Mark,

Per our conversation, I've attached some data sheets and pricing for **7 / 5200** units, which is GPS only (no diagnostics) and a 3 wire harness(**\$10.00**) or the OBD II port harness (**\$35.00**) . Price will be **\$235.00 (hardware)** and **\$25.95** for the monthly fees. Reply back with any questions. Thanks

- **5200 Series GPS (only):** Our 5200 Series GPS unit, the lower cost alternative of our two devices, is compatible on all light, medium, and heavy vehicles. And we do offer a quick install connector that plugs into the OBD II port of the vehicle. Now you can you CONNECT to a Garmin device, NMEA, as well as integrate with a PTO (sensor module). Just like the 5500 series.

Pricing :

You can get started tracking your vehicles with only a monthly fee per vehicle per month. *Or*, you can purchase your devices upfront, and then only pay the month 'air-time' or service fee per vehicle per month. Bundled pricing is a three (3) years agreement and the Direct pricing is one (1) agreement.

NOTE: On the Bundled pricing...after the three(3) is over your monthly payment will drop down to the Direct price monthly

Harness Type: Hard wire install (3-wire) = **\$10.00** OR OBD II Port Install (Plug n Play) **\$35.00** :

Install: On the **Direct pricing** – *if* Networkfleet does the install the price is **\$90.00**per unit / vehicle.

Market Differentiators

- Roadside Assistance Program
- 3 year warranty at no additional costs
- Automotive Grade Hardware, Made and Assembled in USA
- Plug and Play Install (no hard wiring or splicing)
- Networkfleet has 11+ years in business and over 135,000 units on the road in the US/Canada
- Multiple training options including live webinars for all (**UNLIMITED**) users, self guided tutorials and monthly trainings
- Idle Time Alerts
