- Install time: 7 hours
- **Part Weight:** 90.00 lbs

Related Products

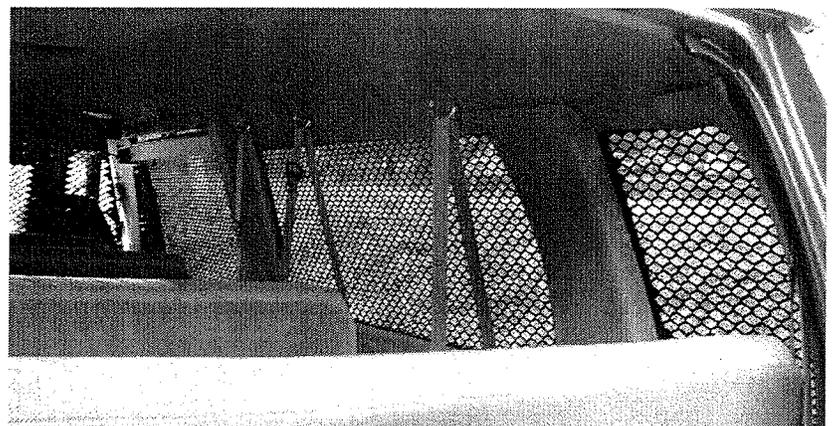

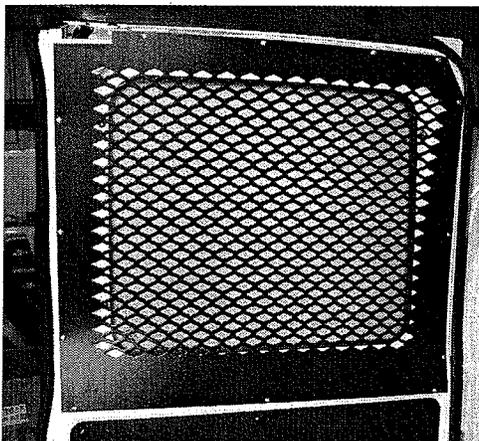

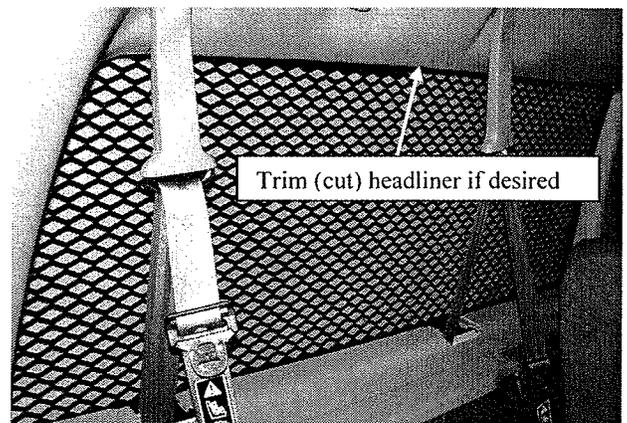

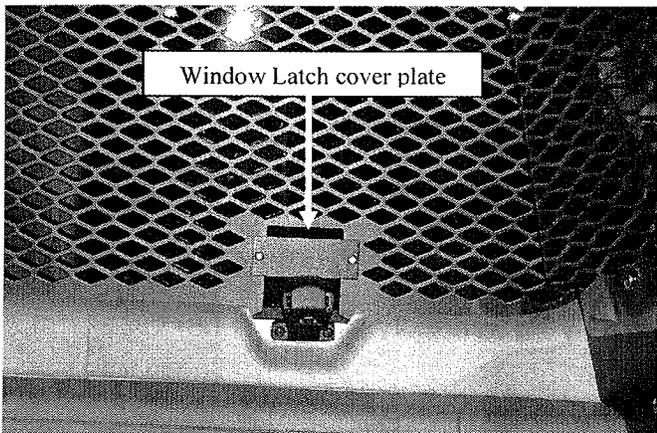

3. Notching Plastic:

- The window trim for the first drivers' side window (F1-1) must be cut where the pop out window latches are located.
- Mark the "V" shaped foot print of latch and cut plastic trim. The latches will bolt back against metal at the original location.

4. Final Touches:

- The trim sections at the top and at the rear doors may stick out a little at the top where it meets the headliner.
- Use a #10 x 1 ¼" Sheet metal screw to secure it down at the top of the trim.
- Some trim panels between windows may also need sheet metal screws to secure them.
- Attach supplied Window Latch cover plates as shown below using #10 x ½" sheet metal screws as shown below.

NOTE: The headliner will push against the window guards. This may cause the headliner to buckle slightly. If desired, the headliner can be carefully trimmed (cut) with a razor knife where it meets the window guard. This will alleviate the buckling headliner.

Description

Features and Benefits:

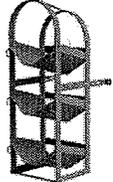

- 16 gauge steel, hemmed panel and center hat channel brace provide extra strength and security.
- EXTRA SECURITY! Corner contoured to prevent reaching in from the cab to unlock the side door.
- Center panel has removable hatch to accommodate long cargos.
- Perforated panel allows driver to see from the rear view mirror and provides greater visibility.
- Quick and easy to install. Coated with black matted powder coat to minimize glare and eliminate scratching and chipping.
- Separate wing kit for Ford or GM Included!!
- Rubber-cushioned door frame coupled with air-tight high-compression door latch to prevent annoying rattling. (Sold Separately)
- Removable dog door accommodates lengthy cargos such as elongated pipes that require extended storage space beyond the partition.

Description:

The Kargo Master Partition Kit provides security for the cargo area and protects your valuable tools and parts. The Partition Kit is constructed with heavy-duty 16 gauge steel hemmed panel, and welded supporting hat channel provides extra strength and security. Custom GM or Ford corner contoured wing kit is included, which custom fits to your vehicle's interior and provides extra security by preventing people from reaching in through the cab to unlock the side door. Perforated panels provide better rear visibility while maintaining the security of a full partition. Center partition panel includes a removable dog door to accommodate lengthy cargos such as elongated pipes that require
