disclosure.

Additional Definitions:

"Familial relationship" means a person who is a spouse, domestic partner or civil union partner of a County employee or State, County or municipal official, or any person who is related to such an employee or official, whether by blood, marriage or adoption, as a:

SECTION 4

COOK COUNTY AFFIDAVIT FOR WAGE THEFT ORDINANCE

Effective May 1, 2015, every Person, **including Substantial Owners**, seeking a Contract with Cook County must comply with the Cook County Wage Theft Ordinance set forth in Chapter 34, Article IV, Section 179. Any Person/Substantial Owner, who fails to comply with Cook County Wage Theft Ordinance, may request that the Chief Procurement Officer grant a reduction or waiver in accordance with Section 34-179(d).

"Contract" means any written document to make Procurements by or on behalf of Cook County.

"Person" means any individual, corporation, partnership, Joint Venture, trust, association, limited liability company, sole proprietorship or other legal entity.

"Procurement" means obtaining supplies, equipment, goods, or services of any kind.

"Substantial Owner" means any person or persons who own or hold a twenty-five percent (25%) or more percentage of interest in any business entity seeking a County Privilege, including those shareholders, general or limited partners, beneficiaries and principals; except where a business entity is an individual or sole proprietorship, Substantial Owner means that individual or sole proprietor.

All Persons/Substantial Owners are required to complete this affidavit and comply with the Cook County Wage Theft Ordinance before any Contract is awarded.
