- B. The bid documents include a Construction Task Catalog® (CTC) containing construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material, and equipment prices and are for the direct cost of construction. The Contractor will bid a set of Adjustment Factors that are to be applied to the Unit Prices contained in the CTC.
- C. Contracts will be awarded to the lowest, responsive and responsible bidders. The County intends to award one or more contracts in each of the following construction disciplines:

<i>General Construction</i>
<i>Mechanical Construction</i>
<i>Electrical Construction</i>
<i>Highway / Site Work</i>
<i>Demolition</i>
<i>Residential Construction</i>

- D. Thereafter, as Job Orders are identified, the Contractor will jointly scope the work with the County. The County will prepare a Detailed Scope of Work and issue a Request for Price Proposal to the Contractor. The Contractor will then prepare a Job Order Proposal which includes but is not limited to a Job Order Price Proposal, work schedule, sketches and drawings, a list of subcontractors, Utilization Plan, and other requested documentation. The Job Order Price is determined by multiplying the preset Unit Prices by the appropriate quantities and by the appropriate Adjustment Factor. The Job Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. If the Job Order Proposal is found to be reasonable, a Job Order may be issued by the County. Extra work, credits, and deletions will be contained in additional Supplemental Job Orders.

Any deviations or exceptions which the Bidder intends to take from the Specifications or other Contract Documents must be noted on the Proposal page or pages attached thereto, with the exact nature of the changes outlined in detail, along with the reasons for such deviations or exceptions. The County of Cook reserves the right to reject and disqualify any proposals containing deviations or exceptions.

IB-25 BID RIGGING – BID ROTATING

By submitting a Proposal, the Bidder warrants that neither Bidder, its officers, employees or agents have participated in bid rigging, bid rotating or offering of kick-backs as defined by the Illinois Criminal Code, [Illinois Revised Statutes (1991) Ch. 38, par. 33E. [Illinois Compiled Statutes 1992, 720 ILCS 5/33E-1]. The Bidder shall execute a Certificate with such assurances to be submitted as part of the Bid Proposal.

Any Bidder who reasonably believes that the recommended Bidder is not the lowest Responsive and Responsible Bidder, or has a complaint about the bid process, may submit a bid protest, in writing, and directed to the CPO, within three business days after the date upon which the CPO posts the recommended Bid for award or execution. The bid protest must specify why the protester believes the recommended Bidder is not the lowest Responsive and Responsible Bidder, or why the protestor believes the bid procedure was unfair, including a statement of how the alleged unfairness prejudiced the protesting Bidder and the action requested of the CPO. A bid protest based on an issue which could have been clarified through a request for clarification or information pursuant to Section 34-136(d), Communications with the County regarding competitive bidding process, will not be considered if the protesting Bidder failed to make such request. When a bid protest has been submitted, no further action shall be taken on the Procurement until the CPO makes a decision concerning the bid protest, unless the Using Agency responds in writing and sufficiently demonstrates that the item to be procured is urgently required and (ii) failure to make the award promptly will unduly delay delivery or performance or cause other undue harm.

The CPO shall issue a written decision on the bid protest to the protesting Bidder and to any other Bidder affected by such decision as soon as reasonably practicable. If the bid protest is upheld based on a lack of fairness in the bid procedure, the CPO shall re-bid the procurement. If the CPO determines that the recommended Bidder was not Responsive and Responsible, that Bidder shall be disqualified and the CPO may either recommend the lowest Responsive and Responsible Bidder or re-bid. Any CPO decision concerning bid protests shall be final.

The Contractor must furnish the Office of the Chief Procurement Officer, 118 North Clark Room 1018 Chicago, IL 60602, original Certificates of Insurance, or such similar evidence, to be in force on the date of this Contract, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the term of this Contract. The Contractor must submit evidence of insurance prior to Contract award. The receipt of any certificate does not constitute agreement by the County that the insurance requirements in the Contract have been fully met or that the insurance policies indicated on the certificate are in compliance with all Contract requirements. The failure of the County to obtain certificates or other insurance evidence from Contractor is not a waiver by the County of any requirements for the Contractor to obtain and maintain the specified coverages. The Contractor shall advise all insurers of the Contract provisions regarding insurance. Non-conforming insurance does not relieve Contractor of the obligation to provide

insurance as specified herein. Non-fulfillment of the insurance conditions may constitute a violation of the Contract, and the County retains the right to stop work until proper evidence of insurance is provided, or the Contract may be terminated.

The Contractor must provide for 60 days prior written notice to be given to the County in the event coverage is substantially changed, canceled, or non-renewed.

