Dear Tony,

This letter is in response to a Department of Capital Planning request to review the existing chilled water plant which provides cooling for the Juvenile Temporary Detention Center - East Building (JTDCE) in Chicago and provide a change order to our existing Contract No. 12-60-349 for furnishing and installing two new Carrier chillers to replace the two 45-year old existing Carrier chillers. One chiller has failed and cannot be adequately repaired, without substantial cost as per the Facility. The other chiller, while operational, is well beyond its projected life expectancy. If the existing operational chiller fails, the JTDCE would be without cooling capacity.

The purpose of this letter is to provide a summary of our proposed scope of work to complete this change order in an expedited manner per the "County Initiated Change Order" provision in our existing contract. With the cooling season fast approaching, we encourage you to consider this proposed Change Order as soon as possible. This work will be incorporated into the GESC as Amendment 1 to Contract No. 12-60-349.

May 4th Proposal Scope of Work:

1. Provide and install two (2) Carrier 19XRV, 1200 Ton, Centrifugal Chillers.
2. Provide all associated rigging to remove existing chillers and lower new chillers down "area well" to mechanical room.
3. Removal of block wall in area well/mechanical room to accommodate chiller installation. Provide and install temporary secure enclosure in place of block wall until second chiller is removed.
4. Re-blocking and painting (black paint) new block wall in area well and in mechanical room.
5. Removal of existing chillers. Each chiller and associated starter will be removed at different times.

6. Provide and install a new 14" condenser water manual isolation valve (chain gear) for each chiller. Remove and dispose of existing.
  7. Provide and install new 12" supply and return chilled water manual isolation valve for each chiller. Remove and dispose of existing.
  8. Provide and install new strainer basked for each existing condenser water strainer.
  9. Extend existing concrete pad to accommodate each new chiller.
  10. Fill existing pad with concrete where existing underground electrical feeds are to be removed.
  11. Reclaim refrigerant from Chiller #1 and Chiller #2.
  12. Completely remove electrical feed from switchgear room to chiller starter and from starter to chiller compressor.
  13. Remove concrete pad serving existing chiller starters and level floor once the second chiller and starter is removed.
- 
14. Provide and install new Griswold for Chiller #1 & Chiller #2 condenser and chilled water piping.
  15. Provide and install new electrical feed from switchgear to each new chiller. Re-use existing electrical breaker. New electrical feed to be run along the mechanical room wall and/or concrete support beam to minimize accessibility to chiller equipment for service for future repair with a gantry.
  16. Provide and install any new piping from isolation valves to new chilled water and condenser water connections for each chiller.
  17. Provide and install new pipe insulation for all new piping condenser and chilled water isolation valves and condenser water strainer.
  18. Provide As-built mechanical and electrical drawings.
  19. Asbestos abatement of the insulation on both chillers.

Noted exception:

NORESKO has no provision for providing the building temporary chilled water during construction.

Completion, Warranty, and Performance Guarantee:

Anything in the GEPC notwithstanding, this May 4th Proposal Scope of Work shall not be considered for the purposes of establishing Final Acceptance for the overall project. After Final Acceptance of the remainder of the Construction and Installation Scope of Work, the County shall release NORESKO's retainage on the Construction and Installation Scope of Work and the Guarantee Period shall commence.

NORESKO will separately document Substantial Completion and Final Acceptance of this May 4th Proposal Scope of Work. The warranty period for this May 4th Proposal Scope of Work will be one year from the date of its Substantial Completion. The County may retain 10% of the May 4th Proposal Cost until the Final Completion of the May 4th Proposal Scope of Work.

This May 4th Proposal Scope of Work consists of Additional Items that will not be subject to the Performance Guarantee in accordance with GEPC Section 1.3.4.

May 4th Proposal Cost:

---

NORESKO is pleased to provide the above scope for a sum of \$1,665,000.

Best regards,

A handwritten signature in black ink, appearing to read "Robert W. Smith".

### **FAMILIAL RELATIONSHIP DISCLOSURE PROVISION**

#### **Nepotism Disclosure Requirement:**

Doing a significant amount of business with the County requires that you disclose to the Board of Ethics the existence of any familial relationships with any County employee or any person holding elective office in the State of Illinois, the County, or in any municipality within the County. The Ethics Ordinance defines a significant amount of business for the purpose of this disclosure requirement as more than \$25,000 in aggregate County leases, contracts, purchases or sales in any calendar year.

If you are unsure of whether the business you do with the County or a County agency will cross this threshold, err on the side of caution by completing the attached familial disclosure form because, among other potential penalties, any person found guilty of failing to make a required disclosure or knowingly filing a false, misleading, or incomplete disclosure will be prohibited from doing any business with the County for a period of three years. The required disclosure should be filed with the Board of Ethics by January 1 of each calendar year in which you are doing business with the County and again with each bid/proposal/quotation to do business with Cook County. The Board of Ethics may assess a late filing fee of \$100 per day after an initial 30-day grace period.

The person that is doing business with the County must disclose his or her familial relationships. If the person on the County lease or contract or purchasing from or selling to the County is a business entity, then the business entity must disclose the familial relationships of the individuals who are and, during the year prior to doing business with the County, were:

- its board of directors,
- its officers,
- its employees or independent contractors responsible for the general administration of the entity,
- its agents authorized to execute documents on behalf of the entity, and
- its employees who directly engage or engaged in doing work with the County on behalf of the entity.
