Netrix, LLC Return "RMA" Policy

This policy update supersedes all other policies appearing on all other Netrix, LLC literature and is in effect for purchases made after August 31, 2003.

Before returning any product, you must obtain a Return Merchandise Authorization (RMA) number. NO returns, of any type, will be accepted without an RMA number. Please have the following information on hand when calling for an RMA number: customer name, invoice number, serial number, and the nature of the problem.

Cisco, HP/Compaq, Dell, IBM, Toshiba, and Apple can only be repaired or replaced under the manufacturer's warranty.

Regardless of invoice date, all defective custom configured computers will be accepted for repair only. All other defective computers will be accepted for repair or replacement only at manufacturer's discretion.

All factory sealed non-defective returns for credit or replacement, are subject to restocking fees based on manufacturer's return policies. Manufacturer policies will determine if a product is accepted for return. Please note, most manufacturers as of January 1, 2004 are NOT approving non defective products for return. All approved returns must be completed within 30 days from the date of invoice.

All opened non-defective items are non-returnable.

For all non-defective returns the shipping and handling charges will not be credited.

Cisco, Apple, HP/Compaq, Dell, Toshiba, and IBM only: due to manufacturer return policies, all returns must go through Netrix ,LLC. All return requests are strictly governed at Manufacturer's discretion.

All products to be returned must be returned 100% complete, including packing material, manuals, blank warranty cards, and other accessories provided by the manufacturer. Incomplete returns will be returned to the customer at the original cost.

Netrix, LLC reserves the right to send back to the customer any items that are non-defective or non-returnable and reverse any credit issued for such product(s).

Always keep all boxes, packing material, and documentation in the event that your equipment has to be serviced or returned for a minimum of 90 days.