Any deductibles or self-insured retentions on referenced insurance coverages must be borne by Contractor.

The Contractor hereby waives and agrees to require their insurers to waive their rights of subrogation against Cook County, its employees, elected officials, agents, or representatives.

The coverages and limits furnished by Contractor in no way limit the Contractor's liabilities and responsibilities specified within the Contract or by law.

Any insurance or self-insurance programs maintained by Cook County does not contribute with insurance provided by the Contractor under the Contract.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Contract or any limitation placed on the indemnity in this Contract given as a matter of law.

If Contractor is a joint venture or limited liability company, the insurance policies must name the joint venture or limited liability company as a named insured.

The Contractor must require all subcontractors to provide the insurance required herein, or Contractor may provide the coverages for subcontractors. All subcontractors are subject to the same insurance requirements of Contractor unless otherwise specified in this Contract.

If Contractor or subcontractor desires additional coverages, the party desiring the additional coverages is responsible for the acquisition and cost.

The Cook County Department of Risk Management maintains the right to modify, delete, alter or change these requirements.

Section 1.01 Explanations

COOK COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

TRUCK DRIVERS (WEST) - That part of the county West of Barrington Road.

=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification

and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in

the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

MBE/WBE/DBE/SBE PARTICIPATION PLAN

To be inserted by the Bidder.

- A. Bidders must prepare, and submit with his Bid Proposal, an MBE/WBE/DBE/SBE Participation Plan.

- B. The MBE/WBE/DBE/SBE Participation Plan must, at a minimum, address the following topics:
 - 1. The type of work the Bidder self performs
 - 2. The type of work the Bidder intends to self perform
 - 3. Whether or not the Bidder intends to subcontract Work the Bidder could self perform for the purpose of meeting or exceeding the MBE/WBE/DBE/SBE goals set forth in this Solicitation.
 - 4. A list of MBE, WBE, AND DBE subcontractors the Bidder may utilize to achieve the MBE/WBE/DBE/SBE goals
 - 5. Whether or not the Bidder feels the MBE/WBE/DBE/SBE goals set forth in this solicitation are achievable.

F.H. Paschen, S.N. Nielsen

MBE/WBE/DBE/SBE PARTICIPATION PLAN

1. The type of work the Bidder self performs

Paschen has the capability to self-perform major portions of the work—mainly concrete and carpentry, but also earthwork, selective demolition, temporary enclosures/protection, traffic control, concrete paving, drywall, doors and hardware, and specialties.

The option to self-perform offers significant advantages to our clients, particularly the ability to control the project's schedule, maintain the budget, and meet the quality standards specified while setting the pace of progress for the other trades to follow. Competitive pricing gives us confidence to bid against others for this work. Our better understanding of the job and our lower markup result in the lowest price and the best value.

2. The type of work the Bidder intends to self perform

We intend to self-perform the services described above when it is advantageous to the project. This is the process by which we determine which work will be self-performed or subcontracted:

- We identify the scope of work and the availability of the subcontractors
- If we can create a competitive advantage by assigning this work to our own forces, we will choose to self-perform the work
- We will make assignments for self-performance based on availability of our workforces, resources required, and complexity of the work required

Using this process, we can determine the points at which there will be sufficient volumes of work for our crews, making specific references to not only the trades but the specific scopes of work. Our in-house workforce will perform work that has been clearly defined by the Project Manager and will not overlap with work subcontracted to other trades. The Project Manager will determine what work will be assigned to subcontractors and what work will be self-performed by our skilled and highly trained in-house personnel.

3. Whether or not the Bidder intends to subcontract Work the Bidder could self perform for the purpose of meeting or exceeding the MBE/WBE/DBE/SBE goals set forth in this Solicitation.

We will subcontract work that we could otherwise self-perform in order to meet or exceed the MBE/WBE/DBE/SBE goals set forth in this Solicitation.

4. A list of MBE, WBE, AND DBE subcontractors the Bidder may utilize to achieve the MBE/WBE/DBE/SBE goals

Please refer to attached list.

5. Whether or not the Bidder feels the MBE/WBE/DBE/SBE goals set forth in this solicitation are achievable.

The goals set forth in this solicitation are achievable.

FAMILIAL RELATIONSHIP DISCLOSURE PROVISION

Nepotism Disclosure Requirement:

Doing a significant amount of business with the County requires that you disclose to the Board of Ethics the existence of any familial relationships with any County employee or any person holding elective office in the State of Illinois, the County, or in any municipality within the County. The Ethics Ordinance defines a significant amount of business for the purpose of this disclosure requirement as more than \$25,000 in aggregate County leases, contracts, purchases or sales in any calendar year.

