SPECIFICATIONS
ORDER #98388 OR - REBID**

SCOPE

The contractor shall furnish certifications and calibration supplies for the Cook County Sheriff's Police Department's hand held and dash mounted radar units, all in accordance with the contract documents, specifications and proposal within.

GENERAL MAINTENANCE

Certifications will be made on all units where the annual certification has expired. Certifications are to be made at the service location of the awarded contractor. Radar units will either be delivered or shipped to contractor's location depending upon distance from radar units' location. On units shipped, return postage costs will be included in the certification costs. Except for unusual circumstances certification should be made and units returned within two weeks of receipt.

RECERTIFICATION

Recertification must be done annually to verify the accuracy and frequency of the radar units. The unit must be calibrated on a yearly basis in order to obtain a certificate issued by the vendor which must be available in court for utilization by the State's Attorney's Office and other legal entities. The unit loses speed with continued use. Recertification is necessary for the radar reading to be admissible in a court of law. (Blank certificate sample enclosed)

REPAIRS

Each unit is made of multiple parts which can malfunction over time. Examples are repair of handle, lights, power buttons, etc. Due to the numerous brands and models in possession of the Cook County Sheriff's Police Department parts cannot be listed.

BILLING

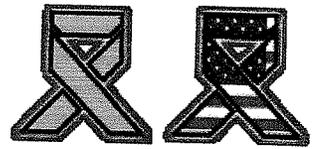

The contractor shall bill the Police Department monthly for certifications made. These will be mailed for processing to the Police Department located at 1401 South Maybrook Drive Maywood, Illinois 60153.

Certificate of Conformance

MPH Accuracy Check

I hereby certify that I have checked the following RADAR or LIDAR Speed Meter for accuracy and correctness of operation, meeting the manufacturers specifications within +/- 1 MPH from 15 to 175 mph:

Manufacturer: _____ Model: _____
Serial Number: _____
Front Antenna: _____ Rear Antenna: _____
Tuning Forks: _____

SAMPLE

If the owner of this RADAR or LIDAR Speed Meter has a proper Federal Communications Commission operating License, then they should be able to operate this equipment in compliance with all rules and regulations of the Federal Communications Commission and also in compliance with accuracy standards accepted by the courts.

The following standards were used as reference for this calibration. Their calibration is traceable to the National References Standards maintained at the National Bureau of Standards.

- ▲ Frequency Counter EIP 548 #00387
- ▲ B & K Precision Power Supply 1688 #01144
- ▲ OSP HP 5343A # 2014A0153
- ▲ E.P. Speed Generator #1146 & E.P. Speed Generator #1182
- ▲ LASER Class II Leica Distro A3 #2063940026 spec +/- two tenths of an inch.
- ▲ KA Band Tuning Forks 35 & 50 MPH.
- ▲ K Band Tuning Forks 35,65 & 80 MPH.
- ▲ X Band Tuning Forks 35, 65 & 80 MPH.

Response to Quotation 98388 OR Certification and Recalibration of RADAR speed detectors.

Triton Electronics, Inc. will comply will all terms set forth in the quotation.

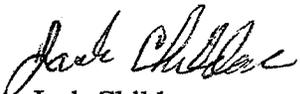

Triton Electronics, Inc would like to advise customer of additional no extra charge services provided:

Calibration can be made on site at any district headquarters for any group of more than 10 units at no additional charge. Appointments to be set with Triton Electronics, Inc. at least five (5) business days in advance.

For units shipped in to Triton Electronics, Inc. for calibration/recertification units average turn around time is 48 hours, plus ground shipping time, exceeding the requirement set forth by customer of two weeks.

Units needing repair or calibration stationed at any District Location can be forwarded or ferried to District location at Rolling Meadows Courthouse by customer. When notified, a representative of Triton Electronics, Inc. will pick them up and return to same location at no additional cost. This will save the customer on shipping.

Tuning Forks will also be certified for RADAR units at time of calibration if the customer provides them, at no additional charge.