If you are unsure of whether the business you do with the County or a County agency will cross this threshold, err on the side of caution by completing the attached familial disclosure form because, among other potential penalties, any person found guilty of failing to make a required disclosure or knowingly filing a false, misleading, or incomplete disclosure will be prohibited from doing any business with the County for a period of three years. The required disclosure should be filed with the Board of Ethics by January 1 of each calendar year in which you are doing business with the County and again with each bid/proposal/quotation to do business with Cook County. The Board of Ethics may assess a late filing fee of \$100 per day after an initial 30-day grace period.-

The person that is doing business with the County must disclose his or her familial relationships. If the person on the County lease or contract or purchasing from or selling to the County is a business entity, then the business entity must disclose the familial relationships of the individuals who are and, during the year prior to doing business with the County, were:

- its board of directors,
its officers,
its employees or independent contractors responsible for the general administration of the entity,
its agents authorized to execute documents on behalf of the entity, and
its employees who directly engage or engaged in doing work with the County on behalf of the entity.

Do not hesitate to contact the Board of Ethics at (312) 603-4304 for assistance in determining the scope of any required familial relationship disclosure.

Additional Definitions:

"Familial relationship" means a person who is a spouse, domestic partner or civil union partner of a County employee or State, County or municipal official, or any person who is related to such an employee or official, whether by blood, marriage or adoption, as a:

**OFFICE OF THE COOK COUNTY COMPTROLLER
ELECTRONIC PAYABLES PROGRAM ("E-PAYABLES")**

FOR INFORMATION PURPOSES ONLY

**This document describes the Office of the Cook County Comptroller's Electronic Payables Program ("E-Payables").
If you wish to participate in E-Payables, please contact the Cook County Comptroller's Office, Accounts Payable, 118 N. Clark
Street, Room 500, Chicago, IL 60602.**

DESCRIPTION

To increase payment efficiency and timeliness, we have introduced E-Payables program, a new payment initiative to our accounts payable model. This new initiative utilizes a Visa purchasing card and operates through the Visa payment network. This is County's preferred method of payment and your participation in our Visa purchasing card program will provide mutual benefits both to your organization and ours.

As a vendor, you may experience the following benefits by accepting this new payment type:

- Improved cash flow and accelerated payment
- Reduced paperwork and a more streamlined accounts receivable process
- Elimination of stop payment issues
- Reduced payment delays
- Reduced costs for handling paper checks
- Payments settled directly to your merchant account

There are two options within this initiative:

1. Dedicated Credit Card – "PULL" Settlement

For this option, you will have an assigned dedicated credit card to be used for each payment. You will provide a point of contact within your organization who will keep credit card information on file. Each time a payment is made, you will receive a remittance advice via email detailing the invoices being paid. Each time you receive a remittance advice, you will process payments in the same manner you process credit card transactions today.

2. One-Time Use Credit Card – "SUGA" Settlement

For this option, you will provide a point of contact within your organization who will receive an email notification authorizing you to process payments in the same manner you process credit card transactions today. Each time payment is made, you will receive a remittance advice, via email, detailing the invoices being paid. Also, each time you receive a remittance advice, you will receive a new, unique credit card number. This option is ideal for suppliers who are unable to keep credit card account information on file.

END OF SECTION

SMALL BUSINESS ENTERPRISES CONSTRUCTION INITIATIVE

A Definitions

1. "Area of Specialty" means the description of an SBE firm's business which has been determined by the Cook County, or which the SBE has affirmed, by an Affidavit of Small Business Status, to be most reflective of the SBE firm's claimed specialty or expertise. Areas of Specialty are identified by the North American Industry Classification System ("NAICS") codes which are listed in the SBA Small Business Size Standards in 13 C.F.R. Part 121. See http://ecfr.gpoaccess.gov/cgi/t/text/text-idx?c=ecfr&tpl=/ecfrbrowse/Title13/13cfr121_main_02.tpl

NOTICE: The County of Cook does not make any representation concerning the ability of any SBE to perform work within its Area of Specialty. It is the responsibility of all contractors to determine the capability and capacity of SBEs to satisfactorily perform the work proposed.
2. "Commercially Useful Function" means responsibility for the execution of a distinct element of the work of the contract, which is carried out by actually performing, managing, and supervising the work involved, evidencing the responsibilities and risks of a business owner such as negotiating the terms of (sub)contracts, taking on a financial risk commensurate with the contract or its subcontract, responsibility for acquiring the appropriate lines of credit and/or loans, or fulfilling responsibilities as a joint venture partner as described in the joint venture agreement.
3. "Local Business Enterprise" means a business entity located within the County of Cook (the "County"), which has the majority of its regular, full time work force located within the County Marketplace.
4. "Small Business Enterprise" means a small business as defined by the U.S. Small Business Administration, pursuant to the business size standards found in 13 C.F.R. Part 121, relevant to the scope(s) of work the firm seeks to perform on city contracts. A firm is not an eligible small business enterprise in any fiscal year in which its gross receipts, averaged over the firm's previous five fiscal years, or its number of employees, per pay period averaged over the past twelve months, exceed the size standards of 13 C.F.R. Part 121.
5. "Small Local Business Enterprise," or "SBE" means a business that is a Small Business Enterprise and a Local Business Enterprise. Because certified Minority-Owned Business Enterprises (MBEs) and Women-Owned Business Enterprises (WBEs), by definition in Section 34-121 of the County Code, must also be small local business enterprises in order to be certified as MBEs or WBEs, they are presumed to meet the definition. In making a determination whether a non-certified business meets that definition, the County will consider, among other factors, whether the business:
 - a. Has been in business for at least one (1) year;
 - b. Is independent, and not an affiliate or subsidiary of any other business;
 - c. Has gross receipts, averaged over the firm's previous five fiscal years, or number of employees, per pay period averaged over the past twelve months, that do not exceed the size standards set forth in 13C.F.R. Part 121;5. Has its principal place of business and the majority of its full time, regular full-time work force located in **County's Marketplace**, as evidenced by location of their employment as reported to federal and state taxing authorities.
6. "**County Marketplace**" means the six-county region, currently the Counties of Cook, DuPage, Kane, Lake, McHenry and Will.

B Policy and Goals

1. This Article GC-54 of Book 2 applies only to the County's Job Order Contract(s) for the Small Business General Construction. The language does not apply to any other County contract.
2. It is the policy of the County of Cook to prevent discrimination in the award of or participation in County contracts and subcontracts and to eliminate arbitrary barriers for participation, as both Contractors and Subcontractors or Suppliers, in such contracts by Small Local Business Enterprises (SBEs), Minority-Owned Business Enterprises (MBEs) and Women-

ADDENDUM NO. 3

July 2, 2015

County-wide Job Order Contract

for

Department of Capital Planning & Policy

Contract No. 1555-14475

To: Interested Vendors of Record

A. General:

This addendum revises the above-referenced solicitation. This addendum is issued prior to execution of the contract, forms a part of contract documents and modifies previously issued documents. Insofar as previously issued contract documents are inconsistent with modifications indicated by this addendum, modifications indicated by this addendum shall govern. Where any part of the contract documents are modified by this addendum, all unaltered provisions shall remain in effect.

B. Acknowledgement:

Acknowledge receipt of this addendum in the space provided on the bid form on the proposal pages. Failure to do so will subject bidder to disqualification.

C. Responses to Questions:

- Question:** With reference to Amendment 1, Attachment 4, IB-32 Coalition of Unionized Public Workers: does this mean that a GC must actually join the/a union for this project? Usually we agree to pay prevailing wage or Davis-Bacon standards. The last three lines appear to require that any firm working on the JOC must sign a labor agreement. We don't mind hiring union workers or paying the wages as prescribed if everyone must pay the same scale, but we are not interested in being forced to join a union. Please clarify

Answer: For the purposes of this project, it may be necessary for the prime contractor to be a signatory or become a signatory of either the Coalition of Unionized Public Workers (COUPE) labor agreement or the labor agreement of another trade union located within Cook County.

CONTRACTOR ADJUSTMENT FACTORS

- Importance of Adjustment Factors
 - Determines low bidder AND
 - Used to price individual Job Orders
 - Price proposal total becomes the lump sum Job Order amount

$$\text{UNIT PRICE} \times \text{QUANTITY} \times \text{ADJUSTMENT FACTOR} = \text{TOTAL FOR TASK}$$

$$\text{UNIT PRICE} \times \text{QUANTITY} \times \text{ADJUSTMENT FACTOR} = \text{TOTAL FOR TASK}$$

$$\text{UNIT PRICE} \times \text{QUANTITY} \times \text{ADJUSTMENT FACTOR} = \text{TOTAL FOR TASK}$$

$$\text{TOTAL JOB ORDER PRICE}$$

CONTRACTOR ADJUSTMENT FACTORS

- Annual Price Adjustment
 - Applied annually on the JOC's Anniversary Date
 - Based on CCI (Chicago) published by Engineering News Record
- Calculation (Based on Bid Due Date)
 - $\frac{\text{Average CCI for Current Year}}{\text{Average CCI for Base Year}} = \text{The \% Increase or Decrease in Construction Costs}$
 - Percentage x Original Adjustment Factors = New Adjustment Factors for Next Year
- Normal Working Hours
- Other Than Normal Working Hours
- **NPP Adjustment Factors are Fixed for the Duration of the Contract**

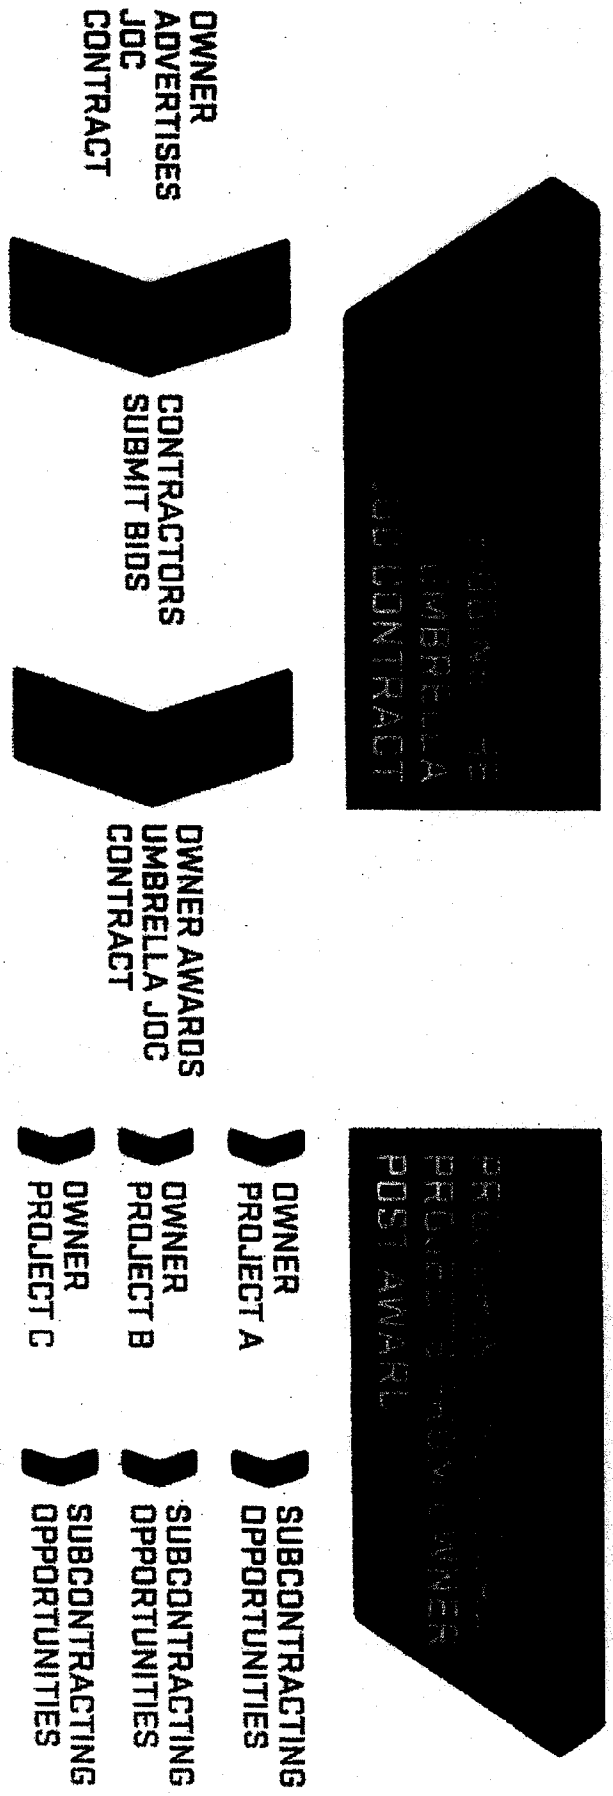

RISKS OF LOW ADJUSTMENT FACTORS

- Leads to Unrealistic Proposals
 - Unsupportable Tasks
 - Exaggerated Quantities
- Locked in for the duration of the contract except for escalations.
 - Reduced confidence in the work
 - Sustainability is jeopardized
